

BRIDGES AWAIT ARREST FOR REPORTATION AS COMMUNIST

ATTORNEYS MAP ANOTHER BATTLE

By LEITCHER WAGNER  
SAN FRANCISCO, May 29 (AP)—Harry Bridges, vice-president of the Congress of Industrial Organizations, and powerful union leader, west coast waterfront workers, are preparing for another battle, but pledged his continued, wholehearted support of the war effort.

"Dim-out" for Californians

By ORDER OF CIVILIAN DEFENSE

San Francisco, May 29 (AP)—Bridges, who has been arrested on charges of sedition, is expected to appear in federal court for a writ of habeas corpus. This writ would permit his release on bond, and regardless of the decision, there will be appeals up to the supreme court.

Twin Falls News in Brief

Library to Close  
Twin Falls public library will be closed all day Saturday in observance of Memorial Day, Miss Jeanne Brice announced today.

Visits in Boise  
Miss Rachel Ballinger has returned from Linfield college, McMinnville, Ore., to spend the summer here.

Will Be Graduated  
Don E. Foster, county commissioner, and Mrs. Foster left for the afternoon for Moscow, where they will attend the graduation of their daughter, Miss Margaret Foster, at the University of Idaho.

Child Is Born  
Mrs. Catherine Allen Cain, widow of Don E. Cain, who died last January, gave birth to a girl last evening at the Twin Falls county general hospital.

Here From Texas  
Mrs. F. W. Parker, Portland, Ore., widow of the late Dr. H. W. Parker, pioneer Twin Falls Methodist minister, is in the city for a visit.

Relative Visits  
Mrs. J. W. Parker, Portland, Ore., widow of the late Dr. H. W. Parker, pioneer Twin Falls Methodist minister, is in the city for a visit.

At Convention  
Dr. E. J. Miller and Dr. L. A. Peterson are leaving tomorrow for the annual convention of the Idaho Medical Association.

With the Employment Office  
Miss Jeanne Brice, county commissioner, is in the city for a visit.

Five From I. D.  
Five members of the Idaho Department of Social Welfare are in the city for a visit.

At the Hospital  
Miss Jeanne Brice, county commissioner, is in the city for a visit.

At the Hospital

# AMERICA SLOWLY WINNING CURRENT BATTLE OF ATLANTIC

## SEA LANES OPEN TO NEW FRONTS

By JOHN M. HIGHTOWER  
WASHINGTON, May 29 (AP)—Despite heavy losses inflicted on American coastal shipping by Nazi submarines, naval experts said today that the United States was slowly winning the main campaign in the battle of the Atlantic. They emphasized, however, that only steadily increasing production of boats and merchant ships could clinch ultimate victory.

The greatest present need, it was said, is for more defensive craft—subchasers, minesweepers and patrol bombers—manned by experienced personnel.

The cold statistical results of the Atlantic battle to date are:  
Three convoys of American troops and supplies of equipment have arrived in the British Isles without loss of a man.

**Supply Lines All Open**  
The supply lines to Russia, Africa, Asia and Australia—springing from the American coast—are open, primarily, naval authorities say, because warships have not been diverted to protecting coastal waters.

On the other side of the ledger, 221 merchant ships of American and other nationalities have been sunk on the American side of the Atlantic since mid-January. Also on the loss side is the torpedoing of two allied supply ships.

The intensity with which the Nazis are waging underwater warfare in American waters is attested by authorities to their decreasing success, since the United States entered the war, in attacking convoys in the North Atlantic.

**Attack Weak Spots**  
Thwarted in their main purpose of cutting allied supply lines, the U-boats have had to fall back on the indirect method of attacking where defense appeared weakest.

The navy has made no report on the effectiveness of its counter-measures since April 1 when it was announced that 24 axis submarines, including about half a dozen Japanese craft, had been sunk or presumed sunk. Since then there have been numerous reports of attacking confirmed, of successful anti-submarine actions. These would indicate that in round numbers possibly 30 or more U-boats have been put out of action.

Even if that figure is true it seems likely that the greatest loss to the navy has been not in ships but in crews.

