TOKYO REPORTS GILBERT ISLAND RAIDS REPULSED

By ROGER D. GREENE
Tokyo, Aug. 21 (AP)—Imperial Tokyo headquarters asserted today that a small force of American troops landed at dawn Aug. 17 on Makin Island in the Gilbert Islands, 1,400 miles south of Hawaii. But they were "repulsed completely" by the Japanese garrison.

The Japanese report, unconfirmed elsewhere, said the landing party consisted of about 100 troops. American troops landed on the beach of the former British owned Gilbert Islands lie on the east side of the Marshall Islands and 1,100 miles northeast of the Solomon Islands.

Such a raid presumably would be little more than a morale boost for the Japanese and a warning to the United States.

In the Gilbert Islands of the Solomon Group, Douglas MacArthur's air scouts searched the report that the Japanese had landed on the island of Makin. The U. S. marines in the Tulagi area.

A navy communiqué announced today that the Japanese were engaged in mopping up remnants of Japanese troops on islands in the Gilbert Islands. The commander of the 900-mile-long archipelago.

The navy said a Japanese destroyer or cruiser had been sighted in the area. It was reported that the destroyer and submarines had inflicted only minor damage on allied forces.

Enemy destroyers could hide easily in the maze of islands, escaping detection by the American bases. The destroyers were known to have gained beachheads on at least two islands in the Gilbert Islands.

Where American Soldiers Hit French Soil in Commando Raid

Air view of the harbor at Dieppe, on the French coast, where United States, Canadian, British and Free French commandos carried out the biggest such raid of the war. It was the first time Yankee fighting troops had gone into action on French soil since days of the First World War in 1918.

DRIVER ACCUSED IN CRASH DEATH

Charges of involuntary manslaughter were filed today in pro-secutor's court against Oscar Lee Gilmer, 31, Buell, driver of a milk truck involved in a crash which resulted in the death of John A. Flynn, 75, local sex dealer.

A coroner's jury yesterday returned a verdict of involuntary manslaughter against Gilmer.

The state is represented by Everett M. Bradley, county prosecutor, representing the state, as represented by J. Paul Thawley.

FDR WARNS FOE FOR ATROCITIES

WASHINGTON, Aug. 21 (AP)—President Roosevelt today issued a stern warning to Axis nations to halt their atrocities against citizens of the United States.

The President pointed out that the United States has been collecting evidence on Axis crimes against civilians.

Members of the Democratic and Republican county central committees met today to discuss the purpose of electing new officers.

Five out of 12 in U. S. Group Return From Commando Raid

By SIDNEY J. WILLIAMS
BOMEBWIERE IN ENGLAND, Aug. 21 (AP)—Five men of Sgt. Kenneth D. Stempson's 12-man group of U. S. rangers came back from Dieppe but they got their pill boxes and their rifles.

"We landed about 5:30 a. m., and stayed near Dieppe about 20 hours. There were Canadians down the beach from us but I don't know what they were doing. I think they went in with tanks.

"There's a hell of a lot of dirt and pain on my face. And I've got the jitters now more than when the hitlers were cutting loose.

Married Men to Be Called up by Dec. 25

EVANSTON, Ill., Aug. 21 (AP)—Brig. Gen. Lewis B. Hershey said today that draft boards would begin calling men with dependents under the national selective service director reiterated the order in which men with dependents would be called.

Single men with "secondary" dependents, such as aged or crippled relatives, would be called first, he said.

Next would come men with dependents who are women, then men with dependents, and finally men with wives and children.

Hershey declined to estimate when married men whose wives are dependents would be called. He said merely that the process of calling men with dependents would begin training immediately of large forces of men, old and young exempted from military service by age and persons with physical handicaps to replace able-bodied men in jobs indispensable to the war effort.

He made the remarks at a meeting of the Chamber of Commerce officials and trade association executives.

There are very few essential industries in which women and men cannot replace able-bodied men, he said.

GAS HAULING BAN HITS 20 STATES

WASHINGTON, Aug. 21 (AP)—Federal Coordinator Harold L. Peters today prohibited the hauling of gasoline by trucks and motor vehicles in order to divert enough fuel to carry 100,000 barrels of fuel oil daily into the east coast.

The ban affected 20 states: Arizona, California, Colorado, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Virginia, West Virginia, Wisconsin, Wyoming.

The ban was issued to conserve fuel for military operations.

WILLIE TRAVELS AS FDR'S ENVOY

WASHINGTON, Aug. 21 (AP)—President Roosevelt said today that Wendell L. Willkie, who opposed him for the presidency on the Republican ticket in 1940, was going to the near East on a fact-finding mission.

