

RUSSEANS CALM AFTER MEETING OF CHURCHILL AND STALIN

LONDON REPORTS DRAW PUBLICITY

By M. S. HANDBLER
MOSCOW, Aug. 18 (AP)—The official press today commented in relatively subdued tones on the Churchill-Stalin conference in Moscow, now in prominence to dispatches from abroad, particularly London, describing public clamor for a second front.

There was considerable less enthusiasm today in the wake of the Moscow visit of Prime Minister Winston Churchill and W. Averell Harriman, representative of the United States, than was evident immediately after the recent conclusion of the Anglo-Soviet conference in Moscow. The Russian people believed to be the forerunner of a second front. The official press of the communist party, seemed to sum up Soviet reaction today by saying: "The announced results of the negotiations constitute a great political defeat for Hitlerite Germany."

The government newspaper, Izvestia, stressed that the red army still bears the main burden of the war. Izvestia, stressing the urgency of the Russian situation, said that the war has entered its "decisive phase" and that Hitler is straining every nerve to bring a decisive battle which full might of the anti-Nazi coalition can be thrown against him.

At a meeting here, Premier Josef Stalin and Prime Minister Winston Churchill was one of the most historic moments in the world's history. It was a marking stone on the path to further solidification of forces of freedom loving people depending from the Hitlerite highway-men.

Great significance was attached to the Russian people had no doubt that the conference would be of great importance for the allies. Under their editorials, the newspaper published without comment Churchill's meeting with Stalin, expressing "that our contact will be a useful part in furthering our cause."

Subs Sink Axis Supply Vessels

LONDON, Aug. 18 (AP)—The admiralty reported today that British submarines have sunk four to six Axis supply ships in torpedo attacks off the coast of the Mediterranean.

The communiqué said air reconnaissance disclosed that an Italian cruiser hit by a torpedo in last week's Malta convoy battle suffered severe damage, losing about 50 feet from her bow.

The Mediterranean torpedoing included a large ship sunk off an escorted convoy of three ships and another large ship probably hit in the same convoy. Another British submarine attacked and almost certainly sank an enemy supply ship which was escorted by three destroyers. A third British submarine torpedoed and left a large south-bound ship sinking, the admiralty said.

Off Norway, the communiqué said, a German medium-sized supply ship was attacked and one large ship was believed sunk.

The communiqué confirmed that the attack was a complete surprise, that it was planned and carried out before they could get into action. That several landings were effected, that vigorous enemy resistance was rapidly overcome and that a number of Japanese prisoners were taken. This was believed to indicate the big scale and complete success of the operation.

Further, the communiqué reported, at least 18 enemy planes had been shot down in this phase of the action.

U. S. FORCES WIN PACIFIC BATTLE

(From Press Out)
The allied forces have toward the mountain heights, and it was not ruled out here that the enemy might try to storm the 800-foot peak leading down to the Port Moresby hills.

MacArthur's planes, on reconnaissance yesterday, on the township of Kaveano, on New Ireland Island in the Bismarck, 500 miles northwest of Port Moresby and 550 miles northwest of Tulagi, and on shipping in the harbor.

It was indicated that the allied planes had detected the presence of a Japanese reinforcement Detachment from the north, the direction of the Japanese-controlled Caroline Islands, on its way to the Solomon.

In the northwestern zone, where the Japanese have a major base, the northern Australian coast, MacArthur's planes reported that they had sunk eight days on Tulor Island.

They bombed enemy troops and airplane positions and lines of communications.

RAAF Creds
This raid was made by American Lockheed Hudson medium bombers and Royal Australian Air Force medium bombers.

After the receipt in Australia of a radio message from the Dutch and Australian troops were still resisting in Tulor Island, which the Japanese had held for the past eight months ago, CBS New York reported that Dutch troops aided by natives were conducting widespread guerrilla operations in the eastern East Indies islands.

The navy's communiqué leaked at the Guadalcanal-Dual area, to Australians, as to Americans, the first official word for days regarding the Guadalcanal-Dual area. It indicated clearly that one of the first major objectives, and was the capture of the Japanese base on the north shore of Guadalcanal island, on Long Beach.

USO AIMING AT 2 SERVICE CENTERS

(From Press Out)
Earl Felt, Capt. Janet Felt, Mrs. V. H. Eldred and Miss Millicent Eldred.

Have Nucleus Now
The task of fitting out the local center will not be so difficult because the USO-sponsored community drive to furnish the center with purchased for the local guard company while it was stationed at Fort Leavenworth.

The USO leaders point out that there is a lot of furniture no longer in use which could be spared by residents in this city and county. They need chairs, divans, porters (daybeds), tables, desks, wire chairs, racks, card tables, used radios, rug, card games, magazines, china or other material that can be used to brighten up a room to be frequented by the young soldiers.

The USO here is busy with other problems brought by the soldiers. One is the finding of living quarters for the soldiers who are bringing their wives. Mrs. O. T. Koster, chairman of the committee assigned to this task, stressed that as early as possible, the USO has provided for the return of the Three-Nites for the Eden recreation center.

It was also announced today that the Elks have offered the use of the Venetian room in their building for the USO dances and also that all servicemen are always welcome at the Elks.

