Crew of 3,000 Will Erect Jap Center; Starts May 15

TWIN FALLS AND JEROME HOUSING QUARTERS ASKED

By O. A. KELLER

Construction work on the Japanese relocation center near Eden will get underway about May 15 and 3,000 men will be employed to rush the project to completion, representatives of Morrison-Knudsen company, Boise contractors, announced here Saturday.

Announcement was made by J. H. Gaskill and A. E. Lee, company representatives, who conferred here with city and civil officials relative to housing an estimated 12,000 of the men who will not have their own facilities.

Under contemplated plans, it is believed that some 800 of the men will be quartered at Jerome and an almost equal number in Twin Falls, but preliminary steps must be taken first.

It was thought that a portion of the mobile farm machinery later camp at Jerome and also a portion of the permanent camp at Twin Falls could be used for this purpose for the "maximum of 90 days" which the company representatives said will be necessary to complete the project.

But PSA officials at Portland, Ore., turned "thumbs down" on the proposal advanced by Jerome and Twin Falls business men and city officials. They explained that the space at the camps had to be held because of possible influx of farm laborers "the housing of such workers being of paramount importance at this time."

Ray J. Holmes, president of the Twin Falls Chamber of Commerce, immediately announced that a city committee would be formed to study the problem.

Officials who will be in charge of the construction near Eden will be supplemented in all phases by the schools of the county where consumers will register for ration books, but that this work was not immediately available.

All should register

All persons should register, have a member of their family register for them, regardless of the amount of sugar they have on hand. It is no crime to have more than the permitted amount of sugar on hand," Anderson said, "but it is a direct law violation if they do not declare that amount."

The Twin Falls rationations may be made on any of the four days from 4 to 8 p. m. Other sections have their own times. The rationing register at the grade school in the district in which they live.

Anderson and price control will be discussed by Rev. Mark C. Cronen, here who will speak over KTFP Sunday at 10:30 a. m.

Following are the officials for the rationing in the four local grade schools:

Lincoln: Miss Beulah Wain, administrator; Bert Colby, 44, school H. R. Grant and Charles Pryor, assistant.

Washington: Mrs. Nora Fletcher, administrator; Arthur B. Wilson, 40, assistant; Ralph P. G. W. Abbott, assistant.

Bickel: Mrs. Ethel Gray, administrator; Ronald Gray, 35, assistant; Ralph Carpenter and Leo Anderson, assistant.

Anderson said that it is expected that 13,000 to 15,000 ration books will be issued in Twin Falls and an approximately 40,000 in the county.

Escaped Nazi Pilot Caught By FBI Men

SAN ANTONIO, Tex., May 2 (AP)—A handsome young German bomber pilot was captured Friday afternoon on the United States following his escape from a Canadian concentration camp, was held here today by the federal bureau of investigation.

Apparently headed for Mexico, Peter Krug, was caught in a small hotel here last night, thanks to the help of a Canadian agent, who was the hotel manager, whose name was withheld, detected a similarity between the guest and the FBI picture of the escaped pilot.

The FBI had been following the man, with a card of pictures and information regarding persons wanted. Krug registered Friday afternoon under the name of Jean Eddi, Brooklyn, N. Y.

Mountain Yields Air Crash Victims

CIBABRON, N. M., May 2 (AP)—The cold wooded hills of the high country today yielded up the shattered bodies of seven army aviators, victims of a four-engine bomber about the side of Trail peak 11 days ago.

The plane was heading toward Albuquerque when it hit the mountain, 15 miles southwest of there. In the stormy darkness of April 22 in route from Kansas City to a routine training flight.

The wreckage was spotted from the air yesterday by searching planes sent into the northern New Mexico mountains on a tip from a weatherman.

All members of the crew apparently died instantly.

Transports Sunk, Planes Destroyed in Heavy Action

By The Associated Press

United Nations planes struck hard, new blows at the invading Japanese, it was announced today (Sunday) even as the down-under continent of Australia girded for a possible full-scale invasion attempt.

A communiqué from the headquarters of General Douglas MacArthur said allied planes scored a direct hit on a Japanese transport, damaged another, capsized a tender, destroyed six Japanese planes and damaged six more in action over New Britain and New Guinea.

Three Japanese flying boats were destroyed at Salamaua.

No change was reported in activity in the Philippines where there has been little action in recent days.

Quickly Australia officials warned that a possible full-scale Japanese attempt at invading the Philippines might be the first indication the Japanese were preparing to launch a surprise invasion of the eastern coast.

At the same time the invader pushed his advance in Burma where capture of Mandalay was claimed.

Scouting planes observed two scouting planes were observed over Townsville, on Australia's east coast, flying at 30,000 feet altitude. One of the planes was shot down, and the other was seen to be in flames.

Placed in the direct peril as a result where the hand-driven British and Chinese forces fighting to retain the remaining and tenuous overland links between free China and the United States.

Two Choices

With the famous Burma road already cut, and Japanese troops within 40 miles of the Chinese border, Emperor Hirohito's high command was on the verge of deciding a fateful decision: Whether to try to knock China out of the war by invasion from the north, or to attempt to knock China out of the war by invasion from the south.

That situation rendered completely insignificant all other decisions of the Japanese high command. United Nations experts said.

The Japanese high command's appearance of Japanese reconnaissance planes 700 miles down the east coast of Australia, and reports that Russian forces were driving deeper wedges into German positions on the front, were also factors in the decision.

It was in fact a decision that the Japanese high command had to make. It was a decision that the Japanese high command had to make.

ALASKA GOVERNOR DIES

JUNEAU, Alaska, May 2 (AP)—John Wier Trow, 73-year-old former governor of Alaska, died today.

Shades of Old West—Horse Runaway Stirs Main Avenue.

Shades of the old west—with screaming women, nervous men and runaway horses.

It was about what happened in the near-downtown section of Main avenue south Saturday evening.

A gray and brown workhorse team—so the tale goes—was harnessed to a stagecoach (or well, after this was Kentucky, a derby day, and a horse is a horse, you know) the horses started to run.

Women screamed (at least one), traffic (auto kind) scattered and even the new police officers (well, after this was Kentucky) fled.

They ran down the middle—straddling the yellow line.

Into the downtown section they came, their hooves thundering.

Game called. The crowd fled. The police fled. The spectators fled.

The wagon? Oh, yes, spectators report the horses had only taken three wheels with them when stopped. The rest must have been left behind.

With three as they are, a story such as this might not even be new.

JAYCEE POST TO MYRON SHAEFFER

BOISE, May 2 (AP)—T. Wilbur Dabbs, president of the Idaho Junior Chamber of Commerce today, in the organization of a youth council.

Dabbs, who succeeds Robert A. Hogg of Boise, was named as treasurer Tuesday.

Dr. G. T. Cornett of Kellogg was named national director succeeding Ralph C. Hogg of Idaho Falls, president of the organization.

Elected to the four vice-presidencies were Herman Lampman of Pocatello, Cliff Griffith of Jerome, Dr. H. M. Kjaer of Lewiston and A. B. French of Pocatello.

Haley Man Treasurer

Robert Sessions of Boise was elected as secretary.

Selection of the site for the 1943 convention, dubbed a "war of wits," was won by the "war of wits" committee. Twin Falls is favored.

Tomorrow about the more than 100 persons attending will hear Hogg make the president's report, then on resolutions and witness presentation of awards to local chapters for projects carried out.

John B. Hennell, assistant to the president of the Utah Power and Light Co. at Salt Lake City, was the speaker tonight.

Following the dinner, a meeting preceded an inaugural ball.

The chamber was founded by Ernest A. Hogg of Billings, Mont., national J. C. C. vice-president, that the organization is our objective by all Jaycees means," he added.

"It is only traditional that Jaycees be the first to select a president after the treacher of Pearl Harbor," he said. "The record is sufficient proof."

"Jaycees must be prepared to meet emergencies in their usual manner," he said, "without delay, without delay, victory is our objective by all Jaycees means," he added.

719 EXAMINED IN HEALTH CHECKUP

JEROME, May 2 (AP)—A total of 719 Idaho pre-school and school children, and a number of adults, were among those who received immunization care and general health check-ups Tuesday and Wednesday during the annual health check-up.

The check-up was conducted by the county public health nurse, Elva A. Pugmire, supervised the round-up.

Checks were conducted with assistance of two Jerome physicians, Dr. Lauren M. Neher, who was at the Lincoln school, and Dr. Carolyn Smith at Washington.

Participating were P. T. A. members, Mrs. Pugmire, Mrs. L. A. Wheeler, R. N. M. of Jerome.

Reports of the clinics show that there are a number of cases of diphtheria, throat, and other diseases, and cases of poor eyesight. In complete time the reports, Mrs. Pugmire announced, that the general health conditions and nutrition of majority of the children show noticeable improvement over past years.