Willkie's mission, he said, was to report on the situation in the near East and to advise the President on the best way to handle the situation.

Canadians Hear Final Prayer Before Dying in Dieppe Raid

By BOB BOWMAN
Canadian Broadcasting Corporation Correspondent
(Written from France)

LONDON, Aug. 21 (AP)—The padre called the men in the tank-landing operation before it was expected to be the dark English gulf behind them.

Standing in the bow in front of a tank, he read the sixth chapter of Ephesians, holding his Bible in one hand and a flashlight in the other.

Dieppe Raid Proves Allied Superiority in Europe Airways

LONDON, Aug. 21 (AP)—A report from Algarve province tonight said a fierce naval and air battle was raging off Cape St. Vincent, the southwest tip of Portugal.

The report said that the German air force in western Europe was today as the first big dividend of Dieppe.

Allied mastery of the air, they asserted, is complete beyond challenge, not only over Britain and the channel but even deep into enemy territory itself.

These commentators, whose identity could not be disclosed, said this was proved by the extraordinary show of allied airpower yesterday, with apparently without the loss of a single plane, over German-held territory.

In broad daylight, 500 fighters swept across the French coast—some were before more than 300 planes made such a raid at once—and a force of the United States big four-engine fighters pressed inland from the Amiens railway yards without even signaling a single shot.

Dieppe Raid—The smoke of battle has lifted from the ruins of Dieppe. The natural ruggedness of the coast has been the most guarded point of land coast has given the Allies a major victory.

But even in the cold light of fact and figure, Britons regarded Wednesday's military triumph from every angle as a victory on the field itself, as a help of Soviet forces in the east.

A communiqué summarizing the raid called it a "successful demonstration of coordination of all three services" and a "major victory."

Although the official announcement of the attack merely said it was a "vital part" in allied plans, it was a 100 percent success.

Ninety-one German planes definitely destroyed, 100 known to be damaged, and a "radio location station destroyed."

Two small vessels sunk; Heavy casualties inflicted on the Germans; Ninety-eight allied planes lost; The destroyer Berkeley, 904 tons, sunk.

"Their large number" of landing craft destroyed; The capture of some tanks which the attackers were ordered to blow up; The capture of some tanks which the attackers were ordered to blow up.

JEROME 4-H FAIR OPENS SEPT. 14

JEROME, Aug. 21—The Jerome county 4-H club fair will take place at the fairgrounds Sept. 14, 15 and 16. It was announced today by Ray O. Peterson, Jerome county agent, who will be general superintendent.

Entries are restricted to Jerome county 4-H clubs. A complete record book and a story must accompany all exhibits.

The program will include the home economics division with Mrs. Chester Peterson as superintendent, Mrs. Wilma Talley, secretary, and the winners, Mrs. Ira Fuller, nutrition; Mrs. Floyd J. Williams, clothing; Mrs. Olive Hoover, clothing; Mrs. Emma Nelson, clothing; Mrs. Paul Giverson, clothing; Mrs. Paul Conway, Mrs. A. R. Bird, Mrs. L. Gault and Mrs. Harding the judging contest.

A total of \$200 is available for prizes in the girls' division. No individual can receive more than \$2 and a completed exhibit receives a prize.

The program for the girls includes: Monday, noon to 4 p. m., entries for clothing and canning and nutrition; Tuesday, 10 a. m., judging of girls' exhibits; Wednesday, 10 a. m., the home economics judging contest followed by the home economics demonstrations at 1 p. m.; the style dress review at 3 p. m.; Entries for the district will be determined by the judges.

Girls' contest prizes have been listed as follows: First prize, \$100; second prize, \$50; third prize, \$25; fourth prize, \$10; fifth prize, \$5; sixth prize, \$2.50; seventh prize, \$1.25; eighth prize, \$0.62; ninth prize, \$0.31; tenth prize, \$0.15.

Prizes for the district will be determined by the judges.

Tractor Winners Receive War Bonds

War bonds were prizes as youths from this section of Idaho Thursday competed in a tractor operating contest sponsored by the National Youth foundation. In the picture, taken on the J. H. Caldwell farm, F. C. (right) Wawers, second from left, representing the Bunting Tractor company, is shown handing out the awards. The youths are (left to right) Erp Johnson, Richfield, third place winner; Russell Jewett, Montpelier, first place winner; Maurice Capps, Twin Falls, winner of second place, and Evan Olsen, Ogden, Utah, who took fourth place. LABOR SHIFT TO FARMS PLANNED

WASHINGTON, Aug. 21 (UP)—The agriculture department had reported today it expected administrative machinery for transporting domestic farm workers into areas where agricultural shortages exist would be completed by early September.

