He said Britain has air command over the northern coast of France and has proved that her planes can attack Italy by day and night.

SOLOM RAPS AT MARITIME UNIT

WASHINGTON, Oct. 30 (AP)—Senator Allen R. Allen today charged that the maritime commission had "frankly dissipated and misused" public funds, and urged a congressional investigation.

Declaring that some of the commission's transactions "appear to go beyond the realm of dissipation," Allen said:

"They smell to high heaven of rank incompetence and collusion with private interests, low kick the maritime commission and its chairman (Rear Admiral Emory S. Land) should be held accountable."

In a letter to Chairman Walsh, D. Mass., of the senate naval committee, Allen said: "From a review of material which has come before me, it appears that:

"(1) The United States maritime commission has paid exorbitant and outrageous prices for old and obsolete ships;

"(2) It has paid unwarranted subsidies for construction based on foreign costs after foreign competition ceased to exist;

"(3) It has paid operating subsidies after foreign competition virtually ceased and even increased the amount of operating subsidies while foreign competition was rapidly decreasing;

"(4) It has spent millions of dollars in subsidizing ships for private corporations, particularly in the Steamship company owned by the Aluminum company of America, when these ships were constructed primarily to carry the goods of the corporation itself;

"(5) It has failed to collect 25 percent down payment on all ships sold; although required by law to do so, it has, through its agent, failed to do so;

"(6) It has been a party to transactions whereby it has sold ships, both completed and under construction, to private corporations, which have thereupon, in accordance with understandings had with the commission before it, transferred title, resold the same ships to the navy at higher prices which were not justified by increases in value.

"As a result of the maritime commission's extravagant and mercenary handling of the merchant marine, American taxpayers have been virtually robbed of \$50,000,000."

Dam's Building Operations May Continue Year

BOISE, Oct. 29 (AP)—Operations at Anderson dam will continue "at least six months and very likely more than a year," Project Manager V. A. Roberts said last night.

The dam is in no condition to be shut down and the U. S. bureau of reclamation agreed that work must continue," he said.

The war production board has ordered the priority rating assigned the project be revoked as an emergency measure.

The WPB order provides that all work ordered to close be kept open for a period of time in case of emergency," Roberts said. "Anderson dam is such an emergency" and between six months and a year will be needed before the project could possibly be closed.

He said work on the \$11,000,000 power and irrigation project would continue primarily of building an earth fill for the dam, and few if any critical materials are being used. The fill, however, would be required rapidly if work is not continued, he said.

Famous Novelist Begins Career in Army as Private

SAN FRANCISCO, Oct. 29 (AP)—William Saroyan had taken up the life of an army private today with the entrance into the army to write the greatest war novel—"from the inside."

"My career's all right," he said with a sweeping gesture toward his fellow soldiers cowering aboard a train, he added. "You may not realize it, but this is a war. It's a war in people—intense."

The 24-year-old writer from Fresno, who rose to literary heights with his "Man on the Flying Trapeze" and others, thought the army would be a fine experience for him. He said he had been fighting war since he was a little boy, anyway, so "I'm an old campaigner."

Saroyan looked at the men saying their good-byes.

"They're old campaigners," he said. "I'm scared, too. That's what makes a good army. You have to be scared. Fear is an integrating force. It's a terrible apprehension that makes all this reality."

WPB RESTRICTS SIZE OF HOMES

WASHINGTON, Oct. 30 (AP)—The production board today issued orders that a code of building standards restricting the size of new homes and the use of scarce lumber and metal, which must be followed in all future dwelling construction, will be put into effect.

The board said again will be given private builders, it was stated, upon completion of an overall review of materials, supplies and the need for additional defense housing.

Effective at once, construction of single-family houses is forbidden except where there is "definite and immediate need" for this type of housing and then only if water, electricity and other utilities adjoin the property.

Use of lumber is forbidden for outside walls, except where masonry materials or labor are unavailable.

WILLKIE RENEWS ALLIED AID PLEA

NEW YORK, Oct. 30 (AP)—Wendell Willkie renewed his plea for increased aid to our allies in the night in his second radio address since returning from his world tour.

Speaking on the "March of Time" program over the NBC coast-to-coast network, the 1940 Republican presidential candidate declared that "Russian production alone is not enough" and said that "we must aid them with increasing supplies if they are to hold that hard-fought front, which is ours as well as theirs."

Willkie also told of talks with American friends in China. He said they are "healthy and fit, but frustrated and impatient because they have so few planes and bombs and such a big opportunity."

