NEW RESTRICTIONS HIT GAS RATIONS ON EAST COAST

2 GALLON LEVEL MAY BE LOWEST

By JOHN M. MECKLIN
WASHINGTON, May 7 (AP)—The office of price administration today announced new restrictions on sales of gasoline in preparation for the east coast rationing system which may be as low as two gallons a week.

In an 18-page instruction booklet to more than 20,000 rationing authorities, the OPA set the weekly quota of gasoline for "non-essential" motorists from two to six gallons, and banned for the duration of the war the sale of fuel for automobile and motorcycle racing.

The two to six gallon range is not fixed arbitrarily and may be revised upward or downward, depending on the supplies available when rationing starts in the east on May 15 to 16.

First Explanation
The booklet, containing 18,000 words, was the first detailed explanation of how the fuel dole will strike millions of motorists in the 17 Atlantic seaboard states and the District of Columbia. Subjects discussed ranged from the plight of a motorist who finds himself out of gasoline and rationing cards while he is many miles from home to regulations for a Christian Science reader.

The unlucky motorist who runs out of gas will have to let his car stand on the highway, or be towed in, the OPA ruled. The Christian Science reader can apply for a rationing card if he has a certain amount of fuel. The ration board will decide how much he needs.

Motorists will be divided into three classes for rationing purposes. The "non-essential" class will receive "A" cards entitling each individual to seven units of gasoline, which may vary between two and six, probably something less than five.

"B" cards will be issued to motorists who can convince the rationing boards they need more than the basic amount to get to work, to perform necessary functions. But even those who live many miles from their office or factory will not get "B" cards if they can ride buses or street cars. "C" cards will entitle from 15 to 20 basic units, depending on need.

"X" cards will go to doctors, nurses and other health workers. Limited amounts of fuel for emergency use.

SPECIAL SALE OF BONDS RUNS HIGH

WASHINGTON, May 7 (AP)—The treasury said today it sold \$233,500,000 of its new type of 2 1/2 per cent, 20-25 year bonds today and Tuesday, the first day of an indefinite period. Unlike other treasury bond sales, the offer of these bonds will be open to the public for an indefinite period, and this figure may be multiplied substantially before the sale.

The indefinite offering is a new wrinkle in treasury financing. In ordinary investors are given only one or two days to buy a bond issue and the amount of money subscribed on the same day that the 2 1/2 per cent bonds were offered to the public. Monday afternoon offered \$1,250,000,000 worth of two per cent, 7-9 year bonds and terminated the offer at the same night. The offering, however, was intended primarily for banks, while the two and a half per cent bonds were designed mostly for insurance companies and other large investors, while banks were prohibited specifically from buying them.

TRANSPORTATION IN U.S. 'TIGHT'

WASHINGTON, May 7 (AP)—Secretary of Agriculture Wickard declared today the war's strain on the nation's transportation system was placing "serious obstacles in the way of getting food to American consumers."

In transportation—by rail, truck or ship—the situation is "so tight," he said, "that we cannot afford to move anything that is not absolutely necessary. In fact, there is so much to be moved that usually it is a case of which essential product has priority over other essential goods."

Shortage of steel and other materials, the secretary said, are preventing construction of many new food processing plants that are needed. His mentioned specifically food dehydration and pork processing equipment.

In a speech prepared for delivery before a conference of governors and other state and federal officials on governmental laws and regulations which restrict the war effort, Wickard said many of the difficulties they have in the food industry were unavoidable.

"The federal government, no less than the state and local governments, is responsible for laws and regulations which undoubtedly hinder the free flow of supplies to farmers and hamper the processing and distribution of farm products after they have been produced. We must remove every impediment of food production and distribution that can be removed."

Wickard said the federal government was doing all it could to iron out production and transportation problems.

He said also that his department was working with the state and local authorities in advance, and recommend substitutes.

WORKER HOUSING FAIRNESS ASKED

JEROME, May 7.—Fair and normal price ranges for housing, and for board and room facilities for workers who will be employed in constructing the Jap labor camp in the east end of the county, were urged by the Chamber of Commerce members in an appeal to all residents of this community.

