

WAR BULLETIN

Jap Ship Losses Mount to 28 for Solomons Battle

The United States navy dealt the Japanese fleet the most disastrous defeat in modern naval warfare, it became apparent today, with disclosure that enemy losses in last week's three-day sea battle probably reached the staggering proportions of 28 ships destroyed, 10 in the damaged.

This setback, believed to have cost the Japanese two battleships, six heavy cruisers, two light cruisers, six destroyers and 12 transports and cargo ships, became even more crushing with news that allied bombers sank another cruiser and a destroyer off New Guinea last night.

A stunning defeat for the invaders appeared in the offing.

The American sea history in the Solomons grew in magnitude last night as the navy's delayed report on Saturday night of the battle off Guadalcanal island told of the sinking of a Japanese battleship and heavy cruiser, three large cruisers and a destroyer.

Meanwhile, the allies continued to batter the Japanese on New Guinea. A stunning defeat for the invaders appeared in the offing.

The American sea history in the Solomons grew in magnitude last night as the navy's delayed report on Saturday night of the battle off Guadalcanal island told of the sinking of a Japanese battleship and heavy cruiser, three large cruisers and a destroyer.

French Diplomats Leave for Internment

Gaston Héry-Haye (far left), Vichy-France ambassador to the United States, turns for a final word with Charles Brugman (black hat), Swiss minister to the U. S., as Héry-Haye and several members of his staff left the French Embassy today for Heratry, Pa., where they will be interned pending the U. S. diplomatic mission now in France. At right stand three FBI agents guarding the embassy.

AMERICAN UNITS BATTLE FOES ON AFRICAN DESERT

By News Galleries

A L LIED HEADQUARTERS in North Africa, Nov. 20 (AP)—Allied forces, having smashed one-third of a German armored column and crushed all Nazi tank attacks, are closing in on all hundred miles across the Tunisian front. A German armored column, having smashed one-third of a German armored column and crushed all Nazi tank attacks, are closing in on all hundred miles across the Tunisian front.

MAJOR RUSSIAN TRIUMPH EASES SOUTH PRESSURE

By Eddie Gilmore

MOSCOW, Nov. 20 (AP)—Red army units pressed harder after fleeing Germans in the deep Caucasus today, following up a major victory that cost the enemy 4,000 men and the great Grozny oil fields near the Caspian sea and on the military road leading south into the rich Trans-Caucasus.

At least two reports bore out the earlier impressions that a major Soviet force—possibly four or five divisions—was routed in a battle of several days on the approaches to Ordzhonikidze.

The Russian communiqué brought first news of the triumph last night, reporting 5,000 of the enemy killed and vast military booty captured.

French Soldiers March off to War As Allies of U. S.

By Phil Ault

ALLIED HEADQUARTERS, Oran, Algeria, Nov. 18 (Delayed AP)—The first regiment of a fast-mobilizing French army rolled off to the Tunisian front today to the strains of Dixie, played by an American army band.

Eager to get into action, the French soldiers responded to American cheers, as they marched off to the Tunisian front today to the strains of Dixie, played by an American army band.

PACKARD TOPS IN WAR PRODUCTION

DETROIT (AP)—George T. Christopher emphasizes "Never figure a man is working for a plant until he has signed the 50-year-old president of the war-busy Packard Motor Car Co. is proud of the results of his company's program to speed vital war production." Packard workers making engines for airplanes and PT-boats already have carried off 27 of the 30 merit awards given by the plant since they started the program. By Donald M. Nelson's war production drive headquarters—striking proof that Christopher's management philosophy is fruitful.

The Indiana coal miner's son who learned to lead men even before he mastered machines believes the goose-stained, over-cast factory worker can contribute as much to outsmarting the enemy on the production front as the spotlight executive. Christopher has made his right being his himself started as a factory worker, rising from one shop to another because to operate "every machine I ever heard of."

Born in Log Cabin, Pa., and in Terre Haute, Ind., Christopher combined work and study as a youngster. He was graduated from Terre Haute public schools and from Rose Polytechnic institute where there was an electrical engineer in 1911. Instead of continuing his formal engineering training, he went into a factory, working as a forney mechanic in shops from St. Louis to Boston and back again to Terre Haute. He played in a shop only long enough to learn all the operations in which he was interested. The first world war Christopher left as a shop superintendent at the Junior Red Cross for the purchase of a war bond.

