U. S. Destroyer, Small Transport Lost Two Ships Sunk In Solomons; Life Loss Set at 272

WASHINGTON, Sept. 24 (U.P.)—The navy today announced the loss of the destroyer Jarvis and the auxiliary transport Little in the Solomons area. Loss of life was believed to approximate 272 men.

The 1,500-ton Jarvis was damaged by enemy air attacks off Guadalcanal and was presumed to have gone down at sea, the navy said.

No trace of the ship or her personnel has been found. Her normal complement was 172.

The 1,000-ton Little, a World war type destroyer, which was converted to be a fast transport for marines, could carry a crew of approximately 100 and about 100 troops. Approximately 100 of the personnel of the lives were saved.

Intensive Search
The Jarvis was last seen from Tulagi, in the Solomons, on a south-bound repair boat. An intensive search by ships and aircraft has failed to locate her and it is assumed she was sunk by enemy submarines or aircraft, the navy said.

The Little was last seen on Sept. 13, the 1,000-ton destroyer. The 1,000-ton transport Colhoun had been lost in that area.

Earlier, Admiral Ernest J. King, commander in chief of the U. S. Pacific fleet, announced that the cruiser and destroyer were damaged and that the Little was believed to have been sunk by an enemy submarine.

The Japanese have had at least 24 ships sunk or damaged in the Solomons area since operations began there early in August.

The Jarvis was commanded by Lt. Comdr. William Walter Gorman, Jr., Phoenix, Ariz., and the Little by Lt. Comdr. Ous D. Leibel, of U. S. Coast Guard, Santa Cruz, Calif.

FLASHES OF LIFE

By Associated Press

TRAVELER LICENSE

PORTLAND, Ore., Sept. 24—Nancy LaTourrette, driver's license in Seattle, Ore., a year ago.

Yesterday it came home in an envelope postmarked "somewhere in Australia." Sgt. J. E. Fale, secretary of Portland, where he had found it while trudging through Australian bush country.

Mrs. LaTourrette doesn't know how it got to Australia.

She said to have it back, only—the license expired in 1941.

HER DONATION

EVANSTON, Ill., Sept. 24—The 100 loving cups Mrs. Helen Snodgrass has in her home were rewards for winning tennis matches over the course of 18 years.

She is going to get rid of them—her contribution to the defense scrap drive.

Included in the trophies is the first one Mrs. Snodgrass won when she was 10 years old.

For winning the girls' national singles title in Philadelphia in 1922.

ROUGH REQUEST

CHICAGO, Sept. 24—James A. Boyle, 47, went shopping for his son, a gunner on a dive bomber in the Solomons islands.

He carried a letter from his 20-year-old boy who asked him—not for food, chocolate cake or cigarettes. "He told me to buy him a 10-inch hunting knife," Boyle said.

Boyle added the letter didn't specify for what purpose the knife was to be used, but he had a good idea.

VICHY ADMITS FALL

VICHY, Sept. 24 (U.P.)—British occupation of Tannanaria, capital of Madagascar, was announced officially today by the French government which said Governor General Armand Anet had reported with regret that stubborn resistance by his troops had failed to halt the British advance.

PROTEST

LOS ANGELES, Sept. 24 (U.P.)—The United States hydrographic office received a protest communique from an American doughboy on a lonely south Pacific island.

The doughboy, one of the 200 bottles sent out by the office and tossed from an Australian boat, pleaded to obtain data on ocean currents.

The soldier made his report and then described: "The next time you float a bottle my way, I would much prefer something else in it."

19 Missing in Triple Train Crash, Blaze

DICKERSON, Md., Sept. 24 (U.P.)—At least 19 persons were missing and it was feared many of them had been burned to death when two Baltimore and Ohio passenger trains and a freight crashed here today.

Of those missing and unaccounted for, 18 were passengers in the passenger train No. 18, the D. & O.'s night express from Cleveland.

The 19th was a mechanic about the Diesel locomotive of the Amtrak, which was derailed near the crash site.

FARM SENATORS REJECT PROGRAM FOR COMPROMISE

WASHINGTON, Sept. 24 (U.P.)—Three members of the senate farm bloc abruptly left a meeting with administration leaders today and Senator Thomas, D., Okla., announced he and others of like views would not compromise a proposal to increase the level of farm parity prices in the anti-inflation bill.

"I am not in any position to accept any compromise," Thomas told reporters as he walked out of the conference room.

He said administration leaders were drafting a compromise proposal which would direct President Roosevelt to take into account the cost of all farm labor in fixing prices on agricultural products.

Thomas, with Senator Hatch, D., N.M., has presented an amendment which would include farm labor costs in the computation of parity. President Roosevelt has expressed "unfavorable" opinion to such a move, and his lieutenants in congress have sought to split farm bloc support of the amendment with a compromise.

Thomas, Hatch and Republican Leader McNary, of Oregon, left the meeting together.

Will Force Proposal
The issue action in passing the anti-inflation bill yesterday with an amendment identical to that proposed by Thomas and Hatch in the senate was credited with stiffening the determination of farm bloc members in the latter body to force the same proposal into the bill there now.

Thomas told reporters he did not believe the President would veto the measure if the parity change were made.

But the farmers are knocked out of this change in parity and industrial wages and profits continue to go up.

(Continued on Page 16, Column 2)

SOCIAL SECURITY FREEZE VOTED

WASHINGTON, Sept. 24 (U.P.)—The senate finance committee virtually completed consideration of the new revenue bill today by voting to freeze social security taxes at their present level for another year and rejecting a motion to tax the "excess profits" of individuals.

The committee also enlarged the list of a joint committee to the committee to investigate the desirability of compulsory savings by instituting a "pay as you go" income tax collection system.

Peter G. O'Connor, D., Cal., said he considered the bill closed to further amendments until it reaches the floor.

He said the bill had been brought in an attempt to eliminate the possibility of committee action on a federal income tax increase.

Final consideration of the revised bill is expected a week from tomorrow, George said.

George said legislative draftsmen would not be through with it until then.

In motion of Senator Vandenberg, the committee voted 12 to 4 to write into an amendment freezing security taxes during 1943 at their present levels of one cent on employers and one cent per cent on employees.

Saving Scrap Iron for Four Fighting Sons

Scrap iron pickings are getting slim on the J. T. Harshbarger farm southwest of Filer, which has already contributed several tons to the Twin Falls county collection. Mrs. Harshbarger, who has four sons in service, here is shown inspecting her husband's farm repair shop, choosing the pieces which will be used for "food for freedom," and those which will feed the steel furnaces to make ships, tanks, armor plate and guns. (Staff Photo-Engraving)

4 Sons in Service, This Mother Feels Scrap Iron Aids Her Tank-Driving Boy

George in the driver's seat of an army medium tank which appeared in a recent issue of the Fictorial Review.

Pictures of the other sons appear on a table in the living room of the home southwest of Filer, the far wall of which bears a red, white and blue service flag with four stars.

Albert, 27, is oldest of the sons in service. He is an aviation instructor in the navy. He is an aviation instructor in the navy.

Next is Elmer, 25, a pilot in the ferry service of the army, stationed at Great Falls, Mont. He was married Sept. 10. Arthur, 22, is also a ferry enlistment at Camp Chaffin, and is an instructor in instruments. He was married to June and last is George, the "baby" of those in service, who has risen to staff sergeant since his enlistment only last May.

Mrs. Harshbarger's pride in her military sons is equalled only by her determination to do all in her power to help them in the job they have to do. And with sons in three important branches of the armed forces, she has a better than ordinary appreciation of how each bit of home war effort helps them all.

"I think first of George behind his armor plate when I think of scrap iron," she said today. "The tanks need the armorplate, and the infantry needs the tanks. And they all need scrap iron. I hope everyone will realize how important it is that these fighting men have the equipment they need to get the job done that there is to do."

GERMANS CLAIM WARSHIPS SUNK

BERLIN (From German Broadcast), Sept. 24 (U.P.)—Nazi submarines have sunk three destroyers, an auxiliary cruiser and five transports in an attack on an allied convoy in the Atlantic, German radio reported today.

Neither the reported attack on the convoy nor the German claims of losses were confirmed by any other source.

Previous German claims of allied ship sinkings on the Atlantic were "grossly exaggerated by the British."

The announcement said the convoy, described as British, was bound for Soviet Russia to British and American ports and "consisted of a large number of merchant vessels and transport vessels."

The Germans also reported their submarines had sunk 12 allied merchant ships totaling 73,000 tons and a corvette in attacks on allied supply lines in the Atlantic, off the American coast and in the Caribbean.

Defenses of Volga Throw Back Enemy

By ROGER D. GREENE
Associated Press War Editor

Bolstered by shell-fire from Volga river gunboats, Marshal Semeon Timoshenko's red armies were reported to have driven the Germans from a series of fortified positions in Stalingrad today, rolled up a four-day toll of more than 13,000 nazis killed, and struck a sharp counter-blow northwest of the Volga metropolis.

Adolf Hitler's field headquarters again stressed the fury of the battle, declaring in a terse, noncommittal bulletin.

"Street fighting in Stalingrad is continuing with undiminished bitterness."

Significantly, the nazi communique made no claim of fresh gains in the bloody house-to-house fighting, despite the reported arrival of strong Soviet counter-attacks.

The nazi command further noted "strong Soviet counter-attacks" north of the city which 24 red army tanks were reported destroyed.

Soviet headquarters, reporting perhaps the largest successes of the entire 21-day-old siege, indicated that the Germans had failed to achieve a single new breach into Russian lines within the embattled city.

Other Nazi Reverses
German reverses also were reported on four other sectors of the far-flung front: At Belyavsk, south of Leningrad; at Voronezh, 300 miles north of Moscow; at Novgorod, on the Black Sea coast, and the Minsk sector of the central Caucasus.

A Wicks (French) radio broadcast said the Germans, in a dramatic rearguard action, had recaptured a number of streets in the northwest suburbs of Stalingrad.

The broadcast, quoting Berlin dispatches, said the Russians had launched a drive to "inflict considerable losses" in that sector.

