

POST-WAR PLANS BOOM PREDICTED

BALTIMORE, Dec. 10 (AP)—The post-war boom should hold no fears for nation's aircraft industry, Glenn L. Martin said today, predicting that after readjustment made the plane business will be even busier than they are right now.

Martin, from whose huge factory hundreds of battle planes are being winged against the axis, forecast that the prime factor in the post-war boom would be building planes for a commercial aviation business "bigger than anything we ever dreamed."

"There'll be an immediate cessation of aircraft manufacturing when the aviation comes," Martin said, "then we'll begin to build commercial planes in huge quantities."

He forecast that the first 18 months following the cessation of hostilities will be devoted to new designs for planes and setting those designs into large scale production, he forecast.

After that, the industry will begin the relatively swift climb back to the wartime peak, and in five or six years we'll be using at least all of our wartime workers," Martin added.

He based his prophecy on these factors:

—Need for at least five years' replacement in domestic aviation.

—Demand for new military planes, especially types useful for policing air bases.

—Plans to Continue Flying

Expansion of the private plane market by thousands of wartime pilots who have learned to fly and will want to continue flying.

Development of the cargo glider, along with special tractor planes to pull them.

Growth of international oceanic air lines, requiring hundreds of giant flying boats.

Transportation of oil mail, plus a substantial portion of express business, by air instead of surface carriers.

"The new planes probably will fly in the subsonic range and at speeds which will make present passenger planes look like they're standing still," Martin said.

"I'm designing a 250,000 pound flying boat now, and I feel sure that air travel mark will be reached before many years of peace have elapsed."

AID FOR FARMER SEEN BY IDAHOAN

BOISE, Dec. 10 (AP)—J. B. Newport, Idaho commissioner of agriculture, said today he found a strong sentiment in Washington in favor of giving agriculture more recognition and doing more to solve the farmers' problems.

Newport said he found much interest during his attendance at a meeting of commissioners of agriculture in the capital, that a new party would be formed for farmers to include the cost of farm labor in figuring parity prices.

"This," he said in an interview, "would mean the stepping up of agricultural prices between 10 and 15 per cent."

He said he also felt certain that action will be taken to insure gasoline and tires for farmers use in marketing of their products, to provide adequate supplies of farm labor and to stabilize farm labor prices.

"I think," he said, "that the farmers should realize that to win this war will require the utmost effort of all the people and we must do the best we can with the facilities at hand. Everything that Washington can do is not going to be a certain shortage of manpower for both agriculture and industry during the war years."

TANKS DESTROY 39 AXIS PLANES

AN ADVANCED HOSPITAL, BASE IN NORTH AFRICA, DEC. 9 (Delayed) — How a column of 12 American light tanks surprised and shut up a German-held airport near Tobruga destroying 39 planes on the ground, was told today by a young technician gunner from Akron, Ohio, who is recuperating from battle wounds.

His story is one of several examples cited by wounded men just returned from the front, showing how American tanks are coping with enemy air forces in fast-moving action.

The gunner said: "We came up through a mountain pass after taking three small towns, and caught the Jerries on the airfield completely by surprise. Three planes lay spread out on the plain like a flock of birds, and we shot them up with machine guns."

No Time to Concentrate "We spread out and closed in on them in two columns. We didn't have time to concentrate on any special target, and just potted away at every plane we saw with machine guns and 37 millimeter guns."

Wherever we hit one it would blaze up or blow up. It looked almost like they had been scattered to wind with gasoline and then touched off with a match.

"The battle lasted about an hour, with the planes caught on the ground shooting back at us with their machine guns and 30 millimeter guns, but they weren't able to make much trouble. Our only trouble came from six or eight planes which got into the air and strafed us."

"We had one officer and three sergeants, who were hit because they had left their tanks partly open."

Lieutenant Killed "The lieutenant commanding my tank was killed and I was hit in the back by a machine gun bullet. If we had kept the turret closed, as we should have, the bullet would have hit me."

"The planes dropped a number of bombs, but failed to knock out a single one of our tanks. We kept away at them till three tanks blew away, and after 20 minutes of fighting they flew away."

"Wherever their bombs hit, our tanks would seem to raise up from the ground and would light up like a new tube from the bomb flash."

"When we left the field I counted 39 planes destroyed."

Assembly Honors Principal Rogel

An assembly honoring Edward B. Rogel, resigning principal of the Twin Falls high school, was held Wednesday afternoon during which students and faculty members sang and spoke in his honor.

The students, representing each class, the Boys' club and Girls' club, spoke for the principal.

Jack Beaman, junior class, Kathryn Groves, sophomore class, Dorothy Kregel, Girls' League, Robin Blazer, Boys' club, M. C. Granney, J. D. Platt and Tech. Sgt. Bert Calkins, all spoke on behalf of the faculty.