Announcement was made that all residents having living quarters, or who might have board and room, have been asked to come into offices of the Jerome Chamber of Commerce and list them this week. Persons who can offer reasonable board and room, or reasonable housing, will be recommended to the workers, the Chamber of Commerce said today. "Those whose prices for conveniences are 'out of range' will not be recommended."

Trailer Camp
Announcement was made that the Jerome city council has allowed the use of two city blocks, formerly known as the city pasture site, for a trailer house camp grounds. Morrison-Knutson, it was understood, will place water and sanitary facilities at the site for the convenience of those living on the grounds.

As a whole, majority of Jerome merchants connected with the government plan, and many feel more secure than they have in many months, it was understood.

Meat Concur
During the meeting it was urged that all residents of the community purchase their next winter's supply of coal soon because transportation facilities will be very limited.

RESENTS CAUSTIC COMMENT: EXPLAINS BALL INCIDENT

Editor, Times-News:—This letter is from the guy who threw the first ball over the fence, the man who has not been mentioned in all his baseball money for defense stamps. . . and who had never before pitched a ball game at the Jaycee park.

When it was announced over the speaking system that the man who caught a foul ball in the stands would receive a straw hat, my interest heightened. Soon opportunity came my way, the thrill was complete with the catch. But not for long.

While waiting and still hopeful, Mr. Sieber uttered a rather caustic comment over the prize. Although I was abashed, I had every intention of turning in the ball at the conclusion of the game, but as no reason of giving it to the kid who was both impudent and annoying during the game, I threw it over the fence.

But while we are recalling what happened to me, I am sure that the right-hand bleachers who later caught another foul ball, . . . He did NOT turn it over and walked to the press-box with it. How come we did not hear similar reports for him, Mr. Sieber?

As to my patriotism, I am an air raid warden, and have just received my defense bond and stamp sign-up. Also, for Mr. Wood's information, I have a number of those relatives in the front lines, which is more than some of the guys who are passing out their war savings bonds, . . . and both myself and my children (in school) are doing our share in helping the defense effort by buying bonds and stamps.

Remember — ED ROBERTS (Twin Falls)

ALL WAR BOND HELP IS GIVEN FREE

Editor, Times-News:—While I am sure that some publicity has been given to the matter, it is quite startling to learn that a great number of people are still under the impression that newspapers, radio stations, banks, stores, etc. are being requested for their efforts in connection with the sale of war bonds.

I am certain that the newspapers and radio stations of Idaho have done an outstanding job in providing untold publicity for our program, and of course modestly forbids our saying anything about the banks' contribution in this respect that customers are served courteously and expeditiously when sales of war savings bonds are made.

Others, including stores selling stamps, savings and loan associations, other lending agencies as well as the thousands of volunteer committee workers, should not be overlooked in our commendation of their efforts; however, we think that it would be tremendously helpful if you could write about their purchases, knowing that this is the case.

The above factors enable the United States treasury department to promote the war savings bond program at a cost of 12.5¢ than one cent of one per cent of all money taken in.

Thanking you very kindly for a continuation of your splendid service, I remain yours very truly, JOHN A. SCHONOVER (Chairman, War Savings Committee for Idaho) Boise.

LET'S BUY OUR QUOTA!

Will the people of Twin Falls pour \$35,500 worth of war stamps and bonds during the month of May—the quota set by the United States treasury department?

It's a challenge we should accept gladly, because our government has told us that this amount is our share in a nation-wide effort to raise sufficient funds to equip our armed forces properly.

The treasury department has estimated the amount that must be raised from the sales of war stamps and bonds, and every county in the United States has been given its proportionate quota.

Surely, \$35,500 is not too great an amount for the people of this county to purchase during the month of May.

Let's demonstrate our patriotism by lending all the support we can to our country's war effort in this way as quickly as possible. Let's give all other counties in Idaho a run for their money when it comes to buying our quota of stamps and bonds!

