Six Army Fliers Bail out of U. S. Plane Near Buhl

By D. HELKER
One major was injured and five other army fliers landed safely today after they had taken to parachutes from a U. S. army bomber high over the area southeast of Buhl this morning.

In the Twin Falls county general hospital was Maj. Niles O. Ohman, Evanston, Ill. Attendants said that he was suffering a broken arm. The five other fliers were not hurt as they made the drop from the plane.

The plane was flown by Lieut. William P. Saunders, Charleston, S. C., while co-pilot was 2nd Lieut. Harold W. Kirk, Newark, Tenn. The plane continued on and made an emergency landing at the Buhl airport. Official reports said that the plane developed motor trouble and that the jumps were ordered as the plane was not from Gowen field, Boise, but had refueled there this morning.

The men who jumped from the craft, in addition to Maj. Ohman, included Staff Sgt. Anderson A. McCreary, Atlanta, Ga.; Sgt. Clifford W. Milam, Tennessee; Staff Sgt. John J. Bikina, Pennsylvania; Tech Sgt. John E. Smith, Pennsylvania; and Tech. 1st Class Edward J. Czekanaki, Brooklyn, N. Y.

Headquarters of the 1st Army, Commander Maynard T. Craig of the Twin Falls civil air patrol squadron, said that the plane was on its way to Buhl for a refueling stop. He placed a call for an ambulance to bring him to Twin Falls.

The plane was being searched under army orders coming from Major Vance, Gowen field, Boise.

The men who jumped from the plane were taken to the Buhl hospital. He called Gowen field and an ambulance search started for the other five fliers.

Humor developed as a result of Czekanaki's jump. Apparently his shoes were unlaced as he jumped and he lost them on the way down. On his call to Buhl he asked that a few pairs—his and the other four—be sent down to him. He received the shoes.

Help in Hunt
Ground search for the fliers was headed by State Policemen V. K. Berg, Twin Falls, and J. J. Heffau, Buhl.

Several weeks ago one flier was reported to have jumped from an army bomber in the Mountain Home area. In that case the three jumped from the plane after the engine signal. Members of the crew of the bomber from which the men jumped today, however, said they do not "know" the result of any signal mistakes.

LEND-LEASE AID HITS 4 BILLIONS

WASHINGTON, June 15 (AP)—President Roosevelt informed congress today that lend-lease aid up to the amount of \$4,497,000,000 and \$1,000,000,000 in goods and services to be used in the production of war on the way to being won, the battle of distribution, "the next critical step," he said.

"The next critical step," he said, "is to get the lend-lease program industrial, and shipping experts to the full force against the centers of enemy power."

"Great Britain and the United States are now in a combined action to carry our men and our arms—on anything that will float or fly in the oceans and which we can launch our offensives."

Roosevelt summed up for the results of the lend-lease operations with the emphasis finally shifted from food and industrial materials to the preponderance of fighting weapons and military items.

The lend-lease program was instituted on March 11, 1941, and the aid extended since that time to the United Kingdom, the Soviet Union and 35 other countries has amounted to \$3,473,000,000 in goods and \$234,000,000 in services, including the supplying of aircraft, and providing production facilities in this country.

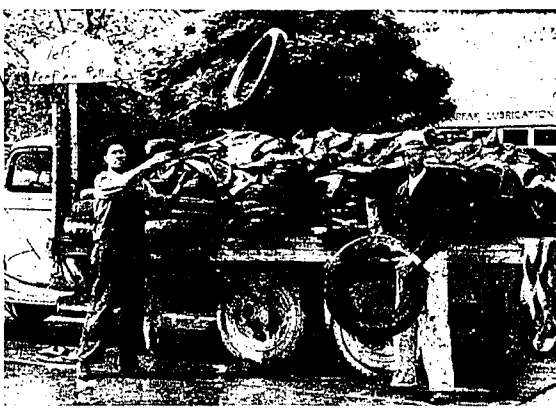

The goods included 22,000 tons of articles transferred, that is, delivered to lend-lease nations for production or export to other countries. Of this amount, \$2,128,000,000 has been exported.

The balance of the \$3,717,000,000 is accounted for by articles awaiting transfer or use and those in process of manufacture.

