LEWIS AIMS AT DAIRY FARMERS

WASHINGTON, March 7 (U.S.)—John L. Lewis today began a campaign to organize 3,000,000 dairy farmers in his United Mine Workers union.

The official at ceremonies inaugurating the U.M.W. dairy union officials who claim to represent 22,000 members in New York, Vermont and Pennsylvania and 4,500 in Michigan. Plans for the organization drive also were drawn up.

But, one newspaperman boasted that he had the connection between feeding a cow and digging coal.

BAZE AT PLANT CALLED SABOTAGE

LAS VEGAS, Nev., March 7 (U.S.)—Company officials, directing construction of the world's largest factory to produce magnesium, said today that a fire which razed a plant administrative building was an act of sabotage.

The building, housing administrative offices for the American Magnesium corporation and the McNeil Construction company, burned last night after workmen suspended for the day. The plant is being constructed at a cost of \$20,000,000.

It was no accident that the fire started in the building during a northwest wind at a time when operations had been halted for a full day, McNeil said.

Buhl Men Leave For Ft. Belvoir BULH, March 7 (U.S.)—Buhl men who have been stationed at Ft. Belvoir, Wash., since September, 1940, today were sent by rail to Ft. Belvoir, D. 16th Engineers, were being detailed for the past week to go to Fort Belvoir, Va. for three months' officers' training.

They are Jim Siew, son of Mr. and Mrs. R. B. Siew; Ed Van Ostran, son of Mr. and Mrs. O. L. Van Ostran; and Linnir Makovsky, son of Mrs. Linnir Makovsky. Linnir has been sent to Ft. Belvoir, Va. for three months' officers' training.

Several southern states have been experimenting with the use of cotton fabric in road construction.

Weather Unusual, Says L. A.

Shrapnel fragment this size can kill a man. Larger than a coin, this is a souvenir of the Los Angeles anti-aircraft incident. Several pounds of shrapnel were ejected by a Buhl girl, Miss Josie Duffy, when a shell exploded in the background of her residence in Los Angeles. (Times-News Photo and Engraving.)

Shrapnel "Rain" Gives Buhl Girl, 14, Really Hectic Time

By TOM JOHNSON The U. S. army... in the space of a solid second... the shrapnel rain... the anti-aircraft batteries... the shrapnel rain... the shrapnel rain...

When most of the damage had been done, the family reentered the pocket-marked residence. Miss Sedgwick returned to her room only to discover more damage.

Then the police came, and the air raid wardens, and the reporters and photographers. Thirty-one or more photographs were snapped for the benefit of Los Angeles readers.

Patrick Service Held at Rupert RUPERT, March 7—Funeral services were conducted Wednesday at the Goodwin chapel for Paul Patrick, Rev. W. F. R. Hartley officiating.

Four Ways to Purify Water In Emergency

Directions for the home purification of water in case of failure of the Twin Falls city supply through sabotage or other cause were given Saturday night by Dr. George C. Hatley, county health officer.

1) If the water is muddy or badly polluted, double the dose. Always stir and let stand for at least 30 minutes before use.

2) For one gallon water use three drops from a medicine dropper of chlorox, purex, nuxol or other household bleach containing approximately five per cent hypochlorite.

3) For 100 gallons of water use one quart of chlorine water. For larger amounts of water, use chlorinated lime at the rate of one-half ounce for 1,000 gallons.

4) For 100 gallons of water use one quart of iodine water. For larger amounts of water, use iodinated lime at the rate of one-half ounce for 1,000 gallons.

These same men that voted \$23 per month for draftees are now calling for a raise in pay for their boys. But, they should have as much money as these union employors, but we all know that congress would not have suggested such if it wasn't close to election time (not too long).

Let's wake up congress for a change. MRS. RAY RUSSELL, Twin Falls, March 6.

BOISEAN NOT SATISFIED WITH JOHNSTON'S STATUS Editor, Times-News We are not satisfied to death if Johnson is in a struggle to preserve the principles of democracy, and I cannot be satisfied with the status of Johnson as a politician or as a person with my kind of true patriotism.

# THE PEOPLE ARE AT FAULT

One thing the present war is demonstrating, so far as the American people are concerned, is that democracy—such as we like to sing its praises—has its faults. What most of us fail to realize, however, is that the trouble lies, not with our government, but with the people themselves.

But until the people recognize their great responsibility in maintaining this democracy and act accordingly, instead of side-stepping their duties as American citizens because of disinterest, selfishness, or some ulterior reason, we can never hope to preserve the type of democracy originally set up for the United States.

Too many of us lose sight of the fact that individual irresponsibility in relation to politics and government is the surest cause of democracy to a growing peril. We forget that political opportunists, minority groups, self-seekers, racketeers, governmental parasites and the like are permitted to undermine our democracy only because the American people allow them to rise up to demand that they be protected against such destructive influences.

During periods of normalcy, we content ourselves with our enviable standard of living—our comforts, pleasures and freedoms. We grumble a little, criticize this or that, talk dire vows, and do a lot of ineffective talking, but when it comes to taking an active interest in politics, or even voting in some instances, that is too much trouble.

But let some serious emergency arise, such as one with which we are now confronted, and the same people who grumble and criticize in criticism of their government, its alphabetic bureaus, top-heavy personnel and general inefficiency—conditions with which they have been familiar and which they themselves have helped to develop in their "government by the people."

They criticize the administration from the President on down, including their own parties in certain pressure groups, when common sense and common-sense opposition naturally will be influenced by the most effective show of power. It can only mean that these pressure groups, by recognizing the people's indifference, have made the most of their opportunity to become a dominant political power—more to be feared than the scattered blabber of public criticism.

That demonstrates the weakness of a "government by the people"—a weakness that can be blamed on the people themselves.

The war is changing everything. One of these days a bathing beauty won't be able to get her picture in the paper unless she stands on a pile of sandbags.

