

SLAVE LABOR'S AIM OF DECREE

By DE WITT MACKENZIE
Wide World War Analyst

The startling decree issued by the Laval government at Vichy, establishing forced labor on French men and women, is held by French sources in London to reflect Hitler's determination to add more slave labor to the millions over whom he already is master.

However, without ascribing ulterior motives to the decree in advance of proof, we still can say with definite knowledge that the French conqueror has been doing his utmost to swell the ranks of his unwilling slaves with more Frenchmen. The scheme whereby Laval was to provide Germany with 550,000 voluntary workers has failed miserably because, forsooth, the liberty-loving Frenchmen would sell their birthrights.

Use of Lash

I am employing that shocking word "lash" deliberately as representing the exact position created by the Nazi pharaoh who is trying to build his pyramid of conquests by use of the lash. He already has impressed millions of unhappy people of the subjugated countries to serve the reich, and he has taken more from his allies—even from the once proud Mussolini, who long since has ceased to exercise a free will.

Countless thousands of these unfortunate have actually been collected within the borders of Germany to toil for Hitlerism. But that isn't the last. Workers in the subjugated countries have been placed under the most severe military discipline, in order that the last ounce of strength may be squeezed from their undermanned bodies.

Slave Labor

Up-to-the-minute figures aren't available, but six months ago the foreign workers actually within the borders of Germany were close to 2,000,000, apart from about 1,000,000 of those of war who were working there, and other hundreds of thousands of Russians reported captured. At that time the Nazis were bragging that they were going to increase these figures greatly, and undoubtedly this has been done. Field Marshal Goering, Hitler's crown prince, also announced that prisoners of war would be used, which was a surprising view of the fact that they already were at work.

Doing Their Bit

Doing their bit, and the millions of workers slaving for the Reich in the subjugated nations, the labor shortage in the reich has been increasingly acute during the past year for the supply of German workers was exhausted long ago. The Nazi overlord has been unable to turn his factories and farms adequately.

Hitler's problem has been to increase production to keep pace with his mountainous loss of material on the battle fronts, and at the same time maintain recruiting to replace the frightful casualties in his armies. There were only two fields to which he could turn—women and foreign labor.

POWER BALANCE TO U. S.—BLANDY

WASHINGTON, Sept. 15 (AP)—Rear Admiral W. H. P. Blandy, chief of the navy's bureau of armament, declared today that U. S. forces now hold the balance of striking power in the western Pacific.

Blandy's observation was based on a just-completed 26,000-mile tour of U. S. positions in the Pacific.

"Do you think we are in a position to hold the Japanese against anything they might throw at us?" he was asked at a press conference.

"Yes, I think we are," he replied. "But I don't think we can do it merely holding. We've got to keep pushing. The best defense is a strong offense. We can't remain static."

Hold Balance

"Does that mean that we have turned the balance of military and naval striking power in the western Pacific?"

"Yes, we have for the time being. Most certainly, I'm not too bound to offer forecasting but for the present the answer is yes."

Blandy said he agreed with Undersecretary of the Navy James V. Forrestal that "we have taken a second front" established in the southwest Pacific.

"We are the only," he said, "a fanatical, determined enemy who sought no quarter and gave no quarter."

"In spite of the tremendous difficulty supply problem, the ordnance was reaching American troops and planes in the southwest Pacific and was performing well, with a few minor exceptions."

Spirit of Cooperation

He said he encountered a fine spirit of cooperation among the various services. They shared supplies with each other and despite the inter-service rivalry, they appeared to be handled as though only a single service were involved, he said.

Blandy expressed gratification with the manner in which the anti-aircraft defense of American ships were functioning. He said he found a vast improvement had taken place in the past year and that the approval was constantly increasing. He predicted that the anti-aircraft defenses of our fleet would be as good as at the end of the year as they are now.

Gooding's China Campaign Opened

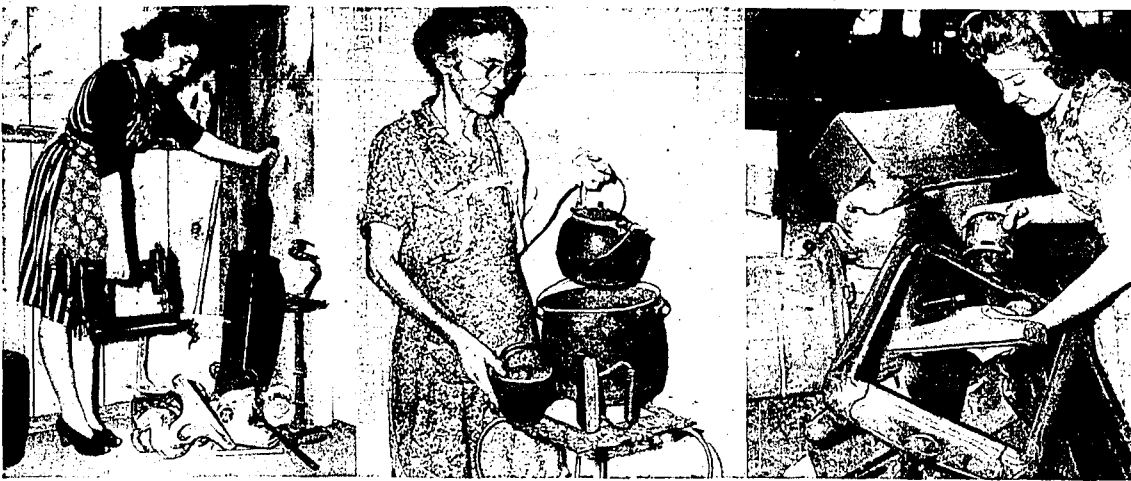

GOODING, Sept. 15—Gooding county directed its opening gun in the United China Relief campaign with a highly successful rummage sale in the Sorokals club room here. Net proceeds amounted to more than \$18, according to Mrs. C. T. Knights, county chairman.

Drive for donations began by the sale of tickets for the benefit dance, Sept. 25, also opened.

Assisting at the rummage sale were Mrs. Knights, Mrs. Maynard Hill, Mrs. Robert Lyon, Mrs. Leon Weeks, Mrs. Ed. Herbold, Mrs. Lois Herbold, Mrs. H. G. Herbold, Mrs. E. A. Large box of clothing for the sale was sent in from Hagerman.

