U. S. AIR MIGHT BOOMING PLANE

Eight of Japan's Aircraft Carriers Owned in Pacific

PEARL HARBOR, Hawaii, June 13 (AP)—Probably eight Japanese aircraft carriers were sunk or so badly damaged in the Midway air battle that they will be unfit for military action, it was shown today by communiques and reports of battle participants.

This appears to be more than half of the known carrier power of Japan's navy. In most cases the decks of the carriers were filled with warplanes, indicating the loss in aircraft runs well into the hundreds.

Personal losses to the Japanese in these two battles were tremendous. While no official reports have been made on personnel casualties, unofficial estimates from authoritative sources, based on reports of eyewitnesses, are that 8,000 Japanese were killed in the Coral sea and 10,000 more lost their lives in the Midway battle.

At least six of the carriers which bore the torpedoes and bombs blasted out of the war either permanently or temporarily were among the 11 aircraft carriers.

Official communiques on the Coral sea battle reported the carriers sunk or put out of commission were the Iyukaku and the Shokaku in the Midway action.

Of those destroyed were reported to be the Kaga or Akagi class, huge 30,000-ton craft, and two modern 20,000-ton carriers. On March 18 in the south Pacific 30 Japanese warships were reported sunk or damaged. The Iyugai raid on May 4 accounted for 12. In the Coral sea on May 7 and 8, 13 more were reported sunk and damaged. Midway fighting added at least another 11. This makes a grand total of at least 67 ships knocked out of Japanese fleet or badly crippled.

HANSEN MAN TO HEAD YOUNG GOP

SUN VALLEY, Idaho, June 13 (AP)—Idaho Young Republicans today elected Harold Koenigs of Hansen for president of the state Young Republican organization.

William H. (Bill) Detweiler of Hazelton, state representative from Jerome county, announced his candidacy last night for governor in the Republican primary.

Burning U. S. Carrier Abandoned at Sea

Some have already been taken off by a destroyer hidden by smoke at right. (This remarkable picture is an official United States navy photograph sent to the Times-News by the Associated Press.)

Commander Tells of Lexington's Sinking

Commander Robert S. Plescott, U. S. S. Lexington, gutted by fires below decks and rocked by explosion after explosion of burning ammunition and gasoline, was described vividly today by Rear Admiral Frederick C. Sherman, commander of the big aircraft carrier fatally crippled by Japanese planes in the battle of the Coral sea May 8.

Jerome Seaman Dies on Carrier

One Maple Valley resident was killed, three have been reported injured and the fate of two others indicated on the U. S. S. Lexington, sunk in the Coral sea battle May 8, has not been heard according to relatives in this area.

ELKS RITUAL FOR FLAG CEREMONY

The impressive Elks' flag ritual will be one of the features of the Flag day ceremonies in Twin Falls today under the direction of the city division of the county district council with W. G. Schaefer as chairman. The Elks will participate and at which many other organizations will be included. The flag will be presented by F. C. Sheneberger with the officers of the local lodge will be presented by a Wilton Peck reads the story of the flag, the various national emblems of the nation will be presented by Boy Scouts with appropriate band music of the period represented. This will conclude with Old Glory as the world knows the flag today, and the band will offer a few strains from "The Star Spangled Banner."

Not Conclusion
These strains, however, will not mean the conclusion of the Flag day program inasmuch as the benediction by Rev. H. G. McCallister and the playing of "The Star Spangled Banner" in full by the City band will follow.

The program will open with the flag salute by the Boy Scouts and a salute call by an American Legion bugler. Then will follow "A Pledge of Allegiance to the Flag," led by Gordon Day, executive of the Twin Falls area council of Boy Scouts; invocation, Rev. E. Leslie Rolfs, Episcopal church vicar; "Respect for the Flag," Boy Scouts; "Victory," city band, led by Dr. O. A. Fuller; "The First Flag," The Fire Girls, led by Mrs. Eva Heza, Camp Fire Guardian association, and "American Patriot," city band.

Recitation
Following a recitation, "This Is Our Flag," by Billy Watts, 11-year-old son of Mr. and Mrs. W. O. Watts, will come the Elks' flag ritual.

Immediately after the Flag day ceremony in the park, the local post of the American Legion will conduct its ceremony for the presentation of a flag pole to the city public library.

G.A.R. Convention Reports Offered
HANSEN, June 13 — Department convention reports were given by Mrs. Fern Prior, representative of Sherman Circle, Ladies of the G. A. R., who attended the meeting at Boise last week, and at which time the regular meeting was held. New department president, Mrs. Edith Koenig, spoke briefly. A guest of the circle was Mrs. Vivia Lawson, member of Dan McCook Circle, and Mrs. Alice Prior.

The circle continued plans for the annual Flag day picnic to be held on the lawn of the Harold Koenig home Sunday at 1:30 p. m.

