

Giant S Liberators Bomb Italy, Sink Cruiser

159 Dead and 358 Injured in Initial American Attack

By The Associated Press

(AIRO, Egypt, Dec. 5)—A powerful armada of four-engined U. S. Liberator bombers delivered the first American blow in history at the Italian mainland yesterday and the smashing results included the sinking of a cruiser in the harbor of Naples, the crippling of a battleship and square hits on a second cruiser.

In the first responding response to the threat of Prime Minister Churchill to bomb Italy out of the war the big warbirds swept over 1,400 miles from their nearest bases in Libya or Egypt to reach Mussolini's most important southern naval station and return home.

Giving the Italians their first taste of the high-level, precision daylight bombing which is flying fortresses have scored the Germans in western Europe, the Liberator fleet in "hot" action.

A United States communiqué said:

"Tonight, it was said, photographic reconnaissance showed our cruiser definitely sunk, a battleship crippled by several direct hits and another cruiser badly smashed."

Italiana Admitts Bombing

Numerous strings of heavy bombs had scored the crowded harbor, most railways and other installations had left many features of the harbor virtually unrecognizable, experts who examined the photographs.

The Italian themselves officially admitted great damage had been done and listed casualties at 109 dead and 358 wounded— heavier toll than has been admitted in any of the devastating RAP raids from England on the northern cities of Genoa, Turin and Milan.

King Vittorio Emanuele was said to have hastened to the city to view the stricken city and calm the population, just as he did after the northern blitz.

No Planes Lost

The assault, although it was carried out just at dusk without the protection of darkness, resulted in the loss of no planes, it was said.

The attack was another step in the allied campaign to drive the axis out of the middle Mediterranean and close its avenues of reinforcement for its forces in Tunisia and Libya.

Naples is a port of embarkation for axis troops in the African theater, as well as the base for a part of the Italian fleet which is now reported divided between Italy's west coast and the Adriatic.

Restrictions on Gas Use Eased

WASHINGTON, Dec. 5 (AP)—The government eased restrictions on gasoline use by traveling salesmen and deliverymen, but the problem of getting even an essential supply of fuel and gasoline to consumers remained acute.

Announcing that the action was taken at the request of Rubber Administrator Jeffers, the office of price administration granted an increase in gasoline ration for traveling salesmen and deliverymen.

The increase, OPA said, would allow salesmen up to 85 per cent of their mileage last year or a total of 8,000 miles for the year, whichever is less. The 716 miles a month, which is the increase compared with 40 miles in the west and 40 in the east now possible under A and B rationing.

Two congressional groups meanwhile heard testimony regarding the critical situation of fuel rationing in the 17 eastern seaboard states.

Joseph F. White of Boston, member of President Administration's "War Relocation Authority," told the House of Representatives that the New England, told the New England congressional delegation that the problem of getting even an essential supply of fuel and gasoline to consumers remained acute.

AMERICAN CRAFT RAID JAP SHIPS IN SOUTH PACIFIC

By JOHN M. HIGHTOWER

WASHINGTON, Dec. 5 (AP)—Details of fresh damage inflicted on Japanese sea forces were awaited here tonight after the navy announced that American aircraft from Guadalcanal island had attacked enemy surface units in the central Solomons.

The assault was carried out Thursday by dive bombers and torpedo planes, the deadly aerial combination which has dealt many heavy blows to Jap naval units in the Pacific.

"One of the men actually wrote the locale of the action as 150 miles northwest of Guadalcanal, probably between New Georgia and Santa Isabel islands, that results were not known pending further reports from the Solomons."

Possible Greater Victory

Out of the south Pacific war zone, several other indications that the victory scored by American warships last Monday night over a fleet of Jap ships off Guadalcanal may have been of greater importance than announced.

A communiqué earlier this week placed enemy losses at that encounter at two destroyers or cruisers, four destroyers, two transports and one cargo vessel. An Associated Press dispatch from the South Pacific today quoted an American naval commander as saying that, in addition to the ships sunk, one heavy cruiser, one light cruiser, about eight destroyers and two transports fled from the scene.

Ships Destroyed

At dawn American planes searched the area north of Guadalcanal and found two Jap ships, a heavy cruiser and one destroyer, and one destroyer, the commander said.

Knowing that there was no way of knowing whether the other vessels had gone down had succeeded in hiding among the islands.

Beyond reporting the air attacks on Japan's surface vessels in the central Solomons, today's communiqué said that on Guadalcanal itself, 21 Japanese were killed Friday by American patrol action.

OWN QUARTERS NORTHAMPTON, Mass., Dec. 5—Two Dartmouth students, unable to get into the army today, were told to go to the front.

Cat calls and an assortment of harmless noises tossed by female students of Clapton had awakened the men this morning.

SAME OLD WILLIE TULSA, Okla., Dec. 5—Willie, 17, who was in the army today, was told to go to the front.

The 17-year-old Willie, Indian by name, was told to go to the front.

Down by a grandfather, who had definite leaning toward the war.

Many years ago, when older warriors of the tribe would refuse to allow Willie to go to the front.

He would set up such a terrible howl they named him "Crazy-Willie."

Willie says he just as anxious to fight now as his ancestor was in the old days.

LINE NEAR COMPLETION WASHINGTON, Dec. 5 (AP)—Petroleum Administrator Ickes reported today that less than 50 miles of mainline pipeline work is left to be done on the Trans-Alaska pipeline.

Provision for the fighting of the Oklahomans are now in process, although full details as to the progress of accumulating this work at this time has not been made," the navy said.

Destroyers Shaw, Cassin and Downes.

Miner's Ocala.

Yet the job of raising and repairing these ships has been rushed at such a furious and successful pace that only half have returned to the fleet and only one, the torpedoed Arizona, is completely ready.

The navy's Pearl Harbor anniversary parade will include the ships hit there in two classes:

Damaged but soon repaired and those which were "lost."

Cruisers Pennsylvania, Maryland and Tennessee.

Cruisers Helena, Honolulu and Raleigh.

Seawar tender Curtiss.

Repair ship Vestal.

Sunk or damaged "so severely that they would be no military prize for some time."

Battleships Arizona, Oklahoma, Colorado, Nevada and West Virginia.

Destroyers Shaw, Cassin and Downes.

Miner's Ocala.

ORDER WILL HIT
RECRUITING HERE

(From Page One)
here had been cut to three a week, while some 30 enlistees in the marine corps had been held up for more than two weeks because the Salt Lake City headquarters had not rent transportation orders.

Bannon said that at 7:45 p. m. Saturday he had received an order from the state headquarters in Boise to send the recruits all night to the coast. This caught them men, John Raymond Holste and Fred Halbert, both of Twin Falls, who had enlisted Saturday afternoon, and were to have departed Sunday morning to be sworn in

Future Uncertain

What would become of the recruiting staffs of the two branches of service here, neither Chief Bannon nor Sgt. Laughridge was able to say. In addition to Bannon, the navy recruiters here are Specialist Walter Tackett, Yeoman Second Class Ernest H. Termonde and Fireman Third Class Don S. Franklin. The other marine recruiters are Sgt. Russell Lippert and Sgt. George Paulson.

Paulson, former city attorney, who enlisted as a specialist in the marine corps especially for recruiting duty, said that he believed some of the recruiters would be assigned to the selective service board.

H. S. PLAY POINTS LIBERTY'S VALUE

By MARTHA SCHOFER
Students of Twin Falls high school again Friday night imparted in the minds of their receptive audience the value of freedom with their production of "Liberty on Liberty," written by Duna Thomas. The play was given in three acts with a setting based on conditions of family life before World War I.

Granny, played by Miss Susan Reuther, provided the spirit of independence with doublets in her second performance and was again matched by Miss Christine Salmon whose role as the true American girl, Miss Rose Marie Thomas and Bob Hoffmeyer were given by Duna Thomas. The director of this family and furnished much mirth in competition with Miss Shirley Sawyer as Maggie, the colored maid.

Clifton Lee is the responsible "young man" who later sent out of town to sign the "Uncle's" leave on liberty, played his role with smooth intonation, both in the leaving the impression intended for his part, Harold Lockhart and Miss Mary Virginia Benson were notable in their roles.