DIRTY LITTLE SHEETS

Apparently Attorney General Biddle found the water was not so hot as he had feared. Except for a few professional liberals, and of course the Christian Fronters, almost everybody was pleased when Father Coughlin's "dirty little sheets" were the works.

Now Mr. Biddle has announced his readiness to go after a lot more "dirty little sheets," which are preaching sedition, bigotry, defeatism, anti-democracy generally.

The attorney general has a broad and fertile field in which to work.

This nation at war, fighting not alone for the theoretical cause of democracy but for its very existence, has been tolerating hundreds of "dirty little sheets" which have no possible excuse for their existence.

Few of them, individually, do much harm. Their circulation is limited. Their prestige is nil. They are read principally by men and women whose loyalty ranges from passivity to non-existence.

The department of justice has stripped the gears of "Copperhead Notes" by its action against Ellis O. Jones and the deserter Robert Noble, and of the vicious "Galilean" by the arrest of William Dudley Peltier.

But there still remain at least a hundred subversive daily and weekly printed and mimeographed sheets which, by design or coincidence, play Hitler's game in this country.

NAZI DISCONTENT REGISTERS CLIMB

By DE WITT MACKENZIE
Wide World War Analyst
There have been a number of late-ly of discontent in Germany, the latest being the report (unconfirmed) from a responsible source that some of Hitler's generals have notified him that if his 1942 campaign in Russia fails they will try to institute a plan of their own calling for "abolition of the Nazi system."
Naturally the question arises as to how much of a vital position has the German people in this connection. Franklin D. Roosevelt has put her finger on a vital point with the observation that it will require many years after the war to educate the German youth to understand that democracy is better than Hitler's theory of racial superiority and hatred for other peoples.

Youngest Veteran MEETS SATURDAY

The army's youngest veteran, Robert Neal Ely, 11, of Meridian, Tex., now is in the navy as an apprentice seaman. Ely enlisted when he was 10 years old during the Pearl Harbor attack. He was discharged as a sailor and is now in the navy when he became 17.

POMONA GRANGE MEETS SATURDAY

Preliminary plans for the Idaho State Grange convention in Twin Falls next autumn will be started at the Pomona Grange meeting at 8:30 p. m. Saturday in Fluer, Master Eric E. Jones announced this afternoon.
The convention matter will highlight a busy program for the first night meeting of Pomona this season. Other business will include final report on the Red Cross drive, union disaffiliation on the part of Pomona, which was attended by Ben Jackson, secretary of the Pomona member to serve as State Grange representative at the May 28 meeting in Twin Falls when the state public utilities commission will consider request of householders for increased rates on clean and bean storage.

New Planes for Army Pass Tests

BUFFALO, N. Y., May 7 (AP)—The Curtiss withdrew one of the U. S. army's newer fighter planes now rolling off assembly lines, but performed impressively in its first public demonstration.
Whipped through the skies above Buffalo airport by Curtiss-Wright corporation test pilots, three of the warhawks showed yesterday they could climb almost as rapidly upward-side-down and even while rolling as they could in normal flight.

LOCAL ISSUES TO MARK ELECTIONS

By JACK BELL
WASHINGTON, May 7 (AP)—Administration supporters asserted today that Tuesday's primary elections demonstrated that the people were demanding the recall from congress of members who opposed President Roosevelt's foreign policies before Pearl Harbor, but opponents quickly took an opposite view.
Senator Pepper (D-Mont), an ardent advocate of American intervention in the war, said he regarded the failure of Senator Dulow to win renomination in the South Dakota Democratic primary as falling in this category, adding that the trend was evident elsewhere.

Senator Dulow, who has supported the war effort fully since Dec. 7, opposed many administration foreign moves prior to this nation's involvement.
Senator Pepper (D-Mont), a leader of the so-called non-intervention group which was active in the Senate before the war, said he believed Dulow's defeat by former Governor Tom Jerry of South Dakota was caused largely by local conditions and Senator Jerry (R-ND) pointed out that Gov. Harlan J. Bushfield, in winning the Republican nomination for the senate, had polled a much larger vote than Jerry.

