

NATIONAL LOTTERY PLAN UNVEILED TO HELP PAY FOR WAR

GAMBLE FAVORED OVER SALES TAX

WASHINGTON, Oct. 9 (AP)—Based on the contention that a nation that uses lottery to do its share of financing its war should object to the same method of helping to finance the struggle, five top national lottery officials today announced that they would support a bill to raise money through government-sponsored lotteries, and that the apparent need for more revenue had revived chances of favorable consideration for their bills.

Five Lottery "It's either a sales tax or a lottery," said Knutson, adding that of the two he believed the people generally would prefer. Knutson said he would press for inclusion of his proposal in any new tax bill the treasury department requests.

7-Months-Old Boy Called by Death

Jerry Jerome Main, seven-month-old son of Mr. and Mrs. Kenneth J. Main, 18 Quincy street, died suddenly Monday afternoon at the home of his maternal grandparents, Mr. and Mrs. J. J. Daven, 100 Monroe street.

WELLES STATES REDS TO GET AID

BOSTON, Oct. 9 (AP)—Acting Secretary of State Cordell Hull declared last night the United States will "defeat" Germany by aid to Russia and other nations by means of every means of help.

"Paying high tribute to the Soviets," Hull said, "we are now making an address prepared for the national foreign trade convention. I will mention both the aid to Russia and the opening of a second front as possible means of aid.

"The aid to Russia will be through the furnishing of arms, equipment or supplies," he said, "or through the assistance by means of the diversion of German armies forced upon Hitler through the creation of a new theater of operations, the fullest measure of every means of help will be given.

Early Aid Necessary

"The surest way to insure the defeat of Hitler is to give this help, and to give it unstintingly at the earliest possible moment."

Welles said he was "not one of those who believe that we are losing this war" and that Americans have a right to be proud of their country's record and efforts.

They are heartened, he added, by the fact that most of the American people have either joined the war or on our side or severed all relations with the axis.

In Mexico and Chile, however, still are permitting their neighbors to be "stabbed in the back by axis emissaries" operating from their territories, said the acting secretary, but it is inconceivable that they will permit this much longer.

Welles warned that "the unity which the free peoples have achieved in their war against the common enemy is a unity that cannot be broken to win their peace.

"For this to be a unity that is to be a people's war, it must be followed by a people's peace."

Refer To Be Known

The lack of peace will be known, he continued, for much of the world will be "impoverished beyond anything that has ever been known."

Eventually, however, the devastated areas must be made self-supporting, with the aid of "enormous shipments from abroad, of food, of capital goods and the raw materials of industry," shipments for which "no immediate means of payment will be visible."

Farmer Isn't Phone Gossip, Expert Finds

Mrs. Berdie Schurr, chief operator at the Twin Falls telephone exchange, blasted the common belief of city folks that farmers "wages keep the rural telephone lines going."

Speaking before the Kiwanis club at its regular weekly meeting here last night, she said that farmers use their telephone mostly for business and to "take down the receiver it is for important business."

Farmers too busy

Child Labor Ban May Be Relaxed

WASHINGTON, Oct. 9 (AP)—Rep. C. E. R. D. said today the house agriculture committee may act next week on legislation to remove for the time being the ban on child labor in the sugar beet and cane fields.

The bill, which would allow child labor in the sugar beet and cane fields, has been introduced by Rep. Dornmeyer, D., of Idaho.

"If the committee acts promptly," said the South Dakota, "and the measure goes through promptly, we might be in time to relieve the labor situation in this year's sugar harvest."

Case and an aide to Dornmeyer, who was out of the city, said it made no difference what bill the committee considered, since their purpose was the same.

Dornmeyer said when his draft bill was introduced that he had drafted it at the request of cane growers in Louisiana. Case asserted the legislation was also desired by the sugar beet producers.

The bill had been before the committee for three months. Case said he was hopeful of early action because of conversations he had had with Chairman Fulmer, D., of the committee.

Fulmer, who will be away from the capital next week, referred him to Rep. Pat. D. G. a committee member. Case said and it was from Pat. D. G. he learned that the legislation may be considered next week.

If made public a letter from Fulmer, in which the chairman declared that "certainty at this time any measure of relief should be permitted to work."

Transient Serves Suspended Term

GOODING, Oct. 9—A. J. East, a transient, is being held in the county jail on charges of larceny of \$100 without funds to Mrs. Ida Taylor for a lodging bill. East was fined \$10 and costs and is being held until the money can be raised. East came to Gooding from Nebraska and had been employed on the extra gang on the railroad.

Fred Jasper, 54, Tuttle, was arrested for drunkenness and sentenced to a 30-day suspended sentence passed by Justice of the Peace Robert Britton in June on the same charge.

Busy Collecting Supra-Rogerson

ROGERSON, Oct. 9—Pupils of Rogerson school, of which Miss Cox is principal, have been busy collecting supra in this community.

THREE APPEAR IN COURT

JEROME, Oct. 9—Three persons appeared in police court this week to admit guilt to charges of intoxication. Disposition of their cases follows: Woodrow Malone, Paris Henderson and Willard Morrow, all sentenced to serve jail terms of 15 days or pay fines of \$20 each.

Instructor Now Eye on Overseas

Corp. John Wells, who is anxious to put into practice overseas some of that training he's been giving the marines at the U. S. marine base, San Diego, Calif. (Star-Engraving.)

Now Instructor, John Wells Has Eye on Overseas

Corp. John Wells, son of Mr. and Mrs. Alma Wells, who has just been transferred from the United States naval hospital at San Diego, Calif., is here on a 10-day furlough.

An instructor at the San Diego marine base, he entered the hospital a month ago for surgery on his nose and in appendicitis.

His mother, who was with him the past two weeks, returned with the son to Twin Falls this week.

Corp. Wells, former star Bruin and U.S.B. athlete, has earned medals for valorous and rifle, expert bayonet, expert pistol, expert automatic rifle and expert sub-machine gun.

"I've been teaching those other marine fellows how to take care of themselves and their buddies with the job. Now I'm anxious to try out some of those tactics overseas myself," Corp. Wells said yesterday.

His brother, Russell Wells, who was deferred four times and when reclassified selected the medical corps as his objective, recently completed his training as a male nurse, or medical technician.

He is now permanently located at the new government hospital at Camp White, Medford, Ore. He took his preliminary training at Sackett, Tex., and finished at Plattsburgh hospital, Denver, Colo. Then he entered the armed forces four months ago.

Wells and Rex, two other brothers, attending University of Idaho, southern branch, have enlisted "to do their own share and are attending call while going to school, both are U.S.B. athletes."

