

Call Issued for Beet Field Help By Townspeople

Determined to exhaust every resource in saving the sugar beet crop in Twin Falls county, representatives of the national Beet Growers' Association, U. S. employment service and the county agent had approved plans this afternoon for a patriotic appeal for voluntary labor on the part of high school students, store clerks and business men.

Russians Advance Somewhere on Western Front

Supported by tanks, Russian infantry start moving across open terrain, somewhere on the western front, according to the Moscow caption which said troops were "overwhelming enemy resistance... advancing westward." Shells burst on far side of the field. This picture sent by radio from Moscow to New York.

Soviets Capture New Positions in Kharkov Conflict

MOSCOW, May 27 (UP)—Front line dispatches said today that strong Red army blows had checked the German counter-offensive on one sector south of Kharkov, recaptured a strategic height and a village and killed 2,000 enemy troops north of the city.

Following the example set by other beet producing sections of the state, the group issued a general call for help by every man in position to devote any portion of his time to such emergency work.

The need for such help became apparent when the attempt to improve voluntary Japanese labor failed of any immediate response, though Manager Harry A. Elcock and other representatives of the sugar company are now on the coast trying to round up beet laborers at Japanese recruiting centers. There was no definite assurance last night that workers could be secured in sufficient numbers.

Reporting developments in the important Izyum-Berukova sector where the Germans launched their counter-thrust against the flank of Marshal Simeon Timoshenko's armies, the correspondent of the army newspaper Red Star said that two German attacks had been repulsed and that Russian forces had improved their positions.

JURY PONDERING DAMAGE ACTION

Jurymen late today were considering a \$20,000 damage claim in district court after they were taken by auto to examine the location of a crash that proved fatal last Nov. 1 to two Twin Falls women.

The damage suit is based on the death of Mrs. Temple Ewason, one of the two victims. The other was Mrs. Belle Greene. Both died of the crash after the defendant's car, a Buick sedan, struck them on the highway near the intersection of Main and 1st streets. The defendant, surviving husband of Mrs. Ewason, and his three sons, Robert, Millard and James Dawson.

One Defendant Objected
The jurymen were taken today to the northwest corner on Hansen on motion of the plaintiff's counsel. The request was joined in by attorneys for the Bell Lake Hardware company and Stephen B. Lynch, two of the three defendants. Counsel for Mrs. Ewason and her husband and defendant, opposed the motion.

Mrs. Belleville was driver of the car in which Mrs. Dawson and Mrs. Greene were riding. Lynch operated the other machine involved in the crash on the Bell Lake Highway, section of U. S. 30 and a country road at 11:30 a. m. Oct. 31, 1947.

Final witnesses today for the defense were Lynch and Mrs. Belleville. Defense witnesses yesterday afternoon included Mrs. Ella Greengard, also an occupant of the machine driven by Mrs. Belleville. Conducting witnesses for the plaintiff were Lester H. Jones, packing truck driver whose vehicle was struck by Lynch; C. E. Bieber, who took photographs at the scene, and Frank C. Dawson.

Denial Motions
Judge Porter today overruled a defense motion for an instructed verdict. He denied yesterday a defense move asking non-suit judgment.

Arguments of counsel and instructions to the jury occupied this afternoon's session prior to the start of the case was handed to the jury. The defendant's testimony yesterday was that of Mrs. Beale Weirich, Twin Falls, who was sitting in the rear seat of the machine. Mrs. Dawson and Mrs. Greene. Objections were filed and fast from defense counsel as Mrs. Weirich testified and an O. W. Witham, of counsel for the plaintiff, questioned her. Mrs. Weirich testified that she could not remember the crash. U. S. 30, she passed her, she believes that machine did not stop for the highway intersection.

At least twice one defense counsel objected to queries by another defense attorney.

The Jury
Jurymen who are hearing the case include Ed Acker, Harry Musgrave, W. W. Gorman, George W. Bice, C. B. Swallow, Howard Darrow, George Edwards, Hobson Bonickson, David P. Clark, Edward McGarry, George Worley and B. D. Keeler.

Attorneys include Witham and Kinney for the defense claimants; J. P. Martin, Boise, for Mrs. Belleville; Harry Benoit and J. H. Blankard for the true Ewason; and W. B. Haggren and Mr. Lynch.

ANZAC HOSPITALS FOR WOMEN FULL

MELBOURNE, May 27 (AP)—The maternity wards of Australian hospitals are booked to capacity as far ahead as December and January and authorities wish it were possible to ration babies.

It's absolutely heart-breaking to see women making the rounds of hospitals, being turned away and wondering what to do in this hospital strait.

