

BATTLE STARTS TO SAVE SUGAR QUOTA MARKET SYSTEM

FLORIDA SOLONS FIGHT PROPOSAL

WASHINGTON, March 4 (AP)—Congressmen from western sugar beet lands prepared today to resume an old battle along new lines, after representatives from cane-growing regions had launched a move to eliminate the sugar quota market system by striking out an appropriation for the quota system, which would be paid to growers on the basis of acreage planted.

Rep. Coffey, D., Neb., the sugar men were warning up again for house debate on the merits of the quota system, which expired last December for three years.

Coffey, chairman of the house sugar bloc, said he would speak soon for retention of the system, for which an appropriation of slightly more than \$47,000,000 was allotted in the agriculture appropriation bill.

What Would Funds Do? The agriculture committee's recommendations would reduce by \$60,000,000 the funds available for administering the act. The new bill would be \$74,000,000. The committee cut was proposed by Rep. Hendricks, D., Fla., one of the leaders in the move to eliminate the present system.

Rep. Peterson, D., Ala., promised "further and more stringent" sugar acreage and production controls to deny the agriculture department authority to spend money for operations of the quota system.

The committee said in its report that it saw no reason for continuing the quota system, which would free to produce without restriction.

Coffey, declaring that in only one year (1941), had there been average restrictions under the sugar control act, predicted that opponents of the sugar appropriation would "get far."

"I don't seem to understand what is involved in this question," said the chairman of the committee, "as it can devastate the Florida content."

Benefit payments, he emphasized, were not made in compliance with the restriction of production, but on many factors, among them child labor regulations, soil conservation and other conditions.

"Under the price control bill," he explained, "if beet and cane producers got 110 per cent of parity, the price of sugar would be about 15 cents. If the price would mean the price of sugar would have to be raised 20 cents to 1.50 hundred pounds, which would cost the consumer about \$100,000,000 to \$180,000,000 additional a year, based on a \$300,000,000 annual consumption."

WICHY REPORTS 650 DIE IN RAID

Wichy, France, was surprised that such factories as the Renault plants had not been attacked, before.

"We wanted these type of raids themselves," the commentator said. He denied the Paris raid represented a new British policy toward France.

"Our policy always has been and will be to attack the enemy wherever and whenever we can," he said. The raid last night represents a continuation and projection of that policy, he said.

The commentator mentioned that the British radio previously had warned the French people that the Paris area might be raided "anytime."

U. S. PILOTS DOWN 16 JAP BOMBERS

War I who shot down five planes not necessarily in one engagement—were called "aces" by the military.

The navy's communiqué indicated that the object of the Japanese attack was to knock out the carrier, the two groups of enemy bombers, attacking about one half hour apart, concentrated on the carrier, the enemy bomber of the group even being a suicide plane.

The first formation reached their bomb carrier and was shot down by heavy carrier anti-aircraft fire which blew away a second formation.

"In a second attack, only five bombers of the enemy formation reached the bomb release point. In this instance the salvo of enemy bombs was closer to the carrier than in the first attack, but again no hits were obtained."

Thus only eight of the enemy planes were ever able to get within striking distance of the carrier. The second salvo of bombs of the Gilbert Islands made it an even more daring feat than the one on the island when a similar salvo of ten Japanese warships and auxiliaries to the bottom and destroyed the enemy planes.

"West" of the Gilbert Islands would place the task force at least on the edge if not in the midst of hundreds of Japanese-controlled islands in the Pacific.

The latest action brings to 333 the number of Japanese planes shot down by the carrier force, and 200 by army and navy fighters and anti-aircraft fire. The number probably is larger because neither the army nor navy report planes shot down unless certain they have been destroyed. There have been reports only of the "many" planes; not the exact number of the enemy craft; the navy says 1,000.

U. S. ARMY PLACES BAND IN IRELAND

First action from the first shipment, the colonel enlisted Maj. Gen. Russell P. Harle, U. S. commander in chief, to be here, said.

Meanwhile, his soldiers led the parade, cheering and waving American flags to the pier to send a message to the men in the ranks to land was given to Manly by the band. The band, which is the first world war with the colonial band, was accompanied by a band of twenty-four years ago. I never thought I'd be on this side again."

Major Englewood, who is in charge of the band, said that the band is the first American band to be in Ireland since 1918.

The band, who is 45, left his wife and 18-year-old daughter in the United States. The band was going over and I couldn't see how they got along without me," Major Englewood said.

In the contingent were 16 nurses, six Red Cross first aid auxiliaries and three women assistants.

In London the newly-arrived contingent was described as having been the first group which departed in January.

BULL MAN FOUND DEAD OF ATTACK

DUIH, March 4—William Henry Griffin, 77, retired lumber man, was found dead of a heart attack at noon yesterday by his granddaughter, who was visiting him at his home.

Griffin walked up yesterday and returned to his home at 508 Thirteenth avenue north, where the family has resided for the past 14 years.

He was born Oct. 7, 1864, at Lancaster, Wis., and was married at Rawlins, Wyo., in 1908. He was a member of the Methodist church.

Griffin was killed by a bull on his farm at 2:30 p. m. at the Evans and Johnson funeral home chapel with Rev. Cecil G. Hannon, Methodist pastor, officiating. Interment will be in the Buhl cemetery.

Surviving are his wife, Grace H. Griffin; three daughters, Mrs. Winifred Schanz, Castleford; Mrs. Margaret Griffin, Washington, D. C.; and Mrs. Hannah Kimball, Buhl; a brother, Frank O. Griffin, Ingwood, Colo., and a grandchild.