Nazification of Denmark Is Seen

By GLADWIN A. HILL

LONDON, Oct. 9 (AP)—Evidence was accumulating today that Germany is about to make Denmark a colony in complete one creed from German-occupied for two years and a half, yet nominally self-governing sharpshooters and other pieces of air influence at its best, Denmark was believed marked down for further nazification for these purposes:

Suppression of rising rebellion against so-called German benevolence.

Shift of defense against allied invasion.

Crystallization of a "Germanic federation" project which is to be based on Nazi home front during this winter.

Want Danish ships

It was noted that the Germans will insist that Denmark also declare war against Russia, re-arm and hand over to the Germans control of what Danish ships remain in Danish waters.

Across the Skagerrak in Norway, the Germans executed nine more patriots, making a three-day total of 24. The reason for the latest executions was not given.

The Germans arrested 70 other Norwegians, mostly youth, in the port of Molde, a fjord below Trondheim, where the Germans have declared martial law in effort to stop sabotage on military projects. Many hundreds previously were arrested.

A number of Britons were pleased that the announcements "policy drew a clearer line between the enemy peoples themselves and their sympathizers and quislings, and that a harsh blow to any hopes for a negotiated peace which might linger in the minds of European "collaborators."

Theater Explosion

Free Belgian reports, according to a bomb explosion in a Brussels theater filled with Belgians and British soldiers in which 100 people were killed and several injured. In the free Belgian news agency, said that several hundred more were ordered by the German military commandant for Belgium and northern France to be deported with the Vichy regime to obtain French workers for German war plants.

From Czechoslovakia, the Czech government-in-exile received reports of 14 additional executions in Prague and Bruenn.

Prohibition Big Shot Sought for Marketing Sugar

NEW YORK, Oct. 9 (AP)—Walter Gordon, big shot of Broadway when beer and whiskey flowed from speakeasies, turned up on the great white way two years ago after serving several years of a 10-year bid in Leavenworth—and said he was a new man, no more racketeer.

But the government thinks he must have been kidding.

Today Gordon tried to make Irving Wexler his right hand behind U.S. man's right hand, accused in a federal indictment of trying to cash in on the wartime sugar shortage.

Specifically, he and a pal, Simon Hilsberg, were charged with using soft drink stems—Vita Cola—as a "bait" for a black market in sugar.

The two were not immediately apprehended.

Oscar L. Hunsamer, a resident of the Bronx who recently pleaded guilty to a federal charge of delivering 30,000 pounds of sugar to two customers who did not furnish ration certificates, was named a co-conspirator but not a defendant.

Films of Midway Battle Scheduled

A new "first" in world history will be offered to theater patrons by all three Twin Falls movie houses Sunday.

It is the official U. S. navy motion picture of the battle of Midway. Filmed under direction of Lieut. Comdr. John Ford, former conflict Hollywood director, the movie was taken throughout the historic battle which may have changed the course of the war in the Pacific.

The film is in technicolor and is being released to 15,000 theaters under auspices of the war activities committee of the motion picture industry. The release was requested by President Roosevelt.

The Orpheum, Roxy and Idaho will present the film in attractive locations to accompany the navy film.

NEW BELFAST BOMBING

BELFAST, Northern Ireland, Oct. 9 (AP)—For the third night in succession a bomb outrage occurred in the neighborhood of the Cullinstree road police barracks in Belfast last night.

A policeman was seriously wounded in an exchange of snip, apparently with Irish republican army agents.

Slayer Sentenced

BALTIMORE, Oct. 9 (AP)—John Gaver today pleaded guilty to charges of first degree murder and was sentenced to one to 10 years in prison. A district court jury Wednesday found Gaver guilty of the slaying of Obediah (Bibi) Campbell, 55, Baltimore.

Freshman Class Writes Composite Creed of Conduct

GOODING, Oct. 9 (AP)—Each member of the freshman class of the Gooding high school, as an assignment of Mrs. Lucille Briggs, president of the Mildred Poole, was asked to write a creed of conduct. A committee was chosen to compile one creed from those handed in.

Those serving on the committee were Ora Louie Briggs, president of the class; Katherine King, Owen-don Rosebaum, Ernest Brandy, Allen McGee, Ray Anderson, Phyllis Oakley and Billy Kelley.

The creed, based on the American Creed, was formulated as follows: "We believe that as good citizens we should uphold the principles upon which our country was founded; respect our flag and anthem; obey our laws; support our constitution and defend our country and government against all enemies. In school we should be studious, responsible workers; orderly in class; rooms and halls; clean and healthy; loyal to our school; courteous to all regardless of race, color, or creed; and we should be as careful of other people's property as if it were our own."

"As our country is now engaged in a bitter war, we should cooperate in every way with the allied war effort and sacrifice cheerfully what things are demanded of us. In conclusion, we should uphold all these principles in order to be good student body members."

So they are the murine opponents of Central America that they often reach the United States, as shown by a bunch of bananas.

Gooding Schools Form Permanent Scrap Committee

GOODING, Oct. 9 (AP)—Gooding schools have formed a permanent scrap collection organization for the year to cooperate in the national salvage program.

Both elementary schools have been organized into squads; and one residential block has been assigned to each squad. Today the squads began making calls to collect scrap.

The high school pupils under direction of the architecture department, will call for the heavy scrap.

All money raised from the donated scrap will be used to purchase books for the elementary library.

Children who live in the country are asked not to bring in more than 10 pounds of scrap at one time. The high school students will contribute the country liners for larger amounts of scrap.

Hospital Care Give to the Fund

On June 1, 1940, three acres 2,452,000 pounds of sheep on the farms of the Dominion of Canada.

New Articles for Emergency Closet

HANSEN, Oct. 9—Two new sheets and six pillow cases were added to the Red Cross emergency closet supplied by the Latin club. The last meeting was held at the home of Mrs. Harold Koenig with Mrs. Stuart Scott, presiding in the absence of the president, Mrs. Claude Bernard.

The theme of the program, "Where American Culture Was Born," was carried out by Mrs. Willard McCassey, who presented her facts in a book review on the subject. Mrs. D. J. Koenig was co-hostess. The next meeting will be held at the Charles Muller home.

It is not enough for our Army to be as big and as well-equipped as the enemy's—it should also be as well-balanced in age groups. The Army invites American youth to answer that challenge.

LIEUTENANT GENERAL BREHON B. SOMEHVELL, Commanding General, Services of Supply

YOU men of 18 and 19 now have the right to choose any one of 13 branches in which you want to serve. Action! Adventure! Rapid advances in pay! Splendid training and experience!