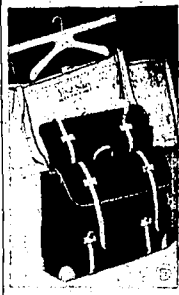

Mr. Rex Painter had charge of the male appreciation period, playing piano selections. Poems concerning Thanksgiving were read by Mrs. Leon Weeks and Mrs. M. D. Klinger.

Mrs. A. E. Thompson gave a detailed report on the Women's Federal convention of last spring and told some of the highlights of her trip to Old Mexico.

Mrs. Ron Drummond reported that the window drapes and bed spreads purchased by the club had been put in the lounge room sponsored by the club.

Hostess group included Mrs. J. H. Burbeck, Mrs. G. A. Reynolds and Mrs. Ward Meyer.

Practical Gift

"To save her clothes"—gifts which prevent wear and tear and cut down pressing. This "bank bag" for a wave or her mother or sister has a place to hang sweaters, slacks, carrying shoes, gloves, shirts, stockings, Canvas, fabric, leather trim.

U. S. Marines 6 to 1 Better, Veteran Says

One good marine is worth half a dozen Japanese as fighters, Cpl. Dewey Gibb, young Twin Falls marine veteran of the battle of Midway and other Pacific engagements, told the Kiwanis club at its weekly monthly luncheon. He said that casualty lists of the opposing fighters bear out his statement.

"You are told that the Jap soldier is a good bayonet fighter, but that isn't true," said Cpl. Gibb. "It's a fraud of a knife and would rather be shot."

One "incident" During his address he told of finding five Japanese in a trench on Midway where he and fellow marines were seeking a place to sleep. They disintegrated the Japs with their knives. He said the Japs had been landed on the island during the night to cut the island's communication system.

The former Twin Falls high school athlete admitted the casualties were heavy on Midway, saying that only about 20 men out of his marine detachment came back. He also said that only a few Japs out of two squadrons sent out during the battle were able to return to Midway.

"We saw one of the planes returning and noticed that it wobbled," he stated. "When it landed we jumping up and learned that the pilot, a veteran marine sergeant, had one of his arms and a few fingers out of control. Gibb described a marine landing party in detail.

The marine said that the Japanese are poorly equipped. He stated

their rifles have no magazine covers and are of lighter fire power than those carried by the American soldier. The clothing is of poor quality.

He said the Japs are put out on an island with only two or three days' food and to survive longer must forage the remainder of their food. The clothing is of poor quality.

Cpl. Gibb landed at Pearl Harbor three days after the bombing and fought through the battle of Midway. He said that it was more frightened during the 10 hours the marines waited for the Japanese to land than during the battle.

The young man received an eye injury during the Midway battle and later was given an honorable discharge over his protest.

Cpl. Gibb was introduced by Capt. J. H. Seaver, clerk of Twin Falls selective service board No. 1.

Elmo Farrar Is Named Master of Hollister Grange

HOLLISTER, Nov. 20.—The Hollister Grange met at the hall Wednesday night and elected officers. Elected were: Master, Elmo Farrar; overseer, Guy Peters; steward, Oscar Peterson; assistant steward, Lyle Schmitzer; lecturer, Mrs. Berle Schmitzer; chaplain, Mrs. J. E. Polheim; secretary, Mrs. Batha Kuppel; treasurer, Mrs. Arta Kuppel; gatekeeper, J. E. Polheim; promoter, Mrs. Edith Thomas; corres. Mrs. Evelyn Kuppel; Flora Mrs. Edie Irwin; lady assistant steward, Mildred Nelson and executive committee, Z. B. Irwin.

At Naval School Jerome Teacher Resigns, Another Is Granted Leave

MOREHEAD, Ky., Nov. 20.—With an opportunity to gain a worthy officer's rating, Thomas Anthony Supan, 17, son of Mrs. Ruth Supan, Morehead, Ky., is enrolled in the usual training school for electricians at the Morehead State Teachers college here.

