Where Shells Hit

JEROME FAVORS GUARD FOR JAPS

JEROME, Feb. 25.—Jerome Chamberlain, U. S. ambassador to Japan, is favoring a resolution that would place Japanese prisoners of war under armed supervision at all times. This was explained by C. G. C. officials including Otto Power, secretary, that it is felt there is no better way to insure that Japanese prisoners are kept under armed surveillance elsewhere in this country so they could be used as farm workers if all other supplies are exhausted.

Must Be Guarded
The chamberlain went on record as favoring "absolute supervision" to bring in any Japanese not under armed supervision, and as declaring emphatically that all alien Japanese should be put in concentration camps.

Officials emphasized that this is the first time the chamberlain has gone on record regarding the Japanese question. It was explained that an executive of the Amalgamated Sugar Company, who is believed to be Japanese, would certainly be placed in concentration camps, and that American-born Japanese who are used in a labor shortage if they are brought in.

Ex-Soldier of World War I Joins Marines

Three Magic Valley men—including a veteran of the first World War—were tentatively accepted for enlistment in the U. S. marine corps. It was announced at the Twin Falls sub-station.

The veteran is Carey Albert Hilling, 744 Second avenue east, Twin Falls. He stated he served 18 months in the U. S. army during 1918-19, while in training for "infantry service" with the marines. Men between the ages of 30 and 40, whether or not they have had military experience, are needed for guard duty at naval shore establishments.

Also tentatively accepted were John Hyrum Wells, 28, Burley, and William Jennings Yoder, 27, Piler. Eighteen Magic Valley men have been accepted in the marines at Salt Lake City this month. The latest three are Clifford E. Choate and Clarence W. Simpson, both of Gooding, and James C. Nichol, Burley.

Program numbers will be varied, according to Mr. Blanford. They will include vocal trio, Miss Hutchinson, Miss Savage and Miss Pease with Carline as the piano soloist. Miss Hutchinson and Miss Savage will appear in Mexican costume brought from their native country.

The band program under Director Bert Christensen will include "La Cucaracha," "Mexicali Rose," "La Borella," "Rio Rita," "Zacatecos," "The Peanut Vendor," "When Yuba Falls the Bumba on the Tube," "The White Cliffs of Dover," "Tiger Rag" and "Star Spangled Banner."

CAREY SHEEPMAN SUCCUMBS AT 56

CAREY, Feb. 25.—James Coleman, 56, prominent Carey sheepman and longtime athletic coach at the Carey high school, although not a member of the teaching staff, died Wednesday at a Hailley hospital from the effects of pneumonia.

He was born June 20, 1885, in Nephi, Utah, and was graduated from the North high school, and from the Utah State Agricultural college.

Mr. Coleman came to Carey 35 years ago. He was unmarried. Surviving are a brother, Jacob Coleman, who arrived last night from Provo, Utah; his mother, Mrs. Martha Coleman, and his sister, Miss Emma Coleman, also of Provo. They are expected to attend funeral services.

Final tribute will be paid Mr. Coleman Sunday at 2 p. m. at the Carey Latter Day Saints church, Bishop R. E. Adamson and President W. L. Adamson in charge.

Members of the American Legion will be pallbearers. He was a member of a machine gun brigade during the 1st World war, enlisting at Carey. The body rests at the Harris mortuary in Hailley.

A bachelor tax on priests and members of monastic orders has been voted by one Spanish province.

U. S. TROOPS WIN IN JAVA, BATAAN

(From Pasig)
To the Bataan mountain wilderness nearly two months ago.

A communique issued at 7:30 a. m. mountain war time, said the fighting was still in progress, with continued success for the American Filipino fighters.

A war department spokesman in Washington advised that "make your own interpretation" of the report indicated to the Japanese there was no need for reinforcements may have arrived.

On the other hand, speculation arose that heavy Japanese losses at sea have forced Japan to divert shipping from the Philippines to support her multi-pointed attack against the Dutch East Indies, thus leaving the Japanese army without adequate military supplies to execute the long-matulated major offensive against Cor. MacArthur's men.

Mindanao Fight
For the first time in weeks, the communists also announced a radio fighting on Mindanao Island, 600 miles south of Bataan, and spoke of a decisive austral action in northern Luzon.

The new blow to Japanese sea power came from the Philippines in Washington that since Dec. 10 a total of 74 Japanese ships had been sunk, more probably sunk and 33 damaged.

"They can't keep these losses up over a year with their present program," a naval spokesman said, adding that unless Japan could succeed in making a quick and surprise attack, she could not hope to win.

Despite these counter-blow by allied planes, warships and submarines, official dispatches indicated that Japan was pressing her southward march of conquest with all-out fury and that "zero hour" was near in the Pacific for Java.

Dutch headquarters acknowledged that the invaders, striking down through Java, had reached the eastern coast of Sumatra, 800 miles across from Java.

Storage Yards Bombed
An air force of searchlights to anti-aircraft and under fire of anti-aircraft guns, flew from the direction of the land side of Fort MacArthur and continued toward Santa Ana and Huntington Beach.

Anti-aircraft fire was so heavy that we could not hear many of the planes. As far as we knew, none of our own planes took off.

STIMSON REPORTS ON COASTAL RAID

(From Pasig)
demonstration of coast defenders can saving quickly into action.

Although mid warning officials said the blackout was nearly 100 per cent effective, two scores or more were arrested for violating regulations.

In Santa Ana, 21 merchants were fined \$10 each for failing to close their stores until police and warships forced entry and extinguished the lights.

