# VOYER INTEREST "APATHETIC" AS ELECTION DAY DRAWS NEAR

## LIGHT BALLOTING LOOMS IN STATE

**By CAROL CROSS**

BOISE, Aug. 5 (AP)—Candidates for congressional and state offices in next Tuesday's Idaho primary elections went into the campaign today with a "win" as the word of the day, probably the most apathetic active for voters in the recent history.

Although there was interest in party contests for major office nominations, the issues were for the most part built around pension bills and the records of the "ins" as against the promises of the "outs" with reference to the national war effort.

Only 31 candidates were seeking nomination for the 11 major party offices. Of these, 11 had no opposition and already were assured of nomination. There stood on the Republican state ticket—treasurer, mine inspector and superintendent of public instruction—were three Two supreme court justices, on the non-parliament ballot, have no opposition and already are assured of election.

**Senate Race**

Chief interest centered in the five-year race for the Democratic senatorial nomination, the three-way Republican contest for the same office now held by John Thomas, Republican of Gooding, who seeks reelection; the three—governor, congressman and representative in congress; and the two-man contest for the Democratic nomination for the first congressional district representative.

Despite these wide-open affairs, there was evidence of so small an interest in the primaries that one state office contest would not exceed 70,000.

This would compare with a total of 110,494 votes cast for the gubernatorial aspirants in the 1940 primaries and the 235,277 for the same office in the 1936 election for the same office.

Secretary of State George H. Curtis, office complex final, official election returns, agreed that only about 70,000 votes will be cast, but qualified his statement in an interview by adding that "of course one must guess as to good as another."

Just back from a visit to north Idaho, Curtis said he found small interest in political talk.

"Tired of Politics"

"People are tired of politics," he commented. "A lot of them are working hard. There's a labor shortage and the harvest season are on hand. Many Idaho voters are tired of the armed services or have moved away to take lucrative jobs on the westward to tell what will happen.

"My guess will be, however, that only about 70,000 votes will be cast by each of the two parties, Democratic and Republican, in the primaries.

The 11 candidates without primary opposition are former Gov. H. C. Baskin, of Parma, Republican, for first district congressman; Henry C. Dworkin of Burley, Republican, incumbent Democratic, for state treasurer; Chas. A. Clark of Idaho Falls, incumbent Democrat, for superintendent of public instruction; H. C. Baskin of Parma, Republican, incumbent Democrat, for state treasurer; Edwin Nelson of Penn, Republican for lieutenant governor; George H. Curtis of Boise, incumbent Democrat for secretary of state.

## Business, Pleasure Highlight Filer Banquet for Sheep Men

**FILER, Aug. 5**—Brief discussion of lamb marketing movements and market outlook highlighted the serious moments—vocal selections by bankers, railroad men and others opened the entertainment program as the Filer Kiwanis club entertained the sheepmen at the annual picnic banquet here last night at the Methodist church.

The dinner was the prelude to the 1942 ram sale underway today at the fairgrounds.

E. D. Dougherty of the Ogeden union stockyard told the assembly that 425,000 lambs went through that market this far in 1942 and most of these were Idaho lambs. The figure, he said, is an increase of 10 per cent over last year. Dougherty pointed out that July and the early part of August were well ahead of the same period in 1941. He declared that the large markets, as well as the packers from the states of Iowa, Minnesota and the Dakotas are represented in the Ogeden market.

## SLAV GUERRILLAS IN MAJOR FIGHT

**LONDON, Aug. 5 (AP)**—Gen. Drzha Mikhailovitch's patriot army has killed 1,400 soldiers, wounded 600 and captured 1,000, including German, Bulgarian and Croatia in a battle in the first line of the west-central Yugoslav, soldiers said today.

Bulgarian troops were compelled to retire from the sector and heavy fighting is continuing between the Yugoslav units and the other axis troops, it was said.

This latest news of the success of the patriot army came in a formal communique from Gen. Mikhailovitch's headquarters in Yugoslavia, and was released today by the Yugoslav government in exile here.

It reported that after capturing the towns of Prozor and Gornji Vakuf in Bosnia, in the Vrbas river area, the patriot guerrillas were continuing their progress northward along the river toward the town of Travnik, 160 miles west of Belgrade.

Fighting was heavy throughout the region, the communique said.

## First Aid Station Set at Murtaugh

**MURTAUGH, Aug. 5**—Mrs. E. P. Browning, chairman of the local Red Cross has announced that the first aid station and the loan closet have been established at the office of the highway district in the highway building, Mrs. E. A. Davely, who has completed the first course and received her certificate will be in charge.

