LAVAL PROMISES MIDDLE-OF-ROAD FRENCH POLICIES

By RALPH HEINZEN
VICTOR, France, April 15 (AP)—Pierre Laval, prospective full premier with full power over a cabinet of his own choosing, pledged himself today to a middle-of-the-road policy between the United States, Germany and England. He said an immediate emergency agreement with Germany on the immediate frontier of Nazi-Vichy relations. It was revealed that Laval was brought back to power—more power than he had wielded before. His political collapse 10 months ago by a German threat to set up a puppet government in occupied France with Laval as its "capital" at Paris. Laval was called back only after the failure of a dramatic attempt to organize a compromise government under close aegis of the British Henri Philippe Petain, it was disclosed.

Cabinet Plans
Now he plans, it was understood, to form a cabinet of 15 members. It is in favor of collaboration with Germany. Well informed sources said, however, that with Jacques Doriot, French Fascist leader, nor Marcel Doré, Paris editor who is the chief collaborator, spokesman, would be included. A day of drama was climaxed at the outbreak of the meeting when Laval cancelled his previous cancellation of a bitterly worded rejection of a United States offer of an American consular recognition of the Free French government at Brazzaville, West Africa. It was reported that the rejection cancelled at the insistence of German authorities and it was finally released only after Laval, in Paris, had been assured by Hitler that it was not intended to complicate his position as regards the United States. The moment he was to return to resume office.

Cancellation Cancelled
The French press today called the note by acting Secretary of State Sumner Welles "lauding and praising" Laval. It was the first time that the world's "conduct" of French citizens who need no lessons in patriotism. Laval was announced at 8 o'clock last night. Half an hour later it was cancelled. But at midnight a special communique announced the cancellation of the cancelled text came from the foreign office. It was cancelled by the acting secretary of state, Sumner Welles. Laval's official Jean Francois Davion, formerly Darlan's office released the original version.

French to Britain
Fernand de Brion, chief Vichy envoy to the Nazi authorities at Berlin, made the announcement that Laval, instead of returning to the government in the capacity of vice premier, would be full premier.

Darian Stays
Darian, who succeeded Laval in December 1940 as premier, is in the main in the government as commander in chief of all armed forces. Laval will be in charge of the civilian defense. Laval will be in charge of the government, British ambassador, and Laval will be in charge of his own ministers. He will be responsible to 15-year-old Petain who is chief of state. British ambassador, Laval is fully satisfied with the new situation.

FLASHES OF LIFE
By Associated Press
SOUTH BEND, Ind., April 15—William Hutchins wondered if the war had come to his doorstep. He was raking his backyard when he turned up a hand grenade, and quickly called police. A police bomb expert assured him the grenade was a dud and probably came from the last war, not this one.

FDR AND CURTIN AGREE IN MAKING AN ARTHUR BOSS CO-OP

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, April 15 (AP)—Australian Prime Minister John Curtin heartily concurred today in President Roosevelt's statement that General Douglas MacArthur is supreme commander of the United Nations' forces in the southwest Pacific. Curtin's own headquarters, however, apparently was without direct information to that effect, and statement of headquarters spokesman appeared to indicate that uncertainty as to his status persisted. In answer to questions whether MacArthur was supreme commander, and what area his command covered, the spokesman made four points: 1. That the allied command had not yet been effected. 2. That MacArthur at present is in command of United States forces in the far east as he has been since July. 3. That the general headquarters have been moved from the Philippines to Australia, which is the only physical change that has taken place. 4. That the general headquarters are taking place in Washington and no decision of directive has yet been received.

Discussions Take Place
At 4 p. m. discussions were held in Washington and no decision of directive has yet been received. The spokesman said he could give more exact to say that the general headquarters are taking place in Washington and no decision of directive has yet been received. WPA, JOB SERVICE AIDING FARMERS

Survey in south central Idaho, where demand for farm labor is heaviest, showed today the cooperative plan of the United States employment service and the reemployment division of the WPA is supplying WPA labor to farms and other private industry at a rate of from 20 to 60 men per day.

