Saboteurs' Plea For Civil Trial Denied by Court

WASHINGTON, July 31 (AP)—The supreme court today denied the plea of a group of alleged Nazi saboteurs for writs of habeas corpus and a trial in civil court instead of before the special military commission created by President Roosevelt.

By so ruling, the court in their current trial before the military commission and the President's order creating the commission.

The court's decision was announced by Chief Justice Charles E. Hughes in an opinion which he announced that a full opinion would be forthcoming after it had been published, establishing a procedure without recent precedent.

Quick decisions were announced by the court convened at noon, a scant 20 hours after the court had received the writs. The saboteurs concluded an argument of their contentions—the government and the military commission proceedings were valid, the defense that the proceedings were invalid.

MUST SACRIFICE, MASTERS WARNS

BUHL, July 31—America faces a long war and its citizens at home must sacrifice, Ira H. Masters, Democratic congressional candidate, told a Townsend-sponsored meeting at the park in Buhl last night.

"We are facing some very severe hardships," the former secretary of state declared. "As citizens have said, standards of living are going to be lowered very much as the war develops. We folks here at home think we are being penalized, but we are not. We are being penalized because we are being rationed."

"If the boys over there in the service, which is now nearly 1,000,000, have to give up certain indulgences, we should be as willing to give up in the same proportion at home."

He mentioned the fact that we are rationing heavy machinery, gasoline, but liquor, and that most of the men in the service do not have access to liquor as we have at home. If we are required to abstain, we should ration liquor along with the other things."

"The grass was wet and conditions were far from favorable but Twin Falls set a good example by ignoring all that to stage maneuvers at open park last night. Much of the drill consisted of hard field approach to machine gun nests, with troops utilizing what cover was available."

Cadet Training Program Most Rigorous in World—Reporter

By GENE CLAUSEN IOWA CITY, Ia., July 31 (AP)—The Navy's pre-flight training camp has been described as the most rigorous physical conditioning program the world has ever seen.

That is no overstatement. The routine for this consists of running up and down steep hills, getting over bunkers and rails, crawling through cutwires, getting a rifle fixed, jumping a water hazard, crossing a ravine on ropes and zig-zagging around ponds.

Until 4 p. m. the fourth "bat" was in progress. The cadets were studying. I took a look at the obstacle course. After calisthenics, a drive and picnic. I had to hurry to get my room in order before the next muster for athletes.

Our first period started at 7:30. We began with more calisthenics—tougher and longer than our earlier get-up. Soccer and wrestling classes followed.

Jet Wins Over Spray in Fight On Fire Bombs

NEW YORK, July 31—(AP)—Looks like the question of whether jets or sprays are better for putting out fire is still all water under the bridge now.

Jet was by 50 seconds. The jet was used in a test in which a solid stream of water or a sprayer of water to extinguish incendiary explosives had Director James N. Landis of the office of civilian defense and Mayor P. L. McGuire of New York City.

Landis was present last night when the New York City fire department tested both methods before 1,200 air raid wardens and civil defense workers. The matter was there; so was Fire Commissioner Patrick Walsh, who had sided with the jet and sprayer.

We The Women

The officers of the women's army aren't going around looking like frumps or battle aces. Announcement has already been made, that there is to be a well-equipped beauty salon at the WAAC camp in Des Moines.

That ought to be good news for men all over the country. Not many of them will be doing WAAC officers or even getting a look at them.

Don't be sloppy. If officers in charge of the women's army have made allowances for women's need of beauty, it may do a lot to convince the women of the country, that sloppy dressing and grooming in their part isn't so anything to be proud of.

The last few months observant men have become tired over the tendency of women to make sloppy slacks a uniform, to cut off their hair hither and yon, and to wear their hair, and in general to use the war as an excuse for not paying much attention to their looks.

But all that may change now that it is evident that the women who are going into the war will be expected to neglect their looks for their jobs.

Looks are important. And if they think looks are important, and find time to look in the mirror, they will be a credit to the women of the country, that sloppy dressing and grooming in their part isn't so anything to be proud of.

"Honest-to-Goodness" Hats Will Be Worn This Autumn, Say Milliners

By DOROTHY ROE
Wide World Fashion Editor
The time has passed, my clever little housewife, when you can stitch up a dashing little hat at home from a bunch of flowers and a yard of ribbon, from the dress store.

This fall you're going to wear a real honest-to-goodness hat, complete with crown and brim. No more casual little calala, no more crocheted panaches, no more bits of fluff made of the scraps from your new dress and a bit of veil.

Our leading millinery designers have put their heads together and come up with startling news for the flower-and-feather girls. They are good and tired of seeing otherwise well-dressed women walking about the city streets with a bow in their hair instead of a hat on their heads.

It may be cool, smart and chic, but after all a hat should be a hat. That's what our milliners say. Really Victory, one of the big thrives of the recently organized Millinery Fashion Inspiration group, pledged to provide sound basic design for the vast millinery industry, presents a fall preview of hats with a capital H.

Colors include "Dalmatian blue," "Netherland purple," "Ming orange" and here's good news—every hat fits the head, is made to stay put in a high wind.