At the Volga gunboats laid down a flaming barrage on German armor troops within the battered city, supporting red army artillery, machine-guns, and riflemen in mowing down the invaders by the thousands.

Unprecedented Savagery
Despatches to Red Star said the battle was now raging with unprecedented savagery, with the Russians clinging to their defenses in barricaded streets and smoking ruins.

German warplanes were pounding the city and Volga river traffic in continuous raids. British troops occupied their landing on the west coast in a camp from which the 1,000-mile-long island as an air base.

ROAD TO ALASKA READY BY DEC. 1

By RUEL S. MOORE
WASHINGTON, Sept. 24 (UP)—The Canadian-Alaskan military highway, a vital link in Alaskan defenses and a supply line for the series of air bases across Canada, will be ready by about Dec. 1, several months ahead of schedule, Secretary of War Henry L. Stimson announced today.

U. S. army engineers, who have been building the road since March, are planning to have traffic moving over its 1,000 miles by Dec. 1 and continue until April 1, 1943, when spring thaws probably will make it unusable for heavy traffic for two months.

Engineers originally planned a rough "pioneer" road to be completed in a year. It has turned out to be a well-grained truck highway for practically its entire length, many long stretches of which afford two-way traffic.

Starts Near Edmonton
The highway begins at Dawson Creek, B. C., north of Edmonton, and extends northwest to Whitehorse, Yukon, and then westward to Fairbanks.

Known as the "Alcan highway," it will connect with the railway and highway systems of the United States at Dawson Creek, and provide direct inland connections with Alaska. It also will serve to carry supplies to several important military airfields which heretofore have had to depend on the air for supplies.

Construction of the road as a military project, by agreement between the United States and Canada, was carried out by U. S. army engineers under the direction of Maj. Gen. Eugene Reibold, chief of engineers.

Praises Engineers
Stimson voiced high praise for the engineer troops, and pointed out that they braved such difficulties as 35 degrees below zero weather when tent camps could not be driven into the ground and 60 degrees heat when they had to work with gloves and nets to keep off mosquitoes and other insects.

The new northwest service command, announced Sept. 10 to take charge of army highway and railway building activities in western Canada and Alaska, with headquarters at Whitehorse, will administer highway affairs.

The army is planning to use and maintain the road throughout the winter months when it will be frozen. Plans call for construction of rest camps for personnel of truck convoys, barracks for engineer maintenance troops, and weather observation and telephone facilities.

Succeeds Togo

Masayuki Tani, 33-year-old career diplomat, is Japan's new foreign minister, appointed by Premier Togo to fill the post vacated by Shigenori Togo.

RING FIGHT PLAN SHOCKS STIMSON

WASHINGTON, Sept. 24 (UP)—Secretary of War Stimson said today he was "shocked" over arrangements for the Joe Louis-Billy Conn championship prize fight and had started a personal investigation.

"I didn't know the details until this morning," Stimson told his press conference. "I've been shocked at the situation."

"I am making a personal investigation which I hope to complete within 48 hours."

The war secretary's announcement was prompted by a question whether he would comment on the proposed Oct. 12 fight at the Yankee Stadium in New York between Sgt. Louis, the heavyweight champion, and Pvt. Conn. He declined to state what details "shocked" him.

When original sanction for the

BRITISH RESUME OFFENSIVE RAIDS

LONDON, Sept. 24 (UP)—Britain's heavy bombing planes, resuming their offensive after a spell of bad weather, raided northern and northwestern Germany during the night and rained many tons of bombs on the important submarine yards at Flensburg, near the Danish border.

Announcement by the air ministry that 10 bombers were missing indicated a raiding force of some 200 planes.

Coastal command planes attacked a German convoy off the Netherlands coast and hit three medium sized ships, the air ministry said.

Germany, admitting what it called nuisance raids by British bombers, confessed damage to buildings and "residential quarters."

Two German bombers dropped bombs on east coast towns of England and caused damage and casualties at one town with incendiary bombs.

A third German plane, the only other one reported, was shot down before it reached the coast.

This was the first enemy activity over Britain in three nights.

Vichy reported that an unidentified plane flew over the city at 11 p. m. and released the most furious anti-aircraft fire since the armistice.

fight was given on Sept. 8, the war department announcement said that the entire net proceeds would be turned over to the army emergency relief fund. The announcement said further that neither fighter nor any "private interest" would receive any return.

On Sept. 18, however, a change in this setup was announced by the committee of New York sports writers, named to handle the fight arrangements. Under the terms of this new setup, which the committee said had been approved by the war department, it was agreed that Louis would receive \$100,000 to pay off obligations. Conn was to receive \$24,000 for the same purpose.

Many of the aborigines of Australia wear no clothes, even during the cold season.

LOCAL YEARNING RAMS BRING \$66

CASPER, Wyo., Sept. 24 (AP)—A top range ram price of \$60 a head was paid by Lynn Turner, Casper, yesterday for five yearling ram boulevards offered by A. E. Holmquist and Sons, Twin Falls, Idaho, at the 14th annual Wyoming ram sale.

A top of \$30 for purebred stud rams was bid earlier by this Beston stock farm, Sheridan, Wyo., for a ram brought \$40 a head by W. S. Hanson, Co., Idaho.

Another range ram sold by the Holmquist brought \$40 a head and John Beston, Casper, paid \$60 a head for 10 rams offered by the John K. Moden Rambouillet farm of Mt. Pleasant, Utah. The Cunningham Sheep company, Pendleton, Ore., also paid \$60 a head for a pen of 10.

The sale will close today with breeders expected to gross about \$100,000 for approximately 2,500 animals. Although higher than last year, prices did not reach levels some breeders had expected.

CASTLEFORD

Jack Peterson arrived to spend his vacation with his parents, Mr. and Mrs. Fred Peterson. He is an instructor in the army air corps at Lincoln, Neb. Jack attended Castleford high school and Polytechnic college, Oakland, Calif., before joining the service.

Miss Fern Nielsen, Mahad, has returned to her home after visiting her sister, Mrs. John Duvvay, for the past few days.

Bob Kinyon and his sister, Miss Augusta Kinyon, left Saturday for Los Angeles after spending a short vacation at the home of their mother, Mrs. Grace Kinyon.

Miss Meredith Herrick, Kimberly, spent the week-end with Ruth De Louie Stanley.

Mrs. Frank Dolans substituted at school for Earl Hudson Friday. Bill Kinyon, Bob Kinyon, Denver Kinyon and Guy Kinyon were antelope hunting in Owyhee county and were successful.

BOSTON RAID ALARM
BOSTON, Sept. 24 (AP)—The Boston area had a 22-minute air raid alarm last night when the eastern defense command reported two unidentified planes had been sighted off Cape Cod. The all-clear signal was flashed after a quick check disclosed both craft were friendly.

New Air Chief

Mal-Gen. G. C. Kenney, above, is the new allied air force commander in the southwest Pacific, replacing Lieut-Gen. George H. Brett.

Negro Baritone Says Films Hurt Dignity of Race

SAN FRANCISCO, Sept. 24 (AP)—Paul Robeson, the Negro baritone who quit the films in England because the scenes "always were in Africa with a lot of guns with spears running around," has declared today he likewise was through with Hollywood for portraying the Negro as a "plantation half-breed."

"I'll never make another picture in a major studio," Robeson said in an interview. "Hollywood can't see the Negro in any other role than a Sirip's Pelted clown sort of character. The Negro people don't like this and I'm not going to play any such things."

Robeson said he was particularly rejected over his recent appearance in a sharecropper sequence in the movie "Three of Manilla."

BUTTER PRODUCTION DOWN
BOISE, Sept. 24 (AP)—A seasonal decline brought creamery butter production down five per cent during the week ending Sept. 17, the agricultural economics bureau had reported today. Output was two per cent below the same week of 1941.

Silurus appears twice as bright to us as any other star.

MRS. VARIN PTA HEAD AT GOODING

GOODING, Sept. 24—Officers of the Gooding Parent-Teacher association have been installed. They include Mrs. Frank Varin, president; Mrs. Harold Steele, vice-president; Miss Ida Pruden, treasurer; and Miss Dorothy Dean, secretary.

Mrs. J. E. Farmer, retiring president, acted as installing officer.

A vocal selection, accompanied at the piano by Lyle Lettette, music instructor, Mrs. K. T. Butler gave a humorous reading.

Sixty parents and teachers enjoyed the "mixer" games which followed.

Besides the hot lunch program the P. T. A. is sponsoring a milk program whereby all students in the first four grades will have a half pint of milk during the school day.

The "penny milk program" will be carried on through the cooperation of the agricultural marketing administration which will pay the cost of production. The school child will pay one cent per day and the P. T. A. will pay any remainder.

ROGERSON

Mr. and Mrs. Vic Redman, Albion were overnight guests of Mr. and Mrs. W. B. Cox.

Mrs. Nellie Colton and son, James, spent a few days in Pocatello last week. James remained there to attend college.

Mr. and Mrs. F. E. McCowell have returned from McCall where they had been visiting at the Ed Ward home. They also attended a family reunion of Mr. McCowell's brothers and sister at Boise.

Mr. and Mrs. Everett Orsiga and baby son of Fresno are guests of Mr. and Mrs. W. D. Cox.

Mr. and Mrs. F. E. McCowell visited their son and family at Gooding.

Mrs. Anna West is spending a few weeks at in Twin Falls at the home of her daughter, Mrs. Clarence Wirsching.

Man Returns to Panama Jungles To Assist Army

Cecil S. Eason, who has been visiting for six weeks with his parents, Mr. and Mrs. A. A. Eason, 221 Jefferson avenue, left today for the jungles in Panama, where he operates heavy equipment for the U. S. army engineers. There, while building roads, he again will brave fever-filled swamps, box constrictors and many wild animals while aiding Uncle Sam in the defense program.

His wife and two children will remain here for an indefinite visit.

Eason declined to give a detailed account of the work to which he will return, saying that it is a "defense secret." Before returning here for a visit, he had been employed by the government in Central America for four years.

