PRICE 5 CENTS

GANDHI PROGRAM WORRIES ALLIES

By DE WITT MACKENZIE
Wide World War Analyst

Mohandas Gandhi's declaration that his nation will launch a non-violent struggle in India a movement which "will be felt by the whole world" is causing uneasiness among those who have some understanding of the labyrinthine political conditions in that great empire of 400,000,000 people.

The Mahatma, (great souled one), as he is called, is being hailed by a host of worshippers, doesn't apely what form this movement will take. The only certainty is that while the little ascetic weighs only a hundred pounds, every ounce of that is dynamic, for he wields tremendous power. Since he has never been given to exaggeration, his statement that he is going to lead "the whole world" shouldn't be taken too lightly.

May Plan Clash
Observers in New Delhi believe Gandhi may be planning a deliberate clash with the British, bringing about the full-scale and hunger strike which he has made famous. Some in America take the speculation a step further and express fear that he may be figuring on leading his people once more into his old disobedience.

That can be a terrible weapon under any circumstances. In the case of a war like this one a development might mean catastrophe, especially where the possibility of Japanese invasion of India hasn't been removed, and in any event the alliance depends heavily on Hindustani to help defeat the axis.

Civil disobedience as conducted by Gandhi means "general resistance" to all governmental authorities. In the past it has involved boycotts of British-made goods, withdrawal of Indians from government positions, and the ignoring of all government orders, including laws, courts and tax officials. Naturally such a program would be followed by the entire population, but the vast religious, political, social and racial divisions among the people always have pre-empted unity.

No Violence
Under Gandhi's plan of operation civil disobedience is calculated to be wholly non-violent. He doesn't believe in using force even to prevent the invasion of his country by the Japs. In past experiments with this idea, however, he has been unable to control the machine once he got it rolling. Non-violence has given rise to violence, and there have been wide-spread disorders and bloodshed.

Whether Gandhi could make civil disobedience universal today, and more than previously, is doubtful. But there is small question that he could give grave difficulties.

Indian nationalists have been seeking support in America for their demand that Britain withdraw from Hindustan altogether. It would seem that a pretty promising avenue has been raised for any American sympathy if the nationalists should inaugurate a program determined to the war effort.

The difference between India and the United States is a private matter when they intrude on the trend of this World war upon which the security of so many nations depends.

Helmets at Last

Air raid wardens are finally beginning to get their helmets. Wardens in New York City are expected to receive their first 28,000 to arrive in New York.

NAZIS SINK TWO SHIPS IN HARBOR

By United Press

An axis submarine sank two United States merchantmen about 100 miles off the coast of Virginia yesterday, according to reports from the Virginia seacoast resort, it was reported today.

The ships, in a small cove, were protected by an airforce patrol, airplanes and blimps. A large merchantman was sunk. One man was killed.

The crew of a medium United States merchantman sank in the Gulf of Mexico on June 12 and was not so fortunate. Fourteen men perished.

The newly announced sinkings present to the United States a series of allied western attacks since mid-January.

The Colombian war ministry announced at Bogota that two ships diving in the United States waters, besides the vessel whose survivors were landed in Colombia Monday, had been torpedoed off the coast of San Andres and Providencia. It was not determined whether the attacks had previously been reported.

DECLO

Col. and Mrs. E. L. Nye, West Point, N. Y., visited Thursday with their son, E. R. Nye, and family. Mrs. Nye is a sister of Mr. Selby. They were on route to Fort Lewis, Wash., where Col. Nye has been transferred by the U. S. army.

Mrs. Gladys Darrington returned recently from a visit at Meridian with her sister, Mrs. Marion Hake. Charles Darrington spent several days in Bluefield, visiting his sister, Mrs. Vivian Anderson.

Mrs. Terena Clark had as guests during the week her son and three wives, Mr. and Mrs. Devon Clark, Salt Lake City, and Mr. and Mrs. John Clark, Yukon, Wash.

Paul Peterson, who is in the army and was recently graduated from the "State" school at Ft. Belknap, is home on a ten day furlough to visit his parents, Mr. and Mrs. Otto Peterson and family.

