

BUHL COW LEADS 3-COUNT IN HERDS

Highest cow in the Twin Falls-Mini-Casita Dairy herd improvement association is "Marilyn," milking 50.8 pounds in the herd of Charles C. Hart, Buhl, according to the March report compiled by Bernard Law, Burley, supervisor.

"Marilyn" produced 110 pounds of milk, 87.1 pounds of butterfat and tested 5.40.

Law stated that 619 milking cows out of 722 in the association produced 492,911 pounds of milk and 146,122 pounds of butterfat. He tested 45 herds.

Second Highest Cow
Second cow was "Lilly," registered Holstein in the herd of Ed O. Ehlers and son, Twin Falls. She produced 102.9 pounds of milk and 24.7 pounds of butterfat, testing 3.73.

"Daisy" was "Beattie," registered Guernsey in the herd of L. C. Freer, Burley. She produced 1,066 pounds of milk and 52.3 pounds of butterfat, testing 4.2.

Highest average for herds of more than 20 cows was compiled by the 25 registered and graded Jerseys of Arnold Fanner, Buhl. With all cows in the herd, they averaged 44.4 pounds of milk and 35.8 pounds of butterfat.

Second highest average was recorded by graded Holsteins of C. E. McClain, Twin Falls. They averaged 37.6 pounds of milk and 35.2 pounds of butterfat.

Top for 10-20 Cows
Ehlers' registered and graded Holsteins were highest in the herds between 10 and 20 cows. Sixteen milking out of 18 averaged 1,072 pounds of milk and 32.4 pounds of butterfat.

Second highest was the registered Holstein herd of Charles H. Hagar, Rupert. Twelve milking out of 14 averaged 1,175 pounds of milk and 39.0 pounds of fat.

Highest average for herds of less than 10 cows was made by registered and graded Jerseys of H. H. Coddington, Heyburn. Five milking out of six averaged 1,165 pounds of milk and 39.6 pounds of butterfat.

Second highest was the registered and graded Holstein herd of Henry Knapp, Burley. Five milking out of six averaged 1,162 pounds of milk and 38.4 pounds of butterfat.

BOMB HURLED IN LAVAL MEETING

VICHY, France, April 20 (AP)—Occupied France erupted with a bomb last night in the collaborative meeting of the Laval cabinet. The Laval cabinet meeting was held in the Laval government building at Vichy.

The Paris radio announced today that an unidentified man threw a bomb in the Rennes stien which 800 persons were listening to a collaborative meeting at which Jacques Doriot, a leader on the Laval side, presided.

Paris did not say what casualties there were, if any.

(As heard at London, Paris said that the person who was wounded when the bomb was thrown from the grand gallery while Doriot himself was speaking.)

(London also reported unrest in Vichy France and said heavily armed police were guarding the streets of the great Toulon naval base on the Mediterranean.

News also reported that German naval experts had arrived at Marseilles to take over the Vichy battleship Dunkerque, 25,000 tons, and heavy cruiser Duplexe, 9,533 tons.

It quoted Stockholm news that German crews had replaced Frenchmen in the cruiser Joan of Arc, 6,408 tons, and two destroyers, and that "Laval has undertaken to hand over the entire fleet.")

Auxiliary Honors Pan-American Day

GOODING, April 20—Observing Pan-American day, members of the American Legion auxiliary met Tuesday evening at the country home of Mrs. Clara Massey, Mrs. L. A. Faith presided for the ceremonial opening and the business session.

"Friends to the South," an article from the auxiliary publication, "National News," was read by Mrs. E. Fields, program chairman. Mrs. Fields also read several appropriate excerpts from the Rev. A. D. Dixon, D. D., pastor of the First Baptist church, Burley, who reviewed the article "Women in the Americas."

Poppy posters made in the Gooding schools were exhibited and judged by members present. Mrs. Mae Lyon, poppy chairman, was in charge of the judging. There were 24 posters entered in the local contest.

It was reported by Mrs. Ethel Nelson, Americanism chairman, that Dot Dixon, Marjorie Warrington and Twila Stratton had won first, second and third, respectively, in the essay contest. Awards for the essay and poster contests will be presented at the May meeting of the unit.

