

COLOMBO RUINED BY BOMBER RAID

FDR WARNS JAPS ON USE OF GAS AGAINST ALLIES

WASHINGTON, June 5 (AP)—President Roosevelt today told of official information that Japan was using poison gas against China and firmly declared that if the Japanese persisted in this form of warfare, the United States would meet such retaliation in kind and in full measure.

The reports that Japan on several occasions had resorted to gas warfare were described, by the chief executive to his press conference, as an act that would be regarded by the United States as an act against the United States.

Retaliatory Threat

The text of the statement follows: "Authoritative reports are reaching this government of the use by Japanese armed forces at various localities of China of poisonous gas in the form of poison gas. It is unmistakably clear that, if Japan persists in this inhuman form of warfare against China, or against any other of the United Nations, the United States will meet such retaliation in kind and in full measure. We shall be prepared to enforce complete retribution. Upon Japan will rest the responsibility."

Slays Bacterium

Just where or in what manner this retaliation might be effected, was, of course, a matter of continuing secrecy. But the American bombing attack on key Japanese cities and military objectives in April came readily to the minds of Mr. Roosevelt's hearers.

However, the United States apparently would stand ready to use bacteriological warfare against Japan, if that nation should resort to such a method. To question whether he had any doubts on the use of poison gas, the chief executive responded that he had had reports but that they were not yet authoritative ones.

"We Were Not Caught Unprepared at Dutch Harbor" Says Navy

Unlike Pearl Harbor, the Japanese attack on Dutch Harbor, Alaska—first air attack on the continental United States—didn't catch armed forces unprepared, and here's one reason why. Navy patrol planes, similar to those based at Dutch Harbor, flying past St. Elias on Alaskan coast, over terrain similar to that at Dutch Harbor. (NEA Telephoto)

RECORD BRITISH CONVOY ARRIVES CODEFIED INDIA

By JOHN R. MORRIS

NEW DELHI, June 5 (AP)—The largest British convoy ever to reach India has landed thousands of troops and great quantities of equipment, including American tanks and planes, to bolster the defense of the country against any Japanese attack, it was revealed tonight.

The convoy, believed to be the largest ever to sail from England, arrived early last month but only now is it possible to reveal the movement of the convoys. The ships and the single port in India could handle the large number of troops were forced to disembark several.

The convoy moved to India, without loss.

Thousands of Experts

Besides troops, the convoy brought thousands of technicians, royal air force personnel and crews for the American and British tanks and anti-aircraft guns which comprised a large part of the convoys.

Additionally there were immense supplies of all kinds, including spare parts needed for the modern mechanical weapons.

The thousands of troops concentrated in the convoys were sent to the front for the most part they were men experienced in fighting in France, Libya and Greece. The pilots included many who had seen action over France in the battle of Britain and over the western desert.

Many Lined

A warship, identified only as "a large British man-of-war," with great facilities in its long journey to India according to the official announcement. The warship was said to have included "many" famous British liners converted into troop carriers to transport military supplies.

Shipyard men with copy paper command here announced that extremely fast, modern American 10-10 fighters were being sent to Indian airbases—another important addition to the rapidly expanding defense of this entire outpost.

Jap Battleship, Airplane Carrier Suffer Damage

American battle forces were reported slashing anew at a powerful Japanese naval squadron off Midway island in the Pacific today after beating off a day's attack yesterday by battleships, aircraft carriers and cruisers with heavy losses for the enemy.

"Our attacks on the enemy are continuing," said a bulletin from the headquarters of Admiral Chester W. Nimitz, commander-in-chief of the Pacific fleet.

The Japanese naval attack on Midway Island struck at 6:35 A. M. yesterday.

Only minor damage and no casualties were inflicted on defenders of the U. S. outpost. 1140 miles northward from 2,000 miles southeast of Tokyo, a communique said.

Turning the surprise attack into a staggering defeat, American fighters including marines sea and air forces were reported as having damaged a Japanese battleship, an aircraft carrier and possibly other warships as well as taking a heavy toll of planes.

Thousands of miles to the west, other American forces were reported as growing stronger for control of the seas.

Submarine Sunk

AUGUSTRA—Gen. Douglas MacArthur's headquarters announced that a Japanese submarine was sunk in waters in which U. S. war supplies are flowing to Australia have sunk two more Japanese submarines. It is probably a third of the cost of the "down under" continent.

The new submarine made a total of six and possibly seven Japanese submarines reportedly destroyed in the Australian theater in the last 24 hours. Four enemy midget submarines were sunk in an abortive attack on the island of Guadalcanal.

MADAGASCAR—Imperial Tokyo headquarters asserted that Japanese forces were reported as having torpedoed and seriously damaged a 20,000-ton British battleship of the Queen Elizabeth class and a 22,000-ton British light cruiser of the Achilles class in a surprise dawn attack on Diego Suarez, Madagascar.

Richardson said a swift denial by British admiralty, which said Japanese submarines attacked the British-occupied base on May 30 but added:

"There were no casualties in his midget submarine attack on the British sea-borne forces captured the French colonial base, off the (Continued on Page 2, Column 3)

UNBROKEN ALERT ON WEST COAST

SAN FRANCISCO, June 5 (AP)—The war-conscious Pacific coast maintained an unbroken alert today to be ready for a possible Japanese thrust at the continental United States.