Here's How City Dwellers Can Assist Vital Scrap Metal Drive

Although the great bulk of the war-vital scrap metal in the forthcoming drive will come from farms, city and village residents can assist "to an important degree," according to Chairman A. W. Morgan. These pictures show you a few of the ways in which urban dwellers can help in a campaign the government terms the most important thus far instituted to help the war effort. At left, Mrs. Ralph Gray, 227 Seventh avenue north, looks over a pile of accumulated scrap in her basement. It includes an old sewing

machine head, vacuum cleaners, discarded pipe and sink, and obsolete type of cast iron smoking stand. Center, Mrs. T. A. Gaskill, 266 Lake boulevard north, displays some of the things city (and farm) residents can uncover for the metal drive. These may be museum pieces and heirlooms in hundreds of homes—but America needs all the scrap it can round up. Shown with Mrs. Gaskill are solid cast iron cooking utensils, flat iron and table. At right, Miss Ruth Barnett, daughter of Rev. Roy E. Barnett, is

pictured with some of the scrap found by the Barnett family in preparing to move to Lutite, Mont. The family has a trailer load of scrap which will definitely be donated to the drive. The photos show much used vacuum cleaner parts, cast aluminum tea pot, cast iron heating stove, cast iron furnace grates, etc. One thing to remember in the current drive, Chairman Morgan said, is that the campaign does not want—at the present time—articles less than one-eighth of an inch thick. (Photos by Vic Goertzen—Staff Engravers)

Grange Gleanings

By A. HARVESTER

Well, here we are back on the job. All washed up over at the rodeo, all center and have most of the dirt out of the eyes. Seems like every night when I wanted to write the column something would happen to make me late getting home. And when I was home, I'd find my typewriter and my pen and ink set back at 8:30 or 9 o'clock, supper to eat and your face to wash. I'm betting now don't laugh, for that face washing job is some back when you have been over at the rodeo all day. I'd about as soon wash the car. Anyway, it's good to be back home where you can enjoy a breeze without suffocating with dust.

HOLLISTER

Out at the Hollister Grange they are not going to be without a fair if they have to use one of their own, as the Hollister said about the match that he tried to borrow. At their last session they laid plans to hold such an event on Oct. 2. The attendance was poor at this point due to the rush in farm work and if Mr. Wickard was working about the farmers neglecting their farm work to go to a fair, he could have saved the worry, for the man on the farm is all-out for victory as much as anyone in the town. But he doesn't like to be treated like the ugly duckling, while everybody else is a swan.

A cellar filling event is also planned by this live Grange, and all who have surplus vegetables will donate them to the Grange and these will be sold and the money will replace in a measure the money usually taken in premiums at the Fair. Other entertainment will be given and it was suggested that each Grange spend as much as he would ordinarily leave at the Fair. It is hoped that other Grangers and the public will support this event and help put it over. "You have something here, Hollister."

The lecturer's hour brought out a lot of interest. He related some vacation experiences he had in the Grange. Also Oscar Peterson, a local article from the National Grange Monthly, and commented on the Grange. He is the "Grange" of the "Buck." The matter of blackboard for the Grange was mentioned and the speaker said he would supply one.

Ice cream, cookies and drink were served by Mrs. J. N. Pierce and Mrs. Dale Kunkel, and a pleasant social hour followed.

MOUNTAIN ROCK

They don't believe in all work and no play over at Mountain Rock Grange, and who does for that matter? So Master Jelliffe gave a talk on the part of the Grange ritual pertaining to work and recreation. Our founders wisely saw the evils of long hours of work on the farm, so provided the Granges in the various communities to give farmers a chance to rest their minds and bodies, as they met each other and talked things over and it is not meet that in critical times like the present we should not neglect the work of the Grange even though the work is hard and the hours long.

Booster night, Sept. 30, will be observed with a potluck supper and get-together meeting, with Mrs. E. E. Bauer as chairman. Sam Kline reported that the box office for the trip to his son, John, had arrived safely in Australia, some time ago, and was given good appreciation.

The lecturer's program was a round table discussion and watermelon. It was served by Mrs. E. E. Bauer and Mrs. Anna Booth, though illness prevented Mrs. Booth from being present.

WEST POINT

West Point Grange met Sept. 4 in regular session with 40 members present. Opening song was "My Darling Nellie Gray." Mrs. E. E. Bauer presided. A program was announced that West Point Grange had received first place in the Gooding county fair with their booth, having 11 blue, eight red and white

the clocks back one hour was discussed and reported favorably. The court club fair was also reported by County Agent Jay Peterson. A short juvenile Grange meeting was held, after which all repaired to the school grounds and enjoyed a wine and maltinallum roast.

SUB TENDER LAUNCHED

VALLEJO, Calif., Sept. 15 (AP)—A submarine tender, the H. S. S. Bushnell, whose keel was laid two weeks after the attack on Pearl Harbor, was launched yesterday at the Mare Island navy yard.

FILER

Pier Grange also met Sept. 4, and the folks were too busy to bring out a very good attendance. If all farmers belonged to Grange they might quit early Grange night, but if your neighbors want to make it a day you have to stay with them if you are in the crew. It is hoped by the officers that the work will get caught up pretty soon and better attendance will be the result. Booster night will be observed Sept. 20. Aside from the regular routine of Grange business, the weed committee gave a report. The scrap drive was announced and all were urged to gather all they could, even though the amount be small, as the need by the government is great.

Time changing was also discussed and a resolution was passed and sent to the county commissioners urging the adoption of Pacific time for Twin Falls county. Mr. and Mrs. I. E. Stansell, of Buhi Grange, were guests.

The program opened by the singing of "Here We Have Idaho" by the group. A quiz, "How Much Do You Know," was tried by everyone and proved interesting to all. A very interesting talk on "Chemurgy" was given by Mr. Stansell. While the present there seems no particular need for chemurgy in the minds of many, we must remember that the present time is a very unusual one, and when the aftermath of this great world upheaval comes, the avenue of escape from the results of the downward adjustment of prices to follow must be taken. It would appear that chemurgy is one of the best of these.

Referring to the service served by a committee and a social hour followed.

FALLS CITY

Falls City Grange met in regular session Sept. 14. The program was an achievement day program was put on by the Up and Coming Farmers' Part and Grange Four-H club. This club consists of seven boys and two girls all of whom took part in the following program:

A regular Four-H club meeting was held with Rex Thompson, club president in charge. "Pioneering" the National Four-H club song for boys, was sung by the group, and the club pledge and flag salute were led by Earl Thompson. Holl call was answered by "What I Enjoyed Most in My Club Work This Summer."

A sunset ceremonial was given as the literary program. Recognition was by the local leader, Phoebe Thompson. "Friends of the Outdoors" was given by Rex Thompson. "Friends in Nature I Have Found," was by Maurice Bird. "America, the Beautiful" was rendered as a group number by the group. "My Friends, the Trees," was presented by Albert Smith, followed by a quartet number, "For the Glory of the North," by Marie Bird, "The Hargis, Charlotte Lopez and Barbara Hargis. A poem, "The Day," was followed by a quartet number, "Closing Memories of the Day," by Rex Thompson, and a quartet number, "The Day Is Dying in the West," by the pianist, Imogene Bird, as the curtain was lowered.

No regular meeting of the Grange was held but the matter of turning

meatly noon each week. Tomatoes, beets, carrots, beans and corn are accepted. Other varieties needed include potatoes, onions and cabbage. Fresh fruits such as apples are welcome.

STUDENT PILOT KILLED

TOPEKA, Kan., Sept. 15 (AP)—Paul Edwin Sailer, 20, Jefferson, Ia., was killed and Morris Thompson, Topeka, was hurt in a training plane crash near Topeka yesterday. Sailer was a student pilot and Thompson was his instructor on a routine training flight.

Twenty of the newer British minisweepers are named after trees.

Man Closes Shop For Defense Job

JEROME, Sept. 15—Dewey Easton closed his shoe repair shop here Saturday evening and will go to Boise where he will be employed in defense work at Gowen field. Mr. Easton will be employed in the parachute department. His equipment will be stored for the duration.