Lincoln P. T. A. assistants were Mrs. T. S. Sherrin, Mrs. Sharon Albertson, Mrs. Bert Davis, Mrs. W. B. Churchill, Mrs. J. A. Russell, Mrs. Wallace White, Mrs. Calvin Neal, Mrs. L. M. O'Leary, and Mrs. Woodson Harmon.

Idaho Income Tax Payments Show 233 Per Cent Gain

BOISE, May 2 (AP)—John R. Viley, Idaho collector of internal revenue, today disclosed collections on 1941 income tax established a new record.

March collections were 233 per cent higher than those of March, 1941, and the average per cent paid from three to four times more than the tax amount in 1941, he said.

Viley reported delinquencies were the lowest in history of the state although a few evaders were being investigated.

Many contributions were received from persons who had previously been non-taxable, he said. The voluntary "tax payments" ranged from \$5 to \$25.

\$4,273 Collected By City's Court

Total collections in municipal court during the fiscal year ending April 30 amounted to \$4,273.75, a report filed with the city clerk Saturday by Judge J. O. Humphrey.

During the year the court heard, among other things, cases involving violations of the city ordinance, indicated driving counts, 10 petty larceny, 17 reckless drivers, 34 peace officers, 15 peace officers, 14 violations of various other city ordinances and nine vagrancy cases.

Several of the indicated driving counts were turned over to state courts as were three burglary cases, two petty larceny cases, one case of liquor and one contributing to the delinquency of a minor.

There were 10 minor traffic cases during the period.

Visitors Can Find the Falls Now

SHOSHONE FALLS SCENIC AREA
TWIN FALLS MUNICIPAL PARK

From now on out there shouldn't be much trouble for the tourists and other visitors to this section to find out just where the city's famous Shoshone Falls park and scenic area is located. One of the reasons, a new sign, is seen above the picture which shows S. Claude Stewart, parks superintendent (left) and Carl Kitchey, parks commissioner, inspecting it. This sign is located on Addison avenue three miles east of here.

(Staff Photo-Engraving)

At Last—Big Signs Direct Way to Falls

Tourists and others interested in finding the way to the famous Shoshone Falls scenic area will no longer have to ask many questions as to direction.

Reason is that new directional signs, made of pine and big enough to read from a distance, have been placed and will be placed at strategic locations under the direction of Carl Kitchey, city parks commissioner, and S. Claude Stewart, city parks superintendent.

One Already up

At the present time one of the signs, which are all 25 inches by five feet, has been placed on Addison avenue, about three miles east of the city and two miles from the Snake river canyon and leading down into the scenic area. Another has been placed a mile north of the city, on the highway leading to Blue Lake boulevard, north of the city one mile. Later others will be placed.

These directional signs are something which have been used for years in the scenic area, but have become a reality. They are directional signs and will last for a long time.

Plenty of Attraction

Stewart pointed out that there's still plenty to see and do in the Shoshone Falls area even if water is not pouring over the brink. The scenic area has been placed "all over" and that at the present time some 1,000 trees have been planted in addition to hundreds of shrubs and much grass. Driveways are in gravel, roads are good and buildings are in excellent condition. The scenic area should prove to be a long time attraction.

Former Railroad Worker, 82, Dies

RUPERT, May 2 (AP)—McDonald Ruppert, 82, railroad worker, died Sunday at his home in Rupert, 52 years prior to his retirement 10 years ago, died Wednesday at his home here of heart failure. He had been in poor health for several years, but his death was unexpected.

His death was the second loss in one day to his wife, Mrs. Ida Ruppert. She was called to Montpelier earlier in the week by the serious illness of her mother, who died a few hours later.

Funeral Sunday

Funeral services will be held at 2:30 p. m. Sunday at the Rupert funeral home, directed by Albert B. Barrett in charge. Interment will be in the Rupert cemetery under the direction of the Goodwin mortuary.

Born Dec. 20, 1859, at Lexington, Mo., Mr. Ruppert worked on the railroad at the age of 20 years. He came to Idaho in 1902, working for the Great Northern railroad. He retired from the railroad in 1932, and lived in the town of Rupert, where he had purchased his home east of Rupert.

He was married to Ida Nuzbaum at Montpelier.

Survivors

Besides his wife, survivors include two sons, Donald and William, and daughter, Walter Nuzbaum, Missolida, and Lucille Day, Rupert.

Funeral services will be held at 2:30 p. m. Sunday at the funeral home, where the body will lie in state.

Acquia Class to Graduate Monday

RUPERT, May 2 (AP)—Commencement exercises for seniors of Acquia high school will be held Monday, May 4, at 2 p. m. at the high school auditorium.

Acquia high school is a four-year school, and the students will be attending graduation exercises Tuesday evening, May 5, under direction of Coach J. W. Willard, high school principal.

AIR GIANTS COULD SMASH TO VICTORY

Editor, Times-News:

We agree completely with your desire, expressed in your editorial of May 1, to see the nation's air force equipped to meet the war against the enemy. Obviously, the fastest and most effective way to step it is to attack at its source as soon as possible.

But when you say that it will take "hundreds of trained fighting men" and quantities of supplies "carried safely across thousands of miles of uncharted and uncharted ocean," we feel that you are overlooking the fact that the air force is the only branch of the service that can be trained and equipped in a relatively short period of time.

BILL READY FOR FORECLOSURE

WASHINGTON, May 2 (AP)—Rep. Albert Gore, D. Tenn., said today he will introduce legislation to freeze wages at current levels and to impose ceilings on farm prices at parity.

This bill also would call for compulsory saving of persons with incomes in excess of \$1,000 after tax deductions.

Gore said his proposal was designed to implement President Roosevelt's seven-point program to combat rising living costs which he recently outlined to congress and the nation. The bill would:

1—Give the federal government authority to the war labor board.

2—Prohibit future wage increases except in cases where earnings are below the cost of living.

3—Give the federal government authority to the war labor board.

4—Give the federal government authority to the war labor board.

Decree Won't Hurt Fishing Tackle in '42

What's what on the civilian war front? The following questions and answers were given by the chief of the division of information, office for emergency management.

Q—Will the order restricting manufacture of fishing tackle affect this year's stock?

A—Probably not. Production is not halted until May 31 and large stocks are reported on hand. Manufacture of fishing tackle on a 50-per-cent of 1941 production basis is permitted after June 1.

Q—My delivery boy told me the other day he is not permitted to make any special deliveries. Why?

A—Special deliveries are permitted only until new regulations go into effect on May 15. However, after that date, only those who are in absolute minimum before then also, purpose of the order is to further curtail non-essential and other delivery.

Q—Will I be able to get a telephone installed under the WFP order?

A—Preference is given first to public utility or organization engaged in direct war work or in occupations essential to the public welfare. Other telephone calls may be made under the exchange line to which the subscriber is entitled. However, if the subscriber is not in an absolute minimum before then also, purpose of the order is to further curtail non-essential and other delivery.

Q—Are zippers and slide fasteners still being made?

A—Yes, but on a restricted basis with metal content reduced and strictly restricted. Other types of fasteners, buttons, snaps and hooks and eyes, which were good enough for military a few years ago, should be used wherever possible today.

Q—My next-door neighbor came home with an armful of sheets the other day and advised me to do like "somebody" they are to be "frozen." Are they?

A—Backyard rumor mongers are still busy. The sheets are not frozen. There have been no orders issued that cotton textiles would be frozen. All war goods, except for some instances, result in a lower price.

Q—What consumer products are now being rationed?

A—Automobiles, tires and sugar are the only items now being rationed. Bicycles have been frozen from without any rationing program yet authorized by the War Relocation Authority.

Q—What materials and products are being rationed under the WFP?

A—The rationing under way by the WFP. The rationing under way by the WFP. The rationing under way by the WFP.

20,000 Hours In Red Cross Work Totals

Work of 850 volunteers, representing approximately 20,000 hours of labor, resulted in the turning out of 45 pounds of yarn and the making into garments of 2,357 yards of material.

The free yarn and material of the Twin Falls chapter, American Red Cross, according to Mrs. Pearl McDonald, executive director.

This covered the period from April, 1941, through March, 1942.

The free yarn and material was used to make 410 sweaters and slacks and 110 pairs of socks.

Seaside unit total was 788 articles of clothing, 50 layettes, each consisting of 10 infant garments, two blankets and 12 dresses; 40 10-month-old packs, each containing a snow-suit, two rompers, knitted sweater, cap and mittens, two flannelie sleepers and 10 Terry towel-linen (laboratory) diapers.

George Buhler to Be Buried Monday In Montana City

The body of George Buhler, former cafe owner and prominent western Idaho sportsman, who was killed by a train Thursday night when struck by an automobile on the highway, was taken last evening to Great Falls, Mont.

