With winter's first visit overcome by the return of autumn weather, potato and sugar beet harvesting again is in progress in Magic Valley. A typical scene is the beet harvesting operations on the Fred Clark farm, west of Wendell, shown above. The beets are shipped to Twin Falls, Malheur, as well as the one shown above are replacing laborers in beet fields of Magic Valley. (Staff photo-engraving)

Thaw Overcomes Effect of Winter; Harvest Resumes

WENDELL, Oct. 22.—With more moderate weather eliminating a two-inch snowfall in this vicinity, Wendell farmers were once more in full swing with the completion of the fall harvest of potatoes and sugar beets.

Harvest vacation for Wendell school students ended Wednesday for the majority of the students, and Supt. H. R. Lamb announced there would be no extension of the vacation.

Ray Ward stated most of the potato harvest was completed within a few fields, halted by the storm, yet to be dug. Beets look a promising place in the harvest as farmers resumed digging and hauling this week.

Forester Writes Fires Caused by Man on Decrease

Editor, Times-News:
The year 1945 will long be recalled as one of the most serious forest fire years in the history of the inter-mountain area, but the proportion of human carelessness were fewer than ever—only 20 per cent of those were man-caused. This, we believe, is due to the tremendous increasing volume of national forest lands in recent years. The proportion which comprise the national forest lands in Idaho and Utah, western Wyoming, Nevada and Utah, has been about 80 per cent of the forest fires started by man. This splendid record is in no small measure due to the efforts of your newspaper in bringing the fire prevention message and publicity in the inter-mountain area to the people of the region.

For your helpful contribution to the cause of fire prevention, the Forestry Service of the United States forest service has taken this opportunity to send me a check for \$100.00 in appreciation for the cooperation which has helped save the forests, soils, waters, and wildlife of the region from destruction. You have rendered a public service of proven value for which we are gratified and proud to have your cooperation in the prevention, control and managing of the national forests, are extremely grateful.

He Warns of Dictator Danger In Idaho Board of Education

Editor, Times-News:
I may ask the people of Idaho how the bills will be met when the new education system in this state, with almost half of the state under the dictatorial power of five men already?

There is a large number of people fighting hard against coming under the dictatorial power, and can realize how we are going to be out of the money to build bonding to the tune of once those five men get complete control of the entire state education system.

It won't only be the entire profession but so many other ways that the money will be squandered. To give you one little example of what I mean by squandering:

We have what is supposed to be a veterans education program all over the country. In Idaho county after county the men in charge and who are picked by our education board in Boise who have a large farm within a short distance. Believe it or not, the education who have control of the veterans program are going to teach the veterans.

From what I can pick up, there are a lot of veterans that would like to have the job and could do it just as well—but it seems the boys that fought in the war are not qualified in the eyes of our education board in Boise.

Writer Questions Totals of Money Going to College

Editor, Times-News:
For the school year 1947-48, the last year for which reports for colleges are available, the amounts of federal money received by seven large colleges were as follows: University of California, \$21,029,944; Columbia university, more than \$18,000,000; University of Chicago, \$12,293,423; University of Wisconsin, \$8,231,000. The total for the seven colleges is \$86,800,146.

Would it not be wise and just to reduce those amounts rather than throw men and women out of work to accomplish it?

Young Demos' State Secretary Calls for Definite CVA Stand

Editor, Times-News:
I read with interest your editorial of Oct. 21 in which you claim Clayton Davidson of Boise, was sitting on the fence Taylor when he called upon Don Cavanaugh, Charlie Stewart and James Hawley. They plainly state their position on a Columbia valley administration.

Your editorial took the position that everyone who is for a CVA is likewise for Mr. Taylor. To say that is to say that a communist is ridiculous. In the last presidential campaign, President Truman Stewart and James Hawley, to say they were opponents of Mr. Taylor. Then there are thousands of people in Oregon, Washington and Montana who are for CVA and are completely out of Mr. Taylor's picture. True Clayton Taylor is for CVA, but everyone who is for CVA is not necessarily for Clayton Taylor.

VANDAL GRIDMEN CRUSH RIVAL MONTANA 47-19 IN LOOP GAME

Diehl, Block Star In Idaho Victory

MISSOULA, Mont., Oct. 22 (AP)—A sharp Idaho Vandal club broke off the tackles and ends for consistent long gains and a 47-19 victory today over Montana university in a Pacific Coast conference game. The Grizzlies were unable to stem the tide.