Equipment in the loan closet which is to be used for emergency home sickness, consists of bedding, dress pillows and towels and other equipment will be added later.

The next meeting will be held at the school house at 7:30, Aug. 12.

## NEWSPAPER SAYS SOLON IS "LIAR"

**NEW YORK, Aug. 5 (AP)**—In an editorial captioned "You're a Liar, Congressman Holland," Capt. Joseph M. Patterson, publisher of the New York Daily News, replied today to a charge of Rep. Einar J. Hollander, D. Penn., that he and his editor, Eleanor Patterson, publisher of the Washington Times-Herald, were doing their best to bring about a fascist victory—hoping that in that victory they will be rewarded.

The editorial signed by Captain Patterson, said:

"The following statement is not published, but unlike Hollander's is true. What Hollander said about me and my sister is a lie. We are not 'Holler's followers.' We do not seek to bring about a fascist victory hoping to be rewarded afterward. . . . We do not know whether or not we were inspired by you or by higher ups. But we do know that service having upon this or any other administration is not a test of love of America."

The Washington Times-Herald published Patterson's editorial with the following postscript:

"To the editorial statement I heartily subscribe. You are a liar, Congressman Holland. And you know it." (Signed) "Eleanor M. Patterson."

## Harlem Will Get Look at Old Mystery

**NEW YORK, Aug. 5 (AP)**—Harlem is set for a look at an old mystery in a new edition of the book "The 12th Street and Fifth Avenue—A long-standing mystery solved" by Allan Knight.

All eyes will be focused next week on the crumbling old Brownstone at 12th Street and Fifth Avenue, which Collyer, who for years have lived behind barred windows and barred doors, when authorities break in and learn his secrets.

And the strange rumors as to whom the man who lived there and some say his interior resembles an Arabian Nights dream of antique riches and other rumors, will be set at rest.

Whatever is inside the home of the hermit-like Collyer brothers, who are in their late sixties, will be revealed when city marshals enters with an eviction order obtained Friday by a bank holding a \$67,000 mortgage on the place since 1910.

The bank says it has received no mortgage payments in three years, and will launch a foreclosure suit in reeking last week, his brother, blind and paralyzed, hasn't appeared in public since 1910.

The brothers moved to Harlem in 1910. They are reputed among other things to own hundreds of acres of waterfront, and to have 17 grand pianos.

Lately, in a rare interview long ago, denied the part about 17 pianos. He said then they only owned 10.

## Manufacturing of Typewriters Ends

**WASHINGTON, Aug. 5 (AP)**—The war production board last night ordered the manufacturing of typewriters to end in the plant of the Woodstock (Ill.) Typewriter Works, which will continue to make "a relatively small number" of machines for the government.

The order, which becomes effective Oct. 31, was a step in the WPB's "civilian industry concentration" program, designed to concentrate plants and skilled workers for war jobs.

Production of portable typewriters was stopped July 31. Today's order is to own their orders to continue production at least until 10 percent of normal until Oct. 31.

## BALLOTING LIGHT IN FOUR STATES

**By United Press**

Attempts to remove federalism as a pre-war isolationist and a congressman accused by his opponents of obstructionism, failed today as the lightest vote in a decade was counted in Missouri, Virginia, Kansas and West Virginia, party primaries.

Virginia voters rejected the "obstructionist" charge against Rep. Howard A. Smith. Virtually complete returns gave him a better than 50 per cent lead over his Democratic primary opponent for a congressional seat, Emmett C. Latta, former Alexandria mayor.

Despite accusations by his opponents of pre-war isolationism, Rep. Walter P. Reuther, Ex-Libis republican, led six other contestants for the Missouri 12th district congressional nomination.

**Senator Falls**

Primary races highlighted by national interest were in Kansas, where Kansas—In the Republican race, Andrew Schoepel, endorsed by Alf Landon, former presidential nominee, led Clyde M. Reed, Ex-Libis, 54,694 to 46,293 in returns from 130 of the state's 143 precincts. U. S. Sen. Clyde M. Reed trailed with 31,422 votes. Vegetian . . .

Missouri—Ploesser led his nearest opponent in the 12th congressional district in the Democratic senatorial primary. W. H. Burke, Little River stockman, won the Democratic congressional nomination.

Virginia—Rep. Howard A. Smith and Rep. Clifford A. Woodrum appeared in the state legislature in the congressional seats with leads in the Democratic state primary.

## YOUTHFUL MOVES STARTING FIRES

**POCATELLO, Aug. 5 (AP)**—Five youths, 17 to 19 years old, pleaded guilty to setting three fires along the highway between Portneuf and Idaho Falls, CCC camp and their arrest has solved, at least partially, the current series of range fires.