VACATION BIBLE SCHOOL CLOSES

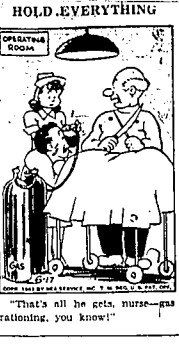

JEROME, June 17.—The community vacation church school, sponsored by the Jerome Presbyterian, Methodist and Christian churches, closed its two-week session with a program in the Presbyterian church last week.

The meeting opened with a flag procession and worship services conducted by the Junior department. A review of the work of the school followed, including songs and literary work. Certificates were awarded to about 60 pupils, of whom a majority were recognized for perfect attendance records.

A display of handwork at the close of the program included posters and work books, by the primary and beginners' departments, junior girls' needlework and crepe paper craft, and a selection of photographs by the camera class.

The work of the school was presented in 10 sections of 2 1/2 hours each. The course of instruction followed: primary course was presented by Mrs. Robert Peterson and Miss Margaret Hubert; the junior course was taught by Mrs. John McConnell and Miss Louise Smith.

In charge of the girls' handwork were Mrs. Elizabeth and Miss Lou Gies, who also served as registrars. The camera class was instructed by Rev. Charles Herola, of the Presbyterian church, who was superintendent of the school.

HOLD EVERYTHING

"That's all he gets, nurse—gas rationing, you know!"

Legion, Auxiliary Officers Elected

HAGERMAN, June 17.—The Legion and auxiliary met last week at the Legion hall for their regular meeting.

The Legion elected the following officers: Commander, Ernest Billiard; vice-commander, Charles Blackhart; and re-elected Leo Bell as adjutant.

New officers of the auxiliary are Miss Ernest Billiard, president; Mrs. Charles Blackhart, vice-president; Mrs. Earl Allen, re-elected secretary.

TOWNSEND PLAN BURIED IN HOUSE

WASHINGTON, June 17 (AP)—Advocates of Dr. Francis E. Townsend's old-age pension plan were unable today to secure signatures of sufficient members of the house to discharge the ways and means committee from consideration of their proposed pension bill.

The Townsend supporters had hoped to clinch a two-month-old consultation campaign by getting a majority of the members of the house to sign the discharge petition and thus bring it up for a house vote. They had but 168 signatures, however—44 short of the majority.

The bill, sponsored by Rep. James P. O'Connor, D. Mont., has been before the ways and means committee since Jan. 3, 1941.

The bill provides that a two per cent gross income tax be levied on all persons and companies which have a monthly income of \$250 or more. The money thus collected would be distributed among persons 60 years of age or older with the provision that no monthly payment would exceed \$200.

The discharge of the bill committee, the pension advocates must have at least 218 signatures—a majority of the house. They had 178 at the last count.

And Mrs. Dale Cady, re-elected treasurer.

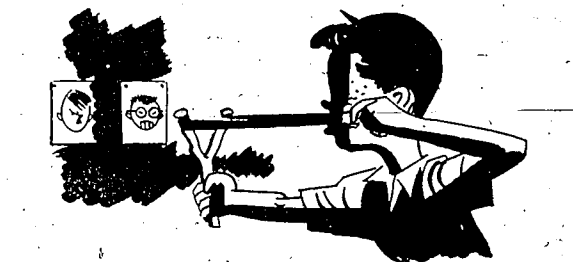

Mrs. Billiard appointed the following officers: Chaplin, Mrs. Philip Kennel; secretary, Mrs. Charles Blackhart; and organist, Mrs. Ross Finch.

THE TOWN PUMP

BY Stan

YOUR STANDARD SERVICE MAN

We Pay You For Old Rubber!

Uncle Sam needs your old rubber—and we Standard Service Men will pay you a penny a pound for it! Then the Government buys it from us for reprocessing. If you want to donate your old rubber—and many will—we will pass along the proceeds from that rubber to the USO or some other worthy cause. Bring it in—any amount of old rubber you have: garden hoses, raincoats, rubber boots, old tires, bathing caps, leaky hot water bottles, anything that's made of rubber. Of course the Government doesn't want you to give up anything you're using and would have to replace with new rubber, but many folks have lots of discarded rubber goods lying around. Here's your chance to get rid of yours and do your country a real favor at the same time. The rubber collection drive ends at midnight June 30, so bring yours in now!

OLD DOC PERKINS SEZ:

"Air is free—but you'd never know it to look at some people's tires!"

DON'T DROP THESE INCENDIARIES!

Invisible Gas Station!