Numberless Plate Is Mystery—Or Is It?

By TOM JOHNSON
When you've seen an Idaho automobile license plate without knowing where you've seen about everything.

"Oh, have you? Nobody in these parts seemed to know this year.

Howard Alsworth, Twin Falls, recently found a 1920 Idaho license plate. Plates of that year are about as scarce as you can expect to find plates without numbers are a distinct oddity.

County Assessor George A. Childs, who issues license plates in Twin Falls county, said it was the first time in his life that he's seen a numberless plate.

Deputy Assessor Dean Millon said the same thing. So did S. C. Childs Stewart, who worked in the county auditor's office in 1920, the year the plate was issued.

"It may be a sample plate," opined Childs. "Certainly there'd be no point in issuing plates without numbers. Numbers are the only means of identifying the individual vehicles."

Sample plates are issued before numbered plates are distributed. They are given to governmental units and automobile companies so that officials may get a slant on what next year's colors and numbers will be.

(Staff Photo-Engraving)

"Only factor against its being a sample plate," was the consensus of opinion. "Is that such plates usually are numbered with zeros?"

One way to clear up the problem, it was suggested, is to send the mystery plate to J. H. Henscheid, Idaho commissioner of law enforcement, for his opinion. So he'll get it.

Balderson is in charge of issuing Idaho license plates, but he's used to seeing numbers on them. Frankly, this blue-and-white antique has everyone baffled. "I know anything about it?"

CHARGES TO BE FILED IN KILLING

AMERICAN FALLS, April 20 (AP)—Charges against a man expected to file formal charges against Guv Becker, 41, in the fatal shooting of the slain man, Loren McClain, 20, of Rockland, and the wounding of Becker's 17-year-old bride of a month, Mrs. Della McClain.

The shooting occurred, the sheriff said, when Becker walked into a local night club and saw the two victims sitting together. Becker allegedly opened fire with a small 22 caliber revolver.

Three bullets entered McClain's head, one which lodged in his brain, killing him instantly. Mrs. Becker was wounded in the neck. She is recovering in a local hospital, where she is being cared for by a local doctor.

Becker was arrested at the scene of the shooting and taken to the crowded club attempting to stop him.

He was apprehended early Sunday morning at the home of his parents, Mr. and Mrs. John Becker, by former Sheriff Buck Davis. Davis said Becker offered no resistance.

Becker is being held in the "technical charge," Hochstein said.

Agriculturists Urged to Raise Vegetable Seed

JEROME, April 20—Jerome county USDA was based tomorrow this week that vegetable seeds grown in 1942, to provide for "Jump for Freedom" and "Victory Garden" programs of the war, local, county and state crops and should receive the consideration from all farmers, wherever the need can be successfully grown.

Goals calling for increased production of such vegetables as tomatoes, cucumbers, eggplants, and other popular vegetables, have been worked out by the U. S. department of agriculture while the production of other staple, familiar vegetable seeds need be abundant at not less than the level of recent years.

Seeds especially desired to meet Victory garden, lend-lense and carry-over demands which may exist, must be available in quantity. These are garden beans, peas, sweet corn and carrots.

Since high standards of purity must be maintained to make seed production program worthwhile the usual practice of contracting growers with reliable companies will be encouraged in gaining the additional production needed in 1942, the war board announced.

MILK

During the last nine years the herd of 19 dairy cows owned by L. J. Tencknick, prominent Twin Falls dairyman, has increased in size from two million pounds of milk and 418.7 pounds of butterfat, making it one of the top ranking herds in the nation for milk production twice daily for this many years.

The high production and excellence of type in Tencknick's registered Holsteins have come about as a result of using several outstanding sires, and the development of some great brood cows. Tencknick has distinguished a "Progress Breeder" in 1940, which is the highest honor. The Holstein-Friesian association can bestow.

in other words

Mr. Clinton is Scotch. Her clan is the Lairds. And she has a traditional instinct of her race, fierce and a respect for her life that occasionally descends on me like a ton of rocks. But woman she is for 'at.