Busy Draft Office Adds Another Room

The Twin Falls county selective service board No. 1 headquarters in the Orpheum theater building has expanded. An additional room has been taken to be used by Capt. J. H. Sawyer, the clerk of the board.

The board's office now includes interview, a waiting room and file room in addition to the new chamber for interviews.

"We were believed more strenuous than water and wine were believed first bath in babies in ancient Sparta."

KIDNEYS MUST REMOVE EXCESS ACIDS

SINGER WEDS

MIAMI, Fla. Sept. 24 (AP)—Conrad Thibault, 28, radio and concert singer, and Miss Mary Clare West, 27, daughter of Capt. William A. West, Havana, were married yesterday by County Judge W. F. Blanton.

Tennessee is the Volunteer State

R E TO IT"

A high-contrast, black and white photograph of a large, dark, textured surface, possibly a rock face or a large building. The surface is covered in a dense, irregular pattern of light and dark spots, giving it a grainy, almost abstract appearance. In the lower-left corner, there is a small, light-colored, rectangular object that stands out from the dark background. The overall composition is vertical, with the dark surface occupying most of the frame.

has appealed to the dairy
grave emergency—shortage
liking that every patriotic
ible challenge, the Times-
campaign starting this
nile's rallying cry: "Round
everything it is going to

ing campaign: At Wright Bros., Pittsburgh, Kimberly Elevator Company, L. L. Langdon Company and also in Twin Falls, Filer Mill and other places where the L. L. Langdon Elevator stations are being operated. The company is prepared to keep hauling distances at a minimum and is prepared to pay you prevailing rates for the material you bring in. Deliver it yourself or let the chairman make the arrangements in your vicinity. But to it that the steel mill!

DO IT NOW!

DO IT NOW!

DO IT NOW!

A high-contrast, black and white illustration of a large, multi-story building, possibly a factory or warehouse, with a prominent central structure and a large, dark, irregular shape in the foreground. The style is reminiscent of a woodcut or a high-contrast photograph. The building has several windows and a complex roofline. In the foreground, there is a large, dark, irregular shape that could be a shadow or a large object. The overall composition is dramatic and somewhat abstract.

Donald M. Nelson, chairman of the war production board, has appealed to the daily newspapers of America to help save the country from a very grave emergency—shortage of scrap metal necessary to keep our steel mills operating. Realizing that every patriotic American, every business firm, should do its part in meeting this challenge, the Times-Newsman gladly goes "all out" in support of the county-wide salvage campaign starting this Friday. To its thousands of readers, it passes on our government's rallying cry: "Round up your scrap as once—for guns, tanks, planes, ships, bombs, everything it is going to take to win this war."

WHAT is needed **WHY** it's needed **WHERE** to take it

To keep all of its war production plants operating at full blast, America needs millions of tons of scrap metal immediately. Every single pound of old cast iron and steel can be used to tremendous advantage in our war against the axis powers. Old flatirons, stoves, kitchen sinks, ornamental metal furniture, tools, radiators, golf clubs, washing machines, plows, lawn mowers, tractors, gear wheels and such are the things our government is clamoring for in its determined effort to provide our soldiers, sailors and marines with the fighting equipment they must have to win this war. No amount of this scrap metal is too small or too large. Every pound means just that much more fighting power.

Even in normal times, the steel mills consume approximately 35,000,000 tons of scrap metal annually. It's a necessary and important factor in the manufacture of steel, and without it, the war production plant would be unable to produce the quantities of output. Now, because of unprecedented wartime demands, it becomes all the more imperative that we rush all the scrap metal we can find to the steel mills as quickly as possible. We owe it to our country. We owe it to ourselves. We owe it to the men in uniform who are fighting for us. We owe it to the service to provide them with all the fighting equipment it is within our power to give them. More than 50 per cent of practically all implements of war are made from scrap metal.

That's why it's needed. That's why it's our responsibility to round it up in the greatest amounts possible.

To facilitate the collection of scrap metal in Twin Falls county, six receiving depots will be operated during the forthcoming campaign: At Wright Bros Service Station in Murtaugh, Kimberly Elevator Company in Kimberly, the L. L. Langdon Company and the Idaho Junk House in Twin Falls, Filer Mill and Elevator Company at Filer, and the L. L. Langdon Company at Buhl. These stations are being operated for your convenience, to keep hauling distances at a minimum, and all are prepared to pay you prevailing prices for all the metal you bring in. Deliver it your self if possible. Otherwise notify the chairman in charge of the drive, and he will arrange for its removal. But whatever you do, see to it that all the available scrap you have gets on its way to the steel mills!

LET'S GET IT IN-ALL OF IT-RIGHT NOW!

Times News

TWIN FALLS

OFFICIALS ARGUE IDAHO SHIP RELIC

BOISE, Sept. 24 (AP)—The bronze figurehead of the old battleship Idaho arrived in another stormy port today, while state capitol officials argued whether it had more value as a relic or as a contribution to the nation's scrap collection drive.

The figurehead has been resting in the basement of the statehouse here for several years and was uncovered by members of the state's janitor force, who lugged the ponderous figurehead from the basement and left it on the steps of a congressional building.

The building custodian said he thought the relic should go to the state's scrap drive. "Lots of good metal in that thing," he said. "I took four good men to pack it out of the basement. I wouldn't be at all surprised if it weighed well over 500 pounds."

When the secretary of the state historical society found out about the removal of the figurehead she took steps to delay the execution.

The governor was out of town, as was the president of the historical society, so she was unable to obtain an official order for the relic.

Finally, the custodian agreed to let the big bronze figure stand to one side while a decision of some sort was reached.

A trustee of the state historical society said no member of the group had been advised that the prow was to be donated. "It seems to me they should ask us about a thing like that," he said.

Civil War Sword Aids Scrap

Relic of another war, a sword fully 80 years old and perhaps much older was donated today to the Twin Falls county scrap metal campaign. Clarence Allen, jeweler (at left), contributed the sword, receiving the sword on behalf of the Boy Scouts, who are making the scrap collections in urban areas. It is Bob Bailey, 14, troop 64. At right, A. W. Morgan, county scrap chairman. The sword was given to Mr. Allen by a friend whose uncle fought in the Civil War. (Staff Photo-Engraving)

Air Wardens Get Praise for Work On Scrap Survey

"If anyone in Twin Falls county will be as conscientious in his support as the air raid wardens, the scrap metal campaign should be an outstanding success."

With these words, Leonard P. Axtell, chief air raid warden for the county, praised all the district wardens who have been making a house-to-house survey of every farm home in the county to determine the amount of old cast iron and steel that will be available for collection.

"Many of these wardens are farmers," said Axtell. "At this season of the year finds them unusually busy. Nevertheless, they have appreciated the seriousness of this campaign and have carried out the scrap metal survey in whatever spare time they could find in many instances late in the evening after completing their chores."

"They really have done a fine job and deserve a lot of credit."

Heyburn Students Gathering Scrap

HEYBURN, Sept. 24 (AP)—The members of the Future Farmers of America in the Heyburn high school today were gathering scrap metal, which they had spotted in surveys of farms in each member's district. Preparations are in full swing for the G. A. A. harvest ball Friday evening.

The opera, "Tune In," has been cast. Students getting parts are: Nils Sorenson, Margaret Wilcox, Elaine Moon, Garth Cheney, Ross Corley, Naomi Christensen, Nona Morrison, Sylvia Morrison, Paul Rice and Junior Rodgers.

Plans are underway for a senior assembly to be held tomorrow. The theme will be a radio one.

HANSEN

Mrs. Alice Ross, Glenwood Springs, Colo., who has spent two weeks with her son-in-law and daughter, Mr. and Mrs. Will Ray, has left for Kelso, Wash., where she will help celebrate the 85th birthday of her mother, Mrs. Rose Houtt. Mrs. Ross will return to her daughter's home before leaving for Colorado.

Mr. and Mrs. Frank Wright and son, Duane, have returned from a two-week trip to Oakland, Calif., and vicinity.

Chuck Elsenhauer, who has been employed on the W. G. Sampson farm for several years, has departed for a defense job at Hawthorne, Nev. Mrs. Elsenhauer and son, Jerry, will make their home in Twin Falls.

Three brothers, Richard, Marion, and Henry Mothershead, with their families, have arrived from Oakland, Calif., for a visit with relatives. The visitors will also spend time with the men's parents, Mr. and Mrs. Ole Mothershead, former Hansen residents, who are now living at Wendell.

Miss Ora Madden was hostess to the Rock Creek North White club. Miss Doris Tillie was a guest. Names of secret pals were disclosed, a number of gifts extended and new names drawn for the next year. The club will send a barrel of fruit to the Children's home. Mrs. Cloe Weech conducted the guessing games in which Mrs. Earl Shobe and Mrs. Mrs. C. Crockett received prizes. The next meeting will be at the home of Mrs. Ray McGinnis, Kimberly.

Bridgeletes met at the home of Mrs. Rhoda Scott for their social afternoon with two tables at play. High score prizes went to Mrs. Gary Crockett, Miss Althea Shobe and Mrs. Peter Newman.

Mrs. Virgil Wilson underwent a major operation at the Twin Falls county hospital Monday. Her condition is reported to be satisfactory.

Mr. and Mrs. Bert Rowley, recently married, have departed for Fort Hall, Idaho, where Rowley will aid his father-in-law, Warren Farnsworth, in harvesting of his potato crop. Mrs. Rowley is the former Miss Thelma Farnsworth. Their first son, the son of Mr. and Mrs. Ted Rowley.

Miss Dorothy Durfee, Madison, Wis., has arrived for a week's visit with Mrs. Carrie Crockett before entering the Utah Agricultural college at Logan for which she will leave Friday. Accompanying Miss Durfee to Logan will be Mrs. Ted Crockett, who will visit her parents there. Mrs. Crockett recently returned from Seattle where she accompanied her husband, Ensign Ted Crockett, who then went on to Kodiak, Alaska.

WAR CROPS LIST SET FOR COUNTY

Don Albin, secretary of the county AAA committee, announced today that flaxseed, dry beans, dry peas, cover crop seed, sugar beets and possibly others to be added later are adaptable to Twin Falls county as war crops.