The circle received a stamp book containing \$250 in detour stamps given by the department president, Roselle Leonard, to Sherman Circle for the most new members accepted into the circle during the past year. This prize will be used as an initial payment on a bond voted recently by the group.

The circle voted to prepare five USO departure packets.

Mrs. Edith Koenig was appointed to represent the circle on the hot lunch committee. The luncheon was assisted by her daughter, Miss May Ellen Prior.

Seaver Explains Draft Regulation

The Twin Falls man who left the city after registering with U. S. selective service board No. 1 doesn't have to come back here for examination or induction in the army, Capt. J. H. Seaver, the local board clerk, explained today.

Capt. Seaver said that registrants are quitting their jobs and coming long distances to answer calls for examination when it is not necessary.

"All that a registrant has to do is to keep in touch with the local board," said Capt. Seaver. "We want to know where he is residing at all times. Then if he gets a call for examination he can report to us by letter and we will send out papers for his examination at the point nearest to where he resides."

FULL SPEED FOR POCATELLO PLANT

POCATELLO, June 13 (AP)—Preparing a capacity working force with full speed construction underway by July 1, Commander John A. Scoville of the U. S. navy, officer directing construction on the \$20,000,000 naval gun reeling plant which is being erected north of the city, said Saturday that he anticipated completion of the plant with the exception of the steel construction, before cold weather comes.

The plant is a hive of activity at present, comprising an entire personnel of 45 workers. A temporary Idaho volunteer reserves at Buhl Wednesday night.

SWEARNS IN BUIL UNIT

BOISE, June 13 (AP)—Brig. Gen. M. G. McConnel, Idaho adjutant general, will swear in a unit of the Idaho volunteer reserves at Buhl Wednesday night.

OILMEN SET FOR RUBBER PICK-UP

BOISE, June 13 (AP)—Service stations of Idaho will be ready Monday for the opening of the scrap rubber drive.

H. W. Orchard of Boise, state chairman of the drive for the oil industries, said tonight all station operators had been notified and would pay one cent per pound for rubber.

The oil companies will collect the scrap in stockpiles and ship it to reclaiming centers. The drive will end June 30.

Orchard was unable to estimate the amount of scrap in the state but declared "if everybody will search

Kimberly's Gym Work Goes Ahead

KIMBERLY, June 13—Kimberly is assured that its new gymnasium will be carried through by the WPA.

Curtailement of WPA had brought the danger that the new structure might be left incomplete, but Sen. D. Worth Clark and Dean W. Miller, state WPA administrator, assured the school board today that the project will go ahead. The delay came because 85 per cent of materials is on hand, because the labor consists of older men but wanted in farm fields, and because the building is classified as being of more than recreational nature.

Jerome Resident Seized by Japs

JEROME, June 13—Mrs. Phillip Kincaid, Jerome, has received word that her brother, Capt. John Winterholler, who is a former resident of Jerome, is now a prisoner of the Japanese army. He was reported to have been taken prisoner in May, 1942.

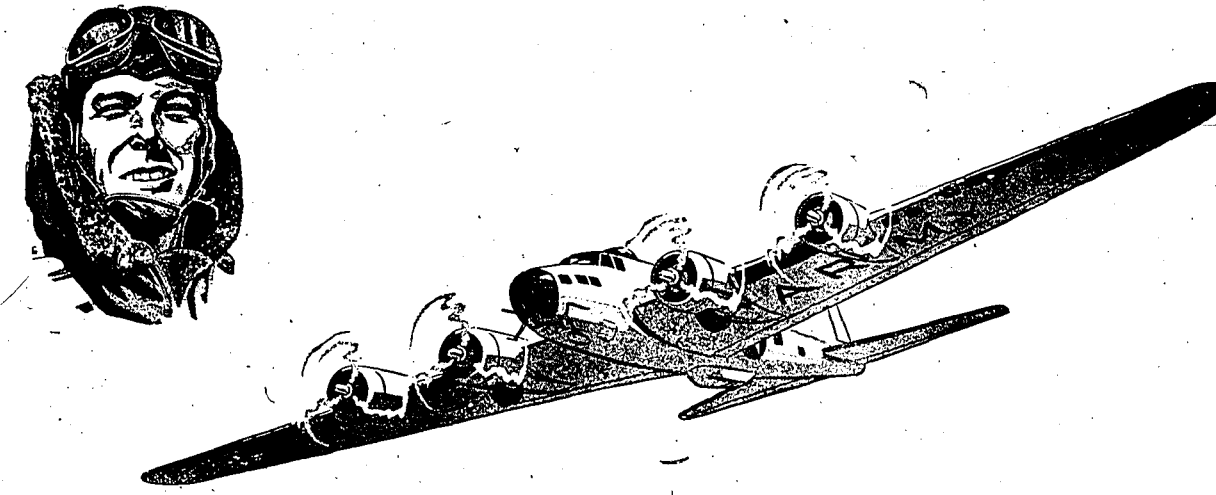

He is a graduate of a military college at Laramie, Wyo., and in July, 1940, he enlisted as a marine first lieutenant. Capt. Winterholler received the silver cross from the U. S. army while in the service, and was promoted to rank of captain at the time he was taken as one of the prisoners. He was 28 years old.

