Nine Irrigated Idaho Counties

WAR BULLETIN
MEXICO CITY, July 8 (AP)—Mexico's first blow since the declaration of last month—a dive-bombing attack in the Gulf of Mexico which apparently stippled a zone of calm—was headed for the night by the army general staff last night.

PRICE 5 CENTS

County "Over the Top" in Lending Money for Bomber

By O. A. KELKER

With a final burst of bond buying which surprised even the most optimistic backers of the campaign, the right of the citizens of this county to select a name for one of Uncle Sam's great bombers—a name which will be emblazoned on its side and which will go with it into battle—was won today as the June-July quota of \$300,000 in bonds was surpassed "hands down."

At noon yesterday a check by the Times-News showed that there was \$187,020.50 to go—and at noon today there was \$270,000 more than was needed. In 23 days less than the deadline—July 31—the people of the county have reached the goal in the drive which started June 1.

The "Big push" in the final drive from noon yesterday until noon today was the result of the efforts of officials of the First Federal Savings and Loan association of Twin Falls \$300,000 to purchase another \$100,000 (maturity value) in the war bonds. This left only \$87,020.50 to go. Then a check at 11:30 showed that there was \$187,020.50 to go.

The Times-News telephone man said that the official report of the National bank of Twin Falls reported bond sales yesterday afternoon and for a part of this morning came to an exact \$40,000. This put the drive over the top by \$47,000.

Boats Make Valley

Officials today advised that the bond purchases which are included in the grand total for the county will now be \$270,000. This will now also apply on quota, which has been set for this county in the Middle West. And if this quota is reached by July 31—the quota being \$400,000—then valley citizens likewise will have the right to name another bomber.

All Helped

All communities, from the largest to the smallest, participated in all persons, from those in the dough to those who work for small wages. The bond drive was a success that drove which put the Twin Falls county race over with a bang.

What modified today by R. S. Tomlinson, associate administrator of the war savings staff for the eight counties in Middle West, is that Twin Falls county had reached its goal.

R. M. Lozden, deputy state administrator.

British Slash Axis Behind Main Front In Egyptian Battle

CAIRO, July 8 (AP)—British lightning units, dashing across the desert behind battering allied air attacks, were reported today to have stabbed at Axis lines as far as 30 miles west of the main battle front at El Alamein, destroying tanks and taking some prisoners.

The thrusts from the southwest against the defenses of Axis Marshal Erwin Rommel, designed to keep the enemy off balance and fire a weak spot in his armor, were dined with allied aerial bombardment that caused confusion in Axis concentrations and supply lines.

The main allied mass bombing attacks have been directed against the supply port of Benghazi, where the harbor section had been reported to have been completely destroyed. The RAF devastation raids on Cologne, "Raff" damage also was done by American and British planes in a daylight raid on Monday, when American fighters blew up an enemy supply train.

One front line dispatch told of 25 German tanks wrecked by quick attacks from the southwest. It was believed that Gen. Sir Claude Auchinleck was seeking an enemy breakthrough in the British reinforced eighth army before Rommel can bring up sufficient reserves to meet the attack.

The anti-axis organization, known as the Donza legion, was said to be a continuation of a 10th century Hungarian patriot.

Authorities Unsuccessful

Hungarian authorities were reported to have attempted unsuccessfully to get to the front of the organization's leaders. They were said to have known for many months that the anti-axis legion was disappearing from Hungarian army stores and later reappearing in the hands of Mikhalovich's Czechist guerrillas.

While underground reports described spreading guerrilla warfare against Hitler's occupation forces, axis oppression led to a new wave of anti-axis activity in Europe.

Sixty-two allied communists were sentenced to death in what the press called "the biggest political trial in Bulgaria for many years."

Reports from the Balkans spread rapidly despite German's efforts.

ROOSEVELT HINTS AT TIRE SEIZURE

WASHINGTON, July 8 (AP)—President Roosevelt said today that he was going to order the seizure of tires and rubber.

President Roosevelt said at his press conference last yesterday that he was going to order the seizure of tires and rubber, and warned that if the situation should deteriorate it might be necessary for the government to commandeer privately-owned tires.

Mr. Roosevelt made it clear that he was hopeful such extreme action could be avoided. He reported that no decision had yet been reached on the tire-saving gasoline rationing and said he hoped the gasoline and rubber problems might be separated.

Although the announced improvement in rubber collection, he said it already was apparent that scrap was not a cure-all.

Meanwhile the army, navy and petroleum coordinators' office appealed to car and motorist to discontinue immediately all unnecessary use of gasoline regardless of what their ration cards entitled them to. A joint statement was joyriding in the ration area was keeping war workers from getting to work on time, and that it was back and was threatening to hamper seriously the war production program.

In a drive to keep the 5,000,000 motor trucks in the country in good operating condition, the office of defense transportation announced that truck owners who signed a maintenance plan for their vehicles would be permitted to display a red, white and blue insignia.

Gandhi Suffers From Overwork

WARDIA, July 8 (AP)—Mahatma Gandhi, the wisest little old man of India, was examined by the specialists and his personal physician who was surprised to find that he was suffering from overwork and exhaustion and needs a two-week rest in a cool place.

Gandhi, who showed signs of extreme weariness while addressing the 100,000 people at the annual meeting of the Indian National Congress, was examined by the specialists and his personal physician who was surprised to find that he was suffering from overwork and exhaustion and needs a two-week rest in a cool place.

Lightning Starts Big Range Blaze

A lightning-strike fire today was burning in the Boise area, spreading rapidly in central Minidoka county a point near Sparks.

The fire, which started Monday during a severe electrical storm, was being fought by workers and firefighters. The fire is located in the Boise area, spreading rapidly in central Minidoka county a point near Sparks.

Three Men File For Nomination

BOISE, July 8 (AP)—Petitions of candidacy were filed with Secretary of State George H. Curtis today by three men who are seeking nomination for the office of attorney general.

The candidates are: Francis M. Dittline, Postoffice; Hoyt Ray, Idaho Falls; and Henry C. Billie, Boise.

Egypt Discussed At War Council

WASHINGTON, July 8 (AP)—The situation in Egypt and the possibility of operations in other theaters of the war, received a major share of attention at a meeting of the Pacific war council today at the White House.

Council members, representing the United Nations actively engaged in warfare in the Pacific, met today to discuss the situation in Egypt, and the possibility of operations in other theaters of the war, received a major share of attention at a meeting of the Pacific war council today at the White House.

Candidates Enter County List For Solon, Commissioner Jobs

Twin Falls county Democrats, who had previously placed any candidates in the commissioner races, were reported today by county officials for both posts which are to be filled.

The Bourbon candidates who filed their names today for the office of county commissioner are: J. E. Roberts, Twin Falls real estate man; for the Twin Falls district; and J. E. Roberts, Twin Falls real estate man; for the Twin Falls district; and J. E. Roberts, Twin Falls real estate man; for the Twin Falls district.

Military Men Trying Nazi Saboteurs

In a setting of secrecy, these seven army officers today opened hearing for eight German-born men accused of coming into this country in Nazi U-boats to sabotage the United States war effort. They comprise the first military commission since conspiracy to assassinate Abraham Lincoln. Left to right (top row): Brig. Gen. John T. Lewis, Major Gen. Walter B. Grant and Major Gen. Lorenzo D. Casser. Bottom row: Col. Cassin H. Dowell, Major Gen. Blanton Winship and Brig. Gen. Guy V. Henry. On the left is Brig. Gen. John T. Kesteven, head of the commission.

