THOUSANDS DEEFY TORRID WAVE TO SEE JULY 4 FETE

By GEORGE F. REMOND
Some 1,000 persons braved the hottest Twin Falls day of the summer thus far (98 degrees in the very sparse shade) to enjoy an Independence day celebration which drew almost all its attendees from home town tent. The crowd found everything to its liking from the assembling of the parade units until Fireman Lamorne Stevens and E. M. O. Peterson, 11, through the air "with the greatest of ease" in the fire-fighting demonstration which opened festivities at 4:30 p. m. The celebration was primarily a children's affair with the exception of the speaking program at 2 p. m., which featured the address of Lt. Col. Norman B. Adkinson, state representative service here. There were prizes for the children in the parade and to the winners in the races, to say nothing of the free treats handed out at the conclusion of the parade.

Good House Town Parade
The parade set on Main avenue and then down Second avenue to the city park, where most of the festivities were held, was declared one of the best ever held here without the aid of outside talent. Headed by Capt. M. Crooks, commanding officer of company B, fourth infantry, state guard, as marshal, the parade included the following units: The riding their trained ponies; the city band; the official car containing Gov. Adkinson, Mayor Peterson, Koehler and Russ Thomas, president of the Junior Chamber of Commerce.

3 NOW OUT FOR GOP TREASURER

Major battle on the Twin Falls county Republican ballot in the Aug. 11 primary election will be for treasurer nomination. Three candidates were named yesterday as G. O. P. candidates for that post mounted to three.

With one aspirant in the field since opening day of filings, the voters were given a preliminary night when the county auditor's office closed for the holiday weekend. Mrs. M. B. Brown, Mrs. W. E. W. and E. M. G. West, Twin Falls. Previously entered was Mrs. Vina L. Steiner, Twin Falls.

The incumbent treasurer, Mrs. Cora E. Stevens, is the only Democrat who has presented herself as a candidate for her office.

The speaker of the G. O. P. side of the ledger is a powerful veteran and candidate in the field. Mrs. Wilson, widow of the late W. W. Wilson, was Twin Falls county superintendent of public instruction in 1937. She was defeated by the Roosevelt Democratic landslide of that year, but lost by only 79 votes. Mrs. Wilson has been active although the Republican ticket trailed by only 3,000 votes.

Other candidates were J. H. Shields, Jr., C. C. Voelker, P. T. Parrish, Martin Miller, Earl B. Lewis, W. M. Grayson, F. W. Neale and J. H. Blandford.

The other G. O. P. treasurer candidate, Mr. G. E. Bisset, is an insurance farming specialist of Twin Falls. He has been a deputy assessor under Assessor George Guidis in 1941 and 1942, working in the Kimberly-Hansen district and Twin Falls district. He was elected assessor for 27 years. He came to Twin Falls in 1914. He is a life-long Republican and has served in the county for 27 years.

Petition signers for Mr. Gustav were O. E. Bisset, Elmer Pickett, O. S. Sampson, John A. Brown, Charles H. Krenzel, Eva K. Thomas, W. M. Blandford, J. H. Blandford, Kenneth Curtis and W. C. Nuzman.

Politics have been a part of the life of the candidate. They were John D. Stephens, Twin Falls No. 10; J. A. Allen, Twin Falls No. 11; J. A. Allen, Twin Falls No. 5; and J. E. Roberts, Twin Falls No. 2.

U. S. Paying for Past Isolation in Blood of Sons, Draft Head Says

By O. A. KELKER
For the mistakes of her isolationists America is now paying the penalty "in the rotting bones of her sons on Bataan, on Corregidor, in the Coral sea and on the battlefields of the world."

The speaker of the day was introduced by Walter C. Musgrave, chairman of Twin Falls county draft board No. 1. Prior to that time Mayor Roy Koehler had given a brief address on the background of the July 4th observance and the significance of the draft board. Toastmaster was Loyd L. Perry while Boy Scout Bob Norton led the crowd in the salute to the flag.

Gov. Adkinson indicated as he started to talk that what he had to say wouldn't be pleasant to listen to because it was the truth, and right now we are getting jitters and jitters. He played the isolationists who after the last war, failed to preserve the peace which we had won.

Six Jap Planes Downed in Raid

ALLIED HEADQUARTERS, Australia, Sunday, July 6 (AP)—Allied planes shot down six Japanese aircraft and damaged six in aerial combat over Port Moresby, New Guinea, enemy heavy day and night raids on enemy bases at Salamaua and Lae. It was reported officially today.

Twenty-two Japanese planes attacked Port Moresby but only one was reported shot down and three damaged.

Five Japanese planes were shot down from a force which attempted to intercept the raiders at Salamaua and Lae and three others were hit. The communiqué issued from the headquarters of General MacArthur reported that the raiders were shot down.

ACCIDENT DEATH TOLL MOUNTS TO 145 OVER JULY 4

By The Associated Press
Despite tire and gasoline shortages 72 persons died on the highways yesterday and 73 others met violent death in other forms as the nation celebrated independence day. The figures combined with 163 deaths, 124 of them caused by traffic accidents, had fourth of July toll of 145 over the lives was taken by drowning. The fact that there were no reports of fatalities caused by fireworks was largely attributable to heavy restrictions on pyrotechnic displays in coastal areas and strictly enforced local safety laws.

Traffic
Automobile traffic in all sections of the country was reported lighter due to the tire and fuel saving campaigns.

California led the states in traffic deaths with a toll of 14 recorded. There were seven drownings reported in Ohio.

In New York state one person died from a bridge collapse, one in Connecticut and one person was killed by a train and another by falling.

Deaths from all causes during the Friday, Saturday and Sunday July 4 of July week-end last year reached 628, of which 384 were traffic victims.

Idaho Has 3 Deaths
Deaths by states reported today were:

Arizona, 1; Arkansas, 1; California, 19; Connecticut, 4; Delaware, 1; Georgia, 1; Idaho, 3; Iowa, 1; Illinois, 2; Indiana, 7; Kansas, 1; Michigan, 7; Minnesota, 2; Nebraska, 1; New Jersey, 2; New York, 13; Ohio, 2; Oklahoma, 6; Pennsylvania, 11; Utah, 3; Virginia, 4; Washington, 8; West Virginia, 2; Wisconsin, 4; Colorado, 1; Florida, 2; Massachusetts, 2; Montana, 1; New Mexico, 1; Texas, 1; Alabama, 1; Missouri, 1; North Carolina, 1; Maine, 1; Maryland, 3; Kentucky, 2.