Miss Jean Dinkel and Harold Merrill were set performers as Mummy and Dad, and Gordon Smith as good as the "Uncle" of the story. Pilling in the necessary scenes was Miss Mary Jane Chung, Kaye Bates, George Goff, Tom White and Bill Iron as publicity promoters. Iron, a veteran on the stage, had no difficulty capturing his role of the hard-boiled reporter.

Production Staff
Aiding Miss Rees with the production were: Stage manager, Tom White; electrician, George Goff; business managers, Miss Shirley Mendenhall, Miss Marian Griffin and Miss Alice Goff; programs, David Piller, costumes, Miss Audrey Weller, typist, Miss Griggs; call girls, Miss Mary Jane Chung; advertising, art class and play production class; properties, Miss Harriet Heller and Miss Betty Jo Knox; make-up, play production class; stage construction, Claude Carver; and the art and posters were done by the art class.

The play band under direction of Fred Harnden, rendered patriotic numbers and Robin Blaine, accompanied as a special feature the boys quartet. The quartet members were: Earl Dougherty, John Nease, Bob Giddard and Carl Hurdman. They were directed by Miss Marjorie Albertson.

New Unit Will
Handle Truck
Gas Requests

A new organization, other than the Twin Falls county rationing board, will be set up, to handle applications for additional gasoline for farm and other trucks, according to Carl H. Anderson, chairman of the local board, indicated yesterday.

Anderson, for that reason, asked all persons having trucks under the jurisdiction of the office of defense transportation, not to come to his office with requests for additional gasoline.

"The new setup will be announced within a few days," he said. "Trucks should wait for this announcement in the newspapers."

Officer Promoted

LIUT. EDWARD SPARKS
Advances to first lieutenancy at Fort Lewis, Wash. (Staff Engraving.)

This Ex-Private Moving up Fast

One of the swiftest army rises among Magic Valley soldiers had been achieved today by Lieut. Edward Sparks, officer of a truck engineer unit at Fort Lewis.

Just 15 months after being inducted into the army as a private, Lieut. Sparks has been promoted to a first lieutenancy, according to word received by his parents, Mr. and Mrs. Wendell Glenn, Kimber, who is a Twin Falls high school graduate.

His company of engineers was the only one of that type chosen for parade by President Roosevelt on the chief executive's recent visit to Fort Lewis.

Lieut. Sparks entered the army in August, 1941, as a "back packer," took his basic training at Fort Leonard Wood, Mo., then was transferred to Fort Lewis. He was sent to officer school at Fort Belvoir, Va., and was commissioned second lieutenant there, and was then sent back to Fort Lewis.

His wife is now with him at Fort Lewis. She was formerly Miss Nan Divil of Butler, Mont.

STORE STOCK HIT
BY RUPTURE FIRE

RUPTURE, Dec. 5.—Fire destroyed or damaged quantities of stock, including Christmas merchandise, stored in the storeroom at the rear of the H. H. King variety store here Friday night.

Frank Harris, fire chief, attributed the blaze to defective wiring and said investigation showed that the flames started in the room over the stock.

Officials of the company said the total damage could not be estimated until after the insurance adjuster had inspected the premises.

In addition to the merchandise in the stock rooms that was destroyed or badly damaged, the stock throughout the store building was damaged by smoke.

The volunteer fire department was called shortly after 8 p. m.

IDAHO AIRPLANE CRASH KILLS 10

SODA SPRINGS, Ida., Dec. 5.—Ten men were killed in the crash of an army bomber near Sherman peak in southeastern Idaho and the Pocatello army air base public relations officers announced today the names of the men aboard the four-engine plane.

The wreckage has been located and identified, the announcement said, but the bodies have not yet been identified nor removed.

Those aboard were:
Capt. Harold K. Simpson, Pocatello; 2nd Lieut. Wendell L. Sims, Pocatello; 2nd Lieut. Charles G. Wehrman, Harborsburg, Penn.; Staff Sgt. John E. Lazansky, Cary, Ill.; Sgt. Neal L. Slinker, Nebraska City, Neb.

Also aboard were: 1st Lieut. Charles L. Walker, Jr., Philadelphia, Pa.; 1st Lieut. Nicholas Zampetti, Marietta, Ga.; 2nd Lieut. Joseph R. Hughes, Branford, Conn.; 2nd Lieut. Donald W. Scary, Wichita, Kan.

The huge plane, which had been reported overdue at the air base since Wednesday night, was found late yesterday by Forest Ranger J. H. Bruce, Montpelier, Ida., and William F. Gason, Soda Springs.

Demond Call, 22, Soda Springs, and the wreckage landed as if the plane had blown up. "It was scattered all over," he said.

Several war plane officials said the plane was not carrying bombs and it had not been determined whether it exploded before or after striking the ground.

BEAN PRODUCERS
TO HEAR BANKER

C. L. Wainwright, secretary of the Spokane Bank for Cooperatives, will be the principal speaker at the annual meeting of the Bean Growers Warehouse association to be held at 10 a. m. Dec. 7 at the I. O. O. F. hall.

Other items on the program will be the report of Manager J. B. Feldhuus, an explanation of the annual audit by Albert Jettich, of the Northwest Cooperative Auditing association, and the election of three directors, for three-year terms.

Directors whose terms are expiring are: Peter Erickson, Elmer L. Paul, Hazelton, and Lawrence Reid, Malheur.

Other directors are: Carl D. Irwin, Kimberly, president; W. T. Backett, Twin Falls, vice-president; A. J. Jopke, Buhl, secretary; R. K. Anderson, Twin Falls; D. J. Reicher, Fair, and Roy Peterson, Coeur d'Alene.

Lunch will be served at noon to association members and their families.

Coffin Named as
Clark Secretary

BOISE, Dec. 5.—V. P. Coffin of Boise was appointed secretary to Gov. Clark today to complete the balance of his term which expires Jan. 4.

Coffin replaces Mrs. Jean Dudge who is leaving for Ancon, Wash., to join her husband, Lieut. J. G. Hanner N. Dudge, former Ada county fair representative now serving with the navy.

New Kind of Gremlin Lowers Field Just as Planes Arrive

LONDON, Dec. 5.—Gremlins have been honored in verse and songs, painted in print and even made heroes of a Walt Disney movie, but not until today were they given official recognition by the aviation engineers—the little of pilots and plane manufacturers.

A feature entitled "Gremlinology" by Keith Shockley, was issued by "what are so far as is known the first actual photographs of the little demons in action."

A double-page spread includes pictures of various types of gremlins, including the "night-stalker," which is shown perched on top of a Spitfire's reflector sight, the "petrol sapper" caught in the act as he was about to plunge in the gas tank, and one innocently trying to force Gremlins along the "V" for victory sign.

The article, part-fiction and part-fact, tells the tale of Flight Lieut. Montague "Monty" a firm believer in Gremlins. He was ordered at by a superior Major Pomeroy until he was called away to the front.

Several war Gremlins were revealed in the article, notably "Gnome" (pronounced Grouchy) who apparently does not have sufficient lung power for high altitudes and other attributes of ordinary Gremlins. He Gnome-operates strictly on the ground and is responsible for accidents to stationary aircraft.

"Gnome" is listed as the first cousin to "Hugger Oiler," which performs similarly inside hangars. Both Gnome and Hugger Oiler were said to have been taught their tricks by "Dirty Gremlin." He is the one who inhabits the watch office, responsible for placing trees in the path of landing planes or lowering the field just as the planes are coming in.

All School Debate
Clashes Cancelled

BOISE, Dec. 5.—Cancellation of all high school debate tournaments and district declamation festivals in Idaho because of wartime transportation difficulties was foreseen today by E. E. Guder, secretary of the Idaho high school activities association.

He said district music festivals scheduled for next spring also may be cancelled.

Wife of Rancher
Commits Suicide

MCALL, Ida., Dec. 5.—Mrs. Fred McCall, 32, wife of a stock raiser in the remote Chamberlain basin county of Idaho county, committed suicide by drinking poison last Tuesday, Sheriff Bill Taylor of Grangeville reported today.

The officer, who flew in the bush landing field from McCall after receiving a radioed request for an investigation of the death, returned to McCall with the body last night.

There are no probiotic plants or pyramids among the wonders of America's past, according to the Smithsonian institution.

HOLD EVERYTHING

"I know it's raining, but you won't need an umbrella."