Responding to War Secretary Henry Stimson's warning that enemy agents may be trying to break news about the attacks on Dutch Harbor and Midway island, civilian defense leaders and military officials today reported they were burning in.

The fourth fighter command ordered radio stations silenced along the coast from Canada to Mexico last night for the second consecutive night. Similar action was taken in British Columbia.

At Seattle, only 1,000 miles from Dutch Harbor, Rear Admiral C. S. Brown, commander of the 12th naval district, announced that complete wartime precautions had been ordered for the Seattle area. His order virtually closed the areas for all except official business and commercial traffic.

A resolution was submitted to a Washington state convention of county officials asking a special legislative session to place the state on a complete wartime footing.

California Attorney General Earl Warren, expressing belief that there were no more than a few spies in the army and navy to extend the present limited martial law in the west.

COLOGNE RUINED BY BOMBER RAID

STOCKHOLM, June 5 (AP)—A tremendous damage inflicted by British first 1,000-plane raid Saturday night ruined the central district of Cologne and reached into the suburbs, destroying all property of 10,000 persons, said a German dispatch quoted today by the Stockholm newspaper, Dagens Nyheter.

From the bomb-damaged district of the Koenigsplatz (Koenigsplatz) Zeitung hand through the Nazi censorship came the report, written Wednesday by Franz Berber.

"To all who surveyed the attacked city May 31 it was instantly clear that they had taken farewell of their Cologne."

"Destruction is tremendous everywhere."

Destroyed buildings, damaged churches, hospitals, museums, monuments, many warehouses and shops are still burning. Most quarters of the town are empty, the windows in ruins.

"The first issue of the Cologne newspaper to appear since last Saturday reached Stockholm today and reported first news being burning in Cologne."

"Enormous damage" and "indestructible devastation" were expressed in the paper used to describe the raid.

Giant Explosion at Arms Plant Kills 21

ELWOOD, Ill., June 5 (AP)—Army officials announced that 21 persons were "dead or missing" after a terrific explosion had destroyed a shell loading building at the Elwood Ordnance plant today.

By WILLIAM MCKENAMIN

ELWOOD, Ill., June 5 (AP)—An explosion so powerful that it rocked the earth like a quake within a 100-mile radius destroyed a shell loading building at the \$30,000,000 Elwood Ordnance plant today, killing 21 workmen and injuring more than a score.

Army officials announced that the plant as a whole, spread over 25 square miles of flatland, 40 miles south of Chicago, continued operations uninterrupted.

Windows in the southern, fringes of Chicago were shattered and residents of northern suburbs along Lake Michigan said the concussion resembled an earthquake.

Army officials and agents of the federal bureau of investigation, who arrived in Elwood today, declined to speculate on the origin of the explosion but reported to Joliet police indicated the blast had followed a smaller concussion, as a heavy shell hit a magazine and set off the contents of the loading line.

Identifications Later

Capt. David P. Tunstall, public relations officer at the plant, announced the casualties. He attributed the building's destruction as soon as possible.

He said the explosion occurred in a loading line at a shipping building. The plant consisted of clusters of buildings. In the first, the shells are received and painted. In the second the TNT is melted and mixed. In the third the shells are loaded and in the fourth—the one which was demolished—the shells are packed for shipment to the fighting forces.

68 Men in Building

Tunstall said there were 68 men in the building. He attributed the comparatively low death rate to the safety construction of the shipping building. This structure was divided into 12 bays, each with concrete walls. Light-activated boards outside walls. This caused the force of the blast to thrust outward, damaging boxes on a siding.

The officer explained that although the FBI had been called to investigate, "there is no indication of sabotage."

A safety board of inquiry will be appointed to investigate also.

VIOLENT PACIFIC FIGHT PREDICTED

By JOHN M. HIGHTOWER

WASHINGTON, June 5 (AP)—The attack on Midway by a Japanese fleet following earlier raids on Dutch Harbor was regarded by naval experts today as foreshadowing more violent Pacific action on the American side of the Pacific.

It was the first time that Japanese battleships have been reported east of home waters.

"There was no immediate indication whether a major portion of the enemy fleet was involved, but observations made on the occasion of so large a force more than 2,000 miles from Yokohama indicated the Japanese were bent on reducing America's growing offensive power in the Pacific and possibly bringing the war within threatening distance of the west coast."

Key Possibilities

The Japanese strategy was still to be disclosed, Washington authorities could best only cite the possibilities based on what has been announced to date.

The Midway and Dutch Harbor assaults, however, were viewed as evidence of a carefully conceived plan which may have any one of these ultimate objectives in view:

1. An effort, preliminary to any attack on Hawaii, to destroy or conquer Alaskan bases and thereby cut a route over which aerial reinforcements might be moved to the Soviet armies in Siberia.

2. Clear the way for a new and powerful fleet to be sent to the western U. S. coast and Panama, by trying to knock out or neutralize the main American forces which may be based at Midway and Alaska.