For the present, operations will be carried on in the southern and eastern seaboard, areas said to be in the greatest need of help. Workers will be moved only in cases where need is certified by the United States employment service.

The department said because funds available for the transportation of workers were limited, certain conditions of employment would have to be met before the government would undertake to pay the transportation for workers.

Glen Taylor Gets Tire Tubes From Gooding Resident

BOISE, Aug. 21 (AP)—Glen Taylor, Pocatello radio entertainer, and Democratic nominee for the U. S. Senate, had reported today he had one friend whose contributions are "better than cash."

The supporter, a Gooding county resident, gave the nominee an almost-new tire and two tubes, for use in campaign trips between Pocatello and Boise.

The "cubby" candidate said his trip to the capital was in the interests of "mending my fences." He said the tire came from an incidentally, was the first he has received for his vote drive.

Since he plans to continue the same tactics he used in winning the primary election, touring the state on horseback in the general election, he's hoping his second contribution will be a new set of horseshoes for "Nig," his horse.

HANSEN SCHOOLS TO OPEN MONDAY

HANSEN, Aug. 21—H. J. Doering, superintendent of the Hansen school, has called a teachers' meeting for 2 p. m. tomorrow to discuss the school in preparation for the opening of school Monday.

Doering asks all students to return the first day, at which time year program will be established according to the prospective enrollment.

The school with three teachers and about 100 pupils will meet tomorrow. Teachers will be added if they can be obtained and the registration records the addition. Prospectively sought is a band master.

Each grade pupil will be expected to make reports for books, the first and second grades depositing \$1.50, third and fourth, \$2, and fifth, \$2.50, sixth and eighth, \$3.00. At the end of the school year, each pupil returning his complete set of books will receive a refund of 40 cents.

High school students will follow the custom of purchasing their own materials, the exchange to be made on Monday.

Two Jerome 4-H Club Girls Will Get Scholarships

JEROME, Aug. 21—Miss Donna Handy, Jerome, and Miss Wilma Talley, Hazelton, have been awarded scholarships offered in connection with the 4-H club conference which was held at Hazelton, B. C., according to word recently received by the county agent's office.

The scholarships were awarded to pay the club members' expense to the conference, but since the conference was postponed because of the war, the winners were given defense stamps instead.

Miss Talley is a daughter of Mr. and Mrs. Richard W. Handy, Edorado Heights district and won the second scholarship of \$12 given by the Wheeler, Reynolds and Stauffer Chemical company of California.

Miss Handy is a daughter of Mr. and Mrs. R. W. Talley and won the first scholarship of \$15 given by the Idaho Committee on the Relationship of Electricity to Agriculture.

NATIONAL REPRESENTATIVES

Mills Tower, 220 South Street, San Francisco, Calif.

TUCKER'S NATIONAL WHIRLWIGG

BANKRUPT—Prospective rationing of food, particularly meats, will be only a temporary device, declared an official of the National Whirlwigg, a prominent meat packer, when asked if it would limit the slaughter of cattle and hogs. There is no limit on the number of animals that can be slaughtered, he said.

Leon Henderson's curbs apply solely to the figure which packers may charge retailers for the meat, he said. The latter are the consumers. The rules do not govern the amount between mid-western and western packers. The latter are of normal summer scarcity of beefs and porkers and mounting demand for their products. The latter are the consumers. Packers' payments to their butchers, processors are only slightly below market. The latter are the consumers. Packers' payments to their butchers, processors are only slightly below market. The latter are the consumers. Packers' payments to their butchers, processors are only slightly below market.

MAY TUCKER

Early in 1938 North American employed only 80 men from the west for the purpose of building a few government orders. Now it has 40,000 employees, 10,000 under one roof and may triple that number in the next year. It is one of the largest turned over to the army more craft than the whole field manufacturing for military purposes in 1938. With the outbreak after breaking ground on the site of a huge assembly plant the structure was dedicated. While inspecting, workers tumbled and a bomber rolled out. While inspecting, workers tumbled and a bomber rolled out. While inspecting, workers tumbled and a bomber rolled out.

If They Could See Themselves as Others See Them

CARE OF YOUR CHILDREN

I. Q. TESTS ARE NOT FINAL

Grown people are inclined to admire the bright ways of very young children. It is a natural tendency. The idea that these children actually plan and accomplish ways of active living is not so common. They are likely to think that a child who takes an interest in what goes on about him is unusually bright. It is not so. The genius is rare. Really rare. One is born about once in a century. There is no family heredity that produces a sign of one. It might be that the bright little one is that rare gift, but more likely he is just another highly intelligent person who will serve his time fruitfully.