Funeral services will be held Monday at 2:30 p. m. at the W. H. George funeral home and interment will be in Great Falls cemetery.

Accompanying the body was Mrs. Lillian Buhler, his wife, who returned from Portland, Ore., where she had gone to visit relatives, upon receiving word of the accident.

Leaving with Mrs. Buhler for Great Falls were her daughter, Mrs. Anna Jereh, Ketchikan, and her brother, Henry Jereh, Montana.

The body lay in state for several hours Saturday at the Reynolds funeral home chapel.

TECHNOCRACY

Urges

Total Conscription

Of Men, Machines, Materiel, and Money — With National Service from All and Profits to None!

TOTAL WAR STRATEGY DEMANDS DESIGNED DIRECTION

THE CONFLICT OF WORLD EVENTS compels the United States to install immediately the designed direction of the strategy of total war or face disaster.

The United States must efficiently install at once a complete mobilization of all the resources of its national entirety.

This designed direction of national operations cannot be attained if America permits business and party politics to dominate the administration of the defense of America.

America must realize that in this age of technology the methods and practices of history cherished by the upholders of the Price System are incompetent to operate a Continent under the demands of total war. The facilities of yesterday's success have suddenly become the futilities of today and the defeat of tomorrow. The structure of America's economy demands that we Americans abandon the haphazard conflict of private and group interest in order that we may win this world war and thereby defeat the enemies of America and win the peace for America.

Men do not create events; events create men. Today's crisis necessitates that America call upon the ability and statesmanship capable of installing the technological and social mobilization required for victory.

Technocracy makes the unequivocal statement that such ability and statesmanship do not exist amongst the party politicians and business leaders of America. Technocracy charges that the business leadership of America lacks the vision to design and install a Continental operation of total war, and that such vision cannot possibly stem from the picayune confines of private business and party politics.

Technocracy charges that America must abolish immediately all production for profit at a price, and substitute in its place the engineering design of production for the technological operation of the strategy of a Continental offensive.

Technocracy asks: How many disasters will America have to suffer before it installs the design now called for by the march of events?

TOTAL CONSCRIPTION

Technocracy urges immediate institution of total conscription by the United States of America, namely, that:

The Government of the United States shall immediately institute the total conscription of all effectives, male and female, over 18 years of age for all necessary military and civilian duties.

The Government of the United States shall institute as part of this program of Continental operations, immediate conscription of all national corporate wealth and its attendant institutions such as banks, trusts, and insurance companies.

The Government of the United States shall conscript all of the physical facilities and operating personnel of rail, bus, water, and air transportation.

The Government of the United States shall conscript all of the physical facilities and operating personnel of all telegraph, telephone, and radio communications systems.

The Government of the United States shall conscript all of the physical facilities and operating personnel of public utilities and power producing and transmission systems.

The Government of the United States shall conscript all of the physical facilities and operating personnel of the manufacturing industries of the country.

The Government of the United States shall conscript all of the physical facilities and operating personnel of all corporate enterprises engaged in mining.

The Government of the United States shall conscript all of the physical facilities and operating personnel of all export and import corporations. The Government of the United States shall be the sole exporter and importer.

The Government of the United States shall conscript immediately all patents, inventions, and processes extant in our national domain whether of foreign or domestic ownership.

The Government of the United States shall assume all financial indebtedness of all municipalities, counties and states; and the Government of the United States in return for assuming complete responsibility for the financial obligations of all municipalities, counties, and states, shall arrogate to itself the sole power of levying all taxes now levied by them.

The Government of the United States, as a measure of national safety and national welfare, shall close all public bars, and limit the sale of spirituous beverages, wines, and liquors to restaurants, hotel dining rooms, and licensed liquor stores.

The Government of the United States, as a measure of national safety and national welfare, shall abolish all foreign language periodical publications, foreign language advertising, and foreign language radio programs for American consumption.

The Government of the United States, as a measure of national safety and national welfare, shall abolish all foreign language and hyphenated American organizations, associations, and fraternal societies regardless of whether they have been formed to promote political, commercial, cultural, educational, linguistic, artistic, or other relationships.

The Government of the United States shall prohibit the transfer of United States purchasing power in the form of currency, notes, drafts, or money orders, by all corporations and residents of the United States to any corporation or resident of any alien country.

The United States Army shall be directed under the unified control of a land command; the United States Navy shall be directed under the unified control of a sea command; the United States Airforce shall be directed under the unified control of an air command; the fortifications of the Continental defense shall be directed under the unified control of a fortifications command. The entire military command shall be under a General Staff with the constitutional Commander-in-Chief in supreme command.

All industry, mining, transportation, communications and other necessary units of Continental operation shall be unified under their various functional commands under a technological command of the whole. The entire technological command and the entire armed force command shall be under the unified direction of the constitutional Commander-in-Chief.

These specifications for total conscription to remain in force not longer than 6 months after termination of the war.

Technocracy is the only social dynamic with which America can face the future.

.. CITIZENS START SUGAR REGISTRATION ON MONDAY

FULL SIGN-UP IN ONE WEEK URGED

WASHINGTON, May 2 (AP)—American citizens, getting their first taste of wartime rationing, will begin registering Monday for ration book one—from now on as necessary as money in purchasing sugar.

Emphasizing that the four-day registration might "serve as the basis for the later rationing of other commodities should that become necessary," the office of price administration said today that "this is an important reason why everyone should be registered this week."

Although registration is not compulsory, OPA advised all citizens to register and avoid the possibility of inconvenience later. Except in hardship cases, consumers who fail to register before Friday and Saturday will be unable to obtain ration books until May 21. Actual rationing will begin Tuesday.

Sales Halted

No retail sugar sales have been permitted since midnight last night and none will be permitted in the future unless the government is able to present ration stamps or sugar purchase certificates to its group.

Only one adult should register for each family unit, OPA cautioned, explaining that the registration will be issued a book for each member of his family.

Registration regulations define a family unit as "a group of persons customarily living together in a single household who are related by blood, marriage or adoption, including those temporarily absent."

Persons not members of family units under this definition should register themselves.

Can't Register

Army and navy personnel who are "in organized messes" are not eligible to register, although officers and men who eat at home should apply for ration books as do other consumers. Soldiers and sailors on furlough for more than one week are entitled to their ration of sugar for the furlough period and may obtain a sugar purchase certificate by presenting leave papers to any local rationing board.

Each of the first four stamps in the 10-stamp ration book will entitle a consumer to buy a pound of sugar every two weeks, with stamp No. 10 valid from May 2 to May 16, 1942. From May 27, when the first four stamps have expired, the full allowance may be increased or decreased.

Marines Sign up Six More Youths

After exactly two days in May, the marine corps recruiting substation had tentatively accepted six-tenths of its quota for the entire month.

Sgt. Lawrence N. Laughlin, recruiter, announced yesterday the enlistment of six young men, five of them from Twin Falls. They are: Albert Andrew Sweet, Jr., son of Mr. and Mrs. Bert A. Sweet, 560 Blue Lakes boulevard; Eugene Harris Rousseau, 14, son of Mr. and Mrs. Kimer M. Rousseau, 194 Quincy street; Oswald Walter Foler, 21, son of Mr. and Mrs. Clyde E. Foler, 1237 Sixth avenue; Julia Gene Harrington, 21, son of Mr. and Mrs. Owen W. Harrington, route 3; David Lewis Hilly, 21, son of Mr. and Mrs. D. Hilly, all of Twin Falls; and Oliver Voy Mobley, 21, son of Mr. and Mrs. Thomas Mobley, Oakley.

Members of the corps will appear on the streets tomorrow in the three, different uniforms worn by the service in connection with the enlistment campaign. Local recruiters will be joined by Staff Sgt. James P. Young, who arrived yesterday from a corps station wagon yesterday from Salt Lake City.

"Ag" Boys' Work Valued at \$800

Under the direction of John H. Darby, vocational agriculture instructor, Kimberly and Murtaugh "ag" departments have done work for their communities valued at nearly \$800, school officials said yesterday.

Projects included building of four large hog self-feeders, three A-type hog houses, one band instrument rack, painting interior of the Kimberly farm shop, painting of a barn and the staining of the roof, building 11 window covers for the Artisan school, construction of one trailer.

Sharpening nine sets of cultivator tools, building one wardrobe and one clothes chest, construction of four electric forges from binder wheels using vacuum sweeper motors for blower, building one hay rack, oiling and reconditioning of eight sets of harness, making and installing foot brakes on one tractor and making and installing two trailer hitchers.

Many articles were reconditioned and repaired.