A reemployment representative of the WPA, according to P. M. Snyder, acting state administrator, contacts the United States employment service each day, for job orders that might be filled by WPA workers.

In addition to this service, the WPA reemployment representative may be contacted directly to arrange the transfer of WPA men to private jobs.

Cited as examples of the effectiveness of the cooperative plan were: Burley sewer project, reduced from 81 men a month to 12 at present; U. S. No. 30 highway project from 48 to 18; Caccia and 181st military project from 10 to 4; and the timekeeper running the engine on the Buick mixer, etc. Many projects have been closed down already, with others being diverted from their agricultural field, to support water system and others scheduled for shutdown May 1.

In addition to hundreds of men being removed to private employment, 185 have been taken from WPA rolls and sent to Seattle for training and job in aircraft, shipbuilding and arms production plants.

Jap Drive Through Burma Is Major Threat to China Life

By DE WITT MACKENZIE
Wide World Staff Analyst

With the compass being boxed by speculation as to where the Japanese are likely to strike next, attention has been diverted from one of the great allied danger spots in which the Japanese already are achieving success, and that is in their drive through the Burmese backwoods to China.

There are, of course, several of these which the Japanese might undertake—against India, Australia, Russian Siberia—but there is one thing about which we can be dead sure—they intend to conquer China. After all, China is the keystone of their grandiose expansionist program. Hence the assault on Burma, which is a matter of anxiety for the allies.

China certainly would be hard hit by such a triple tragedy—loss of her lifeline to the outside world, loss of the oil which is essential to her war and air fleet, and loss of the rich southern territory upon which she depends so much for food and minerals. Yet losses surely represent the soul of the Japanese, who today are reported to have made still further gains in Burma.

British Premier Churchill's disclosure in the house of commons that the Japanese are operating a great sea and air fleet in the bay of Bengal, between Burma and India, fits in perfectly with Japan's drive on China. Of course, it is quite possible that this fleet presages an attempted invasion of India, but it certainly means that the Japanese intend to cut the American and British sea communications, since this helps constitute the invasion position in Burma.

Undoubtedly the Japs also are bent on more extensive naval and air operations, reaching throughout the Indian ocean and culminating in cut ailed shipping lanes with the whole middle east. Recognition of this likely is the explanation of today's news that Iran (Persia) has broken off relations with Japan. The allies are reticent as for action.

THREE MACHINES IN JEROME CRASH

JEROME, April 15.—Three automobiles were involved in an automobile accident here at the intersection of Lincoln and Third streets at 10:30 p. m. Tuesday. The front end of one of the machines, operated by Meyrick Jewell, Great Falls, Mont., was extensively damaged.

Investigating officer was Deputy Sheriff Paul Jewell, who stated that Mrs. Jewell was approaching the intersection from the south and she had decreased her speed. A second machine traveling behind Mrs. Jewell was driven by Bert Calen, Jerome resident. Calen was only slightly damaged in the rear. There was only negligible damage to the Jewell auto.

At 10:30 p. m. Tuesday, another auto accident occurred when an auto being operated by Ray Reynolds, Jerome, backed out from the curb in front of the North Star Inn, and struck an approaching machine being operated by Rev. Forrest Hill, pastor of the Episcopal church.

Only slight damage was reported. Investigating officer was a member of the city police force.

AMERICA ASKS MEN TO DEVELOP SNAKE RIVER

Editor, Times-News:

Your course you are now familiar with the movement of Idametrica. Just as the name is a contraction of Idaho and America, the program of Idametrica proposes to whip up enthusiasm in the state of Idaho to make the people of Idaho realize that we do have something in our state worth developing, and that we should preserve our department of interior with a constant stream of petitions, that it is a benefit to the nation, now at war, to do something about the development of our state.

Following is the petition suggested for all Idahoans who wish to assist in the war effort, and to help the nation's war effort, Idametrica, box 832, Boise, Idaho, is forwarding these to Mr. Keene.

J. A. DAVIS
(Sec'y, Idametrica, Inc.)
Boise, April 13.

Hon. Harold I. Levy,
Secretary, U. S. Department of Interior.