# TUCKER'S NATIONAL WHIRLIGIG

**BALBOA**—Few official controversies have provoked such angry public debate as the Stimson-Knox clash concerning the identity and purpose of the mysterious planes which recently flew over Los Angeles and southern California.

As further evidence that the 75-year-old war secretary is jittery and ill-tempered to the unhappily Kimmel-Shortford. The inside story destroys any hope of a happy ending.

Few minutes before he stumbled into a press conference, Mr. Stimson told the press that he had received a highly electric letter. Gen. John L. Dewart, who commands the coastal area. It described the details of the flight and suggested that the aircraft were of enemy origin. "Though the DeWitt communiqué did not say whether the alphas had been launched from a carrier or a hidden base, our military chiefs assumed that they had flown from the territory in Lower California."

As further evidence that the 75-year-old war secretary is jittery and ill-tempered to the unhappily Kimmel-Shortford. The inside story destroys any hope of a happy ending.

# Representatives of "The New Order"

**POT SHOTS**  
with the GENTLEMAN IN THE THIRD ROW

**AN ATTORNEY GETS TOLD**  
(IN THE TUBBETHS)

Everybody likes to let in on a secret once in a while. So Pot Shots will let you constituents in on the state insurance fund since this one.

Major Joe Koehler tells Pot Shots blunty, and with fine disregard for such trivialities as grammar:

"I'm gonna insult the state insurance fund every week until they kick the city out. I'm gonna insult it every week. I may insult 'em often 'n' that."

Idea, as you constituents mebbe know by reading the press, is that the city can't get any more insurance money if it could just get out of the state fund. We extend that idea to all state agencies (and congressional colleagues), and we trust they don't run out of it. We're not kidding.

For about the first minute of it she held her handkerchief in her hands in front of her. Then—and here's something new—she tucked the kerchief under her belt in the small of her back. It stayed right there during the whole performance, hidden from the audience but plainly visible from where I was sitting.

**ABOUT MR. BROWN, THIRD TIME IN A ROW!**

For two days in a row this department mentions John A. Brown, the probation officer gent. Things like that seem to resemble a snowball because it comes an offering from the Courthouse Reporter.

It seems John, some six months ago, made an effort to turn handsprings when he reached the age of 60. He did not come back, save in that memory.

Came March 1 and John reached the age of 70. Up went the Courthouse Reporter to ask when would he do his handsprings for the photographer.

But we regret to report that John has gone commercial on us. He's a stand for a youngster 70 winters... but wants 80 left on the line first. As an alternative, he offers to consider the do his handsprings plus another 50 that the Courthouse Reporter will be glad to pay.

**IT MIGHT BE A HORSE**  
TREM!

Dear This Row:

Truman Greenleaf swears up and down that he's a fisherman. He says he's a fisherman. He says he's a fisherman. He says he's a fisherman.

**ITEMS ON A HANKIE**  
Dear Pots:

I've been around some in the years I've lived but there's always something to see for the first time—and I saw this one at the Republican meeting.

The speaker was Miss Marion E. Martin, assistant chairman of the Republican National Committee. She was up in front of some 200 people and was giving her talk.

**OTHER POINTS OF VIEW**  
WASTED BRAINS

The New York police department has broken up 2,830 confiscated pinball machines and obtained 10 tons of copper and brass, and other scarce metals for war industries.

Good work! But we have another idea. Let the government buy the machines and use them to design pinball machines and put them to work on secret weapons. The men who invent these intricate devices are brain workers, and their brains and brawn, their springs and snappers and scoring attachments, would certainly produce something to battle the Germans and Japs—New York World-Telegram.

# ANALYZING CURRENT NEWS FROM NEW YORK

**RAIN**—Rangoon, Hanoi and joins Rangoon, Manila, Hong Kong and Singapore in the A. E. C. O. Committee hold any portion of Burma, they should thank Admiral Judd, first American to land there, for the delta in 1811. He translated the Bible into Burmese and his followers won over the Burmese. The Burmese returned and Kachins of the north. These two million people are almost loyal to Britain.

The Germans reason that this terrific blow would be aimed at them, and they are not. It is an Australian or India. Allied shipping could cooperate more effectively especially in the Pacific.

The Bums loathe the Chinese and have always balked at permitting the Chinese to become a great power. They fear that after the Sino-Japanese war, Chiang's army will be a fighting force of 50 million warriors from across the mountains did once before in the Sino-Japanese war in English letters.

Berlin reacts that the Soviet Union has not only between two and three million Jews, but also five million in April. Alone Stalin's statement might be a natural and reformed Nazis. But Berlin's quest the sudden arrival of the Red Army in the Pacific.

# HISTORY OF TWIN FALLS

**15 YEARS AGO—MARCH 4, 1927**  
Miss Maybelle Estling, a student at a Boise business college, spent the week-end with her parents, Mr. and Mrs. A. Estling.

The Junior play cast, chosen by Miss Helen C. Knapp, for "Come Out of the Kitchen," includes Martin Pollock, Fred Varney, Elva Newberry, Alice Smith, Harold Hoover, Hazel Orimes, Charita Dietrich, Jean Swelley, Dorothy Parks, Charlie Vance and Burton Perrin. Alford Brockert, Chester Clark, Barbara Probst and Robert Datta are on the production staff.

# "War" Baby

**PAUL, March 7**—Believed to be the first "war" baby in Idaho, is the son of Mr. and Mrs. Earl C. Brown, who was born Tuesday, Feb. 23, 1942, at Twin Falls, Idaho. The mother is Mrs. General Hospital.

The child's father is in the service of the U. S. Army and in telephone conversation with his wife Thursday reported that he was going into battle the next morning. He is stationed in Java.

Mrs. Brown was formerly Miss Gladys Billington, daughter of Mr. and Mrs. Jesse Billington, Paul.