Twin Falls Trio Gets Cadet Posts

UNIVERSITY OF IDAHO, May 2—Three former Twin Falls high school students this week were appointed to top cadet officer posts for the annual spring inspection by representatives of the ninth corps area commander. The inspection will be held about the middle of May.

Cadet Major Boyd Brown was named regimental adjutant and Captain Armour Anderson and Ed Bennett were chosen company commanders for the review.

Gale Mix Slated For Army Service

UNIVERSITY OF IDAHO, May 2—Gale L. Mix, graduate manager for the past three years, this week was ordered to report for duty with the United States Army. Mix was to report at Salt Lake City for duty Sunday morning.

Ferry Culp, assistant graduate manager and publicity director, probably will take over the graduate manager's duties for the rest of the year. Culp was a linotype operator on the Idaho Evening Times before the consolidation of the two papers.

Henry Ford's Former Aide Laid at Rest

Ford's closest link with Henry Ford—a link closer even than his automobiles which ply its streets—has been broken today.

The change came with the burial in the Old Fellows cemetery at Detroit of colorful 83-year-old Charles D. Lechner.

Mr. Lechner, who died Friday at the county farm, claimed to have been associated with Henry Ford in the building of the first famous Detroit automobile's first automobile. He told of long hours and nights that he and Ford labored in the "humblest of houses" to operate.

Much credence was placed in Mr. Lechner's story by the residents of Ford because of his skill with tools and metals. For many years he operated a machine shop there. He was credited with the making of a non-sinkable metal boat which friends said was a "masterpiece" of mechanics.

Mr. Lechner came to Ford many years ago. His wife preceded him in death. A daughter, Mrs. Estelle Adams, Gresham, Ore., and a brother, Homer Lechner, residing at the veterans' hospital in Boise, his only known survivors, were unable to attend the funeral services.

The funeral services for Mr. Lechner were held Saturday afternoon at a machine shop there. He was credited with the making of a non-sinkable metal boat which friends said was a "masterpiece" of mechanics.

PUBLISHERS FACE SEDITION CHARGE

KANSAS CITY, Kan., May 2 (AP)—Elmer J. Garner, 80, and his son, James N. Garner, 50, of Wichita, Kan., co-publishers of the weekly magazine "Publicity," were indicted here today on a charge of circulating a seditious publication.

Two men were arrested in Wichita on orders of U. S. District Attorney J. S. Alexander shortly after the indictments were returned. The indictments charged specifically that the Garners published a seditious magazine which "tends to discourage the recruiting and enlistment service of the United States and to cause insubordination, loyalty and mutiny in the U. S. armed forces."

Maximum penalty for conviction of the crime is a \$10,000 fine or 20 years imprisonment, or both.

The indictments resulted from a campaign by the U. S. attorney general's office and the department of justice to silence seditious utterances in the country during time of war.

"Publicity," a national magazine which has been described as "a comparatively small" circulation, has been under federal scrutiny for some time.

WASHINGTON, May 2 (AP)—Use of the mails was denied today to the editors of a seditious weekly newspaper X-Ray, published by Court Atty. at Munich, Ind.

Officials of the publication, third to be banned in the drive against seditious utterances, were notified to appear here May 19 to show cause why its second-class mailing privilege should not be revoked permanently.

Postmaster General Frank C. Walker notified the Munich postmaster not to accept for mailing any copies of X-Ray until they have been studied here, he acted on information furnished by the justice department concerning alleged seditious statements appearing in the paper's columns.

Kimberly Grads Rush Into Navy

Ivan Lester Smallwood and Kenneth Frederic Staley, Kimberly youths, didn't wait long to get going for Uncle Sam. They completed their four-year course at the Kimberly high school yesterday and a few hours later enlisted in the navy here. They will leave for duty after the commencement exercises next Wednesday.

Smallwood, 18, enlisted in the naval reserves for four years and will try for the aviation branch. He is a son of Mr. and Mrs. T. J. Smallwood of Kimberly.

Staley enlisted in the minority reserve. He is a few months short of 18 years of age and his enlistment will terminate with his 21st birthday. He also will try for the aviation branch. His mother is Mrs. Mabel Staley of Kimberly.

American Pilots See Climax Near in New Guinea Air War

By HAROLD GUARD

AT AN ADVANCED AMERICAN AIR BASE, AUSTRALIAN ZONE.

May 2 (AP)—American bomber and fighter pilots believe that the air war in the New Guinea zone is nearing a climax and a new major blow by the Japanese is certain and imminent.

These pilots are meeting the Japanese every day in fights which are intensifying in fury, over New Guinea and the Bismarck Islands which they are raiding mercilessly.

No Superstition Yet

Their chief subject for speculation is not whether but where the Japanese will strike and they warn that it is a mistake to assume that the allies have yet attained superiority in the air.

Typical of accounts of the bitter fight for air mastery is one by Lieut. William G. (Wild Bill) Bennett, Nevada City, Calif., one of four United States army corps officers who are pals and always together. The others are Lieut. E. Bevelock, Scranton, Penn.; Lieut. G. L. Schirmer, Memphis, and Lieut. C. Pellet, Marion, Ala.

Bennet worked for a short time in the United Press bureau at Reno, Nev.

Downed Jap Planes

Bennet told how the four accounted for 10 Japanese bombers in at least two enemy May-O fighters in a fight over New Guinea.

"Jap bombers were over the air field and five Zeros were streaking like bats out of hell, and up we go. Soon nine fighters, our four and the five Japanese, were swirling and twisting."

"I think I was blacked out twice during the fight, and couldn't see the controls," he managed to keep some sort of consciousness by pushing my chin on my chest and covering my head around over my left shoulder.

The purple screen across my eyes lifted and I pulled out with a Zero after me.

"I shot 'Hunt' Bevelock racing in from the side. He drove straight between my tail and the Zero. I don't know how we avoided a triple collision."

Down in Spin

"The Jap must have pulled his joy stick right out getting into a loop turn to get away, but I saw tracer bullets entering his cockpit. Black smoke squirted out and he went down in a flat spin."

"I looked around and saw Pellet and Schirmer way up, chasing a bomber, and Bevelock chasing another Zero."

"It wasn't until the four of us landed that I learned they got one bomber and one Zero for certain and another probable."

TWIN FALLS 2ND IN STATE CATTLE

BOISE, May 2 (AP)—An increase of 40,000 head of cattle in Idaho was reported today in the annual census of the bureau of agricultural economics.

A total of 840,000 cattle of all types was listed this year, compared to 800,000 for 1941. Of the total, 240,000 were milk cows, indicating dairy herds increased by 15,000 during the year.

Canyon county again this year led the state in both the number of milk cows and all types of cattle. Canyon county herd of all types totaled 61,300, and milk cows 27,700.

Ada county was second in the milk cow category with 26,300, and Twin Falls was second in all types of cattle with 54,000. Twin Falls had 19,000 cows and Ada had 32,700 cattle of all types.

The cattle census showed Hancock had 35,200 of all types and 10,800 cows; Bonanza, 25,400 and 8,800; Kootenai 14,400 and 6,000; Nez Perce 17,800 and 4,600, and Latah 16,100 and 3,200.

bomber, and Bevelock chasing another Zero.

"It wasn't until the four of us landed that I learned they got one bomber and one Zero for certain and another probable."

Bonds Pledge Opportunities Still Offered

Anyone in Twin Falls or the east end of the county who was missed during the time solicitations were made in connection with the universal pledge campaign still has the opportunity to sign a pledge card, Claude Detweiler, chairman in charge of work in this area, said Saturday night.

Detweiler said that persons wishing to sign pledge cards for war bonds or stamps should contact the official in charge of the canvass in the districts in which they live. They may also sign up at the Twin Falls Chamber of Commerce booth Monday and Tuesday. Members of the Daughters of the American Revolution will handle the booth Monday and Tuesday of the Good Will club on members of the Daughters of the American Revolution.

Officials in the various sections follow:

Twin Falls city: R. J. Schwendman, Sid Graves, Al Engel, Harry Williams and W. E. Bill Taylor.

Kimberly, Harry Hamilton; Hancock, J. C. Osood; Filer, William Burr; Murtaugh, postmaster; rural areas, John S. Feldhausen.

Location of campaign headquarters, in a downtown section, will be announced later. The drive will continue until the quota has been filled.

QUOTA FOR USO FIXED AT \$6,600

Twin Falls county's quota to provide morale-building amusements and recreational facilities for men in the armed forces adds up to \$6,600, the USO committee is raising during the USO campaign for funds, benefiting May 11.

Details of the drive were outlined by nine members of the USO council of Twin Falls county, a permanent organization, at a meeting Friday night at the home of Mrs. Emma Clouche, Twin Falls county USO chairman.

Mrs. Emma Blodgett is chairman of the drive campaign; Loyal Perry is treasurer, and Mrs. Catherine Potter is secretary.

