RUSSIANS ADMIT FALL OF CITY TO ENEMY TROOPERS

By The Associated Press Nazi Germany's mechanized might drove into the north Caucasus today over widened bridgeheads across the Don river south of Tsimlyansk and the bridgehead of Novocherkassk and Rostov in the grayest moment of the entire war for the Soviet Union.

Into their bid for conquest of the Caucasus—Russia's oil barrel country—opened to the south—the Germans hurled forces which Red Star, organ of the Russian Army, said were "many times superior" to the number of the defenders.

Russia's major oil fields, however, are around Baku, on the Caspian Sea, 700 miles from the Caucasus and across the Caucasus mountains from the present fighting.

The Russian (open areas) at Tsimlyansk and Voronezh sought by flanking attacks to relieve German pressure on the southern front.

**Rejects Treasury Proposal**  
Chairman George D. Tamm announced the committee had decided to disregard a Treasury proposal for federal taxation of the income from state and municipal bonds—a potential producer of \$200,000,000—had left open for further action the question of taxing income from future loans. The latter proposal would yield \$100,000,000 in revenue.

**While the community property state tax proposal was yet to be passed, the committee also considered it would have the effect of disregarding a public policy of disallowing a deduction for property transferred to a trust.**

# HIGH COURT TO STUDY CIVIL REQUEST OF ALLEGED SPIES

## FOR POWER MAY GET NEW TESTS

WASHINGTON, July 28 (AP)—A possibility that President Roosevelt's wartime powers might be tested by the supreme court today as the nation's highest tribunal interrupted its summer recess to determine whether agents of alleged saboteurs on trial before a secret military commission are entitled to the protections prescribed by the bill of rights.

Chief Justice Harlan F. Stone announced through a clerk that a special term would be held tomorrow so that counsel for certain of the prisoners may apply for habeas corpus writs. If the court should decide to entertain the petition, then again, if the case might be transferred to a federal district court.

In appointing a military commission to try the eight suspects accused of offenses against the law of war and the articles of war, President Roosevelt issued a proclamation denying any appeal to civil courts by persons who have entered the country since the war for the purpose of committing a crime against the government.

**Informers**—Persons who withheld the use of their names, said petitions would be presented on behalf of the accused. The high court will whose testimony was completed before the military tribunal yesterday after a hearing in which the accused testified that they were not involved in the crime.

Informers, persons who withheld the use of their names, said petitions would be presented on behalf of the accused. The high court will whose testimony was completed before the military tribunal yesterday after a hearing in which the accused testified that they were not involved in the crime.

**Set Precedent**—The court ruled to proceed on a writ brought by the Italian ambassador for recovery of a tanker seized by this country, explaining that "war is the right of enemy claimants to prosecute actions in our courts."

The full bench of nine justices was expected to be heard tomorrow for the first special term in more than two decades.

Shortly before the call was announced, the military commission subpoenaed United States Supreme court intervenes. It will hear hearing (final arguments) tomorrow.

The prisoners are being defended by United States army officers, duty-bound to protect their every interest.

## City Pledges Jobs to Wait Service Men

Members of the city council last night approved suggestion of Councilman of Public Safety C. W. Coleman that all city employees working for the armed services will be granted leaves of absence for the duration and that their jobs, if they want them, will be waiting for them when they return.

As a result of this action the councilmen approved leaves for M. Coleman, fireman, who will leave shortly for army service through selective service, and for M. E. (Pet) Rountree, patrolman, who leaves in the near future for the air corps after having volunteered for flight training.

"I think it is only fair that the jobs of those who are called to defend their country, or those who volunteer, should be saved for them," Coleman said.

## Burley 4-H Club Picnic Cancelled

BURLEY, July 28—Dates for the Burley 4-H club picnic have been tentatively set for Sept. 11 and 12, according to arrangements made at a meeting of county agents of south central Idaho held in Burley.

With 240 club members enrolled in 4-H projects it is anticipated that the showing of members will be one of the best ever, even though no county fair will be held in conjunction. A district 4-H club fair and county fair in Cassia county will be held in the district fair at Jerome Aug. 16 and 17.

The annual 4-H summer picnic, which has been held in Howell canyon in the past, has been cancelled due to the labor situation and the shortage of food. A social program may be worked into the fair to replace the picnic.

MILNER, July 28—The mother of five sons who are now serving in the armed forces, Mrs. John Simon, of Ashland, Neb. James Ellinger, 21, U. S. navy, is attached to the crew of a freighter with the north Pacific fleet, Richard Ellinger, 19, U. S. navy, is now receiving special air flight training at the University of Minnesota preparatory to submarine service.

One United Here—Richard was granted an emergency leave and visited his mother for a few days during his confinement in the hospital. This was a great relief to the mother, as the boys she has seen in uniform. None of the others has received a leave and she is anxious to permit him to visit his mother.

Mrs. Fremont H. Clark, Wadena, Minn., daughter of Mrs. Simon, accompanied by her husband, came to Twin Falls immediately upon learning of the ship accident. They will remain for at least another week at Milner. Upon their return to Iowa they will be accompanied by a younger son of Mrs. Simon, Millard Ellinger, who intends to enlist in the navy on his birthday, Aug. 8.

## Gooding Guards Receive Shotgun

GOODING, July 28—Fifty-one shotguns have been donated to the Gooding Guards, a fourth infantry, Idaho state guard. First drill with the guns was held at the regular drill last week. Rifles which the company had previously used have been shipped to the ordnance post at Orderville, Utah, and the new shotguns will be supplied by the government.

The ordnance post at Orderville, Utah, has received a request for the names of 10 men as volunteers for active service.

It is expected that the 1st Lt. Lawrence Van Riper, Sgt. Fred Clark, Sgt. John Varin and Sgt. Maurice Wehrle, will be the preliminary drill of the Camas county volunteer reserves at Fairview.

Males have eyes. These are hidden by the fur and are so tiny that they probably serve only to distinguish light and darkness.

## JAP LAND UNITS MAKE ADVANCES

GENERAL MACARTHUR'S HEADQUARTERS, Australia, July 28 (AP)—Japanese patrols advanced today through interior New Guinea, apparently intent on establishing a base of the main advance from Port Moresby on the south coast opposite Australia.

A communique issued at Gen. Douglas MacArthur's headquarters revealed allied patrols had clashed with enemy forces at the native village of Ori, only five miles from Kokoda in mid-New Guinea.

Kokoda, on a plateau at the eastern base of the formidable Owen Stanley mountain range which forms the backbone of that Papuan end of New Guinea, is 35 miles from Port Moresby.

Gain 30 Miles—In one day, since the first clash between the allied jungle patrols and the Japanese from the new Buna-Gona base on the north coast, the enemy forces had advanced about 30 miles.

Anxiety over the new enemy advance to Port Moresby, the Japanese had anticipated the initiative in ground fighting and they had started fires with direct hits on airdrome buildings, barracks and other installations.

Darwin Raided—Darwin, the big allied port, Australia could not be raided last night by small enemy plane forces, and a single flying boat jetted over the harbor under intensive anti-aircraft gun fire, outside Townsville on the Horn of Australia coast, which had its first raid Saturday night.

Gen. MacArthur's planes struck a new, hard blow at the enemy's Buna-Gona base when five bombers first put into action last week, then used an ammunition dump, while other planes made two strong night attacks on the Japanese base in the northwestern Australian zone, and started fires with direct hits on airdrome buildings, barracks and other installations.

## MODERNIZED

Under suspension of rules, city counciling last night passed an ordinance in "modern" form which bans the place of the old electric ordinance.

The old law, it was explained, was outdated in that fees for many of the inspectors which were not listed. The new ordinance lists these fees, together with some changes in the old law.

The ordinance was introduced by Commissioner O. H. Coleman and passage was unanimous.

## TRAIN SERVICES TO BE CURTAILED

WASHINGTON, July 28 (AP)—Transportation Director Joseph B. Eastman said today that, despite some local dislocations and inconveniences, local train service probably would be discontinued for the duration of the war in places where maintaining bus service is reasonably adequate.