Justin W. Cooley, 31, aircraft worker, was sentenced to 30 days in prison for driving in the blackout. His car crashed into a warden's automobile. He is to serve his time only on the condition that he remain in Washington that since Dec. 10 a total of 74 Japanese ships had been sunk, more probably sunk and 33 damaged.

Buhl Educator to Introduce Durant

Geonice Lateness, Buhl superintendent of schools, will introduce Dr. Will Durant when the philosopher and historian presents his lecture before the Twin Falls Town Hall at 8 p. m. tomorrow in the Twin Falls high school auditorium.

Town Hall officials also announced members must present their 1942 or a m-colored ticket tomorrow night if they wish to attend the Price Granger concert in Twin Falls.

"Trickets will be punched and Town Hall members will receive their new tickets for the concert," it was stated. Holders of blue complimentary tickets are ineligible to receive passes to the Granger concert.

Dr. Durant will speak tomorrow night on "The Web of Reciprocity," analyzing "the greatest and most widespread social upheaval in history while it is in progress."

Supplies Go out For Registration

Supplies which will be used for more than 15 different printed forms were going out today to Twin Falls county clerk's office for the purpose of registration of all voters 21 and over in the precincts.

The complete registration form is ordered by the board of county commissioners when that body approved extension of the deadline for registration.

Walter C. Musgrave, county auditor, said part of the 38 registrars has already received supplies. The remainder will have them by the end of the week. Registration for the primary election opens at 8 a. m. on March 4, and closes at 8 p. m. on Aug. 10.

Registrars have been appointed for 37 of the 38 precincts. The 38th official was selected but was later found to reside outside the precinct boundary of Twin Falls No. 1, so a new appointee must be designated.

36 Magic Valley Youths Join Navy

Keep the White Flag of Safety Flying

London military quarters said advancing Chinese had already clashed with the Japanese in "patrol areas" in the northern Shan states of Burma.

Rangoon in Flames
White troops fought with their backs to the wall in a desperate attempt to save Rangoon from being captured by the invading Japanese. Black smoke rolled over the Burmese capital and only a few buildings escaped the site of a big oil refinery.

The German radio, quoting Tokyo dispatches, said that Japanese troops in flames and that Japanese troops were "before the gates" of the captured city.

An RAF communique said 21 Japanese planes were shot down this morning in six battles over the Bay of Bengal.

Japanese forces apparently were still being held at the Sittoung river with the closest some 60 miles from Rangoon. The Japanese were said to be merely a delaying action and there was no possibility of a Japanese thrust across the gulf of Martaban from the Moutain area.

NO OVERTIME PAY ON BATAAN
How many hours a week do the boys on Bataan work? If the Japs attack on Sunday do you think the American troops demand double pay?

When will we Americans awake to the true magnitude of the 40-hour week? Will we awake after the war is lost, as in France today, men will labor untold hours for a pittance that amounts to slavery under a foreign master?

Many peace-time protesters of the short work week are the loudest critics. War changes many things, and this, they rightly maintain, is one of them.

When congress voted the wage-hour law, the nation understood that one of its aims was the elimination of the 40-hour week. The goal now is to get more—not less—work from every American.

It may be contended that the 40-hour week is no restriction, that all an employer has to do is to tell the men to work, say, 46 hours and pay them time-and-a-half for the extra eight hours.

This 50 per cent pay increase adds to the manufacturing cost. It means a bigger war bill which the public—all of us—has to pay. And this is the hour when we are all being told that we must sacrifice.

The government urges the employer to work longer hours as a patriotic contribution, then insists that he pay a 50 per cent penalty on overtime.

How do American workers feel about it? This much is certain: No truly American worker would quibble about time-and-a-half if he knew his extra hours might help even up a little on Bataan.

The work week is between 55 and 60 hours in Great Britain. It is between 60 and 70 hours in Germany.

This is war. Every American must work as hard as he can, with maximum efficiency. He should be paid for every hour, at his regular pay rate. The 40-hour week overtime penalties—like excessive profits—are holding back the war effort. For the duration, they must go!

IT ALSO TAKES BULLETS
Without ammunition the bravest soldier is merely a target for the enemy. U. S. officials who have been urging the rapid expansion of powder production are distressed to find that the government is not doing the gravity of the need, it must be admitted, was not realized by the Army and Navy men charged with the responsibility of seeing that doughboys and bluejeans have something more than courage with which to meet the enemy onslaught. Not until civilian advisers familiar with the problems of the industry were called into one-dollar-a-year service did the output of this most vital munition begin to approach even a fraction of the requirements.

TUCKER'S NATIONAL HIRRLIG

FLIGHT—Wendell Willkie's proposal to make Douglas A. MacArthur the top commander of our armed forces has struck no sparks at Washington. He is recognized here as a field fighter, not a military administrator. The man selected to lead our armies overseas is General Hugh A. Drum, now running the second combat zone with headquarters at Governors Island in New York harbor.

Although "Doug" is the final word first World War hero, he is not liked by the political or military bigwigs at Washington. He is recognized here as a field fighter, not a military administrator. The man selected to lead our armies overseas is General Hugh A. Drum, now running the second combat zone with headquarters at Governors Island in New York harbor.

MacArthur's plight commands more popular interest, perhaps, than any other war incident or personality. Members of the House, including Secretary Stinson with plans that he be reinforced or rescued. But the men at the capital, rightly or wrongly, he is just another soldier sent up to our finest and noblest appropriations subcommittee: "I know Mac." He won't get the federal money, even though President Roosevelt orders him to get it. He just won't receive the order!