Louella Dopson Marries Portland Man at Single Ring Rite at Kimberly Parsonage

KIMBERLY, March 7.—Miss Louella Dopson, daughter of Mr. and Mrs. C. N. Dopson, Kimberly, and Frank V. Stapleton, Portland, were married at a single ring ceremony by Rev. Roy Titus at the Kimberly Christian church parsonage Friday at 7:30 p. m.

High Interest Shown in Heyburn Art Show

Walter Basinger, superintendent of Heyburn schools, and Mrs. Olaf Moller, wife of the well-known Idaho artist, check the paintings to see which is receiving the most popular vote at the largely attended 10th annual Heyburn high school art exhibit, which ends March 15.

The bride and her attendant wore sport suits in shades of blue. The bride's corsage was pink and white sweet peas with a single red rose. Her hair was styled in the fashion of the day.

Following the ceremony the bride party was entertained at a wedding dinner at the home of Mr. and Mrs. James Alton. The menu included a variety of dishes.

Mrs. Stapleton recently was graduated from the Good Samaritan hospital at Portland and had been having her convalescence at the home of her mother.

Mrs. C. T. Eaton Arranges Party Honoring Mother. Honoring her mother, Mrs. O. W. Eaton, Kimberly, who spent the past week at her home, Mrs. C. T. Eaton entertained at a dinner at the home of her mother.

## Victory Gardens Subject of Talks At Castleford

CASTLEFORD, March 7.—Victor Reese, Twin Falls, county A.A.A. chairman, gave a talk at a public luncheon at the Methodist church last night sponsored by the Everywoman's club, briefly outlining the objects of gardens for defense, a national program.

## Marriage Told

Mrs. Beryl LeRoy Wright, whose marriage, Jan. 3, was announced last week, she was married Miss Laverne June Kimpton, Kimberly. (Times-News Engraving)

## Past Officials Honored by OES At Dinner Party

GOODING, March 7.—Past Matrons and past patronesses of the O.E.S. at the regular meeting Tuesday evening, worthy Matron Gladys Crumwell, worthy Patron Dr. J. H. Cromwell and 29 honored guests were seated at one long table for the 6:30 dinner.

## Lavern Kimpton, Beryl L. Wright Reveal Marriage

Keeping their marriage as a complete surprise until just before they left on a wedding trip to Salt Lake City last week-end, Mr. and Mrs. Beryl LeRoy Wright, Kimberly, revealed to their friends that they had been "mister and miss" since Jan. 3 of this year.

## Auxiliary Gives Welcome to Six At Jerome Meet

JEROME, March 7.—An impressive and interesting luncheon, playing the theme, "Justice, freedom, democracy and loyalty," was conducted Monday evening for new members of the Jerome American Legion auxiliary with the following guests in charge: Mrs. Jennie L. Low, president; Mrs. E. E. Connor, vice-president; Mrs. J. B. Shields, chairman; Mrs. J. L. Williams, secretary; Mrs. M. J. Hoffman, Mrs. Camille Larson, Mrs. Thelma Hestrop and Mrs. Josephine Ricketts.

## Calendar

- Thelma Girls club will meet Monday at 7:30 p. m. at the Odd Fellows hall.
- First District Nurses' association will meet at the home of Mrs. June Garrett, 1335 Ninth avenue east, Wednesday, March 11, at 8 p. m.
- Guanam Theta chapter of the DeLonian society will meet Monday at 8 p. m. at the home of Mrs. Mildred Elrod.
- Twin Falls American Legion and auxiliary drum and bugle corps will march Monday at 7 p. m. at the American Legion Memorial hall for practice.
- Twin Falls chapter, Daughters of the American Revolution, will meet Monday at 1 p. m. for luncheon at the home of Mrs. Everett M. Generaly.
- General Lawton auxiliary No. 71 United Spanish War Veterans will meet at 8 p. m. tomorrow at the American Legion Memorial hall. Installation of officers is planned and refreshments will be served.
- Blue Lakes Bowling club will meet at 8 p. m. Wednesday at the home of Mrs. V. B. Place. Members are asked to bring their contributions for the box which will be packed for mailing to recreation center on the west coast.
- Only club will meet at the home of Mrs. John Zurawak Wednesday at 8 p. m. at the home of Mrs. C. Blundin. Prizes were awarded to Mrs. Lloyd Jones, Mrs. Mingo and Mrs. Blundin.
- Dessert, featuring a St. Patrick's day motif, were served late in the afternoon by Mrs. LeRoy Wright and M. Lelien will be hosted March 19.
- Both look alike to a draft board, and nobody is going to care which one has money and position behind him when they both get into a private's uniform.
- But as money buys less — some times are buying more.
- Coatage will buy a lot today because it is so badly needed.
- And so will the ability to make the best of whatever comes along. In a world changing so fast that no one can safely predict what tomorrow will bring, the person who will get along best is the person who is buying more for less out of what he has.
- Self-reliance will buy more and dangerous times every person must be able to look out for himself.
- So it isn't money that we haven't been hearing so often the last few weeks that is making things happen. It's the money that is being tucked away.
- Today, someone might be tempted to say, "It TREATS all!"

## Sodales Pinocle Club Entertained

Mrs. Joe Laughlin, Kimberly, entertained Sodales Pinocle club at three guests at her home Thursday.

## We The Women

The phrase "everything money can buy doesn't cover as much ground as it used to."

There is a lot that money won't buy these days — and there is going to be more as the war goes on.

Money won't buy as much security as it used to.

For instance, the boy whose family has plenty of money and who, a few years ago, could have assured him of a pretty safe and secure future, is now being asked to look out for himself.

It's not just the fact that the young man who hasn't any money behind him.

Both look alike to a draft board, and nobody is going to care which one has money and position behind him when they both get into a private's uniform.

But as money buys less — some times are buying more.

ROBELLO ARRIVES, MAKES COBWOY PLANS

New Pilot of Wranglers Sees Big Year

Tony Robello, the man who packs the blow into his shins, may not be the last man to hit a home run...