Declaring that he had requested state public service commissions to survey local rail and bus passenger service with the view of releasing railroads and cars for more important service, Eastman declared that "unnecessary duplicate service must clearly be avoided."

Commuter trains would not be affected, he indicated.

"There are many places in which local accommodation train service is paralleled by bus service," the transportation head wrote the state commissions. "This is true both as to main lines of secondary lines."

"In all such cases where the bus service is reasonably adequate it would seem that under present conditions, the local train service should be discontinued and the equipment placed in more important use after the harvest at which time he plans to enlist in the navy, Harold Simon, under accession, is now employed by the Douglas Aircraft company at Long Beach, Calif.

Friend of Them All—"Of course I am very devoted to my boys and anxious over their welfare and safety. But I am very proud of them and would not have them shrink their duty," says Mrs. Simon, smiling through her bandages. "I am very thankful to the Red Cross American Legion and all my neighbors for their kindness. This shows me that they too share in my pride for my boys."

Mr. Clark, her son-in-law, is totally blind and a veteran of World War I. He saw 14 months overseas service on board a U. S. submarine chaser on patrol duty in the English channel and North sea. He is a medical candidate at the coming election for representative in the Iowa state legislature.

## 28 EXECUTED IN FRENCH REPRISAL

VICHY, July 28 (AP)—The Germans announced today the execution of 28 persons in Lille on conviction of a series of offenses, including sabotage, possession of weapons and communitarian activity.

Most of those condemned were mine workers in the Lille region.

At the same time French courts at Douai, a suburb of Lille, sentenced five persons to life in prison for stealing ration cards, and 25 others to a total of 40 years in prison.

Delayed advice from Coutras, also in the Lille region, said an unspecified but considerable number of persons had been arrested as saboteurs after five tries were started in one night.

"The Germans unambiguously declared that a number of persons was arrested 'for sympathy' and that radios and bicycles were being confiscated."

**TUCKER'S NATIONAL WHIRLIGIG**

**MONEY**—A detailed and comprehensive study of historical employment of fake bank notes as a weapon of war has been circulated confidentially among key government officials by Frank J. Wilson, chief of the United States secret service. His brochure, together with treasury safeguards set up by Postmaster General E. A. Tamm, has costumed the enemy's use of cash on this continent.

Contrary to public belief, Hitler was not the first to employ counterfeit money. He was the first to employ captive countries, or to precipitate inflation and virtual confiscation of the money of a country with a flood of money bills. Napoleon Bonaparte was a counterfeiter as well as a conqueror. He issued Austrian and Russian certificates. During our revolution the British shilling was used to shake the faith of our people in the new republic's issues and the phrase, "not worth a Continental," really originated.

**RAY TUCKER**, moderately successful effort during the Russo-Japanese war of 1904. Ticker established an elaborate plant on the Atlantic seaboard, producing 80 million dollars' worth of rubles for use among the natives. Ticker engaged in this enterprise on a large scale and is now producing his stuff in the far east.

Under a special treasury order Mr. Wilson's operatives are watching closely all specie and stocks returning to the United States by foreigners and returning citizens. It is believed that many of these may be carrying any balance is placed in, sent to, or received by the federal reserve branch and the owner compelled to furnish a receipt of possession. The same procedure applies to every kind of security. So far many millions comprised of "hot" money and some which are not, have been seized and deposited where they cannot be used for anti-American purposes.

**JOKE**—The secret service document, which would be a best seller if released for general publication, tells an amusing tale of how a Chinese craftsman with an excellent sense of humor outwitted the invading Japanese. He had worked in the Peking engraving bureau and was ordered to fashion a block for printing "Part of the design of the genuine notes of this type." Mr. Wilson's pamphlet says, "departs an old trickster. He took the block, held it in his hands. The captured engraver, however, in making the counterfeit plates for the Japanese, wearing a sniggering grin, showed the block to the man under the arm of the figure, and the index finger of the right hand protruding from a circular opening made by the finger of the left, he gave the block a shove. The man under the arm of the figure, who was a Chinese, was so taken by the sight of the block that he forgot to take it. The man under the arm of the figure, who was a Chinese, was so taken by the sight of the block that he forgot to take it. The man under the arm of the figure, who was a Chinese, was so taken by the sight of the block that he forgot to take it.

**ISOLATIONISTS AND STOGES**

While we all are chiefly concerned with winning the war, that is no reason why we should believe all the criticism that is being heaped upon the so-called "isolationist" members of congress by opponent candidates who hope to unseat them. Nor should we let anyone fool us for a minute into thinking that the congressmen so criticized are responsible for our defeats.

We should not forget the fact that politics is politics—war or no war—and that some candidates will go to any length to make "goats" for their adversaries.

Now that we have taken a number of embarrassing lumps during the early stages of the war, it affords some aspiring politicians an opportunity to blame these "isolationists" for our defeats, by accusing them of being obstructionists, unpatriotic and jacking foreign.

The fall of Guam Island seems to be one of the chief issues being used for such purpose. The critics continue to harp about the isolationists defeating the Vinson bill which would have provided for the island's fortification. The contrary is true. It was the isolationists who were so busy trying to familiarize themselves with the facts, will find that so far as Guam is concerned, it's quite a different story.

Guam, which fell immediately after the Pearl Harbor attack, was not an island surrounded by Japanese-held insular territory. It was garrisoned by a small force of 50-odd sailors and marines.

In 1919 the joint army and navy board recommended that Guam be developed as an advanced naval base and that the U. S. navy be allowed to make plans for improvement of facilities at Guam. On March 15, 1937, the chief of the bureau of aeronautics addressed a letter to the chief of naval operations, pointing out that Apra harbor, Guam, was one of the best harbors in the world for aircraft reefs and shoals, and recommended steps be taken to remove them.

Later, by the naval expansion act of May 1938, the secretary of the navy was directed to appoint a board of naval officers to investigate the feasibility of the proposed fortifications for national defense. This board reported to the secretary of the navy on Dec. 1, 1938—3 years and 6 days before the Pearl Harbor attack.

The reports pertaining to Guam was declassified. It recommended major fortifications of various descriptions, costing more than \$200,000,000. That was that.

In January 1939, a bill was introduced in congress to authorize construction of certain facilities at Guam. And that was something else. This measure was the much-dreaded Vinson bill—the bill that is commonly and erroneously referred to as the bill to fortify Guam.

The Vinson bill did not even pretend to fortify the board's recommendations because it provided for improvements amounting to less than \$5,000,000. All that it proposed was a breakwater at Apra harbor costing \$2,200,000, dredging in the amount of \$1,900,000, and a power plant, ramps and parking space costing \$1,000,000. The bill provided for improving the harbor—that, and nothing more.

According to Rep. Ross A. Collins, in a speech before congress, the navy department was not in favor of the fortification of Guam and there was no such request from the President. Admiral Leahy, then chief of naval operations, later ambassador to France and now the President's all-powerful chief of staff, pointed out that the Vinson bill provided for improvements which some may be tempted to carry out to fortify Guam resulted from the agreement by the United States not to fortify the islands of the Pacific Ocean.

When I voted against the Vinson bill, Collins said, "I voted not against the fortification of Guam, but against harbor improvements which would enable Japan more easily to take Guam. No member of congress ever has voted against its fortification."

It is interesting to note that some politicians starts yipping about the isolationists killing the Vinson bill for the fortification of Guam. Bear in mind that no member of congress is necessary an "isolationist" because he refuses to be a stogie for the administration. The stogies themselves are responsible for our defeats, because they are the ones who are recognized as having been far more damaging to national welfare than isolationism at its worst.

## FDR SET TO BAR WAGE INCREASES

WASHINGTON, July 28 (AP)—President Roosevelt prepared today to meet the threat of inflation by employing his broad wartime powers to limit further general increases in wages or salaries, farm prices or rents.

Mr. Roosevelt conferred yesterday afternoon with Speaker Sam Rayburn. The speaker left the White House with Jones, the most of August at his Texas ranch.