Have you stopped to think that our enemies have said they'd write the peace of the world in your own capital—Washington, D. C.? You don't have to guess what kind of a world you'd live in under that treaty.

A good many million two-listed American men have stepped up to say "NO" to that treaty. But are you going to be satisfied until you've had your say in the matter?

Right now, before you reach your 20th birthday, you have an opportunity open to men in no other age group . . . the right to enlist immediately and select one of 13 different branches of the U. S. Army.

Until now, you've been able to choose one of the B combat branches—Air Force, Corps of Engineers, Coast Artillery Corps (Harbor Defense or Anti-Aircraft), Signal Corps, Field Artillery, Cavalry, Infantry and Armored Force.

New Army policy gives you the privilege of enlisting in 5 additional branches: Quartermaster Corps, Ordnance Department, Chemical Warfare Department, Medical Department, Corps of Military Police.

For full information about the branch in which you are interested, call at the nearest Army Recruiting and Induction Station.

CITY HALL, TWIN FALLS, IDAHO

MUNICIPAL BOND TAX PLAN LOSES

WASHINGTON, Oct. 9.—The senate voting today to today returned to tax the income from future issues of state and municipal securities after an extended debate which stressed assertions that approval would violate state rights and produce insignificant revenues.

The vote brought to the point of discussing one of the bill's major controversies, the committee's proposal for a five per cent victory tax on all individual incomes in excess of \$24, with additional increments and other fixed obligations. The tax would be levied in addition to the normal tax and surtax.

A decision on this issue went over until today with members of the finance committee predicting that the senate would approve.

The senate spent virtually a full day debating the issue of the tax exemption bonds of the states and municipalities—long a touchy subject.

"I stand here," asserted Senator Smith, D. C., "not to invade the right of the states to exercise their immemorial power to attend to their own affairs and not to be over-ruled by a central government."

This exemption, said Sen. LaFollette, D. Wis., was "the center eating at the vitals of the democratic process." Sen. Lee, D. Okla., charged that the wealthy were obtaining a special tax exemption by treating their funds in such tax-free securities.

"Who ever heard of a tax laborer buying a city water bonds?" he asked.

Clark Replies to California Scrap Collection Defy

BOISE, Oct. 9.—Gov. C. L. Olson of California has received a snappy comeback today in his response to Gov. Chase's appeal for an interstate scrap metal collection contest.

Gov. Olson challenged every state in the union to better California's production of scrap metal in the rubber drive and said California had outdistanced every other state in gross tonnage of rubber collected.

"I accept your challenge on scrap metal collection on a per capita basis. I feel confident that if California didn't have so many good Idahoans working on defense jobs I would be apologizing for not getting results. An 'Idaho' is a good citizen even after he leaves our state."

"I think we can again beat California as we did in the rubber collection. Please remember 'IDHO' is the correct spelling. Idaho will win the contest and get this done."

Idaho was ranked high in per capita scrap rubber collection and is well toward the top of the list in metal collection, according to latest estimates.

Idaho Men Asked To Join Navy in Their Own State

BOISE, Oct. 9.—Idaho men interested in enlisting in the U. S. navy were urged today by Lieut. G. Herbert, officer in charge of the Boise main station of the navy recruiting service, to take advantage of enrollment facilities in their own state.

"Many Idahoans," Lieut. Herbert said, "have been entering the service in outside states. This is particularly true of residents of the southeastern section of Idaho, in communities adjacent to the Utah line."

"We are eager to build Idaho's reputation as a navy state and are sending as many of our own as possible to an Idaho training station, Camp Fremont on Lake Pent O'Reilly," he said.

FILM STAR'S SON KILLED IN CRASH

LONG BEACH, Calif., Oct. 9.—Capt. Don E. Heston, 23, son of actor Joe E. Heston, was killed in the crash of an army bomber near Palm Springs yesterday afternoon.

An announcement from the army ferrying command said Capt. Brown was on a routine flight from the Long Beach air base to Uvali when the crash occurred, nine miles north of Palm Springs.

He was only recently promoted to a captaincy, after having been commissioned a second lieutenant in the air forces July 11, 1941, and had been attached to the Long Beach ferrying command base a little over a year.

Lieut. Paul Herbert, in charge of the ferrying command field at Palm Springs, said Capt. Brown took off from there with a group of bombers and crashed after being aloft about 10 minutes.

Information of the accident by radio by the pilot of another of the bombers, 100 large to land in the rough desert terrain. Lieut. Herbert flew to the spot in a smaller plane and landed on a nearby highway.

Brown was crashing from the wrecked plane when he arrived and died a few minutes afterward, Lieut. Herbert said.

Jerome Draffees To Leave Tuesday From Courthouse

BOISE, Oct. 9.—Men called for a military draft will meet at the county courthouse at 3 p. m. Tuesday.

WILLKIE NARROWLY MISSES DEATH ON CHINA BATTLEFRONT

ENEMY BOMBARDS RAILWAY STATION

By GEORGE WANG
SOMEWHERE ON THE CHINESE FRONT IN THE YELLOW RIVER REGION, Oct. 9 (AP)—Wrecked willie probably missed death five minutes yesterday when four Japanese shells exploded near him as he stood in the open on a tour of the Chinese battlefront.

Willkie was not the least disturbed by the narrowness of his escape.

"I am much pleased by the Japanese salutations," he said. "They are exceedingly thoughtful."

Japanese guns were emplaced on the opposite side of the Yellow river in a trench within Willkie's range yesterday, under the guidance of Generalissimo Chiang Kai-shek's 27-year-old son, Capt. Chiang Wei-shou.

Learned of Presence

The guns blasted big craters in the earth and the echos were heard in the nearby mountains just as if they were Willkie's train pulled into station.

The Japanese apparently had learned of Willkie's presence at the front.

Three Japanese planes bombed and machine-gunned a number of towns and trains along the Lanchow railway which skirts the southern bank of the Yellow river in the Lanchow region.

At Lanchow, the Japanese scored a direct hit on a coach of the blue express train carrying the one carrying Willkie. Six passengers were killed and a number wounded.

But Willkie at the moment was speeding underground fortifications with Capt. Chiang.

For an hour Willkie toured the underground chambers, paying close attention to construction and armament.

Strengthened Fortification

"This appears to be one of the strongest fortifications in the world," he said. "I am sure of it from my experience of years ago in France where I fought in similar positions."

He and the generalissimo's English-speaking son became good friends as they explored the tunnels. Willkie asked numerous questions and Chiang was eager to explain.

"He is a delightful son of a great father," Willkie said later.

Chiang commands a division of the Yellow river, a company of 212 machine-guns which keep up a constant fire on enemy positions across the river day and night.