Mrs. Winterholler also has three other brothers serving Uncle Sam,

Health Council

WENDELL, June 13—An all-day meeting of the Wendell Health Council will be held at the home of Mrs. Harvey Hartley, four miles west and a half-mile north, Monday, June 15. The group will do Red Cross sewing and have a pot luck dinner at noon.

Of course, Twin Falls County Will... BUY A BOMBER!

Who among us in Twin Falls county isn't thrilled over the opportunity to buy a long-range bomber as a demonstration of our desire to do our part in giving America's armed forces all the support possible in their fight to win this war?

And what's \$300,000—the quota of War Savings Bonds we must buy during the months of June and July to have one of these big bombers named after Twin Falls county—when we stop to realize that the men in the service are giving everything they have, even their lives, to save America and all of us who remain at home?

Of course, we'll buy a bomber, and turn it over to the United States Army Air Corps with our compliments and best wishes for an early victory. We won't even say: "It's our duty." We'll go much further than that by exclaiming wholeheartedly: "IT'S OUR PRIVILEGE!"

During the month of May—with nothing like buying our own bomber as an objective—Twin Falls county bought more than \$147,000 worth of War Bonds, nearly half of the June-July "Bomber Quota." With everybody helping, we're bound to go over the top!

...and We're Mighty Proud to Help!

Naturally, we're proud of the record Twin Falls county is making in the purchase of United States War Savings Bonds and Stamps. And we're proud to do our part in buying the \$300,000 worth of bonds that will mean having a big army bomber named after our county. With modest enthusiasm, we want all users of BUTTER-KRUST Bread to know that we are buying War Bonds regularly, in direct proportion to our earnings—that our entire personnel is participating 100 per cent in purchasing these bonds at regular intervals. We, like everyone else in the county, believe it's a privilege to invest in the future security of Magic Valley and America!

Buy BUTTER-KRUST Bread from Your GROCER

BURP BLAMED ON AIR SWALLOWING

By HOWARD W. ELAKESLEE
ATLANTIC CITY, June 13 (AP)—Close your lips over the rim of the glass when you drink if you don't want to swallow air and have the burp. Beware, for the same reason, of too much swallowing when chewing gum.

This is not just a laughing matter. If you don't take this and other advice about swallowing air, you make wake up in terror some day with the sensation that you are about to die of heart trouble.

The plain fact is, Dr. Walter C. Alvarez of the Mayo clinic reported to the American Medical association here, that much of the burping is not due to fermentation of food, as folks suppose. It is mostly from swallowing air.

He admitted it was not enough to tell a person he was swallowing air and to stop it. Stopping isn't easy. The doctor should study the case to find out what to do, he said. Sometimes the air swallowing is just a nervous habit. It's likely to be done, when a person is terribly on edge.

Everyone, he said, swallows some air with raised breakfast. The amount of the nerve also can produce gas which is condensed directly out of the blood into the alimentary tract.

"Many men and women," he said, "wake in the night frightened perhaps by an extra systole (an extra beat of the heart in driving the blood) and this starts them burping. In such cases the main factors are jitteriness and fear of heart trouble and no treatment can succeed until the patient is reassured."

From the USO Mailbag

By FLORENCE RENSON
MARIN Clement, about the U. S. S. Sperry, doubly appreciated his U. S. O. package which reached him while he was hospitalized. His friends will be glad to hear Marvin is up and around again.

Pic. Joe Perry, who, passing through Twin Falls recently became the inspiration for the "Free shower baths for service men" movement, had a tough time reaching Geiger field, Wash. Nine 1/2 miles is slow going even in war time. Two precious hours were lost in getting back onto the highway when an intoxicated driver insisted on taking a short cut and all but lost our Joe.

Pic. Tommy Glette, formerly of Twin Falls high school, really goes for the U. S. O. dances and Sunday services at John, Calif.

Set. Gene D. Shjyler at Port Ord, Calif., reads and rereads the home town paper but hasn't been able to find that fellow from... sometimes stationed at his own post—and his only source of information for the information is a "Time-News" paper.

Job's Daughters Install Officers

WENDELL, June 13—Wendell Daughters of Job's Daughters installed Mrs. Corman Hartwell, daughter of J. D. Hartwell, as honored queen for the next six months at rites conducted at the home of Mrs. Phyllis Caldwell, retiring honored queen.