NEGLECTANCE SET AS CRASH CAUSE

WASHINGTON, July 4 (AP)—The house committee on investigation of air accidents declared today the cause of the crash of a Douglas C-47 transport plane near Las Vegas, Nev., Jan. 15, in which 12 persons were killed, was "neglectance" of the pilot.

In a report prepared for submission to congress, the committee said investigations showed that Williams was "grossly negligent" in his flight course between Las Vegas and Los Angeles, the destination of the night flight.

"The committee said Williams was fired by TWA in 1932 for alleged negligence in a similar crash and was ordered to resign his position. Williams' record was not mentioned in the national labor relations board and was ordered to be removed from the national labor relations board and was established a sound reputation as an excellent pilot."

While directly attributing the crash to Captain Williams' flying error, the report also stated that "investigation showed that TWA had failed, prior to the accident, to establish rules for the flight instructor and other flights to be made at an altitude which would insure safe passage of the plane."

Fifteen of the 22 victims of the crash were army air corps personnel engaged in military activities.

"This accident would not have occurred," the committee said, "had the flight instructor been properly supervised as Western airlines for night flights from Las Vegas to Los Angeles, and a similar flight on the truck line and late night had a severe case of sleeping it off. Monday he will face charge of intoxication in a public place.

Woodruff had a .22 caliber pistol on his person when arrested by city police. But Quentin Long, employe of Swift and company, didn't know it was empty when Woodruff hauled it out and demanded a ride to Nevada. To Long it was wicked-looking weapon set to go off any moment. He had a few minutes' argument with Woodruff when the latter walked up to him at the Idaho refinery service station on the truck line at Third street south, just across the Swift plant.

Long was painting his auto at the moment. He told Woodruff he couldn't take him on the ride because the plane was wet. Out came the gun, according to the story Long told later, and Woodruff shouted: "You can take me to Nevada or I'll come in two."

Telling the man that the owner of Swift and company didn't know it was empty when Woodruff hauled it out and demanded a ride to Nevada, Long went over to the establishment he told Proprietor Phillips, Jr., what had happened and then called police. Woodruff followed him over, and down the block. A man carrying a gun promptly swung up the driveway and Woodruff got his ride—but not to Nevada.

Gun Toter Ends In Jail Without Ride He Wanted

It's strictly unethical to flash a pistol and demand that somebody give you an auto ride to Nevada from Twin Falls.

Royce Woodruff, address and age unknown, found out about that Saturday afternoon. As a result, he landed in cell No. 3 at the city jail and late last night had a severe case of sleeping it off. Monday he will face charge of intoxication in a public place.

FLASHES OF LIFE

COTTONWOOD FALLS, Kan., July 4 (AP)—Officials investigating the crash of a Douglas C-47 transport plane near Las Vegas, Nev., Jan. 15, in which 12 persons were killed and 10 others injured, said tonight it had "set a flight in the cockpit of the plane."

Soviets Retreat On Kursk Front

MOSCOW, Sunday, July 6 (AP)—Stubbornly-fighting Russian soldiers have been forced back to new positions on one sector of the Kursk front, the Russians announced today, but their red army comrades are fiercely engaging axis tanks and infantry on other areas of that Ukrainian battlefield.

The midnight Russian communiqué said fighting continued in the Kursk area just where the Russians fell back in fighting which has developed into some of the heaviest of the war.

In its brief report on the Kursk front, the Russian communiqué said that Soviet soldiers "carried out a fierce battle against tanks and armor units of the Germans and their allies."

"On one sector of this direction (Kursk) our men retreated and occupied new positions," the communiqué stated.

Stubborn battles still were being waged against the invaders on the Belgorod and Volchnuk, fronts north of Kharkov.

Naals Put on Pressure
The Russians disclosed that the German army air forces set off their attack on the Kalinin front, northwest of Moscow. The midnight communiqué said fighting continued in the Kursk sector, after twin offensives against two different points on the Kalinin front and through back with the loss of at least 2,000 enemy men and officers and 27 tanks.

The Red army said it had hit back at the Germans and their allies in the Ukraine with a sharp counter-attack in the Kursk sector, forcing the naals to retreat across an important stream after abandoning the junction of the central and southern fronts before starting their own attack. A tremendous number of German tanks and armored vehicles were destroyed as the Germans and their Hungarians retreated.

The Germans were said to be losing at least the equipment of the first Soviet division daily in the tremendous defense of a strip—a total of 300 tanks, 12,000 trucks and 100,000 horses—the three main objectives of the Ukraine front. Much of the spectacular fighting was tank action.

Fought to Standstill
Fought to a standstill in the Kursk sector, the Russian communiqué said, the Red army forces of Marshal Fedor Rokh increased their pressure on the German armor units, forcing the naals to retreat across an important stream after abandoning the junction of the central and southern fronts before starting their own attack. Air Corps Celebrates July 4 With Fireworks Over Nazis

LONDON, July 4 (AP)—The United States army air forces set off their first fireworks in western Europe on this Fourth of July with bombs and incendiaries exploding over German air bases, installations and enemy airmen in Holland and on the English coast.

The initial raids in a forward-offensive series of American aerial operations aimed at knocking the German Luftwaffe off the invasion front produced an outstanding hero-pilot who brought home his battered and battered plane on one engine after it was all but knocked out by anti-aircraft fire.

The plane actually was down once on Nazi-held soil but it rebounded under the pilot's expert control and made its getaway, alienating an anti-aircraft tower even as it escaped.

The pilot, Captain Charles C. Kegelman, 23, Reno, Okla., promptly was awarded the distinguished service cross for gallantry in action, the first as honorarium for the first of his four missions.

Major Gen. Dwight D. Eisenhower, American commander in the European theater.

Start After Dark
The raid was undertaken soon after dark by twelve B-24 Superfortresses, six of them manned by all-American crews, the rest by British and Canadian pilots. Because they can develop a top combat speed of 356 miles per hour they were able to strike their mission without fighter-plane cover.

The bombers were American-made but British-crewed and all bore RAF insignia.

Two American-manned planes were shot down when they were hit but one was officially declared to have been shot down under control while the other was shot down by anti-aircraft fire—the first American-made plane to be shot down in Europe.