He'll stay here until Tuesday night, then he'll go to the Pacific coast where he'll scout Coast League teams until the Twin Falls camp is opened.

I know I can give Twin Falls a good lead this year and I'm sure that we'll be in the first division.

Robello has already been at work looking up youngsters and he has two pitchers, two outfielders and a pitcher to go with him from the west coast.

He's enthusiastic about the prospect of getting Mike Winick, the Ogden third baseman, who would be a great hitter in this league.

It is Robello's plan to train the Cowboy club at Napa, Calif., spring home of the Oakland club of the Pacific Coast League...

He would open the Wrangler training camp shortly after the first of April—probably starting just as the Pacific Coast League opened and get the drift-wood from that AA classification.

Only 20 years old for all his experience, Robello boasts one of the best hitting lineups in the minor league. He started professional baseball when only 18 and for the past six years has been managing Pacific Coast league teams...

His high in home run slugging was in 1939 when he pounded out 68 home runs. He had 22 the second year. Last season he rode the bench most of the time due to his leg-injured during the training season.

SPORT Spubs by Hal Wood

New Top-Wrangler

All set for the new season—and optimistic.—Tony Robello, new boss-man of the Twin Falls Cowboys, visits the Times-News office and outlines his plans of putting this city back on the baseball map in Pioneer league competition.

Robello Stops For Visit in Salt Lake City

Robello, newly-named boss for the Twin Falls Cowboys, visited his own slugging country in the home town of the Salt Lake Bees today and expressed confidence in his new charges' performance in the 1942 Pioneer league season.

Robello said he has been in the business for two years, reported that Twin Falls now has working agreements with Pacific Coast league teams, whereby many of the problems arising from inauspicious player-training arrangements his first two seasons...

Robello stopped in Salt Lake City on route to Twin Falls from his home town, Tex. He was reported he was offered the managership of the Denver club before the break-up of the Western League.

Robello is available and Robello is able to land a great shortage prospect from the Texas-Arizona league that he has in mind, then he'll have three-fourths of his infield problem solved.

Robello had a situation all lined up to handle Denver in the Western league this year, but that deal loop blew up. He had to quit Salt Lake to take that job. However, Robello had to be in the Pioneer loop and plan to take the Cowboys back into the pennant days they enjoyed back in 1939.

Outsider Romps to Win in \$50,000 Race

Miami, Fla., March 7 (AP)—One of the most dramatic stories in thoroughbred history reached its climax today when Mrs. Payne Whitney's colt, The Rhymur, won the richest race of the winter season.

SPORT Spubs by Hal Wood

TOURNEY SEES GREAT CAGE PERFORMANCE

WENDELL, March 7.—As the oldest of the long beard (and I don't mean Father Time) sitting just behind me watching these are some mighty fine teams in the Class B district tournament here.

Some of these very good clubs are on the sidelines as I write this and two others will fight it out for the championship on Monday night.

While it is possible that none of the clubs click quite as smoothly as the emotions and Herbun teams of last year, the chances are that there were never eight more well-matched quints in the history of Class B tournament play.

Two exceptions were the leading Hagerman favored to Murlough and the trumping the favored Paul club from Heburn.

Differing from last year, when there were very few standouts, performers and whose team-work was the big keynote, this season we've seen some of the finest stars we've ever seen in the Class B meet.

Looking over the crop of youngsters I was thoroughly impressed by the one thing that need not necessarily be in this order: Joe Platts, Paul; Jack Shaver, Castelford; Ted Thompson, Castelford; Delbert Ferman, Heburn; Elmer, Bill, Goff, Rawson, Bergin, Craven, Glenn Blidnerback, manager.

There are probably several other youngsters that would catch the eye of Coach Smeater, Charles Mackey, manager. Bill Powers, coach; Ruby, Gary, Walker, Malone, Diakales, Vincent, Schaff, Blizakoff, Wood, Haltinger, Miller, Mader, manager.

Other winners were Jim Ferris, 294 for \$162.50; Lloyd Gullickson, 207 for \$100.00; Fred Haas, New Orleans, led the amateurs with a 302.

Stage Set for Start Of Class A Tourney

The stage was set today for the start of the annual Class A district basketball tournament here on Tuesday—with the reward to the winner being a trip to the state meet a week later.

Opening game of the meet is set for 3:30 Tuesday afternoon with Gooding and Jerome leading. At 4:30 the same day Twin Falls and Filer tie off.

At 7:30 Tuesday night Burley and Oakes angle and at 8:30 Rupert and Bluff meet. The two night sessions are expected to result in some fine fireworks—because all four of the clubs are rated as great threats for the championship—now held by the Canyon quint.

Should End Friday Tournament Manager Ed Rogel announces that the meet should be concluded by Friday night—if one team goes through without defeat. However, if an extra game is needed, then the two clubs will meet on Saturday in the final session.

Officers for the meet were announced today as Howard Paul of Boise and Bill Cunningham of Nampa, who will handle all contest. Tournament board of control is composed of Supt. C. O. Simpson of Canyon, chairman; M. W. McLaughlin, Burley, secretary; Earl Ramsey, Filer, and Ed Rogel, Twin Falls, manager.

Four games are slated for play Wednesday afternoon and evening and on Thursday there is one afternoon tilt at 3:30 and two in the evening. Friday there will be games at 10 and 11 m., and on Saturday night the championship game is scheduled for 8 p. m.

Hosts of seven of the eight competing teams follow: Twin Falls, Coach C. Cranny, coach; Terry, Garney, Peterson, Mahoney, Florence, Drizek, Hulbert, Gibb, Davis, Peterson, Ed Cranny, manager.

Rupert: Jerry Dellinger, coach; Schenck, Turner, Page, D. Goff, manager; Bill, H. Goff, Rawson, Bergin, Craven, Glenn Blidnerback, manager.