**SILVER LOOMS IN WAR INDUSTRIES**  
WASHINGTON, May 29 (AP)—Treasury experts will meet a special senate silver subcommittee next week to write a bill to permit the war production board to "draft" all of the Treasury's 100,000-ton silver bullion stock into war industries.

Concurrence with this move, the senate will act Monday on a resolution by Sen. Pat McCarran, D., Nev., which would authorize the group to investigate federal taxes affecting silver mining and production of silver bullion, which are silver by-products.

Ground was cleared for the WPA's plan yesterday, after WPA Chairman Donald M. Nelson explained that the treasury's silver bullion was necessary as a substitute for copper, of which there is an acute shortage.

The special silver committee, which was formed in 1935 as a sounding board for the silver lobby, gave the plan its informal blessing when Secretary of the Treasury Henry Morgenthau, Jr., assured the group that the plan would not impair monetary silver legislation.

Congressional action is necessary, Morgenthau added, because 53,000 tons of the silver is collateral for greenbacks. The treasury has already lent between 40,000 and 42,000 tons of "free silver" silver not backing certificates—he said.

**SHOSHONE**  
Mr. and Mrs. Al Butterfield and Mrs. Helen and family are visiting relatives in Pocatello this week.

Mr. and Mrs. William Peck and Mrs. Helen and family are visiting relatives in Shasta Dam, Calif., after visiting for two weeks here at the L. D. Mulliner and R. A. Peck homes.

Bernadine Anderson went to Sun Valley this week to visit her sister, Mrs. Dan McGinnis.

Shoshone Relief society met Tuesday at the home of Mrs. Heber Polkman, who had charge of the program, and the importance of a sense of humor.

Mr. and Mrs. Ten White, Salt Lake City, visited recently at the R. A. Baumann home.

Mr. and Mrs. Aron McWilla and Mrs. Anderson Dan are visiting the Grant Taylors this week.

Mr. and Mrs. Henry Parker, Portland, visited at the Rosa Borden home this week en route to Twin Falls.

Mr. and Mrs. Orval Rutherford, former Shoshonians, are visiting this week at the home of Mr. and Mrs. Ward Wilson. They are now living in Tacoma, Wash., where he is employed in a shipyard.

Chapter Y. P. E. O. Shoshone, met Tuesday at the home of Mrs. Helen Jackson with Mrs. W. H. Murphy in charge. Mrs. Borden, program, read an article, "How to Live on Less."

Mr. and Mrs. Mans Coffin are in the Lake Shoshone week to attend graduation exercises at B. M. Stark's hospital, their daughters, Mrs. Elizabeth and Mrs. Patricia Coffin, are members of the graduating class.

Mr. and Mrs. E. G. Hartman left Wednesday for Salt Lake City. Mr. Hartman will leave there shortly for San Francisco to enter training in ordnance work. Mrs. Hartman returned to Shoshone Friday and will remain here until Mr. Hartman is permanently situated.

## Jerome Ex-Sheriff's Son Dies in Crash

Excessive speed today was cited as cause of an auto accident which late last night took the life of James W. Davis, Jr., 21, Jerome, son of a former Jerome county sheriff. The accident occurred on highway 23 north of the rim-to-rim bridge and only the coupe driven by Davis, who was alone, was involved. State Policeman V. K. Barron is shown beside the overturned machine and his coat had been placed over the youth's body when this picture was taken. The death was the fifth as a result of a traffic accident in the Magic Valley this year.

## Hailey Sailor-to-Be on Coast Thinks USO Clubs Are 'Swell'

HAILEY, May 29—If I think these USO clubs are swell, and don't know what we would do without them," was the enthusiastic reply of Tommy Walker, Hailey youth who is stationed at the U. S. navy section base, Treasure Island, San Francisco, in response to request from Blaine county USO committee to give his evaluation of the benefits actually reaching the boys through the USO.

Popular Hailey boy and son of Mr. and Mrs. W. Walker, the youth outlined his experiences during one afternoon and evening spent at a USO club in Princeton in a dozen Japanese craft, had been sunk or presumed sunk. Since then there have been numerous reports of attacking confirmed, of successful anti-submarine actions. These would indicate that in round numbers possibly 30 or more U-boats have been put out of action.