3. A new attempt to cut U. S. supply lines into the southwest Pacific. The Japanese have been attacking the islands south of Hawaii, after the Japanese would have, having direct American forces into the north Pacific.

4. A knockout try against the United States fleet in the western Pacific, and future attacks on the Japanese, and other submarine operations against Japanese shipping.

MILLER BLASTS AT COSTLY OPA

BOISE, June 5 (AP)—Terminating the office of price administration, "highly intricate, complicated, expensive and difficult system," Attorney General E. A. Tamm, today stated that instead of fixing prices, the government should be placed on a free market.

"I see the picture that all that was accomplished was a maximum price on the wholesaler and a minimum price on the retailer. It is a mark of whatever would be fair competition by government attorneys that the OPA regulations repeal or alter the Idaho unfair trade practices act."

Pointing out the unfair sales act has been administered by four people, the attorney general asserted "there is no occasion for a great number of people under the price control regulations if complications are eliminated."

"He criticized high salaries he said the OPA was offering and the number of people who were receiving a total cost of more than one billion dollars."

Army Writers Carry Rifles On News Beat

NEW YORK, June 5 (AP)—They have used pens and copy paper, this hardy band of news reporters about to cover front-line fighting on the world's battlefronts, but they also have something else.

When the staff correspondents for "Yank," official army newspaper which makes its bow June 13, start carrying rifles and trench coats for armor, they're ready to go wherever bullets may fly — in China, in Burma, in Iceland, Ireland, Panama, Europe.

"Yank" will be cast in the pattern of "Stars and Stripes," the enlisted men's newspaper published in Paris during the World war, and will be the first of its kind in the world. It is not interested in officers. Not even general. In fact its main job is to tell the men what they want to know. The editor, Pvt. William H. Richardson, says the army newspaper which the enlisted men will read at the front.

14 Army Fliers Killed in Crash

SAN RAFAEL, Calif., June 5 (AP)—Fourteen Army fliers were killed in the crash of a heavy bomber last night, the army said today.

Besides, he suggested, the display probably would scare the sheep as badly as the coyotes.

NO EXCEPTION

SALT LAKE CITY, June 5—A shepherd telephoned Attorney General Grover A. Olson to report that a coyote had been seen to use firework to scare away coyotes from his flock.

Olson said he could not exempt the shepherd from the statute controlling use of fireworks.

He said the shepherd's display probably would scare the sheep as badly as the coyotes.

FLASHES of LIFE

CAMP SHELBY, Miss., June 5—Major James Wells of a Maine infantry regiment feels certain his men are fighting to die for their country. During such drills, he says the light standing in the camp is a shining light to pop the heads of all showing.

DEAL FROM TOP?

TOPPENISH, Wash., June 5—Persons admitted to daytime card parties in this city are made aware from the top of the (hay) stack.

Card room operators reported they were closing their places during the day so long as the farm labor shortage remained acute.

Edmund Toland Dies at Capital

WASHINGTON, June 5 (AP)—Edmund M. Toland, prominent capital attorney and general counsel for the house naval affairs investigating committee, died at his home here last night of a heart attack. He was 63.

He has been investigating naval contracts for the house committee since 1938. He first became prominent in government as a member of the arbitration board for the motion picture industry.

Later he was general counsel of the special house committee that investigated the national labor relations board.

17,000 Idaho Men In Armed Service

BOISE, June 5 (AP)—Nearly 17,000 Idaho men will be in the armed forces by the end of July, according to selective service headquarters today.

Of the total, more than half have been inducted through the selective service system. Lt. Col. Norman C. Addison also disclosed that national draft headquarters has approved a 300-man increase in the peacetime quota of the state, making it one and one-half times as large as any previous call.

1,000 Bombers in North France Raid

LONDON, June 5 (AP)—Big fleets of British bombers and fighters, totaling possibly 1,000 or more planes, were reported to be in the air today, laying without any real challenge from the German air force, whose fighters appeared to be avoiding battle.

Hours after the RAF squadron was away across the English Channel, they were reported to be in the air today, laying without any real challenge from the German air force, whose fighters appeared to be avoiding battle.

House Ballots to Discontinue CCC

WASHINGTON, June 5 (AP)—The house today voted to abolish the civilian conservation corps effective July 1.

The action was taken by a tally vote of 158 to 121.

The bill was introduced by Rep. Malcolm C. Tarver, D. Ga., to reauthorize a \$15,000,000 appropriation for CCC for the fiscal year 1943.

May Bond Sales Soar to \$62,165 More Than Quota

Citizens of Twin Falls county during May spent \$62,165 more for war bonds than the treasury department had expected, a tabulation reported from banks and post offices over the county showed today.

Maturity sales during the last week in May showed a decrease over other weeks of the month, the Times-Tribune tabulation shows, but final results show that residents purchased bonds during the four weeks which, at maturity value, add up to \$162,237.50 against the \$65,500 that the treasury department asked.