For instance, gasoline she will have put in the Hispano Plymouth because the H-F won't have it put in. Oil, too, she will have it put in. But water? No sir! She hasn't time. Even that I've free never did the trick.

But the other day I got her 15 said: "Lela, look—if you don't keep that cooling system going you're 2 to 2 miles per gallon of gasoline—a whole trip to town out every tank full!" Wow! Since then she has had her water like a good!

In case you happen to have neglected your radiator, try to this: it gets clogged up with lime, grease, rust and corrosion and it leaks. Members of the fan-belt might be loose, or the hose connections that—they can all work power and get for you at a merrily clip.

So stop in at a Union Oil station and let the Union Midget Men check the radiator. They'll flush it out and put in stuff to stop leaks, check the fan-belt, hose and pump and send you on your way with a cooling system that really cools.

It costs very little, depends on how bad the trouble is. So remember—your radiator should be checked and cleaned—by the Midget Men—at Union Oil stations.

Road to Dam Gets Repairs By Sportsmen

Road from highway 93 seven miles south of Rogerson, to Gray's cross-section on the Salmon river was in good shape again today following activities of a work party there yesterday.

The road was originally constructed by CCC workers and this winter part of the grade washed away, making it impossible to get down to the water's edge. Sixteen workers, including three directors of the Southern Idaho Fish and Game association, repaired the washed out section.

Director Fred Edwards and School Teacher, Earl Davidson and Laid Drexler, a steel trawler, provided by the Twin Falls highway district, now forms the outside edge of the grade in the area which was previously washed out.

In all, 20 persons were at the scene Sunday afternoon and was active during the afternoon.

An uncheduled event occurred during the luncheon period, according to Drexler. Two coyotes, apparently attracted by the smell of food, came within 30 yards of the group. Pistol fire wounded one of the animals, but neither were captured.

Drexler also noted that there is more than 30 feet of water in the area since the winter. Fish is the greatest since 1921. A temperature of 61 degrees in the water makes it warm enough for all fish to propagate.

Fishing at the dam opens May 15.

PROBE OPENS IN ILLINOIS BLAST

PEORIA, Ill., April 20 (AP)—Federal and county authorities today investigated an explosion at the Edwards plant station of the Western Cartridge company, 12 miles west of Peoria, in which two workers were killed and the main press mill was demolished.

Sheriff A. E. Stoneback said there was no evidence of sabotage.

The dead were identified as Roy Bennett, 38, and James Hays, 47, both of Peoria, Ill. No others were injured and there was no fire.

Cartridge powder manufactured under federal contract apparently exploded but the cause was not known. No estimate of damage was given.

P.T.A. Meeting

JEROME, April 20—Monday afternoon, May 4, executive board members of the Washington P.T.A. will meet at the Washington school to discuss plans for the annual teachers' party.

CREEL WARNS ON STRICT CENSORS

PRINCETON, N.J., April 20 (AP)—George Creel, director of the committee on public information in the first World War, warned today that any attempt to enact press censorship legislation would be "absolutely disastrous to national unity."

Writing in the public opinion quarterly published by the Princeton university school of public and international affairs, Creel asserted that even if a censorship bill were passed by congress and even if the president were to sign it, it would be "no preconcerted plan of operation and no amount of trained personnel could make it work."

The morale of a free people, he continued, "depends in the last analysis upon the feeling of the citizen that he is being given the truth, the whole truth and nothing but the truth. Anything other than that is bound to result in disaster, for no matter how much the truth may be suppressed, sooner or later it is going to come out."

Medical Mission Worker Speaks At Jerome Meet

JEROME, April 20—Dr. Hartman A. Lightward, one of the few doctors of medicine to become ordained ministers, and who has served under the Presbyterian church board of missions for 22 years, was the special guest speaker at a recent meeting held at the local church.

He has only recently returned from his post of head of the Presbyterian hospital in Hamadan, Iran.

The country of Iran is struggling with bitterness. Dr. Lightward stated, over the invasion of the British-Russian armies he observed, but he believed that the invasion was positively necessary from the allied point of view. It has been aimed, he declared, to obstruct a thrust from the Japanese and German armed forces across Turkey.