Other installing officers were: Miss Virginia Caldwell, president; Mrs. E. E. Schoweller, marshal; Mrs. V. A. Carbaugh, secretary; Mrs. Carolyn Schoweller, clerk; Mrs. Ann Mae Tarleton, musician; Carol Kelley, junior custodian; and Ann Kelley, outer guard.

The new queen's staff consists of Louise Kings, senior princess; Peggy Cunningham, junior princess; Arva Nielsen, guide; Marilyn Kelly, hostess; Mrs. E. Schoweller, musician; Carolyn Schoweller, reciter; Doris Bungum, treasurer.

Members in order: Marlyn Hoskeweller, Norma Lou Schoweller, and Lois Bungum; chaplain, Leah Lowry; junior custodian, Carolyn Nielsen; senior custodian, Ann Kelley; inner guard, Marlyn Mock, and outer guard, Phyllis Caldwell.

Shades of Past History—"Duke" Only a Private

Of course there isn't anything in a name, but one wonders what a fellow with the nickname of "Duke" and the co-name of "Wellington" is doing as a private in the state guard.

But what's that, that fellow has enlisted in the state guard, according to Corp. U. N. Terry, the local company's entertaining press relations officer.

And instead of being made a sergeant with four stars—and sent out to fight present day "Napsies" and "Hitler" in a "Waiver," this "Duke" of "Wellington" had to suffer the ignominy of being shovelled into an "awkward squad" along with one Clarence M. Roberts, when he reported for the company's drill at the Legion hall Thursday night. And as long as they were speaking of dukes, the only name that practically all of Roberts' friends know him by is "Duke."

But Wellington C. Pierce, who is called "Duke" by his friends and his associates down at Twin Falls Milling company, need not feel so badly, in addition to Roberts, he found the company of three others who in the "awkward squad." He might as well be called a general as he is retelling his name but the laws regarding the state guard give Twin Falls a company of 33 officers and men and it's "full up" at the present time.

Close formation drill completed most of the action of the guard.

Buhl Names Four For Boys' State

BUIH, June 13—Buhl Boys' state delegates to meet in Pocatello June 14 to 20, and their sponsors are: American Legion, Cyrus Taylor, senior Chamber of Commerce, Fred Klein, Kiwanis club, Gordon Carlsson, Rotary club, Stanley Veiller, George Green, Pocatello, Boys' state chairman, states that plans for the third-annual Gem Boys' state camp to be held at the University of Idaho, southern branch, are completed.

The camp is held under the auspices of the American Legion, but boys may be sponsored through any veterans' group, service club, civic organization, lodge, church or educational society.

Vocational Work Outlined at Club

JEROME June 13—Stanley R. Richardson, supervisor of state vocational education, Boise, was guest speaker at the meeting of the Rotary club. Mr. Richardson gave a talk on vocational education being conducted for students throughout the schools of the state. He was introduced by Supt. H. Maine Shoun of Jerome city schools.

Harry O. Garbain had charge of the program. Bill Pales, Gooding, was visiting Rotarian. H. McCall, Salt Lake City, and E. R. Bennett, University specialist, University of Idaho, who was here from Boise, were guests.

KIMBERLY

Mrs. Halle Goodwin, Long Beach, Calif., is visiting her girlhood friend, Mrs. Ben Potter.

Mrs. Gladie Titus is spending several days visiting at the George Childs home in Twin Falls, as is Mrs. M. Donna Brannan, granddaughter of the Childs.

Mrs. Wiley Dadds enrolled Monday for summer school at Abbot.

Fortnite Bridge club met at the home of Mr. and Mrs. Ralph Hansen. Prizes went to Mrs. Harold Tanning, Harvey Wood and Wilbur Louch. Guests were Mr. and Mrs. Bob Souck.

Mrs. Cliff Falls entertained the Social Bridge club Tuesday. Prizes went to Mrs. Walter Slaughter, Jr., and Mrs. Floyd Pollard. Mrs. Deano Shibley was a guest.

Mrs. and Mr. Milton Ballard entertained the Keystone class of the Christian church Wednesday. A potluck dinner was served and the evening spent socially.

ARMY Calls Nurse RUPERT, June 13—Miss Ruth Donaldson, graduate of the Rupert high school and a registered nurse, had been called to Fort Lewis, Wash., for service as an army nurse.

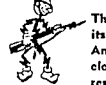

War Found Us Ready

A significant factor in the establishment and growth of an electric utility is that its own development must precede the development of its service area. Large investments of money must be made in service facilities, in many cases years before they can be fully used by customers.