Washington, D. C.
My dear Mr. Secretary: Idaho COULD produce the vital strategic metals so indispensable to the winning of this war.

Idaho's timber COULD produce the raw materials for the nation's defense. Idaho COULD produce billions of tons of phosphate to increase the production of foodstuffs for this war.

Idaho COULD reclaim millions of acres of fertile food-producing farmlands for the growing of the much needed foodstuffs for this war.

Idaho's Snake river COULD be situated over 500 miles from the coast, and lying behind natural mountain barriers COULD be a site for a safe inland industrial empire for our defense industries.

Idaho's Snake river COULD produce billions of kilowatt hours annually of much needed hydro-electric power to drive the wheels of defense industry and to release the resources of our state for use in this emergency.

Idaho COULD help win this war if the nation WOULD help herself to Idaho.

Mr. Secretary, in the name of national defense during this war, and in the name of stabilizing peace after this war, and for the sake of improving our national economy and national wealth through the development of our nation's resources, I petition you and your department to consider the Snake river as an IMMEDIATE project for development.

Each dam on the Snake river will not only store water for irrigation and produce the hydro-electric power so badly needed to drive the wheels of defense industry and to release the resources of our state for use in this emergency.

Each dam on the Snake river will not only store water for irrigation and produce the hydro-electric power so badly needed to drive the wheels of defense industry and to release the resources of our state for use in this emergency.

Goodell said. "As a result, new farm security loans cannot be made until congressional action has been completed on appropriations for the new fiscal year beginning July 1, 1942."

Indicative of the all-out "food for freedom" efforts of local farmers is the fact that food production loans totaling \$2,304,000 have been made this year to 58 county farm families.

"Although additional FSA funds are not expected to be available prior to July 1, loan applications can still be accepted for immediate action when appropriations are completed," Goodell said.

SEAL SALE GOES TO NEW RECORD

Christmas seal sales in Twin Falls county for 1941 totaled \$1,944.40, the highest in the history of the Twin Falls County Anti-Tuberculosis association. It was announced following an association meeting yesterday.

The 1941 annual seal sale exceeded that of the year before by approximately \$400. Business meeting was held at the home of Mrs. H. E. Deise, county chairman.

Totals Listed

Mrs. R. Spafford, association secretary and chairman of the seal sales in Twin Falls, reported the following totals from various points of the county:

Twin Falls mall sales, \$845.50; Twin Falls rural schools, city schools, \$265.81; Kimberly, \$181.43; Piler, \$124.88; Buhl, \$235.00; Castleford, \$31.88.

Dates for the two sessions at McCluskey Memorial health camp were during the first of June.

The older girls' camp will be held from June 7 to June 23, and the camp for younger children, boys and girls, from July 5 to Aug. 16.

Campships Cost \$10

Campships for the older girls' three weeks of camping will cost \$10 apiece, and interest on campships and organizations are requested to contribute.

Those desiring to furnish campships may communicate with Mrs. Deise or Mrs. Spafford, Twin Falls, or Mrs. P. L. Runyon or Mrs. C. O. Smithson, Buhl.

Persons knowing older girls and children who should have the advantages of the summer camp are requested to notify Mrs. Mary Ann Reber Knudt of the Twin Falls district health unit, or Mrs. Elizabeth Smith, school nurse.

Application of Mrs. Wanda Lee Daspin for the position of matron at the older girls' camp was accepted. She is a superior teacher of the younger children's camp last year.

Twin Falls and Buhl members attended yesterday's meeting.

Sailor Saw Attack at Hawaii; Thought It Practice at First

BY EVELYN L. MARTIN

SIOSHIONE, April 15—The past four years have held their share of thrills for Zosky Frank, 37, of Sioshione youth who enlisted in the navy in 1937, and who is now in Sioshione before returning to his home in New York City for duty, destination unknown.

His most recent experience was viewing the Pearl Harbor incident from a boat just outside the harbor. In 1939 he was a member of the party that escorted President Roosevelt on a cruise in the Pacific Ocean. Later, he was on the cruise in the Atlantic Ocean.