Willkie spent part of the time during his short speech giving thumb-nail sketches of some of the fighting leaders he met on his travels.

Of the Russian leader, Joseph Stalin, Willkie said that "one's first impression is that he is short, stocky and solid. One quickly comes to realize, however, that he has a rough-and-tumble sense of humor, and the thing one finally remembers most about him is the clarity of his mind."

Willkie said that Gen. Bernard Montgomery, who at the time of the combined British and American offensive in Egypt, was a "quiet little Irishman" with a "firm grip" of his command right at his fingertips.

Remount's Weaknesses. He said that he asked Gen. Montgomery about his desert opponent, Gen. Rommel, and that "one's first impression is that he is a very general. He is an extremely able general. But he has a weakness—a tendency to repeat his tactics."

Willkie described Generalissimo Chiang Kai-shek as "a true Christian soldier in the end. He is a rough-and-tumble man, but he is a true Christian soldier in the end. He is a rough-and-tumble man, but he is a true Christian soldier in the end."

After telling of the needs of American fliers in China, Willkie said that their leader, Gen. Claire Chennault, "is adored by the Chinese people and has probably done more for friendship between the two countries than any other single person."

WORKERS ASKED TO VOTE. WASHINGTON, Oct. 30 (AP)—Secretary of War Stimson, Secretary of the Navy Knox and Chairman Donald Nelson of the war production board had issued a joint appeal today to all war plants to aid their workers in getting time to vote in next week's elections.

FAMOUS AUTHOR VISITS GOODING

GOODING, Oct. 30—Dr. Howard H. Driggs, head of the English department, New York university and a well-known author, has departed after visiting his brother, Burton W. Driggs, superintendent of the state school here.

Dr. Driggs, who was en route to Baker and Portland, Ore., and Vancouver, Wash., is associated with American Trails associations and is assisting in organizing units for preservation of the story spots of America.

In Baker and Portland, Dr. Driggs will speak before units of the association.

Books Sold for \$1,000 Each. Deluxe volumes of his recent book "Westward America," sold at \$1,000 each. The next edition sold for \$100 each. The last edition of \$100 was the last at \$5. In all 5,000 volumes were published.

Paintings copied for the book sold at \$1,000. The artist worked across the continent 75 years ago taking photographs from which he painted the pictures. The artist, William Jackson, died recently in New York at the age of 90.

All money derived from his sale has been donated to the trails association.

Dr. Driggs said Idaho has an abundance of historic spots but is going to preserve them which he has named included the Old Oregon trail crossing at Glenns Ferry and the spot in northern Idaho where Lewis and Clark made their camp.

Organizing Units. One unit of the trails association has been organized at Pocatello and Dr. Driggs is hoping to start a group at Boise. He said that the unit does much toward marking historical spots.

Failure of Idaho to preserve its historic places, Dr. Driggs said, was because so many mid-western people had come into the state who did not know its early history.

Idaho is rich with Old Oregon trail spots that should be marked, he said. "The Snake river was one of the greatest hazards in all western migration, and is a tremendous colorful." He said that Boise and Old Soldier, above Fairfield, have many story spots.

Dr. Driggs has been affiliated with the New York university for 20 years. He is also the author of 15 pioneer story books. He has been granted a year's leave of absence from the university to concentrate on his present work.

Dr. Driggs showed color films taken along the various western trails to friends of the Driggs family and to members of the state school faculty. He later talked on "Developing Self-Expression in Handicapped Children."

PUPILS COLLECT 1,500,000 TONS

NEW YORK, Oct. 30 (AP)—A million and a half tons of iron and steel was collected today by the 30,000 school children of the United States and their part in the scrap collection drive.

The American Industries Salvage committee said that figure, which the children picked up between Oct. 1 and Oct. 24, was only part of the total.

The committee figured the scrap was equal to 150 of the 1,000-ton liberty ships of the type a representative from each state will contribute as a reward in the scrap collection contest.

Highest collection reported to the committee was that of 25 students of Union high school at Langola, Ore., 4,848 pounds for each student.

Mapleton high school in the same state reported 3,918 pounds per capita for its 48 students.

Other high marks were reported by Wealey school, in Madison county, Ark., with 57,591 pounds for its 27 pupils. Ninety students of Okmulgee, Okla., averaged 1,218 pounds each.

The partial totals included 620,580 collected by Canton, Ohio, schools; 540 pounds per capita for the top 25 St. Louis, Mo., schools, and an 825-pound average from the best St. Louis county group.