One of six British planes also failed to return.

It was announced in the first two American communiqués and in the British communiqué that the first of his four missions.

Heaviest Aerial Attack Thrown at Nazis

CAIRO, July 4 (AP)—General Sir Claude J. E. Auchinleck, waging a supreme fight for Egypt and the middle east, threw fresh troops into a bitter assault tonight on weary axis forces which were being pounded on their small strip of desert position by the heaviest aerial attack ever seen in the middle east.

The first results of the new attack, launched from positions west of El Alamein, northern anchor of the British defenses of vital Egypt, was the capture of 60 German infantrymen. They were so exhausted after five weeks of continuous fighting that they were unable to resist.

Battlefront reports said it was General Auchinleck's knowledge of the physical condition of the German army, now down to a platoon of weary men in the torrid desert, which led him to push his offensive to prevent Field Marshal Erwin Rommel from reeling his men or rushing fresh troops into the battle.

New Zealanders Fight
The British, on the other hand, were using newly arrived New Zealand forces as well as British units and units of South African who have been through the whole campaign.

Reports from Alexandria said all kinds of reinforcements, with American tanks, anti-aircraft equipment, were moving along the coast to the allies' front. The British had 500 tanks, 500 miles west of the front line.

Built in Cairo and Alexandria the people were reported optimistic over the prospects and fully confident that the tide of battle was turning in favor of the allies. The population was calm and all activities were going on normally.

The continuing assault from the air, as well as the artillery, was having a great effect on the axis forces. At least 40 of Rommel's big guns were in British hands and a number of his tanks knocked out by the reinforced British eighth army smashed at the foe in the El Alamein area, a British communiqué said.

Describing the allied air attacks in cooperation with the Egyptian "unprecedented," the British communiqué listed 28 axis planes as destroyed in the air over the Egyptian front in yesterday's all-day conflict.

8 Bombers Downed
Sixteen German bombers, 13 of which were shot down in a few minutes in a single attack by the first British force with a squadron of South African fighters new to the desert.

The British communiqué said the axis "almost as soon as they arrived at a desert airfield, reached the scene by the first British force was peeling off to die against British troops.

WAR BULLETINS

RIO DE JANEIRO, July 4 (AP)—Several thousand students staged an anti-fascist demonstration in the Brazilian government's approval today, parading down the city's main street, Avenida Rio Branco.

Berlin (From German Broadcast) July 4 (AP)—Seventy-four thousand tons of shells and bombs were hurled into the beleaguered city of Sevastopol during the German army's 25-day main assault, Major General Stuchlik, chief of staff for Field Marshal Paul Erih von Manstein, said tonight.

But despite the fierce shelling and aerial bombardment he has ordered men here, the capture of the Black Sea naval base remained "the heaviest task which had been expected of infantry in this war."

Bern, Switzerland, July 4 (AP)—British planes planted mines in the Orund, a strait between occupied ports in the Mediterranean, tonight and tonight, reports from Stockholm said. One plane crashed in the strait and crew of seven was killed, it was said.

Istanbul, July 4 (AP)—The military situation in Turkey today "there shall be no change in the military situation," the Turkish government said in a statement today. The fighting centered on Hengyang, communication center of Hunan province.

Valletta, Malta, July 4 (AP)—The British communiqué said that the Axis attack on Malta today but all were shot down by RAF fighters within a few seconds of their take-off.

Two other enemy bombers were shot down during the night. No British planes were lost.

Right to Elect Governor Asked For Puerto Rico

WASHINGTON, July 4 (AP)—A study of the advisability of giving Puerto Rico the right to elect its own governor has been made and a report is being prepared for President Roosevelt, the White House disclosed today.

Stephen Early, presidential secretary, made the announcement after a governmental official, who asked not to be named, told reporters that the report is being prepared.

Two other enemy bombers were shot down during the night. No British planes were lost.

NAVY ANNOUNCES 2 SHIP SINKINGS

By The Associated Press
The Lorington, a merchant ship with the loss of 30 men aboard one of them was announced today by the navy. The ship was an official Associated Press tabulation of allied and neutral losses in the Atlantic since the start of the war.

Included among the 30 men lost, all of whom were aboard a small Panamanian ship, was the ship's captain, Andrew Westgaard. Fourteen men survived the torpedoing which occurred June 16 in the Gulf of Mexico.

The entire regular crew of 37 and 12 navy marines were aboard the axis submarine torpedoed a small American merchantman in the Caribbean. Another torpedo from the submarine sunk the ship.

They returned when it appeared that the ship was still afloat while and trained their guns on the undersea craft. Capt. Carl W. Jaeger, who was aboard the ship, was shot but two were scored but doubted that the submarine was seriously damaged. Another torpedo from the submarine sunk the ship.

ROAD TO ALASKA BEING SURVEYED

WASHINGTON, July 4 (AP)—The war department is surveying a route for a proposed U. S.-Alaska railroad, running along the west Canadian coast 1,200 miles to the present rail system in Alaska, it is disclosed.

The department said the survey began early last spring and 400 miles of the route of the line has been located. Work on the Alaska portion is held completed.

The route follows a long proposal by the Alaskan International highway commission up the rocky mountain side of the mountains and along the coast. The engineering corps is conducting the survey in collaboration with the Canadian government which has allowed necessary materials to enter Canada duty free.

In recent legislation before the house appropriations committee, Lieut. Gen. Brenton B. Somervell, commanding army engineers, outlined a four-foot-diameter transportation system to Alaska—sea, air, highway and railroad. The inland trans-Canadian highway is now under construction by the army.

The department said the railroad is expected to be completed by Oct. 1.

OBLECTION NOTED

SEATTLE, July 4 (AP)—Donald McDonald, member of the international highway commission, today criticized the army's selection of the route for the Alaska highway, now under construction, on the grounds that it is not a supply route and "never will be one."

McDonald, also a member of the Alaska road commission, said the present road instead of supplying Alaska would "serve two extended, misplaced airports in Canada." The route chosen by the army extends from Dawson Creek, B. C., to Fairbanks.

RATION QUARTERS PROBLEM SOLVED

The question of finding new headquarters for the Twin Falls county rationing board—a matter which brought a meeting of delegates from all the city's civic clubs last Monday—has been solved temporarily.

The headquarters will be moved this week from the Chamber of Commerce office at 245 Main avenue west to 220 Main avenue west, just two doors away, and will remain there until sufficient money has been raised for a permanent headquarters.