He said little for the record but the fact that no change was indicated for the informal congressional recess which began yesterday was interpreted at the capital as the final decision against moves for anti-inflationary legislation at this time.

Heads for Texas  
Rayburn planned to start for Texas tonight to discuss Democratic leadership of John W. McCormack of Massachusetts leaves for Boston tomorrow.

The President, it was learned, will probably report to congress in some fashion after he has taken the measures he thinks necessary to combat the present trends toward inflation. That report was not expected for several weeks.

The President's plans for inflation control, the White House learned last week, contemplate the use of sectional price control to bring further general wage increases, that does not necessarily mean that all future wage demands resulting from collective bargaining will be denied by order of the President. But if the war labor board has suggested a 15 per cent increase over Jan. 1, 1941, levels as a yardstick for American workers, it can agree on raises.

The President's invocation of the price law to control inflation will prevent increases agreed to voluntarily by employer and employee.

Rents have been established at the levels of last January in every section of the country that has set a limit on increases. That is possible under the price law. The President also was expected to order a halt on rent increases and retail food prices but whether that will be done by authority or by direct executive order has not been determined. Present controls have not yet been determined.

## Aeronautics Gets Kimberly Stress

KIMBERLY, July 26 — Kimberly high school's pre-aeronautics course, which has instituted this fall in cooperation with the government program in Idaho high schools, will be presented tomorrow by Buy L. A. Thomas said today on returning from summer sessions at the University of Washington.

The course will be taught by Ralph Anderson, who comes here from Portland and who will also teach math and physics. Anderson had just completed summer instruction at the U. of W. under government aeronautics engineers.

Others from the Kimberly system who took summer classes at Seattle were Irene Clark, head of the English department; Mrs. Winifred Anderson, elementary school; and Robert Howell, custodian. Mr. Howell attended a one-week short course.

Mrs. Anderson, while at summer sessions, will be presenting a course. She will teach in Sunnyside, Wash.

Superintendent Thomas announced that Charles Wente, district superintendent, has been employed to teach home economics in place of Anastasis Jones, who resigned to marry this summer.

## Army Head Asks Fire Precautions

Lieut. Gen. John L. DeWitt, commanding general of the western defense command and fourth army, today through local defense officials called for the greatest alertness and the utmost precautions in guarding against forest fires.

Gen. DeWitt called attention to the fact that in addition to the penalties provided by state and federal laws designed to prevent forest fires, a person who willfully causes a forest fire may subject himself to the punishment imposed by the aboriginal act. The aboriginal act provides a maximum penalty of a fine of not more than \$1000 or imprisonment for not more than two years, or both.

## RUPERT

Mr. and Mrs. D. W. Moncur have returned from Ogden where they had gone a week ago, called by the medical injury of their grandson, who is now much improved.

Merlin Thome, who has been ill since spotted fever, is convalescing at his home. He is the son of Mrs. Leslie Becker.

Miss Lucille Nyting, Spokane, Wash., niece of Roy Cunningham, has been a guest at the Cunningham home the past week and will be home, with relatives for a touring of Yellowstone park. Miss Nyting's parents were former Rupert residents.

Mr. and Mrs. N. K. Jensen returned last Sunday from the Baxendale camp near Easley hot springs where they had attended the adult conference of South Idaho Christian churches.

Mr. and Mrs. L. G. Carlson returned home from California, where they had visited relatives for the past three weeks, spending the most of the time with their son-in-law and daughter. Mr. and Mrs. Ray Williams and daughter, Rita Rae, Napa.

Miss Elizabeth Johnson spent the week-end with her parents, Dr. and Mrs. A. E. Johnson, and young Fred, to attend the shower given for Mrs. Holland Payne, a recent bride.

Miss Mrs. Mable Beaufel left for Ashton accompanied by their niece, Judith Dugan, who had visited with them for the past few weeks and was returned to her home.

Kent Broadhead, youngest son of Mr. and Mrs. Spencer Broadhead, former resident of Rupert, left Sunday for his home in Provo, Utah. He has spent the past eight weeks here at the home of his grandmother, Mrs. Joseph Broadhead.

## Where Government Wasted Millions

Throwing away \$20,000,000 in federal funds, the wartime commission canceled an order given the New Orleans Shipbuilding Co. to build a few of the \$20,000,000 worth of logs, part of the material ordered but not to be used, because construction of the company's plant addition has been halted.

## JAPS RETREAT IN CHINA PROVINCE

CHUNGKING, July 28 (AP)—Japanese forces are retreating before a strong Chinese drive near Kiang-shan in western Chekiang province, the New Chinese press reported. A Chinese high command communiqué said tonight.

In the Tachung mountains of northern Hupei province, the communiqué said, the Chinese are holding back more than 2,000 Japanese troops, including cavalry, attempting to force mountain passes.

The New Chinese press reported as 'new Chinese confidence in the United States army air force was strengthened as the result of the repelling of last night's Japanese air attack on this Chinese capital and the American fighter planes.' The attack was called an 'unprecedented disgrace' for the Japanese.

For four years the Japanese have bombed Chungking at will but yesterday they had to retreat from the capital this year, they met the new United States air force of China and were repulsed. Of 30 Japanese planes that took off from Hankow, only four reached Chungking's objectives and no bombs fell on the city proper.

The raid was a far cry from those of previous years when the unopposed Japanese tried to demolish the Chinese capital with gigantic bombing attacks. They killed thousands of Chinese, destroyed Chungking's Fifth avenue, blasted churches and schools.

## Band Honor Set Here on Aug. 12

Band appreciation night in Twin Falls will be observed the night of Wednesday, Aug. 28. The event was tentatively announced last night by Howard Wiseman, Junior Chamber of Commerce chairman and chairman in charge, announced tonight.

At the same time Wiseman announced that the night would also be devoted to the presentation of a 'night' banquet past directors of the municipal organization would be members of Dr. Orin Paul, executive director and past directors, who now play in the band, include Paul, Walter, Charles Radcliff and Jack Thorpe.

Under Wiseman's direction, a program is being arranged at about 10 o'clock to attract hundreds to the park.

Of the late band concerts each Wednesday have been attracting fewer and fewer people, Wiseman said. 'The program on Aug. 28 will be for the express purpose of increasing the attendance of local citizens at this fine entertainment.'

## Wife Asks Order For Child Custody

Asserting that her husband forcibly took their child away from her, Mrs. Grace Marie King filed motion in district court here for an order placing the three-year-old child in her custody.

Mrs. King's motion and affidavit were presented in reply to the divorce suit filed last week by Glen King, Buhl.

The wife also asks a show-cause hearing for restraining order to prevent King from interference with custody of the child. She asserts her husband followed her to Tennessee last May 25, while she was visiting her mother and her sister and daughter. He subsequently beat the wife four times with a razor strap to make her go to the hotel on Sunday to the mother.

Mrs. King charges that the child, when put in custody by King's brother and sister-in-law, was not treated as her own child. She presented a motion asking \$75 per month temporary maintenance, attorney and attorney fees. Her attorneys are Chapman and Chapman and James W. Murphy, both of Buhl, for the husband is J. W. Taylor, Buhl.

## Reporter Tells of Another Sneak Attack—on Hong Kong

There has always been some mystery regarding the quick fall of Hong Kong in December, 1941. A Japanese attack is held for the most part to have been a sneak attack. The attack was carried out by the U.S. Wilson, United Press staff correspondent.

By RICHARD C. WILSON (Copyright 1942 by United Press)

LOURENÇO MARQUES, Portuguese East Africa, July 28 (AP)—Japs.—While the Japanese attacked Pearl Harbor, thousands of Japanese troops were sneaking through secret paths on Hong Kong to strike at British empire forces on the island. At about dawn Monday in Hong Kong, about four hours after the first of the solid British boats on the plane fleet swept over Hong Kong.