The Presbyterian hospital is the only modern hospital in Hamadan, with a 100 mile radius, and it serves a population of nearly half a million.

As soon as travel conditions allow, he will return to Iran, taking with him a modern X-ray unit. He plans to complete a lecture tour from the east through the west coast.

Here's Way to Shut Down on Rumor Wave

By JOSEPH L. MYLER
WASHINGTON, April 20 (AP)—Next time some stranger offers to tell you "what really happened" at Pearl Harbor or elsewhere, don't take him.

Just ask him:

1. Who he is; demand his credentials.
2. Where he got his facts; make him produce them.
3. Why he is telling his tale to you.

These rules for handling rumor-mongers were outlined recently by Lieut. Comdr. Thomas J. Keane, USN, usually work, a naval intelligence officer said today.

Third is Sure

If the man bending your ear is a fifth columnist, the first question may shut him up. If he's an innocent dupe of a fifth columnist, the second question will alarm him because rumor-mongers seldom can trace the origin of their rumors. The third, if pressed, is a sure-fire tongue-lacerator.

"Spreading misinformation is a favorite trick of fifth columnists," the intelligence officer said. "The purpose, of course, is to create distrust of official announcements and infect the people with vague, untrustworthy information."

"Not all fifth column activity is as unobtrusive as that in the 'truth-about-Pearl Harbor' category."

Fredrick Over Defeat

Recently an industrialist friend of the intelligence officer remarked casually that he would be glad to get his business back on a percentage basis. He mentioned February, 1943, as the month in which he expected to accomplish the return to normal.

"I asked him where in the world he got the idea that he would be at peace by next February," the officer said. "He told me that some time ago he had been assured by the members that victory was just around the corner."

That's news, it appears, have been predicting the early defeat of their own side, hoping thereby to lure Americans into a false sense of security and cause a letdown in the war effort.

University of Idaho Faculty Pianist to Offer Concert in Twin Falls Wednesday

Raymond Lawrenson, member of the University of Idaho music faculty, who spent three years at the Conservatory of Music in Leipzig, Germany, and appeared in numerous recitals in Leipzig as well as in a performance of the Bachminuet O Minot Concerto with the Leipzig Symphony, will appear in concert in Twin Falls Wednesday evening, April 22 according to Edward Rogel, principal of Twin Falls high school.

Mr. Lawrenson, who is also scheduled to present concert programs at Burley, Rupert and Kibberville this week, will judge piano contests in the Class A district music festival at Rupert this week-end.

He will be assisted Wednesday by the Twin Falls high school, a capella choir, directed by Miss Marie Albertson. His program, to begin at 8 p. m., will be played in the highway grand piano in the high school auditorium.

Degrees at Kansas

Mr. Lawrenson, who received his bachelor's and master's degree in the University of Kansas, studied piano with Carl Freyer while there, and composition under Dr. O. Sedlitz.

While in Germany, he studied with Robert Teichmüller, who had conducted a concert from every part of the world; and studied composition with the late Hugo International, recognized as an organist and considered by many as the greatest composer for that instrument of the twentieth century.

Since returning to the United States, Mr. Lawrenson has coached with Frank Mannheim of the Idaho school, with Rudolf Gans and Josef Liehring.

Last month, for the third consecutive year, a student of his won the annual concerto contest which carries with it the privilege of performing a concert with a symphony orchestra in Spokane, Wash.

Tickets for the concert are being sold by members of a symphony orchestra in Spokane, Wash.

Also secured at the principal's office at the high school.

Concert Programs

Mr. Lawrenson's program will include the following numbers: "Trio in G Major," "Trio in D Major," "Sonata op. 53 (Waldstein) in C minor," "Introduction-Rondo," Beethoven.

His second group of numbers will include "Mazurka No. 20," "Chopin," "Etude op. 25 No. 11 (Winter Wind)," "Chopin," "Nocturne op. 9 No. 2," Chopin and "Fantasie," Liszt.

Preceding his final selections, the choir will sing "Jesu, meine Nocturne," Franz Borchers; "White Dances in the Rain," Loomis, and "The Loom," Stron.