The solution was reached at a meeting Friday of the representatives of the civic organizations and the Twin Falls county commissioners, who have been financing the rental of quarters. The commission agreed to finance the quarters for July and August after which it is believed funds will be received from the government.

The new headquarters has been used by the board for some time in the ratification of sugar users.

The rationing board's work, which not only covers the rationing of sugar but also that of automobiles and tires, the registering of merchants covered in the price ceiling regulations and the rationing of meat, is being handled from the Legion hall also was used by the board.

Chairman Carl Anderson has been assisted by two clerks and often by the secretary of the Chamber of Commerce.

New Stunt in Shipbuilding

At the Alameda, Calif., shipyard of the Pacific Bridge Co. something new in ship construction is taking place. Instead of building merchant vessels on ways and sliding them sea, a hole is dug under the ground, ships are built in it, the water poured into the hole and the ship is floated out. Here's a general view of the shipyard with a vessel under construction in its "bed."

USO Offers Swim Facilities To All Men in Armed Forces

Nothing suits and towels will be furnished at the municipal swimming pool at Harmon park for soldiers traveling through Twin Falls, it was announced yesterday by Mrs. Robert Haller and Mrs. J. P. Barry, co-chairmen of the Twin Falls USO contact committee. The suits will be donated by groups and individuals and laundry service will be donated by the Troy and Parisian laundries.

Soldiers traveling through Twin Falls have been neglected, it was pointed out, because so many people are ignorant of the services offered them by the USO contact committee.

Showers Donated

Free showers are donated to soldiers at the Perrine hotel, Park Hotel, Rogerson hotel and Roy's barber shop and camping facilities are provided at Harmon park for contingents of men in the service.

Dances and dinners in private homes are being planned by Mrs. Joe Blanford, chairman of the hospitality committee, and the men are given special rates at motels. Negro soldiers are taken care of by a committee of Mrs. Edward Dickerson, Mrs. H. M. Yarborough and Mrs. Charles Harrison.

Twenty-four hour service is available through the courtesy of the city hall. Persons needing a stopping place in town are asked to call the police station for the contact committee.

Departure Packets Given

Departure packets containing cigarettes, playing cards, books, candy, gum, postcards and pencils are given to men drafted by the selective training and service act. Copies of the Times-News are being sent to 12 USO recreation centers at camps where Magic Valley boys are stationed.

A letter writing project to men in service is conducted by Mrs. Elizabeth Smith, chairman. The office also serves as a clearing house for addresses of men in the service.

The executive board of the USO contact committee is Mrs. J. Haller, Mrs. Parry, Mrs. T. C. Bacon, Mrs. Blanford, Mrs. E. W. McRoberts, Mrs. Robert Benson and Mrs. Smith.

The fall, which occurred at the hospital, Mrs. Blaser fell from a ladder while picking cherries at 9 a. m. Wednesday.

Mrs. Blaser was president and counselor of the second ward Relief society of the Latter Day Saints church for a number of years and registrar of the Daughters of Utah Pioneers, which was a charter member and an outstanding officer. She also was active in the Union Pacific Boosters.

Leader in Church Work

She was a leader in church activity in the cities to which her work took her. The Union Pacific called her husband.

Mrs. Blaser was born June 7, 1881, in Pennsylvania, a daughter of Charles and Elizabeth Williams Jones. She married A. J. Blaser in McCammon, Idaho, 47 years ago. In 1907 the couple received their endowments in the L. D. S. temple in Salt Lake City and 14 years later, in McCammon, where Mrs. Blaser was president of the W. M. L. I. A. unit and counsellor in Relief society. Moving to Kemmerer, Wyo., where the couple resided for five years, she died in the Latter Day Saints church.

After the couple took up residence in Minidoka, Mrs. Blaser organized a branch of the L. D. S. church and its meetings were held at the home of Mrs. Blaser first came to Twin Falls in 1927. At that time they purchased the present home at 323 Second avenue west. After residing a number of years in Minidoka, Mrs. Blaser and Buhl then returned to Twin Falls, where Mrs. Blaser retired from railroad work.

Hitler on the Spot We have pointed out that the United Nations in many respects are no more than inevitable incidents in the process of beating an enemy who, not long ago, was supposed to be invincible.

Here are some further thoughts which are not wishful thinking. By keeping them firmly fixed in our minds we can better understand the United States is the greatest industrial nation in the world. The resources of the United States, in materials and plant, infinitely surpass anything to which the axis has access.

For that reason, as of today, we cannot lose this war. We could have lost a few months ago. We should, in all logic, have lost in the autumn of 1939 and the spring of 1940. Then the United States was asleep.

When Hitler did not win in 1940 or 1941, he gave us an opportunity to retrieve ourselves. Up to late last year, all we possessed was potential power, unusable against Hitler.

Then the bull permitted himself to be directed by the horns of Russia. He charged and caught a tartar. We kept racing toward the fence—toward building the armies and armaments which would make us, and not Hitler, invincible.

In 1940, General Marshall told us frankly we should have to spend 100 billion dollars to put a military machine on a par with Hitler's. Thus far we've spent less than 35 billion. Meanwhile Japan's entrance has raised the ante. We may have yet to spend another 100 billions.

There's a battle in front of Moscow and detest it. Hitler flounders in front of Moscow and detest it. We're working to the limit of our strength at our war job?

TUCKER'S NATIONAL WHIRLIGIG

RIVAL—The abortive invasion by German spies and saboteurs was made to far more intelligent and more mobilization of home guards, the American Legion and similar organizations. Washington's earlier offer of a \$100,000 bounty for the capture of the saboteurs probably will disappear under the new menace.

The nation, in particular, will be asked to set up disciplined "watchman units" in industrial areas. The 100,000 men who are kept in the background, despite frequent pleas for their release, are being kept in the background because the administration did not want to favor any one by federal or military training.

Now it is expected that this hitherto wasted manpower will be employed to full capacity. Since June 1941, the membership of the American Legion has increased almost 40,000, and the only inspiration was the veteran's desire to aid in the fight against Hitler.

It is not surprising to the exclusion of rival outfits, they will be organized into units for the possible destruction of Hitler's saboteurs.

PEEK—American businessmen and diplomats returned to searching examination on conditions in the far east by federal agents and consular officials. The questions listed make the knowledge required for a Ph. D. seem like kindergarten.