American Invasion of Africa Chosen as Top Story of Year

NEW YORK, Dec. 5.—This has been the biggest news year in the history of daily newspapers. Earl J. Johnson, vice-president and general news manager of the United Press, said today in releasing the U.P.'s list of the "10 biggest" stories of 1942: "Never before has the successive crash of events put such an hour-by-hour strain on reporters' faculties around the world," Johnson said, "and probably never have there been so many developments in so short a time which were of such vital and immediate concern to so many people."

He paid tribute to the U.P.'s corps of war correspondents "who are doing their work under fire at the various fronts, with painstaking devotion to accuracy and fairness."

Because of the uncommonly large number of big stories which broke in 1942, the U.P. made two lists of the "10 biggest": one covering foreign news and the other domestic. Some were chosen for their dramatic impact and others for their importance. Most of the stories are interrelated and many of them center around situations which will continue into the new year.

The lists follow:

1. American invasion of north Africa, the rout of Rommel, and cutting of French fleet.
2. Japanese conquest of Philippines, Singapore, Java and Burma.
3. Red army's counter-offensive beginning with its stand at Smolensk.
4. Battles of Coral Sea and Midway which repulsed Japanese fleet.
5. American offensive at Guadalcanal in the Solomon Islands.
6. Allied air attacks on German and Italian cities, which marked loss of air superiority by axis in Europe.
7. Doublets raid on Tokyo.
8. Damp raid involving U.S. and Canadian troops.
9. Failure of Cripps mission and arrest of Gandhi.
10. Rescue of Capt. Eddie Rickenbacker.

DOMESTIC

1. National wage-freezing and tax program.
2. Republican gains in off-year elections.
3. Boston night club fire and subsequent fire prevention reforms.
4. Capture and punishment of German saboteurs and their accomplices.
5. Rise of American war production and President Roosevelt's request for war plants.
6. Drafting of 18-30-year-olds for armed services and registration of men from 45 to 64.
7. Mobilization of women in the WAACS, WAVES, SPARS.
8. Wilkes United Nations tour.
9. War bonds and scrap metal campaigns.
10. Prime Minister Churchill's visit to America to discuss war strategy with President Roosevelt.

AN IMPORTANT ANNOUNCEMENT HARRY MUSGRAVE is QUITTING BUSINESS

FOR THE
DURATION!

One of the most important problems on all of our minds today is to WIN THIS WAR! Our nation needs every bit of available manpower for the production of war equipment and foods. So we feel it a real privilege to step out of the merchandising picture at this time and thus do our part in releasing thousands of man-hours which may be better used in the manufacture of war materials. Those thousands of man-hours which were required to supply us with the merchandise we have sold and might sell in the future is now available for war production.

We certainly want to thank you, our loyal customers and friends, for the 100% support you have given us for these many years — and we want to take this means to thank each and every one of you. Although our stock is limited, we are having Close-Out Fridays everything in our store . . . even to the safe and cash register.

As many of you folks know, I was with the Fuller Brush Co. for two years when I quit farming and I have built my business on Alfred C. Fuller's motto which is: "He who serves best, profits most!" . . . I have always been a firm believer that you have to put out good will before it comes back. And I'll have to admit that our going business today is the result of your support plus our unusual form of advertising. We started with very little and you helped to build a business which we hope has profited you as well as us! I had to laugh the other day when one fellow said "Harry, when you started out, you didn't have a rag on your back—and today you're all rags!"

The TREATS Are ON ME!
At THIS BIG CLOSEOUT SALE EVENT!

**HARRY MUSGRAVE'S
MERCHANDISE MART.**

TUCKER'S NATIONAL

WHY RIGID?

TAMM—A study of the railroad map of middle Europe, particularly the transverse lines of France and Germany, demonstrates the wisdom of the Roosevelt-Churchill decision to choose north Africa as the springboard for an eventual offensive against the Hitler-controlled continent.

Historical events impelled Paris and Berlin to construct their transverse lines of communication in a north-south direction. The same considerations governed when they built their canals, military highways and railroads. Since 1870 both nations have laid tracks with the fear of future war, and their lines of communication have been built in a north-south direction.

RAY TUCKER
Toulon.
The lack of links between industrial France and Germany and the "soft side" of Italy's economic structure makes it extremely difficult for her further to prepare against an allied attack from this area. He cannot make up for his lack of resources and he cannot maneuver quickly to meet a sudden United Nations onslaught. That single ribbon of steel will undoubtedly become the main target of Anglo-American bombers when the axis forces in Tunisia have been destroyed.

ANALYZING CURRENT NEWS

FROM NEW YORK

PEACE—a point was brought in by the British minister to the United States, Lord Halifax, in his radio speech which went unnoted by the public but which is sure to attract the anxious attention of realists and diplomats. He hinted that the struggle with Germany might end first and then the United Kingdom might follow. He said that the United Kingdom would not permit Russia to be isolated.

ALBERT LEAMAN
Hirohito. He could not promise that Russia would not permit Japan to break off relations with Tokyo.

ALBERT LEAMAN
The speaker thinks that the Soviet will not make a separate armistice with Hitler. The hatred of the Russian against the German is so intense that even Stalin might not be so sure as he is that he would not make a separate armistice with Hitler.

THIS ONE KICKED BACK

Even before the new congress takes over, with its relatively even party balance, there is evident a new spirit of discrimination at the capitol. Among other things, congress brags about its reluctance now about granting sweeping powers to the executive.

This can prove good or bad, in the long run. Obviously in time of war it is necessary for the executive to have certain powers which he cannot explain to the public, and these powers cannot discuss with congress as a whole.

But whether it is good or bad, President Roosevelt brought the change on himself, in good part, when by executive order he placed a \$25,000 top limit on net salaries, with certain minor adjustments.

Congress had refused, explicitly, to adopt a \$25,000 income limit, as demanded first by the Communist party in its 1928 national platform; as proposed early this year by the left wing "Automobile Workers" union; as proposed by Mrs. Roosevelt in her syndicated column.

Congressmen are saying publicly that they had the promise of recognized administration spokesmen, when the President was given sweeping powers to act against inflation, that the \$25,000 limitation would not be imposed by executive order.

Now, rather naturally, the people's representatives are saying that they were flatteringly deceived and that they do not feel that they can trust the White House with such powers unless restraints are made explicitly to cover all contingencies.

Such reservations—or even their proposal—have the unfortunate effect at times of forcing Mr. Roosevelt to disclose things which he might better have discussed publicly. They open the way to prolonged, heated arguments in congress which delay action on pressing business.

Granting all these things, congress is acting within its proper rights when it insists on exercising control over matters of major policy.

The simple question whether anybody is entitled to receive more than \$25,000 net in salary, or in total income during any year does not directly affect enough individuals to cause much trouble.

The question whether the executive, taking advantage of a wide discretion given to him for other purposes, can promulgate such an order, rejected by congress, seems to the law-makers and to many others to be of tremendous importance.

That order was a terrible mistake. It has kicked back hard. Its reaction is going to bring a lot of gray hairs to the Presidential head.

SOLDIER OR SYMBOL?
Don't be surprised if Gen. Charles de Gaulle is invited to show up in Washington one of these days, for the affairs of the organized Free or Fighting French versus the Axis or Axis-aided French in North Africa are becoming so involved that only a direct showdown can resolve the differences.

From a "neutral" American point of view, it is impossible to appreciate how General de Gaulle can have no love for Adolf Hitler, and in the same breath it is possible to justify the deal which Lieut.-Gen. Dwight D. Eisenhower made with Admiral Darlan in North Africa. That deal unquestionably made possible the speedy American occupation of North Africa and it saved thousands of American casualties. But in trying to reconcile de Gaulle to this course of action, the Americans and the British have to negotiate with a most difficult personality. That is where much of the trouble comes in.

The Washington group around de Gaulle is that he has become exceedingly hard to get along with. Even some of his most ardent followers say he now surrounds himself with pictures of Napoleon and has a complex. But de Gaulle has been supposedly become terribly suspicious of everyone. Various people who have seen him at his Syrian headquarters have come away tremendously unimpressed.

Let the kiddies save their pennies, by all means. Encourage them to do so. But don't let them have enough, let them buy war stamps or, at least, exchange the coppers for coins made from less critical metals.