Yes, I've seen it! At an Army airfield, it's a Standard Service Station. But this station's not red and blue. It's camouflaged. You can't see it from the air. Next job!

I hate to think how many terrible forest fires have been started because somebody flipped a cigarette or match from a car window—thinking it was "out." Now that almost every car has an ash tray, let's give our forests a break by using it exclusively. Any of us Standard Service Men will gladly clean it out for you.

Is there oil on your garage floor?

Have you ever noticed how clean we Standard Service Men keep the drives at our stations? That's because there's nothing that rots tires so quick as oil and grease. If your home garage has oil on the floor, give it a strong soap powder and hot water treatment. Sunlight is hard on tires, too, so park inside or in the shade wherever you can.

GREASE IS CHEAPER THAN METAL!

Do you know that the entire weight of your car rests on about 64 bearing surfaces? And remember, all that keeps them from grinding themselves to bits, is grease. That's why it's so important to get the right lubricant to the right place at the right time. That's a job in which every one of us Standard Service Men is thoroughly and systematically trained.

STANDARD TAKES BETTER CARE OF YOUR CAR!

STANDARD OIL COMPANY OF CALIFORNIA

SHIPS WILL BE BUILT OF WOOD

WASHINGTON, June 17 (AP)—In a war of metals, wood took a new and important place today for use in construction of small patrol craft to combat the submarine menace and protect vital coastal shipping.

Chairman Vinson D. Ga. of the house naval committee disclosed that a big percentage of the 1,000 small craft envisioned in the navy's \$8,500,000,000 fleet expansion program would be made of wood.

While the provision for the 1,000 small vessels came as one of the navy's answers to the submarine challenge, the greater part of the vast expansion program was devoted to the philosophy of attack.

To carry out that philosophy, Vinson declared that the navy planned to concentrate on construction of plane carriers on the ground that the Midway island and Coral sea engagements had demonstrated that they were the "backbone of the fleet."

Use of wood for patrol boats would serve the triple purpose of holding down costs, speeding construction of light, fast craft, and preserving metal for other uses.

Vinson said the navy had become so convinced of the importance of the supremacy that there had been a "deferral" of work on "four or five" battleships to make way available for carrier construction.

The new measure, which won the navy a committee approval yesterday, called for 500,000 tons of aircraft carriers, 500,000 tons of light and heavy cruisers and 80,000 tons of destroyers and destroyer escort vessels, in addition to the 1,000 small craft.

The bill probably will reach the floor for action either later this week or early next week.

SPEDDY

QUICK, MAX, June 17 (AP)—A new aircraft carrier Lexington-namessake of the one sunk in the Coral sea—appeared as if by magic today on the ways of the same yard where the last ship was built 20 years ago.

Granting a request of 23,000 workers at Bethlehem Steel Co.'s Fore River yard, Secretary of Navy Frank Knox announced last night that the carrier now building would be named Lexington instead of Cabot, as originally scheduled.

COWBOYS SPLIT DOUBLE BILL WITH CARDS; PLAY TONIGHT

Sunsieri Clouts Homer, Olsen Hurls Victory

Husky Jim Olsen, 19-year-old youngster of the Cowboy pitching staff, chucked up his fourth victory of the 1941 campaign here last night as he sent the visitors into the league-leading Pocatello Cardinals by a 6-4 score in the first game of a double-header.

But two Twin Falls pitchers couldn't stem the slugging Cardinals in the second game as the visitors got an even split by taking a 12-6 encounter in the seven-inning night-cup.

The first conflict saw the two clubs bang out a total of 20 hits including a pair of homers. But Olsen bowled in the second game and the first he pitched and the Nick Cullop never got more than one safe blow per inning after the sixth.

Cowboys Get Jump
Twin Falls got two runs in the top of the first when Jimmy Dye and Jack Hatched left off with infield singles. Sunieri fouled off, but Dye cleared a home run into the grandstand, ended. Then Lane Shanks singled and Jack Lohrke and Herwig Buzan walked in succession to tie the score.

Batsmen Get Underway
Twin Falls got two runs in the top of the first when Jimmy Dye and Jack Hatched left off with infield singles. Sunieri fouled off, but Dye cleared a home run into the grandstand, ended. Then Lane Shanks singled and Jack Lohrke and Herwig Buzan walked in succession to tie the score.