Supan enrolled in the navy last September and was assigned to the school for electricians after having demonstrated special skills in a series of aptitude tests taken while in recruit training at the U. S. naval training station, Great Lakes, Ill.

JEROME, Nov. 20.—11, Main Street, superintendent of schools, has announced the resignation of Miss Alice Patterson, eighth grade teacher at Lincoln Junior High school, and the granting of a leave of absence to Miss Helen Mitchell, Washington vintners school.

Miss Patterson has accepted a business position in Salt Lake City. A permanent successor will be employed but at present the place is filled by a substitute, Mrs. Sharon Albertson.

Miss Mitchell's position is being filled by Mrs. Harlan Vineyard, substitute.

PREPARE FOR SKIING HALEY, Nov. 20.—SKI enthusiasts of Haley, Ketchikan and Sun Valley are waiting for their slide watching the sky and hoping it will "clear up," Tuesday evening. The inches of snow had fallen at Haley and eight inches at Ketchikan and everyone is sure that Baldy must have enough to make good skiing.

TO MEN 18 AND 19 WHO WANT

RIGHT now the U. S. Army offers you many opportunities to serve your country.

Certainly one of the most thrilling, most exciting branches of all for a red-blooded American is our modern, streamlined Infantry.

For you can bet your boots that the Infantry will be there when the Nazi flag is torn down in Berlin. The Doughboys have always been in on the final victory since the dawn of history. And you'll certainly want to be there this time.

Today's Infantry is a new, modernized combat unit. It includes more kinds of action than ever before. It gives you more kinds of adventure and training. Read about them carefully, for the Infantry is one of several branches of the Army which men of 18 and 19 may select today. Then talk to your nearest Recruiting Officer and get all the facts about the opportunities still open to you.

HEAVY MOBILE FIRE-POWER—No Infantryman in the world has more deadly, more powerful guns to use. The new 17 mm. jet-powered field gun has terrific fire-power. Jeeps, including amphibians, also mount 30 and 50 calibre machine guns, making them one of the most versatile battle cars of all time.

TANK BUSTERS—The Tank Destroyer Force of the Infantry is a new and most modern fighting unit. Its "tank buster" tanks with armor-piercing cannon and machine guns. They're regular 60-mile-an-hour fortress on the move. The most effective weapons of their kind in modern warfare.

MACHINE GUNNERS—Some of our Infantrymen command the leading marks of fascinating straight-shooting machine guns. Others are equipped with the newest, most modern long-range, rapid-fire weapons, automatic rifles, mortars, pistols, grenades, light and heavy anti-tank guns.

COMMUNICATIONS—In an army that moves like lightning, communications are vital. Infantrymen operate radio receivers and transmitters, "Walky-Talkie" one-man radio stations, telephone and telegraph equipment to guide movements of their own men and keep in touch with every other armed force in action.

PARACHUTE TROOPS—Here they come, aimed to the teeth. They float to earth by parachute from huge transport planes—driving men to do a vital job and do it well. They learn their business from the ground up and receive \$30 a month in addition to their regular pay.

AIR-BORNE INFANTRY—Today's Infantry takes to the skies in more ways than one. Whole divisions of Air-borne Infantry, completely equipped with guns, cannon, ammunition and " Jeep" fly to battle in great transport planes, or leap wildly and directly to fight in gliders to take the enemy by surprise.

MOUNTAIN TROOPS—The Infantry's Mountain Troops range high over lofty peaks, finding themselves as skilled mountaineers. Ski patrol, snowshoe patrol, pack units with mules and pack horses, and those who scale their mountainous summer and winter, are part of the Infantry today.

AROUND THE WORLD—The U. S. Army has designed equipment and training for every known kind of climate and geography on earth. Our Infantryman is the best equipped in this war. For the men of the Arctic or the heat of the Tropics, he has the clothes, equipment and training he needs to fight hard and win.

STRINGENT MEAT RATIONING PREDICTED BY MID-JANUARY

ARMIES ALREADY FEEL SHORTAGES

WASHINGTON, Nov. 28 (AP)—The office of price administration has decided tentatively to inaugurate stringent meat rationing to take effect around mid-January, a responsible source reported today.