Even if that figure is true it seems likely that the greatest loss to the navy has been not in ships but in crews.

## VOLUNTEER ARMY GROWS IN IDAHO

BOISE, May 29—An army of patriotic citizens—a force its organizers hope will reach a strength of more than 100,000 men—is growing in Idaho in the form of the Idaho volunteer reserve.

Part of the organized militia of the state, the reserves are directed by the state military department upon order of Governor Clark, who ministered in the first contingent, a Valley county outfit of ranchers, lumberjacks and miners, in a ceremony on the capitol steps at Boise.

"We hope to enlist every man in Idaho who is not already in the armed forces," explained Col. Clarence V. Martin, state guard regiment commander who has been detailed by the adjutant general to organize the reserves.

The initial strength contemplated for the volunteers is 25,000 men, serving without pay or allowances and furnishing their own arms, ammunition and equipment.

They are to be organized by counties, with each county allocated one company or battalion according to population.

Governor Clark already has appointed three county organizers with the rank of major, former state Legion Commanders Harry Christy, Lewiston, Riley H. Joy, McCall, and Charles H. Noonan, Kingston.

Others will be named locally. F. L. Erdman, Rexburg, has been en-

rolling Madison county patriots. Civic or patriotic organizations desiring to sponsor a company of the reserves should get in touch with the state military department at Boise immediately," said Col. Martin, who added that full organization of the reserves by mid-summer was the department's goal.

He stressed that the reserves would be used in their home counties in the event of emergency.

"The mission of the volunteers is to repel invasion by parachute troops, ground forces, and to prevent sabotage within the scope of duty," Col. Martin explained. "They would act as guards in any event of major emergency or disaster, such as air raids and sabotage, and direct traffic in the event of evacuation."

## CLIP

Newspaper items announcing war regulations for business should be clipped and saved by merchants for their own information, Chairman Carl N. Anderson of the county rationing board said today.

"If our merchants will have all items referring to their own business," he said, "they will find that the slight trouble involved will be well repaid. The rationing board is so rushed, and the volume of information coming in is so gigantic, that finding any particular item is apt to be difficult and time-consuming."

"These items, which are invariably given out by authorized sources such as OPA and WPB, have been very accurate and can assist our merchants a great deal."

## BIG DROP NOTED IN TRAFFIC TOLL

CHICAGO, May 29 (AP)—The national safety council reported today the nation's traffic death toll, compared with a year ago, dropped 14 per cent in April and 7 per cent in the first four months of 1942.

April accidents contributed 2,390 dead to the four-month total of 10,160 compared with 16,600 for the similar 1941 period.

Because of conflicting mileage reports the council was unable to ascribe how much of the drop was due to less travel resulting from conservation of cars and tires. A federal travel report for March indicated slight increase over March, 1941, but reports from 13 states indicated a national decrease of 2 per cent.

The council believes motor travel in March was virtually the same as in March, 1941, bringing to an end a continuous 41-month period of rising travel that began in September, 1931.

The Pacific region, where gas-

line rationing has been discussed for Washington and Oregon, showed a 10 per cent drop in fatalities in April.

Somerville, Mass., with 102,200 population, was the largest city with a perfect record for the first four months of the year, and it led the 100,000-250,000 population group.

**DIVIDEND DEFERRED**  
SPOKANE, May 29 (AP)—Stockholders of the Sunnyside Mining company, large silver property operating in Shoshone county, Ida., were notified by President R. M. Hardy of Yakima that the dividend for the second quarter of 1942 had been deferred.

Quarterly dividends have been 26 cents per share on common stock for the past year.

## To Our Fighters For Freedom—

# A MEMORIAL DAY PLEDGE!

To the heroes of Pearl Harbor, Wake, Guam and Bataan—to those in all our wars who have given their lives for America's freedom—we owe an everlasting debt.

They died for things some of us had forgotten. Liberty! Like the air we breathe, liberty was everywhere around us, but we no longer seemed to know what it really meant. We had lulled ourselves into thinking that some half-real storybook people called the American Colonists had won it for us forever, and that nobody could take it away.