Boose, Held to 5 Hits, Beaten By Idaho Falls

IDAHO FALLS, June 17 (AP)—The Idaho Falls Rustets beat the Salt Lake Reds, 5 to 2, last night in the first contest of a three-game Pioneer league series.

The home club banged out nine hits off the outing of Charlie George Petersen, whose spasmoidic wildness also favored the winners. The Rustets took two runs in the second, two in the fifth and one in the sixth, while the Reds' only run came in the seventh. The two winners allowed but five hits.

New Receiver Ogden Sweeps Double Bill With Pilots

BOISE, June 17 (AP)—The Ogden Reds took both days of a double-header from the Boise Pilots last night, 5 to 4 and 10 to 4.

In the opener the Reds pounded out three runs in the first inning, and then Andy Buncher added two more in the ninth. Bolcsos scored twice in the fifth inning. John Maginias and Joe Deszek started things off with a single apiece, and then Andy Buncher filled the sacks on a walk. Then Bill Danels got a safety and Maginias and Deszek scored. Buncher going to second on the throw-in, Buncher scored from third on a passed ball. The final score was 10 to 4. The second game was a slugfest, and Ogden beat the Pilots 5 to 4.

THE FIFTH INNING
Ogden 4, Boise 3

Yankees Divide Twin Bill With Detroit Tigers

DETROIT, June 17 (AP)—Fireman Ed Egan hit a home run which led his crew-bill against the pitching mound at Briggs stadium last night as the Yankees and Detroit Tigers split a double-header.

The Tigers took the opener, 7 to 6, on Jimmy Woodworth's eighth hour of the first game, with a home run, in the sixth inning, as old Lefty Roy Henshaw turned in a great three-hit, four-inning relief. The Yankees took the second, 6 to 5, on a home run by Charley Keller's seventh homer of the year in the seventh, after a couple of earlier hits by the Yankees and Hank Borowy went in front. But the Tigers landed another home run in the eighth and Henshaw was rushed to the rescue. After the Tigers had the bases loaded on the eighth, Egan gave the Yankees a 6 to 5 decision, and he followed with a season record of five victories and no defeats.

In each game, the losers outdid the winners. Joe Gordon knocked in three runs for the Yankees in the first game. Egan pitched on a double play to put out the first, and gave the Yankees a 6 to 5 decision, and he followed with a season record of five victories and no defeats.

Boose, Held to 5 Hits, Beaten By Idaho Falls

IDAHO FALLS, June 17 (AP)—The Idaho Falls Rustets beat the Salt Lake Reds, 5 to 2, last night in the first contest of a three-game Pioneer league series.

The home club banged out nine hits off the outing of Charlie George Petersen, whose spasmoidic wildness also favored the winners. The Rustets took two runs in the second, two in the fifth and one in the sixth, while the Reds' only run came in the seventh. The two winners allowed but five hits.

BOISE, June 17 (AP)—The Ogden Reds took both days of a double-header from the Boise Pilots last night, 5 to 4 and 10 to 4.

In the opener the Reds pounded out three runs in the first inning, and then Andy Buncher added two more in the ninth. Bolcsos scored twice in the fifth inning. John Maginias and Joe Deszek started things off with a single apiece, and then Andy Buncher filled the sacks on a walk. Then Bill Danels got a safety and Maginias and Deszek scored. Buncher going to second on the throw-in, Buncher scored from third on a passed ball. The final score was 10 to 4. The second game was a slugfest, and Ogden beat the Pilots 5 to 4.

Slaughter's Home Run Wins for St. Louis Cards

NEW YORK, June 17 (AP)—The St. Louis Cardinals sliced a half-game off the Brooklyn Dodgers' National League lead yesterday as they opened their season invasion with a 4 to 3 ten-inning victory over the New York Giants.

Enos Slaughter's fifth homer of the year off Carl Hubbell in the extra frame, gave the Cards their margin of victory and boosted them into the lead in the race for the Hoove Field opened on the morning for the Cards, but after serving up the second run to Hank Leary in the fourth and another to Johnny Mize in the sixth, he was given a one-way shot to the showers and John Benzley took over. The rookie from Nashville blanked the Giant in the top half of the ninth for his first big-league triumph.