Air raid alert sounded at 1:50, 50000 residents. The planes attacked the Kaitak airport, including again for the "destroying the P.A.S. American-Armyway Clippings which was about to leave for Manila."

In black rubber soled shoes, like American overseas, Japanese troops went from the Canton area of southern China were sneaking through drainage tunnels which led into the British leased territory of the Chinese mainland across from Hong Kong island. The tunnels had been followed by everybody but Japanese spies.

Led by spies  
Led by former houseboys, clerks and shopkeepers who for years had lived on the patronage of British and other white residents of Hong Kong, the troops suddenly entered and made a great attack on the heavily outnumbered British defenders, and thus Hong Kong had its own counterpart of Pearl Harbor — a counterpart that there was outside the Hong Kong Peninsula. Hotel, which the night before, had moved off slowly. A Chinese clerk ran out of the office absent and announced that the Clippier plane on which it was to leave had been "delayed."

At that moment, saw him diving in the distance and heard the splutter of machine guns.

Eighteen days later Hong Kong fell.

The Japanese were—uniformly equipped with axes and hand saws. They carried a combination overcoat-raincoat and wore a helmet covered by green netting. Each soldier had in addition to his arms, two pairs of shoes, one hob-nailed and the other black rubber. He carried a small first aid kit and an emergency ration in his coat pocket. His rifles were heavier than those of most armies.

## Trefren to Serve in Hansen Church

HANSEN, July 28—Rev. Stanley D. Trefren, Kimberley, will share the pastoral responsibilities of the Hansen Methodist church, until a resident minister can be secured, according to information given out by Dr. W. H. Herzig, district superintendent, who conducted a joint meeting at the Hansen Community church with the Murtagh church, which is likewise waiting for the pastorate to be supplied.

Mr. Trefren, who recently graduated from the Northwestern university, Chicago, and whose home is at Murtagh, has agreed to supply that pulpit when it is found impossible for Dr. Herzig to be present.

An informal meeting resulted with the gathering. Open discussion on important matters of the church was held. Thirteen Murtagh people, and fifteen from the local church, were present.

On Sunday, Aug. 2, Rev. Trefren will bring the sermon at the 10 o'clock service and the congregation is being asked to cooperate in promptness, that Rev. Trefren might return to his own pulpit for the 11:00 o'clock service.

## Scrap Rubber Fund Presented to USO

HANSEN, July 28—The 50th anniversary of the USO was made \$167.73 richer Saturday by the contribution of money received by the Hansen Scrap Rubber Fund to the USO.

Rev. Stanley D. Trefren, pastor of the Hansen church, and the personal contribution of Mr. Rully himself.

Mrs. Pearl Trunkley, county contact chairman for the Hansen area, delivered the sum to Twin Falls.

## SPENDING SETS NEW U. S. RECORD

WASHINGTON, July 28 (AP)—The United States government—the largest buyer of goods and services in world history—spent more money in the first 25 days of the present fiscal year than it did in all 1939.

Since the fiscal year started July 1, federal spending has topped the \$2,000,000,000 mark—a rate of \$80,000,000 an hour—with more than \$4,000,000,000 going for war purposes. In 1939, the entire cost of government was only \$3,941,452,467.

This July daily spending rate is \$2,000,000 more than the June rate, according to the war production board. Spending during November, the last pre-Pearl Harbor month, was only two-fifths of the June rate, although most defense activities were well under way.

These figures on daily spending for the first few days of fiscal year 1942 gave little idea, however, of the total outlays for war and peacetime activities that will be possibly within the next 12 months. The treasury department, forecasting a huge increase in the spending rate, estimated expenses for the year will total \$7,341,000,000, of which \$67,000,000,000 would be for war purposes.

## Werner Going to West Point Soon

Kenneth H. Werner, air cadet stationed at Brooks field, Tex., has received his appointment to the United States Military academy at West Point, according to word received by his mother, Mrs. A. M. Werner, Twin Falls.

Werner took his aviation training at Fort Sam Houston, Tex. He will begin his academy schooling shortly.

## Alert Sounded in Northwest Cities

SEATTLE, July 28 (AP)—The fourth fighter command reported northwest coast cities, from Portland to Seattle, underwent a yellow alert from 5:09 a. m. until 6:30 a. m. today. Radio stations were not ordered from the air.

The army said the yellow alert was ordered when several unidentified planes, which later proved to be friendly, were detected over the Pacific coast of Seattle.

OLD DOC PERKINS SEZ:

"The tire situation is worse than I expected. The Wife's folks come by train now—and stay longer."

Sticks to the hot spots!

I guess nobody's ever quite figured out how those towel-topped natives walk over hot coals without toasting their toes. And up until recently, nobody could figure out how to make oil stick to the hot spots of a motor, either. That discovery was first made by Standard Oil Company of California scientists, who developed Thermo-Charged RPM Motor Oil. "RPM" will give your engine the finest protection it can get at any price. Next time, ask for RPM Motor Oil.

TIRES HATE SUMMER!

Every mile you drive in July will wear out your tires as much as two miles of driving in January! That's because heat and sunlight are rubber's natural enemies.

Moral: Keep tires cool by going under 40, driving in the cool part of the day, parking in the shade, letting Standard check them weekly.

How to go 25 miles an hour standing still!

It's hard to believe, but experts say that when your engine idles it uses as much gas as if you were going 25 miles an hour. You really save gas when you cut out unnecessary idling—for instance while waiting for freights to pass, or for Sis to buy an ice cream cone.

### SUMMER POTATO GAINS FORECAST

BOISE, July 28—The Idaho advertising commission today predicted widespread distribution of all types of summer potatoes from Idaho.

"We are experiencing an unprecedented demand for display material from the middle west and south," said L. E. Sargent, commission secretary. "A widespread demand for Idaho display material means a widespread demand for Idaho potatoes."

Idaho early triumph or "red" potatoes are now moving to market from southwestern Idaho. This crop will be followed immediately by early russets, which will soon be reaching maturity.

Sargent said the demand for store display material was coming from Arkansas, Oklahoma, Tennessee, Kansas, Missouri, Illinois, Iowa, Nebraska, Ohio, Indiana, and as far east as Pennsylvania. California operators are also showing their interest.

C. O. Rice, traveling representative of the Idaho potato growers, this week reported to the advertising commission, "The trade in this section (in and around Oklahoma) are buying early triumphs now but are not familiar with our early russet crop. The contact we are now making with dealers in this area is helping the demand for triumphs and will bear fruit when our russets start to move."

### Gooding Holstein Herds Classified

GOODING, July 28—Three Gooding county Holstein breeders had their herds classified last Friday under the rules of the Holstein-Friesian association classification system.

Prof. J. C. Knott, Washington State college, Pullman, one of the seven official judges in the United States, did the classifying, assisted by Ivan Loughery, Portland, West. C. Holden, of the breed, and by G. C. Anderson, Boise, extension dairyman, and E. J. Palmer, county agent, Gooding county.

The classifications are: Excellent, 80 to 100 per cent; very good, 75 to 80 per cent; good, 70 to 75 per cent; fair, 60 to 70 per cent.

The 35 Holsteins of P. O. Massey and son scored as follows: Four very good, 10 good plus, 16 good and one good plus. The average was 79.4.

Clarence Wells' herd of three classes scored as two good plus and average 80 per cent.

W. W. Carson's herd of 17 graded one excellent, two very good, two good plus, two good and average 82.94.

A group of dairymen attended the judging. The officials were entertained at noon dinner at the Massey home following the classification.

### HANSEN

Jim White and Frank Jones have returned from Bellevue where they spent the last two weeks.

Robert Faucit, St. George, Utah, arrived recently to spend the summer months with his brother, Alvin, and sister, Mrs. Lyle Howe.

With him is a friend, Charles Lee, who will continue his stay to the coast after a brief stop-over.

Tr. Baker, tenant on the Oles farm east of town, has returned from the Twin Falls county general hospital Friday following an appendectomy.

Members of the Hansen Study club have completed a wool material which will be given to the Red Cross emergency closet.