Trial Starts for Eight Accused of Sabotage Efforts

WASHINGTON, July 8 (AP)—In a setting of utmost secrecy, guaranteed by heavily armed soldiers, police and courtiers, eight German-born men went on trial for their lives today before a military commission sitting in the justice department.

The right accused of violating the espionage laws of this country with intent to spread fire and destruction by Nazi sabotage methods, were rounded up by the FBI after they had been landed by U-boats on lonely beaches of Long Island and Florida.

So veiled with secretiveness was the commission proceeding—the first important one of its kind since the Civil War—that not even the fact of the starting of the trial was made known officially.

An informed person confirmed it, however, after it became obvious from the arrival of the prisoners, the seven Germans who comprise the commission, the prosecution and defense counsel and a number of witnesses.

Prisoners Guarded

The prisoners arrived behind a wedge of motorcycle policemen on the right of freedom of the press has ordered all Argentine merchant vessels to avoid the east coast of the United States which Germany has declared a blockade zone, a high official source said late tonight.

In the future, Argentine ships will dock instead only at United States ports in the Gulf of Mexico. This action was taken after foreign Minister Enrique Luis Guinazu announced that Germany's sinking of the Argentine ship Rio Tercero off New York was a closed incident.

Argentina, which still maintains diplomatic relations with the Axis, had protested the sinking—the third attack on Argentine ships—and the crew members, the Army announced today.

The public relations officers at the airbase said that bodies of the men had been recovered.

An investigation was in progress to determine the cause of the crash.

AG FUND BATTLE NEAR SHOWDOWN

WASHINGTON, July 8 (AP)—The agriculture department was provided temporary authority to sell surplus food to the end of July and the way was cleared for a showdown on the anti-inflation fight for authority to sell corn and wheat for feed at prices below parity.

There were two new developments in the controversy which has held congress deadlocked for months on the agriculture department program for 1943. They were:

Approval by senate and house of temporary legislation giving the agriculture department, which has been technically without funds for a week, authority to start spending its 1943 funds, except for activities on which congress still is in disagreement, at 25 cents a bushel.

Passage by the senate of legislation authorizing the agriculture department to make loans at 100 per cent of parity to farmers cooperating in the agriculture department program covering the 1943 bushel of corn and 125,000,000 bushels of sorghum and 125,000,000 bushels of sorghum and 125,000,000 bushels of sorghum and 125,000,000 bushels of sorghum.

FLASHES OF LIFE

SWEET NEWS
KOCOMO, Ind., July 8—This was sweet news to Mrs. Virginia Alice Baker.

A farmer plowing a field in Blackfoot county, 25 miles east of Boise, was struck by lightning today.

It was blown away by a tornado which destroyed Mrs. Baker's home last month.

Two Men Die in Train Explosion

WILLIAMSON, W. Va., July 8 (AP)—Two men were killed and 30 injured in a high altitude attack yesterday on the Allied airbases on Horn Island, five miles off Cape York at the northern tip of Australia.

United Nations communiqué said today, damage was slight.

Over the Australian air front generally, the communiqué added, there was only intermittent reconnaissance activity.

Jap Planes Raid Allied Airbase

GENERAL MACARTHUR'S HEADQUARTERS, Australia, July 18 (AP)—Sixteen Japanese planes made a high altitude attack yesterday on the Allied airbases on Horn Island, five miles off Cape York at the northern tip of Australia.

United Nations communiqué said today, damage was slight.

Over the Australian air front generally, the communiqué added, there was only intermittent reconnaissance activity.

Two Men Die in Bomber Crash

WENDEVER, Utah, July 8 (AP)—A heavy Army bomber, on a routine night training flight, crashed and burned on the great salt flat 10 miles east of here last night, killing seven officers and enlisted men crew members, the Army announced today.

The public relations officers at the airbase said that bodies of the men had been recovered.

An investigation was in progress to determine the cause of the crash.

GERMANS THROW REINFORCEMENTS INTO TWO AREAS

MOSCOW, July 8 (AP)—Air and tank battles of great intensity were fought along the Don river front today when the Germans threw massed reinforcements into their offensive and widened the holes torn in the Voronezh and Stary Oskol sectors.

Dispatches from the front drew a picture of steady, relentless pounding by numerically superior Axis armor edging eastward through a cemetery of German men and machines in the Voronezh sector. They were still west of Voronezh, which the enemy claimed yesterday to have captured. Ten train loads of damaged German tanks and armored vehicles were reported moving to the rear for repair.

(The German high command said today the Russians were being pushed southeastward in the Don basin following capture of Voronezh, but made no specific claims as to positions. Turkish reports said the Germans were being headed for At-Trakan, at the mouth of the Volga, in an effort to isolate the whole Caucasus sector, and that it was rumored Soviet Marshal Semyon Timoshenko and British Gen. Sir Archibald Grant had conferred on allied operations.)

Russian counter-attacks are continuing against the German armor, and have diverted considerable enemy strength toward establishing a major counter-offensive, but it was not yet indicated whether Timoshenko had been able to launch a major counter-offensive.

Previously, Russian counter-attacks had been reported developing northwest of Voronezh (in the Orsk sector) and on the southern flank (near Kharkov), but with results uncertain.

Both sides, however, were throwing greater air strength into the Don river struggle, attempting to establish major superiority in the most important sector of the front.

Germans were hammering Russian formations, communication lines and railroads, but were meeting formidable night, but were meeting formidable

SUGAR INDUSTRY TO FIGHT ERSAZ

DENVER, July 8 (AP)—Sugar beet growers and refiners from Michigan to California met in Denver today to crystallize the industry's views on better rationing and distribution of sugar.

Principal topics under discussion were:

1. How the industry can contribute its greatest efforts to the war program.

2. The position and problems of the industry under the sugar rationing program.

3. Plans to "counteract" propaganda which unjustly minimizes the importance and value of sugar as a food and source of energy.

4. The industry conference said they were laying plans to gear the sugar industry more closely to the war program, thus increasing production of labor needs for field and factory, packaging of the product to conserve sugar, and increasing transportation facilities.

Reduction in consumption resulting from the rationing program, the leaders said, has greatly reduced the deliveries of sugar of all primary distributors. Discussion was being held on how this problem could be solved.

Growers and refiners also expressed resentment over what they regarded as the government's use of sugar substitutes. Officials declined to discuss the source of the government's production of available sugar supplies were sufficient to preclude the use of substitutes.

The views of the industry on these subjects will be compiled later today in a statement to be made before government officials.

Hoover Honored For Spy Roundup

WASHINGTON, July 8 (AP)—The senate judiciary committee today approved unanimously legislation authorizing President Roosevelt to award J. Edgar Hoover, director of the federal bureau of investigation, an "appropriate medal" for his roundup of Nazi saboteurs.

Argentina Bans Ships From U. S. Eastern Shores

BUENOS AIRES, July 8 (AP)—Argentina, still at loggerheads on the right of freedom of the press, has ordered all Argentine merchant vessels to avoid the east coast of the United States which Germany has declared a blockade zone, a high official source said late tonight.