The Cards opened the scoring in the second when George Kurupski's bunt single and Marty Marion's two-bagger, the Giants knotted it right off on their half on a hit by a pair of singles. Slaughter's triple and a long fly gave the Cards a run in the rest of the way for his first big-league triumph.

Big Ten Track Team Upsets Pacific Coast

EVANSTON, Ill., June 17 (AP)—Big Ten athletes upset their Pacific Coast foes last night to break for the first time the track mastery the westerners have enjoyed in the six years the two conferences have been meeting.

It was the first time the National Intercollegiate meet at Lincoln, Neb., has been the coast boys could do as well as the Big Ten. The Big Ten teamers were 60 to 5 to 67 to 1 in favor of the Big Ten, which never before had come within 24 points of winning. The Big Ten took all three places in the discus throw while the coast stars doubled the amount.

There were two double winners. California's Hal Davis won the 100 yard dash in 9.5 and the 200 in 20.4. Both new meet records, and Ohio State's Bob Wright took both hurdles. He set a record of 14 seconds for the 120 yard high jump.

Red Sox Trounce Browns, 4-2, for 9th Win in Row

ST. LOUIS, June 17 (AP)—Stretching their winning string to nine straight, the Boston Red Sox last night downed the faltering St. Louis Cardinals, 4 to 2, in their seventh consecutive defeat.

The Red Sox opened the scoring in the first inning when Ted Stripling hit a home run. After two more were downed, the Wranglers were in a hitting mood themselves for at least one inning—and they came through with four runs in the top of the second. Earl Averil, who had scored five runs during the game—was the hero. He hit a home run, a double and a triple in the fourth and fifth.

The second encounter was anything but a pitchers' battle. The Cardinals' ace, Kirby Greenard, offered for four runs in the first inning when Elicker and Jorita hit. Then Greenard was hit and then Elicker hit a homer—all after two more were downed.

Braves Fight Back To Cincy, 5 to 0

BOSTON, June 17 (AP)—Although given seven hits and as many bases on balls as they could by Van Der Meer's wildness, the Luckless Boston Braves suffered in the second game of a double-header as they opened a three-game series with the Cincinnati Reds.

The Braves managed to fill the bases but each time Van Der Meer regained control and held the Braves out of scoring in the first five innings. The Reds, who were held to seven hits by Al Jagers and Van Der Meer, won the game 5 to 0.

SERIAL STORY SPORTING BLOOD BY HARRY HARRISON KROLL

THE STORY: When Jim was a DEAT, Strickland Ballard's farm was a place of peace and beauty...

CHAPTER IV HUNTER DENT could hear the butler telephoning in an agitated voice. Hunter listened again to Junior Ballard's life there yet.

Hunter was dazed. "Death" he repeated dully. "Did—was he unconscious—"

HUNTER opened the door. Red went quickly in. Hunter watched her closely. She stepped across the room, stopped with a small gasp.

It seemed hardly more than a few moments before Strickland Ballard returned. He was early in the morning yet that the man had not had time to shave.

WASH TUBBS Red entered FIPINOSI's door. They NEVER BATHED IN TUBS. THEY ARE CONQUERED!

ALLEY OOP WELL, WELL, WHEE! THAT IT'D BE RIGHT, BUT... I CAN'T SAY HOW IT WILL TURN OUT.

DIXIE DUGAN ALL OUT FOR THE HOME! THE GRATE AND LIFT ARE ELECTRICALLY CONTROLLED.

we'd save time! "A good idea. Let's do that." As Hunter went out to get the truck...

Afterward he went to the office. He sat down and tried to think. The messenger was dead.

He sat down and tried to think. The messenger was dead. No tales there. Junior Ballard probably would die.

He sat down and tried to think. The messenger was dead. No tales there. Junior Ballard probably would die.

Boys and girls haven't changed much in 30 years, have they?

BRITISH REPEL GERMAN ATTACKS IN LIBYAN BATTLE

LINES GUARDING TOBRUK HOLDING

United Press Staff Correspondent
Cairo, June 17—British forces now defending the approaches to Tobruk and the Egyptian frontier, have halted long strong attacks on the key Imperial positions at Sidi Rezegh and Acroma, and have repulsed German assaults today.

A communique said the British semi-circular defense line guarding the Tobruk perimeter still was intact after day-long attacks on the Acroma outposts. It nullified southern attacks on the perimeter which were repulsed.