Mrs. Lurita Andrews, Salt Lake City, who spent several days with her brother-in-law and sister, Mr. and Mrs. Charles Young, and her parents, Mr. and Mrs. Ed. Olson, Kimberly, returned recently to her home.

### American Envoy Didn't Know Of Japs' Attack Until Dec. 8

By ROBERT T. BELLAIRE, United Press Staff Correspondent. (Copyright 1942 by United Press)

LOURENCO MARQUES, Portuguese East Africa, July 28 (AP)—(Delayed)—Ambassador Joseph Clarke Crew was at breakfast at the United States Embassy Saturday, United States time, listening to his short-wave radio and getting a digest of world events.

From the Japanese-controlled station at Shanghai, China, he heard news reports that Hawaii had been attacked.

Crew rushed from the breakfast table and telephoned the nearest foreign office.

"So sorry, but nothing is known," was the reply in substance.

President Roosevelt had sent Edward Ruggles Sunday morning embassy Saturday, United States time, his last urgent appeal for peace, the Japanese army war lords had held their 11th hour school, not discuss it with the emperor before they made their sneak attack on Pearl Harbor.

He Made Appointment

But they had made an appointment to see the emperor at 10 a. m. Monday—the emperor as well as Crew, who was unaware that the war had started.

The appointment at the imperial palace naturally was off.

Crew tipped off higher embassy officials and a wanted development quickly.

At 11 a. m. a Japanese foreign

### Murtaugh School Vacancies Listed

HANSEN, July 28 — Vacancies still existing in the Hansen school, according to Superintendent H. J. Doering, include those of junior high teacher and coach. They present line-up includes Miss Elizabeth Mooker, Miss A. M. Murray, third, second, Miss Ruyter Kimberly, fourth, C. Bracken, Twin Falls, fourth; Mrs. Nellie Baker, Burley, fifth; Mrs. H. J. Hansen, sixth, the high school, with the instructor expected to act as coach also.

The high school faculty will include the names of Miss Lois Feltner, Murrah; Archie Harry, Hansen; and H. J. Doering. Music in the grade school will be handled by Miss Feltner. Her band-leader will still be to go elected.

According to Curtis Bower, clerk of the Pleasant Valley school board, neither of the teachers have been elected for the coming year, and the bid is being made for teachers who have had experience in rural school work.

Miss Elizabeth Davis, who taught in the Pleasant Valley school last year has secured a position at the Twin Falls school, while her sister, Mrs. Fay Konichak, the other teacher, will teach in the Murtaugh school.

### Trunkneys Visit With Sailor Son

HANSEN, July 28 — Mr. and Mrs. Frank Trunkley and daughter, Edith, the Trunkley, who left Sunday evening for a visit with Mr. Trunkley's brother-in-law and sister, Mrs. and Mrs. Clyde Otto, Canton, S. D., will also meet their son, Hon. Trunkley, radio technician, second class of the naval reserve, at Kearney, Neb., for a brief visit.

Ross, who has attended the Oshkosh A. and M. college for the past three months, graduated Saturday evening after four days' leave before being transferred to an unknown destination, was unable to make the journey to his home in Hansen.

# Twin Falls Merchants

join hands with Magic Valley

## DEFENSE WORKERS in backing UNCLE SAM

With a common goal of Victory, Twin Falls merchants join hands with Magic Valley's hundreds of defense workers... and defense workers means all of us who are producing for the war effort.

How's it done? Well, this is the way it works—whether you work on the Japanese Relocation Center camp at Eden or on a dairy farm in the western end of Magic Valley—the money you earn goes for necessary items in your living or entertainment. If you shop and buy in Twin Falls, you'll find our merchants have taken YOU into consideration and are helping by making your pay checks go farther. And what's the result? Why! more money in hand for you to invest in United States War Bonds and Stamps. And that's a long step toward Victory!

Twin Falls isn't a "metropolis"—but for many years it has won a leadership in merchandising to the folks of Magic Valley. Our folks have found for obvious reasons it is more economical to shop in Twin Falls stores—the every-day volume of our stores enables them to reach a lower over-all price level. You'll find most of them far below ceiling restrictions in the matter of prices.

And, too, you'll find the variety of stores and shops which Twin Falls offers is surprisingly wide, enabling you to shop for everything from a tractor part or dust goggles to house frocks or tea towels—and all with a minimum of effort. Your only objection might be that you'll

find our streets a little crowded on Saturdays and Saturday nights—but that's only because other wage earners have learned the economy of a shopping trip to the Magic City.

You'll find our stores friendly places to shop—sales persons who will be anxious to serve you to your satisfaction. Many of them are making a special effort right now to have funds on hand with which to cash your checks. This is a busy season for Magic Valley and our stores are geared to meeting the needs which must be fulfilled for the wage-earners.

If you haven't shopped in Twin Falls for a long time—are a newcomer into Magic Valley and haven't visited us at all—consider this an invitation from your Twin Falls merchants to pay them a call. From the smallest to the largest, the merchants of Twin Falls will do everything they can to make your trip a profitable, pleasant one for you.

And one last word—we suggest you plan to attend the gigantic rally which will be held in our City Park this Wednesday night in conjunction with our band concert. Speakers will be on hand to give you, the citizens, information you need concerning the war efforts of our country and how you and we can help.

Here's what shopping in Twin Falls can mean to every wage-earner!

- Magic Valley's Greatest Selection of Needed Merchandise!
- Modern (many air-conditioned) Stores in which to comfortably shop
- Lower-than-Usual Prices Which Exist in Twin Falls Stores
- Ample Recreational Opportunities to Fit in With Your Shopping Tour

## Father Ackerman Honored at Two Farewell Events

Father Harry Ackerman, salaried pastor of St. Edward's Catholic church, who has been transferred to Idaho Falls, will be honored at a garden party this evening at the home of Mrs. Alice Murray, 778 Buchanan.

Hosts will be members of the young unmarried people's club of the church.

**Outdoor Games**

Badminton, ping-pong and croquet will be the principal diversions, and a few tables will also be arranged for Father Ackerman.

Refreshments will be in keeping with the outdoor theme. Miss Helen Biggerstaff, secretary-treasurer of the group, is in general arrangements chairman.

The absence of Duane Toler, president, who is out-of-town, also will make the presentation of a gift to Father Ackerman.

DeSales club, comprised of the younger group of the church, entertained the Harmon group during the celebration. Father Ackerman will leave Thursday for Idaho Falls.

**DeSales Club Host**

The girls having luncheon for two and the boys bought soft drinks.

John LeClair, president of the club spoke briefly in appreciation of Father Ackerman's aspiration as a pastor of the group of the church. Miss Otis Florence presented him a gift from club members.

Mrs. F. O. Klettner, Mrs. Joe LeClair and Mrs. George Wallace were the adult committee on arrangements.

## Red Cross Needs Seamstresses Plus Machines

Ten sewing machines are in operation this day at a work at the Twin Falls chapter, American Red Cross, at a quarter, but that's not enough.

More sewing machines — and more seamstresses, too — are needed if the quota of garments allotted to the local chapter is to be completed on schedule.

Won't you loan a sewing machine, or volunteer to sew for the Red Cross? Your help is needed — NOW!

If you want to cooperate, please telephone Mrs. C. A. Hall, Jr., 472 S. Third, at the headquarters, phone 423-J — TODAY.

Several churches are sending workers each week to the sewing room, and they are doing a fine job, but they need help.

## BPW Sponsor and Other Guests at Outdoor Supper

Forty guests, including mothers of club members, and Mrs. Lena Youngs, California, the sponsor and one of the early presidents of the Business and Professional Women's club, attended the annual July picnic last evening at the home of Miss Ray Smith, Seventh avenue east.

Because of curtailed transportation, the annual event was transferred from the home of Mrs. Ada Wilkinson Powell, Bergert, to the lawn at the home of Mrs. Smith.