LEADERSHIP LAGS, SAYS GOP TALKER

"What we want are honest facts as to what we are getting in propaganda dished out by the administration," he said.

During her address she asked that a "fight" be maintained for progress, and that we need honesty in government.

"I think we should preserve the hard-earned gains we have made," she said, "and we should not let them be taken away from us by the enemy."

Mrs. Martin also discussed at length the background of the fortification situation at Guam, an island which is now in the hands of the Japanese.

She said that the Japanese are now in the process of fortifying the island in the hope of using it as a base for operations against the Philippines.

She said that the Japanese are now in the process of fortifying the island in the hope of using it as a base for operations against the Philippines.

PLANES DESTROY FOUR JAP SHIPS

reinforcements appeared to have been sent to the island, and that undoubtedly relied on his P-40 fighters to carry out the surprise attack.

Arthur having only a "handful" of the P-40s left and indicated that he was using them to destroy the Japanese ships.

Surprise Action However, MacArthur probably realized that the Japanese are concentrating the bulk of their air power in the islands on Java and Burma, shifting planes from the Philippines, and decided to strike by surprise.

It would be feasible for pursuit planes, which have a range of about 100 miles, to take aboard considerable amounts of bombs in place of gasoline for attacks at such short range as the Zebu bay. MacArthur's planes probably used 200-pound bombs and thermite incendiary bombs in the attack.

MacArthur did not identify the types of big ships destroyed but it was assumed that there either supply ship or big transports, inasmuch as the Japanese would have been going to identify.

The feat of MacArthur's airman and the navy in the Zebu bay action matched the daring of other U. S. fliers who have achieved important victories in the East Indies—always against numerically superior Japanese squadrons.

PUPILS AID WITH MODEL AIRCRAFT

Swinging enthusiastically into Uncle Sam's nationwide model airplane project, boys of Twin Falls junior high school are helping in the war effort.

They're making the model planes in shop classes. The little ships will be used by the U. S. navy to train sailors to recognize the nationality and type of planes instantly. Planes of all nations are being made, American, British, Japanese and German. These models are solid reproductions and are made of soft white pine. The airplanes are made on a definite scale—two inch of a model is equal to six feet of a real plane. These must be absolutely perfect because they are also used for range finding.

Earn Certificates

If the boys receive a good model, they are presented with a certificate. The rating on the certificate is based on the number of planes the boy has completed. A ranking of cadet, aircraftman, or even if the model is completed, an engine aircraftman if three models are completed, including one observation plane, lieutenant aircraftman (junior) if four models are completed, including one twin-engine bomber and planes from two nations.

Excellent aircraftman grade is awarded if seven models are completed, including a seaplane or twin-engine fighter; lieutenant commander aircraftman, if eight models are completed, including one torpedo bomber or biplane and planes from three nations; commander aircraftman if nine models are completed, including one four-engine bomber and planes from four nations.

Top Rating

When a boy has made all these planes plus a four-engine biplane bomber and his planes represent five different nations, he receives the rank of captain aircraftman.

The junior high boys, under direction of L. H. Patterson, shop instructor, have completed 20 complete models and plan to finish 30 more models in the next five weeks. The type of planes vary from a flying fortress to a Piper cub.

The junior high school student council is buying the materials from which the planes are made.

Navy Asking for Binoculars Loan

Following a precedent established in the first World War, the U. S. navy is asking for the loan of binoculars from patriotic citizens.

Requests to C. A. Edmondson, Twin Falls recruiting officer.

Two sizes only will meet the navy's specifications. Six by thirty binoculars are wanted for ordinary assignments and seven by thirty binoculars are desired for extreme distance work.

Edmondson said the binoculars should be of the finest alternating spare parts for numerous types of binoculars, the navy will accept the loan only of Zeiss, Bush and Lomb glasses.

They should be sent, carefully packed, to the navy recruiting office, Washington, D. C. Each applicant should be accompanied by an identification tag bearing the name and address of the sender," said Edmondson.

The navy will then pay \$1 for each set of binoculars accepted for use, and will return them to their owners at the end of hostilities if the glasses are still in use.

Registration Begins for Ski Tourney

Last in the combined men's and women's ski races last year at Magic Mountain, Jack Smith, Twin Falls, was first to register for the third annual tourney this year when registration opened at Magic Mountain last night at the Park hotel. Arriving his turn to receive the large numeral two from Fred Rex, tourney chairman, is Jim Saviers, local high school student. Seated, Mrs. Dorothy Larson, committee member, took registration from many ski club members.

Movie Feature Postponed but Ski Carnival Plans Go Ahead

Limited time has made it necessary to postpone the "evening of skiing" feature of the annual Magic Mountain Ski Club tourney, to be held next Sunday, March 8, at the Idaho theater. Originally planned for Friday evening, March 6, at the Idaho theater, the "evening of skiing" will now be enlarged to include movie shorts on hunting, fishing, and skiing and many other sports when it is staged in April. Fred Rex said today.

Winter Carnival Week

Work is well advanced on the week of March 1-8 as winter carnival week will go on sale the last of this week. The committee, headed by Mr. Rex and his committee, Sherman Osgood and Mrs. Dorothy Larson, gave detailed accounts of completed contests for the ski tourney and snow sculpturing contests next Sunday at a special ski club meeting last night at the Park hotel.