AIR FORCES—We're building the biggest, mightiest Air Force on earth. Thousands of skilled mechanics are needed to keep those great planes flying and fighting. Men with experience as aircraft mechanics, automobile mechanics, radio mechanics, armorer, sheet metal workers, welders and in other allied fields are needed immediately. Aviation boys, a splendid future and there's no finer training for it than in the Army Air Forces.

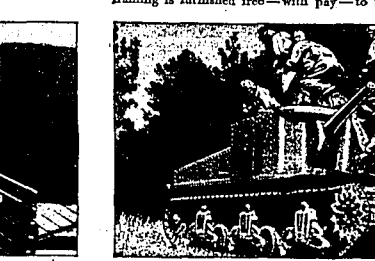

ORDNANCE DEPARTMENT—Guns and ammunition shooting fast and straight. Men with experience as automobile, truck and tractor mechanics, armorer, machinist and skilled men of other trades are urgently needed by the Ordnance Department. Technical training in ordnance work is not a requirement.

THIS opportunity to get in now and go places in the Air Forces, Signal Corps or Ordnance Department is open to any skilled specialist between the ages of 18 and 44, inclusive, who is physically fit and does not now occupy a key position in a vital war industry. According to ability, promotions to higher grades and increases in pay may be expected. You've told yourself you'd be ready whenever your country needs you. That time is now! Drop in and talk it over at your nearest Army Recruiting and Induction Station today.

SIGNAL CORPS—Here, in the "nerve center of the Army," handling the high-speed communications equipment of modern war, there's a big opportunity for men with mechanical talents and training. Licensed radio operators, experienced radio repairmen, telephone and telegraph men—and other able mechanics—will find a thrill in working with the amazing new secret devices of the Signal Corps. Pre-service training is furnished free—with pay—to those who require it.

MEN OF 18 AND 19—Even though you have had no mechanical experience, the Army offers you a special opportunity—the right to choose your own combat branch: Air Force, Armored Force, Cavalry, Coast Artillery, Corps of Engineers, Field Artillery, Infantry or Signal Corps. Or you can qualify as Aviation Cadet. Under 20 you can choose. After 20, this is no longer possible, except for certain skilled specialists.

SCHOOL SEEKING RADIO COURSES

The Twin Falls high school is rapidly going on a war footing. Supt. A. W. Morgan has announced a course of education as its regular monthly meeting last night.

He said that not only is aeronautics being taught, but he hopes to make an agreement with the national youth council unit for an initial radio technician training in the high school.

Under the plan now being discussed, youths taking the training would be paid \$24 a month while taking the 160-hour monthly course, he stated.

The youths would study mathematics and physics at the high school building and also take a laboratory course installed in some downtown building.

He said that youths taking the aeronautics course would receive physical exams before being allowed to continue. The superintendent said it would be folly for a boy physically unfit for military service to take the course. He said this would also apply to the radio technician class if it is installed.

FAST

The quick theft of a tire was reported to police early this morning by Walter Will, route two, Kimberly. Will told police he was removing a flat tire from his car at about 1:20 a. m. and left it for a few minutes. When he returned the tire was gone.

Nearly one-third of the 1,000,000 trucks on American farms in 1941 were 10 or more years old.

SEASON'S INITIAL DEER HUNT OPENS

BOISE, Sept. 15 (AP)—Hunters in quest of deer struck out for the high altitudes of the Idaho primitive area today.

By plane and pack string—the only methods by which sportsmen can reach the untracked ruggedness of the Salmon (River of No Return) middle fork—hunters left today with permission to take two deer.

Weather was believed too warm for best hunting, although first has already spotted yellow on the aspen leaves, but the season will dwindle into nippy weather by Nov. 30 when hunting closes.

The primitive area season, longest in the state, was lengthened this year since rangers fear feed will be scarce if the deer aren't thinned this winter.

Meanwhile, other hunters awaited the opening Wednesday of the Owyhee county antelope hunt. Five hundred permits were available, but only 150 applications were received, the game department reported.

GOODING TAX TO REMAIN 20 MILLS

GOODING, Sept. 15.—The city tax rate for the 1942-43 fiscal year will remain at 20 mills, the same as last year, the city council has announced. Division of the levy was as follows: 15 mills for the general fund, four mills for the lighting fund, and one mill for the library fund.

The council voted to lay a two-inch bluish surface on the road to the cemetery. This road is about a mile in length.

"To help pay back" the highway district for its assistance in sealing the city streets recently, the city will help the highway district to seal the old Bluff highway between its intersection with Main street and the new Bluff road, a distance of about six miles. This will be done before the new road is laid to the cemetery.

Trox reported the completion of an easting 100 blocks of city streets. Fifty blocks which were treated three years ago are still in good condition and will not have to be treated again until next year.

Funeral Services Held for Pioneer Minidoka Citizen

RUPERT, Sept. 15.—Funeral services were held Sunday afternoon at the Albion Masonic hall for Ed. H. Lounsbury, Minidoka, Rev. Robert Pfister, pastor of the Albion Pentecostal church, conducted the services.

Mrs. Wandale Dupont, Rupert, sang two numbers, accompanied by Mrs. Anita Mae Johnson. The music lodge of Rupert, of which Mr. Lounsbury was a member, attended in a body and conducted graveside rites.

Mr. Lounsbury, a pioneer business man of Minidoka, died at the Rupert General hospital after a brief illness. He was born January 21, 1882, at Martinsburg, Neb., and has made his home on the Minidoka project since 1917. He is survived by two brothers, Robert A. Lounsbury, Minidoka, and Floyd M. Lounsbury, Westwood, Calif.; wife, Mrs. Ben McWilliams, Albion; friends from Minidoka, Rupert, Burley and Twin Falls attended the services. Mrs. Mildred Walcott, Rupert, held charge of flowers. Pallbearers were A. A. Baker, George F. Nickerson, C. B. Wiley, Jim Bell, Charles Hays, and J. R. Lattimore. Burial was in the Albion cemetery in charge of Goodman mortuary, Rupert.

Enrollment Drops Off 14 Per Cent

GOODING, Sept. 13.—There has been an approximate 14 per cent drop in the local high school enrollment as compared with last year. The enrollment of the second day was 749 students while last year there were 825 at that point. There has also been a 10 per cent decrease in the grades.

The decrease is apparently caused by late harvest work and by moving of families to defense centers. It is expected that a few more students will enter school when the harvest is over.

From where I sit...

by Joe Marsh

Will Foster dropped over last evening and we had a glass of beer on the back porch. I could see Will was bustin' to say something...

"Well," he finally remarks, holding up his glass to the light of the setting sun, "I paid my income tax today—third installment."

There was a note of pride in Will's voice that some folks might have found amusing—if they didn't know Will...