Streams of electric lights arrayed away from home, were decorated the quartet tables at which a refreshment table presided. Miss Marie Newton, Mrs. Ernie Ribbard Hinton, Mrs. Catherine Post, Mrs. Len Youngs, Mrs. Edna Elnas and Mrs. the menu committee.

Following supper, reports on the recent state convention at Sun Valley were given by Miss M. Izetta Wilson, secretary, and Mrs. Crystal Van Auden, Mrs. Frankie K. Atwood, Mrs. Richard H. Smith and Mrs. E. J. Wilson.

Mrs. Youngs is spending part of the summer here, the guest of Miss Rita Riley, longtime member of the B. P. W. club.

## Betty Ann Fink Honor Guest at Birthday Party

Thirteen small pink candles twinkled on the birthday cake, served as dessert following a salad picnic luncheon yesterday afternoon, arranged to honor Betty Ann Fink, six.

Her mother, Mrs. L. F. Fink, presided at the party in celebration of her daughter's 12th anniversary.

Guests were Blanche Mary Leopold, Catherine Dolan, Patricia O'Connell and Barbara Schmitz.

The lace-covered luncheon table was appointed with pink and deep flowers.

Prizes were awarded to Blanche Mary and Catherine.

## Dorothy Finley, Flight Teacher

BURLEY, July 25—Mrs. H. A. Marchant, Springdale, have announced the marriage of their daughter, Miss Dorothy Finley, to Lieut. Donald S. Requa, Wendell, the ceremony taking place at Abbaque, N. M., July 4.

The bride was graduated from Burley high school and from Alhambra Normal school, and she was the first woman to receive her private pilot's license through training at the airport. She taught school at Aberdeen last year.

Lieut. Requa graduated from Alhambra Normal school and also took his flying training at Burley, and this June was graduated from United States army air force advanced flying school at Stockton Field, Calif.

He is now an instructor in the air force advanced flying school at Alhambra, Calif. They are at home in that city.

## Mrs. Mathers Is Feted at Shower by D. A. F. Group

Mrs. Claire Mathers was guest of honor at a nursery shower Monday afternoon at the home of Mrs. Doris Stradley.

The courtesy was arranged in connection with a luncheon for members of the D. A. F. auxiliary. Lunches and hostesses were Mrs. Stradley and Mrs. Virna Lawson.

Guests included the quartet tables. Gifts were presented in a pink and blue decorated basket to the honor guest.

The group voted to fill boxes for relatives of D. A. F. members who are now in the armed forces.

Plans were completed for the post and auxiliary picnic next Sunday at noon at the Burley airport.

## Four Hostesses Arrange Shower for Mrs. Payne

RUPERT, July 25—One of the lovely bridal showers of the summer was given honoring Mrs. Iolande Payne, a wife of the month at the home of Mrs. W. M. Foxworth with Mrs. T. F. Bench, Mrs. E. B. Stanley and Mrs. O. W. Paul assisting hostesses.

The lace-covered gift table, under a suspended Chinese sun shade with pink and blue streamers falling about the table, was filled with many beautiful gifts.

Mrs. Charles Coffey read a poem on "Love" and Miss Mayia Schnappsch gave three short readings, one containing advice to the bride. The party rooms were lovely with many dozens of summer flowers.

Out-of-town guests were Miss Lucille Whiting, Spokane; Miss Bertha Nutting and Mrs. Bertha Nutting, Astoria, all relatives of the bride, and Mrs. Lenora Ecklund, Burley.

## Mentor Club Has Outing at Filer

Annual fried chicken dinner for members of the Mentor club and guests was held at the home of the Filer Falls county fairground.

The "Arab Colors and Mrs. Dan Ryan were in charge of this menu committee.

Inevitably families and several guests occupied the affair. Soft ball occupied the teen-age group during the afternoon.

## Open House System to Protect Gem Children

The Idaho Congress of Parents and Teachers will soon put into effect a statewide plan for an "open house" in every block, with some one on duty every hour of the day, to which children may go in case of a war emergency, if their parents are away from home.

Official red and blue window stickers, bearing the oak tree logo of the P.-T. A. combined with a V-for-victory, will indicate open-house to all children when protection is needed, according to Mrs. Alfred Puglione, Twin Falls, state publicity chairman.

Mrs. H. J. Maughan, Preston, state president of the Idaho Congress of Parents and Teachers, says: "Children will be taught to love these invitations to protection, and to know that they are welcome wherever P.-T. A. window stickers appear."

In this war mothers who cannot of attempt other forms of war work can make their contribution and the Parent-Teacher association carries out the fifth point of the wartime pledge of the National Congress of Parents and Teachers: "To protect our children against all the dangers of war, whether these dangers be physical, mental or spiritual."

## "ELECTRICITY SURE HELPS A LOT, DOESN'T IT MOM?"

Right, Johnny — electricity is the greatest time-health-labor saver in the home the world has ever known. Every day, it's ready to serve—twenty-four hours if need be—at scores of different kinds of jobs.

In time of war—just as in time of peace—the Snake River Valley has good electric Service. And wartime homemakers are finding the convenience of their electric appliances more helpful than ever in these busy, trying times.

**MAKE YOUR APPLIANCES LAST**

Electric appliances that need repairs should be turned over to a competent service man. Remember, no more are being made now — it's especially important to take good care of the ones you already have.

**IDAHO POWER**  
Electricity Does So MUCH More So LITTLE!

## We The Women

By RUTH MILLMETT

You see all around you homes being broken up by the war, and so it is only natural to think a good deal of the uncertainty as to what the war does to your marriage.

What you don't see quite so plainly is the war in the home and how much closer than they have ever been before.

**Family Means More**

The young husband and father who realizes it may be only a short time until he has to leave his family to go along with the war, tries to find more time to be with them, has more patience with the children, is more a companion to his wife.

And the wife who knows she may be left alone to look after herself in her children's absence how lonely a life that will be, and becomes acutely aware of how dependent she is on her husband and how empty her life would be without him.

Both feel a new appreciation for each other, a new thankfulness for what they but once took casually. The uncertainty of the future draws them together and they see more clearly than before how important it is for them to want and to work for the same things.

**Merits Less Important**

In that mood they are willing to overlook little irritations, small hurts and to try to be as happy as possible as long as they are together.

War and uncertainty are giving many young husbands and wives wisdom and insight they might never have developed if their future had been certain, their lives secure.

Don't forget that when you feel depressed over the home, that are being broken. While some are broken by the war, others are being strengthened. You'll realize that if you talk enough to young married people.

## Camp Fire Office Closed Until Fall

BOYS RALLY TO WELCOME GREAT INNINGS BU... LAKE WINS, 6-5

Robbed Drives in Four Runs; Bombers With One on in 7th

A battling rally that brought four runs in the seventh and eighth innings fell one short here last night and the Salt Lake Bees continued their jinx over the Twin Falls Cowboys to score a 6-5 victory.

The Bees jumped on the usually reliable Joe Faria for three runs and seven hits in the box in the first inning and after that the Pioneers could never quite catch up.

Bobble Big Panch was the star in the first inning and after that the Pioneers could never quite catch up.

Pilots Score Twice in 9th And Win, 7-6

BOISE, July 28 (AP)—Boise's Pilots scored two runs in the ninth inning to edge out Doakle 7 to 6 and widen to two games their lead in the hot-toes Pioneer baseball league pennant chase.

Larry Drake, Boise centerfielder, stole home with the winning run in the ninth inning as 2,100 home-town fans cheered.

Bobble scored two runs in the opening inning on three singles and an out by Joe Postello went ahead with three runs in the third, scoring a pair of singles, an error, and doubles by Green and Doug Williams.

A two-bagger and a single gave the Cards another run in the fifth and Earl Petersen hit the bases over the fence in the sixth for a home run.

The Pilots came within a run of winning in the last of the sixth. Walt Love reached first on an error. Joe Trusky walked and Ed Greiner tapped out a single into left.

Nelson's Sub-Par 67 Captures Tam Open

CHICAGO, July 28 (AP)—The Tam O'Shanter money scramble, hailed known as the \$15,000 golf open, came to an end yesterday like a fantastic nightmare, with Byron Nelson the winner.