The queries deal with agricultural, industrial, communications, supply, labor, social, political, financial and commercial operations within the borders of the occupied countries. They are designed to ascertain the enemy's ability to carry on a long campaign of attrition.

The state department has applied the same X-ray to reports from Germany and Italy. It also admitted that the students have had scant opportunity to gather detailed info since Dec. 7, their obligation to report on the situation in their own countries.

MIRACLES—Scientists in the department of agriculture at the University of California at Berkeley might easily be led without their unusual contributions. These gentle, scholarly and unassuming men, they are virtually unknown to the general public.

The "erazat" squad has accomplished practical miracles in the field. They have been successful in the use of chemical warfare, such as mustard gas, and in the use of biological warfare, such as typhoid fever.

ANALYZING CURRENT NEWS FROM NEW YORK

CHOICE—A movement is on foot behind the scenes to draft Alfred E. Smith as the Democratic alternative to Roosevelt in New York. The job in which he won nationwide renown. This compromise move is being pushed by the party in the Empire state.

ALBERT E. SMITH—The Brooklyn leader, a general and well-respected figure in the state, is being considered for the job. In ordinary times glomer is not a requirement of a candidate for the job.

ROPE—Mr. Roosevelt's postmaster general policies and that to the chief of political economy. President Hoover looks upon his one-time bosom chum as a marplot.

UNFAIRNESS—Leon Henderson's score of war industrial cities is being attacked by the opponents of his gouging landlords who have been charging as much as 100 percent for the rent.

REVERSES—The price of wheat has fallen sharply in the past few days. The price of wheat has fallen sharply in the past few days.

SENATORS AIM AT STABILIZED WOOL

WASHINGTON, July 4 (AP)—Wool-stabilize senators, aroused over policies of war production board and the office of price administration, today made plans for an independent program to stabilize prices.

They felt that the OPA should establish a floor under wool prices in addition to the present ceiling and were critical of WPA's proposal to require "blending" of wool with other fabrics.

Most of the senators are members of the senate wool committee which is studying effects on domestic prices of the government's \$25,000,000 pound stockpile which has been built up mostly from imports from Australia, New Zealand and South Africa.

Legislation Considered

The committee is considering legislation to require federal purchase of the entire domestic wool clip but Chairman H. H. Schwartz, D. Wyo., said WPA's textile division has advanced a "substitute" calling for government loans on the current crop.

Noting that the British government has taken over South African and Australian clip and given producers a 15 per cent price increase, he added:

"A great deal of this wool is coming to this country and, if we are buying it at prices fixed by the British government it looks like we could have a ceiling for domestic wool on which we could not bump our heads."

Schwartz's Wyoming colleague, Democratic Sen. Joseph O'Mahoney, said government purchase of the entire domestic clip has the support of the tariff commission and the department of agriculture. He added that the wool market "would be shot to pieces" if this war should terminate suddenly because of the huge stockpile of wool now on hand.

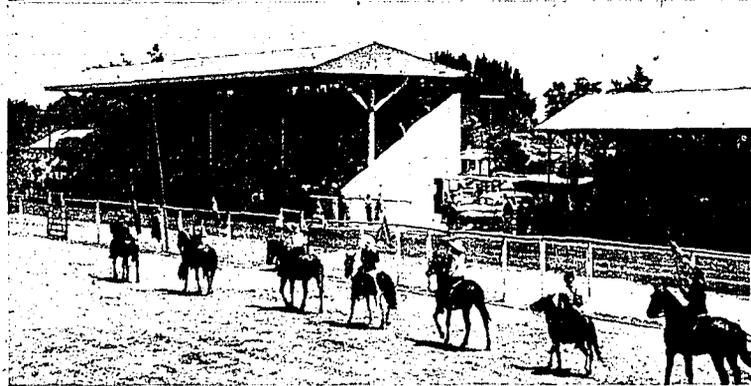

Curialment Threatened

C. B. Wardlaw, Del. Rio, Tex., president of the National Wool Growers association, told the committee yesterday that wool production would be "materially curtailed" if a purchase plan of guarantee of price maintenance is not made within two months.

J. Byron Wilson, secretary of the association, told the committee that rationing of wool and WPA's proposed "blending" order are equally unnecessary.

"Due to scarce buying," he said, "people have more woollen clothing than for a long time. If you require, you'll find people here in Washington have been buying two or three suits."

Glimpse of July 4 Festivities in Twin Falls and Rupert

The Photos

Twin Falls and Rupert were among the Magic Valley communities which "put on" celebrations July 4. In the top picture at left is a portion of the downtown parade which was one of the features of the Twin Falls event. The U. S. marine color guard in the foreground is composed of Russell Lipper; George Hatley, 10, wearing a special made sea-blue uniform, and Sgt. Laurence Laughridge. Behind them marchers bearing the flag of the U. S. Idaho state guard. Hundreds flocked to the downtown area to watch the parade. The bottom photo the photographer snapped his shutter just as the grand entry parade was getting underway at Saturday afternoon's showing of Rupert's famed rodeo. The packed grandstand and bleacher are seen behind the riders. The grandstand was completely full this year, and every seat in it was taken. (Staff Photo-Engvallings.)

Delinquency Rule Balks Tax Record

Only the fact that a legal ruling made tax payments delinquent if they were postmarked June 21 prevented a probable new record in collections of the 1941 taxes, Mrs. Core E. Stevens, county treasurer, said Friday.

Mrs. Stevens announced that 94 per cent of the taxes was collected. That figure, she said, was "about average." Under the ruling of the county attorney's office, based on Idaho statute, the treasurer returned the delinquent letters bearing the postmark. She indicated that if this had been marked one day earlier, "we would have surpassed the 94 per cent figure and probably set a new record."

As an example the treasurer had to turn back one payment of more than \$200. The interest and penalty on this will amount to \$12.

For the second half of the year, Mrs. Stevens collected \$35,043.93 or 15 per cent. Last December the first half year collections amounted to \$67,103.30 or 59 per cent.

The county attorney's opinion regarding delinquency of taxes postmarked after June 21 leaves one recourse to taxpayers in avoiding penalty and interest. They may file an affidavit if their letter was mailed June 21 but not postmarked until June 21.

BOMBERS STAGE ALEUTIAN RAIDS

WASHINGTON, July 4 (AP)—U. S. army bombers have attacked Japanese sea and land forces in the western Aleutians four times in the past two weeks, inflicting damage on ships and installations, the navy announced today.

