... every home should have instantaneous hot water.
 "Take me for instance—why I couldn't get along without my automatic electric water heater. I'd lose my customers in a minute if I couldn't furnish hot water immediately for shaves, shampoos and hair cuts.
 "And I find electric water heating is just as useful in my home as in my shop. The whole family enjoys the convenience of tap-ready hot water any time of the day or night. And electric water heating costs us very little at Idaho Power Company rates, which are among the lowest in the nation. The way I see it, every home should have the cleanliness that tap-ready hot water provides."

If you are not already enjoying the convenience of automatic electric water heating, see your dealer. Ask him to install a tank large enough for all of your hot water needs. A 52-gallon tank is not too large for the average-size family.

Questions Are Posed in New China Muddle

BY FRANK MACKENZIE
 The Chicago Tribune says a story of American officials with China may be more or less correct. It is a story of the American policy in the Far East. The American policy in the Far East is to support the Nationalist Government in China. The Nationalist Government is the only government in China which is recognized by the United States. Boyle, With Tongue in Cheek; Gives Advice to Bridgrooms

BY HAL BOYLE

NEW YORK, June 29 (AP)—To the poor man's philosopher:

"I am 25 years old. I will become a June bridegroom the last day of this month. As this is my first marriage, I am anxious to make a good impression. Is there anything I ought to know? Should I look for a job now—or later?"

Bashful!

Your anxiety is a real boy's. Bashful, but you must calm yourself, my boy. After all you soon will be carrying for joy, and that takes strength.

You show a lot of character in your desire to make a good impression at your first wedding. So many boys these days go into marriage thoughtlessly. They just take it as another job—start on a job and sometimes I wonder what the world is coming to, or how it is?

Yes, there are many things you ought to know. A wedding is indeed a serious matter, but if it is prepared for properly there is no reason it can't be fun for everybody.

Naturally, my boy, there are a few business details to be straightened out. And it is better that they be arranged in advance so that there will be no hard feelings afterward.

The first thing, of course, is the dowry. You simply mustn't let any affection for your bride influence you in this important matter. More and more parents are finding themselves with daughters on their hands these days, and a good man is getting harder to find. So drive a fair but sharp bargain.

Many fathers-in-law still dislike making cash settlements, and it is, perhaps, wise to respect this old-fashioned prejudice. Reopening of New Pool Is Scheduled

The new Twin Falls municipal swimming pool, which has been closed for about two weeks, should be open again Friday, E. Nitschke, park & commissioner, announced Wednesday.

The announcement came after city council members inspected the pool Tuesday and conferred with C. P. Cahoon of the Brennan and Cahoon Construction Company, Forestville, builders of the pool, and W. A. Flood, Boise, project engineer.

Nitschke said the bottom of the pool was being cleaned "Tuesday" afternoon. Then water was to be circulated. A test run will be made on a boiler to heat the water. When these processes are completed the pool will be opened, Nitschke said.

Swindle Case Brings Officers For Grieff

CHICAGO, June 29 (AP)—The fabulous story of Egidio Engel, his winnings and his life today but was overcast by an inquiry whether he enjoyed special police handling, and why.

While the heat was on at Town Hall district station, things weren't exactly cool at the county jail where the 73-year-old Engel is confined by two women, victims of swindlers.

"This is the man," said Mrs. Pauline Langdon, 35, of New York, as she named Engel as the one she had married and had won \$50,000 in jewelry.

"They didn't make two when they made him."

One Is Uncertain

The other woman, Mrs. Anna Leborita, 44, of Chicago, named Engel and said she was uncertain whether he was the man who bilked her out of \$200 in Rhode Ave. in September, 1942.

Police Commissioner John Pendergast ordered Capt. Timothy Lorne of Town Hall to remove Detective Peter Harbo from the investigation of Engel's case, but with operating a confidence game in which Mrs. Reta Corrigan, 42-year-old Chicago widow, lost \$7,000.

Strikers Get Work Order

A group of about 50 Berlin railroad strikers sit on a bench in full gear and listen to an official reading a back-to-work order. The 32-day rail stoppage came to an end as these and other strikers went back to their jobs and the Soviet-directed management resumed control of west Berlin stations. collapsing with a roar at 7 a. m., cascading blackened bricks over a wide area and destroying power and telephone lines serving a large portion of Salt Lake City's near west side industrial section. Many cases of baked eggs also fell out.