Discontent for Older People
With the young folk unoppressed, this discontent as there may be—and there is small doubt that it exists—is mainly among the older people who have submitted to the Nazi chief's rule but haven't become Hitlerized. It is doubted whether many of the German youth are deserting their Mesiah.

CATLEMEN OUT BEEF SHIPMENTS

CHICAGO, May 7 (AP)—Cattle producers, reacting quickly to sharp price decline since the office of price administration's announcement that ceilings would be imposed on dressed beef, have reduced substantially shipments of the livestock.

60-FOOT TANKS TO ROLL OFF PHILADELPHIA ASSEMBLY LINES

PRODUCTION WILL SHOW BIG CLIMB

By RUFUS S. MOORE
PHILADELPHIA, May 7 (AP)—New, 60-ton heavy tanks soon will be rolling off the assembly line at the Baldwin locomotive works to widen the stream of weapons pointing from American war industries. These monsters, among the biggest tanks ever used, will be turned out at the same assembly line which has increased the plants' production of M-3 medium tanks by 50 percent.

Big Increase
Last month, Baldwin's production was three-and-a-half times what it was when the first tank came off the line, Major Selzer said. "Production will go up another three times before the end of the year," Selzer predicted.

No Production Drop
When we switch over from the M-3 to the M-4, there will be a drop in production," Selzer said.

Chungking reported Jap forces were driving up the Burma road and that fighting raged around Wanting. Further up the road, Japanese were reported to have asked Japs also drove north from Manda-yai apparently heading (British) for Hamo (2) to seal alternate Burma road terminals. Chinese guerrillas fought at Faunggyi (3) and U. S. bombers blasted a Japanese airbase at Mingsaladon (4).

X-Rays Show Woman in Britain May Give Birth to Quintuplets

LONDON, England, May 7 (AP)—Medical experts at Oxford studied her X-ray plates again today and said it was extremely possible that Mrs. Japs Woodley, 26-year-old wife of a soldier, would give birth to quintuplets.

Apparently there isn't any doubt that it will be a multiple birth—quints at least, said Dr. J. H. Fisher, the family physician—but the thought that Emily Woodley, youngest of the six robust daughters of Frank Whitehead, proprietor of the Lion Inn, may become the mother of quintuplets has the villagers in a dither.

COWBOYS, RUSSETS LEAD SERIES FINAL TONIGHT

Visitors Grab 3 Runs in 6th To Win, 4-2

Tony Klaura, ace hurler of the Idaho Falls Russets, pitched a three-hitter here tonight to even the series with the Twin Falls Cowboys. The final score was 4-2 and if there hadn't been so much fumbling of the ball by the Idaho Falls players it is doubtful if the local boys would have scored a run.

The victory was the first of the season for the northern team and the two teams will square off on tonight in the "rubber" encounter. In the 5-2 victory the opener was a pitchers' battle, as was the play last night. Hard-hit balls were few and far between except for a powerful drive by Mulcahy, Russett catcher, who crushed the first home run of the evening from the left field wall in the fourth inning with the bases empty.

Cowboys Take Lead Twin Falls took an early lead when they pushed across a run in the first inning. After three hits, home runs came through with a single. He went to record when Osborn came through with a single. He went to third on Nick Smizer's first out and then came home on a wild pitch by Mulcahy.

The Russets tied the count in the fourth when Mulcahy hit his home run. Then Paul Patton came through for the same game with a lone home hit on the strength of one home hit which Mulcahy spoiled that by striking in Dunn and sending Jensen through with a double play ball and Jensen scored. Adams then came through with a double to score. Patton then drove in another run by striking in Dunn and sending Jensen through with a double play ball and Jensen scored. Adams then came through with a double to score.

Philippa, catcher, was a walk and was sacrificed to second by Dud Tryeman and went to third on a wild heavy Klaura run in center field while trying to catch him off second. From there he scored on Harlow Burton's error into the center field. That ended the Cowboy scoring for the evening.