Final piano numbers will be "Fireworks," Debussy; "Scherzo," Scriabin; "Inspiration from the Devil," Prokofiev; and "Waltz Fantasy," Strauss-Groffeld.

Plans were completed for the monthly social party to be held Wednesday at 8:30 p. m. at the home of Mr. and Mrs. Elton Ealing, three miles south and three miles west of South Park.

The party is to be a "backwards" affair, and all are asked to wear backwards costumes. Each member is to bring cookies.

Zephyr Club Has Pinochle Session

Zephyr club was entertained by Mr. and Mrs. Robert Olson Friday afternoon at the home of Mrs. Marion Adams and Mr. and Mrs. Hart Olson.

Refreshments were served.

Duffle Bags and Bonds—Item for You to Consider

If you were going to a foreign country for an indefinite stay, what would you want to pack? Clothing for every occasion and change of weather; cosmetics, toiletries, dentifrices, and the everyday comforts you might not be able to purchase abroad. Your favorite books, a typewriter, camera and the appliances of your favorite hobbies, of course.

But, when the enlisted men in the armed forces of the United States board ships for "down under," all the possessions they are allowed to take are contained in small duffle bags, one to a man. Shipping space must be saved for the more important commodities of war. Officers are allowed more baggage.

If they can get along on so little, while fighting in war in Australia, can't you do without a few more "non-essentials" and convert that money into defense stamps and bonds?

Remember the men with the duffle bags.

Farewell Party Staged by Lions

JEOPARDY, April 20—Honoring Mr. and Mrs. Lew Treat and Mr. and Mrs. J. J. Eiler, who plan to leave for Canada, the April meeting of the Lions club was given at the Wood's cafe banquet rooms Tuesday evening by the members of the Lions club, of which Mr. Pratt is president. Approximately 40 guests attended the occasion. Miss Eileen Jones, Jerome high school student, sang three selections, accompanied by Miss Anna Mae Odomson.

Mr. and Mrs. Harry Bloner, Shoshone, were also among the guests.

Spring Banquet Staged by J. U. Club and R. N. A.

Royal Legion and R. N. A. club members entertained at the annual spring banquet Friday evening at the I. O. O. F. hall. Sixty guests, including husbands, attended the party, which was followed by a regular lodge meeting, during which the men played pinochle.

District Deputy Edrie Watkins and Oracle Gladys Thomas and all members whose birthday anniversaries were during the first four months of the year were seated at the birthday table, which was centered with large, decorated cake flanked by tall yellow tapers in crystal holders.

Other tables were decorated with tulips and fernery, and the hall was decorated with forsythia and greenery.

Welcome to guests was given by Mrs. Thomas, and group singing was led by Mrs. Helen Minnick. Mrs. Lena Kunkle was general chairman of benefit at the meeting.

During the lodge meeting upstairs, Mrs. Watkins made her official visit to the organization. Mrs. Thomas presided.

Circle No. 2, W. B. C. S. of the Methodist church, will have guest day at the home of Mrs. J. M. Shure, 148 Second street, next Tuesday, April 21, at 2 p. m.

CAMP FIRE GIRLS

FORSYTHIA

Porynthia group of the Blue Birds met Friday at the home of Edrie Watkins. The meeting opened with the salute to the flag and the singing of the national anthem.

M. Brown, Red Cross knitting instructor, continued the knitting lessons. Refreshments were served by Mrs. McMillan, mother of Ireta.

Guests Honored

FILER, April 20—Mr. and Mrs. Harold Brien entertained Saturday evening honoring Lieut. Warren Tegan and wife, who leave today for a new location, after visiting relatives for several days. Other guests were Mr. and Mrs. Donald Brien, Twin Falls; Mr. and Mrs. Edwin Tegan, Shoshone, and Mr. and Mrs. Howard Tegan, Filer.

● HERALD STORY BY EDMUND FANCOTT CHAPTER I FRANTIC WEEKEND

MYRA MACK had spent two days on the lake shore near Montrose. It was not a pleasant thought to be facing the city, hot and humid, the office, stuffy and bristling with Monday problems, after a cool, idyllic weekend.