Men's downhill races on the top of Magic Mountain will begin at 11 a. m., followed immediately by the women's downhill races. Men's and women's slalom races will follow the slalom exhibitions.

Exhibition races. At 1 p. m., the double slalom exhibition will be presented, according to Mr. Rex who said that Mr. Joy, Sun Valley ski instructor, and Henry Anderson, Twin Falls, and instructor at Magic Mountain, will present the combination men's and women's exhibition.

Miss Bethene Hagler and Mrs. Betty Keenan will perform in the women's exhibition and Homer Schubert and Paul Hardesty will perform in the men's exhibition.

Snow sculpturing entries must be completed by 1 p. m., and judging will be done by Mrs. Helen Ross, Mrs. Dorothy Larson and Vic Oertzen, Times-News photographer.

Members of the Magic Mountain Ski Club are invited to enter any of the contests is asked to contact Mr. Rex, or write him at 110 Main Avenue south, Twin Falls.

It is planned by the club to sell the large tickets at the ski club next Sunday, with funds to be used for the winter sports area open to everyone in Magic Valley during the season.

Hot Tickets

Spectators will not be required to purchase tickets, but all will be asked to contribute their quarter to keeping the roads in good condition in this manner, according to Dick Reppier, vice-president, who conducted the meeting Tuesday.

Gene Ostrander reported that the snow relay race was not a success, but that it was hoped to have one for use Friday on the Magic Mountain road.

Officials pointed out that there will be no entrance fee for ski contestants, and voted that final prizes

CITY CAN'T QUIT INSURANCE FUND

BOISE, March 4 (AP)—The only way Twin Falls can leave the state insurance fund, as demanded by the city's council and mayor, is by a change in the law. Governor Clark said yesterday.

Commenting on a complaint by Twin Falls Mayor Joe Koehler and the council that their industrial accident insurance rate had been raised 20 per cent, the governor added:

"In my judgment it is very important to the interests of both employers and workers that the insurance fund be maintained on a good, sound financial basis.

"It is a great protection to the state."

Under a merit system adopted by the fund policy-holders with a favorable record are given a reduction in rates and those with an unfavorable record are required to pay more.

State law requires that municipalities insure with the state fund.

Clark and Highway Director S. E. Johnson returned yesterday from a trip to north Idaho.

Swift Promotion For Navy Youths

Regular and reserve U. S. navy recruits now are being advanced to the lowest petty officer grade immediately upon completion of six weeks' training, the Twin Falls sub-station was advised today.

"This means that a recruit whose previous service or civilian occupation indicates adequate technical qualifications will be rated and receive the pay of his new grade," explained C. A. Edmondson, recruiting officer.

In the past, a recruit with petty officer qualifications would not receive his rating or advance in pay until he completed four months' service.

Victory Bulls Will Be Given To Dairy Men

The line forms on the right for south central Idaho's share of the 1000 registered Jersey bulls which shortly will be given to dairymen throughout the region who own grade dairy herds, according to a plan developed by the American Jersey Cattle club.

Board of directors of the Idaho State Jersey Cattle club has named a committee of three to handle the program in Magic Valley. This committee consists of Sam Kayler, Twin Falls; Herman Stocker, Burley; and R. F. Hyle, Rupert, alignment.

Anyone interested in the program should contact one of the committee members.

"The idea," said Kayler, "is considered a gift to the nation to call attention to the importance of milk during war or peace."

"These Jersey sires, with proved inheritance for economical production of milk, as they replace scrub bulls will bring direct material benefits to the farmers who receive them," predicted Kayler.

4-H ACHIEVEMENT DAYS ARRANGED

GOODING, March 4—County agent E. J. Palmer announced today that club committeemen have completed plans for 4-H achievement days to be held in the Gooding and Wendell sections March 11-12. Achievement days may also be held in Bliss, Tattler, Hagerman and West Point.

Vance Smith, district 4-H club agent, Gooding, will be present to show films on 4-H club work. Heals, certificates and medals won by 4-H club members last year will be distributed. There will also be talks on 4-H club work, what it means, how to join and what projects are available for the year work.

Mr. Palmer invites all boys and girls of 4-H club age and their parents to be present at Achievement day meetings. He said that the work of the club is more important now than ever before because 4-H workers have been asked to give their full share of aid in national defense, especially in canning projects.

When Hannibal's armies were at the very gates of Rome, the Romans sent an expeditionary force against his homeland in Carthage. And Rome won the war.

One of America's active soldiers — no gen's room general or saloon strategist — now declares the only way to win the present war is for America to attack the heart of Germany through Italy.

The message is that America and her allies cannot hope to win by attempting purely defensive actions before widely scattered points on the so-called "axis."

It would be difficult to soften Colonel Kernan's indictment of the defensive method of warfare.

TRYING TO "PASS THE BLOT"
One of the dying wails of the pensioners for congress is the "blot" of the Representative Ransome of Georgia, co-author of the legislation which went down in inglorious defeat.

Where the blot lies on this record seems obvious. Ransome would doubtless have preferred to repeal the freedom of the press than to repeal his pension.

UNION ASKS FULL PRISONERS' PAY

SAN FRANCISCO, March 4 (AP)—The California State Federation of labor today sought enactment of legislation empowering the navy to provide for dependents of civilian workers captured at Wake and Guam Islands.

Secretary Edward D. Vandellor said the federation prepared a bill "for introduction some time this week" by Sen. David L. Walsh, D-Mass., chairman of the senate navy affairs committee, providing for amendment of H. R. 6446, Pay and Allowances of Prisoners of War.