An intelligent test to determine a child's I. Q. must be given by an expert. Many factors enter into the test. The child's mental quality, his mood, his physical condition, his feelings about the test, the person who gives the work, the child's interest, all count.

The experience and training of the examiner is of the first importance. And no one test or set of tests should be considered final.

Tests Don't Measure

I have no faith in the finality of any test. It is impossible to give a test that measures original mental power. There is no mental power that can be measured. It is measured by experience, and if there is no experience to waken the power, the test is of no use. It is the experience that awakens the power and establishes mental power. It is the experience that awakens the power and establishes mental power.

ANALYZING CURRENT NEWS FROM NEW YORK

TREACHERY—United States forces, especially tank and plane forces, taking up battle positions in the east, according to the latest dispatches dumped in the center of a racial disturbance which has been going on since the open warfare in Rome advanced. It has been a "quashed" war, but it has been a "quashed" war, but it has been a "quashed" war.

ALBERT LEMAN

The "Gypsy" Albert Lemman, recalled, resented English interference in his national affairs. The United Kingdom representatives charge that the Italian government is spreading the truth to fight against the United States. Before 1939, Castro threatened to fight against the United States. Before 1939, Castro threatened to fight against the United States.

UNFAIR TO LABOR

The study indicates that, regarding the fact that wages were raised, the industry has been a success. The industry has been a success. The industry has been a success.

"JUST TOO PATRIOTIC"

There is little doubt but what the rival labor unions and their jurisdictional disputes are trying the American public's patience. Interference with war production makes this condition all the more disgusting—particularly those petty squabbles which have no place in our present emergency.

Just how long this situation will be tolerated in the United States is anyone's guess because under our present political system the labor barons have become stronger than most of us realize.

At a time when the people generally are being urged to make sacrifices to help win the war, the labor barons are making it obvious that the labor unions hold a privileged position because they continue to be pampered by the government.

With wages already sky-high, the war labor board recently granted an increased scale of pay increases in the "little steel" industries. Now those working for the larger steel companies are clamoring for a like increase in wages.

POT SHOTS

WHOOPS, WE SEEM TO HAVE STARTED SOMETHING!

Dear Pot Shots: I don't appreciate that insinuating crack about nurses that came in made in regard to double pay and Air. Bookwills said anything to the effect of "meanly" that his nurses were underpaid generally. The nurses should step up their feet on the strength of that remark in the paper yesterday.

In comparison to other skilled work, nurses are on the bottom of the list when it comes to wage earning, and they are expected to have a working knowledge of every line of service to mankind. This is war now and nurses are becoming scarcer and their work will be considered an actual nursing care more and more.

There is no personal matter in service, card playing and detective stories, reading, babying neurotic, and spilling the eternal vinegar bottles.

"Just Two Pals" should peel off their coats and shove them down for every nurse who approaches them to walk over (a la Sir Walter Raleigh), replied to me on the other day.

"What's Twin Falls like?" a soldier asked one of the workmen in the camp. "It's a little town with 300 people."

"Good gosh, is that all they have?"

"Well, you'll get the drug stores set up until you get night and they serve some mighty nice ice cream sodas, too."

"What's a bad picture?"

What with the army starting the Wacks and the navy the Waves, it's a dreary future for all young men who have had military experience. Our war factories instead of the army, navy, marine and whineol. He's darned near the only one who drives an automobile around a corner on more than two wheels.

It is with great surprise, therefore, that we now find young Kw's words of wisdom on Washington affairs said by a girl.

And we mean stuff! Our personal opinion is that Mr. Self shared his data while on two wheel trip about town.

OTHER POINTS OF VIEW

IT CAN'T WIN

The violence bubbling up in Europe is significant even though it is not an immediate element in our war. For 300 years, slavery in European civilization has been on the way out. It is the very chains of slavery, have been broken. It is the very chains of slavery, have been broken.

IT'S NO WONDER THE DANG THING SHAKERS!

Dear Pot Shots: How long is forever? How deep is the ocean? How long is the bridge? At least how long can it last with the way it is abused since the Japanese camp? The other day there were no less than eight cars on a road and another two loaded gravel trucks, but loaded with men, and two cats. Saying nothing of the other heavy loads.

It is a shame that we have had a taste of going around the long way once. And we didn't have to worry about first either.

OUR COPPER NICKEL

The treasury must continue making our popular five-cent piece, the "nickel," out of four-fifths copper, because the piece of silver is so high that silver "nickels" could be melted down and sold at a profit.

Since we are up against a critical shortage of such troublesome shortage of nickel, the treasury has stopped making five-cent pieces until some new alloy can be found.