Illustrated by George Scarbo

"Look at those lips," said the soldier as though he had known Myra all his life. "I am looking," said Myra. "They look as if they had been put on with a rubber stamp."

His shoulders were the pips of a lieutenant. "Look at the eyes," he said in a low voice. "I am looking," said Myra. "She was macabre. Too much for a face like that."

"Look at those lips," said the soldier as though he had known Myra all his life. "I am looking," said Myra. "She's crazy. She has a very serious look about her."

The soldier nodded in agreement. "But she still looks like Spring Song and the Wedding March to me."

Myra shook her head. "That's the worst of men. They fall flat at the first imitation of a magazine cover they see."

At that moment the train chugged into the station with clouds of gray smoke trailing the summer months and a flood of noise drowning out voices.

She accepted the presence of the officer by her side with resignation. She glanced at his face and decided that she was glad that he was in battle dress but that he

looked more interesting than obviously handsome. "You are wrong," he repeated. "I have not fallen for her."

"But you could," said Myra. "Not because she is macabre or has a blood-red tear biting the most fetching pair of lips . . ."

"Cut it out," said Myra, with an abruptness that surprised him. "It's Monday morning."

"That's just it," the officer said. "Where do you suppose she has been making all these weeks?"

Myra laughed with a touch of cynicism in her laughter. "On a flat in Lake St. Louis, surrounded by men."

"In a dream of a swan suit," echoed the officer. "Say," said Myra. "You sound like a man who has been lured away from the lighter things of life."

"Pshaw," replied the officer. "And I suppose I'll stay here as far as this one is concerned."

Myra smiled. "She is beautiful. 'Mmmmmmm.' Then he was silent for a few moments, lost in thought. And not of Pshawawa, Myra thought before.

"And I've heard that everywhere before," said Myra. "Stock statements."

THIEF BREAKS IN SAFE AT SCHOOL

GOODING, April 20—A burglar, believed to have hidden inside the building while teachers were listed here early in the evening, last night took a sum of money and war stamps from the safe in the superintendent's office of Gooding high school, according to sheriff Clair Kirk, who is investigating the robbery this morning.

Supt. M. W. Tate left the building at 10 p. m. yesterday, and Miss Evelyn Peterson, deputy member, left the site at 10:30 p. m. All outside doors were locked when they left, and all were locked when teachers and students returned this morning.

The lock had been knocked off the office door and the dial to the safe was broken completely off, according to Sheriff Kirk, who said it appeared to have been removed with a "Jimmy" bar.

The desk of Mrs. Catherine Drayton, home economics instructor, was also ransacked. Nothing was taken, according to Sheriff Drayton, who at first thought the ransacking was the work of a student.

A partly open window in the gymnasium, believed to have been means of escape for the thief, who took between \$10 and \$15 in petty cash, and \$10 in war stamps.

"There is plenty of fingerprint evidence in the office, and a thorough search is being made, and Sheriff Kirk said.

JAPS ARTILLERY, VE-BOMBERS SHELL CORREGIDOR FORT

NEW TACTICS HIT ISLE DEFENDERS

By MARK JOHNSON
 WASHINGTON, April 20 (AP)—Corregidor and other American fortifications in the Philippines were severely shelled by Japanese artillery and dive bombers yesterday.

The attack was the first reported by Japanese news agencies to be directed by electronic enemy batteries and troop and truck concentrations on Batavia, the war department reported today.

It also revealed that a new tactic by the Japanese—Philippine island of Mindanao inflicted the heaviest damage when it launched two attacks last week of Japanese troops near Zamboanga, one of the island's major ports.

The city had been in enemy hands for some time but the tiny force of defenders had inflicted considerable damage by hit-and-run tactics.

The Japanese then launched an operation on an island fort from new positions in Cebu and Iloilo.

Presumably the Japanese had been forced to move their artillery by the deadly accuracy of the anti-aircraft guns and the other batteries, which were reported yesterday to have shelled the island and possibly five.

Today's communiqué told of three additional enemy batteries being alerted.

Three troop and truck concentrations on Batavia were reported yesterday by fire from Corregidor.