The drive, proposed by John W. Studebaker, U. S. commissioner of education, with war production board approval, will permit students of each state to select a name for a liberty ship.

Absentee Votes Ruled Valid if In Regular Mail

BOISE, Oct. 30 (AP)—Attorney General Bert H. Miller ruled today that absentee ballots reaching county auditors' offices must be counted in an election regardless of whether the ballots were sent by registered mail.

In an opinion prepared for Ray E. Durham, prosecuting attorney for Nez Perce county, Lewiston, and written by Assistant Attorney General Charles B. Stout, it was held that the provisions of the election laws requiring return of absentee ballots by registered mail are directive and not mandatory.

These provisions, the opinion held, "should be complied with, but the failure to do so should not in our opinion, justify the rejection of the ballot."

Copies of the opinion are being sent all county auditors in time to reach them prior to the election next Tuesday, Miller said.

Sabey Driggs, Ensign Pingree Soon to Wed in Eastern State

GOODING, Oct. 30.—Supt. and Mrs. Burton W. Driggs of the state school for the deaf and blind have announced the engagement and approach of marriage of their daughter, Miss Sabey Driggs, to Ensign David Rollins Pingree, New York City. The announcement was made at a dinner party at the Driggs home where the guest of honor was Dr. Howard B. Driggs, New York University, at whose bedside, L. I. home the young people met.

At present Miss Driggs is on the faculty of the American School for the Deaf at West Hartford, Conn. where she has been for the past two years. She received her degree from the University of Idaho from which she was an honor graduate in 1940.

Ensign Pingree is the son of Mr. and Mrs. David Pingree, Salt Lake City, Utah. He took his A. B. degree at Stanford University where he was a member of Sigma Nu fraternity. He received a scholarship to Harvard's school of business administration, graduating with an M. A. degree.

Soldiers to Be Feted at Novel Halloween Party

No juvenile antics, but a Halloween party, streamlined to fit the American scene of 1942, will be the gala event Saturday evening, Oct. 31, at the USO recreation center.

The Y-Cadeia, business and professional young women group of the Y. W. C. A. will be hostesses to the military police company stationed at the Hunt recreation center, and the soldiers from Wendover.

Dolceux Tidbits
Large bowls of shiny red apples and popcorn will be arranged for hostesses and guests to nibble on throughout the evening, and a punch bowl will be served.

Mixer dancers will be conducted throughout the evening, interspersed with program numbers, and at the close of the evening just before refreshments are served there will be a concert singing by candle light.

The "old song" the favorite songs, that everyone knows, will be harmonized. Many of the 40 members of the chrysanthemum and red carnations are all learning to take part in community songfests.

This will be one of the club's major projects for the war duration—building morale through song. The club will be well known for its singing at community events and organization meetings, according to Mrs. Kenneth Henderson, Y-Cadeia sponsor.

Entertainment
Novelty entertainment numbers will include selections by a sextet, who a few years ago distinguished themselves in local music circles as the Blue Notes.

Miss Amy Bellamy, newcomer to Twin Falls, will sing a solo, and Miss Lillian Laubenstein will present a humorous recitation.

The refreshment table will be centered with a pumpkin cake, driven by a coquettish fashioned from the bride's hair, and a bowl of punch and cider in the refreshment bowl will form the centerpiece.

The Y-Cadeia will leave the recreation center at 11 p. m. according to USO regulations.

Hailey Faculty
Member Joining
Navy Nov. 10th
HAILEY, Oct. 30.—Mr. and Mrs. John L. Kelly were guests at a party given by the Hailey faculty in the high school building.

Games were played, a short program was given and the band played several numbers.

Mr. Kelly was presented a witty waltz in appreciation of his service as school band leader during his stay in Hailey. A clip was presented to Mrs. Kelly.

Mayor's Grandchildren Join Idaho Octoberites

Two grandchildren of Mayor Joe Koehler, one of the Octoberites, who annually celebrate their October birthdays at a dinner party, were added to the roster when the group met recently at the home of Mr. and Mrs. T. J. Lloyd for this year's event.

They are Rehon Lloyd, born Oct. 19, 1942, and Max Koehler Lloyd, born Oct. 15, 1941, in Washington, D. C., the children of Mr. and Mrs. Max Koehler.

Lloyd Rejected
Mr. Lloyd was rejected president of the Octoberites; Joe Shouse was named vice-president, and Mrs. John Thurgood, West Point, Utah, was elected secretary-treasurer.

C. A. Botsford, Republican candidate for governor, was invited to be present, but was unable to attend his birthday anniversary in October.