Castelford: Jack Shaver, Coach; Delbert Ferman, manager; Elmer, Bill, Goff, Rawson, Bergin, Craven, Glenn Blidnerback, manager.

Other winners were Jim Ferris, 294 for \$162.50; Lloyd Gullickson, 207 for \$100.00; Fred Haas, New Orleans, led the amateurs with a 302.

INS Kuppenheimer

For the "duration" WORSTED SUIT

Coach Dode Cranny gave his Twin Falls Bruin regular a full-time rest on Friday night and won the season of his sophomore and junior prospects for next year on a 32-29 victory over the Jerome Tigers.

The Tigers gave the Twin Falls reserves a really stiff battle before going down to defeat. However, Stanley Carney didn't even dribble for a turn.

Outstanding performance was given in by Dick Drizek, big junior center, who is being groomed for the regular Bruin pivot post next year. He came through with three field goals and five gift shots for a total of 18 points.

The Twin Falls club won an 8-1 edge in the first period but Jerome recovered to knot the count at 12 all at the intermission. Third stanza score was 21-20 for the Bruin career.

Extraordinary saw the Twin Falls Cubs eke out an 18-13 decision over the Filer frosh-soph club after Filer's wide 11-2 lead in the first half. Arnold Jerome was high point man with eight points while Dalton scored 10 points with four.

# STATE SETS UP PROTECTION FOR VAST IRRIGATION SYSTEM

## BURLEY MAN ON GOVERNING UNIT

**BOISE, March 7 (UP)—**Statewide protection for water, transportation, power and other facilities susceptible to sabotage was outlined today by a committee appointed by Governor Clark.

Headed by J. L. Baderstrom, law professor at the state bar, the committee includes R. J. Newell and H. L. Senger of Boise, Lynn Chandall of Idaho Falls and G. H. Marston of Burley. The task of correlating protective measures for irrigation and electric facilities is being handled on Snake river from Wyoming to Oregon.

The general committee, which includes C. J. Sirike, president of Idaho Power Co., and Earl W. Murphy, secretary of the state Chamber of Commerce, works directly under the governor and will be charged with responsibility for protective safeguarding of transportation, irrigation, communication and electric generating facilities.

"Many of these facilities are already closely guarded," the report said. "Additional safeguards will be provided and by means of a closely integrated system of supervision which will be worked out by this committee a maximum amount of protection will be provided."

Some of the military applications of the report are to assume the task of protecting these facilities throughout the nation, if they are also to make our far-flung battle lines.

The committee also has advised the law enforcement agencies, private guards of utilities and irrigation organizations and volunteers which will be utilized in cooperation with federal, state and local officers.

## NEW DRAFT LIST TO GET NUMBERS

Serial numbers will be assigned to February, 1942, selective service registrants this week, it was announced late yesterday at a meeting of the Twin Falls county board No. 1.

Registration of an estimated 1,200 cards will begin tomorrow and is expected to consume the better part of the week. Cards will be distributed and will be assigned numbers beginning with "1" and proceeding until all are marked.

Serial numbers furnishes the key for the order number, which determines the order which a man will be examined for induction," it was explained.

Serial numbers will be drawn in the third national draft lottery Tuesday, March 17.

Serial numbers, while not determining the order in which a registrant may be examined, will be posted at the local board.

## Blood Collection Set by Auxiliary

**COLUMBIA, March 7 (UP)—**Miss Clara Luck, 4th district president, has announced that five mobile units for collection of blood will be donated to the Red Cross by the American Legion auxiliary. These units will be used to collect blood from donors in small communities where hospital facilities for handling blood are not available.

Perry Ryan unit was the first unit in 4th district to send its one dollar to the department secretary. The mobile unit purchased by the western division will be kept for use in the western states.

The mobile units are special trucks completely equipped to take blood from donors and preserve it for blood transfusions. The units are operated by Red Cross doctors and nurses.

Funds to purchase the five units are being raised by contribution of one dollar from each of the auxiliary's 9,250 units. One of the trucks will be bought and equipped by each of the auxiliary's five divisions and will be placed in operation wherever needed.

## CLOVER

William Schiefel has accepted the position as junior for Trinity congregation, and began his duties in that capacity Sunday, March 1. He will be in charge of the church, parochial school and community hall buildings, also caretaker of cemetery, church and school lawns.

Mrs. Henry Lutz recently received word that her mother, Mrs. Henry Stockham at Ruski, Neb., had suffered a stroke, and that she was somewhat improving.

Mr. and Mrs. Theo. Gehle were hosts at dinner Sunday to Rev. and Mrs. Dan Pfeiffer, Mrs. and Mrs. H. M. Thier, Mrs. and Mrs. Elizabeth Lieman and daughters, E. I. Goleman and daughters, "The Ritz" restaurant, Mr. and Mrs. Gollerger and Wynne Lieman were celebrated.

Mrs. E. Thier was honored on her birthday Tuesday, when her children appeared at the Thier home to spend the evening socially. Refreshments were served.

Mr. and Mrs. Edgar Terman are parents of a son, Tuesday at the Twin Falls county hospital maternity home.

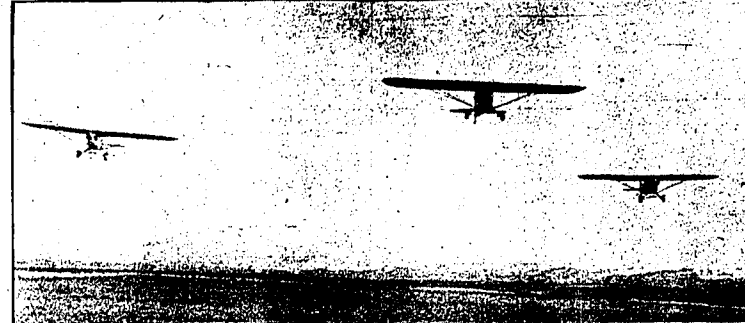

Norman Jagels recently made final arrangements in Boise before leaving in the near future to join the air coast division of the U. S. army.