4 Trucks Stay

Most firemen left about dawn, but four trucks remained on duty and their crews were expected to keep on pouring water into the smoking, flaming smoldering ruins all day and probably into the night.

Firemen and company officials declined to say what caused the fire, but one fire underwriter, who declined to let his name be used, said it probably was started by defective wiring of a mislabeled cigarette.

The action was taken after a waitress in a north side restaurant told the state's attorney she served "20" gals, handcuffed to Harbo and two policemen Friday shortly after he was caught in a trap baited with a couple of meals.

Ordinarily persons under arrest are taken to a police station immediately.

The waitress said she saw Harbo going Engel's way in the hallway that he handed some of the bills to the policemen, and that Engel paid the restaurant tab for \$25 with a \$10 bill.

Engel is a hoodlum, but yet he was treated like a sports actor, Pendergast commented.

SICE Picnic Set For Student Body

SOUTHERN IDAHO COLLEGE OF EDUCATION, Abbot, June 29—The entire student body of Southern Idaho College of Education and the faculty will combine for a picnic and outing which will be held Thursday in Howell canyon recreational area about seven miles from the campus near Lake Cleveland.

The college bus will furnish transportation for those who do not have automobiles and the caravan will leave the campus at 8 p. m. for the area. A picnic lunch is being prepared by the dining hall personnel of the college, and students and faculty, other than those who require lake their meals in the dining hall, need furnish only knives and cups.

The social committee is planning an afternoon of games and hikes which will be concluded with a picnic at 4 p. m. after which the picnicers will return to the campus.

Student Body President Ron Tye, reported, has announced that almost 100 per cent attendance of both students and faculty members is expected.

Fishy

SAN DIEGO, Calif., June 29 (AP)—The county health department admitted today that 700 are pouring out of water faucets in some outlying sections, but said the situation was "not alarming."

The fish have slipped into the water supply because an electric "fish screen" failed at San Jacinto reservoir. Officials predicted they would disappear in a few days, but recommended that housewives boil and strain their water in the meantime.

4 From Area Get Nurse's Licenses

Four residents of Magic Valley were among the 22 nurses who passed examinations for Idaho licenses, Mrs. Estella Mulliner, state director of occupational licenses, announced in Boise Thursday, the Associated Press reported.

The four are Maurena Marler Anderson and Ella May Hamilton, both Wendell; Audrey Lou Fawcett, Gooding; and Rita Menzies, Mountain Home.

The 22 successfully passed examinations May 23 and 24, Mrs. Mulliner said.

Anglers Await Opening of Famed Silver Creek Friday

HAILEY, June 29—Anglers from throughout Idaho are expected to flock here Friday for the opening of famous Silver creek to fishing. Thousands of trout have been added to the big carry-over from last season by the state fish and game department.

Tom Miller, Hailey, state conservation officer, said the state expects one of the largest opening day crowds of fly fishermen to be on hand when the stream opens.

Miller said it will take more skill than before to pull trout from the water of Silver creek. Moss, which is usually present in the stream, has disappeared.

The moss has provided some cover for anglers. Miller said because of the lack of moss this season, except maybe for the severe part of the past winter.

Many inquirers concerning fishing conditions on Silver creek have increased considerably this year. The stream is recognized as one of the best in the state.

Veteran anglers report the stream requires considerable skill and good luck for the exceptional clearance of the water.

Anglers are reminded certain conditions on Silver creek and tributaries have been posted, and are closed to all fishing. They are located on the East-West road from Timmerman hill through Pumpkin Centering Improves

Miller also reported fishing has improved during the trout from the big Wood river. He said for the first time this season he has checked most limits taken from the river.

Fishing also has improved in the Big Wood river, with numerous large catches being reported. Angling in Little Wood river has been fair.

Fishermen again are reminded by the state fish and game department that Stanley lake and tributaries are closed to all fishing. This was an emergency ruling made by the department to preserve the trout population in Stanley lake during several years ago.

Junior Legion Ball Gets Start in Valley

American Legion junior baseball has started throughout Magic Valley with the first games of the season being reported. The Twin Falls team has chalked up two victories, defeating Twin Falls 9-0 and Buhl 7-4. Other Junior Legion teams are at Burley, Kimberly, Oakley, Jerome, Wendell, Glens Ferry and Shoshone.