Launders Boast of Large Payroll

IDAHO FALLS, June 15 (AP)—Delegates to the concluding annual Idaho Laundry and Dry Cleaning Association convention were told today that the second largest payroll in Idaho is being offered by L. L. Gray of Nampa, past president.

Good Start in Rubber Drive

Twin Falls county kept in step with the rest of the nation today, launching a drive to collect scrap rubber to be converted into tires and tubes for army trucks and other vital war needs. Lawrence Murphy, right, and Harold Soper, left, are shown here with a truck load of the vital scrap material that Mr. Murphy has collected and turned into the rubber collecting drops at service stations. (Staff Photo—Eugene A. ...)

DRIVE STARTS TO COLLECT RUBBER

WASHINGTON, June 15 (AP)—With the results to be measured in more machines for victory, and possibly a delay or forestalling of nation-wide gasoline rationing, millions of Americans today began a search of attics, cellars, backyards and other places of discard for old rubber.

The campaign began by direction of President Roosevelt, who called upon every citizen to turn in "every bit of rubber you can possible spare."

Each person was requested to take all discarded or surplus rubber to the nearest of the 400,000 gasoline filling stations scattered throughout the country. The discarded rubber may be donated or sold to the station operator for a small sum.

The oil industry announced its entire work force, numbering over 1,000,000 men and women, and its automotive equipment would handle the job of receiving the rubber and sorting it into categories for delivery to the government.

Although officials had made no final statement, a decision on nationwide gasoline rationing would hinge on the campaign, William R. Brown, chairman of the petroleum industry war council, said that whether automobiles could be kept rolling depends entirely on the total tonnage of rubber scrap there is in the country-wide gas rationing has been concentrated as a means of conserving tires.

Acceptable items
Boyd listed acceptable scrap rubber as follows:
Tires, crepe rubber tubes, tennis shoes, rubber sheeting, rubber boots, plumpers, rubber cups, boots, and machine, rubber belting, pads and mats, rubber gloves, rubber sections, hard rubber tires, hot water bottles, rubber gloves, rain coats, jar rings, rubber combs, and tires, "and hundreds of other articles made of rubber."

FLASHES OF LIFE

By Associated Press

COSTLY SLEEP
ALBUQUERQUE, N. M., June 15 (AP)—A fire broke out in the night and found another man in bed with him.

It was a member of his own work crew, Melcher, grudgingly made room for him, and went back to sleep.

The morning found the water and Melcher's billfold containing \$100.

BURGLAR
SPOKANE, June 15—The burglar was disfigured when he found only 15 cents in a piggy bank after breaking into the John Johnson apartment.

So he smashed two dozen eggs on the walls and ceiling.

OLD FALS
LOS ANGELES, June 15—Arthur W. Anderson, South Pasadena, and William M. A. Brandt, North Hollywood, were arrested today when they boarded a troop train in 1941.

They became corporals, then sergeants and finally second lieutenants at the same time, and served on the same transport for France.

Yesterday, after a lapse of 23 years, they were again in the uniform of a U. S. Army captain.

DOUBLE PROMOT
HELENA, Mont., June 15—Three-year-old Patsy McGill knows our side is going to win the war.

Well, she points to a bismark in the uniform of a V on her arm, and tells "daddy is a sergeant in the army."

War Causes Shift of U. S. Residents

NEW YORK, June 15 (AP)—The war effort has brought the greatest shifting of population in the country's history, said today's issue of "The Index," published by the New York Times company.

Early in 1941, before the United States entered the war, the number of such migrants was estimated at upwards of 2,000,000 and the number has been increased vastly since then, said the publication.

While every major geographical area has experienced this war migration, the interstate and national side flow of population has been largely into New England, the middle west, and the Great Lakes industrial belt.

The main British attack is from south of the Acroma front, designed to catch the axis mechanized units on the rear.

"Today's German communique claimed that the British had been pushed further back on the Lajayah front, and said 32 British tanks were destroyed."

"The battle has become fluid, with the Germans attacking northward from the Capuzzo road and mobile forces in turn attacking the rear from the south," the communique said.

Allied Intelligence Outsmarted Japs in Coral, Midway Battles

By FRANCIS L. MCCARTHY
WASHINGTON, June 15 (AP)—Allied military intelligence outsmarted the Japanese and prepared the way for the allied triumph in the Coral sea and Midway in the victory of Midway Island, it was revealed today.