Trinity Ladies Aid society met Thursday at the social hall. Mrs. P. Mathieson was the hostess. An all-day quilting was arranged by the sewing committee.

Wayne Harold, infant son of Mr. and Mrs. Raymond Schmidt, was baptized Sunday at Trinity church. Mr. and Mrs. Albert Schroeder were the sponsors.

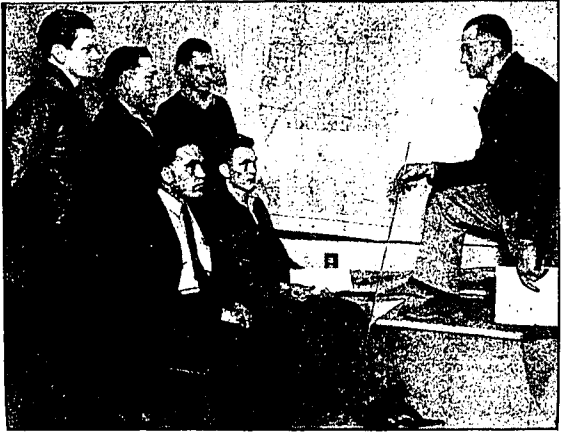

**Drama at Church**  
**KIMBERLY, March 7**—Rev. Roy Titus announced Saturday that the Kimberly church vestry people will present a play, "The House on the Sand," Sunday at 8 p. m. at the Kimberly Christian church.

## Air Patrol Squadron Plied Magic Valley Skyways

Banded together into a closely knit organization, members of the Twin Falls squadron, group two, Idaho wing of the civil air patrol, ply the airways over this section of the Magic Valley as an important part of the national defense program. Eleven planes are in the local unit and all are ready for instant flight. Also, all are under guard and only registered pilots who have passed

stiff FBI and CAA investigation, can fly them. In the above picture three of the ships start into formation shortly after they leave the ground. Each has an observer in addition to the pilot. Maynard Craig, squadron commander, was flying the lead ship with Don Hutchings at the controls of the one on the right and Joe Stevens the one on the left.

Knowing the country over which they fly is one of the rigid requirements of pilots and observers in the local civil air patrol. Here Commander Craig (right) instructs some of the pilots and observers in just what to watch for on each flight. Others shown in the picture are Charles Reeder, Arnie Olson and Ernest Snow, observers. All observers of the local unit must have had experience in flying although they need not hold flying licenses. Large maps of this area are noted behind them.

(Photo by O. A. Kelker, Times-News Engraving)

## Twin Falls Civil Air Patrol Alert to Help Armed Forces

By O. A. KELKER

Every member of the Twin Falls unit of the civil air patrol has a job to do and they are doing it. Vital in the defense of the nation, these citizen air units have been organized throughout the United States. The Twin Falls unit is a member of the 4th district of the Idaho wing. Other group units are at Burley, Pocatello and Idaho Falls.

Under the guidance of Maynard Craig, commander, the local flyers will be equipped with two-way radios at all times to "do the bidding" of the army, navy or like government departments.

All members of the corps serve entirely without pay—with exception that government pay for the pilot and observers and rent of planes when members are dispatched on official missions.

Under the setup, the armed forces will call on these pilots, and observers for courier service under war conditions, for the observation patrol of back-country areas or long stretches of uninhabited areas, patrolling for highway traffic under peace-time conditions, and for the evacuation of civilians.

Under the setup, the armed forces will call on these pilots, and observers for courier service under war conditions, for the observation patrol of back-country areas or long stretches of uninhabited areas, patrolling for highway traffic under peace-time conditions, and for the evacuation of civilians.

Link in Chain

Pilots and observers are, however, only one link in the "chain" making up the unit. Ground workers are just as important and these include spotters, guides, mechanics and radio operators.

Room most of the ships in the local unit are in the hands of the army, navy and the air force and a sending and receiving transmitter will be set up at the airport.

No members of the patrol are exempt for military service if called up and members will soon purchase uniforms, according to the latest word received.

The unit is run on a military basis and all flights are scheduled beforehand. The day of a civilian pilot justifying himself and flying where he wants to go is a thing of the past. Now each pilot must, before he leaves the ground, give a written report of just where he is going, how long it will take him to get back, how long he will be away, and he must stick to that schedule (barring conditions beyond his control). Three jobs have been offered by government and will fly no more.

In addition to Craig, other officers of the unit here include Glen C. Jenkins, executive officer; Lionel A. Dean, adjutant; Dr. Dean H. Ayres, medical officer; O. A. Kelker, intelligence and public relations officer; Ed Vogel, training and operations officer; A. W. Harris, equipment and supplies officer; Jack Snow, communications officer; and Cecil McDowell, drill sergeant.

The work of the patrol is not only in the air. They are being whittled into a precision drilling outfit by McDowell and will take courses in first aid, identification of enemy planes, ambulance driving, navigation, weather charting, map reading and radio telephony to name a few. The work of the members of the unit has been outlined—and it's being accomplished as one of the important aspects to defense of this area.

## British Farmer Works Hard on Sparse Rations

"Think you could 'get along' on 27 cents worth of meat and 30 ounces of these a week? I have to live on that," a farmer at Woodbridge, Suffolk, England, is doing it—and planning to work 40 acres 16 hours a day, to boot.

"I don't mind how hard I work, if we can win and beat Hitler!" That's the British spirit, as expressed by Barton Reece in "Bitter" his brother, Jack Reece, Rogerston.

It's Tough

Discussing the grim situation in the British Isles, Mr. Reece says: "It is almost impossible to get any more for the stock as everything is rationed. We have just got to make do with what we have. As I haven't grown any oats, I have to buy, and very dear for it."