Silver is high because by law, the treasury is to pay at least 71.1 cents an ounce for all domestic offerings and jewelers, to obtain silver, outside the treasury.

WISERACK OF THE WEEK

Dear Row Three: It is with great surprise, therefore, that we now find young Kw's words of wisdom on Washington affairs said by a girl.

And we mean stuff! Our personal opinion is that Mr. Self shared his data while on two wheel trip about town.

OUR MR. SELF IS GETTING WORSE OF ATTENTION

Dear Pot Shots: It is with great surprise, therefore, that we now find young Kw's words of wisdom on Washington affairs said by a girl.

And we mean stuff! Our personal opinion is that Mr. Self shared his data while on two wheel trip about town.

IT'S NO WONDER THE DANG THING SHAKERS!

Dear Pot Shots: How long is forever? How deep is the ocean? How long is the bridge? At least how long can it last with the way it is abused since the Japanese camp? The other day there were no less than eight cars on a road and another two loaded gravel trucks, but loaded with men, and two cats. Saying nothing of the other heavy loads.

It is a shame that we have had a taste of going around the long way once. And we didn't have to worry about first either.

HISTORY OF TWIN FALLS

AS OBTAINED FROM THE FILES OF THE TIMES-NEWS

15 YEARS AGO—AUG. 21, 1927

Miss Beulah Rogers, Salt Lake, is visiting at the O. P. Duvall home.

Mrs. O. C. Higgins and son, Jerry, and Miss J. Shurtlett left the first of the week for a tour of Yellowstone national park.

John W. Graham, a member of the public utility commission, was in the city between Friday and Saturday on his way to the southeastern part of the state on official business.

Mr. and Mrs. W. F. Donnelly have returned from Salt River.

CLAPPER'S OBSERVATIONS ON NATIONS AWAIR

WASHINGTON, Aug. 21—Short-tempered and somewhat irascible, Clapper are appearing so rapidly now that Donald Nelson is placed against the hardest test of his career. He is a man of high caliber, but he is a man of high caliber, but he is a man of high caliber.

RAYMOND—The facilities of CLAPPER are not without value when they can be used. They can be used when they can be used.

RAYMOND—The facilities of CLAPPER are not without value when they can be used. They can be used when they can be used.

Jerome First Aid Graduation Set

JEROME, Aug. 21—Miss Eva M. Pugmire, Jerome county public health officer, announced today that plans were being made for graduation of the first class of first aid instructors, announced today that plans were being made for graduation of the first class of first aid instructors.

The graduation will be held at 8 p.m. next Thursday. A national Red Cross executive from the city will be the principal speaker.

Miss Pugmire announced that a first aid station will be established at Eden and an emergency clinic for loan of articles for the sick room. The station will be at the corner of Lend-A-Hand club at Greenwood has furnished a quilt for this loan.

She also announced that plans were being made for a first aid class starting September 1st in Jerome and also in the other parts of the county.

Miss Pugmire stated that transportation and mileage for individuals in the county to attend the Twin Falls first aid course probably would be met by the local Red Cross chapter.

Jeli Pitches 5-Hitter but Mates Bungle

POCAATELO, Aug. 21 (AP)—With the aid of five Cowboy errors the Pocatello Cardinals last night defeated Twin Falls in the final game of their current series after dropping the first two tilts.

Both clubs racked up five hits, but Cowboys also made five errors to two for the Redbirds.

The Cowboys also were forced to play the last seven innings without the benefit of their manager-umpire, Tony Robello, who had his usual troubles with the umpire over a decision and didn't slip his 10 in time.

The Cardinals served up the same line up as they did in their first game, but on three hits, a walk and two puncher errors.

Extra Base Errors Only extra-base blows for the Cowboys came from the bat of Dick Hunter, first baseman who counted a triple, Harold Paulson led the Cardinal attack with a triple and a double, Jeli offerings.

Greenberg at New Post

Lt. Henry "Hank" Greenberg (right), reported to Major W. S. Thompson, chief of the special services at Fort Worth, Tex. to take up his duties with the army air force flying training command as director of sports in fields throughout the nation.

Four Unearned Runs Cut Reds' Losing Streak

CINCINNATI, Aug. 21 (AP)—Four unearned runs cut the Cincinnati Reds their first win in seven starts yesterday, a 2-1 victory over Pittsburgh.

Johnny Vander Meer hurled six-hit ball, and had the Reds blanked until the eighth when, after a single by Jimmy Wadell and a walk to Maurice Van Robey, Vince DiMaggio lined his 15th home run of the year over the left field to account for all his matter scoring.

Lonnie Frey grounded, Bert Hans walked and all hands were safe when Guisinger bobbled a double-play grounder from big Max Marshall.