The new account in detail at Washington and Pearl Harbor of the Coral sea and Midway operations, authorities here permitted the disclosure that due to effective intelligence work the allies knew two weeks in advance that Japanese concentrations were being effected off northeastern Australia.

The new account said that the allied naval, aerial and land forces were fully prepared and that in the Coral sea battle, like that at Midway, they caught the enemy in a trap.

It was emphasized that the allied naval forces were infinitely lighter in power to those of the enemy.

But advance knowledge of Japanese plans and dispositions, due to effective intelligence and reconnaissance, permitted the allied forces to strike swiftly and unexpectedly.

Informants said it was impossible to give too much praise to the advanced planes from Australian advanced bases which effected the necessary reconnaissance patrols and attacks and kept the enemy busy a week while the naval forces were assembling to take the brunt of the attack.

Devising also a hook in the American half of fame, naval quarters said, was the old aircraft carrier Lexington, which was damaged by internal explosions following the Coral sea action that it sank.

It was the Lexington, called here the lightning ship in the navy, which on Feb. 20 played a gallant role in an air-sea battle in which a sinking force of 18 heavy bombers was wiped out.

It was the Lexington's O'Hare took off in a Grumman fighter to lead a team of enemy planes.

Then on March 10 the Lexington as part of a task force hit Japanese concentrations and port installations at Lae and Salamaua on the north New Guinea coast. That attack put back for nearly two months Japanese plans at an offensive in the Australian zone.

YOUNGSTER

FILLADELPHIA, June 15 (AP)—"Why I'm only a Petro Franck!" 11 children who urged him to be a younger man take care of his four-year-old son.

Yesterday the roof leaked and Franck built through a trap door to investigate.

He slipped and fell four floors to his death.

THIRD OF GREAT PACIFIC BATTLE BREWS IN NORTH

By FRANK TREMAINE
PEARL HARBOR, June 15 (AP)—The third great naval battle of the Pacific war is brewing in the foggy reaches of the north Pacific where United States forces are striking at Japanese who have holed on the remote Atsu and Kiaka islands, well informed quarters understood today.

There was no indication yet whether the Japanese had attempted to press further eastward but it was believed certain that United States planes were striking at the Aleutian zone, and that at least one aircraft carrier was included, with a cruiser-destroyer escort and several transports.

Considerable strength of the United States has considerable air strength based on the Alaskan area.

It was believed that if the Japanese provoked a new engagement in the central or southern Pacific, the United States would be likely to make a simultaneous thrust in the central or southern Pacific, the Aleutian zone, and that at least one aircraft carrier was included, with a cruiser-destroyer escort and several transports.

It was known publicly here that the United States has considerable air strength based on the Alaskan area.

Start of Rubber Drive Successful

It's rubber the armed forces need it—and so today residents of the Magic Valley began a trek to the nearest service station where they deposited the discarded rubber and received one cent a pound for it.

From the start made today it is apparent that residents will do "all out" for President Roosevelt's request that rubber of any type—not now in use—be turned in for conversion to war use.

Well informed quarters believed it unlikely that the situation would be any different than that which occurred in the past. The drive did not press eastward, the United States would push westward in preparation for the first real blow against Japan itself.

ALLIED CRUISERS SUNK, SAYS ITALY

ROME (From Italian Broadcasts), June 15 (AP)—The Italian high command in a special announcement today said that six allied cruisers, a destroyer and four other vessels were sunk and an aircraft carrier and a submarine were damaged in an attack on a convoy in the Mediterranean.

"One Italian plane was acknowledged as missing after the engagement, mentioned earlier in the Italian broadcast."

The battle took place between Sardinia and Sicily.

"The battle place was between the flanks by numerous units of the Italian fleet," the broadcast said, "which was sighted by our reconnaissance in the early hours of June 15. The Italian fleet was engaged the day, was violently attacked yesterday by Italian air formations in the afternoon and during the night."

"Numerous formations of torpedo-carrying aircraft, bombers and fighters were contacted. One aircraft carrier, two cruisers, one destroyer and four other vessels were sunk."

"The sinking of the aircraft carrier, two cruisers, one destroyer and four other vessels were reported by the Italian broadcast."

"In the ensuing air combat 15 enemy planes were shot down in flames."

"Twenty-one Italian planes did not return to base."

"Two air force commanders and two squadron commanders are missing from the crew of the lost planes."