The federation's announcement was made as the navy disclosed it had directed contracts to pay 100 cents a month to next of kin of workers captured on the two islands.

"No Provision"

The federation maintained during debate on the measure the men were not "adequately cared for" by the navy. Vandellor said 100 dependents were presented to Walsh and others of his colleagues; the dependents of 100 men had received only \$100 in January and were informed that no more money would be forthcoming.

Vandellor said "these facts, amply backed up by evidence, were then presented by the federation to a joint conference committee of the house and senate conferring on H. R. 6446. Appraised of the situation, members of the committee expressed full sympathy for these men and announced their intention to treat these captured civilian employes in precisely the same manner as the civilian employes of the government were being cared for under H. R. 6446."

He said "at present it seems the only source of compensation to amendment of the law 'would be the navy department. The Federation of Labor earnestly hopes that the navy will withdraw from its position in regard to these men and increase the attitude of the other responsible officials in Washington who desire to treat these men in the same manner as the government's civilian employes who were also captured."

Yank Troops Change Java Cafe Menus

SOCRABAJA, Java, March 4 (AP)—American doughboys who have been coming here in increasing numbers to fight the Japanese, have changed the menu of Java restaurants.

Hot dogs, hamburgers and apple pie have become standard items on the bills of fare. When the first United States troops arrived they liked the food except for deficiencies—sweets and traditional American dishes.

Though the Japanese do not have the teeth that characterizes the Americans and British, Java hotels and restaurants swiftly set about remedying the situation.

French and native chefs learned to make American-style pies in many luscious varieties, to fry hamburgers and to grill meat for frankfurters and hamburgers.

NAVY RELIEF UNIT ASKS IDAHO HELP

BOISE, Idaho, March 4 (AP)—Three representatives of the Navy Relief Society today asked Gov. Chase A. Clark to direct a campaign in Idaho to raise \$12,750 for the society's fund.

Gov. Clark was expected to appoint a state director for the fundraising campaign in the next few days.

Representatives of the organization said \$5,000,000 would be raised throughout the country. Additional funds were needed, they said, because the large number of casualties as a result of the Japanese attack on Pearl Harbor drained relief reserves.

LEVY INCREASES WIN APPROVALS

WASHINGTON, March 4 (AP)—The staggering income tax increases proposed by the treasury for both individuals and corporations got an unexpectedly favorable reception today from house ways and means committee members.

It was thought the increases were apt to be too severe expressed the committee members. "A more palatable method—such as a general sales tax—might be decided on to help raise the \$7,000,000,000 in new revenue which President Roosevelt has asked."

It was evident that the committee intended to go ahead with plans to write its own bill independently, even though its members for the most part appeared in general accord with the broad features of the recommendations submitted yesterday by Secretary Morgenthau.

Morgenthau asked that congress raise \$2,000,000,000 for individuals and \$5,000,000,000 from increased excess profits taxes and a new surtax on corporations.

Increased and new excise taxes, revised estate and gift taxes and closing of tax loopholes would raise the remainder.

Rep. Duncan, D. Mo., was one of those who said that the committee would want to make an independent analysis of the prospective yields from increased taxes, as well as the sociological and economic effect they might have "consistent with demands to meet the war problem."

3-Point Gain for Idaho Farm Index

BOISE, March 4 (AP)—A three point gain in the index of Idaho farm prices was noted between mid-January and Feb. 15, the agricultural marketing service reported today.

This was the same measure of gain in prices as was shown during the period a year ago.

Most groups shared in the advance, said statistician Richard C. Rose, with the price of potatoes up 20 cents a bushel. This helped bring about a nine point increase in the fruit and vegetable classification.

Other important changes were: Oats and barley up three cents a bushel and hay up 41 cents; 40 cent beans up 15 cents; hogs 60 cents; and beef cattle and lambs up 10 cents a hundredweight.

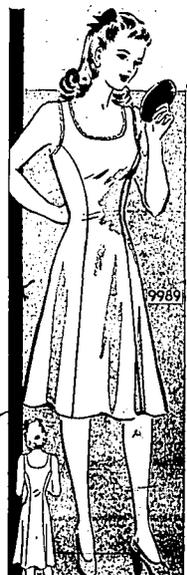

Butterfat and milk (wholesale) remained unchanged.

TURNER SETS NEW NORTHERN DIVISION SCORING RECORD

Bruins Rally To Triumph Over Rupert

A brilliant last-quarter scoring punch that brought them out from behind a six-point deficit in the eighth gave the Twin Falls Bruins a 32-20 triumph over the Rupert Pirates in a game that was played on the local court.

The victory was the second in a row for the Bruins over the Pirates—generally rated at least as one of the favorites to take the district championship title late in the season gets underway here next Wednesday night.

By the great Ed Schneck, Coach Jerry Dellinger's crew pushed into its six-point lead late in the quarter and it looked as though the Bruins would take part in the basketball court.

The Miraloma county club wouldn't be stopping at Rupert for the 25-18 at the start of the final game when Glenn Gibb decided to quit playing his part in the basketball court.

Bruins Recover

Performing the brilliant basketball of which he is capable, he traced under the basket for a pair of set-ups to put Twin Falls back in the game and Tommy Cartney pointed a tie shot to make the count 23 for the Bruins. Then late in the game came in as a substitute and took a nice pass from Otto Florence to put the Bruins ahead 23-20.