Soviet Civilians Learn of Nazi "New Order"

A long line of captured Soviet civilians hunches down on the lip of their own mass grave waiting for the fall of nail lead in their backs. The picture was found on the body of a German soldier. (Passed by censor).

Here's Dependency Allowance List for Soldier, Sailor Kin

If you are more women than men, crowding the offices of Capt. J. H. Seaver, chief of the Twin Falls county selective service board No. 1, these days, there's a big reason—the monthly allowance for dependents of soldiers and sailors.

Captain Joe hasn't really anything official to do with the collection of the monthly allowances except in an advisory capacity, but more than one woman will confess that he has come to be regarded as the "father" of her collect. As a matter of fact, he keeps his typewriter humming writing letters for wives, mothers and other dependents of men now at the armed forces.

"Don't be hasty," he says. "Relatives and dependents should not file an application for allowance until they are sure that the soldier (meaning any man in the armed forces) has not filed or cannot file one." Captain Seaver said today. "If they apply, however, relatives and dependents must use the official application form, and must accompany their application with certain documentary evidence."

Captain Seaver explained that this documentary evidence has to do with the relationship of the soldier to the applicant.

Relatives and dependents of soldiers are divided into two classes: "Class A" and "Class B," he said. "In Class A are the wife and children and former wife to whom alimony is payable. Class A relatives do not have to be dependent on the soldier in order to be eligible for a family allowance. In Class B are the parents, brothers, sisters and grandchildren of the soldier. All in Class B must be dependent upon the soldier for a substantial portion of their support in order to be eligible."

The figures

The draft board chief provided the following tables of the sums the dependents will receive after \$25 is deducted from soldiers' monthly pay:

One parent	\$40
Wife but no child	\$50
Wife and one child	\$60
Wife and two children	\$70
Wife and three children	\$80
Wife and four children	\$90
Wife and five children	\$102
No wife but one child	\$42
No wife but two children	\$52
No wife but three children	\$62
No wife but four children	\$72
No wife but five children	\$82
For divorced wife	Up to \$42
One parent and one sister, brother or grandchild	\$42
One parent and two sisters, brothers or grandchildren	\$47
One parent and three sisters, brothers or grandchildren	\$52
One parent and four sisters, brothers or grandchildren	\$57
One parent and five sisters, brothers or grandchildren	\$62
Two parents and six sisters, brothers or grandchildren	\$67
Two parents and seven sisters, brothers or grandchildren	\$72
Two parents, one sister, brother or grandchild	\$50

SOLDIER HELD IN SLAYING OF GIRL

BARTHOLOMEW, Tex., Oct. 9 (AP)—Military authorities charged Pvt. George S. Knapp, 25, with murder yesterday shortly after the death of eight-year-old Lucy Rivers Maynard, Bartlesville, and left to die, the child was found in a lonely ravine 24 hours after she disappeared on her way home from school.

If the charge against Knapp—that of violating the 22nd and 23rd articles of war—is found to be supported by sufficient evidence he will be tried by court martial, said Col. W. D. Branch, chief of staff of the 85th Infantry division at Camp Swift.

Knapp, former St. Paul, Minn., first was taken into custody on suspicion of automobile theft. Martin L. Anderson, Ayrton city policeman, arrested the soldier in a car recovered stolen last night from a Camp Swift officer.

Knapp was turned over to military authorities, who had been called in after his tracks near the scene were identified as those of a type used by the army.

Officers said the child had been dragged 50 feet and through a barbed wire fence to the spot where she was found. Parts of her clothing

DEMOS' LEADER FAVORS THOMAS

BALT LAKE CITY, Oct. 9 (AP)—Many Idaho Democrats who have the best interests of their state at heart are likely to vote for the Republican candidate for United States senator, says W. Scott Hall, state Democratic floor leader of the 1939 state senate.

"National issues are out of the campaign picture this year," said Hall. "We are in this war and must fight our way out, regardless of how we get into it, why we are in it or whether we should be in it. That question and its correlated issues are not debatable."

The Democratic candidate, Glenn Taylor, has proved himself a capable showman. He has twice won the Democratic nomination. But he is not a Democrat and members of the party know it. Judging from his public utterances, Taylor is a socialist.

"Neither does he represent the substantial economic interests of Idaho."

"On the other hand, Sen. John Thomas, the Republican candidate, is a farmer, stockman, banker and all three of those activities are closely bound into the welfare of the state. Inasmuch as Democrats can-

Governor to Attend 'Vol' Review Here

Gov. Chase A. Clark will attend the first "first day" inspection for the Twin Falls county battalion volunteer reserves. It was announced today by Maj. L. W. Wilson, battalion commander.

The governor previously had said he would "try" to attend the affair to be held at the Joyce park Sunday afternoon, beginning at 2 p. m. Maj. Wilson received the latest word in a letter from Col. Frank Martin, commander of the Idaho volunteer reserves and the Idaho state guard, who will be one of the inspecting officers here Sunday.

Lieut. Brock Pugin and Lieut. Art Timmons have been appointed aide to the governor while he is in Twin Falls Sunday.

The public is invited to the field day and inspection. There will be no admission charge.

not vote for a Democrat for United States senator. It is my opinion many of them will vote for Sen. Thomas.

HOUSE INCREASES RUBBER PLANTING

WASHINGTON, Oct. 9 (AP)—Advocates of guayule promise to exceed expectations as a wartime source of natural rubber, the house quickly voted yesterday to expand plantings of this shrub from 75,000 to 300,000 acres.

It approved a \$10,000,000 appropriation for cultivation of guayule by the agriculture department on plantations in California, Arizona, Texas and New Mexico. The senate also must act on the appropriation.

While the house was acting, a senate agriculture subcommittee heard behind closed doors testimony from Maj. Wendell Dove of the army on the possibility of getting needed natural rubber from South America. Details of his testimony were not disclosed, but Chairman Gillette, D. Ia., declared the group received "ample evidence of ample supplies."

The prospects for larger-than-expected production of natural rubber from the guayule shrub were disclosed with publication by the house appropriations committee of testimony from Dr. C. C. Cramer, assistant chief of the agriculture department forest service.

Looking for the \$10,000,000 for quick expansion of guayule cultivation, Cramer said the shrub produces 33,000 tons in the fall of 1941 instead of the 13,000 originally expected.

However, officials have repeatedly emphasized that the ordinary market does not expect to be able to get synthetic tires in the early future. Military demands will take all synthetic rubber that is produced for months to come.

him. He also may obtain for stepchildren, step-brothers and step-sisters or half-brothers and half-sisters, Capt. Seaver pointed out.