The navy's announcement was the first since June 21 concerning what is happening at the tip end of the islands which extend southwestward from Alaska.

Since that time, however, the situation in the Aleutians, where the Japanese established a foothold on two islands early in June "has not changed materially," the navy said. The most recent bombing attack took place yesterday when army aircraft again attacked the island of Kiska. The major raid, however, appeared to have been made July 3 on three Japanese transports and escorting vessels off the island of Agattu, about 35 miles southeastward from Kiska, where the Japanese had landed, and 145 miles west of Kiska, whose harbor had been seized by the enemy.

In both of these raids, the navy said, exact damage could not be observed because of weather conditions.

Previously, on June 26 and June 27, army bombers had bombed shore installations at Kiska but from June 28 to July 3 the weather was such as to make flights "inadvisable."

Navy reconnaissance planes on June 25 confirmed earlier reports that a Japanese transport had been sunk in Kiska bay on June 21. The bow of the transport, the navy said, "was clearly visible near the center of the harbor."

Horne Quits Job On Draft Board

CALDWELL, July 4 (AP)—Frankly F. Horne, Caldwell, Republican candidate for U. S. senator, said today he had submitted his resignation to Governor Clark as a member of selective service board No. 1 of Canyon county.

"I have served on this board continuously for the past 21 months, and because of the war effort I have accepted it as an important duty and have given it my best effort," Horne said.

"I am now to file my candidacy for the U. S. senate, and this, of course, makes it impossible for me to longer continue on the selective service board."

ROTARY AT BUHL PLANS BIG MEET

BUHL, July 4.—C. D. Boring took his chair as president of Rotary club at their noon luncheon meeting Tuesday. Harry Barry, Twin Falls, was a visiting Rotarian, and George Howard, son of Secretary W. Lee Howard, was a club guest.

Plans were made for the annual inter-city meeting of the seven Rotary clubs of Pocatello in June at the Buhl club as host. A tentative date for the meeting was set for the last Thursday evening this month, July 30. Fred Harting, Ken Curtis and Jack Tinsley were appointed as a committee on arrangements for the inter-city meet.

Stanley Voeller, who attended Boring's state during argument of committee reports on the OPA, made a report of the activities there. Don L. Thompson presented past president buttons to Fred T. Parish and C. C. Voeller.

Miner Injured

HALLEY, July 4.—William Walker, employe at the Triumph mine, suffered a broken leg and some cracked ribs when a bit of dirt came down on him while working underground. He is confined to the Halley clinical hospital. He has just recently returned here from Butte, Mont.

Boise Merchants Fear Rule of OPA

BOISE, July 4 (AP)—The Boise retail merchants bureau fears the office of price administration may, in post-war days, be an "expensive regulatory program, reaching 10.0 every hamlet of the country."

In a letter written by Fred G. Harlan, Boise Chamber of Commerce manager, to Rep. Dwarabak, R. Ida., the bureau said "all rationing and OPA administration in Idaho could be handled by volunteers without cost."

Dwarabak informed Harlan the letter had been introduced on the house floor during argument of committee reports on the OPA.

Adkison Inspects Draft Board Here

An inspection of the office of Twin Falls county selective service board No. 1 was made by Lieut. Col. Norman B. Adkison, Boise, state selective service head, while here on a July 4 celebration speaking engagement yesterday.

Lieut. Col. Adkison also conferred with members of the local board relative to the new regulations covering married draft registrants.

CHENNAULT CHALLENGES JAPS TO AIR BATTLE OVER CHINA

AVG IS PURSUIT SQUADRON TODAY

CHUNGKING, July 4 (AP)—Brig-Gen. Claire L. Chennault, assuming the command of the United States air forces in China, issued an open challenge to the Japanese air force today to meet his planes in battle.

He said that for two months the Japanese plane fleet had been running from the American volunteer group which today became the 3rd Pursuit group of the United States army air corps.

The Japanese radio had threatened that on July 5 they would blast the United States air corps out of China.

Cherry Welcome

"We'll give them a cherry welcome," Chennault said. "We only hope we will soon get the chance to meet them. But they won't come within 200 miles of our base and we have been able to contact them only twice since June 11."

Col. Calc V. Haines, North Carolina, pilot commander of the bomber force.

It was understood that early this morning, over Hunan province east of Chungking, the AVG in its last fight before incorporating into the army met a Japanese plane fleet in battle, with results as yet unreported.

Japs Reel Shortage

Chennault told the United Press that he believed the Japanese already were in a shortage of personnel and equipment due to their losses and that they were using replacement planes to pilots in the Canton, Hankow and Shanghai areas.

He said that the United States army air force in China had plenty of air fields but needed planes and pilots.

"Now I only look forward to meeting the enemy," he said.

JUDGE TRANSFERS ROAD BOND SUIT

Because Judge J. W. Porter is a taxpayer in the Twin Falls highway district, he has issued an order in which he has transferred the suit to Judge T. Bailey Lee, Burley, all further proceedings in a suit filed June 14, 1935 by the Murtaugh highway district against the Twin Falls unit.

In the order and accompanying memorandum, Judge Porter said that he finds himself disqualified under statute. All Twin Falls taxpayers are also highway district taxpayers.

Latest action in the suit, prior to the change of venue, was an order June 11 fixing the time for the defendant's brief. The suit by the Murtaugh district claims that the plaintiffs own a 125-acre share of a \$1,250,000 road bond issue put out by the Twin Falls district in 1923, when the Murtaugh area was still a part of the local district. The action claims tax levied as regards the road bond redemption and interest, and asserts Murtaugh license application should have been applied on the bonds. The issue in question was paid off in April, 1935.

The Murtaugh board asks (1) \$8,113.8 for excess payments on the bond account in five years; (2) An accounting of money received by the Twin Falls highway district for bonded indebtedness prior to division of the Murtaugh, Rock Creek and Twin Falls districts; (3) Recovery of approximately \$29,472.8 for excess collections on Murtaugh district property.

The original complaint was signed by Chairman B. J. Perkins. Defendants with the Twin Falls district were its commissioners, V. E. Morgan, J. E. Winans and W. T. Combs. Attorneys for the Murtaugh district are Arthur E. Evans, Caldwell, and B. W. Oppenheim, Boise; for the defendant district, E. M. Sweeley.