"As for ourselves, we are rationed as low as possible—just enough to live on."

He continued that he had been in uniform for 22 months, but was home now "to work my land."

He added that a son was in the royal air force in Egypt, and his two daughters "will soon be ready for some branch of the women's services. Everybody that is fit enough, has to join up."

He will be exempt because he is classed as a farmer, but adds "I don't know just how I will be able to work my land, as I haven't got any money to buy some kind of implements. I can get some kinds of work. Three jobs have been offered me, but I must work my land or lose it. If I can't stand in and rough it out for one year, I may be O.K."

Well, Idaho farmers, how do you do your own job? Now the How you like to have to spread 265 tons of chank (lime) on your land?

That was the job Farmer Reece had to do. Everybody that is fit enough to write his brother in Rogerston, Idaho.

## FLOOD AT WELLS HITS AT HOMES

WELLS, March 7.—Excitement ran high here Thursday when flood waters forced several families living on Highway street to vacate their homes. Since the water started the first of the week, water from melting snows has been filling gutters and flooding the streets of Wells.

This condition reached a peak Thursday evening when Mr. and Mrs. Jess Whitters and family were forced to move out of their home, 1467 Highway street, and into a tent and belongings of the family were moved to the home of a friend. The residence, the floor of which was completely under water, is the property of Leo Quillet, Wells.

Others Move out

Flood waters also entered the basement of Mr. and Mrs. Hilda Lyons' home. Charles Mott reported that his residence had eight inches of water in it. He was forced to move out.

City workers, members of the highway department and volunteer citizens worked to drain the water off the highway and into the lowland by blasting and digging ditches. Flood water was dammed by burlap at the waterway and Highway to prevent it from entering other homes on a higher level. The water reached the backside of the homes on Fifth street from Cover avenue east.

It was also reported that the round house of the Southern Pacific at Wells, near the new camp where in the flooded tourist camp were in the flooded district. Clarence Sharp, proprietor, found it necessary to remove the bedding, mattresses and other furnishings from them.

## Trio Visits With Returning Officer

Mr. and Mrs. Gruver Wilson and Mrs. Henry Pindle went to Caldwell last week to meet with briefly with their brother, Lieut. Col. W. C. Specht, who stopped en route from Pearl harbor to Washington, D. C., to visit his family in Bend, and his family arrived in Bend last Sunday from Honolulu. The trio where he has been in command of a squadron of patrol torpedo boats at Pearl harbor since last fall.

Lieut. Col. Specht "had nothing to say concerning his mission to Washington, and making his permanent home life in Hawaii since Dec. 7, according to his relatives. Members of his family have gone to Yuma, Ariz., for an indefinite stay."

## PANTS-PARACHUTE TERMED SUCCESS

RENO, Nev., March 7 (UP)—The parachute pants, invented by Dr. Christian Volk of Los Angeles, made a success today by the man who gave it the first "live" test.

Bred Waltz, veteran parachute rigger, made a 2,000-foot jump in the thin air of mile-high Reno yesterday in the face of a 60-mile gale and said the new "trousers" were so good he could have jumped from a 75-foot elevation equally as well.

"It opens faster than any I ever saw," Waltz told Master Sgt. Carl M. Wicks, in charge of the test. "The opening shock was very low."

The basic principle of the "panty-chute" is a silken cone resembling a parachute under the canopy which diverts the rushing air to the outer edges.

Volk in the silken cone called "panty-chute" and contribute to the quiet and easy opening. Present chutes sometimes injure their occupants with the opening shock.

Wicks said the chute showed 75 per cent less drift than those the army now uses, permitting an almost straight descent. The next test he said, would be in a wind tunnel to determine how much punishment the chute will take.

## Two Go to Prison In Forgery Cases

JEROME, March 7.—Samuel Walter Franklin, alias George Kreuger, charged and found guilty of forgery, in Jerome county, and Keith James Why, also found guilty of forgery, have been taken to Boise to begin serving sentences for the felonies.

Franklin is a fugitive from a Col. order (and jail and was sentenced last week by District Judge T. Bailey Lee Burt. He will serve two to 14 years, Why, wanted also in Utah by authorities on a charge of burglary and forgery, was sentenced by Judge Lee to one to 14 year term in Boise.

Franklin was convicted of cashing a bogus check for \$275 recently at Moody's grocery in Jerome. When arrested he was found in his dugout at the bottom of Snake river canyon. An accomplice, a 15-year-old twin, Twin Falls, admittedly made out the worthless check. The youth was paroled to his parents.

## Here Is How You Can Kill 'Fire' Bombs

Latest methods of fighting fire bombs, as approved by the U. S. office of civilian defense, were outlined here last night by Fire Chief E. Z. (Zack) Bartlett, fire warden for Twin Falls.

Chief Bartlett said that "everyone must know what to do in case of an air attack, not only so we can keep fire damage as low as possible but also so we can all face such an emergency with calmness and self-confidence. Panic is the only thing to be afraid of."

This is it

It was pointed out by the fire warden that the two-pound magnesium type bomb is the kind military authorities expect will be used should enemy planes ever fly over this section of Idaho.

"Depending upon the condition of the bomb when you find it, you should use sand or water spray on it," the chief said. "It's about a minute before attacking it so as to be sure all the violent spattering is over. Then, if the bomb has not set fire to surrounding combustibles, it can be covered with sand, dumped into a metal pail and removed from the premises."

The chief pointed out, however, that if the bomb has started a fire, by the time the violent reaction is over, water spray must be used.

No Solid Stream

"Be careful never to let a solid stream strike the bomb, because that may cause an explosion reaction."

Purpose of the water spray is to make the bomb burn itself out as soon as possible.

"Because a bomb may penetrate the roof of a house and come to rest on the attic floor, it is a good idea to remove combustibles so as to limit the things that can catch fire," he said.

