WAGE SCALE FAVORING HIGHER FARM PARITY

COMMITTEE WILL ASK WAGE SCALE

WASHINGTON, Sept. 18 (AP)—A majority of the house banking committee reported today in favor of the controversial higher farm price parity provision in the economic control bill drawn by committee chairman, Rep. Steagall, D. Ala.

It would mean an end to an effort, sponsored by some farm organizations, toward a redefinition of parity to raise the level by favoring a computation of all farm labor costs.

A group of committee members met informally last night, and it was said they decided to attempt far-reaching revisions of the product bill. Some favored substituting a new bill.

Wage Regulation

Those wanting sharp revision of a new bill, while declining to be quoted directly, expressed confidence that a majority of the committee also would favor a new bill embracing revisions of the product bill. Some favored substituting a new bill.

The Steagall bill would direct the President to establish such maximum salaries and industrial wages as will bring about a reasonable and equitable relation with maximum farm prices.

Senator Bankhead, D. Ala., who has urged that wages of farm labor be considered among the factors determining the level of the product bill, said he feared the senate banking committee would reject any amendment changing the basis for parity.

Opposes Change

"We won't get it over the President's opposition," he told reporters. The President's wage chairman, Wagner, D. N. Y., of the senate committee, said yesterday expressing "unfavorable opposition" to any change in the method of computing parity, which is a price level calculated to give farmers a return equal to that of a past favorable period, usually 1909-14.

He was promptly joined in this opposition by Secretary of Agriculture Wickard and Price Administrator Leon Henderson, both of whom said any change would tend to increase the cost of living.

1 DEAD, 22 HURT IN CRASH OF BUS

POCATELLO, Sept. 18 (AP)—One man was killed and 22 others were injured last night when a bus loaded with defense workers crashed head-on into a truck near here.

Witnesses said the bus swerved out of its lane to avoid running into a truck which slowed suddenly ahead of it and smashed into a southbound truck-trailer combination.

Fatally injured was Stanley Payne, 35, Idaho Falls.

The bus was returning workers in the naval gun retraining plant here to Idaho Falls, Blackfoot and Port Huron.

The injured overtaxed facilities of two hospitals in Pocatello.

Max Dietz in Hospital

Payne died about 10 minutes after arriving at a hospital from the scene of the crash on U. S. highway 10 five miles north of here.

Most of the injured were from Idaho Falls. They included Harry S. Leonard, M. Harding, 47; Harry Sauer, 38; Hale Landon, 25; W. C. Rose, Lewis Alsworth and Antonio Ernest, all reported among the more seriously hurt.

Less seriously injured were Fred Hamfield, 44; Lucell Crook, 31; Glen Kearney, 22; Merrill Lemley, 21; M. Sprague, 66; William A. Bingham, 53; Albert Harding, 53; Del Cullum, 30; and Roy News, all of Idaho Falls. Others injured were Garold Pratt, 18, Pocatello, driver of the bus; Sam Johnston and Clarence Bates, 20, both of Shelley; A. C. Hook, 29, and Verne S. Johnson, 38, both of Port Huron.

The driver of the truck, E. W. Culley, Pocatello, was uninjured.

Ambulance Service

Every available ambulance in Pocatello was used to carry the injured to the hospitals.

One man with an eight-inch laceration in his head had his head bandaged by a doctor working in the corridor of the general hospital outside the emergency reception room while others were being treated in the room.

The bus was a regular company vehicle put in use when the naval plant started operation.

Mavis Schuepbach, H. Procter Exchange Vows at Church Rite

RUPERT, Sept. 13.—Panels of white satin and lace fashioned the trained wedding gown of Miss Mavis Adair Schuepbach, Rupert, when she became the bride of Henry J. You Can Send Flowers To Japanese at Center

Yes, there's something you can do as a "good neighbor" gesture to the Japanese at the relocation center at Hunt.

You can send them flowers. "The Japanese are lovers of beauty, and donations of cut flowers or plants will be appreciated by them," according to R. A. Pomeroy, superintendent of schools at the center, who addressed the luncheon session of the Women's association of the Presbyterian church here Thursday afternoon.

He accepted the flowers that had been used to decorate the luncheon tables and the Presbyterian church parlors, and agreed to transport other bouquets at future times.