Other Points of View

ITS PROPAGANDA

If you heard anyone say "excuse me, you know, that was what would have been over long ago." That is the line of the anti-Fascist propaganda. That is the line of the anti-Fascist propaganda. That is the line of the anti-Fascist propaganda.

CLARK TO SPEAK IN WASHINGTON

BOISE, Dec. 5 (AP)—Gov. Chase A. Clark today said he would leave this Wednesday for Washington where he has "several appointments."

He added that on Dec. 16 he would be the principal speaker at a dinner meeting in the Commodore hotel of the committee for an army for statehood and independence.

In Washington he will follow "up" with the social security board of the committee with the senior citizens' plan," he said. "I expect approval is needed before the act becomes operative in Idaho."

"I will talk with the secretary of war in regard to coordinating on uniforms and equipment for the Idaho volunteers and state guard. And if matters have not been worked out before I arrive there in regard to calling upon the Idaho volunteers and other farm products, I want to talk over these matters also," he added.

WOMEN LABORER PROBE IS ASKED

SUR VALLEY, Dec. 5 (AP)—A resolution urging investigation of circumstances surrounding employment of women in industry was adopted today by the regional American Legion club at a conference which closed here today.

The resolution requested national headquarters to investigate employment of women with young children through U. S. employment agencies "when the veteran employment branch reports thousands of World War veterans registered but unemployed, thus causing unnecessary loss of money."

Other resolutions asked for investigation of traveling conditions and facilities in moving crop workers to western areas in order to remove conditions harmful to children, and for establishment of increased facilities for traveling and rest to insure the benefit of army families.

Mr. D. Campbell, executive director of the American Legion national division, of Indianapolis, in his address today stated the importance of child welfare as a "year-around defense measure."

Keith D. Wrighton, an agricultural marketing division also spoke on the young milk and school lunch program in Idaho.

Claymore, Wyo., was selected as site for the next conference. Legion child welfare workers from 30 western states are in attendance.

Resigns Post

EDWARD B. ROGEL

Reviews as principal of Twin Falls high school to accept a post at Auburn, Wash. (Staff Photo-Engraving)

ROGEL LEAVES TO ACCEPT NEW JOB

Resignation of Edward B. Rogel, principal of Twin Falls high school, has been announced by the board of trustees. Supt. A. W. Morgan announced last night.

Mr. Rogel was released from his contract in order to permit him to accept a post as high school principal at Auburn, Wash. last night.

He will leave here Dec. 11 for Auburn.

The trustees have taken no action as yet to select Mr. Rogel's successor. Supt. Morgan said. The next regular board meeting is Monday, Dec. 14, although the board might possibly hold a special session before then. Trustees held two special meetings when the matter of Mr. Rogel's release came up.

Board members gave no indication as to the likelihood for the principal post, saying only that the choice is "still open."

Mr. Rogel was serving his fifth year as head of the local high school. He came here from Washington after Homer St. Davis became superintendent. Mr. Davis is now assistant superintendent of the Seattle school system.

CITIZENS' GRANT IS RULED LEGAL

BOISE, Dec. 5 (AP)—The senior citizens' grant act was held today by Atty. Gen. Bert H. Miller to be constitutional and in conformity with the federal social security act.

The lengthy opinion, covering 100 pages of law and constitutionality, was written by Atty. Gen. Clark, who sent it to the U.S.A.A. in Washington and asked for "sanction" to follow it through there.

Miller said only legislative action needed to make the initiative measure, approved at the last election, operative "is an appropriation and availability of federal funds."

He held that all income and resources of an applicant could be taken into consideration in determining the amount of each grant and that all income from any source would be kept confidential.

Gov. Lee, state public assistance director, said payment of the \$40 monthly pensions to the eligible aged would cost about \$400,000 more per year than under the present law.

The average pension to the aged in October was \$26.62.

Idaho Starts New Farm Industries

NAMPA, Dec. 5 (AP)—Idaho farmers are starting a brand new agricultural industry in the growing of lemons for use by farmers of the south as a source of winter coverage.

Canyon county AAA headquarters reports that more than 120 carloads of Idaho winter peas were grown in 11 Idaho counties in the past season, and that the crop will be ready for market about \$75,000, and watermelons and winter wheat an additional \$45,000.

The crop is grown in Blaine, Canyon, Jefferson, Fremont, Idaho, Latah, Lewis, Madison, Nez Perce, Teton and Washington counties. The peas prevent winter soil erosion and moisture erosion, and provide a valuable source of nitrogen which will be plowed under in the spring.

ROME MAY MAKE OPEN CITY PLANS

BERN, Switzerland, Dec. 5 (AP)—A dispatch from Rome tonight said it was "possible" that the ministry of defense and other departments which could be considered military objectives have been evacuated from Rome, although there was no official confirmation.

Such moves are the usual preliminaries to the declaration of an "open city" the device that saved Paris from destruction by the Germans.

The Rome dispatch said that up to now published appeals had urged the evacuation of the civilian population, especially women, children and aged persons, but other information was considered to be of military nature and "authorities and official publications are observing complete silence."

It said, however, that it appeared the government a long time ago had foreseen the need for preparing for the evacuation of the military.

CATHOLICS SLAP GERMAN MORALS

NEW YORK, Dec. 5 (AP)—Catholic bishops of Germany have issued a new pastoral letter charging that moral standards of modern times are on the "same level as an animal," the office of war information revealed today.

The OWI quoted an account in the Swiss Catholic newspaper, Ochsener, which carried the first points of the pastoral letter, issued by the German Catholic bishops' conference at Fulda last May. A Vatican radio broadcast summarizing the letter also was heard last night by the federal communications commission.

The Catholic letter condemned the "most heinous" policy of encouraging sexual relations among youth for the sole purpose of raising the birth rate.

Declaring that such methods of "eugenics" have resulted in "animal love," the pastoral letter said they are "designed to open the books of licentiousness and to undermine popular morality and fidelity, and to change humanity into a pack of brutes."

Reduction of the German birth rate, the letter said, was due to the ill-appearance of religious and moral national consciousness.

"There is a tendency gradually to do away with the eternal separation of sexes during youth meetings by day and night," it said, "and during lonely hilling tours and on similar occasions."

"The reverent approach to love that formerly characterized the German man has largely given way to a sort of promiscuous cohabitation that exposes young girls to the greatest moral dangers."

Wendell Family Sends Its Sons To Sea in Pairs

The Fifth family in Wendell believes in sending its sons in pairs to the navy in pairs.

The three-year-old pair of Fifth brothers—Harry Albert, 19, and Frederick William, 18—were tentatively engaged for enlistment at the local recruiting station yesterday.

The sons of Mr. and Mrs. H. A. Fifth, who live on a farm near the town, are to be trained as radio technicians.

The first pair of Fifth brothers, Russell, 24, and Edwin, 22, enlisted at the local station on April 8, 1941, and is now at sea.

The enlistment of Harry Albert and Frederick William left only one Fifth brother at home. He is not quite 17 years of age yet too young to enlist, but his brothers expect that he would become a sailor as soon as possible.

Another Wendell youth followed a brother into the navy by enlisting yesterday. He was Murray Robert Lancaster, son of Mr. and Mrs. George R. Lancaster, Eugene A. Lancaster, his brother, enlisted here on March 8, 1941.

Other enlistments—all for technical training at NYA school—were Theodore Roy, 20, 222 Second ave. near north, Twin Falls; John Richard McNeill, 19, son of Mr. and Mrs. O. G. McNeill, 1123 Seventh ave. near east, Twin Falls; Eugene Orland McKee, 18, son of Mr. and Mrs. O. S. McKee, Fair, and Capt. Miles Peterson, 18, son of Mrs. Helen Peterson Kehney, Malin.

4 Local Youths At Peccos School

Four Twin Falls youths are now with the quartermaster corps at the Peccos army training school, Peccos, Tex., according to a communication received here from the school today.

The four are Elmer Hustler, route three, Deem, Kibberville, 362 Second avenue, Howard K. Kibberville, 447 Canyon View, and Judy W. Wietman, 303 Third avenue.

Richard Dache, son-in-law of Benjamin Franklin, introduced the boys into America in 1940.