"Three of our planes succeeded in landing on national territory."

"The Italian broadcast said that in the early hours of this morning against the remaining units."

TANK AIR FIGHT RAGES IN LIBYA

CAIRO, June 15 (AP)—A great tank and air battle raged south of Tobruk, with both sides attacking and counter-attacking in the El Omba and Acroma areas, a check by the British is undecided, a general headquarters communique said today.

Gen. Erwin Rommel is aimed at trapping allied forces in the El Omba area, the communique said. The main British attack is from south of the Acroma front, designed to catch the axis mechanized units on the rear.

"Today's German communique claimed that the British had been pushed further back on the Lajayah front, and said 32 British tanks were destroyed."

"The battle has become fluid, with the Germans attacking northward from the Capuzzo road and mobile forces in turn attacking the rear from the south," the communique said.

German Nationals Sail for Homeland

NEW YORK, June 15 (AP)—The 9,000-ton Portuguese liner Nyassa returned today to New York from Lisbon with 180 German nationals among its nearly 300 passengers.

The ship was chartered by the government and did not include the Germans in its official exchange program, government officials explained.

The ship sailed Saturday night, the sailing was permitted because there were no German planes in the air over the release of Americans was not necessary.

99 Killed in Air Raid on Toronto

ROME, June 15 (AP)—A high command communique today said that 99 persons were killed in the recent British raid on Toronto. It said that 100 persons were killed in the total raid.

The debris had been cleared from the city and it was reported that it had taken five days to clear the debris after a British plane attack on the city had been reported in the southeastern tip of the peninsula. Italy reported the raid in its communique of last Wednesday.

25 Executed and Hundreds Died in Big German City

LONDON, June 15 (AP)—Hamburg, Germany's greatest port, where the disintegration of the German home front began in the last year of the World war, has been the scene of bloody food rioting, apparently authentic reports reaching Stockholm and other neutral cities said today.

The reports said that 25 Germans had been executed and hundreds had been arrested as the gestapo moved in to stamp out unrest. At least 100 German policemen were killed and several were wounded by rioting civilians armed with revolvers, the report said.

Hamburg has been long known as the major German city with little sympathy for the Nazi cause. In Hamburg, the father of the baker's strike mulcted against the officers in 1918, which started the events that led to the collapse of the German home front.

It is the chief German port, the one which has suffered most from the cessation of world trade that came with the war, and which has been most severely by the royal air force.

1918 Battle
Just before and after the 1918 armistice, communists engaged in bloody street fighting there a week made an attempt to set up a soviet government. It was immediately following the World war, a Dutch merchantman, a communist activist.

The strongest opposition to the Nazis occurred in Hamburg in the days when Hitler was attempting to build his way to power with the backing of some German industrialists and other powerful organizations, many of them led by communists, engaged in frequent street fights that sometimes assumed the proportions of pitched battles.

This hostility toward the Nazis never wholly wiped out the tradition of the gestapo. The concentration camp methods after the Nazis came into power, and since Hitler's death, the Gestapo and the police were the most fertile ground in Germany for war weariness and dissatisfaction.

"Trouble started when stevedores, loading coffee from 'pre-war stockpiles' in the harbor, were ordered by the Russian front, three sons of it over an iron barrier into the street."

Pascherby fought for 'the precious beans,' according to this report.

NAZI SUBS SINK 13 ALLIED SHIPS

By The Associated Press
With the Germans threatening a widespread campaign against all shipping in the Atlantic north of the West Indies, the total of ships sunk by enemy submarines in the western Atlantic now stands at 265.

Additional sinkings of 13 merchant ships last week and one yesterday were officially announced. More than 304 crew members and passengers of the ships were rescued, while 18 lives were lost and 65 persons were missing.

The German submarine fleet, one British, one Norwegian, one Brazilian, one Swedish and one unidentified were credited with the sinkings. The ship reported sunk yesterday was a small Dutch merchantman.

The tabulation:

Off the U. S.	128
Off Canada	0
In the Gulf of Mexico	2
Off South America	13
Off West Indies	2

The German announcement of an intensified U-boat campaign north of the West Indies said that every ship which enters this zone after June 26, 1942, will expose itself to attack.

Germany claimed its submarines sank last week 10 allied merchant ships. The German broadcast said the United States and Panama canal zones and in the Mediterranean.