Forgery Suspect Will Face Charge
Richard Miller, alias Donald Risher, was charged on a forgery charge since last April, was arrested yesterday by local police and sheriff's officers and is now in the county jail.

Risher was picked up shortly after he left a Twin Falls cafe, Earl King, constable at Wells, Nev., who was in Twin Falls on business, recognized him and informed local officers.

Sheriff W. W. Lowery said today that Risher says he escaped from Ohio in 1935 and has been in the state for 10 years ago. Word is being awaited from Ohio to verify this statement.

BRAZIL BURGE AT AXIS ATTACK

RIO DE JANEIRO, Aug. 18 (AP)—Large crowds staged anti-German demonstrations outside German consulates today, demanding vengeance for the torpedoing and sinking of five more Brazilian ships, at least one of which carried troops, after a declaration of war on the axis was believed only a matter of hours.

Four bombers were launched over the store fronts as the crowds gathered, and heavy police squads were sent to the downtown sections where the demonstrations were under way. Public anger was fanned by assertions in morning circles that the area in which the ships were sunk was thick with military forces to be engaged in the next night.

Many feared that the Axis campaign was the 4,800-ton Bepancy, sunk in the 250 miles between Bahia and Sergipe, to the north. Another destroyer, however, had sunk 700 to 1,000 men were lost, but the department of press and propaganda asserted that the ship was not.

Telegraphic reports from various points along the coast between Bahia and Sergipe state that a number of lifeboats have reached small localities which leads to the belief that a large number of survivors aboard the torpedoed ships have been saved.

An earlier announcement has said there were no boats for "reports that said there were high military forces to be engaged."

Under Convey
Baptists, on the north, presumably the Brazilian hump, was being conveyed, along with the other vessels, by a United States and Brazilian warship, it was reported.

The warship was said to have sunk with the attacking German submarine, and, perhaps, to be still hunting them.

All told, Brazil has lost 15 ships to submarines since she broke diplomatic relations with the axis last November, aggregating more than 76,000 tons. But the live new sinking of the five ships engaged in coastal trade.

GIRLS FAIL ON AIRCRAFT JOBS

SEATTLE, Aug. 18 (AP)—The too bad, but the girls aren't working out so well in the plant where they are to be trained for the flying forces, are made.

West's executive vice-president and guiding genius of production at the Boeing Aircraft company, said today that the women were doing fine work, a great many "are here for other than service."

They pursue social life in the factory workroom, it appears; they wear their own clothing, suggested by the personnel office, and they do not confine their movements to the factory, he said. "In even-odd hours, although they've longed for time and again that long flowing robes are to get caught, particularly in machinery. They are in fact, said West, youngsters in search of a good boy."

Nevertheless, West concedes that it is absolutely essential to utilize women power to keep the production of the famous Boeing flying fortress up to par. As for this month, the plant has a shortage of 100 Boeing are women, and the percentage probably will increase, he said.

The solution, as outlined by West at an interview, is to encourage to separate women in the factory into sub-assembly work. West explained that the women are to be taken in shops on the second floor balcony.

"Death Valley Kid" Will Enter Army

Here is Alfred W. Pilgrim with his three burros and wagon after two years prospecting in Death Valley. He will be inducted Aug. 28. (Staff Photo-Engraving)

SPY TRIAL OPENS IN NEW JERSEY

NEWARK, N. J., Aug. 18 (AP)—The government today called its first witnesses in the trial of Herbert Karl Friedrich Behr, portrayed by the prosecution as being sent to spy on his adopted land by a gestapo-tarped fake escapee from Germany.

The 29-year-old honor graduate of Rensselaer Polytechnic Institute was indicted on a charge of conspiracy to commit espionage by engineering a plot with eight men in six nations to forward to Germany information vital to the American war effort.

The fake escape story was unfounded yesterday by John Grayson, assistant U. S. attorney, in his opening speech.

He said the gestapo had a carefully laid plot to return Behr to the United States without suspicion, with material for making invisible ink secreted in thread holding a coat button and \$1,500 sealed under the lid of a cigar box.

Behr listened gravely to Grayson's account, the smiling jauntiness which characterized his arrangement.

DEATH VALLEY PROSPECTOR TO ENTER ARMY; WANT 3 BURROS?

Who wants to buy three burros and a covered wagon in which there is a bed and a wood burning stove in addition to a lot of equipment for prospecting? They're not to be sold by Alfred W. Pilgrim, 27, who calls himself the "Death Valley Kid" and is camped along the Kimberly road, just a mile outside the city limits.

Pilgrim, thin-faced and weather-beaten, recently returned from two years in the desert to learn that he was wanted by Uncle Sam under the selective service law and immediately volunteered for service at the Twin Falls selective service board office. Consequently, he will leave with 18 others for examination and induction on Aug. 28.

Pilgrim didn't know he had to register until he arrived in this area, he said, he thought he was exempt because he had served a hitch in the army during the early '20s and later had been rejected by the navy.

Gable Starts Drill Study in U. S. Army

MIAMI BEACH, Fla., Aug. 18 (AP)—Clark Gable, without his mischievous and considerable hair, jumped out of his bunk at 5:15 a. m. today and began the kind of madcap drill study that will make him an army officer and probably a gunner in some of the army's new units.