WANTS REMARKS ON CHINA
CLARIFIED

Editor, Times-News: I attended a lecture by Mrs. Wong, missionary from China, at our Rotary club the past week. Some of her statements have left me in a quandary regarding my feeling toward the Chinese. I quote: "The Chinese would rather be under the domination of Japan than the domination of United States. Secondly, 'The Chinese say America, our real enemy, our national policy are all symbolized by the dollar sign.'"

The illustrated our "Smugglers" toward the Chinese or favored supporters of the white race" which was repeatedly referred to by a young man in the audience.

It does not require much imagination to conclude that the lady could be prejudiced along that line of reasoning. There were several other remarks I could not agree with.

After considerable pondering over the above, there are two conclusions that one can arrive at. First: She is prejudiced and hostile. In the above statements and that her remarks are not conducive to an intelligent effort in times like these.

Secondly: If she is correct, we are revealing secret thanks for the men who died attempting to win the Japanese for the enormous amount of money and munitions that have come out of this country prior to Pearl Harbor to aid China; and for the missionary work we have done the past 50 years.

I would welcome an explanation by Mrs. Wong.

FARMERS WILL DO ANYTHING TO HELP WIN WAR

Editor, Times-News: Farmers refuse to take second place to anyone for patriotism. We will do anything at all that is necessary to win this war.

We do not object to being gradually pushed into the position of being able to produce plenty of food for U. S. citizens and Europe and hungry peoples of the world. We are more anxious to have the 1943 food set up by the department of agriculture.

The present conditions of farm production, using farm equipment and transportation on rubber, it will become more difficult to produce the great quantities of foodstuffs desired, unless farmers are provided with equipment, supplies and skilled labor sufficient to insure continued production of food as it is needed by the whole world.

The Grange patrons of Idaho challenge all other groups to equal the farmers of Idaho in the war effort.

GLASS PAINT WILL BE USED BENEFIT

A commemorative performance of "Leave on Liberty" in memory of Pearl Harbor will be presented as a local USO benefit Wednesday, Dec. 9, at the Twin Falls high school auditorium by the local chapter of the Dana Thomas patriotic comedy in less than a week, and a particularly timely, being staged during the first anniversary week of World War II.

Patriotic Music
The curtain will go up at 8:15 p. m. and patriotic music will be presented in conjunction. The play ably depicts those glorious days in the United States prior to the "reel attack" on Pearl Harbor.
The price of admission will be reduced to enable all persons possible to attend the performance. No seats will be reserved. The advance ticket sale will begin Thursday morning, Dec. 8, and will continue through Wednesday and Thursday evening.

Staged Thursday and Friday nights at the high school auditorium as the annual center class play, it has probably caused more favorable comment than any production since. Financing efforts has been dramatic during the time she has been dramatic director at the high school, and said last night.

The first two acts represent the summer and fall of 1941, when the typical American home was divided in opinion on whether we should go to war or stay out of the war. The setting is a typical American home, the last act is the morning of Dec. 7 when the Japanese attack on the crashing bomb on Pearl Harbor.

Lots of Comedy
The play is thoroughly modern and each act contains a well-timed, humorous incident being offered largely by two children of the family and the drama ends.

One of the principal characters is the fighting grandmother with the "stick of 70" who says: "My ancestors came over on the Mayflower and they no sooner got the gangplank down than they started to fight the Indians. And every generation has been fighting someone for this country."
As the play opens, the son-in-law declares himself a peace advocate, who prefers to do business with Hitler via the conference table.

The son, a typical playboy, objects to military service because it interferes with his golf and tennis.
The daughter, a typical playgirl, is stabbed in the back from within by the fifth columnist, and from within by a Japanese spy.

The patriotic comedy is good entertainment from front to back, and "worth the trip to town in spite of gas rationing," one rural spectator said. "The information declared emphatically."

HANSEN BRIDGE'S REPAIRS SLATED

The repair of the Hansen bridge, for which the Twin Falls Chamber of Commerce has been working for several years, will begin shortly after the first of the new year. Mr. Leister, district engineer for the state highway department, announced yesterday.

Leister said the steel for the bridge, for which the highway department has sought priority since last April, has arrived from the American Bridge company, Gary, Ind. The district engineer said that 7,000 pounds had been received and will be used in replacing deck and girders which have been damaged.

Leister said that while money to replace the entire floor of the bridge has not arrived, he has been assured by the Boise office that money cleared and soon would be on the way.

He said that bids for the expenditure work had been asked and that a number of contractors already were "figuring on the work." The contract will be let, he stated, in about two weeks.

The district engineer declared that the state itself purchased the steel and lumber instead of calling for bids on the entire project, believing that the work would be expedited in that manner.

Many motorists have complained that loose boards in the bridge have damaged their tires. One motorist exhibited a tire out of which a big piece of the rubber had been torn.

Scout War Work Emblem

Each troop and Cub pack in the Snake river area council of Boy Scouts has been provided with a "Victory service" emblem, a replica of which is shown above, according to Scout Executive Gordon Day. The troops and packs will endeavor to fill all the squares in the "V" with their war work accomplishments represented by stickers. There are 22 squares in which stickers may be pasted.

TO TROOP BY TROOP
The emblem is being distributed to the troops and packs by the council. The emblem is being distributed to the troops and packs by the council.

UNION EXECUTIVE SPEAKS TUESDAY
International and state representatives of the building and laborers union will be among the speakers on the program at a meeting to be held in the labor union assembly office, 420 Main avenue south, at 8 p. m. Tuesday, Dec. 8.

William O. Dix, Salt Lake City, international representative, and J. J. Hurrell, Boise, state representative of the Idaho district council, arrived yesterday to plan the meeting. Other speakers on the program will be C. D. Salsbery, Twin Falls, president and business representative of local No. 818 building laborers' union; Stuart Swan, president of the carpenters' union and secretary of the Twin Falls Building Trades council; and W. B. Gentry, secretary of the carpenters' union.

The meeting is part of a plan for the meeting to be held in the labor union assembly office, 420 Main avenue south, at 8 p. m. Tuesday, Dec. 8.

One of the most important jobs we have, said Dix, is to expedite the referral of men to military construction projects as they come up in different parts of the country.

The meeting is open to all members of the local, and applicants for membership.

School Observes Dec. 7 With Big Bond, Stamp Push
On Monday, Dec. 7, the students of the Twin Falls school are going to buy bonds and stamps until they reach the \$10,000 mark.

The bond drive will be held Friday afternoon during which Tech. Sgt. Bert Christensen, Lieut. Fred Tomlinson, and John D. Platt, members of the local, and applicants for membership.

Sgt. Christensen, former head instructor of the post paid in a number, and Mrs. Margaret Anderson, chief director, led the girls in the "Bond Drive Today."

Pat Day, student body president, was presiding officer.

CHRISMAN SERVICE AT BURLEY TODAY
BURLEY, Dec. 5.—Memorial service for the late Thomas J. Chrisman, father of E. J. Chrisman, Burley, who died in Japan, will be held at 2 p. m. today at the Burley Baptist church, Burley, Idaho.

After the services the remains will be taken to Burley for burial under the direction of the Burley funeral home.

2 SAILORS HELD FOR AUTO TO PROBE
GOODING, Dec. 5.—Two sailors, said to be AWOL, and two Portland, Ore., who were being held in the county jail here tonight, will be officers investigated a report that the car in which they had a wreck Tuesday night had been stolen from Portland.

The four gave their names as George W. Ponder, 18, and Ernest I. Hendrix, 21, both stationed at the Point, Ore., and Gloria Terrell, 16, and Lillian M. Jacoby, 17, both of Portland. The Jacoby girl said she was a welder in a Portland defense plant.

Deputy Sheriff Sherman Stump said the four were arrested in a late-model sedan believed to have been stolen in Portland when they crashed on the road along the Elgin-Pomeroy road in the west of Gooding. Leaving the car at the scene of the wreck, the four climbed a ridge into Gooding with Clarence Paul, Gooding, and rented quarters in a tourist camp.

The wreck was reported to State Policeman W. E. (Tommy) Thompson, who took the car to Glenn Ford, without transportation, and not enough money to pay rent they could, the four debated their predicament all Thursday. Finally the Terrell girl went to the sheriff's office and asked if there was some way she could get out of her mother's care, and the car.

Questioning finally led to the arrest of the four in connection with the theft report, and the girls were being held tonight pending word from their parents.