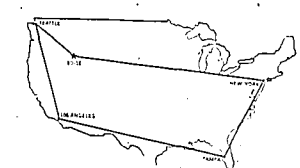

IDAHO POWER COMPANY Reports to YOU

Our Annual Report for 1941 is now in the hands of our stockholders, of whom approximately 2,000 are residents of the area we serve. You who use our service also have a direct interest in the operations of our business, and this report is submitted to inform you of the progress and problems of the company. In common with other

business enterprises, the company is faced with new and complex problems from day to day. We are meeting those problems squarely. In our more than 25 years of operation, no community served by Idaho Power Company has ever been retarded in its development for lack of adequate electric service—and we intend to keep it that way.

The electric industry is contributing its full share in the war effort. America is "power-full" because the electric industry has accepted the responsibility, over many years, of providing adequate and reliable service, both in times of peace and in times of war. In addition, this single industry is contributing more than five hundred million tax dollars annually to meet the cost of government, including the cost of the war.

Quarter of a Century Of Public Service

The passing of the year 1941 marks the accomplishment of Idaho Power Company's first quarter century of public service. In retrospect, the record shows that:

- There is an ample supply of electricity to adequately serve the company's whole territory.
- Electric service has been extended to every urban community and to more than 80 per cent of the farm homes.
- The use of electric service in the home is more than twice the amount used in the average household throughout the nation, and electric rates are among the lowest in the nation, in spite of the problems of serving a sparsely settled area.
- During this 25-year period, Idaho Power Company has paid approximately \$18,000,000 in taxes to help meet the cost of local, state and federal government.
- Looking toward the future, the company's objectives will be to continue the standards set by its first 25 years of service, to make additional contributions in the further development of the territory, and to continue the policy expressed in the company's motto of being—

"A Citizen Wherever It Serves"

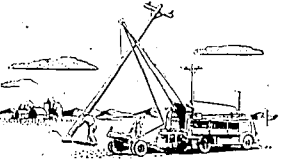

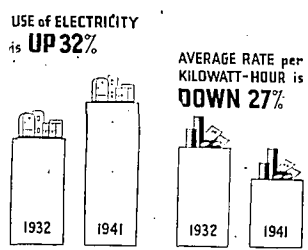

War Found Us Ready

Typical of the electric industry, this company has had "push-button" electric service ready and waiting in advance of the growing requirements of the areas served.

During 1941—along with the rest of the Nation—Idaho Power Company moved swiftly from "business as usual" into the preparation program, and finally into the high tempo of actual war.

Thus, when the United States entered the war on December 8, 1941, Idaho Power Company was ready to fulfill its most vital responsibility "to meet the demands of war production superimposed on peacetime demands."

More Service—Lower Cost

Property Additions in 1941

Five hundred sixteen miles of distribution lines were added in 1941, to provide 3,928 new customers with electric service. Transmission line construction completed during the year involved two major projects; namely, 90 miles of line which was Idaho Power Company's portion of the Anacostia-Grace 161,000-volt transmission line linking the states of Idaho, Utah, and Montana, and approximately 20 miles of line to serve the construction work at the Anderson Ranch government dam project near Mountain Home, Idaho.

Improvements at power plants and substations resulted in increased generating and substation capacity.

During the past 10 years our residential and farm customers have increased their average use of electric service by 32 per cent, while the average rate per kilowatt-hour for these same customers dropped 27 per cent. This outstanding record reflects the progressive accomplishments of the company and also of its customers in utilizing the full benefits of economical electric service.

Rate Reduction—a Quarter Million Dollars in 1941

In May, 1941, Idaho Power Company put into effect further rate reductions which, applied to the previous year's business, resulted in annual savings to our customers of \$262,440.

Both in the supply of electricity and in low rates for its use, the territory served by Idaho Power Company is prepared to carry its full burden of production in the critical times ahead.

Service Facilities Include 13 Hydro Power Plants—6,700 Miles of Lines

Idaho Power Company owns and operates twelve interconnected hydro-electric generating stations, located on the Snake River and its tributaries, and a hydro and diesel plant at Salmon in central Idaho. The total generating capacity thus provided is 103,410 kilowatts.

In order to provide adequate electric service throughout the entire territory, the company has in operation 1,394 miles of high voltage transmission lines and 5,372 miles of primary and secondary distribution lines, including the necessary substations and conversion equipment.

Two Million Dollars for Taxes in 1941

Our tax dollars, like yours, have gone to war. In 1941, the company's operating tax bill increased to \$1,995,036, which was 29 cents for taxes out of every dollar of total operating revenues. The 1941 tax bill was \$700,000 higher than the company's total operating payroll.

Taxes are an uncontrollable item of expense, and their constant upward trend materially reduces the opportunities for rate reductions.

NAVAL HISTORY REVISED AS CARRIER BECOMES NO. 1 SHIP

NO BATTLESHIPS IN NEW PROGRAM

WASHINGTON, June 13 (Wide World)—Navy history turned a complete U-turn in a proposal made ten days ago that the two-carrier navy—a building, but delayed by the war—was to be a single battleship.