Soldiers Harvest Crop Given Them By Loyal Farmer

SEATTLE, Oct. 9 (AP)—A Woodinville farmer, Mark Anthony, decided he had harvested enough of his 23-acre crop to cover his year's work, so he turned the rest over to the army.

He called Edward M. Joyce, supervisor of agricultural operations of the war relocation authority.

"I believe in sharing," he said. "I like the army to have it."

Joyce relayed the message to Fort Lawton Major Clarence Eason, with four army trucks and drivers attached at Anthony's farm. They all pitched in to harvest nearly four tons of pole beans, 100 bushels of corn and other produce. A little later, Major Eason remarked:

"What I know about farming I've learned in the last five minutes. But I know good corn when I see it and that's all that counts."

Anthony said the suggestion of giving away his extra produce came from his son, Lieut. Arthur Anthony, who returned from Alaska on leave six weeks ago and now is taking special studies at the University of Washington.

"He helped with the money to get this crop in, and with fuel. He is a food shortage waster, shouldn't let anything waste," the father said.

Anthony and his two younger sons, now 16 and 19, could have harvested the crop. The family took the farm over last spring before the crops were planted, from a former Japanese owner.

THE FAB OF THE YEAR Change MAN STAYS THE OLD TOGS PARADE

Kansas Leads in Scrap Collection; Idaho Now 19th

NEW YORK, Oct. 9 (AP)—Kansas today had forged the lead by hard work as the 24 top states in the national scrap metal salvage drive led by the newspapers reported they had collected more than one billion pounds of iron and steel junk.

The tonnage being gathered across the country mounted hourly and the tremendous flow of old metal to the junk yards was illustrated by figures released yesterday by the newspaper-urged scrap metal drive committee.

The committee first announced that was in the lead and that total collection of 395,225 tons—700,450,000 pounds—had been reported by the state, but later in the day the committee had to revise the figures upward to 609,200 tons—1,217,700,000 pounds, an average for the group of 1935 pounds.

Most of the figures given by the committee were called.

Kansas by nightfall yesterday had topped Utah out of first place with a collection of 62,000 tons, 123 pounds for every man, woman and child in the state. Utah, now in second

place, had gathered 17,000 tons and 33 pounds per capita, with a population of only 550,000.

The third state in the national ranking compiled twice daily by the committee was Oregon, which was first Wednesday and up to date collected 15,000 tons, or 45.5 pounds per capita.

Idaho was in 19th place with an estimated 2000 tons, a per capita collection of 7.6 pounds.

OREGON STATE Beavers' March to Second Rose Bowl At Stake in Game

By DAN MCGUIRE
SAN FRANCISCO, Oct. 9 (UP)—Oregon State's march to a second Rose Bowl invitation pitfall will be in full swing or broken and disorganized by sunset tomorrow.

The Beavers meet at the twice-beaten U. C. L. A. Bruins in the Memorial Coliseum at Los Angeles and are favored to win by at least a couple of touchdowns.

But Coach Lon Stitzer, unimpressed by his team's victory over California last Saturday, gloomily reports that the ancient Beavers' record is 1-1-1.

Pointing out that the OSC backs do not play on the Bears' schedule, Stitzer wonders how they'll perform when they meet California.

Another game that may have a lot to do with the outcome of the Rose Bowl contest, is the game which the University of Washington plays against Oregon at Portland.

Stitzer is convinced a double edge for this traditional meeting. Oregon played yesterday's game with a new line of backs.

Stitzer seems to be the best guess as to what will happen when Crisler's Michigan Wolverines and Bierman's Washington Huskies meet.

When Bierman was at Minnesota, and particularly in 1941 when he had a championship team, he was probably the nation's most devoted disciple of hard attack.

Today, both Crisler and Bierman have strayed from their first loves. In fact, they are playing a more conservative game.

Until yesterday, with the arrival of the new players, few were aware that Bierman had concentrated his efforts on passing since he was the big flight-training school.

But the statistics show that the Huskies have a passing average of 513 completions, the best record of any eleven in the Midwest.

Crusler's team has led the surprising total of 39 passes in three games, completing 29. Michigan, in defeating Great Lakes and Oregon State, heaved 37 aerials and completed 18.

Just as a matter of fact, Bierman's Huskies won eight straight last season and threw only 63 passes in the last five games.

Crusler's team has led the surprising total of 39 passes in three games, completing 29. Michigan, in defeating Great Lakes and Oregon State, heaved 37 aerials and completed 18.

Crusler's team has led the surprising total of 39 passes in three games, completing 29. Michigan, in defeating Great Lakes and Oregon State, heaved 37 aerials and completed 18.

Carlson's 211 Average Tops Local Bowlers

Corly Carlson, one of Washington State's athletic greats of years gone by, has turned to bowling and is enjoying it.

After shooting a 35-36 on the golf course the other night, Corly came to town to bowl with his team—the Coon Colas, in the Major League and kept up his phenomenal work.

Second high average for the season for the three players now competing at the Bowldrome is the ace woman player, Ruth Rogers, who has a record of 182.

Top mark in the minor league is held by McDonald with a 184 mark.

Minor league — McDougal 184, Henry 166, Johnson 165, Eberhart 156, Wainwright 155, Smith 155, Lowry 154.

Major League—Carlson 211, Bringer 181, W. Johnson 181, Westergren 179, Red 177, Gish 174, Kowalski 172, Wolfe 170, Leitchell 170.

Major City League—H. H. 1600, Bowldrome 12, 9 1,600, Sweeney No. 39, 11 2, 201, Robinson Coffee Shop, 8 13, 667, Sun Cops 3, 9 258, Cline 2, 2 10, 167, Truitts 2, 8 200.

WCLA IN SATURDAY COAST HEADLINER

Arizona Leads Grid Teams in Yards Defense

CHICAGO, Oct. 9 (UP)—Arizona's Wildcats, who compiled a total yardage record in 1941, are operating on another track this year—stalling the opposition in 17 games they have allowed their foe to average 31.5 yards of gain, for the best defensive record in the nation.

The American football statistical bureau, in its first 1942 release, today has shown Arizona prime as a defensive team, followed closely by Vanderbilt, whose opponents averaged 27.5 yards in 20 games, and Illinois, which yielded 26.9 yards in each of two games.

Although pass defense means little in the statistical bureau's reckoning so early in the season, Arizona's 27.5 yards of gain to its 34.5 yard average in two contests.

Major coach in the Piler drive is the younger named Piler who has been doing things on the grid this year in the Big Seven conference that will open the Big Ten Saturday.