"Give me liberty or give me death" had become only Fourth of July oratory, with no relation to the world of baseball, business, movies and comic strips.

Then came the new tyrannies with their strategy of terror and torture. China, Ethiopia, Austria, Czechoslovakia, France, Poland, Denmark, Norway, The Netherlands, Belgium, Greece, Yugoslavia, Russia—all in turn attacked!

We began to wake up, despite Axis propagandists trying to confuse the issue in our minds, to cre-

## Our Commander-in-Chief has spoken:

"We must guard against divisions among ourselves among all the other United Nations. We must be particularly vigilant against racial discrimination in any of its ugly forms. Hitler will try again to breed mistrust and suspicion between one individual and another, one group and another, one race and another, one government and another. He will try to use some technique of falsehood and rumor-mongering with which he divided France from Britain. He is trying to do this even now, but he will find a unity, a unity of will and purpose against him which will persevere until the destruction of all his black designs upon the freedom and people of the world."

—PRESIDENT ROOSEVELT, January 6, 1942

ate discord in our midst, to get us fighting among ourselves—labor against capital, Republicans against Democrats, rich against poor, Protestants against Catholics, Christians against Jews, native Americans against the foreign-born. If they came enough strife among us, these propagandists reasoned, we would forget about our real enemies. We would be too weak to fight for liberty.

Pearl Harbor! At long last we were aroused. The propaganda against our national unity had failed. Today there is in every American heart a cold, calm determination to see this thing through. No bands, no pep-talks are necessary now. There is a job to be done. America knows where she is going.

We will pay the price. The cost will be measured in mountainous taxes, in frugal living, in long hard hours of back-breaking labor. It will also be measured in broken lives, in death itself. But we are ready.

We are confident of our might. We are confident of the righteousness of our cause. To that cause we solemnly pledge ourselves.

## VETERANS OF FOREIGN WARS of the United States

# CZECH REPRISAL SLAYINGS START; SIX ARE EXECUTED

## HUNDREDS HELD FOR QUESTIONING

LONDON, May 29 (AP)—Adolf Hitler's demands for vengeance for an attempt on the life of Reinhard Heydrich, rector of protectorate Bohemia and Moravia, were answered today by his Gestapo through only partly, with the execution of six persons in Prague.

A Czech government spokesman reported receiving advice that the Germans had arrested hundreds of officials, university professors and students for questioning, concentrating their attention on "intellectual types," including some puppet executives.

"The borders have been closed and the whole protectorate is now a vast prison," the spokesman said.

He expressed belief that Bohemia and Moravia would be incorporated into Germany at once, with the assassination attempt hastening the ripening of a plan which he said Hitler apparently had planned to execute gradually.

## Fear Justified

Protective officials are expected to be dismissed or reduced to local posts, the spokesman said.

Announcement of the executions by the Berlin radio, justifying fears of bloody reprisals in the former republic, was accompanied by reports of new troubles facing Hitler at home and abroad.

Simultaneously, a view from Stockholm asserted that Norwegian patriots on the island of Setra, opposite Bergen, had shot and killed the Nazi Gestapo chief ruling all of Norway.

There, officers of the second American Eagle squadron were sitting in a dispersal hut, listening to a phonograph record, "I'm getting sentimental over you," for the 20th time.

It was late afternoon when the telephone rang and the man who answered it said, "Something's up."

The officer walked out, a couple blowing kisses at the picture of a pretty girl on the wall, saying, "You later, Toots."

The adjutant, the liaison officer and the dispersal officer hurried to the scene, where they found the bodies of the two Americans.

The German announcement said had been shot because they had "hidden people who participated in acts directed against German authorities." The family's possessions were confiscated.

There was no indication that those shot were connected directly with the attempt on Heydrich's life.

Heydrich was reported in grave condition.

Heydrich's post as rector protectorate was taken over by Gen. Kurt Dauter, former rector of the protectorate, who had been in the role of a stand-in leader, on authority delegated by Hitler himself.