MacArthur's attitude toward MacArthur's dilemma is quite realistic and coldblooded. And the brass hats, through off-the-record conference with federal communications are trying to prepare the great American public for the story.

The hero general has sufficient supplies for a protracted stay. The extent of his supplies cannot be revealed, but the plan for him to retire to his present position was arranged long in advance. He does not require fuel, and he does not need men, planes and tanks. Unfortunately those cannot be provided because the Japanese control the entire Pacific air and water routes. He has no landing fields large enough to accommodate them.

MacArthur's selection may wipe out unhappy memories of the way alien assets were handled during the war. It is a relief to see a man who has been through the purchase of German dross, who was indicted and narrowly escaped a prison sentence, and who has been through the ordeal of the war. The scrupulously and patriotically-minded Henry will not emulate their mistakes.

SMOOTHLY—Washington's most powerful and crushing agency has been established without fanfare, although it will have life-and-death control over industry. The Federal Reserve Board, headed by William L. Dill, the ablest 51-year-old soldier at the capital, and staffed by men who have been through the purchase of German dross, who was indicted and narrowly escaped a prison sentence, and who has been through the ordeal of the war.

This bureau, despite the quiet which surrounded its formation, is a most important organization than even Donald M. Nelson's office. It is a most important organization than even Donald M. Nelson's office. It is a most important organization than even Donald M. Nelson's office.

GRAVY—Southern shore and mountain resorts thronged with a loss of customers next summer can be expected. The Federal Reserve Board, headed by William L. Dill, the ablest 51-year-old soldier at the capital, and staffed by men who have been through the purchase of German dross, who was indicted and narrowly escaped a prison sentence, and who has been through the ordeal of the war.

ENLIVENING A MUSIC RECITAL.
AS PER A YEAR OLD
We seem to remember mentioning Sharon Gall Wood in our column before.

SHARON, bowed down with the weight of five years, has done at least half a dozen things well in the past that we feel constrained to chronicle in this space. Her latest, we will tell you where Taylor got his (alleged) information. Last we saw after it such message there wasn't any factual basis to sustain accuracy. The army, the railroad and whatnot didn't know a thing about it. So the affair was a disappointing substitution.

3RD SUB ATTACK SINKS TANKER

SAN JUAN, Puerto Rico, Feb. 26 (AP)—Members of the crew of the 5,835-ton British tanker *Winnipeg* told today that their ship had survived two German submarine attacks in the last 24 hours and succumbed to a third three hours later.

The survivors did not know whether one submarine or two or three attacked them. The first attack came at 7:23 p. m. Tuesday, but the ship amidship with two torpedoes. A blast from the ship's gun caused it to submerge at once, and some witnesses thought a hit had been made on it. A second attack was made at 11 p. m. as torpedoes washed at La Cumbre, but missed.

At 2 a. m. yesterday, with the whole crew on deck, a torpedo struck the bow of the ship and it sank in three minutes.

There were 42 men in the crew. They took to lifeboats. Twenty men arrived at Guánica in southern Puerto Rico yesterday in one boat and three more, with the body of a fourth, who had died en route, arrived in a second boat an hour later.

Survivors said the last they saw of Capt. R. H. Cairns, and other officers of the *Winnipeg* was as they were being ordered to their men how to save themselves. They believed that other members of the crew were still in the other boats.

CHURCHILL, AIDES STUDY INDIA PLAN

LONDON, Feb. 26 (AP)—Prime Minister Winston Churchill and his cabinet colleagues are studying two plans for solution of the Indian problem in an attempt to minimize British military involvement.

One suggestion was that Churchill, who himself has never favored conceding the demands of Indian nationalists, should promise India dominion status after the war if meanwhile Indian politicians get together and worked out some unified plans for self-government.

The other was that a commission of Indians be established to start work now on a constitution to be proclaimed after the war.

With the Japanese advancing through successive Burmese defense lines, the war for the first time threatened India, "richest jewel in the British crown," and the government was compelled to face under critical conditions a problem which had plagued a score of cabinets and a hundred sessions of parliament in peace time.

GOODING HOST TO WOODMEN CHIEF

GOODING, Feb. 26—W. W. Gordon, Kansas City, member of the board of directors of Modern Woodmen of America, was honored guest and principal speaker at the M. W. A. banquet in Finn's banquet room at 7:30 Tuesday evening.

The banquet tables were decorated with the M. W. A. colors, patriotic colors, and cut flowers at the M. W. A. banquet, state manager of Idaho. Special music was provided by Branch Britton, tenor singer.

Mr. Gordon reviewed for his listeners the history of the society from its inception 99 years ago. Twenty-one men met at Lyons, Ia., to organize the first Modern Woodmen of America. Since that time 42,000 members have been lost by death and the society has paid to beneficiaries \$20,000,000 in death claims.

T. H. Nantiarium Continuing with the history Mr. Gordon said that because of the great toll of tuberculosis, in 1909 the society acquired 15,000 acres of land north of Colorado Springs and equipped one of the finest tuberculosis sanitariums in the country, costing three million dollars to acquire and equip.

Mr. Gordon said that Modern Woodmen of America is strictly an American organization; no man or woman who belongs to the society has ever been a disloyal. When the government asked as to what M. W. A. would do on defense bonds, the heads of the society immediately

LINN MARCH 15TH
Wool 42 Wool Pool

March 15 is the deadline for owners of farm flocks of sheep in Twin Falls county to complete registration of a pool to market their 1942 wool clip. It will be announced by the Idaho Wool Growers' Association.

"Wool will be sold at home to the buyer offering the highest price," said Bolinbroke. As soon as the wool is sold, the grower will be paid by the Twin Falls County Marketing Association.