Enemy bombing squadrons unleashed heavy attacks on Shanghai, in the Chinese province of Chekiang. A checkered battle was reported 100 miles south of Yangtze against strong resistance, a Chinese communique said.

Enemy bombing squadrons unleashed heavy attacks on Shanghai, in the Chinese province of Chekiang. A checkered battle was reported 100 miles south of Yangtze against strong resistance, a Chinese communique said.

Mussolini Puts Civil Servants Under Control

LONDON, June 15 (AP)—A new weakness in Italy's internal structure appeared today with authentic news that Benito Mussolini had been compelled to place the entire Italian civil service under military control.

Mussolini, according to a German Transoceanic Rome dispatch broadcast by the German radio, signed the order yesterday mobilizing all civil servants into the army. They will be regarded as mobilized in the service is highly organized and civil servants execute a great deal of crucial power.

Fighting was also resumed on the outskirts of Kwangtung which the Japanese had captured in the north of Kwangtung. The fighting continued in this sector south of Kwangtung and southwest of Yushan, the eastern Chinese province of Chekiang. Yushan was occupied by the Japanese on Friday.

FARM WORKERS TO GET SUPPORT

WASHINGTON, June 15 (AP)—The senate civil liberties committee, in a report on the California agricultural situation, recommended today that "industrialized" farm workers be placed under the protection of wage-hour and collective bargaining legislation.

The 252-page report, titled in a series of 10 chapters, was prepared in California, was signed by La Follette and Sen. Robert D. Thomas, D., Utah. Sen. David L. Walsh, D., California, the other member of the committee, was unable to attend the sessions.

The history of California reveals an enduring vigilance and unending attempt on the part of organized employers to keep open the channels of foreign and domestic immigration into the state.

14,140 Idahoans Claim German as 'Mother Tongue'

WASHINGTON, June 15 (AP)—There are approximately 7,720 persons in Utah and 14,140 in Idaho for whom German is their mother tongue, the U. S. bureau of the census reported today.

Grocers to Hear Talk on 'Ceiling'

BOISE, June 15 (AP)—At their annual convention, the Idaho grocers Monday and Tuesday Idaho food dealers will get information on price ceilings, food regulations, shortages and rationing, Past President Walter E. Henke of Boise said today.

Germans Demand Heydrich Slayer

LONDON, June 15 (AP)—A Reuters dispatch from Stockholm today said it was reported there that the Germans had given Czechs in Bohemia and Moravia an ultimatum, expiring Thursday to deliver up the slayer of Reinhard Heydrich, the Gestapo official, or face consequences.

NEWSPAPER FREE OF INCH CHARGE

WASHINGTON, June 15 (AP)—A trial examiner's report to the labor board considered today that a newspaper did not engage in unfair labor practices by calling unions a racket and condemning the principles of collective bargaining.

The trial examiner's report was made in a case involving the Register Publishing Company, Santa Ana, Calif., and the union of the AFL International Typographical Union. The examiner, however, recommended that the board find the newspaper guilty of unfair labor practices by refusing to bargain collectively in good faith and by discriminating against striking employees.

Criticism of union, union members and collective bargaining was expressed by the president of the publishing company in columns published in the Register.

SERIAL STORY

SPORTING BLOOD

BY HARRY HARRISON KROLL

THIS STORY: Stabbed Ballard... Hunter Dent... Ballard... Hunter...

and valleys and river when he was brought with the morning chorus...

time of going to press. The job had all the earmarks of an inside story...

HUNTER DENT dazedly counted the sum of money again, and replaced the large denominations in the leather bag...

TRUE, all this was poor excuse for his contrary venoms. "What are you doing here? Clear out..."

"What's that you've got?" "The morning paper. It comes by the cream truck..."

First, however, he must safeguard the money. He put it in the new steel safe...

"That's interesting," Hunter grunted. "Yes, it is. A bank messenger was shot last night and seventeen thousand..."

Hunter grabbed the paper, read furiously, hitting the light spots. The latest bank message was near death. Unconscious, and the police had been unable to question him...

He made a round of the house. Odd about the party's breaking up. Usually these things lasted all night...

"Funny," Hunter commented in his mind. The thought that struck Hunter made his pulse bound...

Maybe it was a little shabby, but when you have just yielded up the fruits of some years of your life because of an underhander, and you manage in turn to grab yourself an underhander even stronger...