As an officer candidate, he is making \$60 a month. As one of his 100 men, he would be making \$2,200 a week.

Gable was accepted as an officer candidate in the Miami Beach army air force school yesterday without fanfare. He and his friend, Andrew J. McIntyre, a Hollywood cameraman who enlisted with him, slipped through Miami and entered the Vanderbilt hotel, headquarters of the officer candidate school, through the back.

When told he would have to shave his mischievous, he grinned.

"I'll think a little bit and so will you," the sergeant said.

Mopping perspiration from his forehead, he got a "bad hair" haircut, Gable said. "There goes the weight."

Gable said he had no plans for the immediate future, except to become a good soldier.

AXIS SUBS SHIFT HUNTING GROUND

By The Associated Press
Further indication that the bulk of axis submarines had shifted their hunting grounds to the Caribbean and other areas came today as the U. S. Coast Guard reported that a British merchant vessel which went down off the northern coast of South America early in July.

The announcement came in the wake of Brazil's statement that five of its coast ships—including two carrying troops—had gone down off its shores in the past three days.

There have been comparatively few announcements of sinkings by submarines in the past few weeks and relatively few occurred in the North Atlantic and Caribbean recently.

Brazil Losses High
The five Brazilian ships, carrying 21 crew members and reported 60 passengers, brought Brazil's total war losses to 16 ships sunk and the damaged.

The Associated Press told of announced sinkings in the western Atlantic off the coast of Brazil. The loss of life from the Brazilian sinkings was still unknown and although the U. S. Coast Guard survivors to coastal points below the bulk of Brazil where the attacks took place, the exact number of those lost would be high.

"Mission to Moscow" Film to Have Documentary Evidence

By PAUL HARRISON (NEA Service)
HOLLYWOOD, Aug. 18 (AP)—"Mission to Moscow" may be a national best-seller, but for several months in Hollywood it was just another volume on the shelves of research departments. Studio readers dismissed it with a few phrases: "A factual chronology and objective study of events and conditions in Russia during Joseph E. Davies' assignment there as U. S. ambassador. Full of confidential dispatches to the state department, plus other correspondence and diary entries. No love interest; little action. No picture possibilities."

Finally, then, the surprise of Hollywood when Warner Brothers announced purchase of movie rights to the diplomatic report, and when Davies was quoted as saying the price was the highest ever paid for a book. (The figure has not been mentioned, but it must be above \$100,000. Davies indicated the money had been given to a war organization.)

Sure of Success
No matter what sympathetic misgivings the rest of Hollywood has been feeling about the deal, it can report that there is no consternation whatever at the flicker factory where "Mission to Moscow" is being prepared as a picture. The job is in expert hands, and is being given all the aid two governments can provide. And the account, now that it has been complemented by a great deal of additional information from Davies, provides true romance and action along with the

"Mission to Moscow" Film to Have Documentary Evidence

By PAUL HARRISON (NEA Service)
HOLLYWOOD, Aug. 18 (AP)—"Mission to Moscow" may be a national best-seller, but for several months in Hollywood it was just another volume on the shelves of research departments. Studio readers dismissed it with a few phrases: "A factual chronology and objective study of events and conditions in Russia during Joseph E. Davies' assignment there as U. S. ambassador. Full of confidential dispatches to the state department, plus other correspondence and diary entries. No love interest; little action. No picture possibilities."

Finally, then, the surprise of Hollywood when Warner Brothers announced purchase of movie rights to the diplomatic report, and when Davies was quoted as saying the price was the highest ever paid for a book. (The figure has not been mentioned, but it must be above \$100,000. Davies indicated the money had been given to a war organization.)

Sure of Success
No matter what sympathetic misgivings the rest of Hollywood has been feeling about the deal, it can report that there is no consternation whatever at the flicker factory where "Mission to Moscow" is being prepared as a picture. The job is in expert hands, and is being given all the aid two governments can provide. And the account, now that it has been complemented by a great deal of additional information from Davies, provides true romance and action along with the

Oil is Key to Russia's Fate

WASHINGTON, Aug. 18 (AP)—Chairman Robert H. Reynolds, D. N. C. of the senate military affairs committee today said that the Union's Caucasian oil supply country's drive to cut off the Soviet's oil supply will be the key to whether the U. S. will have conquered Russia.

"It will have won that phase of the war if it can cut off the oil supply," he said. "The whole course of this war depends on the fate of Hitler's drive on Stalingrad and the Volga. If he is successful God knows what will happen."

"Whatever the result, the only thing the United States can do to get the ships and supplies to enable the 4,000,000 British and American soldiers already in the Great Britain to invade Europe."

All the Sugar You Need for All-out Canning!

Says O.P.A.: "... saving fruits is as important as saving sugar.

American housewives every opportunity to conserve fresh fruits, wherever and whenever available... the conservation of fruit is fully as important as the conservation of sugar... there is no specific limitation on the amount of sugar which a family may obtain for the purpose of home canning... rationing boards are authorized to permit the use of any reasonable amount of sugar for home canning with the understanding that with each pound of sugar, four quarts of fruit be canned."