Thought It Was Drill

Frank was returning to Hawaii to resume duty as a radio operator on a mine sweeper, after a 39-day leave spent in Sioshione. He thought it was a practice until he saw planes flying and ships pop up in the air. He was about 10 miles out, sounds from the barrage were returning.

The oil tanker on which he was returning to duty went out to sea later, he was on the cruise in the Atlantic Ocean.

Frank expressed the opinion that Japanese value their lives very lightly. He reported seeing their planes and other relatives flying in a parachute, they died head-on into a ship or on the beach.

He told of an interesting incident which happened in Pearl City. A Japanese owned a night club which was frequented by sailors. He was a perfect gentleman, friendly and very accommodating. He bought them drinks, took them on trips around the island, and used his car to return them to their ships when they were in the harbor.

Two weeks later a bomb in his establishment was found to contain a Christian church attended the 10th annual Christian Endeavor convention in Twin Falls over the weekend.

Transportation was furnished by Rev. Eugene Stump, Miss Cecie Madden, Miss Beal Tinsley and the Senior Endeavor meeting Sunday evening at the Twin Falls Christian church. It was in charge of the Rupert group, with Beal Tinsley presiding. Scripture was read by Raymond McGee, a talk on the origin of the church, Miss Cecie Madden and Miss Nellie McGee spoke on the "Foundation of the Church."

Those present from Rupert were Mrs. Margaret Hunter, Miss Cecie Madden, Miss Dean Bradshaw, Miss Nellie McGee, Raymond McGee, Beal Tinsley, Rev. Eugene Stump, Howard Leach, Vera Devo, Carl Cunningham, Florence C. Caudwell, Elyenne Connolly, Virginia Head, Donna Bush, Donna Thoma, Joy Riggs, Billy Quinn.

CHAPTER XV

A RESCUE party of one?

Alan stared at Escobar un-

believing. "Exactly." The colonel of ru-

rales bowed. "Good man! How did you do it?"

"Very easily. I took advantage

of the tide to float down here

in a small fast launch, its engine

still. I guided it to the eastern

shore of this island—the side op-

posite from the guards' quarters

—and drew its nose up on the

beach and ran unheeded. If

you'll go to your rooms and get

the fewest things you need—"

"They were out of the room be-

fore he had finished. In a minute,

Kay and Allan were back. The

Frenchman was not. Escobar

looked at his watch and fidgeted.

"The moon is coming up right

now," he said with a frown.

"I'll take the fellow," he offered

raising a trunk. "Where is he?"

"The answer came with awful

clarity. It came in a series of

atavistic explosions from the east-

ern shore as a gasoline engine

suddenly exploded, too, as if in

sympathy.

"A launch!" he cried. "That

son of a female frog!"

"He dashed from the house and

appeared in the direction of the

shore, leaving a trail of sulphur-

ous Spanish in his wake. Allan

and Kay, speculating from start-

pointment, followed more slowly.

Escobar when they overtook him

was standing on the shore look-

ing at a man a launch. De Fon-

tanelle had shut off the engine

and was drifting in a patrol of

moonlight 50 yards out. He waved

to them jauntily.

"So sorry," he called. "It is my

duty. You see, to prevent any

prisoners from escaping! My sym-

pathy—and good night!"

He put his boat in motion, head-

ing for the main island. Escobar

recovered his poise with an effort

the others could almost feel.

"So! As you Americans would

say, we now have M de Fon-

tanelle's message! Not a very good

friend, senorita, but a member

of the Japanese company placed

on this island to spy on you!"

"I just can't believe it!" said

Kay miserably. "He was—no

senorita—so nice!"

"Nobody is what he seems any

more," commented Escobar, play-

ing his favorite theme. "Which

reminds me, Senorita. I have

no wish to pry into your affairs

too deeply, but were you by any

chance dating the Sun Su? I

get you out of this—dilem-

ma!"

"Well—yes. Frankly, I was."