The youth can do just about anything a backfield split needs to and has been one team in the Big Ten of every team played by the Wild.

Coach Powers, to offset such speed in the backfield, has been very uncertain at noon today just when he is in the lineup.

Powers reported that some of the boys are having troubles—scholarship boys and the fastest youngsters in the backfield—but he was very certain at noon today just when he is in the lineup.

From there on it, says the coach, "The boys don't want to play." Powers stated, "Then I guess I can take a defeat or two."

Coach Art Boon of the Piler has indicated that Wolf and Vincent will start at ends for the Wildcats, while Blaine and Strick will play center and back in the backfield.

The game is scheduled to commence at 3 p. m. under the floodlights of the third consecutive Big Seven title.

Wyoaming's Cowboys, who have won their first game in conference competition, will open the gates at Laramie Saturday for Greeley State, Rocky Mountain conference affiliate.

Boise Favored To Win Over Caldwell Club

By The Associated Press STANBURY

Caldwell... Won Last Year... Boise... Nampa... Pocatello... Idaho Falls...

Joint claims of Caldwell's Cozgars and Boise's Braves to leadership in the Southern Idaho county playoffs will be settled in a grid debate at Boise Saturday when the two teams meet.

Caldwell, thoroughly trampled in last year's conference play, is making a determined bid for honors this season under the guiding hand of the Southern Idaho county playoffs.

Boise's Braves' encounter, however, will go into the game favorites over the Cozgars. The capital city eleven displayed plenty of power in a grid debate at Boise Saturday when the two teams meet.

Light Vandals Meet Teacher Eleven Today

CHENEY, Wash., Oct. 9 (UP)—Outplayed in the line by a 10-point-per-man average, the University of Idaho Vandals came to town today prepared to attempt an aerial drive to victory over Eastern Washington.

Never mind what gloomy clouds have to say about the future, do not be discouraged by it. The future holds forth either in the form of adversity or prosperity. All we can do is to believe that we can do it.

As usual, however, Stanton was not given the starting call at left half, the position longed for by Davi. Sophomore Wes Deitz who is appearing in place of Pyle.

From there on it, says the coach, "The boys don't want to play." Powers stated, "Then I guess I can take a defeat or two."

Coach Art Boon of the Piler has indicated that Wolf and Vincent will start at ends for the Wildcats, while Blaine and Strick will play center and back in the backfield.

The Sports Round-up

By HUGH FULLERTON, Jr.
Wide World Sports Column

NEW YORK, Oct. 9 (UP)—There hasn't been any great drop in attendance at Belmont park since the season slumps in racing.

Apparently it takes more than lack of transportation to discourage a fan who thinks he is a horse racer.

Although it was the first time in years that Pore Pire, National League pitcher, had to help celebrate a world series victory, he didn't join in the fun after the Cards won. He was home sick in bed.

SERIAL STORY

OF BRIGHTNESS GONE

BY HUGLY WATTERSON

COPYRIGHT, 1944, A. Service, Inc.

UNCLE BRUCE AGAIN
CHAPTER XXIII

She found herself reluctant to see Peter and his father because she felt Peter was a trick, born probably of long association and understanding, of seeing through her; and she had a feeling that this Harper affair would not bear too much inspection, would not make it appear to advantage in her eyes.

She would make no mention of anything but the old lady, of course; but would trust to luck that he had never heard of the grandson or would attach no significance to his going along with them if he had; but she would have preferred not to have to say anything of it at all.

She rode a bus over to the modest little flat on Henley street with the neat sign in its front window, PETER FRAZIER, M. D., where Bruce now lived with Peter. After the rain, the bell she could hear Bruce's football, first a firm step and then a dragging one that was the aftermath of the recent stroke that had partly paralyzed his left side.

Bruce opened the door, wide. "Well, stranger!" he said, giving her a quick hug. "Where have you been keeping yourself, old girl? On a case, as usual," Candace said, smiling. She followed her nose to the kitchen, sniffing hungrily. "Something smells awfully good. Am I invited to stay for lunch?"

"You sure are," Bruce said heartily. "Best stew I try to make things that will heat up in a hurry, just in case the boy ever does get a chance to come home for a bite to eat."

"How is Peter? Still working so hard?"

"Bruce groaned. "That boy just about drives himself to death, but I'm proud. He doesn't talk, think or dream about anything but medicine. Seems to thrive on it, though. He's been trying to get in touch with you, by the way. Some case he wanted you on."

I've simply run off and deserted you, now that you're in trouble."

Candace guessed that her son had really been a rascal to Bruce. He had managed after work, by dint of turning over life insurance and all other available funds, to satisfy all of his creditors; he had come out of the thing with honor, if with nothing else.

Father and son were alike as two peas in a pod. Candace thought with impatient admiration of Bruce rising up to the rescue for the sake of a scruple, Peter having for no money and no little thanks. Impractical idealists, both of them. They needed someone to take care of them. Maybe this girl Peter was marrying would be the one to do it.

An uneasy thought struck her. Bruce was happy here, she knew, he felt himself to be needed and useful. What if this strange girl were to find him in the way? She knew that Peter himself looked on his father's stroke in the nature of a blessing, it was to her he had made use of to pry Bruce loose from a hopeless situation, a losing fight against insurmountable odds; but what if his wife were to resent having him about, a half-invalid who might at any time become a heavy burden?

Consumed with curiosity about the girl, Candace said and planned to ask at the first opportunity. "What about this girl Peter's marrying? Will it be able to, h. k. her?"

"Casually, as though it didn't matter. Now, she found, she could not. She was afraid that she might somehow convey her uneasiness to Bruce and the doubt went to be the one to make him feel insecure, possibly unwelcome."

you get over here seldom enough. Can't you run in some evening this week?"

Candace said, with a fine simulation of innocence. "I haven't even forgotten to mention that I'm going away! With the elderly lady I'm taking care of now." She added, "To Nassau."

"That's fine for you, child," Bruce said heartily. "She could see that he was puzzled by her secretiveness. "You'll certainly try to see Peter before you leave. For how long?"

"We're leaving tomorrow," she said. "So I don't think I will see Peter. But it'll be for only a month or so," she added lightly. "I'll be back before our busy he even realizes I've left."

She slipped out, thankful that she had missed seeing Peter and avoided his possible questioning thereby; feeling at the same time lonely and dissatisfied too.

When she got back to her apartment, Mrs. Frazier also saw that some packages had been delivered while she was out. In the corner her steamer trunk, still open, waited for what they contained; all other luggage was packed and strapped, ready to go.

One of the packages, she knew, held an evening gown that had required some minor alterations; she unwrapped it quickly and tried it on.