Maturity value of bonds sold during each of the four weeks included in the report follows:

First week: \$49,237.50

Second week: \$42,202.25

Third week: \$46,252

Fourth week: \$18,640

In addition to bonds sold, post-offices over the county also reported

Madison Man Will Run for Congress

POCATELLO, Idaho, June 5 (AP)—Arnold Williams, a representative from Madison county, today announced candidacy for the Democratic nomination for second district congress.

Williams, majority leader in the house, is expected to lead in the 1941 legislative session, said he would support President Roosevelt in "all-out efforts to win the war" and announced opposition to the position taken by isolationists now in congress.

State Defense Chief Lashes 'Big Shots' Who Won't Help

By O. A. KELLNER

JEFF HILLYER, state chairman of the Idaho council of defense, today had leveled a "brutal" and "one-sided" attack on "big shots" that they are not doing their part in the defense program.

Hillyer addressed members of Douglas here last night. Counties of south central Idaho were represented.

"There isn't any man who is so important, or who is so busy, that he can't do his part in the war and to his country," Hillyer said. "The cost of the things he would give up to help win the war is no way as great as what he would give up if he lost it."

Hillyer declared he had been informed by army officials who "know what they are talking about" that Idaho by enemy planes is "not only possible but highly probable" that such bombings will probably be directed with inter-

Volunteers Rush to Beet Rescue Job

Sixty-three "first time" volunteers reported for work in the beet field rescue job yesterday from 10 o'clock, reported by the "office" of the Queen Elizabeth employment office.

Of this number 19 were women and the balance men. New workers added to the "veterans" still results in more than 150 volunteers being in the field.

Although the beet in many fields is now being harvested, the "thinning or else," the labor turnout today was apparently bringing the beet harvest to a close under control in this area.

Business Workers

Seven business houses and other organizations showed first time job unless this morning. They were reported to be in the field today, working on the beet harvest. C. O. Anderson, the health unit, Schwartz auto and the city of Boise, today reported their first time workers in the field today for half a day since the first call for volunteers was made.

One sighting was shown on employment service records today. A "first time" worker in the field today, reported that work on his "own farm" was "pretty well caught up" and he was going to be in the field today, working on the beet harvest. Work on the beet harvest in the field today for half a day since the first call for volunteers was made.

Meanwhile the 38 "veterans" who have been working in the field in line order and they know their work. Clyde Williams, local employment office manager, said.

Hitler Seeks Aid

LONDON, June 5 (AP)—Adolf Hitler was reported in advice from the European continent today to be preparing to make a "last ditch" appeal to the Italian and Finnish allies to provide greater support for the German war effort.

Hitler was reported to be making an attempt to cut the Murmansk railroad.

ALL-OUT ATTACKS BY AXIS NEARING

By DEWITT MACKENZIE
Wide World War Analyst

Expansion of the Japanese raid on Dutch Harbor into an attack on our Midway Island, with heavy naval air support, completely us to lack a wider view of these operations and note they are further indications of the fact that the Japanese axis onslaught which will try to force a decision in the World war.

While the precise purpose of the Japanese raid is in doubt, it is perfectly with the signs that the axis volcano is about to erupt, certainly the fact that the Japanese attack at little Midway in strength, even employing a battleship, would seem to indicate that they are bent on something more than hit-and-run raids. They are building towards a climax.

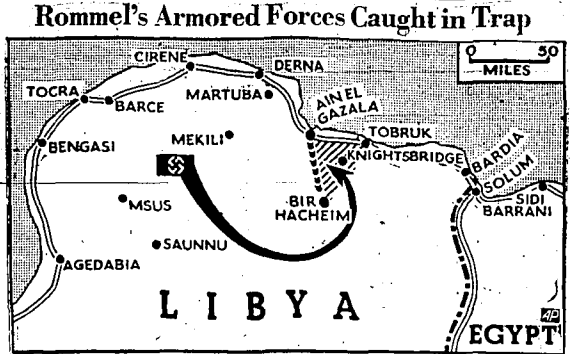

Part of Picture

Also a part of this broad picture, as I indicated earlier this morning, is the thus far unsuccessful but determined offensive of Wily Nazi Marshall's forces in an effort to get set for a drive against Egypt and the Suez canal across the Libyan sands. That is an integral item of the Hitler strategy for conquering the middle east and thus reaching the supplies of the axis must have in short, the Nazi fuhrer is about to strike, and his allies and henchmen are ready to meet him.

Any day now we may expect that he will launch against the Moscowites in the advance of the most offensive which has been so long delayed that summer already is edging into the southern hemisphere.

We are on the verge of the conflict which will be the greatest and bloodiest of history, for upon its course depends in major degree the outcome of the entire World war, both in Europe and the Pacific.

It is possible that the Nazi war machine is ready for action some 200 divisions of fresh troops—many in the neighborhood of 250,000 men.

Rommel's Armored Forces Caught in Trap

Cairo dispatches indicated that Field Marshal Erwin Rommel's armored axis forces, caught around Bir Hacheim, had been trapped in a triangle bordered by Bir Hacheim, Mersa Matruh and the Mediterranean Sea. Rommel apparently was trying to retreat through the triangle, but was cut off by mine fields laid by British along the west side.