Sixteen guests attended, including Mrs. Thurgood, who is visiting here from Utah. West of her relatives are Octoberites, also announced.

The harvest and Halloween motifs were combined in table decorations, and a decorated birthday cake, presented by the group, was the center of interest during the dessert course.

Girls' League Plans 1st Halloween Dance

The first Halloween dance in the history of the Girls' League will be held today at 7:30 p. m. in the Twin Falls high school gymnasium.

All units, senior, junior and sophomore, and the G.A.A. have all been working together to make the frolic a success.

Party Committees
Miss Betty Edmondson, president of the G. A. A., has charge of decorations assisted by other members of G. A. A. Miss Pat Dwyer is in charge of dance with 20 sophomore girls aiding her. Miss Dorothy McClain is in charge of refreshments.

Miss Helen Tinker is chairman of the program committee which will include Miss Eva Stoklos, Miss Ophelia Stoklos, Miss Joan LeClair, Miss Virginia Beale, Miss Kathleen King, and Miss Veda Petersen. Miss Dorothy Krenzel heads the committee for games; Miss Valeria Gates, Miss Margaret Prater, and Miss Betty Graves have charge of prizes.

Miss Helen Miner, Miss Bernice Babcock, Miss Josephine Throckmorton, Miss Georgia Dean, and Miss Madeline Garvin will be the judges for the funniest costume and the most original one.

Grand March
The grand march will be led by Miss Celestine Blum, league president, after which all girls will be divided into groups and games and dances will be held.

During the dance an orchestra including Richard Smith, Fred Harnden, Bill Merritt and Reno Tinsley will play.

Several Couples
Marry at Burley
BURLEY, Oct. 30.—Fulton R. Brightwell and Miss Oleta Kyle, both of Burley, were married here Oct. 27, with Justice Judge Henry W. Tucker officiating; and Bernel K. Kyle and Miss Jean Clark, also of Burley, were married at the same time. Mrs. Harold Gibson and Mrs. Edna Hoffman witnessed the weddings.

Robert McKinnis, and Miss Katherine B. Lee, both of Portland, Ore., were licensed to wed on Oct. 27 and were married the same day at Judge Judge Tucker, with Mrs. McKinnis and Miss Sylvia McKinnis witnessing the ceremony.

Guests were Mr. and Mrs. Jess Osborn, grandparents of the bride, and her daughter, Miss Glen Osborn, and Mr. and Mrs. H. A. Severin, Mr. C. A. Fraser, and Mrs. Miller Merritt.

Mr. and Mrs. Miller Merritt, in charge of the study topic, discussed Brazil. Miss Jewel Jones, Kimbrell, accompanied by Mrs. O. P. Duvall, sang a selection.

Other members of the hostesses included Mrs. Earl Bell, Mrs. Earl Weaver, Mrs. E. W. Carpenter, Mrs. H. A. Severin, Mr. C. A. Fraser, and Mrs. Miller Merritt.

RICKY EXPECTED TO NAME BLADES AS 'DODGERS' MANAGER

Leo Durocher May Quit to Enter Service

By PAUL SCHEFFEL
NEW YORK, Oct. 30 (U.P.)—Branch Rickey, new president and general manager of the Brooklyn Dodgers, probably will name Ray Blades as 1943 manager, his first big move in a plan of strategy designed to rebuild his new charges into a streamlined 1943 contender.

It might be just coincidental, but the close friend and pupil of Rickey, quit his post as coach with the Cincinnati Reds just as the former Cardinals' boss was chosen to manage the Dodgers.

His first chore as the one-man Brooklyn brain-trust will be to attend the major league draft meeting in Chicago Monday but his most pressing task will be the choice of a new manager.

Rickey said that the possible return of Leo Durocher, current pitcher, to his regular position had not been forgotten.

"However, I am under the impression," Rickey said, "that Durocher plans to enter some branch of the services shortly but I will not know definitely until I return to St. Louis."

Rickey admitted that the draft status of the new manager would be a product of the St. Louis club and he has his belief that all men currently in 3-A face induction sooner or later.

Other candidates for manager of the Dodgers also include Fred Fitzsimmons, Chuck Dressen, Bill Shotton, Billy Herman and Bill Baker.

Blades' record as manager of the Cardinals—they finished second in 1939 and third the following year—was not imposing but he is a capable manager. An injury cut short his major league playing career and after a few seasons of minor league play he retired. In 1932, he guided Columbus to its first pennant in 1935. He piloted Rochester in 1936-37 and led his last tenure with the Cardinals, managed New Orleans in 1941.