The new theory of naval strategy and tactics, based hereafter on the battleship, has undergone a revolutionary change. Traditional concepts of sea fighting have not been shaken since the armored warships were born in the twilight of the sea.

The whole theory of naval strategy and tactics, based hereafter on the battleship, has undergone a revolutionary change. Traditional concepts of sea fighting have not been shaken since the armored warships were born in the twilight of the sea.

But because the supply of steel and shipbuilding facilities are limited, both battleships and great numbers of carriers cannot be produced in the quantities needed. In fact, they require less steel and less time to construct.

The new "four-ocean navy" program was introduced by Chairman Vinton D. ... of the House naval committee with the approval of the navy department. It calls for an \$1,000,000,000 outlay to produce 800,000 tons of warships. Carriers will comprise 500,000 tons, and the remainder will be destroyers, transporters and destroyer escort vessels, all of which are required as carrier escorts.

The war in the Atlantic is a submarine war, and the war in the Pacific is a submarine war, says Vinton. "But both must be fought largely by planes—patrol planes to spot and destroy submarines in the Atlantic, carrier based planes to act as striking forces in the Pacific."

The value of the aircraft carrier has been heatedly argued ever since the last months of the World War. Its opponents have claimed that planes could never sink battleships; that they were too costly to produce, being lightly armored and vulnerable; that the carriers with their planes could never equal the striking force of the battleship.

This war, however, has proved that: Proof of Theory: Airplanes can sink battleships of the 13 capital ships sunk on both sides during the battle of Midway.

Airplanes can eliminate air defenses and to that extent make possible the landing of a large force on a hostile shore (Jap planes practiced this on the air field on Luzon Island before the Philippine invasion was commenced, thus making it possible for transport to approach the island without serious danger of attack by land-based planes).

The American navy's first major offensive action of the war, the bombardment of the Philippines, was carried out, chiefly by carrier based planes.

As Gala Sendoff Cheered Departing Inductees

As an emcee of MacArthur day celebration in Twin Falls yesterday, a public sendoff was tendered to 35 inductees who left by early morning special buses for Induction at Boise. Above, Mayor Joe Koehler, sponsor of the event with the Jaycees, shakes hands with Howard F. (Bill) Blake, leader of the big inductee group, and shows him one of the special certificates which are to be presented to all Twin Falls service men and women. Between the mayor and Blake is Melvin F. Schubert, holding a small traveling bag. Schubert was assistant leader.

DEFENSE SCHOOL SLATED FLAG DAY

GOODING, June 13—A civilian defense school will be held in the Gooding district court room Sunday, June 14, in connection with other ceremonies planned for Flag Day.

The school for air raid wardens, auxiliary police, fire warden, medical unit, public utilities and public works, together with any other persons in the defense committee, will be completed so far as general instruction, gas defense and fire defense is concerned.

A similar school will be held in Wendell Sunday, June 21. Anyone unable to attend the Gooding meeting may attend at Wendell.

Picnic at Park: A picnic will be held at the city park for the benefit of rural families. The school will last from 10 a. m. until 4 or 5 p. m., with men attending the school to be released for an hour's recess from 12 to 1 o'clock.

Following the general meeting there will be a special meeting of each group for any further organization or completion of details.

The American navy's first major offensive action of the war, the bombardment of the Philippines, was carried out, chiefly by carrier based planes.

Lexington Sailors Raided Ice Cream Supplies as Ship Sunk

By EDWARD LEE THOMAS A WEST COAST PORT, June 13 (UPI)—Sailors aboard the stricken aircraft carrier Lexington flipped coins, took naps and raided the ice cream supply while they waited to abandon ship.

Dorton, 23, a third class yeoman from San Diego, Calif., stood on the quarterdeck of the Lexington, receiving orders from Capt. Frederick C. Dorton during the general sea battle in which the carrier was damaged so badly that it later exploded.

Ice Cream Feast "When we realized the ship would have to be abandoned, all hands went to work on the ice cream. The canned and had a feast of ice cream. Some of the men filled their metal helmets, others their cups and their hands or anything liquid. I sure tasted good and we didn't feel like leaving it for a bunch of fish."

Dorton said one sailor who could not swim threw a huge aluminum cooking pot into the sea, climbed into it and paddled away using his hands as oars.

The navy reported that 82 percent of the carrier's personnel was rescued and that only casualties resulted from the attack and the subsequent explosion and fires.

DYE CHOSEN FOR DOG-CATCHER JOB

William Day yesterday was sworn in as city dog catcher and empowered to impound all dogs without licenses. The deadline for purchasing licenses for dogs was May 1 and everybody should have had registered licenses by that time.

"Every dog over six months old is required to have a license," Gillette said. "Any dog not having a license will be picked up and disposed of at the city pound."