With beef, veal, pork, lamb and mutton supplies "actually short for the armed forces already," a new cut in civilian allocations, "a new first" were slated for Oct. 1, probably will be ordered before Jan. 1, he said.

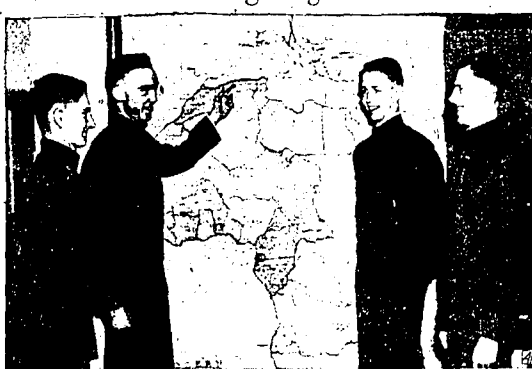

The new cut, which will be a direct result of our expanding military operations abroad, will hit beef supplies for civilians most severely despite the fact that civilian beef consumption already has been cut to 70 per cent of 1941.

This official emphasized that no specific date for start of the meat rationing program has been determined, but he said OPA would be ready by mid-January and that officials anticipate no reason to delay the program further, unless the current voluntary conservation campaign is unexpectedly successful.

He described the voluntary campaign which is being conducted by the agriculture department, as "at least a stop gap." It is based on appeals to civilians to reduce their consumption to 2 1/2 pounds a week. That represents last year's average, but the buying power is considerably greater this year.

Although 1942 meat production will reach record levels, serious and growing shortages have developed because of the tremendous requirements of the armed forces and soldiers of the United Nations.

Sons of Fighting Fathers

Studing at the U. S. Military academy at West Point are three four sons of four generals leading the allied offensive in North Africa. Left to right: Cadets William P. Clark, John S. D. Eisenhower, George S. Patton and John P. Doolittle.

AIRPLANE OUTPUT WILL BE DOUBLED

WASHINGTON, Nov. 28 (AP)—Under a initiative from President Roosevelt, WPB today announced plans to double American airplane production within a year and save the Atlantic task to Charles E. Wilson, former president of General Electric company.

Exactly how many planes will be built to carry the war to the axis in successive offensives was kept secret, but WPB Chairman Donald G. Nelson said the industry would ultimately become a \$20,000,000,000 one in terms of annual output. That is about seven times the pre-war production of the automobile industry.

Increasing the plan to double present monthly output by this time next year, Nelson said at a press conference:

"I believe it can be done. At the same time I believe we can improve the quality of our fighting planes. Experience on the fighting fronts has shown that quality counts even more than quantity."

The "blueprint for victory" goals set by the President shortly after this country went to war called for 60,000 planes this year and 15,000 in 1943, but Mr. Roosevelt recently announced the 1942 goal had been revised downward in order to shift emphasis to the heavier, faster and better types found necessary to meet strategic developments on the war fronts.

Forming Board

Wilson, a recently named vice chairman of WPB, is now forming a new aircraft production board which will become, in effect, a "little WPB" for aircraft alone, Nelson said. Under Wilson it will supervise the production and procurement of both army and navy planes and parts.

Some new plants will be needed, Nelson said, but they will not be built until WPB is certain present plant facilities can not meet the need.

Cafe Closes as Chef Gets Term In Jerome Jail

JEROME, Nov. 28—The Wood cafe in Jerome didn't open its doors last Monday morning because it didn't have a cook to prepare breakfast for customers.

And the reason the cafe didn't have a cook was that there wasn't one available in Jerome after H. Harper, regular chef, imbedded too freely the night previous and was tossed in jail.

Unable to pay a fine of \$20 assessed against him by Justice of the Peace Clark T. Stavon for the offense, the cook was ordered to jail for 15 days. With him went David Edward Taylor, also unable to pay a similar fine for the same offense.

But the cafe opened the next morning—no other cooks had been rounded up in the meantime.

U. S. TO BORROW \$9,000,000,000

WASHINGTON, Nov. 28 (AP)—To buy the guns and pass the ammunition to his fighting men around the world, Uncle Sam will undertake during December to raise \$9,000,000,000—the biggest single amount ever borrowed by any government in the history of the world—Treasury Secretary Morgenthau announced last night.