These crops may be planted for harvest in 1943 on wheat land without decreasing wheat-growing history for future AAA acreage allotments, Albin said.

In order to receive full agricultural conservation payments, however, 90 per cent of the individual farm's wheat acreage allotment must be planted to wheat or war crops, according to Albin.

Price support programs will be developed wherever necessary to support prices of war crops and, in the case of feed grains, through support prices on livestock and livestock products.

Refresher Courses

JEHOSE, Sept. 24—Advanced and refresher courses in typing and shorthand will be given graduate students and adults at the high school building. It was announced today. Interested persons who are free to come during the day may use vacant machines in the typing room. Persons who cannot come during the day may arrange with Mrs. Nunnally for evening classes, but they will be charged a small tuition fee.

NEW ALBION NURSE

ALBION, Sept. 24—Albion Normal has opened for the fall term with 135 students registering the first day. Mrs. Evelyn E. Peterson, Twin Falls, has succeeded Helen Whitall, Twin Falls, as school nurse.

26 Idaho Convicts Released To Army Make Good Records

BOISE, Sept. 24 (AP)—Uncle Sam's fighting forces got a bargain in the 26 former Idaho convicts now under arms. Parole Officer Walter Rhoder believes.

The officer had reported today that reports reaching his office show all the ex-convicts are making good records.

"The boys appear to be keeping their word," Rhoder said. "Most of them told us in their application for conditional pardons that they intend to come home good citizens or die."

Eight convicts have been released to military service directly from the prison since Fort Harbo, and 18 others from a parole status. A total of 90 convicts petitioned for freedom to enlist within a few days after the outbreak of war.

One parolee, temporarily crippled when he left the penitentiary, is now a parachute trooper at Fort Benning, Ga., Rhoder said. Another convict is serving with a Polish regiment in Canada.

He explained convicts may be pardoned conditionally to enter the army, but in such cases the army must accept the man before he is given the pardon papers. A few others may be released soon, he said.

Walthers League's Delegate Returns

Miss Flora Dierker, chief deputy county assessor, has returned from Chicago where as junior counselor of the local branch of the Walthers league she attended the dedication of the league's international office building. She was accompanied from Idaho by Albert Naher, Payette, and W. P. Mueller, Boise.

Miss Dierker reported that more than 3,000 Walthers league officers from 40 districts in the United States attended the dedication. This was the first time in history of the league that all districts were represented at an international meeting of the order.

A telegram from President Roosevelt congratulated the league as being the first youth organization to erect an international building. He said such organizations were necessary to build up the youth morale in the nation.

Horses Injured, Truck Damaged In Freak Mishap

JEHOSE, Sept. 24—High pressure damage and injuries to a team of horses belonging to Gilbert Perkins, Jerome county farmer, resulted from a freak accident which occurred one and one-half miles west of the city on Highway 25.

The machine involved was a truck operated by Robert P. Merritt, Wendell, who reported to police that he struck the rear of the hay rack being pulled by the team and wagon. Merritt was apparently blinded by the sun.

Approximately \$200 damage resulted to the truck from front end. The hay rack was smashed to bits as it was hurled on top of the bolting team of horses. State police said that the team suffered cuts and abrasions. No serious personal injuries resulted.

Do FALSE TEETH Rock, Slide or Slip?

PASTERTH, an improved powder to be applied on upper and lower plates, holds false teeth more firmly in place. It is a slip of rock, in a package, pasty taste or feeling. PASTERTH, (not tooth-paste), is not sour. Check it (plate holder, denture base). Get PASTERTH at any drug store.

Kimberly Plans Wartime Aid at Annual Festival

KIMBERLY, Sept. 24—Kimberly's annual harvest festival will announce a wartime celebration this year with its branch of the Idaho volunteer reserves making their first appearance, a public auction being held to sell war bonds, and people bringing in their scrap iron for a big jewelry rally.

The combined activities, sponsored jointly by the Lions Club and American Legion, are scheduled for Saturday, starting at p. m. The Kimberly high school band will provide the music for all occasions.

As part of the countywide scrap metal campaign, all who plan to attend the festivities are urged to bring their exposable surplus.

BOTTOLFSSEN BACK HOME
BOISE, Sept. 24 (AP)—C. A. Bottolfsen, Republican nominee for governor, has returned to his home in Arco for a brief rest after a campaign trip through eastern Idaho.

Idaho, state Republican headquarters had announced today. He will address a fair assemblage at Salmon Friday, State Chairman Rell Atkinson said.

BASIC STRATEGY SPLIT REPORTED

By DE WITT MACKENZIE
Wide World War Analyst
The quarrel between Hitler and the commander-in-chief of his now-or-never offensive against the Caucasus, Field Marshal Paul von Bock, may prove literally to be the deciding battle of the war.
The basic strategy of the vital Caucasian campaign is said to be involved in this historic argument, which is reported to have resulted in von Bock being relieved of his command. The point at issue is described as this:
Von Bock, who ranks as one of the outstanding generals of our time, wanted to concentrate on the Caucasus and not attack Stalingrad at the same time. He maintained that an assault against that great industrial city on the Volga would be too costly in casualties. But that von Bock ever gave a damn about the lives of his men for their own sakes, but because he badly needed this fresh young man-power for his main show.

Insisted on Siege
It seems that the man highest, who boasts that he works by intuition, insisted on the siege of Stalingrad.
Now for purposes of careful analysis we must make allowance for the possibility that the report of a Hitler-von Bock feud isn't true. But the fact remains that the siege of Stalingrad has thrown the calculations of the entire Nazi campaign into confusion. Obviously this was undertaken at Hitler's order, since he is the master gangster and makes all important decisions. At the same time it's easy to believe that a soldier of von Bock's caliber would oppose such a risky experiment.
Looking at the position today, as the Russians still continue to throw the invaders from the front, Stalingrad's proud name-sake city, I think we have to say that the intuition of Hitler's intuition has failed him at the crucial moment.

Von Bock's Plan
It's not difficult to see the workings of the two minds. Von Bock, every inch the expert soldier, had his idea of his polished boots to the crown of his Prussian helmet, saw only that the outcome of the war was likely dependent on Germany's ability to break into the oil-bearing Caucasus and the strategic middle east this year.
Hitler saw the political value of the capture of the city which is the eye of the Communist leadership. Stalingrad stands as a symbol of Russian strength, and the Nazi wanted to crack it for a moral effect at home and abroad.
Most of all he wanted to influence Japan to attack Russia from the rear. The capture of Stalingrad might turn the trick. So one of the greatest commanders of all time took another long chance.
We need to see the outcome of the next month of fighting, but the indications now are that the military history will say he threw away his chances of winning the war when he forced von Bock to embark on what probably has been the costliest siege ever undertaken.

GOODING

Miss Billie Lou Van Riper and Miss Jean Massey left for Moscow. Miss Van Riper will be a junior this year at the University of Idaho and Miss Massey will enter her first year there. They were accompanied by their fathers, L. H. Van Riper and Mrs. J. H. Massey.
Miss Jeanne Varin visited in Gooding with friends and relatives. She is working in the office of the president of the Albion normal at Albion.
Bob Smith visited briefly with his parents, Mr. and Mrs. C. C. Smith, last week. Bob is an instructor with the Boise flying service. He flew to Gooding with a student flyer.
Judge D. H. Hultgren returned to Gooding this week from Pocatello, where he had gone to hold court.
Mrs. Rosalie Requist left Gooding for Fort Carson where she will take up her military training. Miss Requist is now a second lieutenant in the United States army corps. She is subject to be called overseas.
Alex Wadsworth, master of Lincoln lodge, No. 65, A. F. & A. M., and Wayne Hultgren, senior warden, attended the Idaho grand lodge sessions at Payette.
Eugene Gibson, principal of the Lincoln grade school, was called to Soda Springs by the death of his mother.
Virgil Willis, Rochester, Minn., is visiting at the home of his uncle, E. J. Willis.
Mrs. Peter Wenstrom has returned from Chicago where she visited for two months at the home of her daughter, Mrs. Frank Coulter.
Mr. and Mrs. Ray Alban have received word that the ship their son, Bob, is stationed on is now on the Atlantic coast. Until recently he has been on the Pacific. Bob is a fireman, third class.
E. E. Sever is in a Soda Springs hospital for medical treatment. He will be there for at least a month.
Miss Yvonne Arkovich has arrived at St. Mary's college, Notre Dame, Ind., where she will enter her senior year.
Miss Margaret Waite, accompanied by her mother, Mrs. John Waite, left for Pocatello where she will go to school. Mrs. Waite will go on to Preston to visit with another daughter, Maxine. From there she will continue to Clifton to visit her father, R. C. Van Leuven.
Marguerite Rebeck lodge met last week. Plans were made for an old fashioned pie social to be held in conjunction with the Old Fellows proceeds from the social will go to buy stamps and bonds.
Rebeck club met at the home of Mrs. May Gardner.

Some RAP night fighter planes are now covered with coats of a ferocious black paint which tends to reduce their visibility in the face of flares or anti-aircraft searchlights.

Legion Leader

Col. Ross Waring of Memphis, Tenn., was elected national commander of the American Legion in Kansas City Monday.

Last Ounce of Effort Asked In Scrap Plan

Pleading for the last ounce of effort from every citizen in the scrap drive, Supt. A. W. Morgan, Twin Falls county chairman, told the Lions club members yesterday that Idaho is exceeding its quota in an national competition.
Speaking at the regular meeting of the Twin Falls Lions club at the Park hotel, Morgan pointed out that the nation this year will produce 20 million tons of steel, and that scrap iron is furnished for half of this output.
The national quota for July was 14.2 per cent of the 45 million tons to be collected in a six-month period. Morgan said, "During that month Idaho collected 19 per cent of its quota for the last six months of the year, which is 14,000 tons." The Twin Falls school superintendent answered critics of scrap from collection administration with a defense of the plan of channeling scrap through the nation's junk yards.
"There are 22 different grades of scrap iron," he said, "and expert knowledge is needed for proper separation and grading. There are 22 controls over prices the nation's 65,000 junk dealers may pay for scrap, and what they will sell it for."
Morgan said the local scrap drive committee is inventing the country's scrap supply. Contacts in the rural area are being made by air raid wardens. Collection work is being done in the urban regions by the Boy Scouts.
The speaker expressed his appreciation of the "high degree of cooperation" the committee has received to date, but said there was "an unmet need for more trucks" to help with collections.