In the future, Argentine ships will dock instead only at United States ports in the Gulf of Mexico. This action was taken after foreign Minister Enrique Luis Guinazu announced that Germany's sinking of the Argentine ship Rio Tercero off New York was a closed incident.

Argentina, which still maintains diplomatic relations with the Axis, had protested the sinking—the third attack on Argentine ships—and the crew members, the Army announced today.

The public relations officers at the airbase said that bodies of the men had been recovered.

An investigation was in progress to determine the cause of the crash.

JAPS SLASH AT CHINA RAILROAD

By The Associated Press
 WITH the Chinese still clinging to a 25-mile sector of the Chekiang-Kiangsi railway, the Japanese were reported today to have started a new thrust southwest from Nanchang in a fight for the Kiangsi-Hunan line, second loop toward an overland rail trunk with which the Japanese seek to link Shanghai and Singapore.

A delayed central news dispatch from Kiangsi said the Japanese penetrated Fenchang and Chuanhsing, 30 and 45 miles southwest of Nanchang, Monday afternoon.

Fighting fierce, it was said to be going on around the two towns.

Chinese reports said their troops had closed in around the Japanese advance forces which penetrated the two towns.

The Japanese already hold railroad connections from Manchow through Shanghai to Hankow, in a drive last month that took all but 25 miles of the Chekiang-Kiangsi line between Hangchow and Nanchang, the Chinese have reported holding grimly to the gap in the line between Nanchang and Shanghai and the Chekiang border.

The third United States aerial mission from the headquarters of Lieut. Gen. Joseph W. Stillwell said there was no United States air action in east China on July 7.

Atlee Hall Canton
 The Chinese central news reported that "allied aircraft" had made their second attack this month on the big Japanese base at Canton, beating off six Japanese interceptor planes.

The newspaper said the second raid occurred July 6.

In the battle of Australia, Gen. Douglas MacArthur's headquarters reported that 16 Japanese bombers had a "total" attack on the island, in the Torres Strait between Australia and New Guinea, inflicting slight damage.

Elsewhere, there was only "intermittent air reconnaissance," Gen. MacArthur reported, with allied fighters keeping constant vigil against any new massing of Japanese invasion airplanes in the ring of islands above Australia.

IDAHO MERCHANT PLAN GETS BOOST

BOISE, Ida., July 8 (UP)—A proposal for a statewide organization of Idaho merchants to undertake a price-control program has been placed in Congressional Record, according to Dr. W. R. H. H. reported in a letter received here.

The suggested program for merchants handling all rationing of the Boise Chamber of Commerce.

Could Be Expense-Free
 "All rationing and office of price administration work in this state could be handled without one dollar's expense to the federal government," Harlan declared.

"I believe I could guarantee to arrange for the setting up of the necessary offices in every community in Idaho where all the above work would be carried on by public officials, business men who would volunteer their services."

Our people are very apprehensive that with the close of the war we shall still have an expensive regulatory program, reaching into every hamlet in the country."

He said business men were fearful that "from 25 to 50 per cent of our merchants as the result of the inventory control."

Must Carry Stocks
 "Idaho is a long way from eastern manufacturing markets and our merchants necessarily must carry larger stocks than a community a hundred miles from New York City," he stated.

He appealed for an opportunity to set up the price control program and stated that "the office of price administration could attract much more support to its program if it would take the people it proposes to regulate more into its confidence and let them know what they are planning and what the expenses will be."

WPA Stops Many Projects in Area

Recent consolidation of former district offices with administrative functions now completely centralized in the state WPA office at Boise, has resulted in suspension of many projects in south central Idaho, according to word from Dean W. Miller, state WPA head.

Eight of the central Idaho counties are operating under a tentative quota of 288 men and women, about one-fourth of the total of a year ago.

Lowered WPA employment rolls due to several hundred projects being closed include Turner, Blaine, Burley, Jerome, and Twin Falls school district, community sanitation in Gooding county, Rupert water system, Rupert athletic field and Burley storm sewer.

TO OFFICERS' SCHOOL
 WENDELL, July 8 — Sgt. Abe Inlow, son of Mr. and Mrs. F. A. Inlow, will enter officer's candidate school at Fort Bill, Okla. He has been at Ft. Lewis, Wash., with the 13th field artillery, and has served the past 15 months with battery, forming of Gooding, Sgt. Inlow arrived Saturday and will leave for Ft. Bill this coming Sunday.

Why Cyprus Is Key Spot

Map above shows why the little island of Cyprus is a key piece in this war's Mediterranean sea puzzle. (1) An air-borne naval invasion could be launched from Crete. (2) If successful, it would undoubtedly have political influence in neutral Turkey, Key allied airbases (3) in Syria and Palestine could be bombed steadily, and Syria laid open to attack. The American land-lease route (4) to India, from which supplies are shipped by water to Egypt, would also be imperiled. Nazi paratroops from Crete (5) may attack Alexandria in the rear of British fighting Marshal Rommel to the west. Planes from a Nazi-held Cyprus could protect the flank of such an attack.

Idaho Starts Bicycle Ration Thursday; Here Are the Rules

BOISE, July 8—General rationing of bicycles to persons needing them in their work, or to travel to and from places of employment, will start Thursday in Idaho, C. C. Anderson, Idaho state OPA director, said today. Sales have been frozen since April 2.

With a quota of 384 bicycles to last through the remainder of July and all of August, local war price and rationing boards will allocate the vehicles on a general basis of need in connection with the war program and relief of public transportation facilities.

The five-point program has been laid down to guide boards. An applicant must show that:

1. He must travel quickly or often to deliver merchandise or messages or in doing other work, and would be better able to do so by bicycle than by walking or using public transportation facilities; or
2. He has to walk a total of at least three miles in going to and from work, and would be better able to return from work, using the most convenient public transportation; or
3. He has to spend at least one and one-half hours, including walking and waiting time, in getting to and from his job, using public transportation, and could cut this time by at least 20 minutes with a bicycle; or
4. Available public transportation facilities are overcrowded; or
5. A bicycle is clearly needed because of other circumstances.

The applicant must show that he will use the wheel at least three days a week, that he does not have one that will serve his needs and that he did not dispose of a serviceable bicycle since they were frozen.

Housewives and students, as such, are not qualified, but may be if they have some other occupation.

Children's bicycles do not come within the rationing program and their sale is restricted only by the limited supply. The only bicycles now being made are the standardized war models, but adult bicycles not in the hands of retail purchasers when the freeze order was issued in April also will be released subject to rationing provisions.

STEEL PAY RISE IN BONDS TALKED

WASHINGTON, July 8 (UP)—Some members of the war labor board today indicated that if the board orders a wage increase for "little steel" workers at least part of it may be payable in war bonds.

Board officials emphasized that no decision has been reached either on the wage or the union appeal demands of the United Steel workers (CIO) in the four little steel companies.

President Roosevelt's statement at his press conference last yesterday that a steel wage increase would be made in increasing the cost of living caused considerable discussion among the board members.

Mr. Roosevelt said he was against any further increase in living cost, but would not say whether he favored or opposed a steel wage increase.