Savold Meets Mauriello in Heavy Battle

NEW YORK, Oct. 30 (U.P.)—It won't make much difference to Joe Louis, but Tim Mauriello and Lee Savold are going to have a heavy battle on the main card tonight in the first step toward crowning a "durable" champion for the heavyweight title.

"I'd be a fool to let it go," said Lou Little. . . "They're both good teams. . . I will say we should have done better against the Red Cross when we were trying for our third national title. . . Card Manager Lauds Team At "Panning"

By JUDSON BAILEY
NEW YORK, Oct. 30 (U.P.)—Billy Southworth had paid a penalty today for his St. Louis Cardinals winning the world championship of baseball.

He was added to the list of famous fall guys of the Circuit South and at a "panning" lasting four hours was barbecued till his face was red and his life's history was bare—although not bare fact.

The peppery pilot of the first Birds finished stronger, however, than his tormentors, chief of whom were Major Harold G. McPherson, former general manager of New York and president of the club, and Illinois native Tex Orourke, widely known manager of the Cardinals.

Pringles Ball Club After they had finished heckling him, they had decked him out like a deck of cards. Literally, Southworth was allowed to "pay a few words in self defense" and spent half an hour prying his ball club.

"We had a great ball club," Southworth said, "and I was proud of it. I had a lot of strong armers with strong arms and strong legs and fast legs."

He said that when young Stan Musial came to the plate with the bases loaded in the ninth inning of the first game of the series, he had realized how this rookie would have come through with a homer with the bases loaded. . . "I'm sorry to say he didn't, but if he had we might have won in four straight."

2 Aides Will Guide Bears For Halas

CHICAGO, Oct. 30 (U.P.)—Two members of the Chicago Bears coaching staff, "Hunk" Anderson and "Red" Pyle, have been appointed by George Halas to guide the team for the duration of the war.

Halas, founder of the Bears 21 years ago, will enter active duty in the navy Sunday as a lieutenant commander at Norman, Okla.

Anderson, who has been coaching club at Notre Dame on the death of Knute Rockne, but resigned to coach the Bears in 1935, has held head coaching positions at St. Louis University and North Carolina State.

Johnston played end for Northwestern without gaining great distinction. He was a three-time coach for the Bears in 1925 after eight years as an active player.

Game Advanced to Beat Rationing

STATE COLLEGE, Miss., Oct. 30 (U.P.)—Mississippi State and the University of Mississippi won't be playing their annual football game Saturday, Nov. 7, because of rationing.

School officials announced the shift in dates yesterday.

Fate of Big Six Will Be Decided At Saturday Meet

Fate of the Southern Idaho Big Six conference will be decided at a meeting of coaches and principals from the schools of the loop slated here Saturday noon.

Representatives from Boise, Caldwell, Nampa, Pocatello, Idaho Falls and Twin Falls will be in attendance and the major topic of conversation will be the fate of the conference.

However, the new gasoline rationing, which starts on Nov. 22, will enter active duty in the Twin Falls high school, president of the organization, reports that the conference will consider several ways to beat the curtailment and will make all attempts to keep the organization functioning if at all possible.

Fields' Plan Supt. George H. Fields of Boise states that plans will be suggested to eliminate the double round-robin playing schedule for the conference, which requires a travel distance of 350 miles between Idaho Falls and Caldwell.

End of Track Field At this season nothing is expected to be done on the grid school track, but it probably will be tampered with until next spring, if then.

Bruins Travel To Take on Tigers Today

By The Associated Press

Twin Falls	Won	Lost	Tied
Boise	2	0	1
Nampa	0	0	1
Caldwell	1	0	0
Pocatello	1	0	0
Idaho Falls	0	3	0

The Twin Falls Bruins said the Boise Braves ruled the road in southern Idaho "Big Six" and conference standings this week as the title race headed for what seemed to be a "photo finish."

Twin Falls detoured Caldwell and surprised even their most ardent boosters last week, in the 2-1 triumph over the previously undefeated Cougars who showed plenty of offensive power but failed to stop the Bruin punch.

Barring an upset, Twin Falls is favored to gain possession of first place after games this week. The Bruins travel to Idaho Falls to engage the three-defeated Tigers today.

Pocatello, meanwhile, will attempt to upset the favored Cougars at Caldwell in a night game. Boise will be idle and Nampa's Bulldogs travel to La Grande, Ore., for a non-conference engagement.