Any person harboring or owning an unlicensed dog is guilty of a violation of the city ordinance and is subject to arrest and a fine of not more than \$100. Gillette said unlicensed dogs should be picked up and impounded.

Licenses for males and spayed female dogs are \$3 a year, while those for unspayed females are \$5. Half-year licenses will be granted dog owners after the first of license.

EPISODES Friday evening—arrested for intoxication. Saturday morning—fined \$5 for intoxication. Sunday afternoon—arrested again for intoxication.

That is the city police record of the last few days for James Whittenburg, Los Angeles, Reno.

Whittenburg was fined \$5 for intoxication when he was picked up by Municipal Judge J. O. Pumphrey yesterday morning, but within a few hours was back in the city jail again on a similar charge.

GEMBOYS' STATE STARTS SUNDAY

Pocatello, June 13 (UP)—Third annual Gem Boy state, a project sponsored by the Idaho department of the American Legion for educating young men in the practical procedures of government, will open Sunday morning at 10 a. m.

Sunday morning the boys will be given physical examination of the Eiks at flag ceremonies at Anderson High school. The boys will then travel in the afternoon and highlight of the day will be a dinner addressed by Sam Vance, chairman, state commander of the American Legion.

Monday's speakers include Attorney Milton Zerger, speaker of the "Our Form of Government"; C. A. Bottelmeier, former governor of Idaho; and James H. C. H. C.

Other activities Monday include nomination of officers at the afternoon session and a tour of the Union Pacific station at 3 o'clock, directed by William Clegg, post commander of Post No. 4, American Legion.

Jay Jensen, president of the Gem Boy state in 1941, will be the dinner speaker.

BIG DECLINE IN UNEMPLOYMENT

BOISE, June 13 (UP)—In the first five months of 1942, unemployment in Idaho fell only 3.7 percent, less than half the total for the same period of last year.

In May, said Executive Director D. H. White of the unemployment bureau, the state's unemployment load shrunk to the lowest point for 18 months since benefits first were paid in 1938.

With seasonal farm work increasing its demand for labor an estimated 200,000 men, women and children may be reached soon, White commented. "The present record for unemployment of 104,000 in 1941 was \$2,800,000 paid."

Last month less than one percent of the workers covered were paid benefits for a cost of \$55,320 as against \$100,782 for May of 1941, \$122,813 in 1940 and \$200,918 in 1939.

Number of initial claims for benefits dropped from 1,442 in April to 239 in May, a decrease of 79 per cent.

FILEL

Mr. and Mrs. C. H. Fox and daughter, Miss Evelyn Harriet Fox, returned to Franklin, Id., and returned the next day. Miss Fox has accepted a position in the Franklin school for the coming year.

Mrs. K. K. Dillingham and daughter, Miss Lucy Adele Dillingham, have gone to visit relatives at Fortna, Kan.

Miss Mary Ellen Davis is visiting relatives Miss Evelyn Davis, Boise. Mrs. Kenneth Norquist and children, Marilyn and Bobby, are visiting her parents, Mr. and Mrs. C. E. Oster.

Mr. M. B. Buncas and Miss Sue Glenn Buncas entertained at lunch for Mrs. G. C. Davis, Mrs. Earl S. Luffus, Mrs. Morris Carlson and daughter, Judy, and Mrs. O. J. Childs.

Here's Your Market for CULL POTATOES

In July of 1941, a number of Twin Falls business men and farmers banded themselves together to form the Magic Valley Processing Co., a company which would endeavor to process local products for ultimate consumption in out-of-state markets.

In the fall of that same year, this company began processing cull potatoes into commercial starch. Due to unusual production problems of a new venture, we had only about four months of regular operation during our first season. But in spite of these handicaps, we processed over 7,000 tons of cull potatoes into 37 carloads of starch! This went to the Atlantic seaboard, the southern states, Mexico City and other distant points, to be used not only in the plastic, textile, paper and glue industries, but to help the war effort as well.

Not only did the plant make this remarkable showing during its few months of operation, but it showed sufficient earnings to pay for improvements which will be made this summer to increase its capacity and efficiency. Plans for remodeling, in readiness for a large supply of cull potatoes this fall, include a 500-ton hopper, a beet-dump unloading unit, equipment to salvage pulp for stock feed, and numerous minor adjustments. With these improvements, the plant will be in position to process 20,000 tons of cull potatoes into 125 carloads of starch this coming season! It will also make it possible for us to pay a higher price to the growers if the market for starch remains as it has been during the past processing period.

With an estimated annual supply of 25,000 tons of cull potatoes in this area; it should be apparent to the growers that the Magic Valley Processing Co. provides a new market, year in and year out, for these sub-standard potatoes which in ordinary times are practically worthless from a selling standpoint. It should also be apparent that this plant provides a new source of revenue for the growers, and that in the near future, it may be capable of processing all the cull potatoes produced in this district. It's to the interest of all potato growers in Magic Valley that this plant be maintained as a permanent market for cull potatoes, and with their support, we will be in position to absorb an agricultural commodity which heretofore has been a serious problem.