One member said a wage increase payable in bonds would have no effect on living costs since it would not add immediately to the purchasing power of the workers. The bonds could be converted to cash after 60 days, but he said he believed most workers would hold them except in cases of urgent need.

WLB Chairman William H. Davis said recently that he would favor payment of wage increases in war bonds where the increase was not needed to maintain adequate living standards. He pointed to the shipbuilding stabilization agreement as an example.

The board, in concluding preliminary studies yesterday of a fact finding panel report on the "little steel" workers demand for a \$1 a day wage increase, discussed the shipbuilding agreement. Concluded three months ago at Chicago, it provided for an increase of eight cents an hour, payable in war bonds. President Roosevelt asked the shipbuilding workers not to insist on the 12 cent an hour increase demanded, pointing out that it would contribute toward inflationary living costs.

ARMY STARTS DEDUCTING FROM PAY FOR DEPENDENTS

PAYMENTS START NEXT NOVEMBER

WASHINGTON, July 8 (AP)—The army already has started deducting from soldiers' pay checks the contributions they are required to make to dependent wives and children under the family allowance bill which became law on June 23, although payments for these dependents will not start until November.

First deductions were ordered from July pay checks due July 1. But since some army posts already had their June payrolls made up when instructions were received, deductions in those cases will not start until Aug. 1. To prevent hardship the June deductions for these dependents may be spread over three or four months.

Government cash benefits are being added to these pay allotments, but both will be allowed to accumulate to a total of \$100 in the case of a dependent wife before the first deduction is made on Nov. 1. The law specified payments to be effective as of June 1 but delay in setting up the war-time pay system machinery will postpone the initial payments for four months.

Checks Monthly

Thereafter the government checks will go out monthly.

The allotment and allowance law apply to men in the army up to and including the rank of lieut. colonel. In the case of lieutenants and including three class petty officers. It provides aid to two dependent children in the case of class A and class B. In the former are wives and children and former wives entitled to alimony. In the latter are parents, brothers, sisters and grandchildren.

Monthly deductions of \$22 a month are mandatory when a service man has class A dependents. To this the government adds \$10 for the first child and \$10 for each additional child; \$20 for a child but not for a second child. Deductions for class B dependents are \$5 if there are dependent children and \$3 if there are dependent parents.

No damage was reported, except to stock feed, from the fire.

Smaller range fires in Ida, Elmore and Gen counties were also reported under control.

Here's a hide-and-seek game that's deadly serious — a British South African armored scout car cautiously circling the wreckage of a German Stuka dive-bomber downed during the drive of Nazi and Italian forces across Libya and deep into Egypt. (NEA Telephone)

GREW PUTS OUT BIG RANGE FIRE

BOISE, July 8 (AP)—A range fire which burned over several thousand acres of grazing land east of here is reported extinguished.

The blaze, nine miles east of here, was spotted by a spotted crow and spread rapidly before a strong breeze. A crew of Idaho Power company workers prevented flames from damaging high tension lines which crossed the area, and a crew of CCC rangers brought the fire under control.

No damage was reported, except to stock feed, from the fire.

Smaller range fires in Ida, Elmore and Gen counties were also reported under control.

FAIRVIEW

Mr. and Mrs. Grady Spradling and granddaughter, Joyce Wray of 210 Third Ave., spent the holiday week-end visiting at the Fred Spradling home. Miss Joyce remained for a longer visit at the Fred Spradling's.

Mr. and Mrs. By Barron and family, Buhl, and her niece, Bernice Smith, Fosco, were district guests Sunday at the Oscar Carlson home.

Harold Atkins has been graduated from his school of summer and is now located at Salt Lake City.

Mr. and Mrs. John Higbie and daughter, Mrs. and Mrs. Robert J. Foster, visited Monday evening at the Albert Kolark home.

Mrs. John Meyers entertained the Gen. Friends club Tuesday of this week. Guests were Mrs. Leonard Leth and Mrs. Ed Conrad.

Mrs. Bailey Leroin and grandson, Melvin Neffek of Ellier spent the holiday week-end visiting at the home of his daughter, Mrs. Joe Donams.

Mr. and Mrs. R. L. Davis and two daughters visited Tuesday evening at the Otto Hahn home.

Mr. and Mrs. Davis have bought the L. H. Brown farm, joining the Hahn ranch which Mr. and Mrs. Hahn continue to farm.

Mrs. Hahn's sister, Mrs. Ed Conrad, visited Tuesday evening at the home of her daughter, Mrs. John Meyer.

Mr. and Mrs. Ernest Voss and son, and Mr. and Mrs. Bob Creed and daughter, Mrs. Helen E. Johnson and daughter of Twin Falls spent the holiday week-end visiting at Redfish Lake.

Mrs. Nell McMurry is expected home this week after an extended visit with relatives in Idaho.

Mrs. Lionel Miller left Tuesday for a visit with her husband who is stationed at Primo Ruffo, British Columbia, Can. The children will remain with her parents, Mr. and Mrs. W. C. Post, and Miss Helen Miller, who is here helping with the work.

Mrs. Ed Conrad, assisted by Mrs. Helen Miller, Mrs. Helen Johnson and Mrs. Herman Van Zante entertained their bridge club at a dessert party Tuesday.

Ed Harding's nephew, Robert Harding of California, where he has been attending school for a year, spent last week visiting at the Harding home.

Rites Held for Cassia Pioneer

BURLEY, July 8—Funeral services were held for one of Cassia county's oldest pioneers, Mrs. Harriet Jones Story, who died last week at Albion after living there 70 years.

Mrs. Story, who was 80 years old, came to Albion from Sullivan county, Mo., and was among the first settlers in Marsh basin.

SHOSHONE

Mr. and Mrs. Carol Maxon and sons, former Shoshonians, are visiting in Gooding with her parents, Mr. and Mrs. J. W. Maxon, and in Shoshone with her parents, Mr. and Mrs. Frank Maxon.

Mrs. Lee Wimmer and daughter, Miss Beth Wimmer returned from a seven weeks' trip to Mrs. Wimmer's former home in Fort and Pennsylvania. They accidently hit Mrs. Miss Louise Matteson and Miss Dorothy Seelye, Shoshone school instructors who were also on a tour while in a hotel in New York City.

Miss Nancy Wimmer has returned after visiting the past seven weeks in Rockland at the home of Mr. and Mrs. Ellis Allan.

Mr. McMahon was taken to the Gooding hospital Monday in a serious condition.

Mr. and Mrs. Rosa Haddock received word that their son, Sgt. Robert Haddock, who has been in the front lines in the past six weeks, expects to leave immediately for overseas duty. He has been in the clinical department at squadron headquarters in the air corps at Lakeland, Fla.

Mr. and Mrs. James Miller and daughter, Miss Pleasant, Ia., who have been visiting Mr. Miller's brother, John Thomas and family, left Tuesday.

Miss Mae Walton underwent an appendectomy at the Gooding hospital.

After being in Shoshone on furlough for the past 30 days while awaiting placement, Robert Jones left for Portland, Ore. for cadet training at the Air Corps. He is the son of Mr. and Mrs. Harry Jones.

Mr. and Mrs. Richard Berpa, Rupert, visited over the week-end at the home of Mr. and Mrs. Joe Berpa. Duane, who had visited here the week with his grandparents, returned with them.