Cartney came through with a long one to make it 28-25 and Gibb got another set-up, after 23, and Gibb made the Rupert score 27 and Twin Falls 30. Here Schneck fouled out of the game and the play of the Bruins followed him to the bench.

Ed Goff got another gift shot to make it 28 for Rupert, but Florence came right back with a tip-in and the count was 32-28 with seconds to go. Then Garter slipped in one just as the final whistle blew to make the final count 32-20.

The outstanding performance of the evening were turned in by the two centers, Schneck and Florence. Otto blanketed the widely-remembered Pirate center most of the time—most of Schneck's field goals coming when Florence had to step over to help a teammate.

Free-throw Record

One of the features of the game was the brilliant free-throw shooting of the entire Rupert club. Goff missed the first gift shot of the game and Cartney sank a couple of free throws to give them a 14 out of 19 record for the evening. The Bruins were 10 out of 12 in this department, connecting on nine out of 14 attempts.

One of the most players was Dr. Peterson, who shot 12 out of 12 on free throws, while Gibb collected 11 points—five from the free-throw line.

Preliminary saw the Twin Falls 32-20 victory over the Pirates. A Rupert reserves after leading 15-10 at the half, Edmund topped the winners with six points, while Peterson picked up seven for the losers.

Four Tie for Lead In Tournament for Billiards Crown

Frank Green and Harry Povey last night won their matches in the Twin Falls billiard tournament to enter a four-way tie for first place with Dr. G. T. Parkinson and H. H. Atkinson.

Four men now are tied for first place with three wins and one loss; five tied for fifth place with two wins and two losses; two tied for 10th with one win and three losses; and one man in the cellar with no wins and four losses.

Green (125) defeated E. L. Parkinson (60), 25 to 50, finishing out in 36 minutes with an unbroken run of 25 for the high run of the evening.

Povey (150) defeated Matt Hinkle (80), 150 to 50.

Tonight's matches, according to Tournament Manager E. O. Brockert at the H. and M. Cigar store are Dr. Parkinson vs. Atkinson; and Wes Arnold vs. Deegan, all playing for 60 points.

Winner of the Parkinson-Atkinson match will automatically take the lead on a percentage basis tonight.

University track team, L. J. Tobey, also Roosevelt High school, Honolulu, and his father, Dr. Gilbert Larson, U. S. N., escaped injury by a narrow margin in the Japs attack.

Vardals Lose But Ray Gets 13 More Points

EUGENE, Ore., March 4 (AP)—His glasses were broken and his face bloodied, but big Ray Turner came through for a new 16-game basketball scoring record in northern division coast conference play, Wednesday night, leading the Idaho center to 13 points in his team's 39 to 33 loss to University of Oregon at Eugene, Ore., Feb. 27.

Turner had tossed in seven points when he was involved in a collision with another player late in the first half, broke his glasses and left the game.

Then without his spectacles, he returned in the final period, upper lip a redoubt to beat Flamingo's mark and with the pressure off because in four minutes before he went out of the game on personal fouls.

The game was a nip-and-tuck battle most of the way with the score tied several times. Oregon led in the first half, but in the half-time, The Webbet spurred to their margin of victory in the closing moments of play.

Robello Will Arrive Here This Week-End

Tony Robello, probable new manager of the Twin Falls Cowboys, will arrive in Twin Falls Saturday afternoon or Sunday morning to discuss terms and lay plans for the coming season.

This report by Business Manager Carl Anderson was given the board of directors of the Twin Falls Cowboys at a general session held yesterday afternoon.

Robello will talk over future plans with the board and the organization and will probably put his name on the dotted line of a contract for a one-year contract with at least \$1,500 for five months work—with the possibility of added bonuses if he can field a good team and draw at least 50,000 customers through the turntables at Joyce Park.

Action Delayed

The directors at their noon luncheon yesterday also delayed action on the election of a business manager for the coming season. It was thought that word with Robello would be made before taking first action on a successor to Anderson.

While nothing definite was decided, it was reported that Fred Stoen, a veteran sports fan of this area, may land some kind of a job in the front office of the business manager for Robello may handle the job of general manager. Mike has well as being playing manager.

Attention Gets Attention in \$50,000 Race

MIAMI, Fla., March 4 (AP)—The public's money will be riding on the race between the two horses, Widener handicap, but another horse has the cagey bettors at the track.

They are keeping a wary eye on Mrs. Parker Corning's Attention, which has been in the money in several races.

The bay colt started against the best horses in the state last Saturday, and finished a strong second—two lengths behind Market.

"I never hit him once," Jockey Don Meade revealed today.

He plans to race Attention again, Max Hirsch, the veteran trainer, who has handled some of the top thoroughbred racing horses, said Attention will be in the money.

The four-year-old colt has run only 14 times, yet won seven races, and has been in the money in 11 out of the money on only four occasions.

Watson to Handle Concessions for Idaho Falls Park

IDAHO FALLS, Idaho (AP)—The city of Boise has signed a contract with the Russells to run concessions at Highgate Park, Idaho Falls, during the season.

Business Manager Lou Garland said today.

Watson will make his home here and will continue to handle concessions at the Twin Falls ball park, Garland said.

Giant Future Under Ott Takes Turn for Better

MIAMI, Fla., March 4 (AP)—The one thing that can be said for sure about the New York Giants of 1942, provided they continue to play, is that they will be a better ball club next year than they are this year.

That is not giving the Giants any of the best of it, because they were picked to carry 10 fingers instead of the customary six.