There were reports that Heinrich Himmler, head of the Gestapo and one of the most hated and feared men in Europe, was en route to Prague to take personal charge of the inquiry into the assault on Heydrich and supervise reprisals.

## STORAGE WHEAT OKAYED AS FEED

Aids to Twin Falls county farmers to hold wheat which has been stored on farms under community loan, and to use the farm-stored grain for feed in producing food for freedom, were announced today by Don Albin, secretary to the county AAA committee.

A special department of agriculture program will be available until June 30 to permit farmers to redeem farm-stored wheat held under loan to commodity credit corporation to feed wheat prices, the secretary said.

At any time until that date, farmers may redeem their wheat, which they have turned over to the corporation in satisfaction of the loans they obtained after harvest, at rates which will be announced for Idaho within a few days.

Producers must agree in writing that the wheat will be fed on the farm to livestock or poultry, or that it will be sold for such purposes.

Any storage allowances which have been made by commodity credit corporation on the wheat may be kept by the producer, or may be deducted from the redemption price of the grain if they have not been received. The corporation has allowed seven cents per bushel to defray storage costs the first year the grain was stored, and five cents for the second year in the case of 1940 wheat retained under a loan a year ago.

There will be no service charge connected with extension of 1941 farm-stored loans for another 12-month period, the secretary announced. The usual one-cent per bushel fee for inspection grain to make sure it is in condition to store another year will be dispensed with. Inspection fees which already have been collected will be returned.

In addition, producers who have 1941 loans on grain in two or more partly-filled bins on the same farm may move all the grain of the same grade to one bin and extend his loan on the entire amount.

Of course, bins of wheat which represent different classes or grades should not be combined if the value will be lowered substantially. A grain raised in two or more years should not be put into the same bin. Final settlement of loans will be made on the basis of the grain delivered to the corporation.

First tests which propellers for army planes must pass is the necessity of withstanding the strain of running 100 hours at full throttle, powered by an airplane motor. Second is the "functional test" in which the propeller is subjected to 2000 cycles of speed variations and 500 cycles of power variations.

## Poppy Sale Helps Orphans Like These

V.F.W. "buddy" poppy sale, underway on Twin Falls streets today and this evening—and in other Idaho Valley communities—helps maintain such children as those above. They are orphans of deceased war veterans and are shown at the V.F.W. national home in Eaton Rapids, Mich. Brothers and sisters are reared together in family-like houses.

## American Eagle Group Like Football Team After Victory

By WILLIAM R. DOWNS

AN EAGLE SQUADRON FIGHTER STATION BOMBERMAN IN ENGLAND, May 29 (AP)—The second American Eagle squadron were sitting in a dispersal hut, listening to a phonograph record, "I'm getting sentimental over you," for the 20th time.

It was late afternoon when the telephone rang and the man who answered it said, "Something's up."

The officer walked out, a couple blowing kisses at the picture of a pretty girl on the wall, saying, "You later, Toots."

The adjutant, the liaison officer and the dispersal officer hurried to the scene, where they found the bodies of the two Americans.

The German announcement said had been shot because they had "hidden people who participated in acts directed against German authorities." The family's possessions were confiscated.

There was no indication that those shot were connected directly with the attempt on Heydrich's life.

Heydrich was reported in grave condition.

Heydrich's post as rector protectorate was taken over by Gen. Kurt Dauter, former rector of the protectorate, who had been in the role of a stand-in leader, on authority delegated by Hitler himself.

There were reports that Heinrich Himmler, head of the Gestapo and one of the most hated and feared men in Europe, was en route to Prague to take personal charge of the inquiry into the assault on Heydrich and supervise reprisals.

## Names in the News

By United Press

The duke of Windsor arrived yesterday from Nassau, said at Miami Beach, Fla., that he hopes to confer with President Roosevelt on the "mutual defense of the United States and the Bahamas." The duke of the governor of the Bahamas, His excellency, the former Wallis Warfield, accompanied him to the United States.

Actress Jane Withers will be forced to wait almost six weeks to have a new contract with Republic studios approved because she was late at work in Los Angeles. The new contract, valued at \$100,000, was approved by the studio.