"In that case I have bad news

for you. Sun Su's hotel was burned

to the ground two nights after you

left. Apparently by a gang of band-

its who have since vanished. Sun

Su himself was shot and killed

while fleeing the building.

"Holy cow!" Allan selected a

smooth boulder and sat on it, his

knees to the sky. "Who were they,

Escobar?"

"Who, who shall say? At all

events, I'll miss Sun Su. He was

just a plain, old-fashioned crook

and cutthroat. He was chief of a

smuggling ring probably killed

by confederates who he double-

crossed from our military files—old

ones and valubles, but she has

not found that out yet. I estab-

lished myself so securely in her

trust that finally, only today, I

was invited to visit the cannery.

In a few days more I think my

relation would have been success-

fully completed. Then I looked

over here, as you whether charm-

ing lady doing tricks with a win-

dow—and here, alas, I am!

In the soup, as you say it!"

"I know just how you feel, being

in it myself. Say—just who and

what is our friend Miss Hinson?"

"She is who she claims to be.

As for what, I've learned she is

an international spy, a sworn, re-

pentine enemy of England, and

as big a crook in her own line

as the late Sun Su was in his."

"Oh!" gasped Kay. "A spy!

Will you—will you shoot her?"

"I suppose we will have to

eventually. Why not?" The offer-

ing lady's mustache gently,

GOVERNMENT CRACKS DOWN ON INTERNAL ENEMIES

"SOCIAL JUSTICE" MAILING HALTED

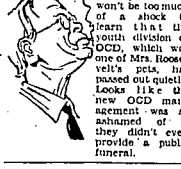

By EDWIN NEWMAN
WASHINGTON, April 15.—A major offensive in the home front war against internal enemies was waged today as the government revoked the mailing privileges of "Social Justice," the weekly publication founded by Shurtleff Charles E. Coughlin, Detroit radio priest.

The publication was denied the use of United States mails on the ground that it had jeopardized the war effort by creating racial hatred, especially leading agitators and dispersing the war aims of the United Nations.

Specifically it was accused of violating the espionage act of 1917, and making it "non-mailable."

The revocation of the mailing privileges was ordered by Postmaster General Frank C. Walker, after consultation with Attorney General Frank Biddle. A representative of "Social Justice" was ordered to appear here April 22, to show cause why it should not be made permanent.

Boy Scouts of Buhl On Overnight Hike

BUIL, April 15.—Fourteen Boy Scouts of L. D. S. Troop No. 2, headed by Earl Quinley, Scout commissioner of the Buhl district, went on an overnight hike to Danbury mountain Friday night, where they passed time on tracking, cooking, swimming and the Scout pack.

A large tent was pitched by the boys for a rain emergency, but was not used, as the Scouts slept out under the stars. Each had his own supper and breakfast. They returned at noon Saturday.

Rupert Garden Club Names New Officers

RUPERT, April 15.—Rupert Garden club met Friday with Mrs. A. A. Biddle. Plans were made for the year's work and the following officers elected:

President, Mrs. M. E. Willis; first vice-president, Mrs. Ada Anderson; second vice-president, Mrs. Fred Buckner; secretary, Mrs. W. E. Siffel; treasurer, Mrs. A. B. Biddle.

Year books will be available at the next meeting, to be held at the home of Mrs. John Biddle. The club has a membership of 23.

Labor Camp Clerk

BURLY, April 15.—Sidney R. Stuart, who has been employed as clerk of the county weed control program for two years, left this week for Nampa to become clerk at a labor camp. The court house employees greeted him with a gift prior to his departure.

TAMMANY PICKS NEW EXECUTIVE

NEW YORK, April 15.—Even before he was of voting age, Michael Joseph Kennedy, the new leader of historic Tammany hall, was helping to get the votes in the west side district in Manhattan where his father was district leader before him.

Kennedy, now serving six consecutive terms in the house of representatives, was elected leader of Tammany hall last week, after a contest with Joseph D. Sullivan, elected last Feb. 9 after a series of disastrous campaigns for Tammany, including three consecutive beatings by Mayor F. H. La Guardia.