But they are going to be better. How much better is anybody's guess. This abstract notion was not watched them spill a couple of exhibition games to the champion Cleveland Indians in Princeton, and a strong hint they will pull up into fourth place under the inspired leadership of their new manager, Mel Ott.

It is one of those all too rare instances in baseball where the right and deserving man gets the job.

It takes no more than a day around the Giants' camp to see that the choice was the correct one. It is obvious that the whole outfit is being made to fit the new manager, and Ott that it was under Bill Terry.

As for Terry, he is apparently content with his job as a player, manager, and the general opinion is that he will make a good one.

Friends in Minneapolis, moreover, insisted he be left for the best training camp at Sarasota, Fla., and in fact he might stop at the Grand Lakes, Minn., training camp to confer with officials.

At any rate, Williams could not be located.

Whereabouts Of Williams Is Mysterious

MIAMI, Fla., March 4 (AP)—Whereabouts of Ted Williams, slugger Boston Red Sox ballplayer, was somewhat of a mystery today, with some folks who should know giving out conflicting reports.

From his hotel in Princeton, Minn., where he has been doing some hunting this winter, came the report that Williams was not expected back until Thursday.

At a friend's house last night, the statement was made that he had left for Minneapolis.

Friends in Minneapolis, moreover, insisted he be left for the best training camp at Sarasota, Fla., and in fact he might stop at the Grand Lakes, Minn., training camp to confer with officials.

At any rate, Williams could not be located.

Nampa Beats Boise as Tilt Ends in First-Fights

By The Associated Press

Idaho's district high school basketball tournament, barely underway today, but Nampa's Bulldogs already boasted a startling upset.

Conquered twice by Boise in previous District tournament play, Nampa returned in a 23 to 17 victory over the Braves in the first round of the district Class A tourney at Nampa.

The meet is a double-defeat elimination affair to Boise, champion of the southern Idaho big six conference, still is in the running.

The game last night ended in a free-for-all, with players, spectators and police joining in. It ended quickly, however, as coaches and officials invited the players for the showers and officers took care of the spectators.

Another upset victory in the district tourney was the 23 to 17 win by Nampa over Meridian last night to form in beating Weiser, 29 to 25.

Play also began in the southwest district Class B tourney at Wilder, Feb. 27. The Bulldogs of Franklin beat Roosevelt 23 to 18. Wilder won 23 to 19. Prunington trailed 23 to 19. Prunington trailed 23 to 19. Prunington trailed 23 to 19.

Three Class A tourneys will wait until next week, at Twin Falls, Madras and Burley.

Opening round games in the Southwest Class B meet at Soda Springs today included the teams: Rockland and Lava Hot Springs, Moreland and Soda Springs, Downey and Burley, Thurston and Burley.

Wyoming Nips Tip Richfield

LARAMIE, Wyo., March 4 (AP)—One point was the margin that defeated Colorado's hopes for an undefeated season of Big Seven conference basketball and gave Wyoming a 40 to 39 triumph over the Buffaloes last night.

The seventh game reached an exciting climax three minutes before the finish when a spectator grabbed the ball and tossed it into the basket. The Buffaloes were leading 39 to 38 and the Buffaloes were leading 39 to 38.

The lead changed hands eight times in the second period.

Shoebone Wins Tip Richfield

SHOSHONE, March 4 (AP)—Shoebone high school boxers last night whipped the Richfield winners with a winning six out of nine matches with one bout a draw.

Richfield's first round knockout of Richfield in 50 seconds of the first round. Young of Shoebone won the second round by a technical knockout in 40 seconds of the second round.

Shoebone invaded Richfield for a second round fight for March 4 and won by a technical knockout in 40 seconds of the second round.

Richfield men who won decisions were Rogers over Hartline; and Young over Hooper. Mike Belle, Larry of Shoebone battled to a draw with Peirce of Richfield.

Shoebone youths who won decisions were Berrochoo over Swanson; B. Warrington over Riley; O. Warrington over Turner; and Cooper over McCaughy.

Officials were Edwin Franke, Shoebone, referee; Fred Brown, Richfield, and William Hahn, Shoebone, judges.

KIMBERLY VS. JEROME

1939, 60 State CHAMPIONS VS. 1941 STATE CHAMPIONS

WED. NITE MARCH 4 P. M. EARLY!

SPORT Spoils by Hal Wood

An envelope on my desk—postmarked Castleton.

And always looking for the worst, I expected a very generous kick on account maybe somebody didn't get a write-up on his "outstanding" performance at some basketball game.

But it wasn't any such thing. In fact it was something entirely new to us. An alert for winning a sub-district basketball championship.

This note was from young Bill Pettijohn, business manager of the Castleton Wolves, recent winners in the South Side sub-district. Mr. Pettijohn lists some of the hardships his club has had in the sub-district and to the district meet opening at Wendell on Thursday.

It was not mentioned in the paper, but he had to play six of the hardships Castleton had to go through to win the South Side sub-district.

"In the draw for places we drew the hardest bracket because when we drew we had to play six to win (more than any other team in the tournament).

"We were down from the scores all our games with the exception of the Murrighill tilts were very hotly contested.

"When we played Hollister they played their best game of the week and the Edna and Castleford game was the closest of the tournament and since Kimberly had a couple of bad games, we had to win this must have been a hard game for us.

"We had to play these four games in a day and a half and on top of all this we had to travel in this day and a half about three hundred miles to and from the game.

"I would appreciate it if you would mention some of this in the paper for some of the Castleton fans who have not heard the story of the tournament yet."