Nothing is more healthful than good wholesome bread, particularly if it is enriched with added vitamins. BUTTER-KRUST bread is so enriched and consequently is mighty good for you, but the exclamation of the product itself makes sensational claims unnecessary. Most likely, BUTTER-KRUST bread will provide necessary vitamins that you are getting in no other way. But after eating a slice of BUTTER-KRUST, don't expect to have a run-away. BOISE, July 31 (AP)—Al Korhonen, league-leading batter, drove in a run with a timely single in the ninth last night to give the Boise Pilots a 5-4 victory over the Twin Falls Coyboys in a well-played contest.

DETROIT, July 31 (AP)—The Tigers staged a six-run eighth inning rally to defeat the Athletics, 11 to 5, in the opener of a double-header yesterday, but the Mackes took the nightcap, 7 to 6, on light relief pitching by Roger Wolfe. Detroit clinched the series, however, two games to one, its first in a month.

Wolfe, returning to the lineup after a day on the bench, drove home six Detroit runs in the opener, clobbering the big eighth with a four-run homer off Luman Harris, who was charged with his ninth setback against 10 victories.

It was Higgins' ninth of the year. Darnay McCooly's two-run single drove in the winning runs and gave Paul Dierzy Trout his seventh victory opposite 10 defeats.

In the nightcap the A's spotted Bill MacWhorter, the leading pitcher, a four-run lead but he suddenly lost his stuff in the fourth as Detroit clustered three runs on five hits including three by first homer of the season with one out.

Dick Sieber's homer, his second of the year, squared the count in the sixth, and he and Peter Suterback batted home a run in the eighth off John Gorsica.

Cards Must Travel at .655 Pace to Win Flag If Dodgers Break Even

NEW YORK, July 31 (AP)—The society of "figger filberts" held its first meeting of the season today and decided that the Cards must travel at a .655 pace to win the National League pennant. Since they disposed of the second-place Cardinals two out of three in their just-concluded set, the Gowanus Burns are now sitting in a spot where, if they play only .600 ball the rest of the way home, the Cards would have to win 38 of their remaining 68 games to beat them out. This is a .655 percentage, and since the Cardinals have turned in only a .625 mark so far this season, you can plainly see it looks like a bad case of St. Louis Blues.

Who's more of the 58 games the Brooklyn still have to play, 21 of them with the bewildered Braves and 37 with the Cardinals. The Flatbush outfit already have knocked off these two clubs 10 times against four losses, and they're not a crystal ball to see that the doctor couldn't have prescribed a better treatment for the Burns.

At the same time, the Cards still have 23 to go with Pittsburgh and Cincinnati, a pair of clubs that have whipped St. Louis 10 times this year while losing only 11 to the Cards.

The Dodgers increased their lead over the Phillies in the night, blowing across six runs on eight hits in the fifth inning, the Dodgers crushed the Philadelphia team.

Until the big blowoff, the Dodgers only hit off Lefty Vern Olsen had been a single in the fourth inning, while the Phillies had a lead of 2-0.

But all that stuff is water under the bridge, for the Cards are concerned — and he has gotten his money's worth out of having professional baseball in Twin Falls.

However, the other day, just to show you that he still hasn't spent too much on the Cowboys, Frank came through and made the war bond that was given away at a Joyce park last Wednesday night.

In the ball bag: A card from Les Routh, who used to bowl with the Green Cab team in the city, was given away to live in the United States and lives in Alameda, Calif. Says he is a member of the Green Cab team.

KWANIANs DELAY ENTRY IN "VOLS"
The inability of any one present to answer the question of what effect enlistment would have on a veteran's insurance postponed the entry of a number of Kwanians into the Idaho volunteer reserves at the regular luncheon meeting of the club yesterday noon. However, five signed up and a like number of the reserves actually joined. Capt. Elroy Moore of the volunteers addressed the club regarding the effect of enlistment which will be composed of service club members in Twin Falls. He said that a meeting of the club would be held at 7:30 p. m. Wednesday in front of the Legion hall, which is the club headquarters.
Explains Duties
Moore explained the duties of the reserves, particularly that of organizing and resistance in case of invasion. He cited the location of the cap camp at Fort Henry which was held by a volunteer attempt to release if the country were attacked.

Light Vote Looms In August Ballot
BOISE, July 29.—Voting in Idaho's primary election next month will be light, believe it or not, according to George Williams, Republican candidate for nomination as second district representative.
Williams, Democratic candidate for nomination as second district representative, said he was interested only in the prosecution of the war effort, and voters are determined to place in Arnold Williams, who will aid, not hinder, war legislation.
Sen. Henry C. Dworshak, Republican, whose place Williams seeks to take, has been "playing pretty politics" at the expense of the war effort," the former majority floor leader of the state house of representatives charged.

NO RULES COVER HORSE-BUGGY CAB
By GEORGE MADDEN
SAN FRANCISCO, July 31.—Morrice Edson, who got his old job back because of the war, watered his team as a filling station attendant while city fathers puzzled over how to handle the situation.
The city's health department while preparing a new municipal code, including a check list, had legal experts decided they'd have to let Edson play his trade as a horse-drawn only hackney.
Edson said first driver of Gorman's hack, fixed it up for traffic by electrifying his two kerama headlights and installing tail lights.
"Those tail lights are the bunk," said George Williams, an Ableman soldier and sailors are ripping them off for souvenirs."