Chairmen of local committees are requested to get campaign material at the home of Mrs. Blodgett, 101 Pierce. Mrs. Potter announced yesterday.

Location of campaign headquarters, in a downtown section, will be announced later. The drive will continue until the quota has been filled.

Court Postponed

HEIDOME, May 2—Because Judge T. Bailey Lee has to hear a case in Idaho Falls May 4, district court has been postponed until May 11.

With all the war work I'm doing these days, shopping just wears me to a frazzle.

How do you ever manage to get so much done with so little time?

It's easy, Dorothy. I check the ads more carefully than ever, to see where I can get what I want. Saves a lot of time and money ...and besides, I know what I'm getting.

In wartime, ADVERTISING performs even greater services for you

For all of us, life is different from what it used to be. All of us are busy with war work and war problems. All of us are pressed for time. All of us are watching our expenditures more carefully than ever. Anything that saves us time and energy and money performs a very vital service today. Advertising does that.

In days like these, advertising performs even greater services for us than in normal times. In days like these, especially, we are thankful that we have advertising to rely upon. It gives us up-to-date and reliable buying news...something which we need today more than ever before. • It tells us of new products and services...new prices, new uses, new sizes, new containers. It advises us on how to economize, how to conserve what we have...and how to cooperate with the government's war program. It instructs us on what to do to protect our lives and our homes in case of emergency. It lets us know what the manufacturers of rationed products are doing to help win the war. • Above all else, it maintains the flow of available goods from producer to consumer...and in doing this, advertising not only makes it possible for millions of people to keep their jobs in factories, stores, and offices, but also protects, for the peacetime years to come, the high standards of American life ...Advertising, which has served you and the nation so well in the past, is serving you and the nation even better today.

Gooding Girl Named May Queen At South Idaho BYPU Banquet

At the invitation of Twin Falls Baptist Union Peoples' Union members, Halley, Gooding, Buhl, Filer and Jerome B. Y. P. U. youths joined them for a gala May day banquet and hilarious "Hour of Nonsense" program, Friday evening at the Twin Falls Baptist bungalow. Candidates for the Queen of the May were seated at the honor table, and following the banquet, served to 120 youths, sponsors of the six participating groups determined the winner of the queen contest.

Miss Margaret Jenkins, Gooding, named by the judges, was introduced as queen of festivities, and crowned "Queen of the May" by Rev. Roy E. Barnett, pastor of the Twin Falls church.

Attend Queen
Other candidates who served as members of the queen's court, were Miss Wanda Lanning, Filer; Miss Thelma Deckard, Halley; Miss Norma Hyder, Buhl; Miss Martha Barnett, Twin Falls, and Miss Lenore Jenkins, Jerome.

Lyle Gordon, as master of ceremonies, introduced the program, which opened with tap dance numbers by Miss Virginia McBride and Miss Jane McElride.

A sister, Miss Doris Durbin, Miss Ruth Brooks, Miss Nona Pankus, Miss Martha Wiles, Miss Louise Smith and Miss Mabel Brewer, offered numbers, and a comical "Laughing" skit was performed by Bill Iron.

Branch History, accompanied by Mrs. Robert Miller, sang a baritone solo, and Miss Mary Strain gave a reading, "Anna Eva Day," a mind reader and fortune teller, was portrayed by Miss Lavinia Barnett.

Humorous Skits
The wedding of Madam Huanan Shauk and Alita Pandora, was the humorous offering of Miss Ruth Brooks and Bob Barrett, and another skit was "A Successful Operation," staged by Miss Betty Pankus, Bob Barrett, Bill Iron and Miss Maxine Borch.

Decorations in the May motif were arranged by Miss Borch, Miss Mary Strain, Miss Irene Lively and Miss Betty Maggard, and the banquet was prepared by Miss Betty Pankus, Miss Nona Pankus, Miss Bernice Kuhn and Miss Dorothy Kuhn.

Mrs. Bernard Martin, Mrs. Ed Scott, Mrs. Henry Wyle, Mrs. Ted Cramer and Mrs. Lyle Gordon served the banquet.

Mrs. T. B. Jones, Twin Falls B. Y. P. U. sponsor, and Miss Marlin Brooks, president, were in general charge of arrangements for the successful affair.

Paulette's Posies

It's a snood! Underneath Paulette's posies, that seem to grow in her hair, there's a fine white net cap which holds the flowers in place and also Paulette's lock. The hair sitting behind the soft puff of hair on her forehead holds the snood on—over through the hair's elastic moment in her Paramount picture, "Keep the Wild Wind."

Feldhusens Tell How Residence "Got Its Wings"

How the earthbound house of the John S. Feldhusens, near Kimberly, "got wings" is interestingly related by Elizabeth Ollrain in the April issue of Better Home and Garden. The Feldhusens are invited to the outset to give their home a graceful white wing, but that was not in the depression year of 1931 and the wing had to be postponed, the author relates.

Architect Hans Hulle, Boise, designed the house, minus the wing which was to complete it in the future. Although plain-looking on the outside, there was a surprising amount of space within. They built well as far as they went.

Six years later the Feldhusens had a wing that transformed their ordinary white house into a comfortable early American farmhouse. The article continues.

"On the inside, the new wing (designed in detail by Cecil Jones, Boise, who is Mrs. Feldhusen's brother, and built by Contractor L. Freeman, Twin Falls) contains a large 12-by-22-foot living room with a fireplace and bay window, a second bedroom, two more closets.

The Feldhusens heartily recommend the piecewise way of building the home you want, so does Elizabeth Ollrain. "We're now that we built a quality home in less than a month of a mediocre house in one!"

SHUT OUT SCORES UPSET VICTORY IN 68TH KENTUCKY DERBY

Idaho Jockey Rides Winner At Louisville

By SID FEDER

CHURCHILL DOWNS, Louisville, Ky., May 2 (AP)—A dream came true along Churchill Downs' heart-breaking stretch today when the chocolate son of a great chocolate daddy dropped out of the clouds in the last quarter mile to win the richest Kentucky derby of them all.

A dozen years after a last minute breakdown robbed his daddy, Zephie, of his chance at the prized necktie of roses, this new chocolate colt—Mrs. Payne Whitney's Shut Out—ran his heart out in a mighty stretch struggle to win for his famous father.

All the long-way down "heart-break boulevard" he went all out, and finally he hit the wire 1 1/2 lengths in front of Alab, the first little juvenile champion of last year, who came back a long way toward his two year old belittles with today's driving effort.

Double-barreled triumph

It was a double-barreled triumph for the "bum" of Mrs. Whitney's fashionable Greenleaf stable, whose name was wished on him because of the fact his owner is a Brooklyn Dodger fan. For, even as the field of 15—largest, since Van Admiral shipped in others in 1937—paraded to the post and the traditional hush fell as "My Old Kentucky Home" drifted out, the Greenleaf stable boxes still regarded "Zephie's Son" as only his second best bet, not nearly the home his mate, Devil Diver, was.

And the better, who poured \$531,100 into the mutuel machine on the Derby alone, made the two-part entry favorite at \$10 to \$12 victory exclusively because of what they thought of the Diver.

Shut Out paid \$23.40, and \$2.00, Alab \$2.20 and \$1.50 and Valinda Orphan \$2.20.

Two Survive

But in the final pile, only Shut Out and Alab survived, and the Diver and all the rest of the top contenders in this widest open derby in history found out why they called it "heart-break road," this longest stretch in America. That last quarter mile got him, and he faded to sixth place, trailing not only the first two home, but also Valinda Orphan, who faltered to third and the high-speed rumbler With Regards, who set the early pace, then wound up fourth.

And back of the Diver, came such other high-and-mighty pre-derby standard bearers as the Imported Hollywood in ninth place, and handsome Apache in eleventh.

Wayne Wright, the equine clinician 25-year-old from Rexburg, Idaho, rode the winner.

Slays in Third Place

He brought the colt out of the crush at the gate on top, eased him back to fourth place at the half-mile, then waited in the third slot until the field was well around the stretch turn before giving him the word.

The camera gave second place to Alab by a nose-margin over Valinda Orphan, with fourth going to Pinkie Grimes' With Regards, Shut Out, who went to the post with Devil Diver as the 9 to 5 choice of the crowd, estimated between 60,000 and 80,000, was steered along during the early going by Wright as With Regards set a burning pace.

Coming into the home stretch, Shut Out took the lead while Alab moved up at the same time to challenge strongly. Valinda Orphan supplanted With Regards as the four became almost abreast.

Through the last quarter-mile, Shut Out pulled away under a hard drive and completed the journey in the comparatively slow time of 2:04.2-3, three seconds off the derby record hung up by Whirlaway last year.