Boys' Club Units Pick New Staffs

The three units of the Boys' club of the Twin Falls high school each held a business meeting Tuesday morning when they elected officers. Elected president of the senior unit was Denny Anderson. Other officers of that unit are Jim Williams, vice-president; and George Cooper, secretary-treasurer. Musical numbers were played during the meeting. Howard Runk played the marimba; Bill Merritt, Bob Coddard and Leland Townsend all played piano solos. Townsend also accompanied Runk when he played his number.
John Pratt, senior sponsor, gave the boys a brief talk on the past of the club.
The juniors elected Bill Andrews president; and Renato Trasley secretary-treasurer. The junior boys under the directorship of Chumney Abbott, are taking up character building. Speeches were given by Lyle Pearson, Jack Benoit, Franklin McMillan and Red Higgins.
Dale Lincoln was elected president of the sophomore group and Bill Dwyer secretary-treasurer. John Wood and Earl Barnes, program chairman, Monroes C. Cranney talked to the boys as guest speaker.

POPULAR

NEW ORLEANS, Sept. 24 (UP)—The so-called "New Orleans dollar breakfast" was scheduled for Friday morning—with a \$1,000 war bond and meal ticket—has gotten pleasantly out of hand.

Subscriptions, the local war board committee reported, now total \$2,801,100.

One American manufacturer said 20,000,000 checker boards in a single year.

B. E. Sever is in a Soda Springs hospital for medical treatment. He will be there for at least a month.

Miss Yvonne Arkovich has arrived at St. Mary's college, Notre Dame, Ind., where she will enter her senior year.

Miss Margaret Waite, accompanied by her mother, Mrs. John Waite, left for Pocatello where she will go to school. Mrs. Waite will go on to Preston to visit with another daughter, Maxine. From there she will continue to Clifton to visit her father, R. C. Van Leuven.

Marguerite Rebeck lodge met last week. Plans were made for an old fashioned pie social to be held in conjunction with the Old Fellows proceeds from the social will go to buy stamps and bonds.

Rebeck club met at the home of Mrs. May Gardner.

Some RAP night fighter planes are now covered with coats of a ferocious black paint which tends to reduce their visibility in the face of flares or anti-aircraft searchlights.

JEWELER FAILS TO 'CRACK' SAFE

BOISE, Sept. 24 (UP)—Charles A. Braun, jeweler, was almost apologetic when he couldn't open a Boise theater safe that has been tightly closed since Sunday.

One of the safes is broken," he said sadly, "it wasn't for that I could open it for you in a minute. If you want to send it over to Wheeler I'll get it open anyhow. It'll take a little more time—I may have to drill."

He made his diagnosis after twisting the safe's dial for not more than 10 minutes last night. He was called in to doctor the ailing strongbox after all available resources in the capital city—with the exception of those in the state prison—had been exhausted.

Had anyone been interested in the proposition, there would have been plenty of bidders. Braun could not open the safe. He's been using a floundering touch on cantankerous cash boxes for years. Once he opened a post office safe in Idaho Falls in an hour after all hopes of getting inside its six-inch-thick steel walls by any means short of blasting had failed. On several occasions he has listened on the telephone while safe owners turned the dial of locked safes, then given them the proper combination that would open them. "All my life I've been doing it," he explains. "Some men play billiards. I open safes."

ALBION

Mr. and Mrs. Jack Smith left Saturday for Sheperd field, Tenn., where Mr. Smith is a drill sergeant. Mrs. Smith is on leave of absence for four months from the training school where she is secretary.

Miss Jennie Williams returned to Albion from Sheridan, Wyo., where she spent the summer visiting her mother.

Richard Averill and son, Jimmy, have returned from Portland, Ore., where they were visiting. Mr. Averill and son, Raymond, remained in Oregon to be with their mother, Mrs. O. C. Averill, who is seriously ill at this time.

The high school students and faculty enjoyed a watermelon feed and dance recently.

H. E. Weiser returned after spending a summer in Boise working at the state house.

Mr. and Mrs. J. H. Mahoney and Mrs. Deane and Larry, returned from Tondoy where they visited Mrs. Mahoney's brother, Floyd Pitzer, and his wife, and their father, Clarence Pitzer.

Mrs. William Feltman and son, Bill, returned from Camp, Wyo., where they visited friends.

Kenneth Meacham, Haymer, arrived recently to be with his mother, Mrs. J. H. Meacham, who is seriously ill at this time.

The high school students and faculty enjoyed a watermelon feed and dance recently.

"If It Isn't Right, Bring It Back"

WPB ASKS CIVILIANS TO HOLD UP MEAT CONSUMPTION

DELIVERIES SHOW 21 PER CENT CUT

WASHINGTON, Sept. 24 (AP)—The food requirements committee of the war production board today announced an average cut of 21 per cent in the total meat consumption for the last three months of this year and appealed to civilians to voluntarily hold up consumption of meat at two and one-half pounds per person per week until rationing starts.

The WPB committee, through its chairman, Secretary of Agriculture Charles R. Wickard, said limited orders on restricted civilian meat deliveries by packers would be drafted and issued by the office of the price administration within a few weeks.

Pending meat rationing, which the committee has recommended be put into effect as soon as possible, Wickard announced these two steps implementing the rationing program established earlier this month:

Other Uses

"To make certain of sufficient meat for the army, navy and lend-lease uses, the committee set up a policy of limiting total packer deliveries of meat into civilian markets and placed the limit for such deliveries during the final quarter of 1942 at 100,000,000 pounds of total packer-deliveries during the final quarter of 1941; beef and pork, 50 per cent; mutton, 55 per cent; pork, 75 per cent.

To provide for fair sharing of this meat supply, the committee asked civilians voluntarily to hold consumption at two and one-half pounds per person per week."

Wickard pointed out that, statistically, the figures for the last three months of 1942 indicate an over-all reduction of 21 per cent below the amount of beef, pork, lamb and mutton available in the last quarter of 1941. Actually, the cut may not be that great, he said, because adjustments will be made to allow for changes during the past year in the pattern of distribution of meat and the wartime food requirements of different areas.

Greater Rationing

Wickard reiterated that American farms will produce 24,000,000,000 pounds of meat this year—a greater amount of meat than ever before in history. But the demand will be greater than ever before, he said.

He revealed that during the last three weeks that government had raised its estimated annual requirements of the army, navy and lend-lease from 10,000,000,000 to 13,000,000,000 pounds. Civilians, he said, would buy more than 11,000,000,000 pounds of meat. If it were available, but there will be only 17,500,000,000 pounds available.

He did not reveal when meat rationing would be put into effect, but generally the program is not expected to be ready before the first of the year.

Chest Head Talks At Y.W.C.A. Meet

At a called meeting of the Young Women's Christian association, board members and others heard an explanatory talk yesterday on the functions of the Community Chest.

F. C. Sheneberger, chairman of the Chest board of directors, explained the functions and secured the Y.W.C.A. and other participating organizations that a board meeting would be called prior to the annual campaign for the purpose of adopting the budget.

In addition to the Y.W.C.A. board, two representatives of the business and professional community and several other interested residents of Twin Falls attended the meeting at Y.W.C.A. clubrooms.

Diplomatic Grin

John G. Winant, Jr., son of U.S. ambassador to England, undergoing army flight-training course at Goodfield field, Tex., flashes a diplomatic smile for camera-man just before taking off.

NO COMPROMISE FOR FARM BLOC

(From Page One)

I am afraid of the effect on food production," Thomas said.

The situation shaped up like this:

For Upward Parity

1. An unofficial poll showed 40 of the 90 resolutions committed to the principle of an upward parity revision, with 22 against, 19 in favor and 17 undecided.
2. Thomas declared that the pattern of similar views could not accept a compromise proposed by Senators Reed, R. Kann, and Tydings.
3. An authoritative source, declining to be quoted by name, said the administration was supporting this compromise, which would not disturb the present basis for computing parity, but would direct President Roosevelt to take into account farm labor costs in modifying price ceilings to correct "gross inequities."
4. This same source said that if the parity revision were included in any bill sent to the White House, President Roosevelt would veto it and could be expected then to take the initiative in fixing farm prices, as he threatened to do if congress did not act before Oct. 1.
5. There was a possibility that administration forces might abandon the legislation altogether, letting the President use his present wartime powers as he said he would in his recent you-do-it-or-I-will package.

Playing Baseball, Prisoner Writes

Relatives today received a letter from Joe Mendolia, Twin Falls youth who is held in the Shanghai war prisoners' camp in China by the Japanese. He was an employee of Morrison-Knudsen at Wake Island when that place was invaded by the Japs.

Mendolia lived here with his father, John Mendolia, and brother, Claude Mendolia, both of 302 Second avenue east.

His letter states that he is in the best of health, and that he plays baseball for recreation. Mendolia played in the infield on teams at Ogden, Utah, high school, and also Weber college at Ogden.

NEED FOR SCRAP METAL CRITICAL

NEW YORK, Sept. 24 (AP)—The need for metal scrap today was described as "truly critical" by steel men who said this country had stopped living on its actual "steel" and now must dig back 40 years for steel and iron junk.

The statement came as this nation's newspapers—more than 1,000 have pledged their help—assumed leadership in the drive to collect the scrap lying around American houses, farms, factories and buildings.

"Many millions of tons of iron and steel scrap must be collected if the tremendous tonnage of steel needed in the nation's war effort is to be produced," said Eugene R. Cline, president of Bethlehem Steel corporation.