Each person expressed the gratitude for Mr. Rogel's three years' leadership, and faculty felt that Mr. Rogel, the three year leader, Midge Robertson, Mickey Melander, and John Williams, led the student body in several ways, after which Bill Merritt played the piano, presenting a compilation of his own and "Tee for Tee."

Fairview Grange Honors Lecturer

FAIRVIEW, Dec. 10 — Fairview Grange heard a report by J. H. Hager on the condition of Twin Falls.

SEAMEN MAY BE FROZEN TO SHIPS

WASHINGTON, Dec. 10 — The maritime commission discussed in closed session proposals for a stabilization order designed to prevent a coast seamen at work on the ships and possibly to return to the area where they have left for work in industry.

Informed sources who declined to be quoted by name, said the commission talked over proposals that seamen be given direct employment on ships as they remained unemployed, and that draft boards be instructed to reclassify them if they quit without approval of government agencies.

These proposals, similar to action taken by the commission to keep copper miners at their work, carried the endorsement of the CIO-National Maritime union, which, however, opposed "freezing" of seamen or working conditions and paying wages for a particular job.

The union said 2000 ships would be added to the merchant marine in 1933 and 1934, and that 200,000 men in ship companies and the drafting of 1,000 more seamen made some action necessary to assure trained crews.

Cover of Living Room Made From Six Hooked Rugs

HASPER, Dec. 10 — Mrs. Clarence Bonins has covered a piece of art work which not only is unique in its beauty, but also is a masterpiece of carpet application, and is equally as serviceable.

PLANES FIRE ON U. S. REPORTERS

By RUSSELL C. LANDSTON
WITH THE ADVANCE UNITED STATES FORCES IN TUNISIA, Dec. 6 (Delayed)—The first four Junkers 48 planes turned in the sun toward five men flattened against the open desert, and the planes as low they could see the lining up of the aircraft four guns, one of them a 20 mm. cannon.

After the attack was over, Harshon Roberts, Associated Press photographer, one of the five, told this story:

"My mouth dried up as I waited for the first burst. The first started in your face before you heard the sound of the guns and the noise of the motors. Then the second, third and fourth planes came in, all guns going full blast."

Sand kicked up

"Looking sideways I saw puffs of sand kick up in a line between the Junkers of the Chicago Tribune and myself."

"Again the plane circled. A burst from each cleared up the ground around us, and the incendiaries set our car afire."

"French ambulance a few hundred yards down the road was the next target. Down the road we saw a plane flying. All four planes had a go at it from every angle."

As the attack moved forward, the down the road we shouted to one another and found that none had been hit. The others were Max William Yarborough, Seattle, our French interpreter, and a French liaison officer.

Driver Killed

"Looking toward the ambulance I saw wounded Germans and Italian prisoners who could walk trying to take refuge in the field. The French driver lay dead at the roadside, killed as he was trying to get out a German prisoner whose leg was shattered."

A German freshly wounded in the head cried for help. The ambulance was under attack and in danger of being enveloped in flames. Not able to unlock the door Major Johnson climbed into the ambulance from the front seat, and opened the lock with a rifle, and caused the removal of the wounded prisoners."

Athletes Depart For Marine Base

Three former Twin Falls high school athletes today were on their way to San Diego, Calif., to begin training as marines. The trio had been accepted for the leatherneck, according to a report received here from the marines' enlistment headquarters at Salt Lake City.

They included Donald Ward, 18, son of Mr. and Mrs. Lester F. Ward, route two; Phillip Ray Kottraba, 18, son of Mr. and Mrs. A. H. Kottraba, 201 1/2th avenue east, and Don E. Loftis, 18, son of James L. Loftis, route three.

Ward played football at Twin Falls high school and before enlisting was employed by the Union Motor company. Kottraba was a member of Coach "Hunk" Powers' team in 1941 and last fall, while Loftis played basketball and participated in track during his three years in high school.

Also accepted for the marines were Arthur Reid, Peterson, 18, basketball star of Mrs. Margaret Peterson, route two. A graduate of Twin Falls high school, Peterson for four years was clerk at the Hopwood hotel. Upon release to his enlistment he was employed in the building of the army base at Kearns, Utah. He also was a member of the Twin Falls Junior Chamber of Commerce.

Where Reds Repulsed Nazi Airborne Troops

Fresh German troops flown to the Russian battle areas were counter-attacking, but Moscow claimed the Soviets still were advancing on the central front (a), and near Stalingrad (b). Meanwhile at Magnitogorsk (c), the Russians had put into operation a giant iron furnace, described as the largest in Europe, to replace in some extent the industrial facilities captured by the Nazis.

SAWTOOTH SNOW FAR ABOVE 1941

From three to seven times as much snow as last year lay on the ground this week at Halley. Reichen and other points on the northwest of the sawtooth mountain range, according to the report of Charles L. Daugherty, Halley, forest supervisor.

Halley had 14 inches of snow, Reichen 15 inches, and Galsen 44 inches. Last year the Dec. 10 snow measurements at these points were 15, 14 and 44 inches respectively.