It proved to be a bad move. The last time she had worn evening clothes had been the night when she'd dropped up, so confidently, to lay her present at Martin's feet, she hadn't worn them since. Instantly memories rushed in, scalding her. She tried to escape from the pain of the past by looking ahead; she forced resolutely a future that promised to be, if not dull, rather on the drab side. . . .

She became nervous with something like relief that for some minutes the doorbell had been peeping insistently in the back of the house denouement; she heard the door open finally and a man's footsteps prowling about. She opened her door to investigate.

"It'll be disappointed he mislead you," Bruce said. "Lead know"

SOLDIERS ASK FREEZE OF FARM LABOR FOR NEXT 90 DAYS

EMPLOYMENT ON RANCHES DROPS

WASHINGTON, Oct. 9.—Fifteen farm state senators, including Thomas R. Ina, petitioned Selective Service Director Hatcher today to freeze dairy and livestock workers on the farms for the next 90 days to prevent "irreparable injury" to food production and the general manpower control program is worked out.

"We are convinced that specific action to halt the continuing drain of manpower from our livestock and dairy farms cannot be delayed longer or without seriously impairing the whole war effort," they declared in a letter circulated by senators John R. Minn, and Hiram D. Mich.

The number of farm auctions is growing rapidly and hundreds of the dairy herds are being sold or slaughtered because the owners cannot find the help necessary to continue operation. Unless the trend is halted immediately, a crippling reduction in food production will occur.

Farm Workers Drop

The census bureau reported last night that agricultural employment had declined to 22,000,000, a drop of 1,000,000 between August and September, and Chairman Donnell M. Nelson of the war production board declared the time was rapidly approaching when the government must direct the work of the farm.

"There is an 'outside limit,'" Nelson said, "it is a question of constant adjustment. Women are being pulled into war industries and other sources of manpower are being tapped but sometime we will reach the bottom of the barrel."

He said, on how large an army can be equipped and supplied.

Ask Deferral

Specifically, the 15 senators asked Hatcher to direct all local selective service boards to freeze for 90 days all men engaged in either dairy or livestock production on farms which produce or process products needed immediately and the men ordered to report for induction if they fail to do so within the 90-day period.

The senators stressed that such a directive would be only a temporary measure to meet an immediate need and would be replaced by a permanent policy as soon as an adequate program for the selective service use of our available manpower is adopted.

Two manpower control bills have been introduced in the senate, neither is believed to be entirely acceptable to the administration, whose leaders indicated they expected a message from President Roosevelt on the subject of the bill, after congress finally disposed of the tax bill.

New Caledonia Beauty Parlor for Army Nurses

Over in New Caledonia U. S. army nurses find time to relax and primp. At top a group is examining in a fountain hot night for a possible retreat from Stalingrad, where the red army's staunch defenses have remained for weeks and are held by the thousands for 45 days of flaming battles.

Over in New Caledonia U. S. army nurses find time to relax and primp. (All pictures passed by army censors)

FSA PROGRAM IS ALL-OUT ON FOOD

All-out war food production for every farm in Twin Falls county is the goal of a wartime program assigned the farm security administration by Claude R. Wickard, secretary of agriculture, it was announced today by Len Wieman, county farm administrator.

Wieman returned from a two-day staff meeting at Idaho Falls, where the new food for freedom orders were received.

"Farm labor and equipment shortages are already handicapping food production of many large operators in this area at a time when food rationing is already a possibility and the food needs of our armed forces factory workers and lend-lease are increasing," Wieman said. "Only the farmer with family labor, land and experience to add to the effort can help meet the country's need for food demands."

Wieman said that food for freedom loans are now available to every farmer in this area who can increase production of foods for home use or market, and is unable to secure necessary funds from local banks or production credit associations.

Loans can be made for livestock, feed, seed, equipment, cooperative services, and building repairs, and the amount of funds available this year is "less than last year, an attempt will be made to reach more farmers with smaller loans."

WEATHER FAVORS ALL FARM WORK

BOISE, Oct. 9.—Temperatures in the just week in Idaho averaged considerably lower than the weekly average, but weekly averages were well above normal for this time of year, the U. S. weather bureau said today.

The weather bureau was reported at most stations at higher elevations in the south, but no change was reported. Light rains were general over the northern portion of the state.

Best during the weather during the week was favorable for all farm work. Seeding of fall grains continued and early seed was up to good stands with rates improving the stands in the north.

Best during the weather in Idaho has started in some districts with the yield reported lighter than last year. Late potatoes are reported light but of good quality. Unirrigated pastures and ranges are dry and in good condition, the department reports.

TWO FLIERS KILLED

MONROE, La., Oct. 9.—An officer and a non-commissioned officer of the Monroe Air navigation school were killed shortly after noon yesterday in the crash of a two-place primary trainer plane in a field eight miles west of Abbeville.

SENT TO AIR BASE

EDEN, Oct. 9.—Howard O. Fry, who enlisted in the navy in July, is now at the air training school at San Diego, his brother, Nare, is in technical school at Sioux Falls air base.

HELD FOR MURDER

CHIEFENNE, Wyo., Oct. 9.—A sergeant in the medical corps at Fort Warren, was charged with first degree murder in connection with the fatal stabbing of his wife, Evelyn, July 25, in an information filed in district court yesterday by County Attorney Donald M. Stittines.

FARM FOR SALE

BILL COOPERLEY

411 4th Ave. N. Ph. 41-1

Student, 16, Goes to School And Does Real War Job, too

BY MERVIN SHOEMAKER

Bob Oslund is a war worker. Yes, that's the way Bob Oslund—who is a junior in Twin Falls high school, the son of Mr. and Mrs. A. P. Oslund, 1534 W. Madison, can't you spell that "War" with a capital W.

Bob, who is 16 years old, is a draftsman for the Idaho Manufacturing company, which has received war contracts for a total of \$120,000 since it was formed by four local companies pooling their resources to produce war materials. His own contribution of the Self Manufacturing company, where he worked during the same capacity during the summer.

He Really Works

He is making good because he has a job in the war. He is the youngest of an uncle who is an engineer, a year of training in high school, and an old-fashioned capacity for work that he doesn't seem to be ashamed of.

Oslund is one of the youngest fellows in the community. If not the youngest, to have such a responsible and important job in a local bank or production credit association.

Loans can be made for livestock, feed, seed, equipment, cooperative services, and building repairs, and the amount of funds available this year is "less than last year, an attempt will be made to reach more farmers with smaller loans."