A victory for Twin Falls would give the Bruins sole possession of first place by virtue of three wins. Boise and Nampa remain very much in the running, however, each having no losses and single tie on the records against them. Boise has two victories and Nampa one on the credit side.

Nampa has the postponed game with Pocatello to play Nov. 19, as well as engagements with Caldwell and Boise. The Braves have Twin Falls and Nampa yet to hurdle.

In the only other game last week Boise rallied late in the game to defeat Idaho Falls, 12-0.

Coach Thinks Wisconsin Has Good Chance

MADISON, Wis., Oct. 30 (U.P.)—Coach Harry Stuhldreier, after leaving forecasts on the Twin Falls Wisconsin game Saturday from everyone from professors to the key players in one end of the circuit, said today to do a little talking.

"We have a good chance to beat Ohio State," the Badger grid boss remarked. "Ohio State has the more impressive record and the more respectable record, but we have a good chance."

Stuhldreier, now in his seventh season at Wisconsin, said that both teams will bring their best to the game, but he expects the Badgers to win.

"I expect Ohio State to do more than just pass because it's a strong team on the ground," he said. "But I expect a lot of everything."

The one-time quarterback of Notre Dame said his squad was mentally and physically ready for the game.

"The boys realize they have a big assignment," he declared. "They have been resting well all week. They have had lots of pep, they are ready to play ball."

Vandals Hope to Get "Brown Jug" From Montanans
MONTANA, Oct. 30 (U.P.)—The University of Idaho squad of 20 football players which headed to war, will bring home the "Brown Jug" trophy of the annual game against Montana Saturday.

Montana has held the trophy since 1920.

Coach Francis Schmidt planned to hold a workout this afternoon on the Montana field in final preparation for the Saturday duel.

Georgia-Alabama Grid Tilt Holds National Spotlight

NEW YORK, Oct. 30 (U.P.)—Georgia's streamlined backfield, led by All-America Frankie Sinkwich, drives against the mountainous line of Alabama's Crimson Tide tomorrow in a battle of undefeated teams which has divided the south and headlines the college football layout.

It's 6 to 5 and take your pick as the game between these two great teams, both undefeated, will decide, overshadow one of the best programs of the season.

Featured sectional tilt send unbeaten Auburn Pennsylvania's Lafayette and Vanderbilt as favorites in the 2-0 record.

Stanford Gets Upset Chance Against UCLA

SAN FRANCISCO, Oct. 30 (U.P.)—The University of California's football team, which is the favorite to win the national championship, stakes its championship chances Saturday against a team which in three weeks has risen from door mat to "tough guy" status.

The Bruins meet the Stanford Indians in the first three games of the season, the Indians staggered early, and because of the rival conference coaches probably checked them off mentally as future puffers.

Times have changed. Stanford came back to bowl over Idaho with a score of basketball proportions. . . The Bruins were the highly favored Southern California Trojans, 14-6.

PARTY LEADERS CALL FOR IDAHO CITIZENS TO GO TO POLLS

VOTE CAMPAIGN IN FULL STRIDE

BOISE, Oct. 30 (AP)—Leaders of the major political parties today were agreed on one thing—that a campaign drive is upon them at home to get out and vote.

"It is not only the people's right to vote," said Democratic Chairman Robert Coulter, "but it actually is one of the things our army is fighting for."

Healy Atkinson, the Republican state chairman, agreed and made a special appeal to the women citizens:

"When the men left the state for the armed forces," he said, "they left with the women the responsibility of good government."

Otherwise, however, the campaign battle continued in its new-found vigor.

Challenge Thomas

George H. Curtis, secretary of the state, speaking in behalf of Glen H. Taylor, Democratic senatorial candidate, challenged the right of Sen. John Thomas to determine whether he should approve or oppose a bill endorsed by the national administration.

Curtis quoted from a statement he said was being circulated by Thomas, saying: "Whenever I am in such a course will contribute to victory."

He said, "Who determines that the commander-in-chief and his aides, military or civilian, or John Thomas?"

Figure Dispute

And the gubernatorial dispute over figures continued. At Lewiston, Governor Clark accused his predecessor, C. A. Bottolzen, now the Republican candidate, of failing to levy a tax to pay state bonds and interest so that he might make a showing of tax reduction.

Meanwhile, Republican headquarters pointed out that Bottolzen, during his term, was the only Republican to have levied a tax to pay state bonds and interest so that he might make a showing of tax reduction.

Clark attacks Bottolzen's financial dealings, he is, in reality, attacking a Democratic administration.