## Baker Moves

STUBBY, March 7.—Stubby's bakery, operating here for the past five years was closed Monday, Mr. Stubby going to Burley to operate a bakery there which was established several years ago. He has moved his family there where they will make their home.

SERIAL STORY

KINGS ROW

BY HENRY BELLAMANN

THE TOWER TRAGEDY

CHAPTER XVIII

WHEN Parris walked, Drake... Parris opened his mouth but he couldn't make a sound...

Drake turned. "Why, Randy... "Parris is going to Europe." Drake was looking very steadily at Randy...

Drake gave a deep sigh. "He's a nice boy, isn't he?" "The very best. Well—there he goes. Four years! Gosh!"

PARRIS and Drake stood on the little station platform. They felt stiff and awkward. A girl came through the station door and stood looking about...

'OLD EVERYTHING

"I understand the sarge used to run a flop house!"

SIDE GLANCES

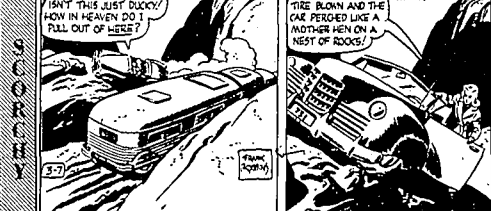

"Can't you imagine what Kings Row would make out of that?"

"He insisted no one ever forgot how to ride a bicycle—now look at him!"

# SKI MEET WILL ATTRACT THROG

Roads are good, snow's "wonderful," the parking area enlarged and some 33 pairs of skis are waxed for speed in preparation for today's downhill and slalom races during the third annual Magic Mountain Ski club burrney at Magic mountain, south of Twin Falls.

Expected to attract hundreds of Magic Valley residents, the burrney will begin at 11 a. m. today with the men's downhill races, followed immediately by the women's races.

Combined Time Slalom contests for men and women will follow the downhill races, and grand prizes will be awarded for men and women on the basis of combined time in the two events.

Feature attraction will be the double slalom exhibition races later in the afternoon. Miss Bethene Hager and Henry Molony will perform in the men's and women's races; Miss Hager and Miss Peg Kennedy will appear in the women's exhibition, and Paul Hardesty and Homer Duchman will appear in the men's exhibition.

Ruth Joy, Sun Valley ski instructor, was scheduled to appear with Mr. Molony in the men's and women's event, but has been sent by that resort to compete in the nationals at Yellowstone today.

Can't Participate Mrs. Betty Keiker, feminine winner in the first club contest held in 1940, was to have performed in the women's event with Miss Hager, but illness will prevent her attending at the meet today, according to Fred Rex, tourney committee chairman.

Snow has settled to a 7-foot depth on the level and will provide an excellent foundation for today's meet, he reported.

Sale of the lapel tickets, which will be continued at the mountain site today, has met with remarkable success, according to the committee head. Proceeds are to be used in keeping the road to the site open. Their purchase is not necessary to attend the meet.

## Executive to Visit

OLIN D. SHARPE

Who is the Boy Scouts of America's assistant national director of personnel, will confer in Twin Falls March 12.

## HIGH U. S. SCOUT OFFICIAL COMING

Olin D. Sharpe, assistant national director of personnel of the Boy Scouts of America, will visit Twin Falls on Friday, March 12, it was announced last night by Scout Executive Gordon Day of the Snake river area council.

Sharpe will confer with selected Magic Valley men who are active in Scouting. He will leave Twin Falls March 14.

Sharpe, 42, has served as scout executive at Stockton and Berkeley, Calif. In 1935 he joined the national office of the Boy Scouts of America in Scouting. He will have 1,000,000 men and boys in more than 32,000 Scout troops and cub packs.

## 12 SELECTEES GO INTO 'FRONT' LINE

Forty-two per cent of selective service registrants classified and reclassified by the Twin Falls county selective service board No. 1, this week have been placed in 1-A, fit for induction into the armed forces.

Twelve men are 1-A and six of them were reclassified from the former bracket of 1-B, deferred because they were 28 years of age or more.

Eight men were classified for the first time; 21 were reclassified and one was up for continuation, according to an official summary of the board's actions.

Of eight new classifications, three men were placed in 1-A; one entered 1-C, already in military service; and four were designated 3-A, deferred because of dependents.

One man was continued in 3-A. Of the 21 reclassifications, one man was switched from 1-A to 1-C; two entered 1-A from 1-B, fit for limited physical service; one was classified 1-A after being 4-P, unfit.

Also reclassified was one man from 1-C to 4-P; four from 1-B to 2-A, deferred for non-defense work; one from 1-B to 3-A; two from 1-B to 3-A.

Reclassification also affected a man entering 2-A from 2-B, deferred as a defense worker; six from 1-B to 1-A; one from 4-P to 3-A; and one from 4-A, deferred because of sufficient previous military training, to 3-A.

## Blackout Ordinance Passed at Gooding

GOODING, March 7 — Gooding now has a standard blackout ordinance giving the municipality the authority to enforce necessary curfews in this regard. The ordinance was passed at the regular monthly council meeting Monday.

The new law provides for an alert signal, two blasts of one minute each with a 10 second interval; a blackout watch of a series of short blasts; and an all clear signal of one even blast one minute long. It also regulates vehicular and pedestrian traffic as well as prohibiting the showing of any light.

## Merit Badges to Eden Boy Scouts

EDEN, March 7 — A court of honor was held in the I. O. O. F. hall Tuesday evening. Scout Executive Gordon Day and W. Francis, Twin Falls, were present.

Merit badges were awarded to Paul Juchan and Carl Staples, by Dr. Gordon Toblin, Twin Falls. The badges were for carpentry, public health and handicraft. Each boy received three badges.

Paul and Carl were each presented with their junior assistant Scoutmaster stripes.

A business meeting was held after the court of honor with Scoutmasters and executives from Twin Falls deciding to hold the district committee meeting April 12 at Eden with the Eden committee as hosts.