SUGAR RATIONED TO FEED WORMS

COLUMBUS, O., June 5 (AP)—As much a little woman as ever faced a rationing board, thought happily of her pet worms today as she sprinkled a handful of sugar in her backyard.

"They won't be happy with the amount of sugar they're getting," she said, "but at least they'll be getting off that they have been during the last two or three weeks."

Miss Warner has been antiching sugar from the family cupboard to feed her worms today as she grows a special variety she sells to cultivate soil.

Miss Warner, a slight middle-aged woman, convinced the Franklin county rationing board that worms also need sugar. She was allowed 84 pounds a month for the worms.

"That's all right for me now but it won't be for a month from now because I'll have half again as many," she said. "Worms reproduce every four or five days. I can't stop that, can I?"

John B. Barton, rationing board chairman, called a special meeting. He said he had never heard of sugar being used as food for worms.

"I'm getting," Miss Warner said, "to have to feed my earthworms pets 12 pounds of sugar a month."

The board decided that worms, like persons, could get along on a reduced ration and allotted them 70 per cent of their normal ration.

SPRINGDALE

Mr. and Mrs. Herman York spent Memorial day in Yost, Utah, with relatives.

Mrs. E. R. Kelsey left Saturday for Moscow to attend graduation exercises. Her son, Charles Edward Kelsey, received his bachelor of science degree in business administration.

Ona Clayton is visiting relatives in Alta Loma and San Francisco, Calif.

Mr. and Mrs. Dean McAllister, Mrs. Hazel Ellis and Mrs. Helen Anderson, Logan, spent Saturday with Mr. and Mrs. G. S. Murchant and family.

Mrs. Roland Griffin and children are spending the week visiting relatives in Salt Lake.

J. C. Henager, founder of Henager's Business College, Salt Lake, was here on business last week.

Mr. and Mrs. Carl L. Bronson, Payette, are visiting Mr. and Mrs. James Bronson and family.

Mr. and Mrs. Leo Clayton and family visited Mr. and Mrs. Keith D. Holt, Salt Lake.

Stanley Ferlic returned Saturday from Moscow and visited friends here Sunday.

This community was canvassed during the week to collect funds for 1942.

Dorothy Tolman, Boise, spent Sunday with Edna Hurlst.

Miss Jurtha Savage is visiting relatives in Willard, Utah.

Religious societies presented the program Sunday evening. George E. Perrin, Burley, was speaker. Mabel Banner, Utrich, gave a reading; musical numbers were presented by Singing Mothers and a duet, Mrs. Edgar Christensen and Mrs. Wesley Hurlst.

Mr. and Mrs. William Robert and family and Paul Stewart, Murtough, were guests of Mrs. James L. Stewart Sunday.

Miss Mary Priebe, Twin Falls, visited friends here Sunday.

McMen and Gleason Orin will present the M. T. A. concert program Sunday.

Driver Released On Death Charge

SALMON, Ida., June 5 (AP)—Thomas Kinna, 26, of Twin Falls, was exonerated by a coroner's jury of negligence in the death of Dale Grosvont, 23, in a two-truck collision Wednesday.

The jury found Grosvont was driving on the wrong side of the road and that Kinna did his best to avoid the crash.

William E. Brennan is Air Corps Major.

BUHL, June 5—William Ewan Brennan, son of Mr. and Mrs. J. Brennan, received his commission as major in the United States army air corps May 22, according to word received here. The commission dates back to March 1.

Major Brennan is now commander of Lowery field air base, Denver, Colo.

HAILEY

Marie McCoy, daughter of Mr. and Mrs. Ray McCoy, celebrated her ninth birthday, June 4, surrounded by a number of friends at her home.

Mrs. M. J. Jacobs and Mrs. Haul-ace Mackle were in Twin Falls this week on business.

Mrs. Leonard V. Jones, Hailey, was admitted to St. Edward's hospital, Fort Smith, Ark., this week where she underwent surgery. Latest reports are that she is recovering satisfactorily.

George, Cameron, J. C. Penney company employee, is taking her annual vacation in the United States.

Mr. and Mrs. Frank Gelskey and son are Gooding visitors this week.

Mak-oxen are more closely related to goats than to cattle.

Gooding Woman Concludes Trip

GOODING, June 5—Mrs. A. F. Thompson, Gooding, recently returned to her home after an extended trip which included attending the National Federation of Women's Clubs convention held in Fort Worth, Tex., April 27 to May 2.

Mrs. Thompson was one of four Idaho women who attended the six annual meeting held at the Will Rogers memorial and Fort Worth municipal coliseum in Fort Worth.

Visitors and delegates were present from the 48 states, Canada and Mexico. Theme of the convention was "Western Hemisphere Solidarity" and its purpose was to promote friendship between Mexico and the United States.

WEST ATLANTIC SHIP LOSSES 252

By United Press

Axis submarines have sunk at least 252 allied vessels in the western Atlantic since mid-January, an unofficial compilation showed today.

The navy revealed three more sinkings yesterday: A medium-sized American merchantman sunk in the Caribbean May 12; a small American merchantman sunk in the same area May 23; and a medium-sized British merchantman sunk off Cuba May 27.