By Breakfast Set By Sunshine Club

KIMBERLY, April 15.—Sunshine club met Friday at the home of Mrs. O. A. Tyler with Dolph Felton as assistant hostess.

Mrs. A. M. Walker and Mrs. Radford Walker conducted a program of questioning games. Both received birthday gifts from their secret pals. Refreshments were served by the hostess.

Next meeting will be held Friday May 8, in the form of a May breakfast at the home of Mrs. Wall Slaughter with Mrs. Carl Ridgeway and Mrs. Darwood assisting hostesses.

Instructor Named For Camp School

Mrs. William Reiman today had taken over duties as grade school teacher for children reading in shelters at the farm labor camp.

The instructor is furnished by agreement of school district and labor camp officials and close of school will coincide with closing in the city.

Classroom at the labor camp is located in the community hall.

Nurse Honored

BURLY, April 15.—Miss Lois Goodman, Red Cross nurse, left Wednesday to take up her work at San Francisco. Prior to her leaving, Miss Goodman was honored at a party at the home of Mrs. Ormer Lowe, with Mrs. Reba Riggs and Mrs. Ray Reid as assistant hostesses. A gift was given to Miss Goodman, and prizes for cards went to Mrs. Kalea Love and Mrs. Charles B. Spencer.

Bible Class Stages Fellowship Meeting

EDEN, April 15.—Regular Fellowship meeting of the adult Bible class of the Presbyterian church was held Sunday evening in the church basement. Mrs. Roy Gordon and her committee served lunch.

A program, conducted by Mrs. Hawley, followed, with group singing preceding Bible questions and answers. Mr. and Mrs. B. E. Gorton, Mrs. Roy Gordon and Guy Dixon sang two numbers and a poem, "God Bless America," was read by Mrs. George Lattimer, a short business meeting was held.

Beds Warned

A pan filled with hot coals was used to warn the beds of early American colonists. The pan was switched about rapidly between the sheets to prevent scorching.

Bull Stud Group Buys 3 Guernseys

Twin Falls bull stud has purchased two Guernsey bulls and one Guernsey bull calf. It was announced by Edwin G. Filner, operator, and county Agent Bert Boling, upon their return from Boise and Nampa.

Total number of animals acquired for service now is four, including the stud's original Holstein bull.

The animals have been brought to Twin Falls.

Rev. and Mrs. Titus Honored at Party

KIMBERLY, April 15.—Thirty-four members of the Christian church held a surprise party Wednesday night in honor of Rev. and Mrs. R. L. Titus, the occasion being their thirty wedding anniversary.

A pot-luck dinner was served late in the evening. The group presented the couple with a silver cake stand. Miss Lorene Titus, a daughter, spoke, and her parents a silver pitcher.

It is said that black horses are affected by the heat more than horses of any other color.

Blidde told Walker that examination of copies of "Social Justice" printed since Dec. 7, 1941 showed "a close relation" of material to "10 major themes which have been repeated by our enemies," and that the publication had engaged in a "sustained and systematic attack on certain of our activities directly related to the war effort, as well as upon public morale generally."

Blidde said the publication had "sought to lead the American people into the war was but a continuation and development of that prior to Dec. 7, 1941."

In the issue of Dec. 15, 1939, Blidde said there was a striking similarity to a speech of Sept. 13, 1935 by German Propaganda Minister Joseph Goebbels. Whole portions of Goebbels' speech, he said, were carried in "Social Justice" as an original article.

"What in a single instance might be excused as a careless oversight or intentional distortion of the truth—the more so when one considers the probable effect of such publications upon persons in the armed services of the United States and those not yet inducted but subject to induction and enlistment," he said.

Blidde's letter to Walker quoted several portions of past issues. A typical one was:

"March 23, 1942: How long will this war be pursued in America? Will Americans graciously bow down to all the totalitarian decrees which will restrict their sugar, their motor cars, their oil, their apparel, their way of life and their pocketbooks simply to satisfy the ambitions of those who translate victory by the complete overthrow of their enemies? Or will the American people want to listen to reason and terminate a war which now no one can estimate completely, and which Americans can lose completely?"