If you're planning a visit to the center, the proper acquiring of posies, of course—or you know someone who is going to the camp daily, you might send some flowers.

Facilities for gardening and landscaping are not sufficiently developed here for the Japanese to raise their own flowers and plants.

Center Described. Here are some interesting statistics brought out by Mr. Pomeroy. The center, which is a camp attended yesterday's luncheon session, the first meeting of the women's association.

The camp is divided into 35 blocks of 16 houses each. In each block there are 12 houses, 20 feet by 120 feet, which are divided into six apartments each, to house 300 persons.

One house is for bachelor quarters. One is a combined laundry and bathroom; one is for a dining hall; one house for a recreation hall, also offers, church services and storage.

Houses must be furnished by individual families. Besides the 35 block houses, there are 10 hospital units, adequate in size but still needing equipment.

There is an administration building for the teachers and Caucasian staff. Approximately 2,500 students will receive education from the kindergarten through high school.

A staff of 55 teachers will be required to carry on the educational program in the center, according to Pomeroy.

Between 65 and 70 per cent of the 10,000 Japanese inhabitants of the center are American citizens," he observed.

Mrs. C. H. Krenzel, president, welcomed the guests, including a number of newcomers to Twin Falls. Those wishing to join the Procter Women's association are requested to communicate with Mrs. L. B. Breckenridge, she announced.

Served by Girls. Mrs. H. W. Carpenter was luncheon hostess. Mrs. Reece N. Williams was program chairman. Members of Miss Janella Sutcliffe's home economics class assisted in the luncheon.

As invocation the group sang "The Blessings of God." Mrs. Rebecca N. Williams was program chairman. Members of Miss Janella Sutcliffe's home economics class assisted in the luncheon.

Spud Nugget of Valued Minerals

By MRS. GAYNOR MADDOX, NEA Service Staff Writer. Spuds, either white or sweet, are valuable additions to the family nutrition.

To get most out of them, cook with jackets. If you prefer to peel them, peel the peeling very thin. Many prized minerals lie close beneath the surface. Peel them just before you cook them.

Don't let potatoes soak in water before cooking. You will lose vitamins and minerals if you do. Wash, peel and slice potatoes. Grease a shallow baking dish.

Put a layer of potatoes in the dish. Sprinkle with salt, pepper and butter. Repeat the process until all potatoes have been used. Pour in hot milk. Bake in oven for 30 minutes.

Two table spoons fat, 1 teaspoon salt, 1 cup syrup or cane sugar syrup, 1 orange, both juice and rind, 2 cups mashed sweet potatoes, 1 or 2 eggs, 1 cup milk.

Add fat, salt, syrup, orange juice, and grated rind to hot mashed sweet potatoes. Add beaten egg yolk and milk. Beat well. Fold in stiffly beaten egg whites. Pour into greased baking dish; bake slowly (300 deg. F.) for about 30 minutes, until pudding sets.

Store whole potatoes in a cool, dark, airy place where they won't freeze. Slice sweet potatoes in a dry place where they won't chill.

Potato Scallops. (Recipe 4 to 6) Six medium-sized potatoes, 2 tablespoons flour, 1 1/2 teaspoons salt, pepper, 1 tablespoon fat, 1 1/2 cups hot milk.

Packing a barrel of fruit for the Children's Home in Boise occupied the attention of the Highland View club members Wednesday at the home of Mrs. Esther Anderson.

Mrs. Emma Owen and Mrs. M. Eggleston were guests. Mrs. Margaret Stierer won the club prize and Mrs. Estlin the guest prize.

The hostess was assisted by Mrs. Debra Tius and Mrs. Lulu McFadden.

With Scout troops in the news all around the globe and a Scotch queen on the English throne—it is interesting to recall that Scotch plaid once had as much political significance as the swastika or the hammer and sickle.

Circle No. 3 Meets. Circle No. 3, W. S. C. S. of the Methodist church, met Thursday afternoon at the home of Mrs. G. O. Jellison. Devotional services were in charge of Mrs. Jellison. Thirteen members were present.

Bremerton Pair Honored at Party. Mr. and Mrs. C. B. Lindsey were hosts at a desert supper last night at their suburban home for a group of friends.

Honor guests were Mr. and Mrs. Lindsey, their son and daughter-in-law, Bremerton, Wash., who today completed a brief visit at the Lindsey home.