"You're right," Bill Pettijohn. "Business Manager, "Castleton, Ida."

No comment except—if Bill thinks the competition was tough in the sub-district, he ain't one nuttin' yet!

However, we're sure that Castleton has a very fine team and will give a good account of itself. In fact, after the trouble in that sub-district meet, the district tournament at Wendell should be just a breeze!

Incidentally, picking the winners in the district Class B tournament at Wendell this year is going to be like looking for that needle in the proverbial haystack.

Two years ago, it was that I picked the final placing of every club in the league. If you'll recall, I didn't pick anybody—and there were a bunch of guys and gals out at this department.

To be truthful, you're a smart feller if you're right—you're a dumb guy if you're wrong. And that was the general description of a year ago.

This season I'd be smart to be neutral—but there's no need in the proverbial haystack.

Be watchful! Pick your own supply of ideas readers.

Gooding Trims Filer Cage Quintet, 43-31

FILER, March 4—Gooding High school cagers last night led all the way to defeat Filer, 43 to 31, in a contest which featured a scoring duel between two forwards.

Adamson meshed 15 points for Gooding while Gary Colburn scored 13 for Filer. The losers played without the services of Slater and Blackie who were on the sick list.

Gooding led 10 to 4 at the quarter, 21-14 at the half, and extended its margin by scoring at 20 minutes.

Gooding likewise won the freshman-sophomore opener, 23 to 25.

ABC Tourney Opens Despite Strike Threat

COLUMBIA, O., March 4 (AP)—The 42nd annual ABC basketball congress opened for a 10½-week run at the Columbus Coliseum last night after a threatened strike by pin setters and scorekeepers delayed proceedings for 20 minutes.

Earl Hill, president of the Columbus tournament committee, announced that the workers had received wage increases to settle the dispute, and play began shortly after 6 p.m. when a temporary league sent the first "loosen" ball sliding down the alley.

Pin setting was taken over by hometown "booster" teams. The first contingent of a record number of 1,000 "regular" teams had their first chance on the 36 alleys.

The live 1, T. S. Rubber Heels team of Erie, O., took the lead in the standings by rolling 255. The Lakeside Lakeside team of Columbus, Pa., and the De-Lite Billiard quintet from Mt. Pleasant, Ill., were tied for second with 274.

Oakley Tangles With Jerome Club

OAKLEY, March 4—Oakley Hornets get a chance to go into leadership of the Big Seven conference tonight when they tangle with the Jerome Tigers here in a postponed encounter.

Currently tied with Burley and Rupert, the Hornets could gain at least a temporary league lead by defeating the Tigers.

AXIS SUBS TRY TO LURE U. S. SHIPS FROM SUPPLY LINES

NAVY POINTS TO ATTACK ON ISLE

WASHINGTON, March 4 (AP)—The navy's effectiveness in maintaining ocean supply lines despite enemy counter-attacks was credited today with driving the axis powers to rather tactics for their submarine campaign to disrupt U. S. fleet runs to home waters.

Navy experts said the enemy seemed to be growing more reckless in attempts to create a wintery fear of coastal raiding activities here and in Latin America. They cited as an example the shelling of Aloha Island, off the coast of Hawaii, where there was no conceivable military reason for the enemy to waste a shell or risk a ship.

Both the Germans and Japanese must be fully aware, it was said, that the already increasing flow of American munitions to the battlefronts in Europe, Africa and Asia will have to be kept up this spring and summer if the axis nations are to prevent its becoming a crippling whittling flood of defeat for them.

One means of accomplishing this would be to force such a popular demand for unlimited coal production in the Americas that the United States be compelled to give up some of its offensive patrol and convoy duties for purely defensive activities.

Into this strategy of panic, authorities felt the current wave of U. S. attacks off the Atlantic coast, sporadic submarine shelling on west coast shipping, the assaults of air centers in California and at Aruba, and the bombardment of Manila Island.

The three latter attacks, it was noted, gave indications of recklessness.

FDR OPENS 10TH YEAR AS LEADER

WASHINGTON, March 4 (AP)—President Roosevelt, beginning his 10th year in office weighed by the problems of war, went to St. John's Episcopal church today with the leaders of his government and prayed for divine guidance in the hard days ahead.

Following his custom, Mr. Roosevelt observed the anniversary of his first inauguration of March 4, 1933, in prayer at the historic old church just across Lafayette park from the White House.

The President heard the Rev. Endicott Peabody, headmaster of the Episcopalian school, Groton, Mass., who the chief executive received in a congratulatory message after prayers for the armed forces and for our leaders and men to conduct the war with education and make no peace with oppression.

The President attended the select congregation of cabinet members and other ranking leaders of the government in reading from the 27th psalm:

"Though an host of men were laid against me, yet shall not my heart be afraid; and though there rose up against me, yet will I put them in flight."

War time precautions forbade advance notices of the President's attendance at the church, and only a handful of spectators saw the distinguished congregation arrive.

Watson Succeeds Arney as Idaho's Defense Director

BOISE, March 4 (AP)—State Budget Director Lynn F. Watson today succeeded Arney as coordinator of civilian defense.

In making the appointment Governor Clark announced Watson will retain the budget directorship.

FILER

Mrs. O. J. Childs was hostess Thursday to her bridge club at a desert luncheon. Mrs. A. B. Hester and Mrs. J. F. Gulick were guests. Filer Chapter No. 40, Order of Eastern Star, will meet this evening, March 4.