Marketing charges, which usually average one-half cent per pound depending on the volume of wool handled by the pool, will be deducted.

The grower will be furnished a statement showing a number of pounds of wool, received net pound, and the total amount of charges. Wool delivered to the association will be insured against fire and theft. Cost of insurance will be part of the association charges."

Wool full of burrs or other dirt for the market will have to be cleaned at the grower's expense.

"The price of wool will be guided by the price control but recently fixed by congress," said Bolinbroke. "Some sales of the 1942 clip have been made in Idaho ranging from 25 to 42 cents per pound."

The total of wool forming the pool of 1942 was listed 20,704 pounds of wool which was sold to the Twin Falls county pool on Feb. 14, 1941, for 25 1/2 cents per pound. Net amount paid to growers was \$7,102.91.

Committee Members of the wool pool committee are: P. W. Noyes, Twin Falls; Willard McMaster, Hansen, E. P. Brown, Mountain View; C. O. Thompson, Elgin; and J. M. McHenry, Burley.

Growers must list the number of fleeces for sale when they sign the statement.

The wool bag situation is very uncertain," said Bolinbroke. "The government has placed a two-thirds of the total. I suggest that orders be placed for wool bags as soon as possible."

JUNIOR BOND SALES AT \$944

A patriotic pep assembly was presented this week by members of the Twin Falls Junior high school chorus classes, under the direction of Fred Haruda. The program opened with the singing of the national anthem. The purpose of the assembly was to arouse patriotism and promote the sale of defense stamps. During an intermission members of the chorus class passed through the audience selling stamps with the result that \$924 was added to the existing bond fund, making a total of \$944 worth of defense stamps sold in Junior High to date.

The program opened with songs that were sung during World War I. "She Was Just a Sailor's Sweetheart" was enacted by Robert List, John Doherty, and Janice Wirsching, the sailor's sweetheart, and Leroy Magrath as the sailor.

"When You Wore a Tux" was sung by the "Sweetheart sextet." Betty Bennett, Margaret Moser, Dixie Hinshaw, Jennie Busman, Patsy Jo Anderson and Irlah Ball, Vaudis Peterson, Leona Wahl, Dallas Dewitt, Keith Moore, Glen Melick and Louis Leiser sang and gave a demonstration of "Give Me a Kiss by the Numbers." Bertha Burdick sang "My Buddy."

Loss Rate Sends Local Cost up on State Insurance

NOISE, Ida., Feb. 26 (AP)—If the rate of state insurance today reported the penalty rate fixed against the municipal corporation in Twin Falls, Idaho, would be an "unfavorable loss experience."

"From 1938 to 1940, inclusive, Twin Falls had a record of no loss experience on state insurance of employees, and the fund paid out claims to Twin Falls employees for the past three years during the period," Horton reported.

It explained that when claims are being reported, the rate of insurance is increased. The rate for the five-year base period used for estimating insurance rates, is based on the loss experience of the board. Actually, the city would have been able to a penalty payment rate of 100 percent, but the maximum rate reduction was granted where the loss loss was during the base period, he said.

Shipley Speaker On Gar Program

HANSEN, Feb. 26—Introduced as "one of the boys who have been over there," Deane H. Valentine favors were presented to 125 persons by members of Sherwin's Ladies Aid. The favors, in the form of a Republic, who arranged the annual program.

Nationally Famous U.S. Fliers Based on Java to Fight Japs

BY WILLIAM H. McDOUGALL. AT AN AMERICAN AIR BASE SOMEWHERE IN JAVA, Feb. 22 (AP)—Delany-Veteran American fliers, many of them wearing hero medals won in the Philippines fighting at outbreak of the Pacific war, today manned the Java base from where America's mighty four-engine bombers operate against the Japanese invasion forces in the Netherlands East Indies.

The base is hidden in a lush tropical valley rimmed by volcanic cones which the thousands of feet into the sky. Far in the distance can be seen a sleepy Dutch town where the fliers at field recreation — when the demands of war give them any time at all.

Texas in Command This field, dotted with hangars scattered through the jungle growth, is the headquarters of Col. Eugene L. Dubank, a sustained Texas who directs activities of all American bombing units in the Netherlands East Indies. The squadron stationed here is in direct command of five fighter-bombers, a dark-eyed, soft-spoken flier who like Dubank comes from Texas.

The fliers stationed here include many whose names were known to the American public long before the Pacific war broke out and others whose names have become famous by their deeds of valor in the fighting which followed the Dec. 7 attacks on Hawaii and the Philippines.

Frank A. Hines, Columbia, Neb., is stationed here. He is best known presently as one of America's best flyers during the "Tumple" competition in 1932 and 1933.

Two brothers, Alton and Fred Key, of Meridian, Miss., are in the squadron. A number of years back they set a world record for endurance in a biplane.

Ground Leader Capt. R. G. Montgomery of Denver, Colo., is in charge of the buy group of fliers who have less time off than the fliers. The ground personnel, virtually lives next to their planes in the hangars.

"Some day I'm going to have a whole day off with nothing to do," Montgomery said. "But I don't know when it is going to be."

CROP INSURANCE LAST DAY NEARS

Saturday, Feb. 26, is the deadline for farmers to apply for federal crop insurance in 1942 wheat, according to Keyway Green, member of the Twin Falls county AAA committee.

Protection is offered against the hazards of hail, drought, fire and rabbits," he said. "During the past three years, Idaho losses have been high in the irrigated spring wheat areas."

One application covers all farms owned or operated in the county, but insured wheat and premiums are based on the wheat-growing history of individuals and farmsteads.