State police officer Tom Albaugh arrested the quintet Sunday, and in Pocatello after Wayne Wadsworth of Pocatello, following the boys in a car, he noticed the boys were in the flames at intervals along the highway.

Members of the Peace Charter W. Hyde fined them \$4.00 each and warned that further such activity would bring more severe punishment, Albaugh said, a felony, is punishable by one to 10 years imprisonment in the state penitentiary.

## MAJOR ATTACKS LOOM IN SOUTH

**GENERAL MACARTHUR'S HEADQUARTERS, Australia, Aug. 5 (AP)**—Japan's land, sea and air activity over the northern area of New Guinea indicates that a major enemy move is impending, special intelligence from advanced bases said today.

Gen. Douglas MacArthur's communique reported only normal reconnaissance and security activity in all zones.

This activity included scouting northern New Guinea's coast and the waters off it by plane to detect movement of reinforcing Japanese planes and ships, and the maintenance of constant ground patrol contact with the Japanese who had taken Kokoda, 55 miles from Port Moresby, the big allied New Guinea base.

It was made plain at headquarters that the security activity was a precaution against any sudden Japanese move.

Despite heavy allied attacks and the harassing tactics of allied ground troops, the Japanese are firmly held Kokoda tying field and position adjacent to it.

Attacking air forces were understood to be holding the narrow mountain pass above Kokoda, lending momentum to Port Moresby on the south coast.

Last Rites Held For Burley Woman

BURLEY, Aug. 5.-Mrs. Elizabeth D. Mower, 70, who died here last Wednesday, was paid final honor at funeral services Thursday evening at 8 at the Burley funeral home chapel, with Preston Stock, counselor to clergies officiating. A quartet presented the opening number, and Mrs. Mower's prayer. Mr. Stock gave the obituary, and J. Russell Call and Elmer Holback were speakers. Marie Call sang a solo, and A. L. Hanks sang "Going Home," as the concluding song. The service was held in the home of Mrs. Mower's daughter, Mrs. M. C. McCulloch, directed by the bereaved.

Horse Goes Over Grade on Outing

KETCHUM, Aug. 5.-Mr. and Mrs. Lue D. Hill and party have returned from a month's vacation in the hills and low streams of the Salmon section. They reported plenty of fish and no end of adventure. Lue recalled that one of their pack horses went over the grade, but after retrieving the horse and packing him up and collecting the odd things they found that the damage amounted to three smashed eggs. Lue added that one of the pack sections, above Mackay, where they will continue the outing, having opened the Alpa was and has for duration of the war.

# WOMAN POWER MAY BE LISTED

WASHINGTON, Aug. 5 (AP)—Machinery for a nationwide occupational registration of women, with a view to calculating the country's total adult resources, may be included in war service legislation now being drawn by the War Relocation Authority, according to a congressional source.

The manpower commission spokesman, who wished to remain anonymous, estimated that between 18 and 24 million women are available for work.

Paul V. McNulty, manpower chief, has estimated that around 2,000,000 more women must be placed in jobs by the end of 1942.

**Special Authority**

The general war service bill is being drawn under McNulty's direction, designed to fill manpower requirements in war industries. Some persons close to the manpower chief expect that it may give President Roosevelt authority to assign workers to jobs where their skills are most needed.

This legislation may embrace mechanics for a compulsory occupational registration of women, which has been proposed in other means than patriotic appeals and the usual incentives of wartime employment.

**Would List Women**

The effect of nationwide registration, it was understood, would be to determine the number of women available and willing to take jobs in wartime.

Of the 62,300,000 persons now employed according to works project administration reports, 12,000,000 are women. Of the 2,700,000 persons now in the WPA said 700,000 were women—about 40 per cent.

A registration of women over 18 in the Detroit area will be conducted next week, and possibly will serve as a model for a nation-wide count, the manpower commission and congress decide one is necessary.

# SOVIET ESCAPES DECISIVE LOSSES

**By De WITT MACKENZIE**

**Wide World War Analyst**

The Hittlerites have continued to gain ground in the face of magnificent Russian resistance in the Talmayak sector of the lower Don and in the Belya Glinz zone almost 200 miles south of Rostov near the mouth of the Don river, but while the reputation is serious it can be said that nothing of a decisive nature has yet developed in this critical battle.

From the standpoint of the allied cause, the most important fact which emerges from this colonial engagement upon which so much of our hope hangs is that thus far the Hittlerites have suffered small casualties of any considerable units of troops, as happened in last year's fighting. The heaviest Russian treatment has been carried out in an orderly manner, and apparently without excessive losses, considering the nature of the conflict.