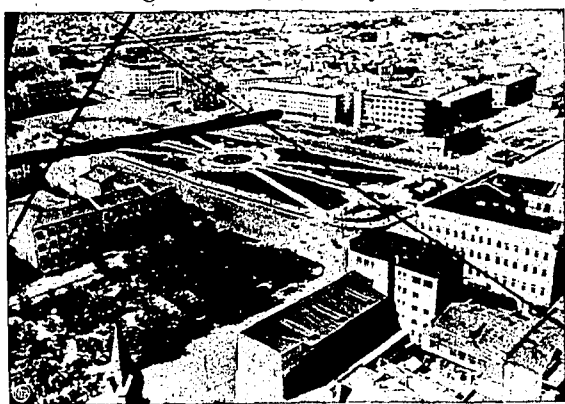

Wasn't amusing to me though. I happen to know this is the first year Will's filed an income tax return, and I suspect the payment wasn't very big... probably in the general neighborhood of \$3.20. But I know how it made him feel...

Made him feel good... because he was doing his part as an American citizen... holding up his end.

Made him feel proud... to mail that money direct to Uncle Sam—for things that's needed to win this war with.

That's the way Will would feel about being able to pay income taxes... kind of dizen he is.

Reds Fight Bitterly for City of Destiny

Center of Stalingrad, whose valiant defenders stalled the Nazi steamroller time and again in some of the war's bloodiest fighting, is pictured in new airplane photo. Square of Fallen Heroes is shown, center. Berlin claimed today that Nazi troops have penetrated the outskirts of the strategic city.

Pupils Kneel on Right, Write On Bench in No. Idaho School

BOISE, Sept. 15 (AP)—Unprecedented crowded conditions in public schools near the Bayview naval training station construction project have necessitated a sweeping program of changes in educational facilities in Coconino county, G. L. Eddy, assistant state superintendent of public instruction, reported today.

Eddy announced a proposed plan for caring for the hundreds of new students, children of construction workers on the project, following a week-end conference in Coeur d'Alene with Edith Bremer, Kootenai county superintendent of schools, E. M. Wilson, assistant state public service administrator for the WPA, and D. C. De Leonquist, superintendent of the Spirit Lake school district.

In four elementary schools and one high school near Bayview, Eddy said, enrollment this year has reached 700. Last year students numbered only 81. The schools are those at Bayview, Altai, Corbin Junction and Belmont, and the Altai high school.

Under the program, all of these schools will be split up and upper grades transported to other communities for schooling, Eddy reported.

All but the first four grades at Bayview, the first five grades at Altai, and the first two grades at Belmont will be taken by bus daily to Spirit Lake, and all but the first five grades at Corbin Junction will be taken to Coeur d'Alene. Ten freshmen, 10 sophomores, 10 juniors and all the senior class at the Altai high school will be transported to the Spirit Lake high school.

Additional costs for the increased program will be asked of the federal government, Eddy said.

"It's a wonder to me that these schools were able to teach anything this year," Eddy said. "One room designed for 40 students has been crisscrossed for 150. Children are sitting on benches placed in the aisles between desks, and then kneeling on the floor to write on the same benches when they study penmanship."

Schoolmen in the area tried to stagger the teaching the program, but it would have meant that a student would be able to attend only one day in two weeks, so this "splitting work," he added.

The changeover will require hiring of additional teachers at Spirit Lake and Chilco to care for the 350 students to be moved, Eddy said, but otherwise the program will not put great strain on facilities at these two school districts.

The worst problem is trying to

Rupert Grange's Booster Night to Be Staged Friday

RUPERT, Sept. 15.—Rupert Grange will hold the annual booster night, Sept. 18, at the Christian church annex in the form of an open meeting. There will be a program and an exhibit of fruits, vegetables and flowers. Arrangements are in charge of Mrs. W. E. Jackson, Grange lecturer, assisted by the following committee: Flower exhibit—Mrs. Frank Marjorie, Mrs. John West, Mrs. C. J. Olson and Mrs. Sherman Anderson; fruits and vegetables—Mrs. and Mrs. Paul Rogers, Mr. and Mrs. John Gummerson and Charles Hays; grain exhibit, C. W. Deich and Thomas Moberly and refreshments—Mrs. Thomas Moberly, Mrs. J. B. Culley and Mrs. Charles Hays, all members of the home economic committee.

Advanced airplane engines weigh only one pound per horsepower as compared with 10 pounds per horsepower for most automobile engines.

BOISE, Sept. 15 (AP)—A rankie fire south of Glens Ferry in the Salter creek area had been brought under control today, said a fire official here. Crews were dispatched to the scene Sunday.

450 JAPS SEIZED BY U. S. FORCES

PEARL HARBOR, Sept. 15 (AP)—Pacific fleet headquarters announced last night that 450 Japanese prisoners were taken in the Guadalcanal and Tulagi island areas of Solomon Islands and have been removed to a port outside the area. U. S. marines landed on these islands Aug. 7 in the first major offensive action of the war in the Pacific.

"Four hundred and fifty Japanese prisoners of war were taken in the Tulagi and Guadalcanal theater of operations."

"The majority of the prisoners were taken at Guadalcanal incident to the landing and shore operations of the Pacific fleet forces since Aug. 7. They consist of Japanese naval landing force personnel (the counterpart of United States marines) who were on shore defending the base in the area, and of labor troops who were building an airfield."

"The outstanding feature in the capture of these prisoners is that each one expected to be killed. This attitude is understandable, since according to the Japanese code any man mistaking for a battle is declared legally dead. His family is paid a death gratuity and he is posthumously rated one rank. He becomes a man without a country. 'Capture by United States forces of a large number of Japanese prisoners is the first step toward halting the losses we suffered by capture at Wake, Guam and Batavia. It is hoped that our kind handling of prisoners will be matched by the Japanese in their treatment of personnel.'"

Get This Free Book Today!

VICTORY GUIDE FOR CIVILIAN DEFENSE

Here at last, is an authoritative guide book on how to cope with war-time emergencies! Standard's new 24-page Victory Guide contains all the latest information and has been reviewed and approved by the Office of Civilian Defense. And it's absolutely free whenever Standard of California products are sold! Clearly written with plenty of illustrations, the Victory Guide is jam-packed with practical advice to help you save lives and property during war time. Not only that, but it has the most complete colored guide to the insignia of Army, Navy, Marines and Civilian Defense volunteers I've seen. There are also two pages which contain important, reliable information on protecting your car. Get your Free Guide today from your Standard Service Man.

OLD DOC PERKINS SAYS:

"To show you what I think—I'm keeping my Victory Guide right next to my tin hat and flashlight!"

Latest Rules For Fighting Fire Bombs!

Have you been confused by the recent change in fire-bomb fighting directions? Well, the new free Standard Victory Guide has the final word—with exact, detailed directions on what to do if a fire bomb pops through the roof. It also covers what to do in a gas attack, what to do with your car when the siren sounds, and simple safety rules that will protect you and others from needless injury.

How To Prepare A Blackout Room!

Nothing fancy about the directions in Standard's free Victory Guide. Just good common-sense methods for blacking out your home and still making it livable. Plenty of pictures to show how it's done.

FIRST AID PRINCIPLES YOU SHOULD KNOW

Nothing can take the place of a regular first aid course—and I hope you're enrolled in one! But a big help is the quick summary of first aid facts in the Standard Victory Guide. They're in simple 1-2-3 order—easy to learn and easy to refer to in an emergency. Remember, the Standard Victory Guide—with all these things—is absolutely free wherever Standard of California products are sold. Get yours today!