The birth rate is booming in this country. The increase in births among the poorer classes; the jam in the private hospitals catering to the middle class.

The government was able to meet one phase of the maternity crisis. Because of clothing rationing, expectant mothers had experienced trouble getting layettes together. A doctor's certificate of pregnancy now permits the purchase of 140 worth of clothing, "quota free."

Baby carriages have disappeared from the market, their manufacturers having been converted to war work. There have been suggestions that the government consider all carriages not in use and distribute them to those who need them.

Funeral Service For Otis Smith

They are James Robert Prunty, 18, son of Mr. and Mrs. William Franklin Hall, 27, who is in private life what no leather-cook tentatively enlisted in the marine corps at the local recruiting office today. He was born in Sun Valley and is the son of Mr. and Mrs. Fred Hall, Analee, Neb.

MEN NAMED FOR METAL SALVAGE

BOISE, May 27 (AP)—Appointment of state-wide committees to handle the salvage and collection of scrap metal from Idaho industries was announced today by James O. Jensen of Seattle, assistant regional director, industrial salvage section of the war production board, bureau of industrial conservation.

Appointees will serve on a voluntary basis without pay. They were selected after Jensen had conferred with officials of the Idaho state Chamber of Commerce.

Stanley A. Easton of the Bunker Hill and Sullivan Mining and Con- centrating company at Kelso was named state chairman. The vice-chairman is William J. Hyman of Boise, special representative of the United Pacific railroad.

Earl W. Murphy of Boise, secretary of the state committee. Members chosen include C. L. Billings of Polkville Forests, Inc., Lewiston; E. S. Jones of the Idaho Dairy and Dairyman's association, Idaho Falls; and Dan Cavanaugh, Idaho section of the Associated General Contractors, Twin Falls.

The following were included as industry sub-committee members: Harry Elock, Amalgamated Sugar company, Twin Falls and Berwyn section of the war production board, industrial salvage section of the Idaho Editorial association, Jerome.

SAVANT RAPS AT HEAVY DRINKING

CLEVELAND, May 27 (AP)—Rev. George Cutten, president of Colgate university, declared today that the fundamental strategy in this war seems to be for us to drink our way to victory.

"Pearl harbor," he said in an address prepared for the Northern Baptist convention, "was our first laboratory experiment in realization of this strategy."

"The secretary of war and the secretary of the navy think that barracks, taverns, beer halls and cocktail lounges are fitting schools for soldier who have a world war on their hands. These secretaries should re-assign the thinking to competent hands."

"Seventy-seven days of prohibition have been enforced in Oahu islands for 77 days after Pearl harbor, then was discontinued by military order."

"Deaths of nearly 3,000 who were killed there."

Women Start Enrollment at U.S. Army Recruiting Station

WASHINGTON, May 27 (AP)—Women enrolled today at regular army recruiting office for the first time in history—seeking selection to be among the first candidates for officer commission in the women's army auxiliary corps. If the line of applicants at the Washington recruiting office was an indication of the nationwide response, thousands will apply for places among the first 40 candidates to report at Fort Des Moines, Iowa, about July 15.

Through June 4 but evidently many women thought an early application would help their chances. Eight thousand in line before the recruiting office opened. Age limits are 21 to 45.

From those enrolled throughout the nation each of the nine corps area headquarters will select 80 candidates for officer commission in the women's army auxiliary corps. The department will select 40 for training. It will also designate 40 candidates from members of the aircraft warning service to make the total 450.

Seen Today

Seventeen (count 'em) four-motored army bombers in one flight causing flurry in downtown section as they roar overhead. . . Army recruiter busy passing out application blanks for the women's army auxiliary corps, and answering plenty of questions as he does so. . . Dogs and more dogs barking streets and sidewalks. . . Pedestrian traffic detouring this time instead of walking under the new sign in being on Main avenue. . . Girl on Second avenue north with shoes greater than the grass she treads. . . Doctor blandly ignoring red light as he walks across Main at Gibson. . . District court jurymen climbing into several private cars for trip out to see accident spot at Hansen. . . And Roy Painter on bicycle.

Power Sufficient For War Industry, Says G-E Leader

SCHENECTADY, N. Y., May 27 (AP)—America's industrial power capacity is sufficient to keep the wheels of war factories running at top speed, according to Charles E. Wilson, president of General Electric company, said today.

He told congressional on the National Association of Manufacturers "production for victory" tour that recently visited the country's power capacity have already raised the potential supply 10 per cent and "new plans in effect will be in operation before the end of the year."