Only One Month Remains for Primary Voter Registration

Deadline for registration in the Aug. 11 primary election comes exactly one month from today in Twin Falls county. Auditor-Recorder E. W. Walter C. Musgrave reminded voters this afternoon.

Registration books for the nominating precinct will close at 9 p. m. Aug. 6. Because precincts in the county were divided and rearranged, registration of all prospective voters was called for by the board of county commissioners regardless of past registration. The county now consists of 38 precincts instead of 26, and boundaries of many precincts are longer than those of previous years.

There is no fee for registration, Auditor Musgrave said. It's just a five-minute matter of visiting the register in the voter's home precinct. But if a last-minute rush occurs, the sign-up will take considerably longer than that and will inconvenience many voters.

Revised list of Twin Falls precincts for the 16th precinct in the city and the adjoining rural area was announced today after a change in precinct No. 16. This is expected to be the final change prior to the primary.

THOMAS ASSAILS EXEMPTIONS CUT

WASHINGTON, July 7 (AP)—Senator John Thomas, R., Idaho, declined to believe that the house ways and means committee, in its actions on the next tax bill as tentatively announced, went too far in reducing the exemption on individual income from \$1,000 to \$1,200 for heads of families and from \$700 to \$500 for single persons.

If very low exemptions are maintained, Senator Thomas believes, credit on the part of the government to the feasibility of limited deductions for payments for insurance and disability.

The Idaho Republican said in a statement he approves the house committee's rejection of the treasury's recommendation for compulsory joint returns by husbands and wives, which regards as an encroachment upon the rights of husband and other community property here, to visit.

Mrs. Cora Hollifield and her roommate, Miss Josephine Suel, Idaho Falls, who are attending summer school at Albion, were fourth of July guests at the home of Miss Hollifield's parents, Mr. and Mrs. William Hollifield.

NAME

It was Mrs. Florence L. Christopherson, Twin Falls, who was slightly injured in an auto crash near Hahn on July 4. But wasn't the Mrs. Florence L. Christopherson a lot of people thought it was.

Yesterday afternoon one of the women having that name walked through the Times-News office to report that she was not hurt in any way. Rather, she said, it was another woman with that name who was hurt.

The shaken Mrs. Christopherson is the one residing at 174 Polk street. The Mrs. Christopherson who was not injured and who was not even in a wreck is the one residing at 330 Second avenue north.

NEBRASKA

Nebraska, during 1939, had 15.6 tubercular deaths per 100,000 of the population.

Half Credit Given For 4-H Club Work

GOODING, July 8—The state board of education will permit the giving of high school credits for 4-H club work under the supervision and with recommendation by the county agent, E. J. Palmer, the local school board has been informed.

This ruling was made particularly for the smaller high schools which do not have any agriculture or home economics teachers. One-half credit will be given for each completed 4-H club project.

Proper application must be made to the county agent before credit can be allowed. Local 4-H club members have received notices concerning this ruling.

Credit applications must be returned to Palmer's office before Aug. 15.

DUYS SERVICE STATION

CASTLEFORD, July 8—Clarence Carter has purchased the Castle service station from Robert Earle Ollitt and has taken possession.

HANSEN

Byron West and Mr. and Mrs. Earl Brown and son Jack, have returned from Redford, Calif., where they spent the past two months on defense work. Mr. and Mrs. Brown plan to return to Redford soon.

George Truitt has resumed duties as agent of the Hansen branch of the Union Pacific, following a two weeks' visit with his daughter, Mrs. Robert Cole at Quil Fort, Mrs. W. S. In-law, Capt. Robert H. Cole, stationed at Fort Shelby, Miss., spent his week-end with his family during Mr. Truitt's visit there.

Mrs. R. A. Duckett and son, Blandford Duckett, who have spent the past several weeks at Exeter, Mo., have returned here. Mrs. Blandford Duckett, who accompanied them on the trip, remained there and will be joined by her husband after their affairs are settled in Hansen.

Mrs. Mary Cox, Exeter, and Mrs. Marvin Franzer and daughter, Ruth, who left Hansen two years ago for Mt. Vernon, Mo., accompanied them here, to visit.

Mrs. Cora Hollifield and her roommate, Miss Josephine Suel, Idaho Falls, who are attending summer school at Albion, were fourth of July guests at the home of Miss Hollifield's parents, Mr. and Mrs. William Hollifield.

Butter-Krust Bread Advertisements

You're not talking about BUTTER-KRUST Bread, Mr. Columnist, because we have always contended that good bread must be light, firm and thoroughly baked with the very best of quality ingredients. We have never employed artificial means of developing so-called "stainy" textures because we know that good bread must be reasonably porous. In fact, we never use substitutes or trick formulas for any reason, because we are primarily interested in producing

HOLD EVERYTHING

ERSATZ USED IN AIRPLANE OUTPUT

LOS ANGELES, July 8 (AP)—Southern California aircraft factories are saving large quantities of strategic materials by use of substitutes developed in laboratory research. The aircraft war production council reported today.

One thousand pounds of aluminum have been saved in a single plane through the substitution of plastics and plywood, the council said. Although plastic has not yet been used to replace metal in flying planes, the Douglas Aircraft company has found them satisfactory in cases where they are not stressed.

The North American Aviation company has substituted low grade steel for aluminum successfully in its AT-6 trainers.

Projects at other plants, Consolidated, Lockheed, Vultee and Vega, have demonstrated successful use of other substitutes including kapok for rubber, dicals for aluminum and zinc for cadmium.

The aircraft council said chemists and laboratory engineers expected to develop still more substitutes to save vital materials without disturbing factors of safety, comfort or fighting ability.

CASTLEFORD

Florence Ellison and Irene Miracelle students at Boise, spent the holiday with their folks.

Clayde Lockhart, Lenore Wheeler and Mildred Ward LaBolt, students at Albion State Normal, were home over the week-end.

Mr. and Mrs. Robert Leaper spent the holidays at Redfish and Alturas lakes.

Marvin Abshire and Larry Haver, Denver, Colo., are visiting the Claude Abshire family.

Mr. and Mrs. William returned Saturday from a trip to Schuyler, Neb., where they visited with their folks.

Mary Adair Thornberry has returned from San Francisco where she visited her brother, Herman, and family.

50 More Years Needed to End Surveying Job

BOISE, July 8 (AP)—Only 50 years more and the job of surveying Idaho's mountain peaks and desert land will be completed. John Walker, head of the survey office of the U. S. land office, reported today.

Walker said survey crews had been trying to take measurements of the Gem state for 75 years but a large part of the job still remained to be done.

When first surveys were made, crews didn't think much about the Gem state for 75 years but a large part of the job still remained to be done.

Walker said survey crews had been trying to take measurements of the Gem state for 75 years but a large part of the job still remained to be done.

How Much Rubber Do Bakers Use In Bread?

A well known newspaper columnist has described—perhaps seriously, maybe partly in fun—the bread that's being produced by the American bakers as an "indigestible, unpalatable, horrible ersatz"—a counterfeit whose only resemblance to real bread is that it comes in loaves.

He describes the "imitation" as "ranging in complexion from sallow to black, and in substance, from putty to an Englishman's bath sponge.