Junior Red Cross of Twin Falls Observes 25 Years of Service in War and in Peace

Right in the front line on the home front this fall are members of the Twin Falls Junior Red Cross.

Under the leadership of Mrs. Stanley C. Phillips, vice-chairman of the Junior Red Cross, in charge of the high school, and Mrs. Cecil Jones, chairman, in charge of the junior high school and grade school activities, they are "stepping up" their program to meet war-time demands.

Collecting recreational equipment and supplies for army camps and army hospitals this coming year will be the major project of the high school Junior Red Cross. With the approval of the school authorities, junior high school Red Cross members will sponsor projects for the armed forces in Alaska. Grade schools will assist in the collection of all kinds of scraps.

Flag Raising
Reaffirming the principles on which the organization was founded 25 years ago today, several student leaders of the high school took part in a flag-raising ceremony this morning in front of the Twin Falls high school.

The Red Cross flag was sent up the flag pole alongside the American flag, symbolizing the fact that objectives of the Junior Red Cross—in 1917 and in 1942—are the same:

1. To develop social consciousness;
2. To guide humanitarian tendencies;
3. To give practice in assuming social and civic responsibility;
4. To teach and stress the social aspect of positive health, physical, mental and emotional fitness;
5. To promote world understanding.

The Junior Red Cross membership campaign will be held from Nov. 1 to Nov. 15. Last year the Twin Falls high school was the first in the state to secure a 100 per cent membership enrollment.

Accomplishments
Reviewing a few of last year's accomplishments, Mrs. Phillips said that the sophomore girls made 400 more cents for the veterans' capital at Boise; the boys of the high school made 501 boy boards for Fort Lewis; and Mrs. Phillips collected 500 cents for the junior girls collected 500 cents.

One of the most important committees was the presentation of a Red Cross program at the county fair. Two classes in sewing and vocational training for high school girls, as part of the Junior Red Cross week.

The anniversary observance comes rather early for the local grade schools, as elections of officers have not yet been conducted as yet, and activity programs are just beginning to get underway.

Work is being carried on the Junior Red Cross work in the senior high school, a boy and a girl in each class are named as Red Cross members and work in cooperation with Mrs. Phillips and the school authorities.

Calendar

Sodales Pinchillo club will meet Thursday afternoon at the home of Mrs. J. M. Lott.

Board of directors of the Y. W. C. will meet at the club room, 2:15 p. m., at the club room.

Marion Woman's club will meet Thursday at the school house, Mrs. Joe Lusk and Mrs. Ernest Haglund will be hostesses.

Circle No. 2, W. S. C. S., of the Methodist church will meet Thursday at 2 p. m. at the home of Mrs. W. D. Hogan.

Circle No. 1, W. S. C. S., of the Methodist church will meet Thursday at 1:15 p. m. for luncheon.

Baptist Women's Missionary society will meet Thursday at 1:30 p. m. for a desert luncheon at the home of Mrs. William Warberg, 300 Sixth avenue east.

J. U. club of the Royal Neighbors of America will meet at the home of Mrs. Henry Peterson, South Coast, Wednesday at 2 p. m. Those attending are asked to bring gift handkerchiefs. Assistant hostesses will be Mrs. Clara Keim, Mrs. Bally Davis and Mrs. Elzie Watkins.

Ghamrock club will meet at the home of Mrs. John McGinnis, Thursday, Sept. 17. A miscellaneous shower will be given for Miss Helen Davis. Mrs. Leonard Albee will be program director. Roll call responses will be "Ways to Make Money for the Club." All members are invited to attend.

All purposes of the district are invited by the Twin Falls District Nurses' association to hear an address by Miss Margarette Jacobson, of the American Nursing association, New York City, Wednesday, Sept. 15, at 8 p. m. at the Idaho Power company auditorium. She will speak on nursing and defense.

QUEEN

Midge Robertson was elected queen as a result of an election held yesterday at the Twin Falls high school. Elected as her assistants are Mickey Michaels, Bob Norton and Jim Williams.

These Flags Mean America

In commemoration of the founding 25 years ago today, of the Junior Red Cross by proclamation of President Woodrow Wilson, Twin Falls high school students take part in a flag-raising ceremony on the high school campus. Left to right, Miss Celestine Salmon, president of the Girls' league; Miss Marian Griggs, president of the Junior unit of the Girls' league last year; Howard Allen, boys club leader last year; Ted Day, student body president; Lyle Pearson, boys club president; (Staff Photo-Engraving)

Thelma Thompson

Elected by BPW GOODING, Sept. 13—Mrs. Thelma Thompson has been named to head the Business and Professional Women's club for the coming year. Mrs. Thompson replaces Mrs. Lois Moreland, who has moved to Jerome.

First meeting of the season was held at the Lincoln cafe preceded with an informal dinner. Plans for the program for the year were discussed. Reports of the P. W. convention held recently in Sun Valley were made by delegates from the local club. Mrs. Moreland, Mrs. Lyle Lucke and Mrs. Thompson.

Eighty thousand carrier pigeons were used by Great Britain during World War I.

Here's "Wrap" at Winter

The expensive greatcoat, outstanding 1941-and-after model, is smartly exemplified in this wool knitted fleece. It is worn over evening clothes and for sports, as shown here. The cable-knit wool sports sweater is new, too, especially the V-neck. Sports watch is gold with suede band, and the silver-gray head lamp pin carries a barrel of "mad money." Gray woolen slacks complete the outfit.

How to Combine Economy, Taste

Told by Writer BY MISS GARY MADDON NEA Service Staff Writer

Poor shortages, shipping conditions and other wartime necessities make it imperative that the housewife have some guide to her meal planning. There are several excellent books on the subject. One of the newest and best is called "War-time Meals."

Margot Murphy, the author, is a nationally known food columnist. She shows how to combine economy with nutrition and good tasting dishes.

Here are two recipes from Margot Murphy's "War-time Meals":
Cherry Potato Balls
(Serves three)

Two cups mashed potatoes, 16 one-half inch cubes American cheese, two tablespoons butter or butter substitute, melted, 1 cup bread crumbs.

Squeeze potatoes into balls around cheese cubes. Roll in butter or substitute, and dredge in bread crumbs. Bake on a baking sheet until nicely browned.

Pork Pie
(Serves four)
Eight slices of cold roast pork, one minced onion, salt, sage and pepper to taste, nine-inch pie crust, one cup left-over gravy.

Arrange slices of pork in bottom of a greased casserole. Season with minced onion, powdered sage, pepper and salt. Over this place a layer of meat and repeat until the dish is nearly full. Pour a cup of left-over gravy over meat. Top with pastry. Bake in hot oven (400 deg F) of about 20 minutes.

Mrs. Greif Has Shower Feting Miss Johnston

Pre-nuptial courtesies for Miss Margaret Johnston are continuing. Mrs. Charles E. Greif, formerly of Nampa, last night at a miscellaneous shower in honor of the bride-elect.

Guests included intimate friends of Miss Johnston, fiancée of Lieut. R. C. Ahlenbrenner, Williams field, and Mrs. A. J. Greif, formerly of Nampa. Mrs. J. P. Johnston was among the guests present.