He added General Electric has on hand orders for turbine and generating equipment totalling 10,000,000 horsepower capacity.

JULY CALL WON'T TAKE 3RD DRAFT

Twin Falls men who have registered in the third draft (30-44 year old class) need have little fear that they will be called for induction to fill the July quota from county selective service board No. 1.

Thereafter in Doubt However, whether the local board can depend on men from the first and second drafts to fill its monthly quotas beyond July is problematical as it is known that the saturation point in 1-A registrants is being rapidly reached.

The state selective headquarters reported, in a press dispatch, that a majority of the local draft boards in Idaho would be "forced to dip into their reserve of men signed for the third draft registration to fill the July quota."

The July total will be the largest since the inception of the selective service program. Lieut. Col. Norman B. Adkison, executive officer of the state headquarters declared.

Adkison said that a few local boards found it necessary to call registrants in the third draft to fill their May and June quotas.

Meanwhile, the local board at a meeting yesterday afternoon placed three more registrants, all from 3-A, in 1-A for immediate induction.

Seven other registrants were being taken from 1-A with five being placed in 1-B already in the service; one in 2-A and one in 1-B.

Other reclassifications were: 2-A to 2-B, one; 1-B to 2-B, one; 1-B to 1-B, one; and 2-A to 1-C, one. The cases of two registrants in 2-A, three in 2-B, two in 1-A and one in 2-A, were continued.

ATTENDEES MUST PAY

CHICAGO, May 27 (AP)—A superior court jury decided today that Constance Brault, screen star, and her chauffeur, George Haymes of Chicago, should pay \$12,500 in damages to William Jones, 29, of Chicago, for injuries suffered in an automobile collision Jan. 16.

Thirty persons from Twin Falls are expected to attend the Lions convention which will be held at Sun Valley June 7, 8 and 9, it was announced this afternoon by Bill Slimp, publicity chairman.

This convention is the first for Idaho district number 20 and all Lions clubs are expected to send full quotas of delegates to the sessions.

Slimp reported today that complete plans have been made for diversified entertainments during the three-day stay at the resort and added that "there will be plenty of business accomplished too."

CASSIAN APPEALS IN GAMBLING FINE

BURLEY, May 27—Through his attorney, W. L. Dunn, Twin Falls, George L. Nelson, Durley night club proprietor, filed notice of appeal to district court yesterday after he was fined \$250 and costs on a charge of violating the state gambling laws.

The fine was imposed on him by Probate Judge Henry W. Tucker at 3 p. m. yesterday after he was found guilty in probate court last Wednesday on the gambling charge.

Mr. Nelson posted bond on appeal of \$400 and will be at liberty on the gambling charge until his case is heard at the next term of district court.

He is also at liberty on bail of \$150 on a charge of violating the liquor laws. Hearing on the liquor charge is still pending.

County Attorney Adonia Nelson and S. Lowe appeared for the state at the trial last week.

Acid Indigestion

What many doctors do for it is to give you medicine. But you can get relief from acid indigestion by using Munsingwear's Acid Indigestion. It's a natural remedy that's safe and effective. It's the only one that doesn't give you heartburn, or make you feel worse. It's the only one that's been used for over 20 years.

Guard Will Hear Gas Warfare Talk

Mrs. Davis was going across the Salmon river in a transit car, to get drinking water, when the cable broke, and she was plunged into the turbulent waters, relatives learned following the accident.

Mrs. Davis, who was born in Jerome, attended Caytonside grade school, and later was graduated from a Milwaukee high school. She attended an interior decorating school in New York City, and later taught at the University of Milwaukee.

She and her mother conducted classes in interior decorating later. She returned last year to Idaho, accepting a position with Monica's art shop at Boise, where she also gave instructions in interior decorating.

Among the surviving relatives are three half-brothers, Frank, Jerry and Ronald Durka, all of Jerome.

TWIN FALLS MAN JAILED IN JEROME

JEROME, May 27 — Appearing Monday before Probate Judge William C. Constock on charges of operating a motor vehicle on the highway without the required driver's license, Rex Tomp, Twin Falls, was assessed a fine of \$100 and was given a four month jail sentence.

Tom was involved in an automobile accident here one mile south of the Caytonville school house Saturday evening, when his car struck another machine being operated by Donald Walker, Boise.

Passengers in the Tom car were Richards L. Leaser, Ben Dick and Wanda Day. Walker was said to have been traveling alone at the time.

Officers investigating the accident reported that Tom's driver's license had been revoked last year. Tom is in Jerome County Jail.