Their young daughter, Georgia Carole, remained at Chesham, Wash., with her maternal grandmother. The Lindseys and their home guests spent Tuesday at

SLIGHT ADVANCE IN GRAIN PRICES

CHICAGO, Sept. 18 (AP)—After rye futures prices had advanced 2-cents a bushel and wheat a cent, the grain market advanced 1-cent today.

Short covering and buying stimulated by a report that a congressional move may be made to raise government crop loan rates were largely responsible for the initial

SABOTAGE AND REVOLT FLARE OVER GERMAN-HELD EUROPE

NAZIS RUN INTO CIVIL RESISTANCE

By JOHN A. PARRISH
LONDON, Sept. 18.—The revolt and sabotage were on the upswing in Nazi-held Europe today and Hitler's Gestapo and the Italian carabinieri which take German orders were responding with intensified executions and reprisals.

From Norway to Rumania came authentic reports of new decrees providing the death penalty for patriotic activity. Executions were reported from Greece, Czechoslovakia and Poland. The arrest of new groups of hostages were reported from Yugoslavia, Holland, Luxembourg and Norway.

The fierce Serbian patriot armies of guerrilla Gen. Draza Mihailovich, which have rallied almost at will throughout Yugoslavia and even in Italian territory, now threatened to cause serious trouble for Bulgaria and Rumania, the former an uneasy recipient of spoils from the German partition of Yugoslavia.

Slavic Hostages
Gestapo squads and black-shirted SS troops captured new hundreds of hostages and began execution of persons they believed implicated in insurgent activities.

Information reaching the Yugoslav government in London said insurgents had killed Milica Keckar, a leader of the Croat resistance, and a member of the Yugoslav government in London said no direct train has been able to pass over main or branch lines in the Suiak area for the past two months.

Protection Asked
In Croatia, the capital, Zagreb, was the center of resistance to the Croatian government and the Germans. The government newspaper demanded an increase of the Ustaeti police forces, and fighting was reported in various sections. The Ustaeti published a list of 20 hostages taken for the killing of two German soldiers.

Croat insurgents were reported to have destroyed a number of trains. From Yugoslavia, troops for the German forces and Italian auxiliaries radiated into Greece, Rumania, Albania, and Bulgaria. Reports reaching London said Italians had been forced to send an expeditionary force into the Albanian hills in an effort to smoke out guerrillas who had been attacking garrisons and communication lines.

JUKE BOX UNRAILED MORALE BUILDER

WASHINGTON, Sept. 18.—The once-lowly "juke box" had been elevated today to a position of greatness before a solemn congressional committee where it was described as "a vital necessity" in this war.

Elmer Davis, director of the office of war information, told a senate inter-branch committee subcommittee that to permit the silencing of the musical notes of the coin-operated phonograph would "jeopardize the morale" of troops at home and abroad.

The first witness in support of a resolution by Chairman Clark, D., Idaho, to investigate James C. Penney's ban against members of the American Federation of Musicians playing for recordings and transmissions, Davis asserted recorded music was "a vital necessity for the entertainment of our troops."

Of greater danger, he declared, was the halting of the supply of records for broadcasting by upwards of 150 radio stations which he said needed the records to maintain listening audiences vital to war communications.

A policy which threatens the continued existence of many of these stations," he declared, might seriously hamper his work of "informing the people about the status and progress of the war effort and the war policies, activities and aims of this government."

Mr. Davis assured the committee he could carry on very well without personal discomfort if there were no "juke boxes" at all, but that they are "highly popular among soldiers, sailors and marines" at home, and "in the USO but in Alaska," and at other battlefronts.

TWO WOMEN INJURED
CAREY, Sept. 18.—Miss Ada Baird, Carey, and Miss Thompson, school teacher, were injured when a car driven by Mrs. Irvin Edredore struck them. Mrs. Edredore swerved her car to avoid striking two boys riding bicycles after dark without lights, and did not see the girls who were walking in the road. Miss Thompson is able to resume teaching but Miss Baird is still under a doctor's care.

LABOR MAY BE FROZEN TO FARM

WASHINGTON, Sept. 18.—The farmer's hired man has become such an important person that Secretary of Agriculture Wickard had hinted broadly today at possible government action to prevent him from dropping his chores and going to the city to work in a munitions plant.