Russets Rally in Sixth A big sixth-inning rally that netted three runs spelled defeat for Tony Chappeta. Cowboy pitcher sidestepped this time. Bill Dunn led off with a double sacrifice and Fred Fitzmaurice scored on a wild pitch. Then Sven Jensen was purposely walked to set the stage for a double play.

Chappeta pitched a walk and was sacrificed to second by Dud Tryeman and went to third on a wild heavy Klaura run in center field while trying to catch him off second. From there he scored on Harlow Burton's error into the center field. That ended the Cowboy scoring for the evening.

Harrington's Bat Defeats Boise, 6 to 2

BOISE, May 7 (UP)—The Salt Lake Bees defeated the Boise Pilots, 6 to 2, tonight with Manager Andy Harrington's bat pounding the way to victory with four safe hits, including three home runs.

One of Harrington's double dross in Catcher Kerr with the first run of the game in the second, and another apout a fifth inning sprang that garnered the Bees four runs.

Bob's first score came when Paulson doubled in the sixth and was driven home a moment later by Slenger's two bloop. Tamone scored the other Pilgot run in the sixth with a double after which he went to third on an infield out and home on a wild pitch.

Newsom Gets Revenge With One Hitter

NEW YORK, May 7 (UP)—As the governor of South Carolina, you can ignore the fact that you are a member of the "Buck" club. That all.

The Gov. of S. C. was referring to the Normal team, that extensive citizen of Hartsville, S. C. who calls himself and everyone else "Buck." The world champion Yankees moved back into the American league lead yesterday and today.

Newsom, with his Carolina strut, nature-card posing and general assurance of a crowd pleaser, evidently tossed one for the boys, especially Jack Zeller, former manager of the Detroit Tigers.

Buck Not Sorry The fact that the defeat dropped the Newsom team into fourth place is a likable, easy-going fellow in the Newsom team.

Bonham Hurls Third Shutout for Yanks

NEW YORK, May 7 (UP)—The World Champion New York Yankees took only an hour and 21 minutes to get ready to grab the American league lead from the Cleveland Indians as big Ernle Bonham pitched a five-hit, 3 to 0 triumph.

It was the fourth straight victory and third shutout for the powerful right hander, who stands 6 feet 2 inches tall and weighs 210 pounds, and it was his fourth consecutive shutout for the Indians in the backwash of their recent 13-game winning streak.

The clash of the Tribe and Yankees for the first time this season on all continents was pitched by Bonham and Jim Bagby, who had won five in a row.

Russell's Fly to Health secured victory with an unassisted double in the fourth, after two were out. Charley Keller, Joe Gordon and Lewie Moss, who had pitched together the Tribe got only a dozen balls out of the infield.

4-Run Attack In 7th Wins For Pocatello

POCATELLO, May 7 (UP)—The Pocatello Cardinals maintained their undefeated position at the top of the Pioneer league last night scoring a 6 to 2 victory over the Ogden Reds with a seventh inning rally that counted for four runs.

The Cards took advantage of three hits and two walks to chip up the first inning. Ernie Warren, centerfielder, started his first game for the home team, allowed the Reds two runs off three hits in the first but held them hitless and scored the rest of the contest.

The Cards concluded at Pocatello tonight. They played three games in Pocatello, May 6, 7, 8. Scores: Pocatello, 6; Ogden, 2; Pocatello, 6; Ogden, 2; Pocatello, 6; Ogden, 2.

Cards Get 14 Hits to Beat Phillies, 11-2

ST. LOUIS, May 7 (UP)—The Cardinals scored today on the best place hits yesterday and pushed them deeper into the cellar with a 14 to 2 victory.

Victory Moore and Eno, slatted their first, hundreds of the season. Moore's starting off a six-run third inning rally. Moore also doubled in two more runs in the fifth. Jimmy Brown batted over two innings when the team batted around.