In downing Twin Falls, the Twin Falls team posted a no-hit, no-run game. Bob Falah and Nelson divided the pitching duties, while their teammates were collecting 21 hits off Williamson, Dunlap and Brown.

Twin Falls had to come from behind with a big four-run rally in the sixth inning to defeat the strong Buhl team 7-4. Buhl opened the game with two runs in the first and added two more in the fourth. The Twin Falls club tallied one in the first, four in the fourth and four in the sixth. Rife and Cronin picked for the winners, while Don See hunted for Buhl's error.

Billings Club Trips Russets Twice, 8-7, 1-0

By the Associated Press
Joe Greco pitched two-hit ball for Idaho Falls in the second half of a Pioneer league doubleheader, but the Russets lost 1-0 to Billings Mustangs.

In the opener of the twin Pioneer league bill Billings won 8-7, in the second half of the scheduled seven-inning tilt.

The Great Falls Solericks took a 7-4 victory from the Pocatello Cardinals when Hal Helman hit a home-run in the fifth and Billings won 1-0 in a Pioneer league game.

Proof Offered On Existence Of Early Man

NEW YORK, June 29 (AP)—An anthropologist offered today what he says is the earliest proof of the existence of the first American man. He said the bones of a man who lived 40,000 or more years ago in California were found by Dr. George P. Carter, of Johns Hopkins University.

The bones, which were found in a cave in the Sierra Nevada mountains, are said to be a descendant of a cultured tribe of migrants who came to North America from Siberia during an interglacial period.

Dr. Carter based his conclusion on a study of soil deposits near La Jolla, Calif., where he already had found a mass of stone tools used to grind grain. He also told of the discovery of hearths, shovels and spears and stone flakes produced by man.

Pay Boost Is Urged to End Hawaii Strike

HONOLULU, June 29 (AP)—A fact-finding board has recommended a 16 cents an hour wage increase to "end now" Hawaii's 50-day longshore strike. Its recommendations, however, are not binding.

Fred Low, Jr., chairman of the CIO International Longshoremen's and Warehousemen's union, said the proposal was made by Gov. Ingram M. Blainback's five-man board.

There was no comment from employers.

Wants 22-Cent Boost

The ILWU called its 2,000 longshoremen on strike May 1 for a 22-cent increase to their \$1.60 hourly base pay. The island's seven stevedoring firms offered 12 cents—but withdrew the offer when the governor convened the fact-finding board two weeks ago.

Acting Gov. Cyril E. Lon gave both sides until 9 a. m. Friday to reply to the board's recommendations, which included:

1. That eight cents of the proposed increase be retroactive to March 1, date of last reopening under the contract.
2. That the union put the recommendation to a vote of its membership under supervision of the territorial department of labor.
3. That employers negotiate such issues as dock work when ships are not in port and outside department rates in the light of the agreement reached on the basic rates.
4. That a "all public body of uripartite committee" representing labor, management and the public be formed to study labor relations.

Emerson People Report on Trips

EMERSON, June 29—Mr. and Mrs. Alma Blaker and family and Mr. and Mrs. Darrell Green and children recently attended the Blaker family reunion at Lava Hot Springs.

Mrs. T. L. Byrnes and family entertained friends from East Orange, N.J., at their home last week-end.

Joe Doble, Manhattan, Kan., and Selza Doble, Hanover, Kan., brothers of Mrs. Frank Keicher, were guests at the Keicher home. The visitors were on auto buses from California where they visited their mother and other relatives.

Mrs. Nellie Schoedde and son, Willie, have returned from a few weeks' visit in Los Angeles, Calif., with Mrs. Schoedde's daughter, Mrs. Art Melton, and family.

T. L. Byrnes is representing the Farmers union at the CVA hearing in Washington, D.C. He also plans to attend business matters in New York City before returning to Idaho.

Mr. and Mrs. Theron Jolley and children and Jolley's brothers, Vern and Wayne, all of Everett, Wash., spent the past week visiting their sister, Mrs. Steve Uscola, and family.

Pine Beetles Due To Emerge Soon

COEUR D'ALENE, June 29 (AP)—Federal funds to battle mountain pine beetles in the Rocky mountains are appropriated too late to be used on some projects this season, a federal entomologist said.

J. C. Evenden, entomologist in charge of the Coeur d'Alene forest insect laboratory, said several projects have been cancelled and others must be curtailed.

"There is not sufficient time to complete the work before the beet-