SPORTS

First in Kentucky Derby

Shut Out, more or less of an outsider in the betting, walked away with the 68th renewal of the Kentucky derby by scoring a two and one-half length victory at Churchill Downs yesterday.

Tribe Boosts Win Streak To 13 Games

WASHINGTON, May 2 (AP)—The league-leading Cleveland Indians pounded three Washington hurlers for 13 blows to blast the Senators 12 to 3, and stretch their winning streak to 13 straight games today.

Jim Bagby, nocking his fifth consecutive win, limited Washington to eight blows, including successive home runs in the ninth by Bruce Campbell and Bobby Estalella.

The Indians landed on big Blue Newsom, Washington's starting moundman, for five runs in a wild third inning uprising featuring Jeff Heath's three-run homer.

The tribe added five more counts off the B-Kentified in the fourth on doubles by Heath and Griss Hockett and singles by Manager Lou Boudreau, Ray Mack, Roy Weatherly and Ken Keltner.

Cleveland picked up another score in the sixth off Harlin Cathey when Weatherly singled and came home on Heath's long triple. The Indians pushed over their final run in the seventh on doubles by Heath and Griss Hockett and singles by Weatherly and Bagby's one-base blow.

The bases were empty for both Washington hurlers. The Senators' other run came in the ninth when Bobby Repass walked and Jimmy Pofahl scored him on a booming triple to tie the game.

Keltner, Mack and Heath each connected for three blows.

The Indians' record now stands at 18-10, while the Senators' record is 10-14.

Errors: Vannoy, Ross (batted in); Cleveland, Keltner 2, Heath 2, Weatherly, Bagby, Campbell, Estalella, Pofahl, Two-base: Mack, Hockett, Heath, Campbell, Three-base: Heath, Pofahl, Home runs: Heath, Campbell, Estalella, Repass, Hockett, Pofahl, Repass and Vannoy. Left fielder: Newsom.

Big Entry List In Net Meet

KIMBERLY, May 2—Prospects are bright for a record-breaking entry list in the Idaho state high school tennis tournament here Friday and Saturday, May 16 and 17.

Supr. L. A. Thomas announces that already he has received a full-team entry from Preston and another full-team club will represent Bode. Eight players comprise a full squad.

Thomas points out that any school in Idaho is eligible to send a team to this tourney—and that it is not necessary to win an area or district meet to gain entrance.

Airplane Census of Elk, Antelope and Deer Being Taken

BUN VALLEY, May 2—The Idaho fish and game department is now busy engaged in its first airplane census of elk, antelope, and elk census.

Idaho's wildlife, much remote region—the middle fork of the Salmon river—is being minutely scoured for a deer count, with the cooperation of the U. S. forestry service. Purpose of the count is to determine whether a special hunt of two deer per man will be held in the middle fork to reduce the size of the herd and prevent starvation.

The two-deer hunt was held last year and attracted hunters from all over the country.

The Owens desert, between Bruneau and the Oregon border south of Snake river to the Nevada line will be checked for antelope, as well as the foothills of Bligham, Bluff, Jefferson, Clark, Lemhi and Custer counties.

Elk will be counted in the Pocatello elk preserve southwest of Pocatello, and the Swan valley will be known this summer, well in advance of the hunting season. John J. Boyle, wildlife restoration director, said.

Southeast Idaho Golf League Starts Play

Announcement of the formation of a Southeast Idaho Golf league was made here yesterday and the opening-day schedule of the organization will send Idaho Falls to Burley and Pocatello to Twin Falls for matches to-day.

The league is composed of the four cities mentioned and round-robin play will continue through the summer.

The organization was completed after an exchange of letters with Pocatello officials taking the initiative.

Ten men from each club will play on a team and home-and-home matches are slated.

Dr. H. L. Shadle of Burley announces that the 10 low men qualifying on the Burley course will represent the Cactus club in the match today.

On the Twin Falls Municipal Golf course team will be 10 of the top-ranking Twin Falls golfers. Fred Stone, course starter, has announced the follow-tentative lineup for the club here: Mel Cuffrig, Corky Carlson, Jimmy Winterholter, Bob Denton, Warren Larsen, Fred Stone, Dr. Tolson, Harry Denton and Elmer Leichler. One more will be chosen before play opens.

Play is slated to get underway at 11 a. m.—weather permitting.

Weather Condition Spoils Fishing At Salmon, Magic

High winds, spring blizzards, rain and generally uncomfortable outdoor weather has kept southern Idaho sportsmen away from Magic and Salmon dam reservoirs for the past couple of days or since the season opened on May 1.

However, with a prospect of better weather through this sector for today and the future, hundreds of anglers are expected to head for their favorite haunts in search of the elusive fish that are reported to be more thickly populated than ever in these two reservoirs.

There are no extra state game and fish department regulations on Salmon reservoir, but warnings are issued in regard to pollution of anglers at Magic dam.

Fishing area at Magic is described as follows: From the inlet to a point one mile above the dam and the outlet from a point one-half mile below the dam to a point one-half mile above the diversion dam.

TWIN FALLS CAPTURES FIRST BIG SIX TRACK, FIELD MEET

Bruins Edge Pocatello By One Point

A powerful burst of speed in the closing 30 yards of the half-mile relay by Red Higgins, Bruin sophomore, gave the Twin Falls Bruins the first Big Six championship here yesterday afternoon in a thrill-packed track and field meet that was settled in the final event.

Higgins' burst of speed on the final lap of the relay event, edged Bill Thompson, Pocatello Negro star, to the tape and gave Twin Falls the title by one point. Pocatello was later disqualified in that event, but the result of the race was not settled by that ruling.

Twin Falls 44 1/2, Pocatello 43 1/2, Boise, 33 1/2, Idaho Falls 21, Nampa 18 1/2, Caldwell 2.

The half-mile relay was the thrill event of the day. Twin Falls and Pocatello boys raced neck and neck the way around, with Coach Hink Powers' sprinters coming right back to pick up the lost ground on the straight stretch.

When Higgins and Thompson started their duel down the last 20 yards, Thompson had a two-point advantage to start. Then Higgins put on a great burst of speed to draw even. The two raced neck-and-neck down the final stretch, with Red pulling ahead about six feet at the tape.

The broad jump was completed yet when the relay was finished, but Twin Falls had enough to take down at least two places in that event and the results seemed secure. Lyle Pearson, another Bruin sophomore, came through with a jump of 20 feet 6 inches to clinch the honors.

Individual scoring honors went to the all-around athlete star of the Bruins. He walked away with the 400-yard event in a 53.8 second race. He took second in the 100-yard dash, second in the high jump and fourth in the broad.

Finish of Big Six 100-Yard Dash

It was a cold and windy day for the spectators at Lincoln field as Twin Falls Bruins won the first Big Six track and field meet—but these boys weren't worried about the cold as they raced to the tape. Bill Thompson, flashy Negro athlete from Pocatello took first in this event—the 100-yard dash. Second was Mel Hulbert of Twin Falls.

Burley Swamps Rivals to Capture Big Seven Track and Field Meet

BURLEY, May 2—Burley's Bobcats today held the first Big Seven track and field championship after swamping rival athletes in the initial meet held here on Friday afternoon in rain and cold weather.

The Bobcats piled up 74 1/2 points to easily capture the championship. Rupert was in second place with 48 5/8 points, followed by Buhl with 21, Jerome 15 1/3 and Oakley with 4 1/2.

Gooding and Piler teams failed to compete.

Dickey Leads Hitsmiths in Both Leagues

NEW YORK, May 2 (AP)—Catcher Bill Dickey of the New York Yankees leads major-league hitters with a mark of 438 official average revealed today.

Dickey's average, which includes Thursday's games, was 82 points higher than rookie Manny Fernandez, third baseman for the Boston Braves, whose 356 leads the National League.

Another American league—second baseman Joe Gordon, also of the Yankees, who was replaced as the leading batter of both circuits by Dickey, had a .407, bettering Fernandez' .394.

Jim Bagby, of the Cleveland Indians, leads the pitchers of both leagues with four straight triumphs. In the National league Truett Bewers of the Pirates, Ed Head and Curt Davis of the Dodgers tied for the lead with three victories each.

Wagner's Drive In 9th Beats Sox

PHILADELPHIA, May 2 (AP)—Catcher Hal Wagner's hit in the ninth inning sent the Philadelphia Athletics to a 7-6 victory over the Chicago White Sox. Orval Grove, White Sox righthander, pitched the home run in the ninth inning.

Nampa Retains H. S. Golfing Championship

Nampa high school, for the second consecutive year, edged the Twin Falls Bruins and team to win the state high school team championship here yesterday afternoon.

Playing in a high and cold wind, the scores weren't any record-breakers, but the visitors' triumph was a 4-1 victory.