Nelson successfully defended his title by crushing Clayton Heffner, the man-nominee for the PGA title.

Nelson, the Texas who works out at Toledo, posted a 23 to 24 to his opponent's 34-37 to maintain his record of never losing a playoff for a major golf championship.

A \$2,500 check went to Nelson, swelling his season's official earnings to \$2,001, which surpassed those of Sam Snead and led Toledo into second to Ben Hogan in the money chase.

The match was so evenly-contested at times that birds whirled about the hole, and spectators at other points that pairs were good for strokes on six holes.

Weather postponed the first game of the Cards-Dodgers series yesterday at St. Louis.

The Chicago Tribune, sponsor, announces the choice of two new 4,928,083 fans who voted in 38 states and the District of Columbia.

The 11 top choices are: End, Mal Kutner, Texas; Tackle, James Daniel, Ohio State; Quarterback, Dick Dicker, Northwestern.

GIANTS GATE SEEN TODAY, July 28 (AP)—The Giants announced today they expected their Aug. 3 twilight game with the Dodgers at Ebbets Field Grounds to net more than \$100,000 for the army emergency relief.

Melio Bettina Favored to Beat Dorazio

PHILADELPHIA, July 28 (AP)—Melio Bettina, Beacon, N. Y., 240-pounder, was a three-to-one choice to defeat Gus Dorazio, Philadelphia, in their 10-round meeting at Shibe park tonight.

Bettina's last fight as a civilian. He enters the army Thursday and has said that for the duration he will confine his career to boxing.

It will be Bettina's last fight as a soldier. If he defeats Dorazio tonight, however, it is pointed out that Bettina-Joe Louis meeting would be a natural for a service fund benefit.

Bettina's sound training camp, he would like the Philadelphia, but respecting the "spoil-of-war" rule.

It is always tough to be a fighter, he said. He recalled his last meeting with Gus, when the Philadelphia gave him plenty of trouble until Bettina caught him in the throat with a smashing left. Bettina won but Dorazio demanded and got a return match.

It was also certain of victory tonight. Bettina was expected to go out in front, drawing Bettina into a slugfest—his way of fighting—if he can.

Dollars Ride On Dodger vs. Card Series

By PAUL SCHEFFELS

NEW YORK, July 28 (AP)—The dollar sign flicks on every penny today as the Brooklyn Dodgers and St. Louis Cardinals open an important three-game series in Ebbets field, the choice of which in the world series may be on the team with the edge in the act.

Of course, the Cardinals-trailing the Dodgers by seven games—will not win the right to play in the series merely by winning the three contests.

It can almost be designated as a "last chance" engagement for the Red Birds in the strain of playing baseball for two days. It is the race of almost \$300 an inning might be over in almost any way.

Some slight indication that the series might be kept going in favor can be found in the three out of four victories they registered against the Philadelphia Athletics in a meeting at sportsman's park. However, the "Platters" were physically exhausted and their pitching efficiency was low after a tough three-week road trip.

But June the Cardinals paid the Dodgers a visit and it was another story. On June 18, the Red Birds won in four games, and by a hurricane, trailing by only four and a half games. But they left Ebbets with a flock of cardinals.

White will go to mound tonight in the eighth game, with Mort Cooper scheduled, with nightcap and Max Lanier, the third game here. The Dodgers in a relief role at St. Louis.

Cooper has been troubled with a sore arm that has kept him out of uniform for several days. He has just had a tooth extracted in Philadelphia and is reported resty. But if he isn't, Howe Kral, winner of eight games, but one defeat, will step into the breach.

The Cardinals do have one actual edge over the Dodgers in names won't be lost, but they are not.

Bo Sox Hold Second Place by Defeating Indian Nine, 8 to 5

CLEVELAND, July 28 (AP)—The Red Sox clung to second place in the American League today, tallying four runs in the last two innings to turn back the Indians, 8 to 5, in the opening of a four-game series here yesterday.

Tex Hughson notched his 11th victory against three defeats, but was clubbed for 12 hits while Boston collected 11 runs off loser Al Milnar and two off Joe Heving.

In an effort to halt the Red Sox slump that has lost them 15 of their last 24 games, Manager Joe Cronin took over the cleanup job in the batting order and moved Ted Williams from the number three position. Cronin went in at third base, later relinquishing the job to Jim Thome.

Ted Williams and Pete Reiser Tie For Batting Lead

NEW YORK, July 28 (AP)—This time last year the National League was suffering from a batting drought whenever batting percentages were considered because Ted Williams and Pete Reiser were burning the fences with a 400 plus average.

Williams leads the American League, and Pete Reiser of Brooklyn is topping the National with identical marks of .354.

Leaders in each league: Ted Williams, Boston, .354; Pete Reiser, Brooklyn, .354; Hank Greenberg, Detroit, .354; Jimmie Foxx, Philadelphia, .354.

Idaho Falls Downs Oaken Reds, 7-1; Takes Third Spot

IDAHO FALLS, July 28 (AP)—The Idaho Falls Russels plunked the Oaken Reds deeper into the Pioneer League cellar by winning last night's game here as a result of the victory the Russels took undisputed control of third place, the Oaken Reds, who were in second place, were led, losing to the Salt Lake City Bees.

The defeat was the 12th straight for Oaken.

Idaho Falls, 7-1; Oaken Reds, 1-7. Idaho Falls, 7-1; Oaken Reds, 1-7.

Idahoan Second In Trapsport

SALEM, Ore., July 28 (AP)—Cal D. Ray of Coquille, Ore., won the high over-all title in the Grand Pacific International Trapsporting association's 12th annual banter-fest which ended firing late Sunday.

Final placement showed that Ray shattered 209 out of a possible 420 targets.

Go County of Pocatello, Idaho, was runner up with 378 out of 420.

High over-all in class C and D went to Frank W. Sargent, Sacramento, Calif., with 358 of 420.

SERIAL STORY BANNERS FLYING

By MARY RAYMOND

CHAPTER I. When Colonel... and James... were flying in Westwood... they were as close as two peas in a pod...

It was Christie who was high in the air... she was anxiously glued to the circling plane...

Tommy Colton, her brother, was not troubled... Christie's unending luck would always hold out...

Goodlooking Bart Sanderson had been known as Westwood's "biggest fellow" before he went in for medicine...

More than one person had suspected that if any girl could prick Bart's indifference...

It had been one of those days for Christie... she had begun her lesson that afternoon in a blue mood...

It was about that the sight of Bart Colton... she still looked as though he had been up in a plane every day...

More than one person had suspected that if any girl could prick Bart's indifference...

obedience. Suddenly, her eyes... "I'm pretty glad to find you all in one piece..."

"That goes for me, too," Christie said, a lump in her throat...

"What girl?" she asked, trying to sound interested and natural...

"Why did she pick our town?" Christie didn't like the sound of her own voice...

"Oh, I don't know," she replied... "I believe she has some relation to me..."

### WLB ASKS EARLY ACTION ON WAGE

WASHINGTON, July 28 (UP)—The war labor board today appealed for quick application of all phases of President Roosevelt's anti-inflation program to prevent the undermining of its new wage stabilization formula.

The board warned that its stabilization policy could not become fully effective if other factors in the cost of living—prices and rents—were not rigidly controlled.

The board, which last week set up the formula in a decision admitting a wage increase to "little steel" workers, used it today to reject demands for a wage increase in the first case to be decided since then.

It turned down demands of 1,200 Remington Rand company employees at Tonawanda, N. Y., on the ground that two wage increases of 10 cents an hour for men and 13 cents an hour for women already have brought the workers' pay to a 15 per cent maximum boost established in the "little steel" formula as necessary to meet the increased cost of living since Jan. 1, 1941.

Dean Wayne L. Morse, public member who wrote the majority opinion, said, however, that the wage stabilization formula would be of "lasting effect only if and when all the other phases of the President's stabilization program in turn become as effective."