Investigating officer was Paul M. Jessen, deputy sheriff.

DEFENSE WORKER OPENINGS IN UTAH

Several hundred laborers are needed immediately to fill civil service defense positions in the vicinity of Ogden and Salt Lake City, officials announced today. The demand for persons of the working class has created an acute shortage that threatens to hinder the war effort.

Persons employed as classified laborers are utilized in many different types of work such as warehouse, landscaping, production and maintenance, with excellent possibilities of advancement to positions of stock-keeper, labor foreman or mechanical helper. Salaries are \$1,200 to \$1,350 per year or \$4.40 a day depending on the employing agency.

Applications should be filed at once on application form six, obtainable at any first or second class postoffice. After it is filled out this form should be sent to the secretary, local civil service representatives, Klies building, Ogden, Utah.

Officials warned that regard should be taken of the present housing shortage in Salt Lake and Ogden before an applicant resides his present employment to accept work there. Steps are being taken, however, to alleviate the situation by construction of many new housing units.

Give Up "Makeshift" Constipation Remedies!

Why fool with constipation? Why try to combat the trouble after it has already made you miserable?

It may well be that your constipation is caused by too little "bulk food" in your diet, for medicinal science warns that lack of "bulk" is one of the commonest causes of constipation.

It may be that you are taking too many laxatives, or that you are taking too little. Constipation, those pines and castor oil, may be giving you only temporary relief, leaving KLEGG'S ALL-BLAIN regularly on the inner bowel corrects the cause by supplying the "bulk food" you lack and of course enjoy this crisp, crunchy cereal daily. It is a real "bulk" food like so many others, you'll find the regular ALL-BLAIN to be made by simple treatments, see a doctor.

GERMANS EXECUTE 400 HOSTAGES FOR LITHUANIA KILLINGS

POLES SLAIN IN NAZI RETALIATION

LONDON, May 27 (AP)—German military authorities have executed 400 hostages in Lithuania, most of them Poles, in retaliation for the killing by patriots of two German officers in a "Dotted Line" dispatch from Stockholm said today.

German General Vlasovitch, government general of Lithuania, officially announced the slaughter of 200 innocent men for each Nazi killed, the dispatch said.

He explained, it was added, that his 200 to one ratio was decided upon "because the crimes were of particularly grave character" and because he wanted to "deter irresponsible elements from trying to create irritation and unrest."

German dispatches charged that the hostages selected for the slaughter were "saboteurs and communists."

Arrest 80 in Paris

British intelligence sources say that the Germans have arrested more than 80 persons in the Paris area and that these arrests were made in the wake of the riot in the Clarendon suburb of Paris yesterday, in which one policeman was killed and two were wounded.

It was reported that many persons were being arrested in other towns of occupied France.

Germans were reported to have arrested 60 Belgians as implicated in patriot railroad sabotage, and informants here said that extra police plain saboteurs were setting fires in many factories.

London quarters said also that in Nazi-dominated Bulgaria 78 soldiers had been shot for pro-Russian activities and propaganda and that about 1,000 civilians had been arrested for sabotage.

It was reported that three mysterious fires had broken out in Rumania Tuesday, and that a gasoline tank had been blown up at the Danube port of Braila.

Desperate Need for Men

Various dispatches, mostly from axis sources, indicated that the savagery of the Germans against patriots was linked with their desperate need for men, and especially for soldiers for the eastern front.

Recently with a view to reducing their occupation forces the Germans are seeking to strengthen the Quislings in Norway, Czechoslovakia and the Netherlands by forming "voluntary" and similar organizations, and by turning over a measure of authority to local men.

Stockholm also reported that enemy was growing between the German army and the Nazi secret police in Norway, partly because the police had arrested soldiers as the result of clashes with them.

Addison T. Smith Takes Life Easy After 48 Years in Government Work

By MERLIN MICHEL

WASHINGTON, May 26 (AP)—One of Idaho's better known public officials in Washington has retired. He is Addison T. Smith, former second district congressman, a Republican whom retirement from associate membership on the board of veterans' appeals, veterans administration.

Smith's public life in Washington—here's "over 70"—dates back 48 years. He first came to the capital from Twin Falls, as secretary to Republican Senator Shoup, when Idaho was admitted to the union. He served 10 years, and then for another 10 as secretary to Senator Heyburn.

In 1913 he was elected to congress, where he remained as Idaho representative until 1927. He left the veterans administration April 30, after eight years with that agency.

The board of which he is a member gave a luncheon just before his retirement at which Brig. Gen. Frank T. Hines, veterans administrator, was also an honored guest.