HE did not sleep very well. He waked before sunrise, according to his habit. He went down to the barns. There he set the colored boys to feeding the horses...

"I'm so glad John finally found someone he can really enjoy lumbering with!"

RUSSIAN FLEET BATTERS GERMAN BATTLE AT SEVASTOPOL

REDS SLASH AT ENEMY POSITION

In the Swing for Victory

By HENRY SHAPIRO
United Press Staff Correspondent
Moscow, June 15 (AP)—The Russian Black Sea fleet has begun operations against Axis forces at Sevastopol, against Axis assault troops at Sevastopol as fighting raged with new vigor from the front lines from Kharkov to Leningrad.

Girls almost lift themselves off floor with their effort as they labor in plant repair shop at Langley Field.

Dispatches from the front line report the Russian fleet is fighting against the Germans on the Kharkov front, but said that fighting near Sevastopol had continued in fury after the big guns of the Black Sea fleet began blasting enemy land positions.

Dispatches from Stockholm said the Russians had landed reinforcements by sea at Sevastopol three days ago. A German communiqué claimed that a deep breach had been driven into Soviet positions. Dispatches also said the Germans claimed to have crossed the Donets river at several points on the Kharkov front. Stockholm also reported that German and Italian forces, using air fleets and supported by large air fleets, had started an assault on the Russians at Leningrad.

German Move Heavies
The entry of the Russian warships into the Sevastopol battle, according to reports to the newspaper Pravda that the Germans had shifted reserves from other fronts to the Crimean battlefield.

The enemy continues to storm the Sevastopol front with increasing fury," said a dispatch to Pravda, "but the Black sea fleet on Sunday night supported our troops on the front and with the aid of our land batteries blasted enemy positions."

"Especially fierce fighting went on all night at two key points.

Stormovik planes destroyed 12 enemy tanks, wrecked six anti-aircraft batteries and downed 10 enemy planes.

Positions Not Clear
"The exact positions of the opposing forces at Sevastopol were not made clear on the 14th day of the battle, but one dispatch said that 'Soviet warriors are heroically defending every inch of land and every sacrifice is made as an example for the entire Red army.'"

Grange Gleanings

By A. HARVESTER

FAIRVIEW
And we have that irrepressible little kid (we have four of them). They met June 5 with 51 members present besides the above. Charles Burbank and wife were elected to become members of the Grange. Mr. and Mrs. Sanners were present and were present for reinstatement and the names of Mr. and Mrs. Malloy were presented for membership by initiation. Brother Baxter reported for the bean committee that the hearing on the bean committee was not present, but if they can't get it, they can do it by beans.

The building committee asked for volunteer help on the Orange hall for the following Sunday they got enough to finish the basement floor and the department is doing fine with the chimney. He says if we don't have too early a fall he will make a good job of it.

Also got the framework up for the auto room, though it looks like a big room for the future.

Then we had a lot of communitarian including a great book from the department of Agriculture. Here is one thing they could plow great and few people would mind. Master Harding suggested that might use it for the lecture hour, but I think that would make too long a program.

We voted to give \$5 to the USO and \$10 to the USO for the part in making a canvass of the Fairview district for the USO. She's a farmer's wife so we worked through the USO. We voted to have a picnic at the Grange building, which was a success. The folks had their picnic somewhere else.

In spite of the fact that a large amount of bonds are sold through the Union Pacific county sales office, the Grange has decided to continue to figure out on Boltz. J. A. Barstow, local chairman, stated the quota has been set at \$2,800.

According to the Dole report, the Grange has sold \$1,800 worth of bonds amounting to \$4,874, and the First Security bank there accounted for \$1,000. The Dole report also reports sales amounting to \$228,000. Sales at the Glenns Ferry bank sold \$3,811 worth.

ELMORE EXCEEDS WAR BOND QUOTA

GLENN'S FERRY, June 15—Elmore county exceeded its quota of war bonds sales by several thousand dollars. The amount available because approximately 90 percent of the railroad employees are purchasing bonds through the payroll plan and deductions are made at headquarters.

Kimberly High to Offer Pre-Flying Course Next Fall

KIMBERLY, June 15—Kimberly high school will offer a pre-aviation course in aerodynamics this fall. Ralph G. Anderson, teacher of higher mathematics and physics, will be the instructor.