MAGIC VALLEY PROCESSING CO. A Magic Valley enterprise processing a premium starch from cull potatoes

The People's Choice

10th ANNIVERSARY SALE

DRESSES all reduced! Bluses, spun rayons, florals.

COATS Entire coat reduced for this event. 1/3 to 1/2 Off

MEDIAN RENTAL IN IDAHO \$13.40

WASHINGTON, June 13 (AP)—Idaho housing unit in 1940 had a median monthly rent or rental value of \$13.40, the bureau of the census reported today.

The median rent for urban dwellings was \$21.22, for rural non-farm dwellings \$11.20, and for rural farm dwellings \$8.50.

(The median rent in the rent level which divides all rents in the state into two equal groups—one higher and one lower than the median.)

Owner-occupied urban dwellings had a higher median rental value, \$23.00, than did the tenant-occupied units, where the median was \$19.59.

In rural non-farm areas the median for owner-occupied dwellings was \$11.70 and for tenant-occupied dwellings \$11.20. In rural farm areas the figures were \$9.18 and \$4.91, respectively.

Median rents were lower in 1940 than in 1939 in tenant-occupied urban and rural non-farm dwellings. The urban figures were \$19.59 in 1940 and \$24.20 in 1939; and the rural non-farm figures were \$11.20 in 1940 and \$13.35 in 1939.

Minute Maids Coming Here

Twin Falls residents Tuesday will be plenty of them, six girls, all members of Boise's Minute Maid group which will sell war stamps and bonds in local business houses and at the Twin Falls Cowboy-Pocatello Cardinal baseball game that night. One of seven groups of Minute Maids, these lassies are shown here greeting Charles Atkin, United States treasury representative, recently in Boise.

LIONS PLAN FOR BOND, STAMP AID

Probably at least \$500 worth of war bonds and at least another \$500 in war stamps will be sold during the Lions club drive to sell stamps and bonds next Tuesday. Chairman Pete Bonin predicted that eight Lions club members already have pledged themselves to buy \$200 worth of bonds at a booth to be set up at Jaycee park, where additional bonds will be sold.

Highlighting the drive will be the appearance of the Minute Maids, a group of volunteer, uniformed sales girls from Boise. The Minute Maids will attend the doubleheader game between the Twin Falls Cowboys and the Pocatello Cardinals, selling stamps.

Arrive Tuesday afternoon. The girls will arrive here Tuesday afternoon, accompanied by Mrs. Myrtle Eakins, state treasurer, and will be introduced at several Twin Falls business firms, where they will sell defense stamps.

The Minute Maids will present a 15-minute broadcast over radio station KFTV Tuesday evening at 6:45 o'clock, boosting the sale of stamps and bonds. The Lions club will hold a banquet at the Palm hotel and after the dinner will form a parade to the ball game. The parade will be led by the American Legion drum and bugle corps and will be followed by a station wagon carrying the six girls of the Minute Maid group. More bands may be obtained to play in the parade, Bonin indicated.

There are seven groups of Minute Maids organized in Boise. The girls all wear blue caps with large "V" and have large white collars. Mrs. Marion Clifton Falk is the director and organizer of the Minute Maids—an organization that has received nationwide publicity. The Model group of Minute Maids will make the trip to Twin Falls.

Sun Valley helps.

Bonin indicated that an organized delegation of guests and employees

Marines Starting Mormon Battalion

Three young men from this area will leave for Salt Lake City Monday and if they pass their final examinations will help form the nucleus of a "Mormon battalion" of marines which is now being formed.

A telegram from the Salt Lake City headquarters yesterday to Sgt. Russell Lippert and Laurence Laingridge, marine recruits here, said: "Start drive for Mormon battalion. We have church approval."

The three leaving here who probably will be placed in the battalion are Owen, Leif Nelson, 21, son of Mr. and Mrs. Lars C. Nelson; Richard Weaver Zoller, 21, son of Mr. and Mrs. John D. Zollinger, route three, Wendell; and Perrie Tolman Freese, 20, Kimberly.

Three other marine candidates will leave Monday for Salt Lake City. They are Edward Carl Reiman, 17, son of Mr. and Mrs. Pay M. Gearty; Roy; Stuart Elsworth (Seaman), 25, son of Mr. and Mrs. Albert (Seaman), route one, Filer; and Milton Berglund, 20, route one, Filer.

To NYA School

JEROME, June 13—Junior Perle, Hegerman; Doris Ramsey, Buhl; Virginia Morton and Helen Kestep, both of Wendell are planning to depart for Weiser where they will enroll in the NYA school. Vocations which they have chosen include business, electric seining and also sheet metal work.