Assessing the expense of throwing an all-out offensive against the axis had long since passed all previous war costs, Morgenthau pointed out that the borrowing would eclipse even that of the last war's famed fourth Liberty loan which raised more than \$9,000,000,000 in the pre-armed force fall days of 1918.

Although announced for December, the borrowing actually covers a three-month financing period— from November through January inclusive—Morgenthau said, adding that the treasury plans to finance the war on a bi-monthly plan after the latter month.

"After completion of his borrow-

ing, the treasury does not expect to do major financing until February," the secretary said. "For the money needs in January, the treasury will rely on further sales of six savings notes, savings bonds, and treasury bills."

The \$9,000,000,000 will be raised "partly through the continued sales of savings bonds and tax savings notes, and partly through offerings of a number of new treasury issues designed for every class and type of investor," the secretary said.

DIVORCE GRANTED

HAILEY, Nov. 26—District Judge Dorah H. Butphen granted a divorce to Nellie Dean Morse from Franklin Gilbert Morse on grounds of non-support. Mrs. Morse was given the custody of the two minor children, Gerald, 16, and Dixie, 14. The plaintiff was represented by Sherman J. Bellwood.

Battered Cruiser Boise, 107 Of Crew Dead, Reaches Port

WASHINGTON, Nov. 28 (AP)—The light cruiser Boise, battered by gunfire, scorched by flames and hit off her crew dead, returned home today, an unscathed survivor of a staggering match with the Japanese battleship in the Solomons more than a month ago.

The 10,000 ton craft—called a light cruiser because it is armed with six-inch guns—docked at the Philadelphia navy yard, her skipper, Capt. E. J. Miller, Moran, of San Francisco, on the bridge.

Admiral Ernest J. King, commander-in-chief of the U. S. fleet, sent from Washington to be at the parade to extend his greetings.

The Boise, the navy said, will be repaired and will again steam off to war, but it could take two heavy gun cruisers, one light cruiser and three destroyers which faced her off Cape Esperance in the Solomons on the night of Oct. 11-12, never all fight again.

More than 1,000 rounds of five and six-inch shells were fired by the Boise in a swift sequence of close range fighting. Details of the action in which she participated with other ships have been previously released by the navy but her name was never disclosed.

Outnumbered and outgunned, the Boise bore the brunt of the fighting and took brutal punishment from the eight-inch cannon of enemy heavy cruisers. The Boise received hits from no less than 11 "straddles"—a consecutive series of shots at varying ranges.

One eight-inch shell pierced the hull nine feet below the water line. Flames enveloped her clear above the main. Her sister ship, considering the Boise lost, continued on the battle course.

Then, two hours later, the Boise came out of the darkness steaming at 20 knots to rejoin the force and take her accustomed station in the column.

The 18th anniversary of Sarah's birth school is being celebrated this year.

Hazelton Farmer Purchases Boat

JEROME, Nov. 28—The top block Poland China boar at the Blackfoot purchased swine sale was purchased by G. B. Kunkle, Hazelton, according to information received here.

The boar was purchased from Earl Franz for \$123. Kunkle also purchased two other Poland China hogs.

The county extension agent's office here is attempting to keep good boars available for farmers.

Harold Cook, southeast of Jerome, has purchased a purchased Chester White boar from Newwood Brothers, Emmett.

Two Couples Wed By Burley Bishop

BURLEY, Nov. 28—Robert Cell Strombre, 18, Paul and Margaret Myrtle Stallford, 16, Burley, were married by Bishop Sidney Larsen with Venor Young and Roy Tennington witnessing the ceremony.

Troy Dwight Niel, 19, Pruitland, and Yerna Mae Aldrich, 16, Burley, were married by Bishop Larsen, also with Miss Young and Tenning as witnesses.

Kerth A. Jayman, 21, Grand Island, Neb., and Merle E. Anderson, 18, Burley, secured a marriage license here.

Sixth Grade Room Is Awarded Prize

HAILEY, Nov. 28—Mrs. Mable Aylward Smith's sixth grade room at the Lincoln school was awarded the \$2 prize for attaining the largest number of members for Parent-Teacher association during the recent membership campaign.