Cline estimated they would need to pile up at least 17 million tons of scrap between now and Jan. 1, when war production is expected to reach its peak. Monthly consumption of scrap now is running at about four million tons, the greatest in history but still not enough.

"The recovery of scrap is so vital," said Ralph W. Johnson, a vice president of the United States Steel corporation, "that every farmer and every householder has a responsibility for the country's production of guns, tanks, ships and shells."

Johnson's scrap collection campaign urged by the government asked the newspapers for the next three weeks to stimulate their communities into an all out effort to dig up metal junk—items no longer needed.

Peter D. Grootes Called by Death

Peter Dirk Grootes, 77 operator of a dairy farm at Kimberly, died at 8:30 a. m. today at the Twin Falls county general hospital, where he had been a patient since yesterday.

Born in Holland, he came to this country in 1917 and was a naturalized citizen. He was a member of the Reformed Dutch church and a former member of the Old Fellows lodge.

Mr. Grootes had been a resident of Kimberly since 1925. He came to Idaho from Rock Valley, Ia. in 1921, settling on a farm at Hansen, and moving in 1925 to the Kimberly section.

Surviving are his wife, Mrs. Grootes; Kimberly; and three daughters, Mrs. Della Jones, Ames, Ia.; Mrs. F. Muller, Kimberly; and Mrs. Howard Johnson, Twin Falls.

Also surviving is a sister in Holland, 87 years of age. The brother and sister had been in frequent correspondence and only recently she had expressed her thanks for a bomb shelter to which she could go in the event of an attack on Holland, brother consolation to Mr. Grootes, relatives said.

Funeral services will be held next Monday at the Kimberly Methodist church, the hour of service to be announced. The body rests at the Reynolds funeral home.

Chances of accidental death from the moment of birth have been estimated at 16 to 1.

Evangelist Speaks

Rev. C. W. Lucas, Ewing, Neb., evangelist, spoke at the United Brethren church here last night on the subject, "Christ's Blood Alone Can Forgive Sin." The meetings will continue here at 8 p. m. and Sunday at 11 a. m., according to Rev. Meryl Nelson, pastor.

SUIT CLAIMS CREDITY

Accusing Damon Giffard of cruelty, Mrs. Cecily Giffard has filed divorce suit in district court here. The suit was on chitima day of 1941 at Gardnerville, Nev. The wife also charges her husband named Cecily Giffard. Her attorney is Frank L. Stephens.

RESPONSE

Representative responses to the farm-to-farm survey which air raid wardens have been making to determine the amount of scrap metal available in Twin Falls county were today described by central chairman A. W. Morgan as "showing a mighty fine spirit of cooperation among the farmers."

Selected at random from the hundreds of farm reports now coming in from the wardens, the following replies are indicative of what the farmers are doing to assist in the campaign:

"Will bring in 500 pounds Sept. 25."

"Will deliver scrap, but will try to round up a few more pounds."

"Will deliver 20,000 pounds which I will deliver."

"Delivered 1,500 pounds Sept. 1, but am taking this place over for more scrap metal which I will deliver."

All farmers have been requested to deliver their scrap metal to the nearest receiving depot. Priority Stations, the Boy Scouts will make a house-to-house collection of all items in the county. They will continue, however, until all available scrap metal has been rounded up.

DOUBLE-ESCAPER ADJUDGED INSANE

Agustin Nicols, the 30-year-old Mexican who tried to hang himself in his cell in the county jail Saturday, was found insane in a hearing before Judge C. A. Bailey in probate court yesterday afternoon. He was taken to the state hospital at Blackfoot, by state officers shortly afterward.

Nicols was originally arrested by police on a charge of drunkenness. He broke away and was captured twice while in the custody of city officers, and was given a 15-day sentence in the county jail for "escape from lawful custody."

He had threatened to commit suicide while in the city jail, and last Saturday officers saved his life when he tried to hang himself with a noose fastened from his bed.

He was taken to the county hospital for recovery from injuries received in his suicide attempt, and was given the probate court hearing upon his recovery.

70 Japanese Men Arrive for Work

Seventy Japanese farm workers were received yesterday afternoon at the migratory farm labor camp south town, raising the Japanese population of the camp to approximately 160.

While a staples, director of the employment office here, this morning emphasized that it is not intended for Japanese help to displace white labor.

"Japanese help in the harvest will not be used until the white labor supply has been entirely exhausted," he said.

It was announced yesterday that approximately 100 Japanese workers would be quartered at the Fairgrounds.

PHRE EXTINGUISHED

BULEY, Sept. 24—The Builey fire department Tuesday extinguished a fire in a small shed just south of the Romney apartments on North Miller avenue. No damage was reported.

MINISTER BEATEN BY PARISHIONERS

SALT LAKE CITY, Sept. 24 (AP)—Religion taken too seriously and not according to the book might, have enervated activities for Negro members of the Pilgrim Missionary Baptist church, but a Salt Lake City court judge has found that assault on the pastor is a violation of the law and not an extra-curricular church affair.

Three Negro church officials, two trustees and a deacon, will be sentenced Sept. 30 for assault, following conviction of beating their pastor, Rev. S. K. Holland, who was injured the first round for fistfight activity over C. A. Bax, Charles Stevens and R. L. Steel. They were convicted of beating the minister in his quarters at the rear of the church.

The defendants testified that a long controversy over finances prevented their coming to the pastor the night of Sept. 3. The trio told the court that a settlement was desired of Rev. Holland, as the Boy Scouts kept all money collected by the church without making an accounting.

They testified that the attack on Holland came after the minister threatened them with a shot gun. Besides the settlement, Stevens told to get his bed and springs from Holland and his wife. He said that they would be forced to move from church-provided quarters.

By vote, the trustees and Negro congregation have deprived Holland of his pulpit and his rectory.

But more litigation is in sight. Holland is suing Bax, Stevens and Steel for \$2,000 damages and the church, through its trustees, is suing the Hollands for \$10,000 damages.

Church services are scheduled for next Sunday.

Garbage Removal Goes Stylish in New City Truck

Twin Falls garbage is now getting a good deal more stylish ride to the city dump than it once enjoyed. The city's new cruiser type, drip-proof, 10-proof, hydraulic-operated refuse-jetter went on duty this morning. It is painted a brilliant yellow, with "City of Twin Falls" lettered in black on both sides, and none of the load is exposed to odorize the neighborhood as it passes.

To obtain the refuse-jetter, the city purchased the hydraulic-operated dump bed at a cost of \$1,350, and installed it on one and a half-ton truck already owned by the city. It will cover the distance of some 20 miles through the city's residential areas twice a week, requiring about three days to obtain the refuse-jetter.

George W. Spencer was driving the brilliant yellow chariot on its maiden run this morning, and Homer Quinn was wrestling the garbage buckets at each stop. It wasn't nearly as much of a job as with the old dump truck, because it is necessary to lift the load only 30 inches to dump it into a hopper at the back. When the hopper is full, one of the hydraulic hoists lifts its capacity of six and one-third-cubic yards the vehicle goes to the city dump, with the dignity of any limousine, and another hydraulic apparatus ejects the load.

The city began garbage hauling only recently, when I. O. Prescott, former city scavenger, went out of the business. An ordinary dump truck was used until the new equipment could be purchased.

Posts Now Open For Social Work

Social workers, with or without specific experience in that work, are needed by the Idaho department of public assistance.

That announcement by H. N. Pauldock, county DPA supervisor, opened a new vista of employment for the business and professional world as well as for others interested in welfare work.

Pauldock said the applicants have until Monday, Sept. 28, to mail applications. They must have had either three years of college or a substituting experience in a private or public agency. Application blanks may be secured from DPA offices at Gooding, Jerome, Halley, Burley, Rupert and Twin Falls or U. S. employment service offices at Jerome, Burley and Twin Falls.

Monday is also deadline for applications regarding other posts the DPA and department of public health seek to fill.

BULEY, Sept. 24—The Builey fire department Tuesday extinguished a fire in a small shed just south of the Romney apartments on North Miller avenue. No damage was reported.

SON ADMITS HE KILLED PARENTS

ST. LOUIS, Sept. 24 (AP)—Robert Smith, 26-year-old electrical shop operator, calmly related today how he killed his father, Charles A. Nash, 56, a supervisor in the internal revenue department, and then hacked his mother to death when she struck at him with her fists.

The murders occurred early in the morning Monday night in an exclusive residential district and the bodies were found in the family car, eight miles from Springfield, Ill., Tuesday night. Nash said he had driven toward central Illinois to dispose of the bodies but his trouble forced him to abandon the machine.

Mrs. Eleanor M. Nash, 49, suffered numerous wounds from a small hatchet wielded by her son.

After relating details of the murders, Nash was given a breakfast of scrambled eggs, toast, fruit and corn and was taken to the scene, where, police said, he reenacted the crime.

The fight started, young Nash related, when his father upbraided him for indecisiveness and for squandering money he had loaned him to finance his electrical business.

Nash was held under investigation Wednesday and after being questioned most of the night confessed in the presence of police and newspapermen early this morning.

During the confession, the husky six-foot two Nash was calm and betrayed no emotion. He did say he "Nash was held under investigation Wednesday and after being questioned most of the night confessed in the presence of police and newspapermen early this morning."

No Jury Needed So County Will Avert Expenses

There won't be any jurymen called during the current term of district court, And Twin Falls county thereby will save an estimated \$750 to \$1,000.

That unusual situation—the first time it has occurred in the tenure of District Judge J. W. Porter—developed today after the ordinance was enactment of civil cases which might have required trial. There were no trials on how many years ago it has been since a case requiring trial, and one a contested divorce suit.

Court attorneys weren't positive as to how many years ago it has been since a case requiring trial, and one a contested divorce suit.

Court attorneys weren't positive as to how many years ago it has been since a case requiring trial, and one a contested divorce suit.

LEGAL ADVERTISEMENTS

NOTICE

"Keep Well by Being Well-Fed" Urge Red Cross Nutritionists

By JEAN DINKELACKER

One of the best ways to keep well, is to be well-fed. That is why the American Red Cross is placing so much emphasis on its nutrition courses this year.