"No one ever breaks bread any more," he says, "but stretches it until it snaps. It could as well be rolled or molded into strips and perfumed with licorice or mint, and sold for chewing gum."

BUY BUTTER-KRUST BREAD FROM YOUR GROCER

just the type of bread that you would like — the kind of bread that has won widespread popularity throughout Magic Valley. But now that you have mentioned the faults you find with bread generally, we — perhaps seriously, maybe partly in fun — are going to follow your own style in pointing out that BUTTER-KRUST Bread is not rubbery, stretchy, bouncy, snappy, or anything of the kind. Watch for our ads for the next month or so, everybody, because we're going to have a lot of fun.

AMERICAN TANKS STRIKE GERMANS WITH "TERRIFIC PUNCH"

ARIZONIAN FIRES FIRST AT NAZIS

By RICHARD D. MCILLAN Associated Press Staff Writer. WITH THE BRITISH ARMY IN EGYPT, July 6 (AP)—American tanks from the American army roared into action "with a terrific punch" against German tanks on a desert sand ridge at El Alamein, a boy from Arizona fired the first shot.

When the battle was over, four German tanks were blazing wrecks of steel and sand. Most of the crews were dead.

The Americans came from the plain with all their tanks and without serious casualties.

John Albee, Tucson, Ariz., was the first American to fire at a German tank in this war, according to the best account of the fight.

It happened this way:

A sandstorm was whirling over the desert at a point on the El Alamein road (the road to Capuzzo) from the famous North Africa desert crossing where the 2nd and 13th panzer divisions were battling on a junction of the El Tobruk, on June 11th. Some Italian tanks also were nearby.

Egyptian anti-aircraft guns guard the sky on the outskirts of Cairo, Egypt's capital. Egyptian anti-aircraft batteries were in position to defend both the Nile valley and the Suez canal. Already they have shot down raiding axis planes.

Army Nurses Had Fun, too, in Philippines

WASHINGTON, July 6 (AP)—Not all was terror and horror for the army nurses while in the Philippines. There was an occasional laugh.

One April day a plane which managed to slip in through the wire fence, brought a big package addressed to Edith Shuckette, a Kennebec woman in the nursing corps.

"Miss Shuckette" was on duty, wearing her overall, a cap and a pair of glasses, and she was around her middle to help them under a doctor's direction.

"In fact," said Lieut. Loop, "all Bataan knew Shuck had come. She had a note from a friend, wife of an army officer in the states, that she might like to have it sent to her." Shuckette put it on.

There she stood—a 145-pound blond wearing a size 42 khaki overalls, far too the regular army shoes topped with this black hat. That was a laugh. She laughed, too.

Mr. and Mrs. Owen Miller and Mrs. Donald returned from a vacation in Santa Barbara, Calif., and Mrs. Miller and Donald visited relatives at Pointe Blanche.

Mr. and Mrs. Morris Carlson and daughter, Julie, have returned from Portland, Ore., where they visited relatives.

COWBOYS TROUNCE OGDEN, 13-4, BEHIND CECIL'S PITCHING

New Hurler Fans 12 Red Batters; Robello Homers

Rex Cecil made his first start in Jaycee park last night whiffing 12 Ogdens batters and holding them to seven hits while his teammates combined hits, walks and wild pitches to score a 13-4 victory. Cecil also contributed to the hitting parade by blasting out a triple and a single in four trips to the plate.

Manager Tony Robello's long home run in the first inning with two men on base started the Cowboys on a hitting spree that saw them take advantage of every one to convert them into hits. Jack Hatchett and Nick Sumner had walked in the first inning before Robello's circuit clout.

Ogden started out with a bang to take advantage of two Cowboy errors, two walks and a double by Range to score four runs in the first inning. After the bad frame, Cecil was the hero.

Three More in Fourth The Cowboys scored three runs in the fourth inning. Cecil was safe on an error and Joe Rossi cracked a single to advance him to third. Sierra followed with another single to score Robello. Cecil slammed a long triple to center field to score two runners ahead of him.

The Wanderers added another run in the fifth when Lohrke singled, advanced two bases and a double by Frank Shanks' wild pitch, and scored on Cecil's single.

Cecil walked eight Ogdens batters but gave five strikes to eight. Robello, Lohrke, Sierra and Cecil each got hits for the Cowboys and Cecil picked up one.

The Wanderers travel to Idaho tonight for the Pioneer League. Angelo Ventrone or Jim Olsen will pitch for Twin Falls.

Jacobs Planning Battles for USO

NEW YORK, July 8 (AP)—Starting a series of fights in which many cowboys will do their part for the United States organizations. Weightwelter Champ, who followed with a single and a home run, scored the first run in a ten-round non-side bout with Bob in Madison Square Garden. Announcing the fight yesterday, promoter Max Baer said that the series will go through the fall and winter season, will be held in New York, Chicago and other cities, and that the service boxers will appear for the benefit of the USO.

Cowboys Release Bill Chenard

Bill Chenard, Twin Falls pitcher on loan from the San Diego Padres of the Pacific Coast league, was released last night. Manager Tony Robello announced Chenard, who came here highly recommended, has failed to win a game for the Cowboys in his last three appearances here. Chenard has been released yesterday. Jack Noriega was given the pink slip yesterday for violating training rules.

Americans Blast Feller to Beat Service Team, 5-0

MUNICIPAL STADIUM, Cleveland, July 8 (AP)—The American league all-stars shut out the service all-stars, 5 to 0, in Cleveland's flooded night Municipal stadium last night before a crowd of 62,094.

The American leaguers drove Feller Bobby Feller, Cleveland's fireballer from the mound in the first two innings, scoring three runs on four hits before he was replaced by Johnny Rigney, late of the Chicago White Sox. Rigney allowed only three hits in five innings and gave way to Mickey Harris, formerly of the Boston Red Sox, at the start of the seventh.

The Americans quickly scored two runs off Harris, Phil Rizzuto, Yanks' double and stole third. Ted Williams, Boston, tripled scoring Rizzuto, and counted on George McQuinn's triple. McQuinn had the game's longest hit, a lead-off at first. John Grodzicki, right-hander, formerly with the Cardinals, hit the winning run.

The quartet of service all-star hurlers allowed 10 hits. The game was preceded by Cleveland Indians, pinching himself out of a hole after making two. "Big Huddon" and "Red" Huddon, Boston Red Sox, aided Bobby Feller in the American mound duty.

Feller seemed to lack his old effectiveness after Lou Bendure, hero of the American-National game last night in New York in which he pitched six innings, took the night to meet the service all-stars, had filled out, Henrich struck him in the dirt at second, the pitcher's box. Williams drew a walk. Joe DiMaggio, after being cheered and applauded, singled a ground single into center, scoring Henrich and putting Williams on third. Cards lunged for then let Williams cross the payoff station. Doerr's pop entered the inning but the second Ketcher cracked Feller's first pitch into deep center for a triple. Huddy Roar then singled to score Ketcher and Coolidge.

Dempsey Predicts Next Champion To Be in Service

CLEVELAND, July 8 (AP)—The world's next heavyweight boxing champion will come out of the nation's armed forces, in the opinion of Lt. Jack Dempsey of the coast guard. "It's a sure thing," said the Marine boxer, here for the service all-star baseball game last night. "Just think of the boys who are going to find out what they can do in the ring. When these kids find out they can fight, and learn how to get the best conditioning, you'll see some real boxers developed."