The award was presented at the regular monthly meeting at Lincoln school.

During the National Education week observance at Lincoln school many parents and other interested persons visited the school to view the children's work and display.

Mrs. William O. Phoenix served tea to the visitors. Assistants were Mrs. Wilson Churchman, Mrs. Howard Brown, Mrs. Lloyd Gilmore and Mrs. Vera Tomlinson. Mrs. H. Mable Simon presided at the service.

The hot lunch program, supervised by Mrs. Wilson Churchman, was reported to be progressing satisfactorily. More children are paying for their hot lunch meals tickets than last year, it was pointed out.

Miss Elaine Lundquist, accompanied by Mrs. Mable Smith, sang "Fire of Trade" and "Hummites Bird."

The membership drive will be continued. Data will be accepted by any teacher of the Lincoln school or any P.-T. A. officer.

"No More Cellophane," Says Uncle Sam, So...

BUTTER KRUST

Changes Wrappers on Two Of Its Popular Breads

More interesting news about BUTTER-KRUST!

Due to substantial orders for military purposes which must be given priority for the duration of the war, the supply of cellophane for civilian uses has been curtailed.

The makers of BUTTER-KRUST earnestly do everything they can to help win the war, are glad to discontinue using cellophane for wrapping two of their most popular breads—Butter-Krust Cracked Wheat and Butter-Krust Germ-O-Wheat.

From now on, until the war is ended, these superior breads will come to you in a new waxed wrapper, although each will retain its characteristic hand-label.

In changing the wrappers on Butter-Krust Cracked Wheat and Germ-O-Wheat bread, it gives you an opportunity to remind you that both of these Butter-Krust products are not only tasty, wholesome and healthful, but are ideal for providing a variety in your menus as well.

Butter-Krust Cracked Wheat bread is particularly appetizing because it contains all the natural flavor of the whole wheat kernel. By adding the correct proportion of pure Idaho honey, it is made all the more

Butter-Krust
CRACKED WHEAT
and
Butter-Krust
GERM-O-WHEAT

Butter-Krust Cracked Wheat bread is abundant in food value and retains all the natural vitamins. Butter-Krust Cracked Wheat bread requires no enrichment.

Butter-Krust Germ-O-Wheat also plays an important part in the family diet because it is baked from flour milled to retain the wheat germ—the most natural source of Vitamin B1. No one needs to tell you that B1 is the most important of all vitamins in building and protecting human health. In addition, Germ-O-Wheat also has its own characteristic flavor which many Magic Valley families strongly prefer.

Now that food supplies are being curtailed, bread offers the cheapest and most reliable source of energy the housewife can feed her family. And you'll enjoy bread all the more by eating Butter-Krust's superior products regularly—Butter-Krust White Bread for all-around, year-around purposes, and Butter-Krust Cracked Wheat and Germ-O-Wheat for added variety in flavor and texture.

For a change, and for your health as well, try Butter-Krust Cracked Wheat and Germ-O-Wheat bread. Avail yourself of all the outstanding products Butter-Krust affords you. They're tops, without a doubt!

Look for the "VICTORY" WRAPPERS

Butter-Krust Cracked Wheat and Germ-O-Wheat bread are now wrapped in white waxed paper, each with its own distinctive hand label. The same high quality, the same excellent flavor, and the same distinctive freshness—but now in a new "victory" wrapper.

Buy BUTTER-KRUST CRACKED WHEAT and GERM-O-WHEAT BREAD from Your Grocer

Dressen Draws Release as Help Is Cut

By JUDSON BAILEY NEW YORK, Nov. 20 (AP)—Leo Durocher was given back his job as playing manager of the Brooklyn Dodgers today, but President Branch Rickey made it clear that the new contract with Flatbush has begun.

In the same press conference at which Durocher's appointment was announced, it was disclosed that Coach Charles (Chuck) Dressen had been given back his job as hitting coach, Fred Fitzsimmons was being offered the position of first base coach and the future leadership of the Dodgers, and that something for high stakes by the players would be designed.