Agriculture can't compete with industry in payment of wages, Wickard said, but it is vital that the nation's farms be manned with trained men.

If a patriotic appeal for men to stay on the farm won't work, then we will have to make some other approach for people to stay in the industry for which they are best trained," he said.

Meanwhile, the house committee on defense migration heard high-ranking officials discuss the question of controlling the nation's manpower, industrial and agricultural, through legislation.

War Production
Neelson told the house committee on defense migration that while he had not studied the problem enough to offer "an intelligent opinion," it was necessary to have workers at the places we need them, at the time we need them.

"If it can be done voluntarily," he added, "that's fine—but if it can't be done that way, it must be done some other way."

Wendell Lind, director of WPB's labor production division, however, expressed belief "we should not wait for sweeping legislation," and maintained the various agencies had, in their authority to direct the hiring practices of government contractors, the power "to compel the institution of labor-market controls by the U. S. employment service."

JEROME, Sept. 18.—The Jerome Junior Chamber of Commerce has nominated the following officers for the election to be held Oct. 5: President—Earl S. Olson, who has been employed as a mechanic by the Buhl Implement company, will go to Camp Perry, Ohio, for military training and special assignment in the division.

The staff of the implement company gave him a farewell party and presented him with a service kit.

THIRD OF THOSE ELIGIBLE VOTED

WASHINGTON, Sept. 18.—An unofficial tabulation of 1942 primary voting in 35 states revealed today that scarcely more than a third of those registered and eligible actually exercised the privilege of casting their ballots.

The total of those who voted was 14,937,426. The total of those who might have voted was 43,191,779. The percentage of those who did was 35 per cent.

Officials here who watch elections closely said several factors were responsible. Voting always lags in a year in which there is no presidential contest. The World War demonstrated that in war time the voters are apathetic. The absence of acute issues in many states contributed.

Millions Away From Home
In addition millions of voters are away from home—in the army or navy. There has been much migration of defense workers from state to state, and undoubtedly many of these have not been in their new homes long enough to be eligible to vote.

In general, the southern states made the best showing, due, it was believed, to the fact that the Democratic primary elections there determining who the office holders should be, and to the additional fact that there were not gubernatorial and other contests in some of them.

Nevertheless, Wyoming topped the list with 84 per cent of its eligibles voting. Utah was lowest with 16 per cent, and Idaho, Iowa, and Ohio showed 19 per cent each.

Lower Than in 1938
By comparison with the total who voted in this year's primaries in the states in question, a total of 26,039,447 cast their ballots in the general congressional elections of 1938, the last year in which an election was not accompanied by a presidential contest.

For the western states the estimated number voting, number eligible and the percentage were: Utah, 1938, 84 per cent; Idaho, 62,000 voted, 325,000 eligible, 178,894 voted in 1938.

Approximately three-fourths of the 4,000-mile boundary line between Canada and the United States is of water.

Farm Employment Office Is Opened

GOODING, Sept. 18.—A farm labor employment office has been opened here by the United States employment service. The office will cooperate with the local schools, the county agent and the Amalgamated Sugar company. It will be a central source for supplying school children, other local labor and trainees to do farm work.

Applications may also be made at the office for Japanese labor. Signs will be erected at the highway leading into Gooding directing people to the labor office.

World's largest exporters of pelop seeds are the Canary Islands.

Gooding Seniors Stage Reception

GOODING, Sept. 18.—Gooding high school's annual senior reception, during which the seniors entertained the other students, was held in the junior high gymnasium. The address of welcome was by the senior vice president, Miss Ella Stone, and the response by the freshman president, Miss Katherine King. Dancing was the entertainment.

Refreshments were dispensed with and the money turned into defense stamps. The defense stamp books were given away.

Senior class sponsors are Mrs. Elizabeth Miller and Leigh Johnson, Supt. M. W. Tate, Principal.

Snickett, Clements, and other members of the faculty attended. Refreshments were initiated. Committees in charge of arrangements included: Music, Nadine Tracy, Betty Barrett and Harvey Prince; advertising, Helen Lubrecht and Gail Perry; entertainment, Betty Gooding, Margaret Jenkins and Henry Gamboa; initiation, Ella Stone, Byron Nelson and Bruce Zubank.