Elko Defeats Filer 26-12 In Close Game

ELKO, Nev., Oct. 22—Elko high school had a high off aerial and one-half field touchdown threat to defeat the Wildcats from Magic Valley 26-12 here Saturday afternoon. All points were scored in the first half of play.

Bob Ryan and the accurate passing of left-handed quarterback Vince turned the tide against the Wildcat lead over Elko capped at Kansas 7-20 in a game played at Humboldt.

Allison Stone, Elko's fullback, ran 20 yards around end in the opening quarter for the initial Elko advantage. The try for extra points was good. However, the Wildcat chargeback for score was Gary Allison, fullback, crashed through the line. The score was set up on a play following two long runs.

Glenn came back to score again in the first quarter for the Nevada team. The try for extra points was good. However, the Wildcat chargeback for score was Gary Allison, fullback, crashed through the line. The score was set up on a play following two long runs.

Fourth quarter—Fullback Bob Mage made the final yard to the goal line following two long runs of 34 and 20 yards. Fullback Keith Stone slipped over from three yards out on the second play of the fourth quarter. The try for extra points was good.

Coach Dixie Howell of Idaho said the team was sharper in tackling and ball handling than at any time this season. The Vandal backs ran very hard, the first defensive ball club was most effective, with a few exceptions.

Block is Frayed "Block played a very good game and was the key to the Vandal victory," Coach Dixie Howell said. "The Vandal backs ran very hard, the first defensive ball club was most effective, with a few exceptions."

Twin Falls Bruins—40 Years Ago

Forty years ago, the 1908 edition of the Twin Falls high school football team played two college teams in a five-game schedule. Although the team lost to Idaho Academy, now Idaho State college, and Albion Normal, now Eastern Idaho College, the Bruins' record was 4-1-1.

The 1908 team was coached by Bob Pierce and Keweenaw, busily then a young law student out of the University of Michigan where he established painting records, which stood for many years, while he was a member of Fielding Yost's famous "point-a-minute team."

None of the members of the 1908 team, pictured above, can not be recognized today, but left to right are Jacob Stearns, guard; Carl Heng, tackle; Lynn Chase, fullback; and Tom Copley, Dan Gardner, halfback; Frank Barkholder, tackle; Herbert Lusterbach, halfback; Walter Magrava, guard; Orville Bladen, center; Roy Kirkman, end; Clev Costello, end; Rella Crater, tackle; and Harry Benoit, quarterback. There were 12 men on the squad, just one substitute in case someone got injured. Today nearly 350 boys are playing football in the Twin Falls school system. (Staff Engraving)

Michigan, SMU Rear up to Defeat Highly-Rated Pigskin Opponents

NEW YORK, Oct. 22 (AP)—College football provided more surprises today than a Christmas eve. Michigan, beaten on successive Saturdays by Army and Northwestern, led in the midweek game with a 21-7 victory over Washington State. Walker in the hospital, pushed Kentucky out of the unbeaten lists 20-7. Illinois defeated Purdue 19-0 for the first time in 30 years of trying and Wyoming downed Utah 13-0.

Bengals Tounce SICE 40 to 0 in 'Walk-Away' Game

POCAHELLO, Oct. 22 (AP)—Idaho State walked all over the second period when reserve fullback in every period and cleared the Albany grid with 40-0. The contest was played in clear and cold weather.

The Bengals amassed 322 yards from scrimmage to 90 for SICE. SICE advanced to the Idaho State 26 yard line in the second quarter for its biggest threat of the game. Most of the rest of the game was played in SICE territory.

In the first quarter Idaho State drove to the SICE 40 and again to the 20 before getting lost on its first successful touchdown drive. The Bengals led 10-0 at the end of the first quarter.

Longest run of the game came in the second period when reserve fullback Vern Adams went off tackle and kept going 97 yards to the goal. Adams set up the next score when he picked up 77 yards to the out-of-line, after which Patius pushed his way through the line.

SICE then made its best threat of the game when a series of punting plays advanced the ball to the Bengals 30. Idaho State held the lead 10-0 at the end of the second quarter.

Adams made his second touchdown in the third period when he ran for 77 yards to the goal. Adams set up the next score when he picked up 77 yards to the out-of-line, after which Patius pushed his way through the line.

In the fourth quarter reserve center Paul Sainbury intercepted a pass and went to the SICE 40. Clark Brimhall put it over from the 40 on the second play.

Lois Anderson, reserve quarterback, scored the final touchdown from 37 yards out on the 40. Adams set up the next score when he picked up 77 yards to the out-of-line, after which Patius pushed his way through the line.