REMEMBER THIS: While fresh fruits may cost more this year than usual, it invariably costs you less to can them in the home than to buy them ready-canned. Moreover, the government is purchasing increasing amounts of our commercial fruit packs (75% of all our canned apricots, for instance) for military and lend-lease use. Be prudent. Prepare now for next winter and the months ahead.

You can't run too much fruit, says C. C. ANDERSON, IDAHO STATE O. P. A. DIRECTOR

BRITISH EXPECT MULTI-FRONT OFFENSIVE AGAINST NAZIS

MOSKOW SESSION BRINGS OPTIMISM

LONDON, Aug. 18 (AP)—British expressed belief today that the Churchillian plan for a multi-front offensive against the Nazis would be the first of the war which would swing the United Nations into a prime-front offensive against Germany's utter defeat.

Prime Minister Churchill, flown to Moscow from London, said that the United States and British forces in three four-motored American bombers, messages from Premier Stalin, "I am certain that our contact will play a useful part in furthering our cause."

The Moscow radio said the result of the conversation—which W. Averell Harriman attended as representative of President Roosevelt—was a "great political defeat for Hitlerite Germany."

Japan Omittled

Official announcements said the discussions concerned the war against Hitlerite Germany and her associates in Europe—a phrase specifically omitting Japan.

Secrecy veiled the details, but the tabloid Daily Sketch said the final decision must have been made on the question of establishment of a second European front in 1943 and suggested that this should top all informed agitation on the subject.

The historic Kremlin said the agreement, the immediate execution of the first of the promised daylight raids on Nazi-occupied Europe, and indications that the Solomon Islands offensive was progressing well and that the British regarded as the victory trail after almost three years of defensive fighting.

"Final Phase of War"

The BBC in an all-English language broadcast beamed to the millions of men and women dominated by Adolf Hitler said the announcement "inaugurates the final phase of the war which will see the complete annihilation of Germany's offensive power and the swift sequel of an allied offensive."

"Every possible measure to curtail them was considered in Moscow."

Former Teachers Asked to Return To State Schools

BOISE, Aug. 18 (AP)—Many school teachers have been called into the state offices of teaching certificates and are working in various plants and shops. A resolution panning the government for waste and extravagance in billings for wartime service to the military. Secretary John I. Hillman of the Idaho Education association said today.

He made the statement in commenting upon new reports from him that 10 new teacher vacancies have been added to the list of those already reported by Idaho schools, bringing the total of such vacancies to 112.

"Unless some way is found to keep high school teachers in the schools at half or two thirds of the salaries they are now receiving, it is going to be much disappointed in the young men called into the service during the next two years," Hillman said.

He said a solution might be found in former teachers of teaching certificates who obtain new certificates and apply for positions during the war. He said that such persons register with the teacher placement division of the U. S. employment division.

Clark to Survey Farm Labor Need

BOISE, Aug. 18 (AP)—Gov. Clark had announced today he will institute at once a survey of farm labor shortages in Idaho counties to determine what steps can be taken to aid harvesting of autumn crops.

The governor said Agricultural Commissioner J. L. Newport would begin a tour of all principal farming areas next week as the first step in the survey.

Newport will meet with leading farm organizations and will interview individual farmers to determine their estimated needs and the appropriate labor supply in each district. Branch offices of the Idaho division of the U. S. employment service will be checked, the governor said.

BARKLEY DOUBTS SALES TAX PLAN

WASHINGTON, Aug. 18 (AP)—Senator Barkley, D., Ky., expressed doubt that the senate would include a sales tax in the new revenue bill.

Further, he told reporters in discussing the big revenue measure, he believes the 3 per cent freight excise tax is "out."

"I don't know anybody who is for it," the majority leader said.

Officials of the office of price administration and the war production board have opposed the freight levy, contending it would raise the price of vital war goods.

Barkley declared it was by no means certain that the bill, as finally agreed upon, would be larger than the measure which passed the house. That version was estimated to yield \$2,719,000,000 additional taxes, bringing total federal revenues to about \$22,000,000,000 annually.

Deduction of the freight tax would leave the bill nearly \$2,500,000,000 short of the treasury's estimate of minimum revenue needs.

Barkley said he saw "very interesting possibilities" in a proposal by Braxley Ruml of New York for a "daylight savings" plan of collecting income taxes by withholding from paychecks.

He said the plan, and simply disregarding taxes due for the previous year.

QUESTIONS VITAMIN-ENRICHED BREAD FOR JAPANESE

Editor, Times-News:—Your recent article re the Japanese camp was most interesting and enlightening; however, there are some points relative to the camp that are not clear.

Is it true that in addition to the housing they are to be paid a salary. If so how much? Why?

I noticed also in a recent issue you stated that bakers were requested to submit bids on several thousand loaves of bread monthly, which must be "vitamin enriched" and sliced. Do you suppose our boys who are their captives are being fed vitamin enriched sliced bread? Also that enriched in the vicinity were requested to submit bids on fresh milk in quart containers, milk to meet high specifications, may I ask do our boys get fresh milk in quart containers?

It seems to me that the ingredients for bread making might be furnished and they required to make their own bread, also since canned and dried milk is furnished our boys in the army and navy that similar milk should do for these Japanese.