Price at bride went to Miss Eleanor Hollingsworth.

Flower from the garden at the home of Mrs. A. J. Greif, mother of Mrs. Greif, formed the party decorations.

It has been estimated that babies now eat about four times as much as their parents did when infants.

Indian Summer

Theme Arranged For MIA Social

An Indian summer theme will prevail at the second ward M.I.A. social, the social Wednesday evening at the recreation hall. The party will begin with a program at 8 p. m. and conclude with dancing to music by the M.I.A. orchestra.

An Indian theme and fire will be the focal point of the decorations, and an Indian chief will be the narrator. Preliminary music will be presented by Marion and Virginia. The Scripture will be read by Don McBride. Invocation will be given by Mrs. Mary Clayton. Roland Wood will introduce the theme and Virgil Tolson will be the narrator.

Vocal numbers will be given by Miss June McCreary; an Indian legend will be related by Miss Katharine King; and an accordion solo will be presented by Mrs. Iva Condie.

Indian ritualistic ceremonies will be conducted by three camp girls, Maurine Boren, Anna Hull and Thelma Hull. Benediction will be pronounced by Beverly Crowley.

Program directors are Mrs. J. R. Thurn, Mrs. Charles Greif, Mrs. Arthur Watson; stage arrangements are in charge of Lavere Hutchins and Miss Thelma Hull; and flower arrangements, Mrs. Iva Condie.

Refreshments are in charge of Mrs. Victor Millward and the Bee Hive girls of her class.

CHILL MELONS

For best flavor chill melons before cutting them. Wrap the melons in wax paper and store in refrigerator. Cut in halves, discard seeds and pulp and serve immediately. Do not place chilled melon in the center of melons before serving as the melting ice will impart the flavor. If desired, melons may be placed in a nest of chopped ice.

SAVE

ALL COOKING FATS AND GREASES USUALLY WASTED! Your Country Needs Them

Help advance Pearl Harbor and War Relocation Authority. Buy your cooking fats and grease from the scrap fat and cooking grease. Take them to your market.

Most of the meat markets in Idaho are supplied with suitable containers for the purpose. The market will weigh it and pay you on a basis of 10¢ per pound. The market will give you the money to buy defense savings stamps and help the war.

Midge Robertson to Be Queen of Bethel

Miss Midge Robertson was elected and installed as honored queen of Twin Falls Bethel, Job's Daughters, last evening at the Masonic temple, succeeding Miss Mary Jane Shearer.

Bloody Gun Inn Novel Setting For BPW Party

"Bloody Gun Inn, Canoeing, June. Proprietors read the sign attached with a butcher knife to the door. "Miss Juliette without the jupe" was the slogan at the bar, set up in the kitchen.

These details formed part of the "atmosphere" for a "Barbary Coast—Old Style" party at the home of Mrs. Frankie Alworth, with members of the B.P.W. club as guests.

Barbary Coast Effects
Old time saloon posters and "nude" handwork of "Tons Alworth" candles in beer bottles, to afford illumination for the games, and other trappings complete the setting.

Miss Ray Smith won the prize at Chinese checkers; Mrs. Muffy and Miss Bertha Wilson, pinocch, and Mrs. Hazel Leighton, bridge.

During the business session, the club voted to finance the making of war stamp cana if the Bonholders will undertake the selling of them at some future occasion.

The club voted to contribute \$10 to the red liver oil fund, which is pending to underprivileged children by the Twin Falls county health unit.

Cod Liver Oil
The club will devote the fund, usually appropriated for the cod liver oil, to this purpose. Miss Myrtle Anderson presided.

Refreshments were served following the games. Announcement was made that the dinner sessions will be resumed at the hotel Oct. 2.

PNG to Present Jewels During Rebekah Session

Plans for the presentation of jewels this evening at the Primrose Rebekah lodge session were presented to Mrs. W. O. C. by the members of the Past Noble Grand's club last week. She also announced her committee.

Mrs. B. Watkins was hostess to the group and Mrs. E. Elmer, Partridge, and Mrs. Zena Eastman, Scandia, Kan., were guests.

Quilt to be given to the American Red Cross by the Rebekah club, Mrs. Clara Parks, Mrs. Clara Anderson gave the good thought for the evening on "Keep Plugging Away."

Announcement was made of the death of Mrs. Sarah McQuinn, Hoise, past president of the Rebekah assembly, and assembly secretary at the time of her death.

The program was arranged by Mrs. J. H. Hollenbeck, Mrs. Corda Boren, Mrs. Clayton Wood, Mrs. C. H. Edred, Bisco was played and novelty prizes were awarded.

Members of the hostess committee were Mrs. Elzie Watkins, Mrs. Kirkpatrick, Mrs. Henry Mahan, and Mrs. Myrtle Gaudier.

Views in Verse

IDAHO AUTUMN
Wild Autumn, you have made me your disciple. Call, and my heart leaps pulsing to obey. The frost-filled air, the tang of aspenburning
O dear to me! for I have caught the glow of living glided, feeling not tomorrow. But thrilling to the joy that's mine today.

I shall not fear the winter that may follow. Nor cover youth with springs that are to come; I'll paint my life in your own eyes and know that I have caught the glow of living glided, feeling not tomorrow. But thrilling to the joy that's mine today.

(Discouraged? How can you with Idaho's autumn coming on! Let's salute September and October with this poem by a former Idahoan, a civilian, member of two young children, who has not been heard from since the fall of Manila. Today's "Views in Verse" was written by Mrs. Ruth Conrad Weinheimer when she was a student at Mills college several years ago, and sent to the editor of the Times-News social and club page. It was found recently among the editors' files, and published here with the permission of Mr. and Mrs. Roy A. Read, parents of Mrs. Weinheimer, formerly of Twin Falls and now of Mill Valley, Calif.)

We The Women
By RUTH MILLETT

Mrs. Average Guy and his wife are beginning to feel that nobody understands them and their "morale."

Everybody is trying to do something for their morale—but as far as Mr. and Mrs. Average Guy are concerned it is usually the wrong thing.

Talked out of Army
Take for instance a little item that recently appeared in a Hollywood reporter's column which said: "Bob Hope and Bing Crosby are in Washington being talked out of the notion of joining the army and kept available for war bond rallies and civilian morale through the movie and radio mediums."

Now here's the way Mr. and Mrs. Average Guy feel about this. They don't think it is necessary for anybody to talk any movie star out of getting into uniform just to bolster their morale.

They even go so far as to confess that it would do them no harm to take a good look at a top flight movie star give up his civilian picture making, or crooning, or anything of the sort, and get into a private's uniform. Mrs. Average Guy would be very glad to have a soldier's uniform.

They'll Buy Bonds
They say that if everybody who is interested in their morale will just quit about them and pitch in to fight the war either in the service or on the home front—the morale of the nation will be better off than ever if he goes so far as to make buying them compulsory.

During the first four months of 1940, the province of Quebec, Canada, produced 387,542 fine ounces of silver.

Marian Martin Pattern

USEFUL TWO-PIECE
Career girl... coed... every busy person needs a two-piece model like Pattern 901 by Marian Martin. The nicely cut jacket has a smart long-sleeved collar and a smooth over the hips. The waistline has two narrow front, one in back. Long sleeves are included.