Payment of premiums in terms of bushels of wheat may be made by signing a non-interest bearing note which can be redeemed by paying the premium in cash. Otherwise, the note will mature Aug. 15 and may be settled with deficiencies from agricultural conservation payments, crop insurance indemnities, or wheat loan settlements.

Application may be made at the county office, 119 Third street east, Twin Falls.

Heyburn's 10th Art Exhibit to Take Place From March 1 to 15

One of southern Idaho's cultural traditions is remaining intact this spring, war or no war. Tenth annual Heyburn art exhibit will open in the Heyburn high school auditorium Sunday, March 1, and will remain open until March 15.

The exhibit will be open to the public on week days until 6 p. m. and in the evening from 7:30 to 9:30 p. m. On Sundays, it will be open from 2 to 5 p. m.

Many new artists are adding their names to the list of exhibitors of past years. Due to world conditions, it is anticipated that the show will not be quite as large as in the past, but there will be no change in the high quality, according to Supt. Basinger.

Among Artists

Some of the artists whose paintings are to be exhibited are Sadie Beason, South Carolina; Paul E. Barr, University of North Dakota; Roger Pittman, Washington, D. C.; Alfred D. Miller, Maryland; Garnet Jew, Virginia; Cornelius and Jesse Boeke, California; Robert Clunie, California; Robert Atwood, Arizona; Earl Reed, Pennsylvania; LeConte Stewart, Utah; Florence Ware, Rose Howard Bellamy, Cornelius Salisbury, Oregon; Cope and Tom Faucett, Utah; and Olf Miller, Idaho.

Four evening programs are scheduled for the two week period, the first one being Tuesday, March 3. On this program will be the high school band and instrumental groups under the direction of Reed Dunn; readings by Mrs. Arline Parker and Miss Virginia Slaker; Durjoy vocal selections by Mrs. Albert V. Corleas, Twin Falls, and a brief informal presentation on art with Miss Eva Kivlen, Albion State Normal school; Olf Miller and Walter Basinger, Heyburn.

Other Programs

The following Friday, March 6, the Albion State Normal school will sponsor the program. Prof. R. F. Goranson of the music department of the University of Idaho, southern branch, Pocatello, is in charge of the program for Tuesday, March 10.

Final program Friday, March 13, will include a one-act play presented by the Heyburn school under the direction of Mrs. Aaron Miller; a vocal solo by George Catmull; Rupert's radio solo; Reed Dunn, Dr. E. A. Jacobson of the Utah State Agricultural college will be the speaker.

The programs will begin at 8:30 p. m. war time and are free to the public.

Former Mayor's Daughter Weds

Mrs. Richard Franklin Hawkins, Arlington, Va., who was Miss Margaret Louise Meigs, daughter of Mr. and Mrs. Carlos Oliver Meigs, pioneer Twin Falls resident, prior to her marriage Feb. 8 in Virginia Beach, Va. Following a wedding trip to Florida, Dr. and Mrs. Hawkins returned to Arlington and are at home at 2638 Veitch street.

Odd Queries Asked at Pioneer Square Office

"Can't we entertain?" "Are you going to take care of our children?" Those and other surprising questions are being asked and answered - along with more orthodox queries - as the Twin Falls housing authority continues its work of tenant selection for Pioneer square.

Mrs. Marjorie Edling, in charge of applications received at the project, stated that 120 persons had applied to date. Of this number, some were deferred or proven ineligible.

Deferments were given to persons whose annual income exceeded the maximum allotment of \$1,200; families numbered too many or too few; of applicants who were unable to live in standard living quarters at the present time.

Those placed on the ineligible list were applicants who have an annual income over the allotment made by the housing authority; their families too large or too small; and those who were able to provide adequate standard living conditions.

The applicants' information is verified and a possible home visit is made. Many classifications of employment were revealed in answer to the "important" question.

Penitents, WPA workers, laborers and clerks are among those who applied.

When the inquiring executive, finishing with the many details involved in registering a petitioner, is at liberty to answer any questions that might arise, she was confronted with several interrogations which broke the serious trend of the daily routine.

One woman wanted to know if she had to live in the "model" color scheme as carried out in the "model" houses? Someone else was concerned with the best way to be "kept" on the square. Would there be a supervisor to watch over them? According to other questions, the project and registering of renters is complete, there will be no daily supervision at the housing project on Tuesday evening, Feb. 24, the Negro Women's Service club, a branch of the Y.W.C.A. had a meeting in the "model" house" on Pioneer square, through the courtesy of the Twin Falls housing authority.

Margaret Meigs, Dr. R. F. Hawkins Wed in Virginia

Mr. and Mrs. Carlos Oliver Meigs, pioneer Twin Falls residents and longtime city mayor and his wife, today announced the marriage of their daughter, Miss Margaret Louise Meigs, Washington, D. C., to Dr. Richard Franklin Hawkins, son of Col. and Mrs. Samuel Franklin Hawkins, Virginia Beach.

Vows were exchanged at rites performed Sunday, Feb. 8, at 10 a. m. at the home of the bridegroom's parents, 201 Peachmont Drive, Virginia Beach.

Chaplain John L. Sutfenfield, friend of the Hawkins family, performed the ceremony in the presence of immediate families and a few intimate friends.

Following a wedding trip to Florida, Dr. and Mrs. Hawkins returned to Arlington, Va., last week-end and are at home at 2638 South Veitch street.

Given in Marriage

Given in marriage by her brother, Edward Meigs, Washington, D. C., the bride was escorted in a white satin model complement with a floral sash and placed by a train of orange blossoms.