From the time the Bluejackets took the field in the 12th inning, they were in for a rout.

Taboy's Homer With Pair on Defeats Yanks

BOSTON, Aug. 21 (AP)—Jim Taboy's third home run in two days carried the Red Sox to a 7-4 victory over the Yankees yesterday.

The slugger third baseman's timely blow came with two mates on base in the sixth frame, climaxed a six-run, six-inning outburst which brought the Red Sox from behind and chased starter Marvin Reiser to the showers.

Winning again today, the second-place Red Sox whitened New York's lead to ten runs in a half-hour game with two mates on base in the first four frames and his mates gave him a one-run lead in the third when Johnny Pesky singled and scored as Charlie Keller dropped Bobby Doerr's liner for error.

Don DiMaggio started the Sox fifth inning rally by hitting a single and Ted Williams singled to left field, but the Yankees were held in an infield out.

Tony Lupien's single sent Williams home and the Yankees were held in an infield out.

Boise Takes Double Bill From Ogden

OGDEN, Aug. 21 (AP)—The Boise Pilots last night stretched their Pioneer league lead another half game by taking both ends of a doubleheader from Ogden, 7 to 6 and 13 to 2, while the second place Ogden Sox defeated the Redbirds, 7 to 2.

Although Boise barely edged out the Sox in the opener, the nightcap was a wild affair with the Pilots blasting out 13 hits to six for the Sox.

The Reds began the second game as if they were going to wrap up things for the evening, putting together two walks and single and a triple for four runs in the first.

But the Pilots, not to be denied, came back in the third after scoring one of the hits and then putting together a seven-run spurge based on doubles by Lou Tamone, Bill Stenger and Tommie Brown.

The Reds tied up the game again with two tallies in the third and one each in the fourth and fifth, but they were overpowered by Boise slug session, this time in the sixth.

Attendance at Twilight Tilts On Coast Small

SAN FRANCISCO, Aug. 21 (AP)—Continued and disappointing attendance made the Pacific coast league's first try at twilight baseball under the new city regulations prohibiting outdoor night contests.

The San Francisco-Los Angeles game in San Francisco needed lights after six innings, and was midway the eighth inning when time came to close the Floodlights. The game ended with the Pirates the winner 9 to 2.

The crowd of 1,007 stumped out of the park in semi-darkness. Only 654 fans saw the game at the Hollywood Stars 7-1 on their home lot, compared to 5,000 previous night at Seattle.

Starting times were 6 p. m. Pacific war time at San Francisco and Seattle, and 5 p. m. at Hollywood.

There wasn't one iota of expense connected with the USO benefit ball game here on Monday night.

New Support Comes for USO Contest

That was assured today when the management of the Twin Falls Cowboy club offered to pay the electric light expenses—thereby assuring that every cent taken in at the Cowboy-SCI league all-star extravaganza will be clear profit for the USO.

"That was assured today when the management of the Twin Falls Cowboy club offered to pay the electric light expenses—thereby assuring that every cent taken in at the Cowboy-SCI league all-star extravaganza will be clear profit for the USO."

"It was the least we could do to help this worthy cause," Business Manager Ed Gomez reported. "I'm sure the USO will pay every cent of the money to work where it is needed the most."

Meanwhile, service clubs from Twin Falls got solidly behind the USO effort for the USO benefit ball game. The first organization to take up the cause reported in with \$50.00 from their members at the noon Monday noon.

Yesterdays Kiwanis went the extra mile and gave the USO 152 tickets good for \$76 at their noon luncheon.

Table with columns for player names and statistics (runs, hits, errors, etc.) for the Pocatello Cardinals and Twin Falls Cowboys.

Table with columns for player names and statistics for the Cincinnati Reds and Pittsburgh Pirates.

SOLOMON ISLAND CAPTURE GIVES FLEET GREAT NAVY BASE

AIR FIELD ALSO NOW AVAILABLE

WASHINGTON, Aug. 21 (UP)—The capture of a group of islands in the Solomon archipelago has given the allied fleet a naval base of great potentialities, at least one air field from which bombers could hammer at important Japanese positions in the New Hebrides and Nagasaki islands to the northeast.

Navy officials said it was only a matter of time before the air base, specially-trained and equipped naval construction units, will move into the occupied areas, and repair and build operating bases for ships and planes.

Meanwhile, U. S. marines, who did the land fighting, unaided by any other troops, are now stopping up the remains of the enemy forces in the islands they stormed nearly two weeks ago to initiate the first offensive of the Pacific war.

Islands Not Disclosed

In announcing the success of the assault, the navy did not disclose the names of the occupied islands but it was believed they were Florida and Guadalcanal, all in the southeastern sector of the Solomon group.