Yours for victory,

RIGHT OF WAY FOR WAR CALLS

Today's whole vast war effort is speeded up by telephone. The weight of war is on the wires. But we can't expand present telephone facilities, for the copper, aluminum and rubber needed to make telephone equipment must be used instead to make tanks, planes, ships and bullets.

You can help assure that vital war messages will go through without delay by following these suggestions:

<p>On Long Distance Calls</p> <ol style="list-style-type: none"> 1. Make only necessary calls. 2. Do not ask for reports unless necessary. 3. Plan what you want to say so that your call may be brief and another call unnecessary. 4. Whenever possible, call by number. 	<p>On Local Calls</p> <ol style="list-style-type: none"> 1. Be brief so that facilities are not tied up too long. 2. Please don't call "Information" for numbers that are already listed in the directory. 3. Urge members of your family, particularly the children, to avoid unnecessary calls. 4. If you share a party line, as many must today, be considerate of the other fellow.

Parents Urged to Provide Pre-School and School Children With Identification Tags

These are "back to school" days. Mothers in a multitude of homes throughout the nation are busy sewing, going through wardrobes and planning how to send Junior or Sally back to school with the best possible equipment, materially, physically and mentally.

Along both Pacific and Atlantic coastlines and for several hundred miles inland, war conditions have brought a new need for school opening this fall—the need for identifying children.

Discs Available

The Parent-Teacher association meets this week with a simple metal disc bearing the name and address of the child and worn on a sturdy metal chain.

The identifying in Twin Falls is being sponsored by the city Parent-Teacher association council, with Mrs. Lionel A. Dean and Supp. A. W. Kirsman as the committee in charge of arrangements, and H. J. Vailton, member of the board of directors of the Chamber of Commerce, in charge of distribution.

The first shipment of identification discs arrived in Twin Falls last week, just in time for the opening of school Aug. 24.

These discs will immediately identify children wherever they are," says R. J. Schwendman, chief air raid warden for district No. 1, and children wearing them can be more quickly re-united with families who have been separated from them in case of an air raid or other emergency.

"They should be worn by all children, pre-school as well as those of school age."

To those who feel that children will be frightened by tagging of the tags must be decorated to make them look like a piece of jewelry, Kathleen F. Lennox, chief of the children's bureau of the U. S. department of labor, says the following:

Was Not Game

"This war is not a game nor is it a pill to be sugar-coated. Children should be taught facts without the dressing-up needed by most adults.

Parents and teachers accept the identification as a simple experience, shared by everyone, and should not be afraid to wear tags with no more ado than accompanies the wearing of a pair of shoes."

Identification discs may be obtained at counter No. 3 in the local store, or at the city hall, in company, and the name and address of the child will be engraved at the city hall.

This is one of the means by which the P-T-A. is carrying out the first step toward the identification of children and youth in the home, church and community.

"Escapism" of Drinkers Talked At WCTU Session

GOODING, Aug. 18—Members of the local Women's Christian Temperance Union met Friday in the city park for their regular meeting. Rev. Laurain M. Wahlquist of the Methodist church, was a guest speaker. He, Wahlquist, spoke on the cause of alcoholic drinking, explaining to the person who drinks does so to hide from some difficult situation in life which he wishes to meet with a hopeful or intelligent frame of mind.

Election of officers was the principal feature of the meeting, conducted by Mrs. Ethel Rogers, Mrs. H. A. Chappell was elected president; Mrs. C. Webb, vice president; Mrs. Hilda Bremer, treasurer and Mrs. Rogers secretary.

The group voted to place a temperance exhibition in the Gooding county fair.

Mrs. C. Thompson conducted the devotional period.

Harveys Arrive Following Trip To Northwest

BOHLE, Aug. 18—Mr. and Mrs. Harold B. Harvey arrived in their newly built home one-half mile east of the W. H. Harvey orchard residence on the highway, following a wedding trip.

Mrs. Harvey was formerly Miss Jeannette Marie Katherine Orendorff of Twin Falls. Their marriage was solemnized Aug. 4 at the home of Mrs. Harvey in Pocatello.

Mr. and Mrs. Harvey took a wedding trip through the beautiful lake country surrounding the Anheuser lakes between LaGrande and Baker, Ore., traveling north as far as Wells, Wash., and returning through Lewiston, down the north and south highway to McCall.

Mr. Harvey has taken over the management of the Harvey orchards and ranch for his father, who has not enjoyed robust health for the past two years, and has found it impossible to get out onto his farm.

Cheddar Cheese Is Victory Food

BY MRS. GAYNOR MADDOX
NEA Service Staff Writer

Cheddar cheese is now a Victory Food. Use it as the main protein in some of your meals.

Tomato Ranchi
(Serves four to six)

Two tablespoons butter or other fat. Add onion, chopped fine, 1 cup finely cut celery, 1 cup chopped green pepper, 2 tablespoons flour, 2 cups cooked or canned tomatoes, 1/2 pound cheese, shaved thin, 1 teaspoon salt, 3 eggs, well beaten.

Melt butter or other fat in heavy skillet. Add onion, celery and pepper. Cook for 5 minutes, stirring frequently. Sprinkle the flour over top, stir in well. Then slowly stir in the tomatoes. Add cheese and salt and cook over very low heat until thick and bubbly. Pour some of this mixture into beaten eggs, then back in the skillet and continue to cook over low heat until thickened and creamy.