Potato Farmers Seek UP Trophy

Farmers in Twin Falls county this year plan to "really go after" the W. M. Jeffers-Union Pacific trophy award which is annually presented to the Idaho farmer who produces the most potatoes on a single acre, according to Bolingbroke, county agent. The grower must produce more than 600 bushels to be eligible to compete.

Bolingbroke said that "not much interest" was taken in the contest last year. He first began by the farmers in this area. "However, it will be different this year," the county agent stated.

The award will be based on the yield of U. S. No. 1 grade potatoes on one acre that will be specified by the grower at digging time. The yield will be checked and certified by Bolingbroke, the agricultural agent of the Union Pacific, the local railroad agent.

No damage was suffered on any of the trips.

Jerome Asks Abandonment of Dump on Basis of City Amity

Declaring it believes that "neighboring communities should live in friendship and practice the golden rule," the Jerome Chamber of Commerce has presented to the Twin Falls city council an official protest against the dumping of garbage and refuse on the site of the Jerome dump. The protest is based on a resolution, adopted two weeks ago at a meeting of the Jerome chamber, but not put in official form and presented until Friday.

The protest is based on two premises: That the dumping ground detracts from the scenic beauty of the area and that it was inadvisable to put in official form and presented until Friday.

Other Sites Available

"Whereas, there are certainly numbers of sites in Twin Falls county available for use as a dump ground for refuse and garbage from the city of Twin Falls that do not necessitate the use of the only dump ground now in use, and that it is likewise do not clutter up territory adjacent to prospective scenic roads;

"Whereas, we believe that neighboring communities should live in friendship and practice the golden rule; and

"Whereas, the Jerome Chamber of Commerce resents and believes the great majority of Jerome county resents the attitude prompting the selection of the site in Jerome county for the disposition of Twin Falls garbage and refuse, and particularly does not appreciate the action looking said site in Jerome county having been taken without consultation with the officers of this county.

24 JAPS RECEIVE RELEASE IN UTAH

SALT LAKE CITY, July 4 (AP)—The release of 24 male members of a Japanese Christian church party, arrested Friday night in the Oafield another military zone on U. S. highway 40, was ordered today by western defense command headquarters.

The group was held in the Salt Lake City county jail for violation of the curfew and other wartime regulations. U. S. District Attorney Dan B. Shields said.

They had been given permission to attend a church party at Black Rock beach he said, but warned either to come home before 8 p. m. curfew or to remain at the beach all night as it was necessary for them to pass through the military zone to leave the beach.

Some of those attending the party did return home before the curfew, but 24 men and 25 women attempted to leave after 10 p. m. Shields said, and were taken into custody. The women were released on recognition Friday night. All but two of the party are United States citizens.

Registering Lags For Aug. 11 Vote

Apparently a great many Twin Falls county residents don't know that every eligible citizen who wants to vote in the Aug. 11 primary must register.

That's the moral drawn yesterday from reports made to the Times-News by a number of registrars in this and other areas of the county. They indicated that the total registrations thus far are falling considerably below the pace necessary to avoid a last-minute rush. Because of the postponement of the county, every voter must register whether or not he was registered for prior elections.

Apparently "very few" persons in Twin Falls have registered thus far, the reports showed. In one precinct only four voters have registered; in another only eight.

Final registration date for the primary is Saturday, Aug. 8. If voters not registered by then, you can't vote Aug. 11. Registrars throughout the county urged early action in order to avoid the inconvenient last-minute plea.

Miller Assails Ceiling Results

BOISE, July 4 (AP)—Attorney General Bert H. Miller today assailed bankruptcy or closure of business for Idaho merchants as a result of the present office of price administration price ceilings.

"Many of the retailers in Idaho will find no means by which they can cover their overhead, to say nothing of a nominal profit, if they are made to conform to the price ceiling as now fixed by OPA regulations," he declared in a letter to Nathaniel L. Nathanson, assistant general counsel for the OPA in Washington, D. C.

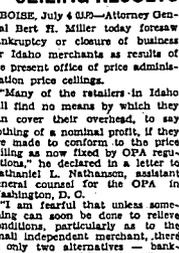

"I am fearful that unless something can soon be done to relieve conditions, particularly as to the small independent merchant, there is only two alternatives—bankruptcy or close his business."

Miller said he had not organized the act itself but that there is a fault it would be found in the nature of the regulations plus the further fact that the expenditures in connection with its enforcement appear to me to be highly extravagant.

"I believe that the time has come when every loyal and patriotic citizen should protest against useless expenditure," he stated.

He told the OPA official he thought the regulations were "unwisely and difficult to enforce" and that "the price freezing should have been limited to producers and wholesalers with a mark up to the retailer of whatever amount might be necessary to cover his overhead and allow a reasonable profit on the investment."

He continued by declaring that it was high time that we all declared war, not only upon Hitler.

"The national policy of our government for almost the past 20 years has been to pay the debt."

For what purpose we have been able to bunch together, the speaker said.

For sitting while China was invaded by the Japanese.

Continuing, he said: "God may be looking down to say 'thou art a hypocrite.'"

He also discussed the war which is approaching China.

"Many more (days) are there than you will know for many months, he said.

"Invasion Not Difficult

"There is little to prevent the landing of men by the hundreds of thousands on our northwest coast."

"Weep not for the boys at Pearl Harbor, but weep for yourselves if you are not prepared."

"These boards are more important than the sugar rationing boards."

"Right now they are taking married men from their families."

"This is not a time to be in a hurry."

"Any man who can meet the soldier's needs is a hero."

"He told how defense industries, as fast as practicable, were replacing single men with married men and women."

"He concluded on a cautioned note, but it shall be through blood and sweat."

Zeiger Show Opens Monday

Zeiger's United shows will open in Twin Falls Monday, July 6.

The show will feature four Australian queens (above) prominently.

Zeiger's United shows will open in Twin Falls Monday, July 6.

Washington, July 4 (AP)—Stag legislation which would give the president full authority to spend this month at the rate which prevailed in June.

The old law provided \$1,237,025,854 for the 1942 fiscal year.

The subcommittee substituted its resolution for a lengthy bill passed by the house last Thursday.

The dispute over the regular appropriation bill is chiefly one of farm price policy.

PORT DES MOINES, Ia., July 4 (AP)—The women's auxiliary corps of the Y. W. C. A. here will be required to make formal applications for positions.