Senior observers here were of the opinion that Florida and Tulagi, both small and close together, were likely occupied and that, if any Japanese could remain free on them, they would be a serious threat to Guadalcanal, to the south, is the largest island in the group. It is possible for enemy troops to hide out in the interior.

Nevertheless, experts said it could be assumed that at least the northern portion of the island, where well-established Japanese air base was located, was completely dominated by marines.

Tulagi harbor is considered one of the best deep water anchorages in the southwest Pacific and the Japanese were busily engaged in developing a base there when the Americans struck.

From air bases in the Tulagi-Guadalcanal area, bombing planes would be within easy range of the Japanese invasion centers. On New Britain, the Japanese have a base at Rabaul, and other enemy positions on Bougainville, westernmost and largest of the Solomons, are also in the line of attack.

With the allies in possession of the southeastern Solomons, they now have bases from which to extend their domination over the rest of the group, should the allies find it necessary to seize Guadalcanal, the tenability of Japanese positions at Rabaul and at Salamaua and on New Guinea, would be seriously threatened.

This picture might be titled: "The End of the Trail for Porky." Mr. Porcupine had been more or less wandering around town from early Thursday morning until about noon, then he put his down in the form of Patrolman Jim Benham, who is shown in the picture holding one end of the rope while the other end is securely tied around Mr. Porcupine's neck. The execution has been postponed, it is understood, that an execution was staged locally yesterday afternoon. (Staff Photo-Engraving)

Major Base

Mr. Porcupine came to town and thereby made a fatal error. All was quiet around the city park about 3:45 a. m. Thursday. A taxi cab was rolling by and spotted something that looked a little out of place for the city park surroundings.

It was a porcupine—just looking things over. The driver told police immediately and from his description the animal was almost as big as a horse.

Patrolmen T. D. McCoy and A. E. Perkins dashed into action. They looked and they looked but saw nothing. They had to give up in silence and the patrolmen couldn't find where. Brother porcupine had been under the big tree and had been looking over the fence. Well, the day wore on, as it always does.

Mr. Porcupine Came to Town And Thereby Made Sad Error

Then came noon and the telephone at the police station jumped into action as the bell rung.

Judge Jim Humphrey answered. Mr. Porcupine was informed, was now riding up around 217 Seventh avenue north. He had been on quite a long walk because that's just about five blocks from where he was first spotted.

Patrolman Jim Benham went into action with a rope. With much effort on his part—plus cooperation on the part of Mr. Porcupine—the rope was placed around the animal's neck.

The prisoner pored (under protest) for his picture just before he checked out of this world. Mr. Porcupine lives here any more and officers noted that his burial place is a military cemetery.

All is quiet again in Twin Falls and the city is happy to be rid of the animal without fear of an attack from the rear.

Tumble Into Ski Instructor's Arms Fired Shearer Romance

LOS ANGELES, Aug. 21 (UP)—Norma Shearer, who one slipped from New York to be married to her husband, was married here in her luxurious home in Hollywood.

"We decided quickly on the marriage," the widow of Screen Producer Irving Thalberg said at a marriage license bureau, and she hasn't completed our plans. We are so very happy.

Through the time for the marriage hasn't yet been set, the date of their first honeymoon here. It will depend, 15, when she leaves on a bonding tour in the east for two weeks.

Arranged student at a navigation school, who is unable to accompany her, she said.

Catholic Wedding Planned

The Rev. John O'Donnell will perform the Catholic wedding ceremony. Sylvia Fairbanks, widow of Douglas Fairbanks, is being married by New York to be in honor of her. Otto Lang, Beverly Hills, close friend of Mrs. Shearer, will be the officiating minister.

It will be the latter's first marriage. Miss Shearer is the widow of Santa Monica, movie producer. The ill-fated, athletic actress seemed at ease as the crowd crowded around her. She was an apt pupil and made rapid progress under the tutelage of Arrigo, who also instructed army after the honeymoon. He is a native of San Francisco. Miss Shearer was born in Montreal.

Very Wealthy Woman

One of the wealthiest women in the film colony, Miss Shearer's income ranged upward to \$400,000 a year. Her net worth is estimated at \$10 million. Her husband's estate was \$2,240,000 after all taxes had been deducted.

Miss Shearer was one of the first film actresses to take up skiing seriously. She was an apt pupil and made rapid progress under the tutelage of Arrigo, who also instructed

LENINGRAD STILL HOLDS OFF NAZIS

MOSCOW, Aug. 21 (UP)—Adolf Hitler launched his unsuccessful assault upon Leningrad a year ago today, beginning the fiercest campaign with 200,000 soldiers.