Pattern 901 may be ordered only in misses' sizes 12, 14, 16, 18, 20. Size 16 requires 4 1/2 yards 35-inch.

Send \$1.00 for Pattern 901 to Marian Martin Pattern. Write plainly SIZE, NAME, ADDRESS and CITY, STATE, ZIP.

First AM for the twist-necked wardrobe—in our 1942 Pattern Book. Thirty styles for every member of the family... accessory news... the on fabric... advice on remodeling old clothes. All for TEN CENTS!

Send your order to Times-News Pattern Department, Twin Falls.

Bread's Really a Food; Gum's Made to "Chew"

Contrary to certain tendencies in bread baking, we believe that food value, appetitive qualities and digestibility should be of major importance in any bread. Artificial methods of producing fluffed flavors, textures and such are not in keeping with our standards. We believe that bread should be light, firm and porous so it can be eaten naturally. Bakers and confectioners both have their place. Bread's a food—and gum's made to "chew."

JAPANESE LABOR MOVES IN IOWA

(From Page One)

This definite offer of employment to the evacuees of Japanese descent involved, its probable duration, wages he will pay, and housing facilities available for the evacuees.

If the requirements of the employer cannot be filled through normal procedure, the employment service office will endorse the application and forward it to the employment division, Mr. A. A. San Francisco, if the W. I. A. approves the employment offer, it is wanted to a training center or assembly center where it may be examined and accepted by Japanese evacuees who have volunteered for such work. The agreement is subject to termination by either the employer or the evacuees on five days' notice.

Japanese evacuees of established loyalty will be permitted to take permanent jobs outside the western defense command without restrictions. Those who leave the center in large groups for farm work within the western defense command may remain in the county to which they were originally sent as long as work is available.

TERMIN SIDEWALK, TURN-INS NON-ESSENTIAL NOW

There seems to be some division of thought as to whether or not the state highway department should build sidewalks and drive-way turn-ins on both sides of U.S. lakes and roads from the city to the canyon.

It is hard to understand the reasoning of the highway department that this be done at this time. A fundamental principle seems to be that the highway department should build sidewalks and drive-way turn-ins on both sides of U.S. lakes and roads from the city to the canyon.

As a resident of the Lake Boulevard, the writer is naturally interested in this matter. Highway engineers advise that the drive-way turn-ins will in no way effect the preservation of the road bed as the gutter is carried across the side of the driveway; therefore, there is nothing involved in the turn-ins "essential" by any stretch of imagination.

These contemplated improvements would be nice; would not doubt be beneficial to property owners to whom work done on the road and materially aid in extending city limits and sub-dividing properties. But these projects are not essential. I feel that this work should be left until after the war is won. We need the manpower to harvest crops and carry on other essential activities; we need the money to carry on the war. I am sincerely ashamed to see a sidewalk built in front of my home, and I would be humiliated to have some of the "boys" come back and say, "Humm, see you got that new sidewalk while we were gone. It must have enough to eat and wear at night, nor guns and ammunition to protect ourselves. We are trying to stop needless expenditures of money and man-power."

CLAUDE H. DETWEILER, (Twin Falls)

City Maps Ways to Control Too-Boisterous Youth Gangs

Exasperated city officials today were considering ways of dealing with youthful "gangs" which lately have been making the sidewalks and streets of downtown Twin Falls a scene of lawlessness and disorder.

The city council meeting last night Mayor Joe Koehler told how boys have been forming into gangs and getting out of hand at night in downtown streets. There is a sprinkling of girls, he said, but the gangs are mostly boys, sometimes numbering 20 or more.

Damaging Trunks Embroidered by numbers, and frequently with a little "spiritual" suggestion, said the mayor, they are extremely careless with their belongings and play pranks which result in actual property damage. He told of several cases in which property damage had reached an appreciable amount, and cited instances of trunks being trampled on by the boys.

"They are taking advantage of what they see in us as law-abiding citizens because of their youth," declared Koehler, "but they are making a mistake. I am afraid it may be necessary to make an example of a few of the boys. The mayor extended much of the boys' actions to their uncustomed property from working on the Japanese project."

The matter earlier had received the attention of Chief of Police Mr. W. C. Johnson, who said that the sense of responsibility in parents.

Use Liquor "The mixed array of these gangs causes much of the trouble," declared the chief. "Some will be as young as 16 and others as old as 25. They drink and are very much of legal age make the purchase, and that makes the gang more difficult to control."

"Contrary to popular belief," continued Chief Gillette, "the boys in these gangs don't all come from

Former Resident Dies in California

W. F. Grinstead, 48, died Sunday at San Bernardino, Calif., according to reports received by Mrs. H. J. Taylor, a sister. Other sisters living in Twin Falls are Mrs. Bertina Grinstead, Mrs. Mary Grinstead, and Mrs. Grace Grinstead.

Funeral services will be held Thursday in San Bernardino, according to reports received by Mrs. Taylor. Mrs. F. J. Wile, Marjorie, and Mrs. Laura Whitney and Mrs. W. C. Johnson, who is a sister of Mrs. Grinstead, will attend funeral services.

Fire Department For Hunt Center

The Japanese relocation center at Hunt will have a permanent fire department of 76 men which will function day and night. W. L. Yeager, fire protection officer at the camp, said after the arrival of two fire trucks, completely equipped with sirens and necessary accessories.

Identical to the massive trucks used by big city departments. It will be capable of pumping 750 gallons of water per minute. Each truck carries 1,000 feet of 2 1/2 inch hose, 200 feet of 1 1/2 inch hose and a minimum 150-gallon water tank.

The firemen will be headed by a fire chief and seven assistants. Among the 76 men will be 15 or 20 selected from the camp. In addition there will be 24 volunteer fire fighters in each block.

Chief Kiaz Tamura and Assistant Chief Dick Betanda already in function. They have been drilling and installing emergency fire extinguishers.

• SERIAL STORY
OF BRIGHTNESS GONE
BY HOLLY WATTERSON

THEY STAYED. Candace took her first job with a newspaper, a position which she held for a year. As she grew older, she began to realize that she was not the same person who had been so bright and lively in her youth. She had lost her brightness, and she knew it. She had lost her sense of humor, her ability to laugh at herself, and her ability to laugh at others. She had become serious, and she knew it. She had lost her brightness, and she knew it.

AT FIRST SIGHT
CHAPTER II
MARTIN happened to her when she was 16. It was a chance meeting, but it was a meeting that changed her life. She met him at the school dance, and she was drawn to him. He was different from the other boys she had known. He was intelligent, kind, and funny. He was the one who made her feel like she was still the same person who had been so bright and lively in her youth.

He couldn't know that in June she would be meeting Martin, and that then everything would be changed. But she didn't know that either. She was just a girl, and she was in love. She was in love with Martin, and she knew it.

BRUCE'S resolve to "make things up" to Candace hadn't lasted quite until commencement. He wrote that he was involved in a deal and couldn't get away. And he was abroad. It looked for a time as though Candace would have no one of her own there at all.