Cliff Brimwood, the Cliff for UCLA all day. Eric J. Bell, the first to be named MVP. Marvin Luck turned running the USC line for the first time in the game.

The Bruins came back to score on the 40. Adams set up the next score when he picked up 77 yards to the out-of-line, after which Patius pushed his way through the line.

Monkey Flew to Tokyo

An unusual pet at Buhl is the monkey shown above, property of Alvin Randall, air corps veteran, whom it accompanied on three missions to Tokyo. When brought to Buhl three years ago, the monkey was only six inches tall and lived to be carried in a shirt pocket. (Randall photo—staff engraving)

War-Veteran Monkey Adjusts Himself to New Kind of Living

By EUGENIE WINEGAR
 Buhl, Oct. 23—Enjoying a new way of life in a new country is "Monkey" Randall, Buhl's war veteran pet. Although usually called "Monkey," Randall, a small brown monkey, is actually a "Pakistani" monkey, as he explains in his own words.
 It's true his name is on no honor roll and few outside his wartime buddies would know he served in the air corps; creditable too, with three missions over Tokyo before World War II ended.
 As a matter of fact the young monkey had little to say about a soldier career. Born in the Philippines during the great conflict, he went along with his mother when she was adopted by a GI. He was brought to Buhl by his mother because of when her disposition became highly emotional and her young son was given to Mervin Randall, who was serving with the army air corps in Japan.
 It was here that Monk began his career in the army. He probably never gives a thought to the far-away city of Irimagawa, Japan—where he was born—and Monk was very young.
 He accompanied his army principally because there was little else he could do; besides, the food was regular. Talk of peace was of no concern to one who had known nothing but war.
 But it wasn't always to be thundering guns and air missions for Monk. War eventually ended and he was made ready to enter the United States—no haphazard affair, proper papers were secured from Washington, D. C., all the necessary about were given him before he was ready for a change of scene.
 Monk arrived here in August, 1940, with Randall to take up a new life with Randall's parents, Mr. and Mrs. Jim Randall, with whom he still resides.
 When he came here, the monkey was only 18 inches tall and could be carried in a shirt pocket. Now he is 18 inches tall sitting down. He considers his growth strictly a private affair and doesn't see fit to stand still long enough for accurate measurements. Randall says that Monk's likes and dislikes are pronounced. Randall remains his first favorite. Crowds are out, one person at a time is enough to have around. Being laughed at sends Monk into a fury and the injury is not soon forgotten.
 Because the monkey had been born in captivity, Randall wondered what his reaction to other members

Life in MAGIC VALLEY

By Times-News Correspondents and Staff Writers

Had any plans to make the valley? Did someone add to your misery by quoting Burrows? Well, you know, the place of mice and man going as they go, or get astray, for those without a Scottish burr.

Come to think about it, Bobby Burns probably was quite right in comparing the plans of mice and men, for the mice at FAIRVIEW and probably the mice of MAGIC VALLEY have been having rough times—scape and peddle of their kind in the valley.

While the third cutting of hay was in the field, the mice were put up, the potato fields were being looked after and the mice were harvested, the mice moved to the clover and late beets in the first of the winter.

Aid now winter? Suppose a baby member of the mouse clan would cause the mice to stay in the valley? Suppose they had a plan to have a chance to go astray? GOODENOUGH Major Harley Crispie is a good example of a mouse who is not going to go astray.

While he was introduced at the Gooding Memorial hospital, Gooding Harley took a ribbing from Emceé Jim Cunningham about not being able to post-pones appendicitis until the new hospital was a good one, but he said he had done the best he could do.

Also heard at the dedication were many an old and new friend of the soundproof ultra-modern surgery. There's a nice big clear window for the patients and a nice little waiting room for prospective papa's. New papa's, too, are pleased with the new arrangement for their comfort and convenience.

At the same big day ceremony, J. D. (Cy) Price, our secretary of county, recalled when he was in the Lincoln business school, and he said county Cy quoted from the Bible and made literature follow any more remembered more than how-called!

Art Hall has decided all the hunting hazards this year haven't been tied up with the weather. He, another hunter at least, a P.I.C. ABO fellow Bud Parris, and Mrs. Maudie Kennedy, and Mrs. Maudie Kennedy, had bagged their game and were packing the meat for the trip out.

A mule object, kicked Art square in the solar plexus. Art took the count and his friends prepared to pack him out, but the mule had been too short. Art has recovered fully, the mule was fairly well, although not entirely recovered from the jolt it received.