Parties Planned For McCormicks During Vacation

Several courtesies are being arranged in honor of Mr. and Mrs. Oscar McCormick and two sons, Oscar Frank and John, during their brief stay in Twin Falls, their former home city.

They will return Thursday to their home in Caldwell, concluding visits with Mr. and Mrs. Frank McCormick, Mr. and Mrs. J. H. Stanley and Mr. and Mrs. Alvin Peterson.

Mr. and Mrs. Harold Groves will be their dinner hosts this evening. An outdoor supper is being arranged for Wednesday evening at the vacation guests.

Mrs. McCormick will be a guest at her mother's bridge club meeting Wednesday afternoon.

Ilene Fox Weds Vernon Brown at Gooding Nuptial

JEROME, Aug. 18—Marriage of Miss Ilene Fox, Jerome, to Vernon B. Brown, Salmon, was announced this week to Jerome friends and relatives.

The bride is the daughter of F. H. Fox, Jerome, and the marriage took place recently at the Christian church parsonage at the home of Mrs. Brown.

The couple will live in Salmon where the bridegroom is engaged in mining.

The bride attended the high school at Jerome, completing her junior year last spring.

The bridegroom is a graduate of Salmon City high school.

For her wedding the bride wore a brown street suit, with white trim, and her corsage was of carnations and cardinals.

Attending the couple were Mrs. Dorothy Howell, Burley, Nantahala, Tenn., and Floyd Clark, Salmon.

Shower Honors Mrs. Robertson, Recently Wed

JEROME, Aug. 18—A quartet of hostesses, Mrs. Lora Smith, Mrs. B. E. Stiles, Mrs. Woodson Hamman and Mrs. Harry Forbes entertained at a charming post-nuptial bridal shower at the home of Mrs. Smith last evening in honor of Mrs. Leslie Robertson, who is a housewife here with her husband at the home of his parents, Mr. and Mrs. Homer Robertson, Jerome.

Twenty guests attended the occasion and games were played as diversion. Winners were Mrs. J. O. Lewis, Mrs. Johnnie Ann, who is visiting here from out-of-the-state.

The honoree was presented many gifts.

This week the couple will venture to the city for a few days. Both young people recently returned from Washington, D. C., where they have been employed on civil service work.

The bride is the former Miss Margaret Van Ooster, Belleville, N. Y., and the couple was married there June 5.

The bridegroom was graduated from the Jerome high school, later attending Heneage's business college, Salt Lake City, and the Oregon school of technology, Portland.

Miss Orendorff, Garland Freeman Engaged to Wed

BOHLE, Aug. 18—Mr. and Mrs. D. F. Orendorff, Pasadena, have announced their approaching marriage of their daughter, Miss Katherine Orendorff, to Garland L. Freeman.

The bridegroom is the son of Mr. and Mrs. C. C. Freeman, Wendell.

Miss Orendorff is a graduate of Mark Keppel high school, Alhambra, Calif., and is now enrolled in the Pasadena college.

Mr. Freeman, a graduate of Wendell high school, is now a bookkeeper for the Wendell Grain elevator company.

Classmates Honored At Al Fresco Party

Honoring a group of her school friends, Miss Helen Tinker entertained at an informal al fresco dinner last evening at the home of her parents.

Humor and patriotism were combined in the decorative theme. A duck made from a yellow gourd, was placed in a bed of colorful fruit, and frogs were grouped around the table.

Small decorated sachet hats, with red, white and blue bands, were the favors.

Files for bride and gin rummy went to Miss Julia Ann Ryan and Miss Celestine Salmon.

Other guests were Miss Dorothy Van Ekelien, Mrs. Beth Snyder, Miss Mary Jane Steiner, Miss Erna Leckner, Miss Doris Ann Stierwood and Miss Gwen Helfrecht.

Wenstrom and Watts Marriage Read at Gooding

GOODING, Aug. 18—A wedding of interest to Gooding residents took place Aug. 8, when Miss Delores Watts and Max Wenstrom were united in marriage at the home of Gilbert E. Brinson, justice of the peace. The single ring ceremony was performed. Attendants were Mrs. Brinson and Robert Watts, brother of the bride.

The bride, daughter of Mr. and Mrs. Charles Watts, graduated from Gooding high school. She has been employed for the past year at the local telephone office.

The bridegroom, son of Mr. Ida Wenstrom, graduated from Gooding high school. He has been employed in California. He has been accepted in the navy and left for Duke to report for assignment. Mrs. Wenstrom expects to remain in Gooding until he is located for training.

Bridal Pair Visits

BOHLE, Aug. 18—Mr. and Mrs. Wayne W. Howe, whose marriage took place recently at Las Vegas, Nev., are visiting his parents, Mr. and Mrs. D. B. Howe, for three weeks before he is called into military service. He was formerly with the Douglas Aircraft Corp., Long Beach, Calif.

They were both employed by Douglas aircraft corporation.

We The Women

BY RUTH MILLETT

Mary looked woebegone when she said, "But the world is ruining the very best young crew my life!"

Mary is 18, and to her, it seems that her girlhood is being spoiled because she spotted a young man who she would be dating and falling in love with are going into the army.