Senators Beat Camp Lee

RICHMOND, Va., July 8 (AP)—The Washington Senators, collecting a total of 12 hits of two for the league hurlers, whipped the Camp Lee baseball club, 5-2, before a serious yesterday in an exhibition game. Porter Vaughan, formerly of the Cleveland Indians, and Hank Nowak, former St. Louis Cardinal, tossed, were the soldiers' pitchers.

Retina-Dorazio Matched

MELBOURNE, contender for Joe Louis' heavyweight championship, got the heavy Philadelphia, have been matched in a ten-round bout, promoter Herman Taylor announced yesterday. The bout will be held July 27.

Heart's and Flowers

Sport Squibs

By Bob Leight, Pitch-Hitting for Hal Wood

Manager Tony Robello's action yesterday in releasing Jack Noriega, bulky hurler, for violation of training rules may prove to be a warning to any other Cowboys who have been lax in their training. Robello doesn't believe that this year's Cowboy team goes in for night life as a rule, but probably a good share of the blame for last year's crew's showing could be blamed on night life.

After Monday's game Robello announced a practice session for the Wanderers at 9 o'clock yesterday morning. Noriega and Pitcher Bill Chenard failed to show up. Chenard was fined \$25 for missing the session, but the fine was suspended last night when Chenard also was handed his release.

It is a tough blow to lose a player for breaking training, but it will help the Cowboys in the long run. Chenard was a first-class pitcher respecting training rules and building up prestige and respect for Robello among the players.

The releasing of Noriega and Chenard whitened the Wanderers' mound staff down to five hurlers: Joe Faris, Rex Cecil, Jim Olsen, Tony Jett and Angelo Ventrone. Five pitchers are hardly enough to carry the burden, especially when a series of double-headers comes around, so the Cowboy management probably is searching around for more hurling talent.

Abandonment of the West Texas-New Mexico league this week would give the Cowboys another fertile field in which to hunt "vogy."

Small pitching staff or not, it still looks mighty good to Puncher or backup Joe Rossi. After last night's game, Rossi exclaimed: "When Cecil has really got his stuff on that ball, with our pitching staff we ought to lack the second half."

And while we are on the subject of Rossi, to him goes our hats off department prize of the week for the job he performed last night in slowing down Cecil. The new Cowboy hurler has a natural tendency to work fast—too fast. Rossi was forced to use every trick in the book—walking out to the pitcher's mound, rubbing the "sauce" off the ball, digging a foot hole in the catcher's box, and several other time-stalling devices—to slow him down.

Incidentally, Rossi played last night with a badly split finger on his right hand.

PHILADELPHIA, July 8 (AP)—Lightweight Champion Sammy Angott, who was blasted out of the box by the junior circuit all star team, the army-navy all-stars lost to the major league champions, 5-0.

PHILADELPHIA, July 8 (AP)—Lightweight Champion Sammy Angott, who was blasted out of the box by the junior circuit all star team, the army-navy all-stars lost to the major league champions, 5-0.

Givan Takes Lead In Western Amateur Tourney

SPokane, Wash., July 8 (AP)—Handsome Harry Givan, Seattle, American Walker cup team member in 1927, bogged out a three under par 67 yesterday to lead the field at the half-way mark in the 36-hole quality tourney of the 1932 western amateur golf championship.

Trailing the husky Seattle entry were Vern Callison, Garrettsville, Calif., 70, and three 71 shooters, Harry Miller, Seattle, a year newcomer; Bruce McCormick, Los Angeles, and Willford White, Racine, Wis., holder of the Mexican amateur title.

Defending champion and national amateur title holder, Marvin "Bud" Ward, U. S. A., was somewhat off the pace at 73, while two other notable national public links champions, Bill Welch, Houston, Tex., and Corp. Pat Abbott, U. S. A., Los Angeles, finished far back as the second half opened. Each had a 78. Abbott, former national public links champion, was defeated by Corp. Ward last year in the finals of the National amateur at Omaha.

Pilots Pounded Out 15 Hits, Beat Russets

BOISE, July 8 (AP)—The Boise Pilots pounded out 15 hits to defeat the Idaho Falls Russets, 14 to 6, last night and retained title of the Pocatello Cardinals for the Pioneer League.

The Russets got one in the fifth and four in the seventh—knocking Darrell Fields from the box in favor of Al-Korhonen, and one more in the eighth.

Max Little yielded up 15 hits to the Pilots, while the Russets batted out 11 safeties off the two Boise moundmen. Each side made three miscues.

THE ENEMY AGAIN CHAPTER X

There were no shots from above, but a murmur of excited voices reached Tom and Judith. Flashlight beams all around, never quite spotting them under the wharf. For a few seconds the swimmers stopped paddling in the water and huddled together, holding to the barnacled post.

to strong arms and against a wet coat and a body that shivered with cold. His hand tilted her head back and he kissed her lips that set her whole body tingling with excitement. He freed her lips but held her tightly in his arms.

He pushed her from him and she huddled in a dark corner. She heard him swear. "The Pacific has your gun but I've got a good right fist." They walked. Tom panted at the foot of the steps, every muscle tight with light, eagerly breathed. This would be either the beginning or the end of things for them, but at least she and Tom were back together.

"This can't last long, Judy," Durko whispered hoarsely, his teeth chattering. "They'll find us sure. They know we're under here."

"Well, I don't want any of your love," she said and wondered why she was telling such a lie—it was the only thing in the world she did want.

There were cautious steps above. Then a flashlight poured down light. Judith, scarcely breathing, Tom made a flying tackle for his legs and brought him down head a quick right to his jaw put him out for the moment. Tom saw the man was heavy.

"Then come on, darling." The tender word strengthened her with new hope. They moved in and around the boats, swimming as quietly as possible, but not without a splash picked them out. No shots came, but Judith was tense with fear, swimming furiously now, they drew out of the light range and reached a white schooner anchored with the trees and huddled together.

"No!" He kissed her again. Slowly, she felt herself sink into a well of happiness and then just as slowly came back to the present. Against her will, her arms clung to him. Then he let go of her so abruptly that she fell back to the bunk. He drew in a sharp breath and Judith was too stubborn to give way to tears and let him know he had won. Instead she got angry.

A second man had appeared, and Judith cried out sharply as she saw him raise the butt of his gun to bring down on Tom's head. Her warning came a second too late and Tom's dodge did not take him out of reach of a glancing blow. He went down, and in that moment the spies won the upper hand.

"I'm not sure this is a safe place but it gives us a chance," Tom panted, scanning the darkness. "Surely they can't bound us much longer. The detective should be along soon. He was to follow Judith and draw her out of the forward and wrapped her arms around herself for protection against the cold air. "I'm freezing, Tom—simply freezing to death."

"Judith, sweet—" he said, "stop! don't you give in and say—" He broke off abruptly. "—" He whispered, her heart beat chokingly.

"That was a foolish move you made back there," Karl remarked. "I could have shot you easily—both of you." "This is a good spot as any," said Judy, scrambling to his feet and shaking his head. He drew a cord from his pocket and set to work binding Durko's hands and legs; then he pushed him into a chair.