The Japanese artillery and dive bomber attacks were supported by several attacks by enemy light bombers operating from the island.

The Japanese reported that they were using a new tactic of anti-aircraft fire. Whether this was a dive-bomber or high-altitude bomber was not stated.

One Route in Bombing Tokyo

American air forces have bombed Tokyo and Japan's great industrial area (indicated on map). . . . but official word as to the route used by the B-29 bombers is still withheld.

One possible route by way of the Kurile Islands leading to Tokyo from Alaska bases. The isles are spotted all the way from America's Aleutians to the heart of Japan.

Sabotage Germans as Hitler's Gift, Red Radio Urges Women

By O. A. KELLEK
 Today is Hitler's birthday—today is the day when the Moscow broadcast, heard in Twin Falls, called upon "all women" to sabotage Hitler's birthday.

The radio Moscow, with a woman speaking in English, pointed out that "tomorrow is the birthday of the German murderer, the fascist."

"Do the Germans damage at every turn as a birthday present to the world."

"Demand that your fathers, sons, husbands and sweethearts turn away from the front lines and attack Hitler. Let your wrath in his way being on to inspire the people of the world."

"How long will you endure this? Think about your youngsters and the men in the war, then act. We must have cooperation of all women in this undertaking."

"Sabotage everything possible. As Hitler's birthday present on his birthday, a present he will remember."

"As explained during the broadcast heard here over shortwave today from the Russian capital, P. F. Laval, a peace and been made throughout the day in other languages."

"The entire world is celebrating tonight in the attack being the lines and in the occupied territories."

Interesting too, in last night's broadcast, reports of activities at the front. At least one thing stood out—the Russian woman announcer went into detail on just what was captured from the Germans in various skirmishes.

The program also includes a spring operetta, directed and costumed by the school's first aid station.

Mr. Deets Stradley, Twin Falls county school superintendent, will give the baccalaureate address.

ALERT SOUNDED ON WEST COAST

SAN FRANCISCO, April 20 (AP)—The presence of an unidentified "target" off the west coast kept central coast cities of California in a state of alert for three hours Sunday morning and provided civilian defense agencies with plenty of practice.

The alert was cancelled at 4:30 p. m. Presumably the "target" was identified. The army indicated by the term "target" that there was something to "shoot at," but the brief announcement was not amplified further and the populace could only guess.

Usually alerts have been called by the presence of unidentified planes, which are identified as friendly.

It was San Francisco's 14th and longest alert since the war began. Many sleeping citizens remained unaware of the alarm until long after the three-hour Sunday morning and provided civilian defense agencies with plenty of practice.

HITLER REPORTS 18 CRAFT SUNK

BERLIN (From German Broadcasts), April 20 (AP)—A special announcement from Adolf Hitler's headquarters declared today that 18 enemy ships totaling 131,000 tons had been sunk in the Caribbean sea and in the Atlantic off the American coast.

The bulletin, broadcast over the Berlin radio with the fanfare usually accompanying the announcement of a great victory, said a German submarine also had shelled and set afire a merchant ship.

In addition, German underwater raiders, cooperating with the Nazi air force, were reported to have attacked an enemy convoy in the Arctic sea, sinking two ships totaling 12,000 tons, downing three others and scoring hits on escorting warships.

In the Mediterranean, the announcement said, another German submarine penetrated British harbor and torpedoed a merchant vessel at her berth.

Another U-boats shelled electric works at Belfast, "destroying" heavy damage was caused," the bulletin added.

War Bonds and Other Rewards Await U. S. Bombers of Tokyo

CHICAGO, April 20 (AP)—A \$100,000 war savings bond is awaiting delivery to the first U. S. bomber who bombed Tokyo, John L. Keehan, head of a trucking company.

The prize bond, offered by Keehan several weeks ago, is in custody of the Rev. Preston Bradley and will be given to the flyer of his bid.

"I am very happy over the news that the bomber who bombed Tokyo," Keehan said, "I had hoped that we would do it earlier. But we've done it once and we'll do it again. We'll do it because we're a lot more bonds for our boys who are keeping them flying."