Saba, 18-year-old "elephant boy" of the movies, has had a \$50,000 contract approved by the Los Angeles court. He will get the money unless he fulfills his current ambition of joining the royal air force.

Undersecretary of War Robert P. Patterson said in New York that President Roosevelt's goal of 60,000 war planes by the end of the year will be surpassed "by a substantial margin."

## BRAZIL EXPECTS WAR FROM AXIS

RIO DE JANEIRO, May 29 (AP)—Brazil's armed forces were credited unofficially today with destruction of two axis submarines and capture of another submarine and aircraft carrier on May 28.

Proclamation of victory, which came after a long battle, said the government-sponsored newspaper A Manhã termed "a brilliant victory."

High official sources considered it "impossible" that Germany would declare war upon Brazil, which was the ally in the first World War. She severed relations with the axis Jan. 28.

## KHARKOV BATTLE STILL UNDECIDED

By FRED VANDERSCHMIDT

Wide World War Analyst

The main part of the battle of Kharkov is over without any clear-cut decision.

That was to be expected. It will take time to assess the effect of the battle, successive assaults by the Russian Marshal Timoshenko launched on May 12 against the German army of the Ukrainians, which were poised to strike toward the Caucasus but were caught off balance before they could start.

Also it is too early to calculate the military meaning of the counter-attacks which the Germans have been conducting since May 19 to the south of the original battle area.

The Russian communiqués, worded with the laconic brevity which has been their trademark, do not make it clear that on the main front before Kharkov the Red army has dug into the position it won in a fortified zone of great strength and depth.

Fighting of comparative violence continues in the sector Izumy-Kharkov, 80 miles below Kharkov, where the Germans have attempted to envelop Timoshenko's left flank.

The Germans say that they already have done this and that they have caught upwards of 16,000 prisoners and grandiose quantities of war material in a trap, but there is nothing at all to support such claims.

Indeed, the semi-official Russian battle-front dispatches, while generally not conciliatory, indicate an unyielding, continuing Red army defense along the Donets river line.

Undenied German claims of this sort remind one of a stack of phonograph recordings of the same song, in key and beat, but essentially identical.

Same Old Story

Always there is the "battle of encirclement and annihilation," then the "outstanding victory," the fat figures on prisoners, tanks, guns and aircraft captured or destroyed, which figures always are said to be "constantly growing." The invariable ending is that the "annihilation of remnants" of the "annihilated" foe is being pursued "relentlessly."

This dramatic double-talk went very well last summer, but in October, Dr. Otto Dietrich, Adolf Hitler's press chief, came landing back home from the fuhrer's headquarters with a handful of significant orders of the day and announced that Russia had fully able to resist the "annihilation" and her power to resist utterly destroyed by vast encirclement actions at Leningrad and Vyborg, on the north approaches to Moscow.

Well—even the stupidest Nazi was by now what a whopper that was.

Dr. Dietrich's press fishing are not being made of cellophane.

## HOLD EVERYTHING

"Hill, big shot!"

## PLANE 'CHUTIST BODY RECOVERED

MOUNTAIN HOME, May 29 (AP)—The body of 2nd Lieut. V. L. Hall was found by ground searchers last night, broken on rocks where he had been dragged by his parachute after falling out from an army bomber Wednesday.

Capt. R. S. Gibbs, Goven field public relations officer, said at Boise the officer had landed on the edge of a cliff.

He added that the officer "when was dragged over... by the wind. His chute was open. He fell on rocks below the cliff."

Goven field searchers found the body after a two-day hunt on the ground and by civilian and army planes.

Two other airmen also jumped from the ship, but landed safely and walked to a nearby ranch.

Gibbs said the three reported to their parachutes on a mistaken signal from the officer of the craft while it was on a routine training flight. The ship flew safely to Salt Lake City.

Carburator flooding used to be a major annoyance of winter drivers. Today, most cars provide a simple remedy. Engineers suggest that you press the accelerator pedal to the floor and holding it there while you count to ten.

## Bells From Driggs Collection Bring \$1,000 for U. S. Bonds

GOODING, May 29—Pinning the bells with their spare time that the hobbyists of America are doing and Burton W. Driggs, Gooding, well-known southern Idaho collector of old bells, has today announced that he is doing his share.