The Kimberly school board at a meeting Tuesday evening voted a \$100 bonus as an inducement for Anderson to attend the University of Wyoming this summer, where he will receive excellent teacher-training program is offered for pre-aviation courses in high school instruction.

He will also teach advanced algebra, physics, solid geometry and trigonometry at the Kimberly high school.

He is a former engineering student from the Utah State Agricultural college and has taught the past year at Johns county high school at Fairfield.

John Garby, Kim-Huaka instructor at Kimberly and McLaughlin during the past year, has been appointed to teaching position to accept Alliance, Neb., and will assume duties June 20.

Scrap Metal Funds Help Buy New Pews

HAVERMAN, June 15—Women's department of the Reorganized 1st church met with Mrs. Mary O. Dore, Mrs. John Hoover, chairman of the church, and Mrs. J. W. Hoover, treasurer. This amount will be turned over to the church for the purchase of new pews. Mrs. Dore reported that this makes \$100 in the fund.

Pews were made for an ice cream social to be held the first of July.

STRENGTH FLOWING IN IDAHO FAIRVIEW

WASHINGTON, June 15 (AP)—The strength flowing in Idaho Fairview binds its own findings with that of a Canadian agency, states that the lack of agreement about water stream flow throughout much of Canada and western United States is a serious problem.

Generally the combined report, in which the dominant water and power boards of the Canadian department of mines and resources was the other collaborator, showed in its summary of stream flow conditions for May that drought conditions in eastern and southern United States has been partly alleviated.

It also showed that floods, in most places record-breaking, occurred in extensive areas embracing eastern Oregon, northern Idaho, most of Montana east of the Rockies and many other areas.

The report showed that Fort Peck reservoir, Montana, on May 21 had 242 percent of the water in storage that it had on the same date a year ago; the six upper Snake river reservoirs in Wyoming and Idaho, 113 percent; Arrowrock and Deer Flat reservoirs, Boise-Idaho, 115 percent.

In the west, the agencies said, "water is abundant and is now, although good last year, is in general somewhat better this year."

A section on the Columbia river reported for index streams draining the high mountain areas of Idaho, Montana, Wyoming, Utah and Colorado, apparently resulted, according to the report, from a returned high-altitude snow melt, associated with abnormal cold weather during May throughout most of the Intermountain West.

The report also said that floods, in most places record-breaking, occurred in extensive areas embracing eastern Oregon, northern Idaho, most of Montana east of the Rockies and many other areas.

Writers' Program On Guides Closes

With the publication some weeks ago of the volume on Oklahoma, the Writers' program of the WPA here for the month of June closed. The Guides under which it has been engaged since 1933.

The complete set of books with the exception of two volumes, has just been added to the Twin Falls public library. The set includes the Brulee estate, according to Miss Jeanie Frantz.

Mrs. Frantz and North Dakota state guides are missing from the set at present, and they will be available as soon as they are located. Alaska and Puerto Rico Guides are also included.

Gooding Lad Aboard Ship Reported 'Well'

GOODING, June 15—Mr. and Mrs. C. A. Reddy, Gooding, received a telegram Friday from her son, John Reddy, who is on a ship on detachment. The detainee of the cable was concerned, but the message said he was "well" and was on one-half month.

Miss Jensen Dies In Boise Hospital

SHOENHEIMER, June 15—Catherine Jensen, 32, died at 6 a. m. Saturday in a Boise hospital where she had been seriously ill for the past two months. Death was attributed to a heart ailment.

Mrs. Jensen was born in Idaho. Her husband, Mr. and Mrs. W. C. Jensen, and a sister, Mrs. Pearl Owen, all of Shoshone, were in Boise Monday. Mrs. Jensen was accompanied by company the body here where it will be received by the Burdett funeral home.

Funeral services are pending. Miss Jensen was born in Shoshone Oct. 15, 1909.

Other survivors include Mrs. Jessie Bowman, Salmon, a sister, and two brothers, Gus Jensen, Boise, and James Jensen, San Francisco.

Cooperation Topic Of Rotary Address

RUPERT, June 15—Rev. Eugene Stump was guest speaker at Rotary club luncheon at Snyder's club cafe, speaking on "Business Relations." He stressed the value of working together in all organizations.