War Spoils All

Spotted because there is no happy-go-lucky young crew for her to spend her time with. Spotted because what parties there are, aren't much fun. Spotted because she hasn't any car to run around in.

Yes, to Mary it looks as though the war came at the worst possible time in her life.

But if she were 25 and married, she would still think so. For the young married women are having their homes live over and seeing their husbands go off to war.

If she were 50, she would still think so—for she would probably have a son to worry about.

And if she were really old she would be thinking "I had always looked forward to my last years being peaceful, unworried ones. Now I may never see them."

Now War's Times

And so it goes. Each person thinks, "The war will be over some time at some time for us. These would have been my best and happiest years."

But this is because war is disrupting the routine of our lives as it does and spoiling plans of our lives look more woe than they ever looked before they had to be abandoned.

The war is "ruining the best years" of all our lives. And the pity is that most of the "Maries" among us didn't realize they were their best years until we saw them threatened.

Many Present at Castleford Club Flower Festival

CASTLEFORD, Aug. 18—Guests and members of the Evergreen club enjoyed a flower festival given by the Methodist church under the direction of Mrs. Fred Ringler.

Thirty-four distinct kinds of flowers were displayed with a number of species of each grouping.

A Mrs. Ed Harding, "Shades" Mrs. Grace Thomas and "Mrs. L. K. Heston" Mrs. John Rogers displayed some of the many kinds of phlox which she has now blooming and looks brightly on the scene.

Mrs. Alvin Kempton played two piano solos and Miss Helen Watkins, Bohle, accompanied. Mrs. Wm. Taylor, played two violin solos.

A flower guessing contest climaxed the afternoon entertainment with Mrs. Meyers judging half for guests and Mrs. Thomas for members.

Bohles were Mrs. Ed Harding, Mrs. Grace Kinyon, Mrs. Lucian Shields and Mrs. Mel Cook arranged the flowers.

Hostesses were Mrs. Hiram Fry, Mrs. Claud Hickok, Mrs. Myrtle Reynolds and Mrs. Gus Kudala.

SOFTBALL STARS WILL TACKLE TWIN FALLS COWBOYS BENEFIT OF INTEREST

Really? Yanks Knock A's out Of Flag Race

PHILADELPHIA, Aug. 18 (AP)—Charley (Red) Ruffing, who leads all active major league pitchers...

Joe DiMaggio led the attack driving in three runs with his triple and his 18th homer.

Seven of the Yankee runs came from the fifth through eighth innings.

The defeat removed Philadelphia's last mathematical chance for an American League pennant.

Notoriously a poor early-season hitter, Joe DiMaggio of the New York Yankees had a tough time getting started this year.

3,600 Grid Stars in U. S. Armed Services

By HAROLD CLAASSEN NEW YORK (AP)—When Col. Robert Heyland and Major Wallace Wade were named coaches of the all-army football team...

The navy, marine and coast guard branches possibly have attracted the largest number, making 3,600 footballers now wearing uniforms of a different sort.

It is likely that 500 of those 3,600 would be in school and getting their bumps and bruises for days to brush the ball pads off for Uncle Sam if the word were at peace.

An Associated Press survey shows that 100,000 men are in the armed services at least one grider who still was eligible to be a football player.

Double graduations, one in the early spring and the other in June, are being made by the U. S. naval academy with the compliance of the eleven football players...

Although Uncle Sam tapped at least one footballer at almost all colleges, he drew more from some than from others.

Cowboy lineup

The Twin Falls Cowboys, of course, will include such stars as Jack Lokke, Ernie Sierra, Nick Samsel, and others.

Notoriously a poor early-season hitter, Joe DiMaggio of the New York Yankees had a tough time getting started this year.

Cardinals Cut Dodgers' Lead To 7 1/2 Games

ST. LOUIS, Aug. 18 (AP)—The Cardinals, busily engaged in playing round to the Dodgers' exceedingly fast pace, cut their lead to 7 1/2 games...

The victory, provided in the seventh by Johnny Phipps' triple after Marty Marion had been hit by a line drive, left the Cards 7 1/2 games behind the Dodgers.

From the manner in which the Cards hitter jumped on Ray Starr in the first frame, it looked like a strictly hay card triumph.

Terry Moore and Enos Slaughter singled after one was down in the first inning, but the Cards were thrown out trying to score from first.

The Reds knotted the count in the third, but the Cards broke it on a bunt, moved to third on two infield outs and counted on Frank McCormick's homer to left field.

That was still the situation in the Card hall of the seventh when the Reds scored on a double play.

For three seasons now injuries have been dogging the Dodgers in the Twin Falls Cowboy and from all appearances the Goddard of Fate...

MEAT RATIONING SETUP FORECAST

CHICAGO, Aug. 18 (AP)—Meat may be rationed to ensure a fair distribution of a short supply in the United States, a government official here reported today.

And the American people, he added, may be asked to observe meatless days before any rationing system would be put into operation.

Roy F. Hendrickson, administrator of the agricultural marketing administration, asserted action along those lines should be taken because of a 3,000,000 pound shortage of meat for civilian consumption would develop in the months ahead.