Although he was tagged for a dozen hits, Southpaw Aldon Wilkie went all the way for the Bruins, who pulled to within two games of the league-leading Dodgers.

Cur Davis opened on the mound of the Bruins, who were out of the lead in the first inning with four hits and no runs, but the Pirates chased him to the showers before he could get going.

Schoolboy Rowe, making his first appearance as a pitcher after stepping into the Brooklyn lineup for the first time in a pinch-hitting role yesterday, relieved Davis and kept things in hand until the fourth.

There were three singles and doubles by Jim Waddell and Vince DiMaggio produced three more rallies. The Bruins finally knocked Rowe out in the sixth when Waddell singled, Bob Elliott doubled and Elmer Fletcher drove in a run.

Chet Kell replaced Rowe with the bases loaded and yielded one more blow, a single by Babe Phelps which scored Elliott after Waddell and came home on an outfield fly.

FISH STORY

VICALIA, Ga., May 2 (AP)—The fish in these parts haven't got a chance.

Mr. and Mrs. J. L. Anderson on a recent fishing trip, reported that to the river bank, dunked the fish in for a drink. The fish was hauled by a 15 pound bass.

The fish wouldn't let go and the hen couldn't, but she yanked it ashore where the Andersons captured and cooked it.

HUSTLING COWBOYS OPEN 1942 SEASON HERE ON TUESDAY

Merchants to Offer List of 'First' Prizes

A hustling, fighting band of Twin Falls Cowboys, eager to get underway on their home grounds, returns here tomorrow from Ogden—hopeful of playing a full schedule in their first home series against the Idaho Falls Russians.

Generally picked to fight with the Idaho Falls club for the fifth spot in the league, the Cowboys have their sights set higher than that, at least in the fourth slot after two consecutive years drop in the cellar.

Rained out at Ogden. Rained out in the first two scheduled contests at Ogden, the Wanderers were slated to tangle with Bill McCarty's club in an afternoon contest today—weather conditions permitting.

Manager Tony Robello has banded together what he believes is the best club to represent this city since the championship days back in 1933. Never having piloted a team that finished out of the first division, Robello hopes to keep that record intact this season's results as manager of a professional ball club.

His pride at this early date in the season is his pitching staff which, he believes, will match anything in the league. However, he has several other good boys whom he thinks will develop into the finest performers in the Pioneer loop. These include Nick Sumner, first baseman, and Ernie Sierra, diminutive shortstop.

Hurt Openers. Bob Rodriguez was slated to hurl for the Wanderers at Ogden, but was held out of the game because of a pulled muscle in his right arm.

Getting behind the Cowboys, Twin Falls merchants today offered a little added incentive to win their first game when they set up a list of prizes for various "firsts" of the season.

The prizes are good for any Cowboy performer and the record day be established in any game. For instance, if there are no triples in the first game, there is a prize held over until a Wanderer batter comes through with a three-base swing to capture the offer.

The complete lists of prizes offered, as advertised in this issue of the Times-News, is as follows: First prize: Victor record of popular music from Soden Electric.

Catching foul. First stolen base: \$4.50 steerhide bullhead from Soden Electric.

SPORT Scribbles

by Hal Wood

TWIN FALLS IS SPORT CENTER

If there was ever a "sports capital" for a week-end, Twin Falls is that place for the first three or four days in May—with everything from golf to baseball on the menu for southern Idaho sports fans.

There was the Big Six track and field meet—generally conceded to be the finest event of its kind in the state.

There was the state high school golf tournament at the municipal golf course with teams entered from as far away as Parma in the west and Idaho Falls in the east.

There's the opening round of the Southeastern Idaho Golf league here today—with Pocatello leading with Twin Falls.

There's the start of the annual 20-30 club best-ball golf tournament at the municipal links.

The Cowboys open the home season against the Idaho Falls Russians here on Tuesday night.

And to top it off, official fishing season opened at Magic and Salmon dam reservoirs on Friday—with the first "contests" in fishing at other places slated for today.

And speaking of fishing, I told that snowstorm or no snowstorm, some of the more brazen anglers of the area went to Salmon dam on Friday—opening day.

It's St. Matthews say in the morning, but I'll tell you the truth. Wright grinned after his derby win, the biggest thrill of his 25 years, thought Devil Diver that Eddie picked was the best horse until the race.

Wright said Arcade told him he couldn't decide between Mrs. Whittier's two collars until this morning.

"I've had to decide like that and haven't decided between Mrs. Whittier's two collars until this morning."

He arrived here only this morning from New York, ranting and raving about the Pacific coast, and he brought Slut out into the presentation circle to receive his bunch of roses, his congratulations from Col. Matt Winn, the governor of Kentucky, the mayor of Louisville and all the other dignitaries.

Then he posed for endless pictures. He posed to sacrifice his checking gun for the picture-making. He chewed it all around the track and he wasn't going to give it up then, he declared.

"It's a good horse. It ran a good race. I feel great."

Edges vandans

MOSCOW, Idaho, May 2 07.—The Oregon State college relay quartet, earned its track a narrow victory in the University of Idaho, winning 61 to 63.

Times, heights and distances were unimpressive, but the tired, young all the way did not lack for thrills. The split point came in the pole vault, where the Oregon boys, Vanderhaar of Idaho and Blaine of Oregon State.

Oregon State had strength in the middle distance and jumps and the boys had an edge in the pole vault, dominating the distance events and weights.

Idaho Jockey Thrilled by Victory Ride

By MARC PURDUE

CHURCHILL DOWNES, Louisville, Ky., May 2 (AP)—It was Eddie Arcaro who got his pick of Mrs. Payne Whitney's entries in today's Kentucky derby but the honors went to the soft-spoken Wayne Wright of Boise, Idaho, veteran jockey who had no choice but to shut out the winner.

"And I'll tell you the truth," Wright grinned after his derby win, the biggest thrill of his 25 years, thought Devil Diver that Eddie picked was the best horse until the race.

Wright said Arcade told him he couldn't decide between Mrs. Whittier's two collars until this morning.

"I've had to decide like that and haven't decided between Mrs. Whittier's two collars until this morning."

He arrived here only this morning from New York, ranting and raving about the Pacific coast, and he brought Slut out into the presentation circle to receive his bunch of roses, his congratulations from Col. Matt Winn, the governor of Kentucky, the mayor of Louisville and all the other dignitaries.

Then he posed for endless pictures. He posed to sacrifice his checking gun for the picture-making. He chewed it all around the track and he wasn't going to give it up then, he declared.

"It's a good horse. It ran a good race. I feel great."

Boston Decisions Cardinals, 1 to 0

Warmerdam Sets New Vault Mark

BERKELEY, May 2 (AP)—Cornelius "Wormerman" Warmerdam, the new American eagle, soared to a new world record today in the 15-foot vault when he cleared the bar at 15 feet 7 1/2 inches, made in Boston Feb. 14, it was made indoors. When it was made indoors, it is probable the indoor mark will not be given the same recognition as the standardized outdoor mark, Warmerdam himself concedes this his world record.

It cracked the mark set last June at Compton, 15 feet 5 1/2 inches. Among other things, it also broke the Pacific association meet record, in which he was competing, and the stadium record, all held by none other than himself.

Oregon State Club Edges Vandals

MOSCOW, Idaho, May 2 (AP)—The Oregon State college relay quartet earned its track team a narrow victory over the University of Idaho, winning 47 1/2 to 65 1/2.

Times, heights and distances were unimpressive, but the meet, close as the way did not lack for thrills. The split point came in the pole vault with a third-place tie between Vandenberg of Idaho and Blaine of Oregon State.

Oregon State had strength in the middle distance and jumps and scored heavily on place points, Idaho dominating the distance events and weights.

Pioneer Loop Rained out Again; Slates Day Games

By The Associated Press

If at first you don't succeed, try, try again. So the Pioneer Baseball league's six members will try again today (Sunday) to get their 1942 season underway.

Twice weather conditions have forced postponement of the openers, first, Friday night and again last night.

Today the teams scheduled afternoon games, lined up like this: Twin Falls at Ogden, 2 p. m. Pocatello at Salt Lake City, 2:30 p. m.

Boise at Idaho Falls, 3 p. m.

Some pitchers: Starting pitcher nominations remained unchanged with Jerry Staley tossing for Boise, Max Little for Idaho Falls, Bob Rodriguez for Twin Falls, George Peterson for Salt Lake City, Frank Robello for Pocatello and either Walt Mellich or John Heist for Ogden.

The postponements were all very disconcerting to League President J. P. Halliwell, who traveled from his home at Pocatello to Salt Lake City last to take in the Cards-Bears opener. He talked plenty of baseball with other fans but that was about the extent of it.

Halliwell has predicted increased attendance in all Pioneer league parks this season. He believes shortage of tires will cause many persons to refrain from taking evening automobile drives with a resultant increase in baseball attendance.