Warns Labor  
"The formula," he said, "must be looked upon as a concomitant of a broad-based tax policy and of wide-scale and effective regulation of national and price fixing of those consumer goods, the prices of which are so controlling in the cost of living of the average citizen."

He warned labor, which he said has "reluctantly but not unreservedly" accepted the "little steel" formula, that it must make great sacrifices and that it cannot expect to improve living standards during the war.

### SINGER'S LETTER IN NAVAL TRIAL

SAN FRANCISCO, July 28 (AP)—Lt. Comdr. Maurice G. Aroff's two letters to the Beverly Hills draft board to defer actor-singer Tony Martin were government evidence today in the court-martial of the naval procurement officer on charges of "slandering conduct" and other complaints.

The first letter was introduced by Lt. Comdr. Albert C. Berry, Jr., Los Angeles district detective service coordinator.

When from naval district headquarters here, to which Aroff was attached, it suggested to draft board that Martin was a "talented" actor and singer and that Martin's imminent induction into the army be deferred because of his application for appointment in the naval reserve had not been recommended.

The letter, dated last Oct. 24, was followed by another Dec. 13 stating Martin's application had been classified "B" for "not recommended" and the entry was being recommended by the 12th district as a "B" for "not recommended."

With these letters the prosecution apparently was attempting to establish that Aroff's subsequent act—the solicitation of a \$500 automobile as a gift from Martin—was a bribe.

### Names in the News

By United Press  
Premier John C. Curtin told the Australian parliament today that since the Coral sea battle, Japan has been reconnoitering her forces for another attempt against Australia, but the continent itself has not been idle and its defensive strength has been improved.

Stunt Girl Exposed  
The scandalous life of a young woman, a divorcee from Sgt. David Brown, who she shared in a film in her after she left him, was exposed while he went to law school.

United States Administrative assistant of the navy bureau of yards and docks, arrived in San Francisco today to Washington today and said he was anxious to stir the American people out of their complacency—and eat his first fried chicken in more than six months.

Joan Leslie, youthful film star, proposed a United Nations flag to have four rectangles of color: red, white, blue and green. Each color would stand for one of the four freedoms the nations are fighting for.

As new pro-British government was formed in Syria today under the premiership of Sanjay Essoh, former president of the Beirut criminal court.

Mrs. Lillian Dawson Whitlock is asking for a divorce from son writer Don Hays, charging cruelty and reporting that the "bric-a-brac" married life hit several sour notes during the past 10 years.

Connecticut State Highway Commissioner William Fox was reinstated to office today by Gov. Robert A. Hurley, who found him innocent of charges of incompetence, misconduct and material neglect of duty.

Wesley Barry, former child actor and now an assistant director at RKO studio, will report for active navy duty Monday.

### "Wanted"—German Saboteurs

The department of justice issued wanted circulars in Washington disclosing the identities of two expert German saboteurs ordered to the United States by the German high command, to destroy aircraft in bombing raids. They were listed as Walter Kappeler, top left; Joseph Schmidt, top right; and Heinrich Rudolf Barth, lower.

### NEW FRONT WILL DEPEND ON NAZIS

By LOUIS F. KEEMLE  
Of the United Press War Desk  
The extent of Germany's gains in Russia during the coming months likely to determine whether the allies will open a second front in Europe before the end of the year.

The Germans have taken Rostov, as had been expected, and the Russians are now close to the great bend of the Don before Stalingrad and the test of strength in the 50-mile area between the Don and Volga is about at hand.

Unless the Germans take the north Caucasus oil fields, a victory for the present are not nearly so important as the strength and holding power of the Russian army.

Serious Loss  
Occupation of the north Caucasus would be a serious loss to Russia and a great gain to Germany in the oil which it would get. It also probably would entail the smashing of Marshal Bonyon's "Thunder" Caucasus army.

But if the Russians hold through August and enter September with their armies and equipment still reparable, they will have a good ground for arguing that they can be held until another winter comes to bog down his mechanized juggernaut.

The clamor for a second front comes from the public, which is not in a position to know the military state of affairs. There is strong feeling among the Russians people and the rank and file of the red army.

No Official Demand  
Russia officially, as we know, has made no demand for it. When Ambassador Maxim Litvinov said President Roosevelt the other day, there were reports that he called for the prompt opening of a second front in Europe.

The Russian position is critical but not yet desperate. Should it become desperate in ensuing weeks, it is not probable that Moscow would send the SOS and the second front would be advanced because of the critical necessity of keeping Russia in the war.

### NEW SYNTHETIC RUBBER BETTER

WASHINGTON, July 28 (UP)—William B. Parish, president of the Standard Oil Co. (N. J.) today told a senate subcommittee that Buna-S synthetic rubber tires are superior to natural rubber tires under new road and driving conditions.

Buna-S tires made from butadiene, which is the backbone of the government, will make a tire which will run more miles under normal conditions, Parish told the senate agriculture subcommittee investigating synthetic rubber.

Tests demonstrate that such tires are between 10 and 120 per cent better than natural rubber tires, Parish added, however, that all synthetic rubber had a weakness under heavy duty, high speed and large weight, for developing "internal heat."

"When a motorist could afford to pay more for a synthetic tire than for a good rubber tire?" asked Sen. Emer Thomas, D., Okla.

Parish replied that with his qualifications—normal road and driving conditions—that he probably could.

### CRISIS NEARS IN GARBAGE-HAULING

(From Page One)  
"It is now apparent," Prescott said in the letter handed the councilmen, "that if I continue to maintain the dump-park, all phases of it will be faced with numerous civil actions and probably criminal actions. I feel that this is beyond the endurance of any citizen."

Takes Charge on \$1,000  
Prescott announced that he had entered into a new contract for hauling the city garbage, such contract as the city council had at that time, he pointed out. "I agreed, among other things, to post a bond in the amount of \$1,000, conditioned on the faithful performance by me of said contract."

"However, and realizing that I may be obligated under this bond, I am notifying you that I am willing to pay this \$1,000 obligation (after the matter is properly litigated) upon my refusal to continue hauling the garbage and to provide a said contract, I am, therefore, notifying you now that owing to the fact that I do not feel that I can spend any more money; and further, that it is impossible for me to secure a new contract for the hauling of the city garbage, I hereby notify you that you will have to secure some other person or persons to haul the garbage and trash after July 31, 1942."

Present, this year, was given a substantial cash increase for hauling the garbage, and it is likely to be increased again because of the higher wages he is required to pay the men who keep the city clean.

### HIGGINS REPORTS BIG U. S. LOSSES

WASHINGTON, July 28 (UP)—Andrew Jackson Higgins, New Orleans shipbuilder, charging today that the maritime commission's cancellation of his contract to build 200 liberty ships would mean an eventual loss of at least \$75,000,000 to the nation.

Testifying before the senate committee investigating war production, Higgins asserted that he had reduced the time required for building Liberty ship in his yard to 300,000 man-hours, while other yards were requiring a minimum of 600,000 man-hours. He said that "even with wages as low as \$1 an hour, this is a reduction in my yard of 300,000 per ship."

On his 200-ship order, he said, this would mean a savings to the United States of \$20,000,000. He estimated that a loss of \$15,000,000 to \$25,000,000 would result from materials canceled because of the commission's cancellation of his contract.

### AXIS SUB SINKS TINY U. S. CRAFT

By United Press  
Axis submarines, which have sent at least 22 merchant ships to the bottom in the western Atlantic since January, now are sinking vessels singly with ease.

Two such sinkings of the 55-foot United States patrolship Gertrude, and of a Nova Scotia fishing schooner—were reported yesterday. In the case of the Gertrude, however, the motive appeared to be the pirating of its cargo of canned goods and oil.

A third sinking disclosed yesterday was that of the Mexican freighter Oaxaca, of 6,000 tons. Formerly the German ship Elam, the Oaxaca was sunk in the Gulf of Mexico, probably on Sunday, dispatches from Mexico City said. Six of the crew were missing. Thirty-four men were landed at Corpus Christi, Tex.