"He took her hand and pulled her onto the deck to the cabin door. Luckily it was not locked. Judith stumbled down the first step but he caught her up in his arms and set her safely on the floor below. His arms dropped away from her at once while her heart cried out to him not to let her go.

"Yes, Judy," he said. "I'm sorry I was so mean, darling, about your job." He put a finger under her chin, lifting her face. "I do love you, sweet-heart. I have every minute of the time. Please keep on being brave."

"You will talk now." "All right," Karl reached a hand for Judith. She gritted her teeth as the man's fingers dug into the flesh of her arm, but kept her face averted so Tom could not see the flash of pain in her eyes.

"I can find some old clothes for you," he said, fumbling in his pockets. "I've got to get out of these wet things before we catch pneumonia." There was nothing to be found, but he kept looking. Judith's fingers discovered a blanket on one of the bunks and she wrapped herself in it, wet clothes and all, and sat down on the edge of the bunk. Quite without warning, she laughed—a laugh that was next to tears and hysterics.

"When I get out of this mess, the company owes me a real vacation and another raise in salary. I'll never be the same." "You poor, sweet darling," said Tom softly from across the room. Judith stared in the direction of his voice. Her heart thumped and she rubbed her eyes. She wondered if he couldn't hear it.

"All right," Karl reached a hand for Judith. She gritted her teeth as the man's fingers dug into the flesh of her arm, but kept her face averted so Tom could not see the flash of pain in her eyes.

"One that beats for a redhead," he laughed. "Now don't try to make me say more, Judy, or I'll prove what a real sentimental streak I have. What you have gone through for me..." "You don't owe me a thing, Tom Durko," she flared hotly. "I have only been following orders. It's my job—the job you thought so stupid for a girl."

"A pair of leather lunks made me a sergeant in the last war—now it looks like you have to be a cross between Henry Ford and Thomas Edison!"

"You will talk now." "All right," Karl reached a hand for Judith. She gritted her teeth as the man's fingers dug into the flesh of her arm, but kept her face averted so Tom could not see the flash of pain in her eyes.

"I'm not sure this is a safe place but it gives us a chance," Tom panted, scanning the darkness. "Surely they can't bound us much longer. The detective should be along soon. He was to follow Judith and draw her out of the forward and wrapped her arms around herself for protection against the cold air. "I'm freezing, Tom—simply freezing to death."

GERMAN THRUST FOR OIL SERIOUS

By DEWITT MACKENZIE
Wide World War Analyst

As the Nazi Napoleon begins to make the weight of his army begetting to take refuge in the remark that, after all, it is not the oil, but the oil, the middle east and Egypt and still win the war.

"That's a serious idea of course to be considered. There is, of course, a modicum of truth in the assertion, but the real danger is not the oil, but the oil, the middle east and Egypt and still win the war."

"I'm not one of those little faith who believe that the allies are doomed to defeat in this war. The most vital of the whole world war, our best ally, is the oil, the middle east and Egypt and still win the war."

Rubber Burner

Declaring "There is no law against" Emperor Hiroto, mayor of San Francisco, found himself in jail for burning four old auto tires to meet cop out of slavers and generators. Police and CIO officials pondered whether the charge could be lodged against White.

SAILORS COOL AS SHIP GOES DOWN

Editor's note: In the following dispatch, a veteran United Press foreign correspondent reveals for the first time the story of the sinking during a Mediterranean air-raid battle in mid-June. The British Admiralty announces the Hermon's loss last Friday.

By HENRY T. GORRELL
ALEXANDRIA, Egypt, June 17 (Delayed) (AP)—The cruiser Hermon was sinking rapidly, but her skipper, Capt. G. N. Oliver, remained at the signal key, steadily blinking directions to rescue vessels.

RELIGIOUS PEACE URGED BY SOLON

CHARLOTTESVILLE, Va., July 8 (AP)—The post-war peace must be built upon man and the best teaching of God, and its terms will be written by the United Nations, he said, before the end of the war.

Former missionary to Japan and outstanding student of far eastern affairs, he led the institute of public affairs at the University of Virginia that must be placed "where she legitimately belongs," and he predicted the unification of China's 400,000,000 inhabitants would prove to be one of the greatest of all post-war problems.

Mr. and Mrs. Santo Domingo—now residing in Boise—were in Twin Falls with the city of Columbus brother, Bartolomeo, and named for their father's patron saint.

AIR ATTACK SEEN IN SECOND FRONT

CHARLOTTESVILLE, Va., July 8 (AP)—Major Nathaniel P. Silbee of the army air corps indicated today that the first phase of a second front in Europe would be an aerial attack.

Speaking before the Institute of Public Affairs at the University of Virginia, Silbee said:

"It is not for me to say whether or not the huge air offensive which the RAF bomber command is now staging may be regarded as a second front. It does seem certain that some of the strategic aims of a second front can be accomplished by air alone."

"It is evident that the first of-

NAZI SUBMARINES SINK DUTCH SHIP

By United Press
Sinking of a Dutch cargo ship in the Caribbean May 12 by a submarine which had a German commander and a crew apparently Italian, was announced today by the United States Navy.

The announcement brought to at least 36 the number of United Nations merchant ships sunk in the western Atlantic since mid-January. The navy announced four submarine sinkings yesterday.

The Dutch vessel was struck by a torpedo at 10:30 p. m. and sank in 10 minutes. All 27 seamen were saved.

The ship's master, who talked with the U-boat commander, said he was definitely German and that his crew appeared to be Italian. The survivors sailed 440 miles in five days before a rescue ship picked them up and landed them at a Caribbean port, from which some were transferred to a gulf coast port.

Sinkings announced by the navy included:

A small American merchant ship sunk in the Caribbean on June 7. Four men were lost.

A medium-sized Norwegian freighter in the Caribbean on June 15. Twelve men were lost.

A small British tanker, shelled and set on fire June 17 in the Caribbean by two submarines. One man was lost.

A medium-sized United Nations vessel which sank off the Atlantic coast Tuesday after a collision. All aboard were saved.

ZERO

LOS ANGELES, July 8 (AP)—What asked Paul Dardasala (D'orr), an oil field operator, is the half of nothing?

D'orr, California director of the office of price administration, was perusing into an empty envelope. The letter from Washington stated the July and August rice rationing was cancelled.

It looked therefore, D'orr decided, as if the bike quota was "nothing."

Then D'orr picked up another envelope. It instructed him to halve the previous quota.

DECLO

Mr. and Mrs. Vaughan Wardsworth, Chino, Mont., are visiting her parents, Mr. and Mrs. Henry Norton. Mrs. Wardsworth was formerly Miss Nina Norton.

Mr. and Mrs. Milton O'Connell are the parents of a daughter born Wednesday, July 1.

Albert Lively, who has spent the past year at McCall, in the CCC camp, arrived to visit his mother and sisters.

Mr. and Mrs. Lloyd Fisher and daughter, Carol, visited the parents, Mr. and Mrs. R. P. Fisher and Mr. and Mrs. Charles Fisher.

Miss Mary Darlington left for Salt Lake to visit relatives and friends for two weeks.

Miss Betty Christensen, Salt Lake City, was a recent guest of Miss Cecile Fisher.