But she might have known that she could depend on Peter. Big, raw-boned, gentle Peter who was kinder than any blood brother could have been. He wrote that he was leaving school a day early so that he could be with her for commencement, and would then take her home. He would have a friend with him, Martin Corby.

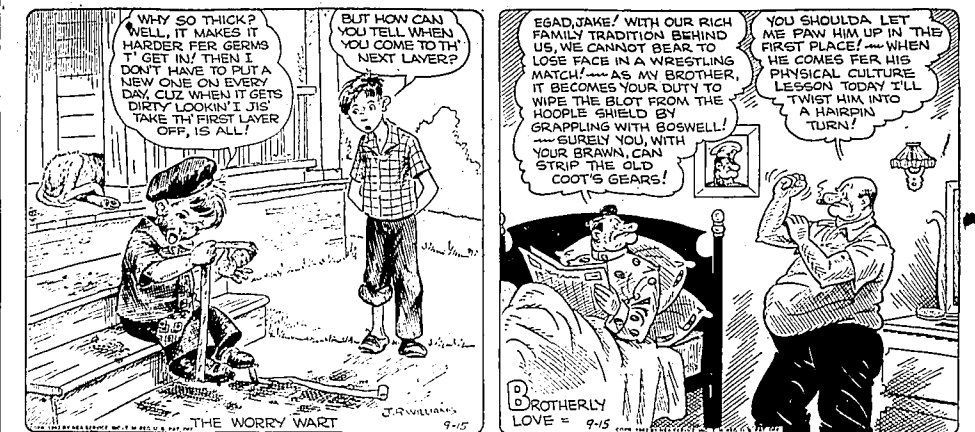

Candace came down the stairs way when she got the message that they had arrived and were waiting, and though the sitting room was filled to overflowing with other youths all family similar in appearance, it was only Martin she saw: Martin with his dark, brooding face, his sensitive hands. Peter said with a hint of pride, "My cousin Candace, Martin."

Martin took her hand in his—and it was as though a switch had been thrown, a current of feeling that lit her dried swept through her, stopping her breath, stopping her heart, draining all color from her face. Martin murmured a polite something and she murmured back, and they walked out together onto the grounds.

It was over finally, her trunk was in back and suitcases overflowed onto the running board, and she sat dreamily between Peter and Martin. Peter was driving and Martin suggested that Candace move closer to himself to leave Peter room. All along her side where it touched his she felt warm and tingling. His arm was draped along the back of the seat; he moved it forward once and she felt it rest on her shoulder. She thought she felt a faint pressure of his hand on her arm. The feeling of suffocation came again, the warm hazy brightness.

NOTICE OF DELINQUENT TAXES. NOTICE IS HEREBY GIVEN OF the delinquent assessments against the lands hereinafter described, situated in the Miller Local Irrigation District in Twin Falls County, Idaho, and assessed in the name of the parties hereinafter listed. Which assessment delinquency entries were made on the 1st day of January, 1942, and is the assessment made during the year 1939 as follows:

Name Description McFarland, Wm. A.—NW 1/4 of Sec. 34, T. 2 N., R. 2 E., S. 34, Township 10, Range 20, Section 34.

Thompson 10, South, Range 20, Section 34.

NOTICE is hereby given that the term of redemption will expire on December 31, 1942, and that unless the same are redeemed within said term, said taxes will issue therefor. On the 9th day of September, 1942.

A. L. ROBERT, Treasurer, Miller Local Irrigation District, Pub. 021, 12, 20.

King pins — those vertical bolts on which the front-end steering knuckle ride — are regular in fabrication, not merely because of their role in steering success, but because they support 20 to 40 per cent of the car's weight.

JUDGE WIPES OUT JURY'S VERDICT

BOISE, Sept. 15 (AP)—A jury verdict in the case of Frank N. Powers, Boise produce dealer charged with a violation of the federal produce agency act, has been set aside by Federal District Judge C. C. Cavanaugh.

Powers was found guilty by a jury last Thursday, and sentence was to have been passed yesterday. Judge Cavanaugh set the verdict aside, but granted a motion from the U. S. district attorney for exception to the order.

Incorporation of the exception to the order clause will permit the case to be re-tried or appealed to the appellate court, Assistant U. S. Attorney E. H. Casterline explained. In explaining the court's action, Judge Cavanaugh said that uncontroverted evidence revealed that a sufficient quantity of the produce consigned to the defendant had spoiled to "more than make up the amount cited in the complaint as due the consignee."

Under the produce agency act, an accounting is required or every shipment of produce in interstate commerce. Powers was accused of attempting to defraud the John Woolley company, San Antonio, Tex., on a shipment of sweet potatoes consigned to the Texas firm.

Powers had maintained that he had settled accounts with the company and evidence established the fact, the judge asserted.

Burley Infant's Burial in Utah

SALT LAKE CITY, Sept. 15 (AP)—Gravestone services were held yesterday for the infant son of Mr. and Mrs. Eugene Jones, Burley, Idaho. The child was born three days ago. Mr. and Mrs. Jones were at the home of Jones' mother, Mrs. Violet Jones.

HOLD EVERYTHING

"I don't care if the light is good and bright — you can wait till we get back to read the funnies."

PRIZES OFFERED IN SCRAP DRIVE

JEKLOM, Sept. 15 — To spur greater activity in the metal scrap collection campaign, the Jerome Chamber of Commerce is offering a number of war bonds and stamps as prizes.

A \$25 war bond will be awarded the person bringing in the largest number of pounds of scrap metal. \$10 in war stamps will be given the individual bringing in the second largest amount; \$5 in stamps will be given for the greatest amount of copper; and \$5 in stamps will be given for the largest amount of brass.

A ship's captain is empowered to conduct a marriage ceremony on his boat, if the occasion arises.

CIVIL AIRMEN TO PATROL ON GULF

Idaho civil air patrol members will patrol waters of the Gulf of Mexico for axis submarines this fall and winter. It was announced following inspection of four CAP squadrons at the local airport Sunday by Eldon Carter, Boise, wing commander.

"The government wants to give Idaho fliers their chance to help in the good work being done by the civil air patrol," said Carter. "The CAP has been given credit for sinking of between 10 and 15 axis subs." Pilots on patrol receive from \$9 to \$15 per hour for their planes depending on the horsepower. It was explained today by Charles Reeder, Twin Falls airport manager, and also \$8 an hour for their services as pilots. Possibly half a dozen are expected to go to patrol duty in the gulf from this area. It was said.

Twenty ships stood on the line Sunday, as pilots and other personnel in the official CAP uniform, lined up for inspection by Wing Commander Carter. They represented CAP squadrons at Caldwell, Nampa, Boise and Twin Falls.

State Medics to Gather Thursday

BOISE, Sept. 15 (AP)—The fiftieth annual convention of the Idaho State Medical association will open in Sun Valley for a three-day session starting Thursday. Dr. Franklin H. Jeppesen, Boise, secretary, announced today.

Due to the demands of the war, Dr. Jeppesen said, the convention has been reduced from the usual four days to three. One of the primary problems facing the convention will be the supply of medical officers to the armed forces and the maintenance of a sufficient supply of medical men to handle the needs of the civilian population, Dr. Jeppesen said.