In fact, everybody got at least one hit except Marty Marion, Pitches or Mort Cooper singled in a run, and had not the six Cardinals runs in a total that became of Bob Cooper, might have allowed even less than the six singles the Phils got.

A former Cardinal, Sam Nahem, took over the mound chore for Philadelphia in the sixth and nobody got on base except Stan Musial, who was because of Bob Cooper's error. Nahem struck out three Philadelphia's only scoring inning—the fourth—went like this: Eno, Murtchak led off with a hit off Brown's leg. Al Gilcock singled to left. Murtchak reached third and on Marion's wild throw Gilcock got to second.

Summary: Sacrifices: Ryan, Tyeman; two base hits—Adams; home runs—Mulcahy, Run; hit batsmen—Mulcahy 2, Patterson, Adams, Burden; struck out by Klaura 6; pitching—Klaura 7; balls—Chappeta; umpires—Ericson and Conner.

Silver Creek, Big Wood Get Fish Planting

BOISE, May 7 (UP)—The state fish and game department today announced that it had planted in Silver Creek and Big Wood rivers in Blaine county.

The trout were raised at the Blaine hatchery and planted in the state hatchery in last year. Both silver creek and Big Wood rivers will win from bull game.

Both silver creek and Big Wood rivers, the veteran second nacker, must be just about the best trout fish now. He has been up to the plate 10 times and collected five hits for 800 average.

On the other hand, Manager Rosalbo-knower has and several 200 fishermen could, if the season were over, limit their limit on those two streams.

Several thousand more Rainbows will be planted in the next few weeks. Three silver creeks, three big wood rivers, all from the Hayspur hatchery.

Burley Wins From Filer, 7-0; Will Oppose Shoshone

BURLEY, May 7.—Nativity high school baseball team conquered the Filer nine here yesterday and as a result of this victory will have the right to enter the state tournament at Boise.

Bea Newshaw, Burley pitcher, was never in trouble and held Filer to three hits while his teammates were hitting home runs.

Will Wright, Burley pitcher, arrived here by plane tonight. He is a man of few words and what little he says he does always with a restrained Saturday night.

Wright is reported to be among the weather of the jockeys and the story is that a large portion of his earnings has been invested for him by his employers. Wayne admits it, but adds nothing.

Wright is married to a member of the Harroff family, widely known in the ballet circles of the dance world. Mrs. Wright gave up her profession of being a married lady. Wayne, today she is as proud of

MacPhail Will Oppose Frick Argument Rule

NEW YORK, May 7 (UP)—Larry MacPhail, the roaring redhead of Philadelphia, today announced that he would oppose the argument rule proposed by Ford Frick, National League president, on his 100th birthday.

MacPhail said that he has been out of ball games by the umpires. "They got to be something for the game," he said.

Passenger Auto Tire Quota Not Used for April

Apparently war-time automobile tire rationing has brought no great benefit to yet in Twin Falls county motorists. Passenger car owners failed to use up their quotas during April, according to figures received by Miss Tera Prescott, clerk of the county clerk's office.

The county's quota for new passenger car tires was 115 but only 30 permits were issued. Likewise, only 65 passenger car tires were requested while the quota was 100.

However, the story was different for trucks. Truck owners used up their entire quota of 146 tires and 96 of their quota of 125 tires. Similarly, 146 permits for truck tires were issued.

Permits for the purchase of new automobiles or trucks were requested during the month.

THIS HEADER HONORS ALL MEN IN UNIFORM

Editor, Times-News: I took particular notice of the article in the Forum by Mrs. Gladys Ferber. She stated that she had never felt the urge to write before.

I am myself I would salute any and every soldier for they are working for our country and the principles it stands for.

I believe that Mrs. Richardson thinks the same as I do that it does not sound or look very good for a soldier's wife to brag him up to the highest peak possible.

My theme for all Americans to remember is: "Officers may uniform but it takes every man in uniform to win a war."

DORIS RICHARDSON

P. S.—Please tell us why Americans stand at attention whenever our national emblem is played or sung. Would you have us think it was respect for Mr. Key, the author, or because it has been set as another symbol of duty.