In the wreck the Jacoby girl suffered a broken bone in one hand, and the car received a slight concussion, and the boys escaped with scratches and bruises. The girls said they were on their way to Reno, Nev.

Merchants Will Plan for Santa
A meeting of the Merchants' bureau at Secretary Jean Hagg Church asserted as "very important" will be held at the Rogerson hotel Monday night.

The new recruits are Henry "Hank" Powers, Twin Falls high school football coach; Clarence A. Scott and Leroy Hughes, high school instructors; and Don Hine and Curt Westendorf, farmers.

Plans for the company's first military dance will be completed at a meeting scheduled for 7 p. m. Sunday at the Legion hall. The dance will be held at the Legion hall at 9 p. m. Monday. Members and their wives or lady friends and Mayor and Mrs. Joe Kuebler are eligible to attend. Mrs. Sam Claude Henderson will serve refreshments. A "dummy" drill will provide the entertainment during intermission.

First Lieut. W. W. Thomas and Sgt. Orin Potts, August V. Williams and U. S. Navy are members of the dance committee.

Price Boost Not Meant for Cream
BOISE, Dec. 5.—C. C. O. Anderson, Idaho director of the office of price administration, said today in response to queries from dairy operators that price ceiling increase on milk in southern Idaho do not include cream.

The government wants to cut down on consumption of cream to divert the butterfat to the armed forces, hence the order to take whipping cream off the market, Anderson said.

The heavier type of "coffee" cream will remain on the market, but at no more than ceiling prices, he said.

Longtime Hailey Resident Passes
HAILEY, Dec. 5.—Mrs. Elizabeth Ponder, 70, resident of Hailey since 1904, died Friday from the effects of a heart ailment.

She was born in Milwaukee, Wis., Sept. 7, 1870, and was married there to Gustav Ponder.

Her husband died several years ago. Survivors are two daughters, Mrs. Lydia Goodman and Mrs. Irlene Clemens.

State Guard Now At Full Strength
With the enrollment of five new members "Twin Falls" state guard company was brought up to its new authorized strength—50 officers and men.

The new recruits are Henry "Hank" Powers, Twin Falls high school football coach; Clarence A. Scott and Leroy Hughes, high school instructors; and Don Hine and Curt Westendorf, farmers.

HAILEY, Dec. 5.—Mrs. Elizabeth Ponder, 70, resident of Hailey since 1904, died Friday from the effects of a heart ailment.

She was born in Milwaukee, Wis., Sept. 7, 1870, and was married there to Gustav Ponder.

Her husband died several years ago. Survivors are two daughters, Mrs. Lydia Goodman and Mrs. Irlene Clemens.

State Guard Now At Full Strength
With the enrollment of five new members "Twin Falls" state guard company was brought up to its new authorized strength—50 officers and men.

The new recruits are Henry "Hank" Powers, Twin Falls high school football coach; Clarence A. Scott and Leroy Hughes, high school instructors; and Don Hine and Curt Westendorf, farmers.

Plans for the company's first military dance will be completed at a meeting scheduled for 7 p. m. Sunday at the Legion hall. The dance will be held at the Legion hall at 9 p. m. Monday. Members and their wives or lady friends and Mayor and Mrs. Joe Kuebler are eligible to attend. Mrs. Sam Claude Henderson will serve refreshments. A "dummy" drill will provide the entertainment during intermission.

First Lieut. W. W. Thomas and Sgt. Orin Potts, August V. Williams and U. S. Navy are members of the dance committee.

Price Boost Not Meant for Cream
BOISE, Dec. 5.—C. C. O. Anderson, Idaho director of the office of price administration, said today in response to queries from dairy operators that price ceiling increase on milk in southern Idaho do not include cream.

The government wants to cut down on consumption of cream to divert the butterfat to the armed forces, hence the order to take whipping cream off the market, Anderson said.

The heavier type of "coffee" cream will remain on the market, but at no more than ceiling prices, he said.

UCLA WINS OVER VANALS, 40 TO 13, IN CROWD PLEASER

Chuck Thomas Stars for Idaho Club

By FRANK FRAWLEY
LOS ANGELES, Dec. 5 (AP)—The Bruins of UCLA football team today outclassed University of Idaho football team today, 40 to 13.

A crowd of 25,000 saw UCLA score almost at will with quarterback Bob Wankfield's sharpshooting responsible for all the Bruins' six touchdowns.

Coach Francis Schmidt, one-time Ohio State star, fielded a heavy and fast team that at first kept UCLA on its toes with lots of trick plays, laterals, hidden ball plays and runs from fake punts.

The Bruins scored their first touchdown on a 44-yard pass from Howard Hanson to Jack Teskey.

It was a wild-open game all the way and one of the best of the season here, so far as the crowd was concerned. Hanson and Chuck Thomas, Idaho passed expertly and the backs and ends fielded the ball well, but the Vandal interference did not pick up as well as that of the Bruins.

The contest was marked by frequent penalties and some off-balance punting at close quarters by both sides, but whereas the Notre Dame-University of Southern California game here got out of hand late, the officials today ejected the badly players promptly.

Idaho tried 34 passes and completed 18 for 209 yards, whereas UCLA completed 16 of 23 tries for 319 yards. Idaho gained only 51 yards on the ground to 196 by the Bruins.

The game preceded the University of Southern California-Montana game on a double feature program. UCLA and USC met last Saturday to settle the Pacific Coast conference title and the Rose Bowl bid.

Idaho's lineup:
Linebackers: 1-2, 3-4, 5-6, 7-8, 9-10, 11-12, 13-14, 15-16, 17-18, 19-20, 21-22, 23-24, 25-26, 27-28, 29-30, 31-32, 33-34, 35-36, 37-38, 39-40, 41-42, 43-44, 45-46, 47-48, 49-50, 51-52, 53-54, 55-56, 57-58, 59-60, 61-62, 63-64, 65-66, 67-68, 69-70, 71-72, 73-74, 75-76, 77-78, 79-80, 81-82, 83-84, 85-86, 87-88, 89-90, 91-92, 93-94, 95-96, 97-98, 99-100, 101-102, 103-104, 105-106, 107-108, 109-110, AMERICAN WAR PRODUCTION FALLS JUST SHORT OF GOALS

'42 PRODUCTION MORE THAN AXIS

WASHINGTON, Dec. 5 (AP)—American war production in 1942 has fallen a little short of the month goals set by President Roosevelt in his major categories except aircraft production, the office of information disclosed today. The government stressed a point that this country alone is outproducing the Axis.

Revealing some figures carefully kept secret heretofore, OWI said in a review of the year's first year that production totaled:

49,000 planes
22,000 tanks and self-propelled artillery
17,000 anti-aircraft guns (more than 20 million)

20,000 tons of merchant shipping
The goals which Mr. Roosevelt set last January were 60,000 planes, 40,000 tanks, 20,000 anti-aircraft guns and 30,000,000 tons of merchant shipping.

At that time the figures were considered unrealistic in this country. The Axis tanks scoffed at them as fantastic and absurd.

OWI, in its review, called the record "impressive" and observed that there were some conspicuous shortfalls in the categories where goals were not met.

An increasing proportion of our planes have been "bombers," it pointed out. "In addition to tanks and self-propelled artillery, many thousands of scout cars and half and full-track carriers have been produced which are as essential to a well-rounded mechanized force as are tanks themselves. Many, many thousands of anti-aircraft machine guns have been turned out."

But, OWI admitted, there should be no cause for complacency in the figures themselves "or in the fact that we are now out-producing the Axis in armaments."

OWI, in its review, called the record "impressive" and observed that there were some conspicuous shortfalls in the categories where goals were not met.

Transport Survivors Rescued off North Africa

Kept afloat by life jackets and rafts, survivors of three torpedoed American transport ships are picked up by landing barges and boats from enemy ships lying off Fedala, French Morocco, during recent action when the trio of transports was sunk by enemy subs. The torpedoings occurred as the allied invasion threatened Casablanca. Official U. S. navy photo.

C. of C. Plans Year Devoted To Helping All War Efforts

The work of the Twin Falls Chamber of Commerce will be continued in the future through the year 1943, it was announced today by the chamber's executive committee.

The report was made by Tom C. Packer, chairman of the project committee, which also includes George H. Bailey, G. R. Nelson and C. C. Kneiberg.