Signed as Player Rickey said he did not disclose the terms given Durocher, but said that he had been stayed for one year by a player's contract. Instead of a manager's, this means, besides the fact that Durocher must play ball next year, that he also can be released on 10 days notice, both as manager and player.

Durocher said there had been entirely too much question about his position, he recalled now, but that he did not think it had any effect on his position.

"I'd say I probably gambled as much in 1942 as I did in 1941—though maybe I did a little more," he said. "I was never accused of winning money from my players. I was accused of losing it. I had paid a lot of bonuses, too. Why, when a pitcher won a 'good game' I'd give him a bonus. A lot of times I'd say 'Well, that's \$200 for you, one more.'"

"I think we were gambling too much. It's a bad practice and it's one of the things I had in mind when I was retained as manager—even before I talked with Mr. Rickey."

"I won't say it wasn't harmful, but we never had any ill feelings because of it. And there were a lot of players who didn't get into the game."

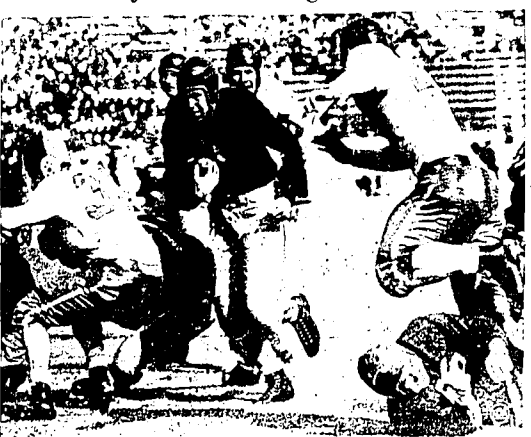

"Why, I can put my finger on a half dozen right now, like Vaughn, Camilli, Melnick, and others. I think that's about all that were hurt. I don't think I ever had a card or anything like that. I don't think I ever had a card or anything like that. I don't think I ever had a card or anything like that."

"I haven't made up my mind," he said. "It is hard to run a race nowadays, because the help is cut. You can't depend on a race. And I may buy 1,000 more. I may buy 1,000 more. I may buy 1,000 more."

Conn hopes to return to Ring After War NEW CUMBERLAND, Penn., Nov. 20 (AP)—Conn Billy Conn thinks the war will be over in plenty of time for him to take up his ring career again.

TRAIN DERAILED; ENGINEER DEAD

CLF KLUM, Wash., Nov. 20 (UP)—The engineer of an eastbound Northern Pacific passenger train was killed today when the locomotive and several cars were derailed and plunged down a 30-foot embankment.

Victims of the wreck was Frank Masmoon, Seattle. Five persons were injured, one seriously.

The train, a second section from Seattle, ran off the tracks at Troutman's curve, about two and one-half miles west of Cle Elum. The accident occurred shortly after midnight.

Bondodiers Given Dance Invitations

Jayce Bondodiers, the attractive young women who sell war bonds and stamps at public functions in this area—were invited today by the Junior Chamber of Commerce board of directors to attend the battalion dance of the Idaho Jaycees at the home of Mrs. J. H. Adams, 211 Franklin St., Boise, Saturday night.

Tickets were sent today to all members of the Bondodiers, for themselves and their escorts. The battalion dance today by the Jaycees will be the first such function sponsored by the entire county since the outbreak of the war. Tickets will be secured through members of the Jaycees.

HAILEY

Edwin Slipp has been enjoying a short furlough at home. He will leave Dec. 25 for Ft. Leavenworth, Kan., where he is staff sergeant in the signal corps.

Since the burning of their home, Mr. and Mrs. Charles have been staying at the Sawtooth lodge where they will remain until they are able to find a home.

Mr. and Mrs. Maurice Winn, Gannett, left Nov. 17 for a short business trip to Salt Lake City.

John Jones, during his furlough from the U. S. navy, has been visiting at the home of his mother, Mrs. Betty Jones, 113 brother, Woodson, and wife came from Gooding to see him.

Mrs. Bernice Edmiston is spending her vacation at the home of her parents, Dr. and Mrs. H. D. Jones, Mrs. Edmiston has been employed for several years in Valley.

Mr. and Mrs. L. Lanier are at Post Falls, visiting Mr. Lanier's parents. Mr. Lanier has enlisted in the air corps reserve and is awaiting his call.