SERIAL STORY

FRANTIC WEEKEND

BY EDMUND FANCOTT

SLEEPING BEAUTY
CHAPTER XVII
 "Oh!" shrieked Peggy as she saw Baldy, registering with Fay the information that she would have been less surprised to see the Nizam of Hyderabad on a purple elephant.

"Bright girl," was Baldy's mental note, as Peggy had intended it should be.

Fay commingled a slight frown as she saw Baldy. A nuisance, if he had to resume the whole argument with him all over again, and the concert party idea would best be promoted with the rest of the cast for moral support and Baldy conscious of the limelight. She moved to go, but Baldy caught her hand and drew her down beside him.

"Listen, honey, we got to talk this thing over. I'm getting out of this damn rooming straight down to New York. We gotta get this thing clear. You needn't come. All you gotta do is sign a bit of paper and I'll get out and leave you. You can stay up here—stay up here a week if you like. It costs no damn money. Then we'll get together and work out the details."

Fay was coolly silent and Peggy looked around hopefully. Sure enough, her brother came round into the rocky area and his face lit up as he saw them sitting there. What co-operation! With a quick glance at his sister he caught her wink and made his attack.

"Hullo Fay, hullo Baldy." He caught Fay's hand and pulled her from the seat. She came with great will. She saw her escape from Baldy made simple by compliance.

"I've just been looking at the aerial map of this place and there should be a wonderful view from a spot near here."

"Good!" said Fay. "I'd love a walk. Coming Baldy?"

"You'll ruin your shoes if you do," said Michael. "And those pants."

Peggy laid a restraining hand on Baldy's sleeve as the other two moved off.

"I did my best," she said. "I'm fit to again for you."

"Aw!" jerked Baldy. "Forget it. I'm getting out."

"Ungrateful, that's what she is," said Peggy. "After all you've done for her."

"That's not all," said Baldy, glad of some sympathy. "I've tramped my feet to the ankles for that girl and talked my hair and teeth out to get her where she is. . . . where she was, I've sat in at parties till I was under the table getting the boys to give her the right stuff in the press, lost a couple of hundred bucks at poker with Finchell to get her in his column with the right shirt—and what do I get for it?"

"Ingratitude," said Peggy.

"Ingratitude," echoed Baldy.

At that opportune moment Marie came into the rocky area, a coat full of flowers sunk in the hillside. She was carrying a tray

with two tall glasses, one with a Collins and the other with lemonade. Ice tinkled invitingly. Baldy's eyes popped hopefully.

"Is this what you wanted, Miss?"

"Yes, thank you, Marie," said Peggy. She turned to Baldy. "I ordered this just to help you along with Fay, but since she is gone I might as well take the lemonade."

"You've got brains," said Baldy grudgingly.

"I've got more than brains," said Peggy.

"Hey," said Baldy to the retreating Marie. "Same again!" He turned to Peggy. "You gotta have brains to think of that."

"I'm not like some people," said Peggy. "Always thinking of themselves and what suits them. I think a girl has to think of others."

"You said 'it' grunted Baldy, taking a long drink and feeling better for it. "How long do you reckon it takes to get to Montreal from this place?"

"An hour for a man like you, two for most," grinned Peggy. "But Marie will be back in a minute."

MARIE was when she came back the third time Baldy was telling Peggy the whole story of his life. Peggy was listening as though she was hearing for the first time a story for which she had waited all her life. She had learned from Myra, who had impressed upon her at various times that the only way to make a deep impression on a man is to listen to him attentively at the very times when you'd rather not. A hardy trick for her bag of conspiracies, she decided.

Two in one day, thought Peggy, was quite good going.

'BORROWED' CAR LEADS TO COURT

JEROME, May 7—On charges that he borrowed an automobile without the owner's consent, Percy W. Walters, Pocatello was arrested this week and was given preliminary hearing before Probate Judge William G. Comstock this afternoon.

Walters was arrested and returned to Jerome Sunday by county officers. The automobile which he is alleged to have "borrowed" was the property of W. J. Patton, Jerome.