The meeting was attended by 20 members of the chamber, the largest number to date for a luncheon session in more than a year. The new president, Claude H. Deweiler, presided.

War Help
The project committee report recommended that the chamber should continue to cooperate in all war efforts and should have a war effort cooperation committee to do this activity. Another committee on war bond sales cooperation should actively assist the government on the sale of these bonds.

In line with the above, the Chamber of Commerce should reduce its expenses on any phase of its work not directly assisting the war effort. The chamber should adopt a reduced budget.

The Chamber of Commerce should also recommend to the Merit Board that they cooperate in this and their activities be limited to time that will assist in winning the war.

Squelch Rumors
Another war work recommendation made was "The Chamber of Commerce should sponsor and actively work on a Squelch-the-Rumor campaign. There are numerous rumors currently circulating that have a very bad effect on morale and hurt the war effort. This campaign should be carried on during the Christmas holidays."

His funeral services were held Monday in Hollywood for Buck Jones, cowboy film star who was killed in the attack on Pearl Harbor Nov. 29 in the Hawaiian Islands.

Playwrights, Claude Booth, wife of the editor, and H. Lane and newlywed couple, were in the audience.

BONUS PAY SET ON FARM CROPS

WASHINGTON, Dec. 5 (AP)—The department of agriculture today announced rates of payment to farmers cooperating with the crop production adjustment plan of the agricultural adjustment agency's 1943 war program.

In almost all cases the payments will be less than those of 1942. The program implements the department's policy of full production of all crops needed in the war program. Severe deductions will be made from each farm's total crop payments in 1943 for failure to plant at least 90 per cent of an acreage allotment and 95 per cent of a special war crop goal.

It will be possible for farmers to elect the payments by complying with their AAA acreage allotments for corn, wheat, cotton, rice, tobacco and peanuts and at the same time meeting individual farm production goals for special war crops. Payment rates for 1943 and 1944 are respectively: Cotton per pound, 12 cents and 12 cents; corn (commercial) per bushel, 93 cents and 93 cents; wheat per bushel, 69 cents and 69 cents; rice, per 100 pounds, 24 cents and 20 cents; peanuts, per lb., \$1.25 and \$1.10; potatoes (commercial) per bushel, 12 cents and 12 cents.

In addition to the crop production adjustment payments, farmers also will be able to earn a production practice (or conservation) payment by carrying out specified agricultural practices which improve soil, help prevent erosion, and increase yields of needed war crops.

She Still Did Man's Job.

Even the treasury department makes mistakes. Almost a year ago the picture on the poster at left was made and will be shown in movie houses on Dec. 7 to promote sale of war bonds. The only error was that the picture of the "miller" at left couldn't possibly grow up to be a free man as stated on the poster. Why? Because the "little guy" turned out to be a little lady—none other than two-year-old Linda Petersen, right, whose birthday incidentally, is Dec. 7.

1 DEAD, 2 HURT IN TRAIN CRASH

SAN LUIS OBISPO, Calif., Dec. 5 (AP)—A rear-end collision of two sections of the Southern Pacific train at the Casablanca depot, 35 miles south of here, today killed an army captain, seriously injured two porters and slightly injured several other passengers.

Capt. Vincent G. Maguire, 39, of 1242 Mulwile, Brooklyn, N. Y., assigned to a medical battalion at Camp San Luis Obispo, was killed in the wreckage.

The northbound train, running an hour behind time, had stopped for a block signal at the depot at 2:10 a. m. when the locomotive of the second section, carrying military personnel, plowed into the observation car.

The observation car and three pullmans of the first section and the engine of the second train were derailed. One of the cars was badly smashed but none was overturned. Two porters, J. T. Steele and L. Hyde, were taken to the Camp Cooke hospital. Other passengers injured did not require hospital treatment.

For hours workmen used acetylene torches to remove the captain's body from the twisted steel wreckage of one of the cars.

All train passengers continued their trip north at 7 a. m. after being transferred to the remaining 12 cars of the train.

EDITOR RAPS AT BRITISH ATTITUDE

NEW YORK, Dec. 5 (AP)—Charles Gould, co-editor of the Ladies Home Journal, who returned from Europe by clipper plane last night, charged that the axis nations had stages of conquest since the outbreak of the war, and "they are there for espionage purposes."

Gould said, following his return from a six weeks tour of the United Kingdom, He said, David Gray, U. S. minister to Dublin, had authorized him to tell the American people of the situation in Ireland.

"America helped Ireland get its freedom," Gould asserted. "And now when America needs Ireland they are not standing with us."

He said that since Ireland obtained its freedom, conditions there "are practically disastrous, with no freedom of expression and complete censorship of the press."

Gould said, following his return from a six weeks tour of the United Kingdom, He said, David Gray, U. S. minister to Dublin, had authorized him to tell the American people of the situation in Ireland.

Names in the News

By United Press
Defense Transportation Director Joseph Eastman today thanked over 100,000 men who have served in the armed forces since the outbreak of the war.

His funeral services were held Monday in Hollywood for Buck Jones, cowboy film star who was killed in the attack on Pearl Harbor Nov. 29 in the Hawaiian Islands.

Playwrights, Claude Booth, wife of the editor, and H. Lane and newlywed couple, were in the audience.

For three centuries...

Through three Crises...

America's System of Free Enterprise returns the Nation to Greater Prosperity than ever

What America has done once, America can do again.

For 300 years, before and after we became an independent nation, through three major and countless smaller crises, the American system of free enterprise has won its way. Each time it has afterward brought the American people to still greater heights of prosperity.

THIS is the system of free business and free labor that has made America today the war production center for the world—and after victory America will be the peacetime industrial center of the world, leading the people of all nations to a happier and fuller life—the American way of life!

THIS is the system we MUST preserve. It can—and will—meet the problems of the post-war period. And once again the system of American free enterprise will carry this country to still higher pinnacles of greatness!

Look Americans!

Since the beginning of time, the only road to prosperity has been P-R-O-D-U-C-T-I-O-N and exchange of goods and services at a profit—the American system of labor and business.

From it you have earned personal benefits—your home towns have enjoyed increasing advantages—and your nation has become the richest on earth.

THE AMERICAN SYSTEM HAS CREATED THESE TANGIBLE THINGS FOR YOU:

- the highest standard of living in the world;
- the accumulation of personal savings and worldly possessions—your schools, your highways, your buildings—your life insurance, your home, your automobile;
- money to pay the cost of government, local, state and national, including the payment of governmental debt.

And with it, you have the right to think, to speak and to worship as you choose—rights forbidden to millions not living under the free American system.

IDAHO POWER COMPANY

Keep his America—AMERICAN!

IDAHO LEADERS MAP PLANS FOR RECORD PRODUCTION IN '43

INCREASED YIELD SOUGHT BY U. S.

BOISE, Dec. 5.—Idaho farm production strategists today mapped preliminary plans for throwing the full resources of the state's farm and ranches into the 1943 food for freedom program.

The state USDA was held in its first meeting since Secretary of Agriculture Claude I. Wickard's regional meeting at Denver, which ended Wednesday, to discuss the plan of accumulating surplus production goals for the state's crop and livestock products and apportioning the goals to the counties within the state.

Clifford J. Vought of Mackay, chairman of the war board, said the board will seek the advice of informal committees of producers and handlers in allocating commodity goals to the counties. Farmers, ranchers, seedsmen, warehousemen, farm organizations, representatives, processors and agricultural experts will be asked to serve on the committees which will be organized along commodity lines for beans, peas, feed grains, sugar beets, potatoes, cattle and calves, hogs, sheep and lambs, milk and milk cows, poultry, fish, vegetables, seeds and other food commodities.

Stresses Importance
Vought stressed that present goals for the state are "measly," subject to review and adjustment by the commodity committees, the state war board and the county war boards which will have the job of breaking them down to individual farms and ranches.

"Our goals are the state's share of the amounts of food and raw materials which the food requirements of the United Nations believe necessary for the war effort during the next year. Large amounts of the food American farmers produce in 1943 will be sent overseas for our fighting forces, for our allies, and for the people of the countries we capture from the axis," he said.

"We may find it necessary to trade food acreages with neighboring states, or to make other adjustments to our agriculture plan to fit the needs of the nation. The principle objective is to increase the overall agricultural resources in the state to fully utilize for war production."