Her shower bouquet was of white roses and white carnations. Her only attendant, Miss Mary Chatham Thompson, Washington, D. C., wore a gown of white tulle. Her carriage was of tallman roadsters.

Russell Hawkins, Washington, D. C., brother of the bridegroom, attended him as best man. Dances were held before an improvised altar in one corner of the living room at the Hawkins home. Faded palms flanked the corner of the room and were flanked by seven-branched floor candelabra holding lighted white tapers.

On either side of the candelabra were huge baskets of white gladioli. A tiered silver buffet, white-frosted and silver-speckled, centered the table, which was covered with a beautiful lace cloth. Flanked simply by two tall lighted tapers, the table was cut by Dr. Hawkins and his bride in traditional manner.

Floral arrangement. Only other decorative note at the table was a striking arrangement of yellow jonquils and deep blue lilies.

Following the informal reception at the home of the bride, members of the immediate bride party enjoyed a wedding breakfast at the Coronado Hotel in Virginia Beach. A graduate of Twin Falls high school, Mrs. Hawkins also attended George Washington university in Washington, D. C., and was present in the nation's capital for the past six years.

Dr. Hawkins received his medical degree from the University of Virginia.

Rophena Koster Gets Lead With Driznik Players

Miss Rophena Koster, who has been selected as a member of the Driznik Players and will take a leading role in a three-act play upon her return to Los Angeles, today concluded a three-week vacation with her parents, Mr. and Mrs. O. T. Koster.

Accompanying her back to the coast was Miss Mabel Bendickson, Los Angeles, who also has been a guest at the Koster home here. Albert Ditcol, personal manager of Mable Pease, character actress of Paramount studios, whose forthcoming picture is "Out of the Frying Pan," also is business manager of the Driznik Players.

The cast, now complete, will go into rehearsal as soon as Miss Koster arrives in Los Angeles and the play will be seen the middle of March, Miss Koster said today before her departure.

Miss Koster was prominent in local dramatics during her high school career, having played the dramatic lead in "The 13th Chair," and the character lead in the senior play, "Sunset," among other productions.

She also was active in dramatic club work, having collected for Walla Walla, where she was a dramatic club student.

Mrs. Redington Honored by Duo At Novel Party

CHAPTER X
HERE in his study, with the sun-light touching his heavy mahogany-colored hair, Dr. Tower looked at the young man Paris had expected. Also he had an air that was not easy for Paris to define.

He turned around and walked backward—a fine drive of steel had begun and it stung his face like fire...
Paris felt enormously important as he listened. Dr. Tower had the air of taking him into a quite special confidence.

RUSSIAN 16TH GERMAN INVASION ARMY ENCLOSED

CASUALTIES HUGE IN BLOODY FIGHT

By M. S. HANDLER
MOSCOW, Feb. 25.—The government newspaper *Izvestia* today reported that the position of the 16th German army encircled at Staraya Russa is "hopeless" after two weeks of one of the bloodiest battles of the war.

The newspaper reported that remnants of the German 290th, 30th and 85 divisions are being methodically overwhelmed at the isolated positions where they are attempting to continue resistance.

Russian forces were said to be driving the German divisions into the Staraya Russa area and wiping them out one by one in a war of extermination.

New Success
Meanwhile a new success was reported by the *Izvestia*. It was said that four German and Romanian divisions—possibly 60,000 men—were destroyed with possibly 200,000 casualties.

The blow to the invader, from the Staraya Russa, is being made generally was greater than the Nazi debacle around Staraya Russa. It fell upon the German divisions and their Romanian allies several days ago.

They carefully prepared a counter-attack of the German divisions in an attempt to break through to an important railroad junction lost to the Russians. It was the first time since the battle of Staraya Russa and captured officers and men said the four divisions lost 40 per cent of their men.

Then Russian cavalry and infantry took the offensive. Cavalry entered the flank of the German division and smote it from the rear. The survivors retreated, leaving the *Izvestia* and other newspapers to claim several days ago.

Other Victories
In still another report, further south, the Russians on Feb. 22, were said to have encircled a strongly defended German position between three German regiments, taking two railway stations and seven villages. The German divisions were taken the taking of "several localities" from the Germans and that the German divisions were taken from the front, the German divisions were taken from the front.

(Reports reaching London indicated that the Russians were advancing satisfactorily in five main sectors: Leningrad, Staraya Russa, Rostov, Leningrad, and the Ukraine. Considerable progress also was evident in the Orel area.)

The report was that the Russians had captured an "important place" in the Leningrad area. The brilliant victory in the Leningrad area in which at least 12,000 Germans were killed, seemed to open the way for driving the Germans back from the investing Leningrad, 140 miles to the north.

Lambert Tribute At Requiem Mass

RUPERT, Feb. 25.—Pleasant Mass was conducted Tuesday at the St. Nicholas Catholic Church for Mary Josephine Lambert. Father Lambert officiating at the service.

Mrs. Lambert was buried Monday evening at the Goodman chapel. The high mass was sung by the St. Nicholas choir Thursday morning. Mrs. Lambert was born in Ireland, Nov. 1865, and died at the Rupert general hospital Feb. 20, after being in ill health for some time.

Mrs. Lambert had lived in Idaho for about 25 years. She had spent here. Mrs. and Mr. Lambert were living in the home in Rupert, Idaho.

Mrs. Lambert is survived by her husband, Peter Lambert, and one brother in California.

Palbearers were George Zieniec, Charles Burroughs, John Murphy, Herman Henscheid, Anthony Joseph, and Emil Hansen. Burial was in Rupert cemetery in charge of Goodman mortuary.