Generally speaking, Betty WAAC will not be permitted to depart from the home until after the war.

She will be accompanied by a letter of invitation from the household.

The first 40 candidates for WAAC officer commissions will report to the school faculty.

She will be permitted to smoke if she can do so in the classroom.

While off the post grounds, she will be allowed to wear civilian clothes.

The faculty members on the faculty will be barred from dating unrecruited candidates.

They will be required to indicate on the application whether she is related to the host family.

Utah Criminal Dies in Prison

Lake City two detectives trailing a patrolman, McLaughlin, an inmate criminal, died late today of injuries he received earlier in an unusual escape from a cell in the Utah state prison with two other convicts.

Other police cars joined in the chase and exchanged shots with the inmate.

Prisoners Trapped

As the inmate's accomplices began to close in, the convicts headed for the bridge which would take them across the river.

McLaughlin was written on the ground and Nemer offered no resistance, although he had been firing during the rear seat during the chase.

Both Nemer and Standard were serving sentences for the attempted robbery of the Newell machine in Salt Lake City last June, 1941.

He has a record of 23 arrests in Salt Lake City alone.

92 Tons of Scrap Rubber Collected

GOODING, July 4 (Gooding County)—A total of 92 tons of scrap rubber was collected from old rubber car stations, according to Alex Watson.

Watson says there is reason to believe the county will be able to reach its goal in Salt Lake City.

Two Deliveries for Pre-Holiday Period

A general permit authorizing additional local delivery service by motor carriers before national holidays falling on Saturdays and Mondays has been issued by the office of defense transportation. Richard W. Candlish, Salt Lake district manager of the motor transportation division, advised the local ration board.

The action allows carriers whose operating routes are affected by the order O.T. No. 6 to make two deliveries, or one delivery and one national holiday falling on Saturday, on a Saturday before a national holiday falling on Monday.

In the event an extra delivery of a call-back is so made, the carrier's mileage will be paid for the holiday other than certain special deliveries authorized by order No. 6, Mr. Candlish explained.

Fathers and Sons Night Celebrated

ALBION, July 4—The Albion Grange Wednesday celebrated its annual "Fathers and Sons Night." The following program was given: "A Tribute to the Father," by Dean Chaburn; two piano solos by Thelma Lou Mahoney, cowboy songs, Mary Virginia, and a violin solo by the husband of the woman making the best presentation in the style show, but it was decided to divide the prize among the women.

Refreshments were served under the supervision of Mrs. E. J. Wils. Winners were Mrs. Frank Price and Mrs. Evelyn Tamma.

MUST-WIN FIRST, GIVENS ASSERTS

By GEORGIA CHIATRINI
JEROME, July 4.—An Independence day celebration gathering here today was told by Chief Justice Raymond L. Givens of the Idaho supreme court to forget about the plans for peace and concentrate on winning the war.

War of Survival
This is a war of survival, said Chief Justice Givens. Therefore it's no use thinking what we are going to do with the peace when the war must be won first. We had better think about backing up the boys on the firing line.

Wives Beauty Title
The chief justice was introduced by Miss Faye Bailey, secretary of the Jerome Chamber of Commerce.

Other entries were Helen Clifford, Helen Jolley, Dorothy Russell, Marion Ground, Bobbie Trounson, Vienna Rupert, Bebe June Peterson, Leah Faye Bailey, Betty Glover and Berniece Clark.

The celebration opened Friday night with a grand ball on the football field with the prizes they caught. The winners were Paul Tortell, 11, who captured 'Hillier'; Carl Peterson, 13, who snared 'Mussolini'; and Martin Cole, an adult who came up with 'Hitler'.

In the character section the winners were: Evelyn Burke and Patty Albertson, 'Mittie' Girls, \$200 first prize; Billy Jones, \$5 second prize, and Lois Jean Campbell and Bobbie Goodman, \$250 third prize.

The husband calling contest in the afternoon brought in \$5 first prize to Mrs. Nettie Moyer, \$25 second prize to Mrs. Earl Goodman, Jerome, and the third prize to Mrs. Muriel Murphy, Hazelton.

Rodeo, Parade, Clark's Talk Feature Rupert's Celebration

By MISS G. W. DOYLE
RUPERT, July 4.—Rupert citizens, joined by thousands of outside residents from up and down the Magic Valley, tonight ended participation in what officials termed one of the most successful July 4th holiday celebrations ever to be staged here.

Principal speaker for the celebration was Gov. Chase A. Clark, who told the assembled throng that America's men in the armed forces are giving their all, and the citizens who remain at home must back them in every possible way.

The governor's address was brief and wholly patriotic. He said in part: "We should look back to the time Cuba gained her independence, being so proud of their flag they said 'Let not one fold touch the ground,' and raised the folds to their lips that they might kiss them."

At tribute to the mothers of these boys, the governor said "they are the good soldiers, this flag be the water of their tears and the service flag." He asserted that we are no more patriotic than always but think more now of our liberties—we must put "our all" into this war to make it a success, our men must be properly equipped and we must meet every emergency so that every time we meet a man in uniform we may say we have done our part.

Bathing beauties, rodeo queens, horses and bands vied with each other Saturday, July 4, as three Magic Valley communities put on celebrations which attracted thousands. At Jerome there was 15 bathing beauties who contested for the title of Miss Jerome and a free trip to Sun Valley. Judges selected Mickie Sant, 16, who is shown at the far right (in white suit) in the top row of the bathing beauty picture.

The picture was taken by Hanford's studio. At the lower left is shown a portion of the Twin Falls parade. The picture shows, among other things, that the horse is coming back, with all their rationing and all. In fact, counting horses ridden by members of the Frontier Riding club, there were more horses in the parade than there were motor vehicles.

ARMY MAN ASKS UNITY IN LABOR

DETROIT, July 4.—Lieut. Gen. Dretton B. Somervell, flanked by labor leaders William Green and Philip Murray, today called upon American workers to understand and overcome "petty differences" and work shoulder-to-shoulder with the armed forces to "bring death to the Axis."

"America Can Win"
Somervell, pausing during a hurried inspection tour of Detroit's mighty war plants, most of which were operating during the Independence day holiday, declared America can win the war if everyone works together "as we never worked before."

Hours Are Long
The hours are long, 24 hours a day, 365 days a year. The benefits are immeasurable, they added.