Mrs. and Mrs. Richard Graves have moved from Twin Falls to Filer and will operate the farm owned by John M. Penny. Mr. and Mrs. H. E. Fenner, who have farmed the Penny land for several years, have moved to the A. B. Hester ranch two and one-half miles southeast of Filer.

Sgt. Edward Thomas and wife recently visited with his parents, Mr. and Mrs. Raymond Thomas, as while en route from Fort Lewis, where he has been stationed, to Fort Hill, Okla., where he will take an officer's training course.

Mrs. N. L. Larson left Thursday to visit her daughter, Anna Mae and Linnea, who are taking nurse's training at Denver, Colo.

Cedar Draw Orange and Cedar Draw club sponsored a Red Cross auction sale at the Cedar Draw school house Saturday evening, Feb. 28, and realized about \$300 from the sale of potatoes, onions, machinery, chickens, sheep, etc., merchandise and other things too numerous to mention.

Mrs. Earl O. Waller will be hostess Thursday to the Women's Society Christian Service.

Miss Betty Johnson, Miss Betty Orthel and Miss Charlotte Monahan, students at Filer, and Mrs. M. H. Fenner, who have farmed the Penny land for several years, have moved to the A. B. Hester ranch two and one-half miles southeast of Filer.

Glamorization of Shirley Temple begins with this photograph which will be taken up this spring and summer if the axis nations are to prevent its becoming a crippling whittling flood of defeat for them.

CLARK DECISION STILL UNSETTLED

BOISE, March 4 (AP)—Whether Governor Clark means to renounce his candidacy for the Idaho federal judgeship, vacated a month ago by the retirement of Judge C. C. Canavan, to seek a second term as governor today remained a matter of conjecture.

The governor declined to amplify his statement of several days ago that "I am making no campaign for any other job," but Monday night in a speech at Coeur d'Alene he remarked "I do not want to be there."

Some political observers interpreted the latter remark as indicating he might seek a second term. He earlier said his responsibility "right now is to try to make a good record."

Four months ago he stated he was interested in the \$10,000 a year judgeship, and yesterday he pointed out none of his remarks since have contradicted that statement.

Cavanah Handles Pocatello Court

BOISE, March 4 (AP)—Judge C. C. Cavanah, who retired as Idaho federal judge a month ago, today was designated to hear the March term of court opening in Pocatello next Monday.

Judge Cavanah was asked by circuit court officials to hear the cases because a successor had not been appointed.

EMERSON

Mrs. R. E. Corless is in Idaho Falls visiting her son, Howard, his wife and their new baby.

JAP PLANES RAID NORTH AUSTRALIA

MELBOURNE, Australia, March 4 (AP)—Japanese planes made their second attack of the war today on Darwin, the north coast Australian naval and air force base.

It was indicated that at least 20 Japanese planes were reported to have dropped bombs in a savage attack. Japanese planes swept down on the Darwin airbase, machine gunning planes and installations. It was admitted that some damage had been done.

The air ministry communique said that Australian air force installations at Darwin were damaged but there were no air force casualties.

There were a number of alerts during the night, but no further attacks.

Japanese planes raided Darwin twice on Feb. 19, in their first attack on continental Australia. Only yesterday the Japanese had extended their attack 700 miles by attacking Wyndham and Broome.

Australian planes bombed a Japanese transport off the coast of New Britain island, during the night, a communique of the royal Australian air force said.

EXPLOSIONS ROCK City of Honolulu

HONOLULU, March 4 (AP)—Three heavy explosions shook Honolulu immediately after screaming air raid sirens wailed the city at 2:10 a. m. today.

Army officials said, however, there was no air raid and that the sirens were sounded inadvertently. The cause of the explosions was not disclosed.

Honolulu police said a number of windows were broken by the concussions. Telephone switchboards were swamped with calls.

RECRUIT

SAN FRANCISCO, March 4 (AP)—Five years ago, James Beckham McCorkle retired from the navy to try his hand at prospecting for gold in the Sierra. Deep into the mountains he went, vicariously led by his dream. In fact, he had heard until just the other day that there is a war going on.

McCorkle walked into the 12th naval district headquarters, announced that he wanted to join up about the war, and said he wanted to go on active duty. The navy rejected him immediately because of his class waterfitter, his post during much of his 10 years service.

The McCorkle took another \$2,400 in accumulated retired pay, McGorkle, usually off the coast of the mountains, just hadn't bothered to drop around to pick it up. The navy had lost track there.

RUPERT

Supl. Ralph T. Nyblod and Mrs. Nyblod spent last week in San Francisco where Mr. Nyblod attended an educator's convention.

Word received here tells of the death of Mrs. N. A. Stammer, mother of Mrs. Edna Schuchel, at her home in Santa Rosa, Calif., Monday, Feb. 23, Mrs. Schuchel, whose home is now in Rupert, visited her mother last summer.

The Red Cross nursing class now has an enrollment of 20 women, meeting Monday and Wednesday afternoons at the home of Mrs. George Duell, Jr., coming from the M. H. King store in Burley. It was managed by the Rupert High School, meeting M. V. Moore who was transferred to the store at Dillon, Mont. John McKeown, Portland, came last week to attend funeral services for Porter Warner.

Young people from the Rupert Christian church who attended the Youth Fellowship met at Twin Falls Saturday and Sunday were Rose Marie Guard, Jean Quill, Aubrey Pollock, Jerry Linn, Carol Cunningham, Verma May Drew and Helen Eugene Shump.

Holding Hand club met Thursday at the home of Mrs. Ralph Bowman.