Two South Idahoans 'Crack' Post's Pages With Harman Story

Noted for its policy of featuring only work of recognized writers, the *Times-News* on Monday "cracked" this week by two Natick Valley residents, both employees of the *Times-News*.

Author of the article, "Something From Nothing," which appears in the Feb. 25 issue, is Mrs. Letitia Webb Tester, Gooding, and the photographer whose pictures illustrate her story is O. K. Kester, staff photographer and redemptor for the *Times-News*.

Mrs. Tester, mother of four children and writer for the past three years, is correspondent for the *Times-News* in the Gooding area.

The article written by Mrs. Tester tells the story of Mrs. Walter E. Harman's life, and subsequent development of using upholstery and other fabrics found in junked cars to make clothing and home furnishings for migrant American citizens. Mrs. Harman is the wife of the Gooding manager of a home and a one-time resident of Twin Falls.

Appearing in the pictures taken by Kester are Miss Mary Ware, Jerome high school student, and Fred Ambs, assistant manager of a Jerome auto-wrecking yard owned by Ralph Hafer.

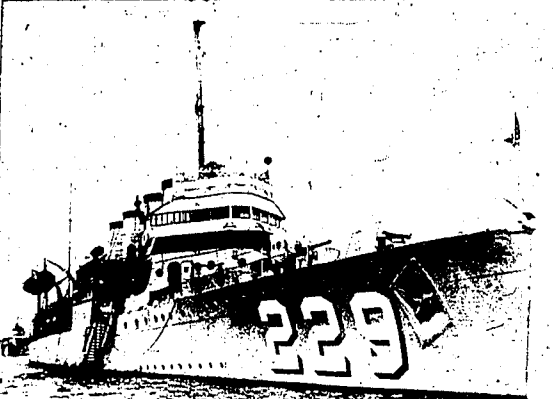

Charles Dickens published his "Pickwick Papers" in 1830 at the age of 31.

Grange Cleanings By A HARVESTER

FAIRVIEW
With about 30 members and our usual number of kids on hand, Fairview Grange met last Friday night. An interesting program and lively discussions were features of the session. The application of Mr. and Mrs. Oscar Johnson was received and referred to a committee. Mr. Johnson is a nephew of Oscar Evers and is living on the—Egerton ranch in the Fairview neighborhood.

Thaine Roberts reported for the agricultural committee on the Red Cross auction sale and it was voted to leave the matter in the hands of the committee. It was felt by the members that a good deal of the west end Granges would be much more effective than a number of smaller ones and the Grange is trying to line up with the other Granges.

The building committee reported that volunteers could be used to advantage on the building of the Grange hall. Mr. Mather Hardin suggested that to special invitation was needed to get work on the hall. The committee would also be well served by a general busy season starts on the farms.

A communication from Northville voiced a protest against this section of Idaho using the new war time, Grange being placed in the Pacific time division. The contention of Northville was supported by Patterson, who called on the legislative committee be instructed to prepare a resolution to present to our representatives in congress, protesting against the organization of Grange cooperatives in regions that are already well served by farmers' organizations that would be in direct competition with these established co-ops, with a motion that the organization of the new general association in the same general matter, but providing that the resolution be presented at the next meeting for the Grange's approval, was passed.

Ten dollars was voted to the Grange for the lecture at the meeting of Northville. A fund her many friends were glad to see Mrs. O. G. Brooks at Grange again. Mrs. O. G. Brooks is the wife of Mr. O. G. Brooks, a well known manufacturer's hour, sandwiches, salad, cookies and coffee being served. Twelve tables of pinicote were in play.

It was announced that Bro. Alfred Kramer, who had been out of the hospital following a severe stomach attack, had come home much improved.

NOHTIWEVH
Our Northville friends are cooperating with Natick Grange in a Red Cross benefit auction Friday night, Feb. 27, in the basement of the Methodist church. Small articles of all kinds will be sold, and the sale is in the direct charge of Mrs. O. G. Brooks and Jack Brennen, with Billy Taylor as master of ceremonies. (That's a society title for an auctioneer.)

A Washington day program was held at the lecture at the meeting of Northville. A stunt featuring the cherry tree incident. Refreshments were served by Homer Miller and Carl Dalos.

LUCCERNE
Luccerne Grange also observed Lucerne's birthday in their Grange room Friday night, making this observance with the date program. Roll call—My part in the civil defense. Bill Connor played a harmonica solo. Then a general discussion revolved about the solution of our food problem in America. (The A. A. had us thinking that our only food problem was to drive some way to get rid of the surplus, and how we Grangers did work at it.)

Tom Hollman and Bill Connor then put on a act. George Washington and the cherry tree. A paper play on hand set. Many thanks and a look for 1942 was especially interesting, and took in a wide scope. A. A. Mr. and Mrs. George Washington, and a name, Hatched Stamp, were both enjoyed by the Grangers. The Home Ec. committee served refreshments.

HALF OF EARLY WOOL CLIP SOLD
BOISE, Feb. 25.—(AP)—Nearly half the early clip of Idaho wool has been sold. Secretary M. C. Clear of the Wool Growers association said today, and a growing shortage of wool stocks has disrupted production.

Approximately 15,000 pounds are required for early shearing. The sale each he holds 300 pounds. Only a small percentage of wool made from which they ordinarily are made, has been allotted Idaho growers.

About 5,000,000 pounds of wool already have been sold to satisfy demands of mills in urgent need of raw material, Clear added. The price averages of 39 to 40 cents per pound, about 10 per cent above last year.