Stump also spoke on "The Value of Work." "My Task" and "The Value of Work." N. K. Jensen presenting the program.

Entomologist Will Address Grangers

RUPERT, June 15—Mrs. W. Z. Jackson, lecturer of Rupert, Grange, announced that Dr. W. B. Entomologist, University of Idaho, will speak at the next meeting of the Grange on June 22. The topic will be "Control of Garden Insects."

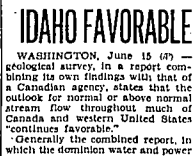

Dr. Entomologist is a well-known authority on insects and has been in the service of the U. S. Department of Agriculture for many years.

HOLD EVERYTHING

"I can't do a thing with him—he says it's passive resistance!"

VIEW CONVENTION PLANS ARRANGED

Registration at 1 p. m. Saturday, June 20, at the Rogerson hotel lobby will open the 10th annual Veterans 24th annual annual VFW auxiliary state encampments here. Both meetings will be two-day sessions, getting under way Sunday.

Twin Falls Post No. 2158 is host for the state convention and Art Peters is general chairman.

Gov. Clark Speaks
Gov. Clark will deliver the principal address before the VFW at 1 p. m. Sunday in the O. C. F. hall, after a welcome address by Mayor Joe Koehler. A public memorial service to honor the war members who have died since the last convention will be held at the Methodist church Sunday at 8 p. m. and at the First hotel on Monday at 7 p. m. and a dance at the Gold Pallet hall following the banquet will conclude the encampment.

Business sessions are slated for Sunday at 2:30 p. m.; Monday at 8:30 a. m. and 1 p. m. A joint luncheon of the VFW and the auxiliary will be held at Convention hall.

The auxiliary also will take part in the memorial service Sunday evening and will hold a past president's banquet at the Pocatello hotel Monday at 7 a. m. Business sessions will be held Sunday at 2:30 p. m. and Monday at 9 a. m. and 1 p. m.

District presidents of this area are Merrill C. Gooding, Veterans of Foreign Wars, and Mrs. Lillian McQuire, Rupert, VFW auxiliary.

Shoshone Youths At Boys' State

SHOSHONE, June 15—Four boys from Shoshone will represent Latah county this week at Boys' State. They will be sent by three local civic organizations, said E. N. Expelling, chairman of the Boys' state chairman for the Fourth American Legion district.

Those who have been chosen are Bill Scott, sponsored by the Legion; Tommy Drakell and Eugene Kelly, sponsored by the Rotary club; and Jack Murphy, who is being sent by the Masonic lodge.

E. J. Cluser, local postmaster, took the boys to Pocatello Sunday morning.

Jack Burkhardt Is Delegate to Meet

CAREY, June 15—Dave Davis post of the American Legion, Carey, has chosen Jack Burkhardt to represent the post at Boys' state this week in Pocatello. He is the son of Mr. and Mrs. John Burkhardt, and is a Junior in the Carey high school.

Jack is a member of the mounted patrol, an active member of the young men active in defense work, in the rural communities where telephone lines are few and it is difficult to communicate with people on surrounding hills. The mounted patrol act as a fire force to spread the alarm in any emergency.

He left Saturday for Pocatello.

Miss Jensen Dies In Boise Hospital

SHOSHONE, June 15—Catherine Jensen, 32, died at 6 a. m. Saturday in a Boise hospital where she had been seriously ill for the past two months. Death was attributed to a heart ailment.

GOODS SHORTAGE SEEN THIS YEAR

Officers of the U. S. office of emergency management estimate that consumers will begin to feel the shortage of durable goods by the middle of the summer. Carl Anderson, chairman of the Twin Falls rationing board, said yesterday, however, Anderson was unable to say whether the pinch would be felt here that soon.

A communication from the office of emergency management said that the stocks in retail stores will begin to dwindle by the middle of the summer due to a curtailment in their production because of conversion of manufacturing to war industry.

The communication also said that the supply of canned goods would be much smaller because the canners have been ordered to set aside their entire 1942 pack of salmon, sardines, herring and mackerel for the armed forces. A percentage of most fruits and vegetables canned during 1942 also has been set aside for the army and navy.

Anderson also was advised that persons moving into houses which were vacant during March, this month of the price freeze, cannot be rented for more than was charged during the two months prior to March. Also, a landlord cannot raise the rent because of ordinary improvements made in a house.