Paul C. Brown at PILSEN was another who had a hunting mishap. He didn't lose his feet, but came back minus a perfectly good front tooth broken off by a rock which flew at him while he and his buddies were trying to fire a stack car. Mrs. Brown says she would like for Christmas to see a good front tooth.

FRANK bullet, too, and that's about all that's happened at FAIRVIEW, for instance, Walter Eze and his wife, Glenn Eze, visiting from Nebraska, were out in the barn one evening and were startled to find when a couple of boards came at them from the south end of the building.

The way they figured it out, a stray bullet from a high-powered rifle knocked the boards loose. Apparently it hit a corner first, before plunging into the barn and missing the men and the cows.

Boards flying through the air can be surprising as they can be surprising. That's the case of JENNY's happenings. Mr. and Mrs. Harold Preston, work has started on their new house.

Now this has happened to lots of other people but not many have had to go through all the trials and tribulations the Prestons have.

Nearly in May they had their place

Pair of Court Suits Results From Mishap

Two suits resulting from an accident involving three vehicles were filed Friday in justice court against M. B. Kupperman.

Judgment of \$143 is sought by E. J. Will, Robert C. Willis and Henry L. Will, of Boise, against Kupperman, who is a resident of Twin Falls.

The complaint states Kupperman was driving a vehicle east followed by a car driven by Alice Seaman. The plaintiff's wife, Kupperman, attempted to pass Mrs. Seaman on a curve and forced her into a borrow pit which in turn caused the car driven by Deering, which was following her, to be involved in the accident.

The three will claim damage to their autos on Oct. 12.

The second complaint against Kupperman was filed by Preston Seaman, Mrs. Seaman's husband. He seeks \$215 and interest for damage to his car in the same accident.

Graydon W. Smith and Leonard R. Hood represent both plaintiffs.

VIET IN BOISE

CARRY, of Twin Falls, and Mrs. Delmar Olsen and son, Ronnie, have gone to Boise where Mrs. Olsen will visit her mother and sister. Olsen drove on to Yakima, Wash., to attend to business meeting of a national concern which which he is associated locally.

Everything away before going to the living room. Terry, the Moffitt's small son, was enjoying his little hours today when the children became unusually quiet.

Mrs. Moffitt went to the kitchen to find out why.

The children had peppered the mother, mixed the sugar and salt, and tried many other combinations. Clearing up the mess Mrs. Moffitt happened on the small boy, left alone in the kitchen.

The fun which started in the kitchen wasn't stopped that easily. Powder and cold cream formed, the neat mixture, and the children tried to write on a white bedspread. How, asks Mrs. Moffitt, do you get lipstick out of a bedspread!

Alana Helly, who sings and dances like a vixen, had a birthday party in Burley not so long ago when she became 4. The party varied merry with games, pastimes, balloons and refreshments, of course, which children insist are the party.

Questioned about the party, little Jeddah told her mother that she "had lots of fun, but one little boy spilled his wine on the floor." It was punch, Alana's mother vows.

The absent-minded professor had nothing on Nora Dietsch one Friday evening. Friday morning Nora was used to the secretary of the CAREY Sunday school, wound up her hair extra special for that evening she had been invited to the Sunday school homecoming celebration.

The day passed and evening came. Nora sat around the house but kept thinking "Why did I go to the special pains to look up my hair? No answer." She went to bed, but the answer came in a dream.

Now how there will be another such party next year.

A CEDAR DRAW couple Mr. and Mrs. Ward Moffitt had visitors the other night just as they were finishing supper. Amanda for a while Mrs. Moffitt didn't know to put

GOP Senate Leader Flays 81st Record As Demo Whip Praises 'Excellent Job'

WASHINGTON, Oct. 22 (AP)—The GOP Senate leader today flayed the 81st Congress as sharply divided by warring factions that he said are an agency to entrust with the reins of government.

Wheeler said the 81st Congress is a "house of cards" and that the Democrats are the only ones who can hold it together.

Soil Proves OK For Sod Airport

HALLEY, Oct. 21—A local CAA representative from Seattle was in Halley this week to make a soil survey of the local airport and to show city officials a movie of the airport at Hood River. One of the main points of the survey is the soil type of the airport. The film showed the underground spring system in the soil.

Soil is the type of substrate recommended for the local airport. If completed here local airport will be the fourth in this territory using soil as a base for construction.

He said that the soil structure is well suited for the construction of a good sod surface with all conditions.

John Hartman, local airport manager, said that the soil at the airport is made from soil from the local hills and the findings of the survey will be important in the planning stage for a field which is to be built on the soil.