Walters was placed under \$500 bond which had not been furnished and pending hearing, he was placed in custody of Sheriff Lee S. Johnson.

Uncle Ef

With this continuing on-again-off-again business and disagreements as to how much or how little gasoline we are to get, the Washington politicians certainly can't blame the folks back home if they fail to take the gas, oil and the situation so seriously and continue to burn up the roads. As Washington likes to ask the country, we folks might ask right back in this instance, "Don't you know a way's going on?"

JAP STUDENTS TO CONTINUE SCHOOL

PHILADELPHIA, May 7—Japanese-American college students, evacuated from the Pacific coast will have a chance to continue their studies in inland universities and colleges, the American Friends Service committee announced today.

Clarence Pickett, executive secretary of the Quaker committee, said it had accepted responsibility for developing a program whereby more than 1,000 Japanese-Americans could be reestablished in schools on the request of M. S. Eisenhower, director of the war relocation authority.

"Deep concern now for the welfare of loyal American citizens whose parents happened to come from an enemy country will pay our democracy rich dividends in the future," said Pickett.

"The American people surely do not wish to deprive fellow citizens of their birthright to education because of the accident of race."

Eisenhower said in a letter to the committee that "it is not feasible" for the government to undertake the program "but this in no way detracts from the desirability of such an accomplishment."

Each student will be interviewed and certified, Pickett said, as a protective measure for the student, the university and for the public generally.

"I am confident," he added, "that the students, especially at midwestern universities, will take steps which will assure a compatible arrangement for the American citizen Japanese."

Music Festival Numbers Given For Civic Club

JEROME, May 7—Miss Mary Ruth Dailor, Miss Mary Lou Benbrook, Miss Etta Tromp, Miss Madelyn May Barber, Miss Margaret Halber, Miss Willie Mae Maxey, Miss Barbara Smith and Miss Lucille Evans sang their festival numbers during the meeting of Jerome Civic club this week. They were accompanied by Miss Anna Mae Osmanson. The selections were given in observance of Music week.

Dr. R. C. Matson, local physician, spoke before members on cancer control.

Members of the Civic club voted to lend use of the hall next Tuesday afternoon when representatives from various civic organizations will meet

Music Festival Numbers Given For Civic Club

to discuss a supervised playground for Jerome youngsters this summer. The project, if undertaken, will be sponsored by the Jerome Parents-Teacher associations.

Table appointments were long and the services were Mrs. E. W. Snodgrass and Mrs. Guy Sturgeon. Hostesses were Mrs. Ann Hartshorn, Mrs. Guy Simons, Mrs. E. M. Churchman and Mrs. J. Kennedy Stuart.

Excelsior Rehires Present Teachers

HANSEN, May 7—Mrs. Charles Prior, Hansen, as principal, and Mrs. Mary Zilkey, Kimberly, have been elected to continue as teachers at the Excelsior school for the next year. Mrs. Zilkey has been teaching there the second semester, replacing Miss Dolores Simmonds, who was married at Christmas time.

UNITY

Moore Adams, Los Angeles, is visiting this week at the home of his parents, Mr. and Mrs. J. Fred Adams.

No Sunday evening services were held in this ward because of graduating exercises of seminary class. Mr. and Mrs. Newel Baker's daughter was christened Rozelle at L. D. S. fast services Sunday.

The 4-11 club met at the home of Miss Rachel Mathews Friday. Theology and testimony meeting of the Relief society was held in the hall Tuesday with Mrs. Evelyn Stout in charge and Mrs. Geneva Adams leading class work.

Senior class of the Sunday school with the leader, Lee Stoker, will spend Friday swimming and picnicking at Indian spring.

No exercises of any kind will be held here Sunday on account of quarterly conference being held in Burley.

Socials Planned

UNITY, May 7—Ella Burnett, president of the Y.M.M.L.A., announces that there will be at least one social gathering a month, although weekly meetings have been discontinued for the summer months. These socials will be for all ward members.