Tentative Goals

Tentative Idaho goals for 1943 farm and ranch production based on 1942 production which was considerably higher than either 1941 or the average of preceding years, were as follows:

Wheat, 88 per cent; rice, 100 per cent; corn, 100 per cent; oats, 95 per cent; barley, 100 per cent; rye, 100 per cent; flaxseed, 125 per cent; dry beans, 125 per cent; dry peas, 125 per cent; sugar beets, 125 per cent; potatoes, 107 per cent; cattle and calves, 114 per cent; sheep and lambs, 107 per cent; hogs and pigs, 130 per cent; milk production, 103 per cent; milk cows, 104 per cent; chickens, 120 per cent; turkeys, 100 per cent; turkeys, 142, per cent.

MILLER APPROVES WPA LIQUIDATION

BOISE, Dec. 5.—Idaho WPA Administrator David Miller today said he was "heartily in accord with the President's official announcement of the closing of the work projects administration."

"The WPA was designed to relieve unemployment and now, with the war effort and private industry needing available labor, the agency is no longer justified in operating beyond the limit its President has imposed to effect the closing," Miller said.

The administrator said, in closing acknowledgments of his agency, the WPA has been able to employ more than 50,000 men and women at one time or another since its inception in 1935.

He expressed his appreciation "for the splendid sponsorship by local, county and state governments which has helped the WPA to attain its goals."

The grand total of 1942 and sponsor funds expended up to Oct. 30 in Idaho was \$54,024.94.

The grand total of new roads, airport runways, etc., said Miller, "the Idaho WPA has constructed 4,500 miles of roads and highways, 700 bridges and viaducts, 230 public buildings, 21 recreational facilities, 36 utility plants, 163 miles of water mains, and reclaimed thousands of acres of land in a state-wide reforestation program."

The welfare programs included provision of school lunches, school clothing, training of farm and home education of adults.

Every tanker truck had spring on the axle on the Atlantic coast this country through Canada to drive 13,000 cars from New York to San Francisco.

Twin Falls Beans in Mess Shack on Guadalcanal

When the 13th naval district headquarters at Seattle, Wash., got to looking over a photograph sent from Guadalcanal, officers spotted a sack of beans with the word "Twin" showing on the bag. The picture is shown above—the camouflaged mess kitchen for embattled marines who are creating one of the great sagas of World War II.

18-Year-Olds to Register at Draft Offices and Murtaugh

Only between 75 and 80 18-year-olds within the jurisdiction of Twin Falls county selective service board No. 1 will register for the draft here this month, Capt. J. H. Beaver, clerk of the board, advised yesterday. The registrations will be held in the three periods set aside for the purpose at the office of the local board and at the postoffice in Murtaugh, Captain Beaver said. Parley Perkins, postmaster, will be in charge at Murtaugh.

The three periods of age registered here last June 30. A majority of the youths 18 years of age registered here last June 30. The three registrations this month will be as follows:

Those who were born on or after July 1, 1924, and not after Aug. 31, 1924, will register on any day during the week commencing Friday, Dec. 18, and ending Thursday, Dec. 24.

Those who were born on or after Sept. 1, 1924, but not after Oct. 31, 1924, will be registered on any day during the period commencing Saturday, Dec. 19, and ending Friday, Dec. 25.

Those who were born on or after Nov. 1, 1924, but not after Dec. 31, 1924, will be registered on any day during the period commencing Saturday, Dec. 26, and ending Friday, Dec. 31.

Captain Beaver also pointed out that the law requires all males born on or after Jan. 1, 1925, to register on the day they attain the legal birthday anniversary unless the anniversary falls on a Sunday or local holiday. In the latter instance, they must register the following day that is not a Sunday or local holiday.

The registration hours will be between 9 a. m. and 5 p. m. during the three periods.

GUILTY VERDICT ON JILTED WOMAN

BLOOMINGTON, Ind., Dec. 5.—Mrs. Caroline Payne, 45, married newspaperwoman who shot her lover five times in the back because he "jilted" her after a 17-year relationship, faced a two to 21 year sentence today for voluntary manslaughter.

Mrs. Payne was found guilty last night by an all-male jury of farmers who deliberated for more than six hours. Special Judge Charles H. Staff will impose sentence after consultation with attorneys.

It was Mrs. Payne's second trial. Her first ending when a jury of 11 men and one woman disagreed last February.

She killed her lover, Charles O. Mattingly, 41, attorney-examiner for the Indiana public service commission, on July 5, 1941, while he sat with his bride, Lorraine Oberholser, in the kitchen of a friend's home. Mrs. Payne was outside and fired the fatal shot through an open window.

Wendell Charts Company of Vols

WENDELL, Dec. 5.—Organization of a company of Idaho volunteer reserves, to supplement companies already organized at Gooding and Hagerman in Gooding county battalion, will be discussed Thursday night at a meeting of the Chamber of Commerce, President Maurice Jamison has announced.

Three officers of the county battalion, Maj. Fred C. Jamison, his officer, Capt. Dwight McComb, plans and training officer, and Herb H. Loe, battalion adjutant, and all of Gooding, will attend the meeting. The volunteers will meet for drills and study two hours each week. They provide their own weapons.

It takes approximately 150,000 rivets to build today's average airplane together.

A LETTER from HOME

Dec. 6, 1942

It and everyone should welcome the chance to kill any rumor which intimates that there was.

• The above information is a copy for information as it is published in our daily paper and substantiated by one of our citizens who made a special trip to Portland to find out for himself. And he was made the investigation wasn't a city official with any axe to grind. The Colonel in charge played the cards right on the table in our citizen's mind at infection and absolved the community from any charge of non-cooperation.

• Well, there's just a sample of rumors, there's just. And I hope every person will do everything in his power to check these and any others he or she might hear. Let's keep our rumors may be substantiated, of course, but it's a ten-to-one shot that most of them are false gossip.

• I'm guessing my friends not to pass on such gossip — we need every energy to back up our fellows in your fight for freedom and for ourselves with shackles of belief, doubts and fear which the axis would cheer. Let's keep our minds free from doubt. If there is a question in your mind, if he try, we can't help you find the person who can give you an AUTHENTICATIVE answer.

• Take it if action is needed, we can take it.

• Getting back to that grocery store, I remember one rumor which our lady made in effect she voiced this "thought," and it quoted herself: "I hope every person will do everything in his power to check these and any others he or she might hear. Let's keep our rumors may be substantiated, of course, but it's a ten-to-one shot that most of them are false gossip."

• And then a lady who is an enthusiastic American as any one of us and who has lived in Idaho with just as much enthusiasm for fifty years, said when the conversation turned to the subject of the Japanese, "I think it's a downright shame Twin Falls didn't get the Japanese out of here. Look at that place at Pocatello — we should get something like that to find out if some of the Japanese had cooperated more, we would have gotten that airport." Well, there's a thought — but that's a straight dope on that situation and I hope it will serve to quell further rumors in the same subject.

• That airport was where it would do the most military good and where the boys were fighting for us to build the most safety in training. It's true that Hitler's flat were long thought of as an air base. But when the flat was down, the army decided the proximity of Hitler, it itself, the presence of the big bombers, and the fact that they were electrically transmission lines and the deep Salmon canyon and the shifting waters of the Snake River, made it a definitely commensurate hazards for those boys who were still in the more or less ordinary ways of training to fly. Later on when they have become fully fledged flyers, that could probably be one of the big bombers down in the main street of Hitler without hitting any one — but not at the stage of the game when they would reach a training port. So the port goes to the desert and the Mountain Home and I think we'll agree there could be no better place for the safety of our men — and certainly no place with the blessings of those Twin Falls folks who really wanted it here. So please, you fellows should be our first consideration. There wasn't a speck of proof, non-existent, of any kind of invasion either from the east or from the west.

• One man said in part " . . . and here they're going to put another Japanese camp in down at Rogers . . . Well, as a matter of fact, I know that."

THE ABOVE NEWS LETTER MAY BE CLIPPED AND MAILED TO YOUR SOLDIER, SAILOR, MARINE, COAST GUARD OR DEFENSE WORKER AS A THUMB-NAIL SKETCH OF THE DOINGS HERE IN MAGICAL VALLEY