Additionally, the navy announced that the patrol vessel Cythera—formerly a yacht belonging to Mrs. Edith Hate Harkness of New York—was missing and presumed lost.

Four men on the medium-sized American vessel were killed by machine-gun fire, while the Axis submarine raked her while the men were trying to get into lifeboats, and eight more were missing. None was lost on the small ship. Four aboard the British merchantman were killed by a torpedo fired by a German submarine commanded by an Italian, but with a German crew.

Upper Yosemite falls, world's largest free-leaping waterfall, drops 1,430 feet in one fall.

Army Seeking Enlistees for Glider Pilots

Call was made by the army today for men qualified to serve as glider pilots. Sgt. Frank Morris, local recruiter, announced.

Recruits must be citizens of the United States between the ages of 16 and 35 years; they must hold currently effective CAA airman's certificate of private grade or higher, or a lapel certificate of the same grade which did not lapse prior to Jan. 1, 1941. Volunteers under 21 must have consent of their parents and any applicants must have clearance by draft boards.

Pay-status follows:

As a private at Salt Lake air base 21, and while training at a glider pilot school, \$15.50 a month. On successful completion of the course a rating of glider pilot is given with promotion to grade of staff sergeant and base pay of \$18 a month. Complete information can be obtained from Sgt. Morris.

Idahoan Killed in Crash of Airplane

CHALMERS, Ida., June 4 (AP)—The crash of a private airplane yesterday cost the life of Henry Jones, 22, on the Rammy ranch landing field on the Middle fork of the Salmon river.

Jones, who was ill, was being flown

EARLY CONGRESS APPROPRIAL LOOMS ON \$50 SOLDIERS' PAY

HOUSE TO STUDY DEPENDENTS' PAY

WASHINGTON, June 5 (AP)—Early congressional approval of a \$50 monthly minimum pay for the armed forces appeared likely today, with the probability that soldiers, sailors and marines having dependents would be required to contribute \$20 a month toward the support of their families.

The pay increase question has in the lap of a positive vote, according to reports that it was being vigorously in not accepting immediately a house proposal to boost the salary of back privates to \$50, instead of the \$44 it had paid previously.

With Senator La Follette, Prof. W. P. Reuther, a labor union leader on Monday, influencing operators who had sought more time for committee efforts admitted privately that they would not be adopted.

Study on Allowance

The senate arranged to take up on Monday a family allowance bill passed by the senate yesterday under which the government would pay \$18 a month or less would be paid \$40 monthly for their support, a child \$12 and other children \$10 each.

The senate-approved measure would require the enlisted man to contribute \$22 of this amount, the government paying the rest.

Another provision of the bill would authorize the selective service, under the President's direction, to fix the credit in which registrants would be called for active service.

Senator Taft, R. O., said this action ought to make it fairly certain that men of 30 or over who have been married before the draft would be the last to be called.

Herbert's Plan

He said Big. Geo. D. Hersey, selective service director, had indicated that men would be the class and called in the following order:

1. Registrants unmarried or married since the draft law was enacted.
2. Men with dependent parents who would be taken care of by federal allowances.
3. Married men with no children.
4. Married men over 30 with children.
5. Married men over 30 with children.

Enters Training

LETOY, June 5.—Leroy A. Frazier, who left last week for Washington, D. C., to take training as a field director of the national Red Cross, looking toward foreign service, (Staff Engraving)

Leroy Frazier, who left last week for Washington, D. C., to take training as a field director of the national Red Cross, looking toward foreign service, (Staff Engraving)

FRAZIER SERVING WITH RED CROSS

JEROME, June 5.—Leroy A. Frazier, for the past two years in charge of the Jerome funeral chapel, left the funeral home today for Washington, D. C., where he will enter the national Red Cross school for training as a field director in the army navy post in service in a foreign country.

Mr. Frazier will continue to maintain an interest in the local funeral chapel, and his family will reside in the Jerome, where he will be continuing the work here in charge of the chapel during his absence.

Mr. Frazier is the patriotic duty due to the United States.

Mr. Frazier has enjoyed many years of service with the organization, having been a member of the state of Idaho advisory committee of the Red Cross, and was former chairman of the Jerome county chapter.

Frazier's duties will be to interpret the complete Red Cross setup for whatever army or navy post he is assigned to. He will be responsible for all the home service work, recreation and sports, camp roll calls, welfare and first aid and life saving classes.

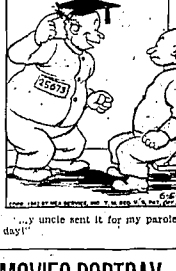

AUXILIARY NAMES STAFF AT JEROME

JEROME, June 5.—Election of officers was conducted at the meeting of the Jerome American Legion auxiliary, Mrs. E. E. Connor being named president, succeeded Mrs. Lorraine Lowe. Officers will be installed in September.

Others elected were Mrs. E. E. La Turner, vice-president; Mrs. W. H. Miller, secretary; Mrs. J. W. G. Treasurer and Mrs. Charles Pine, historian.

Guests present included Mrs. LeRoy Lucke, fourth district president; Mrs. Florence Craig, department publicity chairman; Mrs. Fred Lyle Blodgett, all of Gooding. Each spoke briefly.