Love Returns Meanwhile the clinches of Boise's Pilots retaining the pennant they

Mrs. George Patterson was named lay member to attend the conference the first week in June in Nampa, with Mrs. M. W. Crouch as reserve.

MOTOR LICENSES OFF 3 PER CENT

BOISE, May 3 (AP)—In the first quarter of 1942, 11,033 motor vehicles were registered in Idaho, only three per cent less than in the same per-iod of last year—but a steep decline is predicted for the remainder of the year.

"There is reason to believe re-maining months of 1942 will bring still further reductions," said Gen-Edmunds, registration director under Law Enforcement Commissioner J. J. Haldeman.

"Normally there are approximately 14,000 new passenger cars and trucks in Idaho each year," he explained. "However, under the ration-ing plan this number will be greatly reduced, hence a correspond-ing drop in the number of registra-tions."

Edmunds added approximately 84,000 motor vehicles were owned by per-sons who failed to get licenses by the prescribed April 1 and probably would not obtain them because of the tire and fuel restrictions.

Receipts totaled \$768,628, or \$12,002 less than last year. There were 82,855 passenger cars registered.

Alexander Moore Paid Final Honor

PAUL, May 2.—Funeral services for Alexander Moore, who died last Saturday at his home, are being held follow-ing illness. Rev. K. K. Mader, pas-tor, and Rev. Albert E. Barrett, Bur-ley Methodist church, officiated.

The girls' choir and the men's chorus, accompanied by Mrs. Her-bert Dockter, Rupert, provided music. Mrs. Dockter also played the piano and psaltery.

Funeral services were Henry Rau, Jacob Ulrich, Henry Weber, Jacob Peters, Jacob Knapp and David Heinze. Flowers were in charge of Mrs. Jacob Knapp, Mrs. Henry Weber, Mrs. David Heinze, Mrs. John Klausner, Mrs. Jacob Peters and Mrs. Henry Rau.

Interment was in the Paul ceme-tery under the direction of the Bur-ley funeral home.

Survivors include his second wife, Mrs. Mollie Dabert Moore, and sev-eral sons and daughters, Alex, Jake, Henry and Fred Moore, Burley; George Moore and Mrs. Little Laila, Twin Falls; Mrs. Katherine Spier, Paul, and Fred Schaffer, Henrick, Calif.

50,000 Registered For Fourth Draft

BOISE, May 2 (AP)—Reports from 18 of the state's 48 local draft boards indicate an estimate that 50,000 men between 45-64 years old regis-tered April 27 was accurate. Lt. Col. Norman B. Addison, executive of-ficer, said today.

Figures from all boards are ex-pected by Monday, he continued.

Registrations are averaging more than one and a half times the last registration when unregistered men between 20-45 were mustered in. Canyon, Jerome and Blain counties have signed up twice as many as in that registration. Col. Addison added.

Soil Conservation Experts Shifted

Luttrell Jones, formerly conserva-tionist for the state soil conservation service at American Falls, will suc-ceed Jack Taylor as the unit con-servationist for the state central Idaho with headquarters at Twin Falls.

Taylor will be transferred to Ma-dad as conservationist of the Oneida district to replace R. R. Blat, who was requisitioned by the war rela-tion authority.

The Twin Falls service assists farmers in production, conservation and irrigation problems in the six south central counties.

Man Bound Over In Theft of Car

Oscar Gray, 26, charged with grand larceny, Saturday waived pre-liminary hearing when brought be-fore Probate Judge C. A. Bailey and was bound over to answer to dis-trict court.

Bond was placed at \$500 and the man was remanded to custody of the sheriff and placed in the coun-ty jail.

The complaint against him was signed by Neal Dean, who charged Gray with car theft.

GAS-TAX DIVIDEND DROPS BY \$9,000

First quarter apportionment of state motor fuels tax money to Twin Falls county highway district shows a drop of almost \$9,000 from the last quarter 1941 allotment, according to Miss Eleanor DeBull, deputy county auditor.

The initial 1942 distribution of gas tax funds to districts in this county is \$10,307.84. Final 1941 apportionment was \$19,230.50. The reduction is apparently seasonal rather than a result of less auto usage, since first quarter apportionment one year ago was also slightly above \$10,000.

Distribution of the current allo-cation will be as follows: Twin Falls highway district \$10,230.50; Buhl \$10,001.26; Piler \$1,092.91; Murtaugh \$114.53; Rock Creek \$376.06.

Dance Schools to Present Revue in Twin Falls May 29

Kenworthy—Stoddard schools of dance at Twin Falls, Burley and Buhl, will combine in presenting a dance revue, "Good News," the first performance to be staged at the Twin Falls high school auditorium Friday, May 29, with both matinee and evening performances being staged. Wayne Kenworthy an-nounced last night.

Other productions will be pre-sented at Buhl Wednesday, June 2, at the Lamona theater, and at Bur-ley Friday, June 5, at the Burley theater.

"Theme of 'Good News' is based on the assumption that a relaxing variety show will be a welcome con-tract to war nerves, priorities, rationing and such," Kenworthy said. Spectators will include the opening, newboy scene, in which each num-ber will refer to the makeup or part of a number; variety show for the USO; Toyland, in which Rag-dy Ann, Raggedy Andy, Toy Sol-diers, French doll and Tinkertoy will appear, and the finale, revolving around a soldier's wedding, with Doll Mites, aged four, as the bride, and Master Buddy Strong, aged five, as the bridegroom, and Jerry Love, aged six, as the minister.

Last year the three schools staged separate performances of "Pan-american."

Florist Sued as Result of Crash

DAMIAN, Id., May 2 (AP)—A woman sued yesterday in a district court action filed against the operators of the Twin Falls floral company by a woman florist as a result of a crash last Oct. 25.

The driver who asks the damages is Eva M. Miller, she sued Orin Williams, doing business as the floral concern, and J. C. Williams, his son who is associated with him.

The plaintiff asserts that the younger Williams drove recklessly when he assertedly smashed his coupe into the machine she was driv-ing on Fourth street west. Mrs. Mil-ler claims she had reached the mid-dle of the intersection at Second avenue west, when Williams struck her car. She told the court she suf-fered concussion and other injuries. Rayburn and Rayburn and Harry Porey are counsel for the damage claimant.

Idaho Falls Sets Slot Machine Tax

IDAHO FALLS, May 2 (AP)—An ordinance designed "to control and regulate the operation and place-ment of amusement machines and devices through licensing and tax-ing of distributors" went into effect today following passage at a special meeting of the city council last night.

It will apply to slot machines and pin ball machines.

The ordinance provides for a \$300 annual license fee and \$5 monthly tax on each machine, and outlines the placing of any machine within 100 feet of a public elementary or high school.

Lake Water May Be Used by Navy

IDAHO FALLS, May 2 (AP)—If water sup-ply is inadequate from wells drilled at the site of the navy's \$20,000,000 naval air station at Bayview on Lake Pend Oreille water will be drawn from the lake and a filtra-tion plant used, Dr. E. L. Berry said today.

On his return from the site the state public health director added there is no question that the navy will install an ample sewage dis-posal plant for its training station."

Named Chairman UNIVERSITY OF IDAHO, May 2—Virginia Brecken, Wendell, and Macey Mott, Rupert, recently were named committee chairman for the annual home economics day celebration at which north Idaho high school senior women are entertain-ed by the university Home Econo-mics club.

CHUCK POISONING DRIVE ARRANGED

A rock chuck poisoning campaign to be held Thursday and Friday was announced yesterday by County Agent Bert Bollingbroke.

Bollingbroke said that Ben Evans of the fish and wild life service would cooperate with him in the campaign and would be at the fol-lowing places to mix the bait: Thursday—O. S. Butler farm, south of Kimberly, 8:30 a. m.; Walter Taylor farm, east of Murtaugh, 10 a. m.; Joe Stasny farm, west of Mur-taugh, 11 a. m.; C. W. Colner farm, north of Hansen, 1:30 p. m.; L. V.

Jones farm, north of Twin Falls, 2:30 p. m.; William Spencer farm, north of Piler, 4 p. m. Friday—L. A. Whittle farm, north-east of Buhl, 9 a. m.; J. T. Spiker farm, north of Buhl, 10 a. m.; Dar-rell Lyons farm, Melon Valley, 11 a. m.; Shinking canyon ranch, 1:30 p. m. and W. J. Robertson farm, northwest of Castelford, 3 p. m.

Farmers cooperating in the cam-paign should bring fresh green alfalfa tops to one of the places to be mixed with the poison. Bolling-broke said. He cautioned the farmers to distribute the poisoned bait in rocks and crevices so there will be no danger of poisoning livestock.