By breaking up an axis move in the Sidi Rezegh area, 20 miles southeast of Tobruk, the British at least temporarily blocked Col. Gen. Erwin Rommel's attempt to outflank the new Imperial line and invest Tobruk from the rear.

Axis Force Massed
 The communique said a third axis force, composed of 20 British tanks, 100 tanks at El Adem, 18 miles directly south of Tobruk, failed to attack.

In the area around Sidi Rezegh probably will be at once a grand scale tank battle that may determine control of eastern Libya and Tobruk itself. The latest British success there was regarded as encouraging.

Should the crack British resistance in the El Duda-Sidi Rezegh sector, Rommel would gain a valuable foothold for a possible quick thrust at Tobruk from the southeast.

Failure of the axis to attack positions at El Adem was believed to indicate that Rommel may be awaiting reinforcements. The British have massed large armored units at El Adem, which controls an important pass down an escarpment to Tobruk.

Time Is Short

WASHINGTON, June 17—One of the army nurses who escaped from Britain to Corregidor and later to Australia today called the British nurse's opinion of war—"It's hell."

She is Lieke Mary Lohr, now recuperating at Walter Reed hospital in the effects of illness which at one time brought her out of camp of the British on Corregidor.

"I saw a young soldier who hadn't had anything to eat in eight days except three slices of pineapple juice," she said. "He came into the hospital suffering from malnutrition, and was almost starved. The next day when I saw him his leg had been shot off by the Japs."

She said there were no food supplies in the southern islands, but there were no ships to carry them to Britain or Corregidor.

"At first we had 10 grams of quinine a day," she said. "As the supply ran low, only the patients who needed it got it. Finally no one had it. Eighty per cent of my blood malaria, dysentery or diarrhea, my temperature was 102. But we all worked on."

Lohr said she and the other nurses resorted to improvisation in darkness on April 8, and left for Australia April 15. Many of the people still on the island, she said, and a group of civilians was captured in a school building.

"WAR IS HELL," NURSE CONFIRMS

WASHINGTON, June 17—If you have no scrap rubber at home, look along the highway.

That was the advice today of George W. Austin of Flint, who did.

While his wife drove the family automobile slowly along a measured mile, Austin searched for the right of way and uncovered 21 pounds of rubber.

"And there was all kinds of other scrap in the same mile," Austin said.

PLENTIFUL CAUSE SET FOR CRASH OF PLANE

POCATTELLO, June 17—Idaho Aeronautics Inspector A. A. Bennett concluded today that two Pocatello men were flying too close to earth in a search for scrap metal for defense when a strong wind kept the craft swirling Sunday; killing both occupants.

The victims were J. Kelley Kincaid, 21, Pocatello and Ed Lake, City restaurant operator and commander of the Pocatello civil air patrol, and Russell Gummerall, 27-year-old gasoline station operator.

CAA inspectors, headed by A. H. Witter of Boise, investigated, then left for Boise without making a statement.

Bennett said the plane apparently was flying low as it headed up Roberts' Road canyon near McCannan. He said Kincaid probably attempted to climb too fast to clear the ridge and the plane plunged into the canyon wall as a high wind struck it near the summit.

There are 9,000 feet in the face of a June bus, with some insects have as high as 25,000.

L. D. S. Officers Have Declo Meet

DEOLO, June 17—Declo ward primary officers and teachers held a convention as outlined by the general primary workers in Salt Lake City. Program included:

- Devotion music, Felix Fisher; invocation, Nellie Kidd; son, congregation; roll call and reading of the report of the general secretary, Arlene Hurst.
- Greetings from the general board advisers, Elder Charles A. Callis and Elder Sylvester I. Cannon, was read by Bishop Whitfield Hurst, song, congregation; message from the general primary presidency was read by ward president, Norma Curtis.

The primary program for 1942 and 1943 was discussed by Josephine Anderson. A reading, written by President David M. McKay, was given by Bishop Hurst.

Primary music was discussed by Charles Laelle Derivation, and teacher training work was given by Eva Brower. Departmental messages were discussed by Bertrice Price, and a talk was given by stake board member Alice Hilgry. Benediction by Fanny Tanner closed the meeting.

More than 10,000,000,000 containers were used by the United States canning industry in 1939.