Ray Brooks, son of Mrs. Ethel Brooks, has been home on a short visit from Shilton, Wash.

D. H. Engstrom and A. M. Cunningham were in Halley holding a short term of court.

The No. 102 train bridge club met at the home of Mrs. Beulah Schaefer at Bellevue the evening of Nov. 18. The four having high scores for the year were Bert McKecher and Beulah Schaefer, Belevue, and Ina Schaefer and Helen Seymour. Halley, entertained the less fortunate ones, Ruth Helms Gardner, Leah Walker, Paul Bremer and Clara Kittmiller.

Jap Treated After Capture

"Somewhere in the south Pacific" a young Jap "deadpan" it for the cameraman while receiving treatment for wounds suffered during sinking of two enemy patrol vessels recently near the Ellice Islands. The attacking U. S. ship rescued 16 Jap officers and men, most of whom were 17 and 18 years old. One captive was a boy of 16. (Official U. S. navy photo).

DECLO

Mrs. Henry Norton, Declo, and her brother, Wesley Hunt, Springdale, left for San Diego, Calif., to attend the funeral of their sister-in-law.

Mr. and Mrs. Yocco Parke, Mr. and Mrs. Andy Anderson and son Ross, Declo, and Mrs. Louise Anderson, Stockton, left Saturday for Camp Lewis, Wash., to visit their son and brother, Scott Anderson, who is in the army.

Mrs. Christie Adams returned home recently from Portland, Ore., where she visited her son, Jack Adams, and family.

Mr. and Mrs. Cecil Christopherson have moved into Butley where they will make their home.

Mrs. Florence Keley has gone to Salt Lake for a visit with relatives. She will also visit at Springdale and Provo before returning home.

Joseph Fredrickson is seriously ill at his home in Declo.

Marvin Parke left for Florida, where he will spend the winter. He has been visiting his mother, Mrs. Julia Parke, for a month. He came here from Chicago.

Ted Keley, who has been training in the army school at Chicago, arrived Monday for a few days' visit with his parents, Mr. and Mrs. Keley.

DEADLINE SET ON 1ST RATION BOOK

BOISE, Ida., Nov. 20 (UP)—All persons who have not yet received their war ration book No. 1, must do so by Dec. 15, C. C. Anderson, Idaho office of price administration director, said today.

Most persons received the book when they registered for the sugar rationing program last summer.

The consumer who has not received his ration book No. 1, and Anderson, with his local war price and ration board.

He added that the book will not only be used for rationing of sugar and coffee, but also will be the basis for issuing book No. 2, and may be used for distribution of other commodities.

Machinery Class Set for Jerome

JEROME, Nov. 20 — Another course, sponsored by the out-of-school youth administration, will be given here during a four weeks' period, beginning Nov. 30 at the high school farm shop. It was announced today. All persons, including farmers, may enroll.

The course will be of 60 hours' duration, and is designed for the purpose of offering training in maintenance, minor repairing of tractors, construction and operation of seeding, tillage and harvesting machinery.

Lloyd Gentry will be instructor. All of the tools in the farm shop, plus additional tools, loaned by the federal government, will be available.

Persons taking the course will be charged no fee with exception of charges for repair of their own machinery.

Those interested are asked to contact either Lloyd Gentry or Stanley Tremblair, teacher of agriculture at the high school.

James T. Johnson Final Rites, Held

BUHL, Nov. 20—Funeral services for James Thomas Johnson, Buhl, were held at the Aberdeen funeral chapel with James E. Cain, pastor of the Baptist church, officiating. Pallbearers were Frank Barron, Rudolph Zach, Roy Haley, Joe Adams, James Alexander and Lloyd Lyons.

Mrs. Muri Jones and Mrs. Frank Merriman sang "God Will Take Care of You" and "Will the Circle Be Unbroken." A male quartet, Roy Smith, Homer Houchens, S. D. Bonar and Glen Watt sang "When the Roll is Called Up Yonder." Mrs. Roy was the accompanist.

Interment was in the Buhl cemetery.

Florence Nightingale, ideal of the nursing profession, had a dog as her first patient.