The state Democratic candidates expected to conclude their formal appearance at a rally here tonight.

An exception was Taylor, who has speaking engagements right up to election day.

Full Campaign

Republicans had no joint rally contemplated and Democrats also planned to continue his campaign over the week-end, winding up at Blackfoot, Monday.

The administration of Clark was criticized by Bottolzen last night at a rally held in the history of the state.

Speaking at a rally, he asserted "that the administration of Clark at the end of my administration two years ago are absolutely without foundations."

A state treasurer's statement in November, 1930, he said, showed the debt was cancelled out and there was some money to spare.

Tin Discovered In Nevada Mine

RENO, Nev., Oct. 30 (AP)—Tin, a highly strategic metal, has been found in an ore body discovered in northeastern Nevada, O. Greiner, Nevada mining engineer, has disclosed today.

The deposit was uncovered by E. J. Myler, Nevada mining man, from whom Greiner and George W. Kerr leased the property.

Of the ore already taken from the body Greiner said some assays as high as 40 per cent tin while the bulk contained about 10 per cent of the critical metal.

"There never has been a tin deposit of commercial importance in the United States," Greiner said, "and we realize fully that this deposit may be of very limited extent."

Final Rites for Mrs. Templeton

RUPERT, Oct. 30 (AP)—Funeral services were conducted this afternoon at the Odd Fellows chapel for Mrs. Sarah Devore Templeton with Rev. O. L. Johnson officiating. Mrs. Templeton died Tuesday at her home near Rupert.

Mrs. Templeton was born July 6, 1891, at Nashville, Tenn., and with her husband, has made her home in this vicinity since 1930.

In addition to her husband, she is survived by three sons, Walter, James and Charles Templeton, Rupert.

Ladders for Tankers, Twin Falls Brand MANUFACTURING CO.

The depths of the holds of ocean-going tankers will be reached by steel ladders such as those shown in the photos above and at right, which were fastened by the Idaho Manufacturing company for use in cargo vessels being built by Henry Kaiser.

The ladders are 15 inches in width and vary in length from eight feet to 28 feet. There are approximately 240 feet of ladder in each of the 15 ships for which this \$5,000 order provides. The ladders will be used by men pulling the ship to clean out the tanks after cargo is discharged.

Manufacturing the tank ladders is the job of the Idaho Manufacturing company, which now has received two contracts valued at approximately \$12,000. Lynn Barnhouse, treasurer, stands on the ground. (Staff Photos-Engraving)

Japs Caught Asleep Twice in One Day by Flying Fortresses

By GLEN CLEMENTS

AN ADVANCED BASE IN THE SOUTH PACIFIC, Oct. 31 (Delayed AP)—Flying fortresses of the U. S. army caught the Japs asleep at their air base at Buaka, just north of Bougainville Island, twice in the last 24 hours, and inflicted heavy damage on the field, planes and shore installations.

Both heavy and light bombs were dropped by the Americans. Two direct hits were scored by one bomber on 15 Jap planes parked on the field. There were seven fires and the flames were spreading toward others.

Large fires started when other bombs hit ammunition and fuel dumps at the big enemy base. Col. L. O. Saunders, commander of the south Pacific bomber base, led one flight of fortresses over Buaka. The other was led by Maj. Don Ridgway, Portland, Ore., whose tail gunner shot down one of four enemy fighters that rose to intercept the bombers.

Jap Warship Affire

Leut. Tommy Trent, Hardinburg, Ky., spotted 17 Japanese warships in the Pacific west of Bougainville Island. One of the vessels was affire. "We were chasing a Jap flying boat when the first appeared before us," said Trent. "Our ship, a patrol cruiser, was affire. Also, all the members of my crew may have been wounded. In the excitement the flying boat got away."

Leut. Robert Hawes, South Dakota, Mass., and M. V. Smith, San Bernardino, Calif., attacked a Japanese battleship off Bougainville from a high altitude. Four of her bombs scored near Buaka, which threw up heavy black-smoke trails.

Boat of Guns Heard

From Guadalcanal last night the roar of big guns off shore indicated naval action from midnight until near dawn. Most of the firing came from the vicinity of the small island of Savo, ten miles off Guadalcanal. Just before noon today enemy bombers retaliated with a high altitude bombing attack on Guadalcanal air field. Some damage was caused by the raiders.

TUESDAY IS ELECTION DAY

You are one of the greatest responsibilities that any election day has brought in the history of the nation.