He told members of the National Association of Retail Meat Dealers the statistical outlook for the year which began July 1, 1942, was expected to yield 21.7 billion pounds of meat with an average of 12.6 billion for the 1937-41 period. But we shall ship about 3.2 billion pounds to Russia and England to sustain troops now fighting and who will be in constant combat "when the second front opens."

Our armed forces and our allies will require approximately 25 percent of our federally inspected meat production. The federally inspected meat left for civilian consumers in this country will be about 11 billion pounds. That would be sufficient under normal conditions. But, with the national income at a high level, civilians will want to buy 14 billion pounds. The result: A shortage of three billion pounds.

Man Can Keep His Town on Map by Getting Married

MILLICAN, Ore., Aug. 18 (AP)—Billy Rubin ordered a way of saving his town from being dropped from the Oregon plateau today, but doubted that the solution at hand—marriage—was worth the effort.

Billy was 70 years old Sunday. Because of his age, he had been neglected by the government but yielded his postmastership on Aug. 21. So he concluded he would sell the town to the government.

But resultant offers of purchase failed to indicate where he would get any cash in the deal. However, he did get three offers of marriage—and he said a re-reading of postal regulations showed that he could hold the office if he had an assistant.

One offer of marriage came from Brooklyn, N. Y., one from Laporte, Ind., and one from The Dalles, Ore.

The Laporte widow included the inducement of an automobile with four new tires and a spare.

The Brooklyn offer included enough furniture for a six-room house and a detached but built-in kitchen. There aren't six rooms in the entire town.

But just a place on the road where Billy runs a combination store, filling station and postoffice for ranchers.

Faculty Vacancy In Rupert School

RUPERT, Aug. 18—All arrangements have been completed for the opening of the Rupert school next Monday.

Opening day classes will be held in the morning, while in the afternoon there will be a meeting of the teachers and principals.

There is one teaching vacancy in the junior high school, which was filled by resignation of Leon Craven, but it is expected that the position will be filled soon.

There will be four new classes. A class in aeronautics will be combined with advanced mathematics, while there will be classes in mechanical drawing, consumers' science and woodwork.

There are 15 new teachers.

Gooding Cadet to Get Commission

GOODING, Aug. 18—Cadet George A. Blumstein, son of Mrs. Bellini Blumstein, Twin Falls, and grandson of Mrs. Pearl Perkins, is now at the army air force classification center at Nashville, Tenn. He will take psychological examinations to determine his branch and will be assigned to service—piloting, bombardiering or navigating—he is best fitted.

Cadet Blumstein enlisted in the air corps in Twin Falls on Dec. 26, 1941. He was stationed at Sheppard field, Tex., for a three-month period and then was sent to McDill field, Tampa, Fla., where he received his basic training. He will graduate a second lieutenant. Cadet Blumstein attended Gooding grade and high school.

Consumer Council Named at Gooding

GOODING, Aug. 18—The Gooding county defense council has named a consumers' committee with Mrs. J. H. Layson as its head. The following are its representatives: Mrs. J. H. Layson, Mrs. John Ayres, Billie Mrs. Emma Kennicot, Jr., Hagerman, Mrs. Anna Kappel, Wendell, Mrs. Willard Alinsworth, Gooding.

The consumers committee will study price trends and make recommendations. It will not have administrative jurisdiction, but if a citizen has what he considers a legitimate complaint he may get in touch with the local community representatives.

Jerome Motorist Given \$100 Fine

JEROME, Aug. 18—Cecil Freeman, Jerome resident, yesterday pleaded guilty before Probate Judge William C. Constock on charges of operating a motor vehicle without the influence of intoxicating liquor.

He was assessed a fine of \$100 plus court costs of \$3 and was given a four months' jail sentence. The sentence was suspended upon payment of the fine and court costs to the court. This was no contest and the defendant was placed in jail.

Freeman's driver's license was also revoked for one year.

TAMMANY BUCKS FARLEY NOMINEE

NEW YORK, Aug. 18 (AP)—Tammany hall's executive committee late yesterday adopted a resolution supporting U. S. Senator James M. Mead for the gubernatorial nomination.

The committee's action, all but ruling out possibility of a compromise and promising a hot-lych light between Attorney General John J. Bennett, Jr., came as state party leaders awaited a conference today that might lift the curtain on the delicate strength of the two candidates.

Mead is the acknowledged choice of President Roosevelt; Bennett is backed by State chairman James A. Freely.

Unless opposing party leaders failed to indicate where they would call for Bennett at the conference called for tonight by Farley, it appeared certain that the Democratic convention, opening in Brooklyn tomorrow, would be split in its first floor fight in 20 years.

Farley declared comment on the Tammany meeting but repeated again his confidence in Bennett's victory.

2 Convicts From Twin Falls Taken To Coast Prison

BOISE, Aug. 18 (AP)—California officers today had taken custody of three Idaho state prison convicts for return to San Quentin prison as parole violators.

The three prisoners were: Earl P. Swanson, committed Sept. 10, 1941, from Elmore county on a second degree burglary conviction; Robert Bentzler, committed April 12, 1941, from Twin Falls county on a robbery conviction; and Frank Hartley, committed Sept. 20, 1940 from Twin Falls county on a robbery conviction.

All were on parole from San Quentin at the time of their Idaho arrests, prison officials said.