2 Killed as Car And Truck Crash

STAR, Ida., Feb. 25.—Two men were killed in a truck-automobile collision two miles south of here yesterday when a light coupe crashed broadside into the truck, Sheriff Gordon Montgomery said.

Papers found on the dead men's bodies were used to identify the victims. A truck carrying three men, Albert J. Beley, 42, former employee of the Cunningham Sheep company, and Melvin Tingle, driver of the truck, struck Brock, cuts and bruises. Both vehicles were severely damaged.

Koster, R. C. Wark and Lewis P. Jones, with Mr. Koster acting as general chairman.

Watch for the announcement of other sales in the series and come out to see the many useful things and chores were calling the farmers, but by no means the only kind of donations that were made, a sum of \$521 was raised and many articles are still on hand for disposal. The committee is well pleased with the result of the sale, but they were disappointed that some people were not there to take advantage of the opportunity to get bargains and help the Red Cross.

The committee will divide what to do with these articles that they have on hand set. Many bargains will be found at the other sales in the series, at Buhl and Keller and Hooters—A. K. Kuster, Grange secretary, and the cause is so worthy of your support that it is inconceivable that a goodly number will fail to attend these sales and take advantage of the bargains. Come and visit with you and friends and help the Red Cross. The cooperating Granges and their committees were: Knoll—C. W. Kevan, E. M. Doeget, C. E. Grele, Albert Glederson, Raymond Jones, Pay Holloway and Carol Holloway; Mountain Rock—Virgil Williams, G. V. Jones and J. P. Koster; Hollister—A. K. Kuster, Grange secretary and T. B. Irvin; Twin Falls—O. T.

COOPER SEEN AS '41 FILM WINNER

HOLLYWOOD, Feb. 25.—(AP)—It does not take a crystal ball to see Gary Cooper as the winner of the big academy award tonight, but anyone would try to guess the name of the best actress would be climbing "way" up on a limb.

Such was the Academy of Motion Picture Arts and Sciences giving awards—gold-plated statuettes dubbed Oscars—for outstanding work in all movie branches, from acting to cartooning.

It is the consensus that the lanky fellow's performance in "Sergeant York" will get a majority of his fellow workers' votes. There is scarcely a dissenting voice around town, a survey reveals.

But not so for the actress: You can have your pick of the five nominated. Betty Davis is the running mate. "The Little Foxes" but many feel her two previous awards are a hindrance.

Most frequently mentioned are Jean Pennington for "Suspicion" and Barbara Stanwyck for "Ball of Fire." A strong contender, however, is Pennington's sister, Olivia De Havilland for "The Letter." It is also being mentioned as a factor with many of the 10,000-odd voters, will be either Stanwyck or Greer Garson. Greer Garson, named for "Bliss in the Dust," has given much of a chance.

The best picture prize is a toss-up, too. There is the widest division of opinion over. "How Green Was My Valley" is being mentioned as the best picture. "The Grapes of Wrath" is also being mentioned as the best picture. "The Grapes of Wrath" is also being mentioned as the best picture.

SUB-SHELLING EFFECT—BIG BOOST FOR BONDS
Editorial "Times-News":
Speaking of the effects of incident, a Washington, D. C. writer stated in your paper Feb. 24 that the California shelling would not have any effect on the American people. It is a pity that if the shelling had been in Twin Falls and saw people standing in line to buy defense stamps and bonds. It was just as much as if the shelling had been in the country did likewise I think this incident was the most forceful advertising of defense bonds we have had yet.

And it will serve to make us more alert to what can really happen in a much more disastrous war.

Wake up, America! Buy bonds and more bonds.

FENSION WOULD FREE SOLONS FROM POLITICAL YORK
Editor "Times-News":
In your editorial "Quiet, you critic, please!" you show once again how little you know about our writers and their subject.

You must know that substantially all writers here or anywhere else, have very little to say about the major policies of their countries. If they did we would not have wars or 10 year depressions.

Small minds however, do make mountains out of mole hills. Billions are being appropriated and squandered or given away for a war the people here absolutely say in. Very little is said about that. Yet, a dictatorship is made when a leading politician has his American people.

It seems obvious to me that congressmen who need not worry about losing their political scalps will make better congressmen. It seems obvious to me that the people for congressmen will free them from the yoke of party servitude.

Can't you see the benefit of having politically free men to control our destinies instead of political prisoners?

Can't you see that congress has

6 KILLED WHEN TRAIN HITS BUS

ENID, Okla., Feb. 25.—(AP)—A Rock Island freight train ripped through a bus today killing six enlisted men in the army air corps.

Three other men were injured in the crash which occurred in a blinding snow storm, half a mile west of Enid.

The list of dead supplied by Capt. Calvin W. Hammond, press relations officer of the 2ndnd flying school, Pvt. Herbert J. Taylor, Underwood, 23, Rogersville, Penn.

Sgt. Eugene J. Sanders, 25, Yonkers, N. Y.

Pvt. Vernon Ohmsted, 26, Georgetown, Minn.

Pvt. Gilbert W. Walker, 21, Bay City, Tex.

Pvt. Cyril J. Minarski, 21, Chicago.

Three other men were injured in the accident other than the men in the bus and train crew, Captain Hammond said.

Driver of the bus, which operates between the air base and the city of Enid, was killed. Sgt. Thomas Smith, 28, a civilian, Captain Hammond said Smith evidently was blinded by the swirling snow.

Sgt. W. A. Stephens, post adjutant of the 2nd Flying School, was the bus carrier between 35 and 40 men. The accident occurred about 12:15 a. m. at a grade crossing half mile west of Enid.