We know that you, and particularly you farmers, are extraordinarily busy and harassed with the unusual problems confronting you. We know that aside from your personal affairs, the minds of voters generally are distracted by the vital interests of the war in which all good Americans are primarily interested and that interest SHOULD come first, but we admonish you not to let that interest prevent your giving due thought and consideration to the phase of the numerous domestic problems which are also important.

As a united people, we are in accord in fighting dictatorship from abroad, but let us not neglect the fact that there are those who would take advantage of our international problems to surreptitiously fetter us with the bonds of dictatorship here at home.

There is just one way you can meet the last mentioned threat. That is at the POLLS. Are not our liberties of every nature of sufficient importance to justify you (no matter how busy you are) in taking off the necessary hour or two to exercise your privilege and duty as American citizens?

"BOTT" VIOLATED LAW, CLARK SAYS

LEWISTON, Oct. 30 (AP)—Gov. Chase A. Clark charged last night that his Republican predecessor, C. A. Bottolzen, who now opposes him in the general election campaign, "violated a positive statute in failing to make a tax levy to pay the bonds and interest of the state maturing this year."

In an address before a Democratic rally, the governor asserted that this was done "in order to try to show a little tax reduction."

As a result, he said, "my administration was forced to make a levy not only to take care of the amount maturing under my administration, but to pay up the \$300,000 of the last administration."

He declared, "there had existed for a long time a deficit in the state endowment fund which was caused by political loans made in the last administration. My administration has side-stepped this issue because they did not want charged to their administration the cost of reimbursing the endowment fund, which it was the solemn obligation of the state to do."

"I decided it was time this was repaid and the legislature appropriated \$100,000 out of the general funds of the state to balance this loss. The leader of the opposition party was putting out so much propaganda about the expense of my administration, could have saved some of the expense of my administration himself if he had repaid to the endowment fund the money he borrowed from it."

Two Initiated at Grange Meeting

RUPERT, Oct. 30 (AP)—Hoswell Goring met with Master-Brotherhood of Grange, two new members, Mr. and Mrs. Gordon Goff, were initiated.

The program, in charge of Mrs. J. A. Handy, consisted of "The Order of Halloween" by Mrs. Frank Jones; a piano solo by Mrs. Walter Baugher, the telling of Halloween stories by several members and group singing.

Mrs. Charles Goff and Mrs. A. C. Ford, new members, were initiated. The Nov. 10 meeting the Grange cooperative will furnish the program and refreshments.

Religious Colony Member Accused In Seditious Suit

SAN FRANCISCO, Oct. 30 (AP)—William E. Miller, 47, had been arrested on charges of seditious acts at Holy City, the communal religious colony, where he founded in 1927, in office, C. A. Bottolzen, who now opposes him in the general election campaign, "violated a positive statute in failing to make a tax levy to pay the bonds and interest of the state maturing this year."

In February, 1942, Miller is accused of selling "The People's Republic," a soldier at the Moffett field airbase (since taken over by the navy) that the U. S. should not be at war with Italy and Germany since our destiny lies in the hands of the Catholic race, "that Jewish financial interests in the U. S. and England were responsible for the war, and that soldiers should be made to understand this."

Nat. J. L. Pieper, FBI chief here, said the cultist, who twice announced himself a candidate for governor of California, had sent communications to congressmen urging them to "make peace with the axis, minus the endowment fund, which it was the solemn obligation of the state to do."

"I decided it was time this was repaid and the legislature appropriated \$100,000 out of the general funds of the state to balance this loss. The leader of the opposition party was putting out so much propaganda about the expense of my administration, could have saved some of the expense of my administration himself if he had repaid to the endowment fund the money he borrowed from it."

Religious Colony Member Accused In Seditious Suit

WASHINGTON, Oct. 30 (AP)—The supreme court had served blunt notice today that enemy spies who seek to destroy the life of the United States in civil war or property are subject to trial by a military commission appointed by the president.

Chief Justice Stone made this assertion in formally denying petitions for writs of habeas corpus filed last summer by a group of Nazi saboteurs who contended they were entitled to trial in a civil court. Denial of the petition was formally announced by the tribunal last July 31 after an extraordinary three-day session to hear arguments on the controversy. Six of the seven Nazis involved were subsequently put to death.

Chief Justice Stone said it was "without significance that the spies were not alleged to have borne conventional weapons or that their proposed hostile acts did not necessarily contemplate collision with the armed forces of the United States."

"Modern warfare," he added, "is alien to the ordinary concepts of war supplies and the implements of their production and transportation, as well as much as the armed forces."