While the average homemaker may never be called upon to save a life, she can contribute more to the happiness and well-being of those whose lives she influences most—her own family's—if she knows how to give them a maximum nourishment at minimum cost.

Meal Plans Affected

According to Parents' magazine: "Thousands of boys and girls in this country have been left open to disease, have lacked initiative and alertness, their mental stamina has been weakened, because parents have not learned how to take advantage of knowledge in the field of nutrition."

To every woman in Twin Falls, the American Red Cross is extending the privilege of taking the official nutrition course of the Red Cross.

Two expert home economists, Mrs. Margaret Hill Carter, district home economist, and Mrs. Richard R. Smith, will instruct the classes, the afternoon classes to begin Friday, Oct. 2, at 2 p.m., and the evening classes to start Thursday, Oct. 1, at 7:30 p.m.

The Idaho Power company auditorium has been made available for these classes, each week during the progress of the course.

It is a 20-hour course, requiring 10 weeks to complete. The instruction will determine whether one or two classes will be held each week.

Mrs. Carter, who holds a degree in home economics from the University of Idaho, will instruct the afternoon classes, she had unusual success with similar work last year.

Mrs. Smith, who received her bachelor of science degree in home economics from North Dakota State college, will instruct the evening classes, she taught two years in the North Dakota schools and now is a Twin Falls homemaker.

Highly qualified, they will be giving you what amounts to a "short course" in college, with your neighbors and friends as classmates, class a lot easier to take than a correspondence course.

Besides, just think what an improvement you can expect in Johnny's and Jane's report cards, as their diets are improved.

Uncle Sam is backing up the Red Cross in urging women on the home front to register for the nutrition course. Registration may be made by going to the Twin Falls Red Cross headquarters, Twin Falls public library building, or by telephone in 425-1.

Register at Once

As complete advance registration as possible is desired, in order that all preliminary arrangements can be made for the "opening of the housewives' school" Oct. 1, 1942.

Mrs. Mary Hancock, home economist instructor in Junior high school, will begin a series of classes as soon as the labor and harvest vacation is over in the school system. Now is the time for all good homemakers to become experts at their trade—and a Red Cross nutrition course is the way to do it.

Calendar

Board of control of the Twentieth Century club will meet Friday at 10 a. m. at the home of Mrs. P. B. Wilson, 328 seventh avenue north.

W. C. T. U. will meet at the home of Mrs. R. A. Dyer, 1114 Shoshone street east, Friday afternoon. A good attendance is desired as officers will be elected.

Picnics Planned

For Navy Nurse

Buhl, Sept. 24—Miss Margaret Keenan, registered nurse of Buhl, arrived for a few days' visit with her aunt, Mrs. Art Ahlin. Miss Keenan was enlisted in the U. S. navy, and will go to Bremerton, Wash., within a week or 10 days to take up her nursing service, with the title of ensign.

A number of picnic parties and outings have been arranged during Miss Keenan's visit in Buhl. Miss Keenan and Mrs. Art Ahlin were passengers of R. R. Love in his airplane for an air view of points of interest in southern Idaho.

Speak on China

Talks about China by Betty Susan and Ernest Ryberg made up the main portion of the Twin Falls Junior high assembly which was held Wednesday. Betty Susan made an announcement concerning the drive for the more extensive buying of war stamps and bonds.

Believe, the great lesson of World War II is to change the living and buying habits of many persons. Something old or unwanted may be great value to others in these times of shortage, as say church rummage sale worker well knows.

To Relieve Distress of MONTHLY FEMALE WEAKNESS

due to functional periodic disturbances, use Lydia E. Pinkham's Compound Tablets (with added iron), the stomachic tonic. Follow label directions. Well worth trying!

Tobins Retained As Skippers of Mariners' Club

Dr. and Mrs. Gordon Tobin will be skippers of the Mariners' club for another year.

They were re-elected at a business session of the club, following a no-host dinner last evening at the Presbyterian church parlors.

Other Officers

Also elected were Mr. and Mrs. Loren Patterson, first males; Mr. and Mrs. Robert Warburg, first females; and Mr. and Mrs. Austin Wallace, pursers.

During the dinner hour, Lawrence M. Hall sang "Danny Boy" and "Johnny" was accompanied by Mrs. Weldon Clark, and later Mr. Hall led the community singing.

Dinner Chairman

The dinner was in charge of Mrs. Everett Beckel.

The next meeting will be held in three weeks instead of two weeks, the season to be held Oct. 1, at the church parlors.

Blue Lakes Club To Bake Cookies For USO Center

Blue Lakes Boulevard club members meeting yesterday at the home of Mrs. William Leada, voted to furnish cookies for the USO recreation center here.

Mrs. G. Swartzinger was assistant hostess.

Secret Sisters were revealed and new ones drawn. Mrs. Hazel Leighton, guest speaker, who was introduced by Mrs. Ida Sweet, spoke on "Americanization."

"We are American just as far as we think and act American," Mrs. Leighton observed.

Mr. R. C. Cummings read a paper on "The Road to the Homeland."

Guests were Mrs. Bernard Meider, Mrs. Helman, Lewiston.

The group will meet at 10 a. m. Oct. 14 at the home of Mrs. Carl Leada to sew for the Red Cross. A post-lunch luncheon will be served at noon.

Helen Davis Is Bride at Church Nuptial Sunday

Helen Davis, daughter of Mrs. Fred Davis, 353 Fourth avenue east, and Corp. Norman Peitman, Anderson, Alaska, were married Sunday at 12:30 p.m. at the Methodist church, Rev. H. G. McCullough officiating at the double ring ceremony.

The couple left Tuesday for Colorado Springs, Colo., where the bridegroom is a flying instructor at one of the government air fields.

Miss Lois Reed and Mr. Rasmussen attended the couple.

Bride-Elect

Mrs. Mary Louise Anderson, bride-elect of Earl Jordon.

Glendale, Calif., who is the fiancée of Earl Jordon, formerly of Twin Falls, now with the United States marines, (Staff Engraving).

Earl Jordon to Wed California Girl in Future

Engagement of Miss Mary Louise Anderson, Glendale, Calif., and Earl Jordon, formerly of Twin Falls, and now with the United States marine corps, was announced recently by Mrs. Walter Andrews, mother of the bride-elect.

The bridegroom-to-be is the son of Mrs. J. Jordon, now of Twin Falls, now of Twin Falls, now of Twin Falls.

No date has been set for the wedding.

The bride, a graduate of Glendale high school, is employed in the office of the Lockheed-Vega airplane factory. The bridegroom was also employed by the airplane company before enlisting with the marines. He is a graduate of Twin Falls high school.

Curma Young Is Wed to Officer

HANSEN, Sept. 24—Miss Curma Young, daughter of Mr. and Mrs. Charles Young, Hansen, and Corp. Edward Wyan, Winnemucca, Nev., were married recently in San Francisco.

Corp. Wyan, who was hospitalized in San Francisco after being returned from Pearl Harbor, is following his trade as a barber at Winnemucca where he is sufficiently recovered to return to active duty.

The couple went to Los Angeles on a wedding trip before going to Nevada.

Cablegram Tells Of Son's Birth

Mr. and Mrs. Stanley Cronin, Honolulu, Hawaii, are the parents of a son, Terry Blake Cronin, born Sept. 23, according to cablegram received here this morning by Mr. and Mrs. H. T. Blake.

Mrs. Cronin was formerly Miss Ida Blake, Twin Falls. The Cronins, who visited the mainland last fall, spending several days here, returned to Hawaii just before the attack on Pearl Harbor.

Mrs. Cronin rejected her opportunity to return to the United States, preferring to remain in Hawaii with her husband, who has a responsible executive position there.

Louise Wright Bride At LDS Temple Rite

BUHL, Sept. 24—Details of the wedding of Miss Louise Wright, daughter of Mr. and Mrs. James H. Wright, Buhl, and Warren Adamson, son of Mr. and Mrs. J. W. Adamson, Twin Falls, were told upon the return of the wedded couple from Salt Lake City and Ogden, Utah, Monday.

The marriage was solemnized at the L. D. S. temple in Salt Lake City, at high noon, Sept. 23.

Stephan Chipman of the Salt Lake temple officiated at the ceremony. Attending the couple were the bridegroom's mother, Mrs. J. W. Adamson, and the bride's brother and sister-in-law, Mr. and Mrs. James W. Wright, Ogden.

For her wedding, the bride chose a formal gown of white crepe, with sweetheart neckline, elbow length sleeves and drop waistline effect. The full skirt flaring from the hip-line, deep pearls and ribbons trimmed the sleeve bands, yoke and hips.

Mother's Blessings

Her white illusion veil, fingertip length, was caught at the crown by spray of orange blossoms, which had been worn by her mother at the mother's wedding 40 years ago. For her wedding, the bride chose a formal gown of white crepe, with sweetheart neckline, elbow length sleeves and drop waistline effect. The full skirt flaring from the hip-line, deep pearls and ribbons trimmed the sleeve bands, yoke and hips.

Reception in honor of the couple was given by Mr. and Mrs. Wright, parents of the bride, at the Cobble Cottage Inn, Ogden, at 6:30 p. m. Saturday. In the receiving line were Mr. and Mrs. Wright, Mrs. Adamson and the bride and bridegroom. The bride was gown in her wedding dress, and her corsage was of pink tulle roses with white gardenias. Mrs. Wright wore a brown crepe dress, and Mrs. Adamson chose a black suit. Corsages for the two mothers were white and pink roses.

Covers were marked for 40 guests at the lunch, lace-covered table. Table decorations were carried out in the lavender and lace theme.

A crystal bowl of lavender petals centered the table, and many lighted lavender candles, in each of which holders furnished the illumination during dinner. At each end of the table was an old-fashioned money made from cellophane-wrapped candles within a lace dill, tied with lavender ribbon bows.

Lending Reception

During the reception, Miss Dorothy Johnson, Ogden, gave appropriate humorous readings, and Miss Raye Wynn, sister of the bride, sang two mezzo soprano solos, "O Promise Me" and "Take Me." A wedding dance followed the reception. The bride cut her cake, and served it in individual cellophane gift packages. Reception guests were from Ogden, Salt Lake City, Hooper, Utah, and Twin Falls and Malad.