The project is being carried on through the efforts of Dave Himm, sponsor of Hobby Lobby, a short time ago Mr. Himm sent out invitations to hobbyists all over America to bring their own bells to a hobby for a nationwide public auction as an inducement for the purchase of bonds and stamps.

Bells Bring \$1,000

Mr. Driggs contributed several samples of his extensive collection of bells from all over the world and of his wood carvings for the cause and they have brought a total of over \$1,000 for the purchase of stamps and bonds.

Included in his donation were three strings of French bells, of three bells each. These bells were polished, reposed and acquired for high interest said as a guard against devaluation. Red, white and blue ribbons were used to lend a patriotic note.

There were also three pictures of Idaho scenes framed in hand-carved wood screen frames, another sample of Mr. Driggs' hobbies. Three frames were stained and polished. Pictures were of the Cresters of the Moon, a peak in trip in the Sawtooths near Sun Valley and a shepherd scene on an Idaho desert, each representative of Idaho beauty.

Also included were two samples of chip-carved gum wood paper weights.

One bid at \$2,500 while another at \$1,000. Mr. Driggs said several of the individual bids on objects of hobbyists had gone to \$1,000 and one to \$2,500. Many people redonated the gift to be auctioned again, despite the fact that there was a great demand for the hobbyists' articles, he continued.

Hobbyists have the satisfaction of having contributed toward the purchase of nearly \$30,000 worth of bonds and stamps and buyers of articles not only have the valuable collections but the bonds and stamps as well. Pleasures for more buying and selling will be continued.

Victory auctions will be continued and hobbyists are invited to contribute again if they care to do so.

## Objector Draws Year in Prison

COEUR D'ALENE, May 29 (AP)—Joseph Matthew Jenick, 28, charged with failure to report for induction into a camp for work of national importance was sentenced by Federal Judge C. C. Cavanaugh to serve one year in prison.

Jenick, who has been classified as a conscientious objector, refused an offer by the court to change his mind and report to the camp.

## Feet of Babies Must Be Getting Big Nowadays

JEROME, May 29—Because the shoes were too narrow, a tiny little pair of robin's egg blue kid shoes, so small to an infant grandson, David Claar, in Washington, were returned gently to their sender, W. H. Claar, Jerome.

Mr. Claar wore the small robin's egg blue buttoned shoes 55 years ago, and so did his son, Lloyd Claar, father of the baby who could wear them now.

Marked on the stitched leather soles are the figures 1, denoting their size. The little shoes are like

buttons. They measure 10 inches in length and are one a one-half inches wide.

Little David and his mother arrived Sunday in Jerome for a two weeks' visit with relatives.

David's father is a member 116th ordnance company, F Lewis, Wash., the youngest son Mr. and Mrs. W. H. Claar.

## Dodgers Halt Brave Rally To Win, 6-4

BOSTON, May 29 (P).—The Brooklyn Dodgers continued their mastery over the Boston Braves yesterday, chalked up their sixth successive win and their eighth of the season at the expense of Casey Stengel's men with a 4-0 decision.

In running their victory string to four straight, however, the Dodgers had to put down a ninth inning rally as the Braves sought to break the jinx that has kept them from winning a game since 1918 from their league leaders this year.

For seven innings, Kirby Hughes, bidding for his third triumph, held the Braves scoreless and allowed only one hit, a fourth-inning single by Fred Merkle, who was out at second and two in the seventh.

Showing signs of trling, walked two men in the eighth. After a forced

The Braves continued their attack in the final frame with Max Baer West connecting with his second homer of the year to account for the third run. The Braves' lead was 4-1. Towns now scored in that inning, and Higbo finally squelched the rally, however by fanning Pinch Hitter Ernie Lombardi.

An error by Fulton Peashead paid the way for the Dodgers' first run in the third although the first hit of Pee Wee Reese's three hits squelched the rally arose. A single by Dolph Camilli, Dixie Walker's double and Ernie Lombardi's single accounted for the runs in the fourth.