Wife Afraid Of Burglar; Hubby Riled

OAKLAND, Calif., June 17—Fannett Rogers, lucky young shipyard worker, said tonight that there was a "barefoot burglar" loose in Oakland and she was afraid to be alone, he testified in court where her husband, Damon, 25, an airplane teacher, seeks a divorce.

Rogers said she took advantage of the situation.

"And then you and Damon went out to the bowling alley when he came home and left Virginia alone for the night," she testified.

Asked Frank Creedy, Beard's attorney, Rogers was silent. Earlier he testified that he had refused to participate in a scheme proposed by Beard to prove that Virginia was unfaithful and said that the only time he ever had visited her alone was when she asked him to do so. She became so afraid of Beard.

Creedy is one of nearly a dozen men who Beard testified knew Virginia almost as well as he did. All were summoned to tell their side of the story later in the week. Beard has labeled his divorce suit "a campaign against war."

OREGONIAN BACKS BONNEVILLE DAM

WASHINGTON, June 17—A former Oregon governor asserted before a joint congressional committee today that the development of Columbia river power resources would be of more ultimate benefit to Oregon than the proposed Bonneville Dam on the Snake river, he said.

Walter M. Pierce, D. Ore., testified before a combined meeting of the House rivers and harbors committee and a Senate commerce subcommittee that further developing natural facilities of the northwest—as proposed in a bill introduced by Sen. Henry T. Hodge, D. Wash.—would be to the detriment of Oregon.

Pierce said that the "vast industrial garden of Eden" would be created by the Columbia river power authority to be created with authority to purchase privately-owned lands and erect them to municipalities. Pierce said such a plan is desired by the people of the northwest.

Private utilities, he said, now are retaining power at rates based on total property valuations of over \$300,000,000, when such rates should be based on valuations totaling only one third, or one-half that amount.

Hagerman Church Elects Officers

HAGERMAN, June 17—The Methodist church elected Sunday school officers recently. Mrs. Paul Pinner, church secretary, and Mrs. Elizabeth Hillard, assistant superintendent, are the new officers. Mrs. Pinner is the fourth quarterly conference.

Officers elected were: Mrs. Hester Lanchester, assistant superintendent; secretary, Mrs. Elizabeth Hillard; treasurer, Mrs. Ernie Hillard. Next Sunday the teacher for the adult class will be chosen.

A short program in charge of Miss Elizabeth Hillard, included a reading by Barbara Marsh, a solo by Margo Walrath, and a reading by Lois Walrath.

Salvage

Harry Dunkelacker, local electrician, lives three blocks from his place of business. He decided to pick up what rubber he could find as he worked today. The result was one hundred and fifty pounds of scrap rubber.

One hundred and fifty pounds of scrap rubber, four rubber bands cut from three tubes, five rubber bands from three Mason jar rubbers, two tire boots, three tire flaps, one running board section, one auto floor mat, three-foot length of garden hose and "lots of little pieces."

Total weight, 15 pounds, three ounces.

The Public Forum

"INTELLIGENCE" SHOWN BY CONGRESSMAN
 Editor, Times-News:
 It seems rather futile to blame any individual congressman for his failure to affect the course of events, and collectively it would not matter if each and every one of them were the highest type of statesman ever produced. They were put in office by the vote of the people and it is their duty to talk and express opinions, whether their own or those of some other group. The latter never produced an airplane or a tank nor have they ever operated a railroad or a factory. In this highly technical age any good factory foreman is more important than the man who helps vote to Congress.

Operating a high-energy civilization is a job for engineers and that job should be in the control of those who are functionally capable of handling it. The chief function of our legislators is to make laws for the regulation of business so as to maintain its status quo. And even here they are helpless to stop the breakdown of the price system, which technocracy, in fact, has forever and has been predicting for the past 20 years.

Under the heading, "Congressman Cases," The Times-News quotes an item from Pearson and Allen's column in the Los Angeles Daily Times of May 11.

"Most unusual witness at the hearing of the house banking committee on the Murray-Connally business bill was veteran Rep. Hatten W. Summers of Texas.

"I don't know very much about this bill," began Summers, "but I'm for it."

With this frank start, Summers then explained that he didn't want to be questioned about the "economic aspects" of the legislation.

"We have a lot of bilious ailments in the government" who can let you all about that," he remarked helpfully.

"After consulting, the Texas flier hit Hatters with one: 'I hope I haven't left the committee any more confused than I found it.'"