Following a week-end visit with Mr. and Mrs. J. H. Wright and Miss Raye Wright at Ogden, the newweds returned to their new home at 214 Tenth street, Twin Falls, Monday evening. The bride's going-away outfit was a black and white black accessories trimmed in red.

Get out the old stuffed animal head that the man of the family hoards. It's been in style for the informal living room, study or game room. Use it with a railroad tie mantel shelf, Indian rug, ranch house furniture.

**Albion Welcomes
Grand Matron's
Official Visit**

ALBION, Sept. 24—Mrs. Vinette Hanson, Winchester, paid her official visit to Naomi chapter, Order of the Eastern Star, last week, at worthy matron of Idaho.

A ceremony, "Victory," written by Mrs. Ann Anita Johnson, was presented honoring Mrs. Hanson, and a gift of war stamps and a corsage of Eastern Star colors was presented her.

Mrs. Cordie Benedict, worthy matron of Paul, was presented to the east. Mrs. Julia Braga and Mrs. M. Bell Paul, and Mrs. Meredith McKiever were among those attending.

Mrs. Hanson presented an instructive talk.

Embroidered Style

Surface "embellishments" on plain fabric make this season. The flower embroidery on Pattern 920, by Marian Martin is done from a simple transfer motif. The dress itself has graceful yoke, a soft bodice and a paneled skirt.

Pattern 920 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 38 requires 2 1/2 yards 35 inch fabric.

Send SIXTEEN CENTS for this Marian Martin Pattern. Write plainly: SIZE, NAME, ADDRESS and STYLE NUMBER.

JUST OUT—our new fall and winter pattern book. A poll of fashion, with styles for every age, every occasion. Thirty-two pages of patterns—easy to make and fabric-saving. Send TEN CENTS for your copy of this book.

Send order to TIMES-NEWS Pattern Department, Twin Falls.

**Good Will Club
To Sew for R. C.**

All members of the Good Will Club are requested to meet at the home of Mrs. R. C. Weller, next Wednesday to sew for the American Red Cross at an all-day session. A potluck lunch will be served at 12 noon. Mrs. Hazel Carl was hostess to the group yesterday. School lunches were discussed. Arrangements were made to pack the barrel of fruit for the children's home at Boise at the first meeting in October.

**Look Out for
Wartime Constipation!**

Lack of "bulk" one of common causes

Don't be surprised if you feel all bogged down these war days. Look at how you live! Longer hours, harder work, irregular meals—your whole way of living's been upset. Specially eating habits. Meals are apt to be hurried, improperly balanced—and the important matter of bulk neglected.

And lack of "bulk" is one of the common causes of constipation! Medicinal laxatives give only temporary relief because they don't get at the cause.

The answer to this kind of trouble is drinking plenty of water and eating a crisp, golden cereal—KALOSKO's all-meat. For this delicious breakfast food supplies the needed "bulk," corrects the constipation. You can start eating all-meat yourself! Made by Kalosko's in Battle Creek.

**LUNCH-BOX
VITAMINS!**

An Orange as Dessert!

Yes, oranges are delicious in any lunch box. And healthy! They're one of the "procure" foods you need now more than ever, a natural source of vitamins and minerals. Especially vitamin C, which helps you resist colds and infections.

Sunkist Oranges are perfect for the lunch box. Easy to peel and section. A sugar-saving event!

Start the Day Right!

Enjoy a BIG glass of fresh orange juice for breakfast! It's the best way to get the large amount of vitamin C you need every day.

In addition, it helps you with vitamins A, B1 and G, calcium, and other important nutrients.

Sunkist Oranges are the finest from 14,300 growers. Day in quantities: 10¢, 14¢.

LEGAL ADVERTISEMENTS

Notice of Pending Issue of Tax Deed

FOR 1938 AND 1939 TAXES

STATE OF IDAHO

YOU ARE HEREBY NOTIFIED, That under the provision of Revenue Law of the State of Idaho, the County Treasurer, as Tax Collector, of Twin Falls County, in said State, is deemed to be the purchaser in trust, of certain property described in a delinquency entry made in respect of unpaid taxes and in respect of which the time for redemption will expire January 4, 1943.

YOU ARE FURTHER NOTIFIED, That if said delinquency entry is not redeemed on or before January 4, 1943 by payment of said taxes, together with interest, penalties and added costs as provided by law, to me at my office at Twin Falls, Idaho, I shall thereupon as required by law, cause to be sold County of Twin Falls, as a private sale, Tax Deed conveying to said County absolute title to the property as described in said delinquency entry, free of all incumbrances, except any lien for taxes which may have been attached subsequently to the assessment heretofore returned to.

Delinquency entries subject to Tax Deed, January 4, 1943.

WENDELL COW AT TOP FOR AUGUST

Spot, a grade Holstein owned by R. W. King and sons, Wendell, was the leading milk producer in the Gooding-Jerome Herd Improvement Association for August, according to Clarence R. Knutson, herd improvement supervisor. The Holstein produced 156 pounds of milk with a butterfat content of 7.66 pounds. Jewel, a registered Holstein, owned by the Twelve Oaks ranch, Jerome, was second with 2,275 pounds of milk and a butterfat content of 6.55 pounds, while Crystal, a registered Guernsey, owned by H. A. Steele, Gooding, produced 1,213 pounds of milk and 57.4 pounds of butterfat to gain third place.

For herds of more than 20 cows, the 31 registered Holsteins owned by P. O. Massey and son, Gooding, carried off top honors with an average of 922 pounds of milk and 29 pounds of butterfat. Second place went to 28 grade Guernseys owned by Ivan Dunham, Wendell, with an average of 895 pounds of milk and 29.2 pounds of butterfat.

Ten grade Holsteins owned by R. W. King and sons led the herds of between 10 and 20 cows with an average of 1,223 pounds of milk and 44.3 pounds of butterfat. Second place in the division went to the 16 grade Holsteins owned by E. C. Amussen, Wendell, which averaged 1,001 pounds of milk and 24.3 pounds of butterfat.

Four registered and grade Guernseys owned by Kenneth Daniels, Gooding, were the best in the under-10-cow class. The four averaged 1,077 pounds of milk and 41 pounds of butterfat. Second place went to eight registered Holsteins owned by C. J. Mock, Wendell, with 1,200 pounds of milk and 38.2 pounds of butterfat.

Knutson reported that 423 cows in 27 herds were tested during the month. The average milk production was 623 pounds and the average butterfat yield 28 pounds. Seventy-one cows produced 40 pounds or more of butterfat.

A new process for making synthetic rubber from grain has been announced which is said to produce eight pounds of rubber per bushel and to cost less than 20 cents per pound.

"I think you'll get more recruits if you take off that life belt!"

Breeders Sending Rams to Auction

Twin Falls county will be well represented with sheep at the Pocatello ram sale to be held Saturday, Oct. 3. Frank L. Stephens and R. D. Beatty, Twin Falls, are consigning some of their top Hampshire rams, while Charles W. Colner and A. E. Holmquist and sons will send a number of their best Lincoln-Rambouillet.

Other Twin Falls county purebred breeders taking rams to this event are Robert S. Blalock, B. A. McCoy and L. A. Winkler and sons, Piler, and J. S. Feldhusen, Kimberly. Fifty-seven Idaho breeders have consigned rams, according to R. M. Blalock, chairman of the sale committee. Eight hundred rams will be sold in 130 lots, an increase over previous sales.

SALLY STRIPPED OF \$504.11

LOS ANGELES, Sept. 24 (AP)—

Fan dancer Sally Rand found herself stripped of \$504.11 today, an amount which Superior Judge Carl A. Stuteman awarded as loans and back salary due her former agent, Eugene Curtis. Her attorney admitted she owed the money.

40 DRAFTTEES IN CALL AT BURLEY

BURLEY, Sept. 24.—Drafted men leaving Cassia county Sept. 25 will total 40 with 38 from this county and two transfers. They will receive their final examinations in Pocatello.

Pvt. Orchard Earns Training as Officer

Pvt. Merle P. Orchard, son of Mr. and Mrs. L. E. Orchard, route three, Twin Falls, who has been stationed at Boca Raton field, Fla., at one of the army air corps technical schools, has been accepted for officers' training school. He is scheduled to report at Camp Davis, N. C., anti-aircraft artillery school. The youth was graduated from Twin Falls high school and later attended Brigham Young university.

J. C. Carrol, a clam raiser in Seattle, Wash., sued for \$3,000 because steamships caused his clams to shut up.

ORDER BY MAIL

The next best thing to your own personal shopping is our mail order service. Trained employees fill your order accurately and mail it to you the day it is received.

We remind you... we urge you... we say "It's your duty... every American's duty... to get in the

SCRAP

Listen — let's get out of the arm-chair general's class, let's get down to cases . . . cases that concern the lives of your sons, your own blood and flesh. We've GOT to win a war, but before we can win it, we've GOT to give those fighting men weapons with which to battle. If you don't go down cellar right now and dig up every bit of old iron, steel and other metals you're contributing to the defeat of America and the subsequent bondage of your sons and daughters. Now, listen, Mr. and Mrs. Twin Falls County, your Uncle Sam needs your scrap metals — he needs it from attics, from cellars, from yards, from garages, from storerooms, from business places, from barns, from fence corners, from machine shops, from alleys, from vacant lots . . . wherever it is . . . and what's more to the point your Uncle NEEDS IT NOW—and so do your sons and nephews and brothers who are doing this fighting for us. Now, how about it? Do we give or don't we? Sure we do — let's get in the scrap!

Act today! Don't put it off . . . our boys need bullets, tanks, machine guns, rifles . . . not promises . . . search your home or farm today . . . and turn in your scrap . . . so we'll stay in the scrap!

Read your paper for details concerning the scrap drive . . . adequate facilities for collection or turn-in have been provided by your committee in charge . . . don't be a slacker — turn in your scrap NOW!