HOLD EVERYTHING

MOVIES PORTRAY RARE SKIN CASE

Motion pictures of what is believed to be one of the 15 cases of skin diphtheria in the history of medical science, has been placed in the hands of the public at the Jerome Public Library at its luncheon in the Park Hotel yesterday.

An exhibition of the accompanying talk were presented by Dr. Joseph W. Marshall, Dr. Marshall and his consultant, Dr. Edward T. Pate, who were for and cured the patient—a month-old infant.

The film, the baby's body was covered with red rash. This at first was believed to be the effects of syphilis. However, an examination of the throat revealed that the two doctors were able to clear it up in seven days by the use of diphtheria antitoxin.

Dr. Marshall learned that diphtheria used on the baby had been failed by the mother of a 12-month-old child who had died of laryngeal diphtheria a short time before.

The case has been reported to medical associations and journals through the motion picture.

The only other cases known by Dr. Marshall and Pate were 11 in Ireland, one in London, another in New York and one in Argentina.

Edward Harper served as chairman of the Kiwanis meeting and had his sons, Edward, Jr. and Howard, as guests. H. G. Johnson was the guest of J. A. Coe.

The defense stamp was paid by Paul Thomas and R. J. Schwendman.

TREATY BASIS OF DAMAGE ACTION

BOISE, June 5 (AP)—Based on an Indian treaty signed in 1828, Assistant U. S. District Attorney E. H. Casterlin filed suit against the Union Pacific railroad and the Oregon Shortline company, subsidiary, for \$25,000 for damages in the death of two Indians.

The two, Nino and Helen Toomey, husband and wife, were killed when Frank Poewe was injured in a tricycle automobile crash on the Fort Hall reservation last October.

Under the treaty only government agents were to be allowed on the reservation. To enable the railroad to cross the area 20 years later, congress enacted a law permitting the carrier to cross the reservation provided a \$100,000 bond was posted for payment of any damage resulting from death or injury to Indians, or their livestock as a result of construction or operation of the railroad.

Casterlin said that under that law, the damages must be paid regardless of the Indians' negligence.

Also named in the suit was the St. Paul-Mercury indemnity company of St. Paul, Minn., from which \$10,000 was asked.

New Jersey has the lowest birth rate of any state in the union, with 11.6 per 1,000 of the population.

Pigs for Keeps

JEROME, June 5.—If you can catch and hold on to a greased pig during a contest at Jerome's Fourth of July celebration this year, you can keep the pig!

That's what O. A. Power, Jerome Chamber of Commerce secretary, said when he announced the tentative plans for the annual free Fourth of July celebration.

But, that's also just one of the many entertaining features which will be afforded here during the day, Power said. There will be three greased pigs in a pen, and contestants who can catch and hang on to the "porkers" can have them for "keeps."

The two, Nino and Helen Toomey, husband and wife, were killed when Frank Poewe was injured in a tricycle automobile crash on the Fort Hall reservation last October.

Under the treaty only government agents were to be allowed on the reservation. To enable the railroad to cross the area 20 years later, congress enacted a law permitting the carrier to cross the reservation provided a \$100,000 bond was posted for payment of any damage resulting from death or injury to Indians, or their livestock as a result of construction or operation of the railroad.

Casterlin said that under that law, the damages must be paid regardless of the Indians' negligence.

Also named in the suit was the St. Paul-Mercury indemnity company of St. Paul, Minn., from which \$10,000 was asked.

New Jersey has the lowest birth rate of any state in the union, with 11.6 per 1,000 of the population.

DRY SAN ANGELO, TEX. June 5 (AP)—Ted Wilson, whose home is in San Antonio, and who ranches near Dryden, said his cattle became ill, was so dry on his ranch.

The day before he started delivering them it rained three and a half inches, the cattle stampeded into the brush, and he waded around a day or so in knee-deep mud rounding up the stock.

Mrs. Laura Nelson accompanied Mr. and Mrs. Nelson Sticking to Lewiston, Saturday where she will visit Mr. and Mrs. William Nelson and Mr. and Mrs. Wallace Nelson and to attend the graduation exercises at Utah State Agricultural college where her son, William, is a member of the graduating class.

Mr. and Mrs. S. D. E. Perry and family drove to Sun Valley Saturday.

Mrs. A. E. Sullivan and Betty Lou Hicks accompanied Mrs. D. P. Bilco to the dance, Susan, Fidelity Saturday where they visited, Mrs. Lela Lee, and Mr. and Mrs. Harold Lee, Mrs. Bilco and Susan visited her sister, Mr. and Mrs. Dale Rucker. They returned home Monday.

Mrs. Anna Meyer and son, Philip and John, Benny Martich, and Helen Meyer drove to American Falls Sunday where they visited Mr. John Meyer.

Mr. and Mrs. Earl Dwyer and son, Wayne, spent the weekend at Silver creek on a fishing trip.

Mr. and Mrs. Keith Merrill and family drove to Moscow Saturday where they attended baccalaureate services Sunday and commencement Monday at the university.

Their son, Reed, was a member of the graduating class.