He has taken advantage of his new leisure to send friends copies of a poem another board member composed about him for the occasion. Complimentary responses have included one from Frank A. Delano, uncle of the President, with whom Smith served as board member of the Columbia Institution for the deaf in Washington.

Idaho's two congressmen, Reps. White and Dworkak, visited the committee on retrospective information at the tariff commission to protest any reduction in tariff rates to Mexico and Bolivia on strategic metals.

White has carried directly to Donald Nelson, war production board head, his fight for relief for the Idaho lumber industry from the WPB's recent order on lumber, lumber and building materials.

In a telegram sent for personal delivery to Nelson, he said the order threatened a "complete stoppage" of grain elevator and other construction contemplated in Idaho, and suggested that since only top grade lumber was needed for defense construction, lower grades might be released for domestic use.

He's in the army now, is Walter H. Botcher, who as an Associated Press staff man in the Washington bureau formerly wrote a weekly column, "Idahoans in Washington."

Botcher, who received a second lieutenant's commission in the organized reserves May 10, 1942, was assigned temporarily to nearby Fort Myer, Va., but now is at Bolling Field in Washington.

QUINT CHAIRMAN FOR POPPY SALE

Ralph Quint will be poppy chairman for the VFW "Duddy" poppy sale in Twin Falls on Friday with Mrs. Quint handling details for the auxiliary. It was announced today.

The sale in Twin Falls that day will be sponsored by Twin Falls post 216, and all proceeds will be used for welfare activities among inactive service men and for relief work among ex-service men and their dependents, with one cent from each poppy sold allotted to the maintenance and expansion of the VFW national home for widows and orphans of war veterans. The home is at East Rapids, Mich.

Disabled and crippled veterans make the poppies and are paid in advance of the sale for their work.

We cheered, too, when the Government called on industry to work twenty-four hours a day, seven days a week, until this war is won.

But continuous production is nothing new to the electric industry. We've always worked that way—all year round—in peace or war. That's one big reason why we were prepared to power the factories that are filling the sky with planes, the earth with tanks, and the sea with ships.

Production schedules that stagger the world are possible only because America is so powerful. America has far more electric power than all the Axis countries combined—five times as much as we had in the last war. And today's power is quickly available at almost any point

of need because of carefully planned, interconnected transmission systems.

How has all this been done? Why does the average household get about twice as much electricity for its money as it did fifteen years ago?

Simply because America's electric companies have been built and operated the American way—by good business management.

"PLASTIC AGE" IS NEAR FOR NATION

PHILADELPHIA, May 27 (AP)—America may be on the verge of a new industrial plastic and "light weight" age of high production and low prices, says Thurman Arnold.

"The war is going to open a new era in the production of plastics," said Arnold, secretary of the War Relocation Authority. "Expanding production is the key to the success of the war effort. Plastics are going to be used in all basic materials at one time or another in transportation. Surpluses will force their way into consumers' hands. The red blood of plastic competition is going to flow freely again after the war."

Arnold, asserting that monomers had been broken by the nation's wartime needs, Arnold envisaged:

"The consumer's demand for a light weight which he said would make airplanes, automobiles and trains heavier, stronger and cheaper. Better fuel—Gnoline with a higher octane rating—would be available within the year, providing 'many, many more miles to the gallon.'"

Wider use of plastics—possibly an all-plastic automobile body, and other new plastics—will be the result, he said. "The search can overcome a tendency of plastics to show scratches."

"It is going to be worth more after the war than it ever has been before and the farmer's produce will be traded for more manufactured products than ever before."

VICTORY

CHICAGO, May 27 (AP)—Hearing strange footsteps in their own apartment above her, Mrs. Anna Kellher picked up a revolver and proceeded upstairs. En route she met the intruder, a man who tried to seize the gun, but she held on and yelled.

He fled and she followed, trailed by her 11-year-old, shrieking daughter and a growing crowd of screaming children. When a policeman joined the chase and fired his shot, the fugitive surrendered. Mrs. Kellher's gun was unloaded.

SOLONS AGREE TO SUBSIDY LIMITS

WASHINGTON, May 27 (AP)—Senate administration leaders agreed under pressure today to limit to \$750,000,000 proposed subsidy payments to be authorized.

Senator Brown D. Mich., offered the amendments to pending legislation, and the Senate passed the amendments by a vote of 60-30.

Senator Gillette, D. Ia., said today the war production board within the last two days had approved the amendments to restrict to \$250,000,000 the expenditures by the RFC to purchase and sell other commodities even at a loss, to keep retail prices from exceeding present ceilings.