After 10 months, the city's defenders held off the Nazis.

Civilians called into action by Marshal Kliment Voroshilov from the population of 2,000,000 helped rearm divisions to stem the onslaught.

"We stand firm to the end," was his order, and they did even more.

The communist party newspaper Pravda said the 1st Baltic command aligned 52 infantry divisions, four motorized divisions and four tank divisions against Russia's second city.

Hold Up Weapons

The Germans hauled up 6,000 big guns, 19,000 machine guns and 1,000 tanks and supplied these ground weapons with 1,800 planes, expecting to smash Leningrad immediately.

The red army dug in against the assault. Workmen stripped their tools in factories and took up guns. Women and children replaced the soldiers in the front lines.

Bombs fell by day and by night and the city was bombed almost continuously. Bombs fell on the city, but neither the red army lines nor the civilian population cracked.

Supply Line Kept Open

To the accomplishment of the ceaseless bombardment and German threats from three sides, supplies continued into and out of the city through a winter of siege.

Through everything, one thin line of supply and reinforcement was held open by the city's defenders. The line was a narrow strip of land, about a mile long, and it was held open by the city's defenders.

Soviet counter-offensive finally threw the Germans back and the spring of 1942 brought relief. Although pressure is still upon it, the city's position is eased.

Parochial School Opens on Monday

St. Edward's parochial school will open at 9 a. m. next Monday morning for children from the first to the eighth grade inclusive. The Rev. J. P. O'Toole, pastor of St. Edward's, announced today. Children whose birthdays fall before Jan. 1, 1942, are eligible to enter the first grade.

Another Ursuline will again be in charge of the school. There will be four other teachers, one of whom will be a nun.

Miss Shearer was one of the first film actresses to take up skiing seriously. She was an apt pupil and made rapid progress under the tutelage of Arrigo, who also instructed

'Chance in Thousand' Tipped Germans of Attack on Dieppe

(Editor's note: The following memorandum, received by the staff on Dieppe was written by a British correspondent who was on the beach during the landing craft off the Dieppe shore.)

By ALAN HUMPHRIES

Representative of the British Press Corps, I was on the beach for 12 hours I watched our forces battling against the concentrated opposition of the German army and the Luftwaffe.

The situation—one chance in a thousand of success—was tipped off by a raiding craft carrying some of the commandos was intercepted just before it was due to land.

An enemy patrol was the cause and the result was not only that the commando craft was severely damaged by German flak (anti-aircraft) ships and E-boats which held their fire until the landing craft was within about 200 yards, but a much more important warning was given by the German batteries, which were the commando objectives.

The commando did succeed in landing at their assigned place on the beach, but the withdrawal of five fire-crafts from every small air the enemy could muster.

Reform Advance

A royal regiment of Canadians, landing at points east of Dieppe, were broken back by beach defenses on the first rush. They reformed and swept through the minefields and the German defenses were on the Dieppe beach. As the bombardment intensified, tanks of the landing craft were dropped and the tanks crunched their way across the beach.

With the tanks went the engineers assigned to clear the way for the landing craft. There also was an infantry assault on the beach by Canadians. There the thunder of battle and the sky was filled with aircraft—British aircraft, bombers and fighters.

They were like bees around a beehive.

Equally amazing was the scene that met the eye as the landing craft were being driven back by the enemy. The landing craft were being driven back by the enemy. The landing craft were being driven back by the enemy.

MIDWEST CALLED TOO COMPLACENT

The American people, especially those residing in the middle west, are taking it for granted that the United States is going to win the war without they themselves doing much about it.

That was the observation of Rev. Mark C. Gronenberg, pastor of the Twin Falls Christian church, who spoke before the Kiwanis club at its monthly meeting in the Park hotel yesterday. The minister has just returned from the national convention of the Christian church in Grand Rapids, Mich. He also spent considerable time in the south.

The people definitely are not war-minded, thinking in terms of what they are going to get out of the vast rearmament program.

However, he said that despite this attitude the people working done throughout the middle west is tremendous.

New Gronenberg also deplored the attitude of the people toward religion—namely, the lack of church attendance. He said that many of the churches in Grand Rapids had been closed for the season.

From his observations, the minister said that conditions in relation to the war are not so bad as pictured by the pessimist and nihilist.

ACCEPTED BY NAVY

Eight recruits from the Twin Falls area have passed their examinations and were accepted for enlistment in the navy at the Balbo recruiting station. Information received here today said they are: H. C. Hardy, H. H. Hanson, A. A. Dwyer, T. Johnson, E. S. Clute, H. W. Pehman, A. O. Anderson and R. J. Eames.