Mr. and Mrs. Vernon Titus and two children of Mountain Home, where he is employed as electrician on the railroad, arrived in Twin Falls Sunday, and will spend a few days at the home of his mother and sister, Mrs. Carrie Sigurdson, Stanley Temple, their daughter, Beverly, expects to remain for a longer visit.

Wiloy Craven is having his apartment north of the Merrill grocery store remodelled. Mrs. E. Morgan, post mistress, expects to move in the apartment some time this week.

Mrs. Ed Robertson returned home Tuesday from Boise, where she spent two weeks visiting Mr. and Mrs. Frank Conwell and family.

Mrs. George DeLong and two children of Jerome came in by train Saturday and spent a few days with her parents, Mr. and Mrs. Albin Brown.

Contract Bridge club met at the home of Mr. and Mrs. Albert Duke with one guest, Mrs. Tom Clark. Mrs. Don Hardin and Mrs. Charles Easton won the main prize.

Mrs. Allen Harkin visited last week in Moscow and this week attended baccalaureate services and commencement exercises at the university where their son, Keith, and his daughter, Frances, are members of the graduating class.

Mrs. Walter Marsh and daughter, Mildred, drove to Boise last week where Mrs. Marsh visited her sister, Mrs. Walter Kelley. Later Mildred drove to Seattle, Wash., to visit friends.

Grace Watson, teacher in the Du Bois schools, arrived last week to spend the summer with her parents, Mr. and Mrs. Philo Watson.

Mr. and Mrs. V. Dahlstrom and two sons, Pocatello, former Paul residents, visited here Decatur day at the home of Mr. and Mrs. Joe Miller.

Mr. George Overholser, New York City, who is working at the Cornell Medical center, arrived here May 19 and is visiting his father, William Frieber. She expects to return to work by June 15.

Mr. and Mrs. J. P. Miller entertained at dinner Saturday for Mrs. Winfield Cloughy, Emerson, and Mrs. Leon Clement, Boise, who is here looking after property interests.

Crowds Watch as Marine Enlistees Parade to Depot

With crowds thronging the downtown sidewalks to see them off, 14 husky Marine Valley youths marched yesterday afternoon to the Twin Falls depot, where they boarded a train for Salt Lake City and induction into the U. S. Marines.

Over 200 youths, scheduled to leave with the delegation, will probably depart later, marine recruiters said.

When the send-off parade reached the station, the enlistees were met by representatives of the American Legion and USO who presented them with soldier literature and packages of clean-cut, handkerchiefs. Koehler also passed out "smokes" to the young men left for the army, navy and marine corps. Hundreds of friends, relatives and friends gathered at the station to see the boys off for their induction at Salt Lake City.

Mayor Koehler said Junior Chamber funds helped finance the cigar-rolls presented to the marine recruits.

Meetings Changed By Knoll Grange

KNOLL, June 5.—Decision was made to discontinue bi-monthly meetings and hold sessions only on the first Monday of each month at the Knoll Grange meeting at the school house, Mr. and Mrs. Albert Coeberg hosts.

Recommendations was made that all Grangers and youth of the community read Thomas E. Dewey's speech, given in the last issue of the National Granger.

Eugene H. Mainwaring, field man for the Credit Unions, was guest speaker.

E. M. Dowsett, lecturer, presented C. W. Keenan with a three-star service pin. Poems in honor of Father's day were read.

Mr. and Mrs. Eric Jones were guests.

On Check Charge

JEROME, June 5.—Hazel T. Gull, Moscow resident, will be returned this week to Boise where a charge of issuing checks without cash has been filed against him. Gull was picked up here Wednesday by county sheriff Lee B. Johnson. Sheriff Johnson stated today that Gull also has been charged with a similar offense in Mountain Home.

Officers probably will come to Jerome Thursday to return the man, Johnson indicated.

RICHFIELD

Mayrlee Selwager left Monday for Nampa to visit Mary Pearl Shippard.

Mrs. Zack Spellman left Tuesday for her home in Enid, Okla., after spending a week visiting Mr. and Mrs. Mel Huffstun.

Mr. and Mrs. George Drannen, Wilder, are spending this week at the home of their son, Robert Drannen.

D. O. Smith, Glenns Ferry, is re-employer at the Richfield depot while D. W. Wilcox is taking a month's leave due to illness.

Ruth Sweet left Monday for Salt Lake to visit her sister, Mrs. Harp, who is ill.

Carl Paulson left Sunday for Pine, Ia., where he is employed in a saw mill.

Mr. and Mrs. Elias Flavel and daughter, Mary Lou, returned Monday from San Diego where they had visited since March.

Clark Hand left Wednesday to return to San Diego, where he is training for the navy, after spending the past 10 days here, called by the illness and death of his sister, Mrs. Sheila Brannen.

Mrs. Orville Harwood was brought home Monday from the Gooding hospital.

Mrs. Marie Ensign and her Thomas, Salt Lake, spent the Memorial day vacation at guests of Mr. and Mrs. May, who had been called by the illness and death of his sister, Mrs. Sheila Brannen.

Mrs. Orville Harwood was brought home Monday from the Gooding hospital.