Part for Ship's

Although situated hundreds of miles from salt water, the Idaho Manufacturing company is making many parts for ships that will give the ocean lanes with supplies for the United Nations. The company makes these ships by modern prefabrication, assembly line methods—each of the parts needed, and then installs them when they arrive. When a Times-News interviewer called on Bob, he was marking one of the many castings needed to produce a skylight lifting gear.

And that is only one of the thousands of odds and ends that go to make up a sea-going cargo carrier. Bob has done quite a bit about ships, as a student, even if he does go into mechanical engineering.

Bob Oslund isn't far from school at high school, where he is carrying advanced algebra, chemistry, English and American history. "I just don't have time," he said. "But I do hope sports, I like to kick in the winter."

40 Hour Week? Pooh!

And you're inclined to take Bob's word for it when he says he is too busy for athletics at the moment. You remember that last week there were various presents determined to take the 40-hour week regardless of how many was the date of battle or the fortunes of war.

Do you know how much time this proud young war worker spent bending over a drafting board last week? About that, remember, was after school hours and on Saturday, just an even 40 hours!

Scouter Session Delayed to Nov. 8

The planning conference, which some 20 officials of the Snake River area council of Boy Scouts were expected to attend at the Twin Falls county courthouse at 2 p. m. Saturday, has been postponed. Dr. R. C. Matson, district president of the council, announced today.

The conference has been tentatively set for Nov. 8.

While President Matson gave no reason for the postponement, it was learned from another authoritative source that W. R. Whildon, Portland, deputy regional executive, would be in the territory possibly about Nov. 8 and consequently a meeting at that time would give all the Scout leaders a chance to hear him.

The program for the season will consist of one general meeting with Dr. Matson presiding, and six group meetings.

DELICIOUS ALBERS OATS IS A RICH SOURCE OF PEP-UP VITAMIN B1!

Enjoy the new Improved flavor of Albers Oats—either Quick or Old Fashioned. It cooks up like full-bodied, creamy, colorful—and usually thick—to serve, soup.

The best natural source of pure Vitamin B1, this type of food is among those recommended in Uncle Sam's National Food Rules to make America eat. Serve it—eat it—often!

Keeps tm going till noon!

Albers OATS

Scouter Session Delayed to Nov. 8

The planning conference, which some 20 officials of the Snake River area council of Boy Scouts were expected to attend at the Twin Falls county courthouse at 2 p. m. Saturday, has been postponed. Dr. R. C. Matson, district president of the council, announced today.

The conference has been tentatively set for Nov. 8.

While President Matson gave no reason for the postponement, it was learned from another authoritative source that W. R. Whildon, Portland, deputy regional executive, would be in the territory possibly about Nov. 8 and consequently a meeting at that time would give all the Scout leaders a chance to hear him.

The program for the season will consist of one general meeting with Dr. Matson presiding, and six group meetings.

GERMANS BELIEVED PREPARING TO RETREAT FROM STALINGRAD

NEW YORK, Oct. 9.—The German propaganda machine laid a foundation last night for a possible retreat from Stalingrad, where the red army's staunch defenses have remained for weeks and are held by the thousands for 45 days of flaming battles.

"The Meigs for Stalingrad has been changed," said a broadcast by DNB, the official news agency, quoting "military quarters."

"The strategic objective at Stalingrad already has been achieved," DNB declared, "it is no longer necessary to send German infantry and a built engineer unit to the battle. The fighting forces will now be concentrated to heavy artillery units and 'sniper' units."

A Russian counter-offensive has been prepared heavily against the German left flank from the north on the steps between the Volga and the city and was even before Hitler's speech of eight days ago when he said that Stalingrad would be captured—you may rest assured.

"The very fact that 'military quarters' in Berlin were quoted as indicating that the city of Stalingrad might be lifted was a faint indication that the military had taken over the situation, despite Hitler's latest promise.

The broadcast, as heard by the Associated Press, listening post, contained the following: "It is pointed out that every day the city of Stalingrad, where the local 'batteries' of greater extent are taking place, the Germans are holding the initiative."

"The announcements of the German high command during the last few days speak of attacks, madly."

RUMORS BLAMED AS HITLER AIDES

BOSTON, Oct. 9.—A "flood of vicious rumors" is circulating throughout the United States, according to the aide, Robert H. Knapp of the propaganda research division, Moscow office, who is in charge of the office's committee on public safety, reported today.

A nation-wide analysis of false stories, based on reliable sources, reveals that in barbers shops and over back fences, by all, showed that "The most effective propaganda that Hitler has in America today is the lying press."

"It is the flood of vicious rumors, which are being spread by otherwise loyal Americans, rumors directed against our allies, our government, and racial and religious minorities in our country."

He said in a statement that the common types of rumors found in the survey were:

- Anti-administration, 21.3 percent;
- Anti-army and navy, 19.4 percent;
- Anti-semitic, 12.4 percent;
- Anti-union, 7.2 percent;
- Anti-fifth column rumors, 6.7 percent;
- Unreliable action, 5.7 percent;
- Anti-Jews, 4.8 percent;
- Anti-Negro, 3.1 percent;
- Anti-labor, 2.2 percent;
- Anti-Soviet, 2.1 percent.

Knapp said the "war news" shows a high frequency of direct-driving rumors, particularly of those against both business and labor.

Wendell Jamboree

WENDELL, Oct. 9.—Games, sports, fortune tellers and con games will feature the Jamboree at the high school Saturday night, a carnival under auspices of the student council.

CANADIAN ABIDE U. S.

HOLD EVERYTHING

The following information is being held for your information:

Communications Training Offered

A communications training course open to qualified men and women was announced here today by Dr. E. Abshire, Gooding, chief aircraft communications instructor.

Applicants must be between the ages of 17 and 40, of acceptable physical condition, and men must be of high school caliber. Training will be given in Seattle, and students will draw \$1400 per year, and subjects will be taught in radio, telephony, telegraph, weather observation, aircraft contact work, broadcast and communication procedure.

Courses satisfactorily completing the course will be assigned to positions paying \$2000 per year, and are expected to be eligible later for jobs paying \$1800 a year.

Those interested may file applications for junior aircraft communications training positions at their nearest civil service commission office.

DAIRYMAN IN AIR CORPS

WENDELL, Oct. 9.—For nine years a dairyman, I. L. Dunham, a captain in the army, was assigned to a post in a Losby field in Denver, where he was active duty in the air corps. He held the rank of major, and was with him, and his son, James, left for Germany to remain with his grandparents, Dr. and Mrs. A. Kendall, until the Dunhams are more permanently settled.

Snake charmers do not charm snakes. They merely take and accustom them to handling.

"Some play, eh, Jocko?"