The Reds at latest reports were maintaining a battle line which throughout much of its great length, seemed to be holding well. That affords encouragement.

This doesn't mean that further Russian retreats will be expected, but it does mean that the pressure to the very edge of the great Caucasian mountain range, however, once the foothills are reached the Reds will be on the ground to counter the attack of Hitler's mechanized forces which at present are operating so freely and effectively over the firm, level plains of the northern Caucasus.

# Driver Fined \$100, Given Term in Jail

# Candidate McDougall Takes a Crack at Both G. O. P. Rivals

Putting on a clear and confident air of asserting that he can win the Republican nomination for governor, Thomas D. McDougall, Boise, cut loose here today with the first broadside in a gubernatorial campaign that has been relatively quiet in south Idaho. He took cracks at his two rivals for governor, the nomination—W. H. (Bill) Detweiler, Hazelton, and C. A. Bottelstein, Arco, and Candidate McDougall, in a recent statement at Boise. Detweiler said "the government, in my opinion, is using the war as an excuse to set up a complete state of communism."

"Any candidate who would make such a statement is, in my opinion, not worthy to be governor of the state of Idaho," McDougall declared.

O. K. With Him

"The federal government, as I see it, is doing all in its power to develop in this country a state of mind, and if it must step on the toes of a few to do this, then that's all right with me and I will be glad to see any other citizen of the United States."

He also took Detweiler to task for his attitude in published statements that the "farm security administration is destroying home ownership as a result of all farm people will be made wards of the government."

McDougall, who has come out publicly for "law and order," cut another enemy supply ship when he said that the "Deweller home county—Jerome—is where 'strange to say, the payoffs are running machines and illegal liquor sales is the blight of any county in Idaho."

McDougall expressed himself as confident that he would win the primary election in September. This makes me curious to know what he ever did."

# BURLEY SCHOOLS OPEN ON AUG. 11

BURLEY, Aug. 5—Tuesday, Aug. 11, will mark the opening of the year for Burley schools, and Monday will be devoted to teacher planning meetings and receiving of in-laws, according to Superintendent George E. Detmer.

Pupils who enter the first grade this year should be accompanied by their parents, who should bring birth certificates if possible. Pupils must be by the fifteenth of November, in order to start this year.

Bus routes will operate on the same regular schedule as in the past, except when school closed last year, when that buses will operate one hour earlier in the area west of Overland avenue and one hour later in the area east of Overland avenue.

All non-resident pupils who ride school district buses will pay \$2.00 a month bus fee, and non-resident students will be charged a three-dollar fee for maintaining a high school, or grade school pupils from districts maintaining a high school, or grade school pupils from districts maintaining a high school, will be required to pay their own tuition monthly in advance should they attend Burley schools.

Textbooks will be furnished by the district, and pupils in grade nine to twelve will be charged a sum of \$3 per year, with one dollar to be returned at the end of the year providing books are returned without damage.

School high school students will pay a \$4.00 student activity fee.

Repair work is being completed on buildings this week, but the work has been slowed by a shortage of labor and materials. Plaster repairing in the high school auditorium and other high school rooms as well as the Southwest school has been completed, and the roofs of all buildings have been fixed.

Additional storage room for lunch supplies has been provided at the high school building, and a three-phase power line is being installed at the high school shop. Classroom rooms at the Overland school have been fitted up for the nursery school.

Detmer reports that the teaching staff of 67 is now complete, with the exception of one vacancy.

# ELECTION SLATED FOR LABOR UNITS

WALLACE, Ida., Aug. 5 (AP)—The Idaho Federation of Labor prepared today to close its 27th annual convention with nomination of officers, following a busy session yesterday in which five resolutions were adopted. Carl Bredie of Wallace is the retiring president. Election will be by mailed ballot.

The 128 delegates were told last night by H. V. Lund, mining specialist in the war production program, that the labor shortage in this mining district was typical of all sections of the country. He said that a program soon would be started for the training of inexperienced mine workers and another for experienced

# YOUTH TO FACE ROBBERY CHARGE

LEWISTON, Ida., Aug. 5 (AP)—Young Marion Edward Evans of Irigoin, Ore., was held today in lieu of \$10,000 bond on a charge of robbery with force in connection with the shooting Monday of W. A. Nieman, Sandpoint lumberman who formerly resided in Minneapolis.

Evans, 16, was bound over to district court yesterday by Probate Judge John L. Phillips.

Sheriff W. W. Hays said Evans had admitted taking Nieman's car after shooting the man who had given him a ride.

Nieman, left wounded on the banks of the Clearwater river 20 miles east of here, managed to make his