The Soder's ranger station had 27 inches of snow, compared to six inches last year, and there was 17 inches of snow at Williams ranch, on the Salmon river watershed, compared to four inches at this time last year. Stanley reported 12 inches of snow this week.

Total precipitation at Halley was greater at this time last year than it was this week—4.02 inches compared to 2.97 inches, both measurements being from Oct. 1. However, last year saw more than twice as much rain at this year, and not so much snow.

The Soder's ranger station this week had received precipitation totaling 2.56 inches, with 45 inches of snow recorded since Oct. 1. Cumulative snowfall at Halley from Oct. 1 to 15.5 inches, slightly over the long-time average, and nearly three times over last year's mark at this time.

Soden Firm Will Give up Business

Closing of the Soden Electric company store, because of the inability to obtain merchandise, was announced today by John Yaple, manager and co-owner. The other owner is John Soden, who is now associated with Detweiler Bros. Inc., in New York at Salt Lake City and Ogden.

Yaple said that the firm's appliances and other goods would be taken over by the Wilson-Bates Appliance company, the records by the Claude Brown Music company, and the company's service work will be continued by Detweiler.

The store, at 180 Main avenue north, will remain open till Dec. 15 for collections and to complete service work now being done.

"We have enjoyed doing business in Twin Falls," Yaple said today, "and regret the necessity for closing, which is a result of wartime business conditions."

The Soden Electric company was opened about nine years ago.

CLARK TO NAME TWO GAME MEN

BOISE, Dec. 10 (AP)—Governor Clark will appoint Walter A. Flanagan and C. J. Westcott of Boise to the Idaho fish and game commission, an authoritative source revealed last night.

The informant, who asked not to be quoted by name, said the governor had decided definitely upon the appointments, but did not reveal whether they would be announced by Clark when he returns from Washington, D. C., or whether they would be announced by Lt. Gov. Charles C. Gosssett during Clark's absence.

Clark was scheduled to leave for the capital today to discuss the senior citizens grant act and other matters with federal officials.

Flanagan, a Democrat, is a member of the commission now and his would be a re-appointment, while Westcott, a Republican, would succeed George Grebe of Kuna, appointed by the former Gov. C. A. Bottolfsen. Both terms are for six years.

CONGRESS TIRED, WANTS TO QUIT

WASHINGTON, Dec. 10 (AP)—Daunting attendance in both house and senate held the prospect of a lame-duck session today for an controversial measure pending before the 77th session of congress.

Informed members said it was doubtful a quorum of the senate could be held in the capital beyond next week-end, and the house already was experiencing similar difficulties.

In session continuously for two years and 11 months, the lawmakers in general appeared restless, eager to get back home, and convinced that pending legislation could be handled more satisfactorily in the next session, beginning early in January.

After two days of filibustering by Senator McCarran, D. Nev., the senate recessed until Friday, rippling over two days off an already skinny legislative calendar.

McCarran was talking for time in an effort to secure death for a bill which would permit the treasury to sell surplus stocks of unpledged silver for compensatory uses in industry. He and other lawmakers from silver producing states oppose copper for compensatory uses in industry, compared with the standing price of 71.1 cents now prevailing.

At yesterday's meeting, Dr. O. W. Tice and Ernest Jellison were named as a committee to arrange for a Christmas party after L. W. Folger had a discussion on plans for the party.

President Horner Holmes presided at the meeting. Other members present were Arthur Young, introduced Arthur Simpson and Rubin T. Jeffs, Salt Lake City; as his guests, Treasurer E. J. Stierler read a monthly report on finances, while Stanley Phillips, chairman of the membership committee, discussed membership.

Eunice Condit Is Named Treasurer

HAGERMAN, Dec. 10—The Zion's league of the Reorganized L.D.S. church at its meeting voted to change the morning, night, from Thursday to Wednesday.

Eunice Condit was elected treasurer in all the vacancies left by Myron Montgomery, who is moving to Boise. It was voted to use the one night to write letters and send Christmas cards to the Grange boys in the armed forces.

The first meeting of each month will be a young people's prayer service in one of the homes. The second meeting will be for the preparation of the program which the Zion's league presents the third Sunday evening of each month.

EX-BIG LEAGUER JOINS U. S. NAVY

PARRAGUT, Ida., Dec. 10 (AP)—Glen "Cap" Wright, 10 seasons a major league baseball batter, is going to bat for the U. S. navy.

Wright, former Pittsburgh shortstop, is now an apprentice seaman at the U. S. naval training station at Parragut, Idaho. He was a member of the Pirates' list from 1924 to 1929 along with such notables as The Yankees' Honus Wagner and George Grantham. He participated in two world series in that period.

Later "Cap" Wright was sent to the Brooklyn Dodgers and the Chicago White Sox, but he retired after 1934 to manage in minor league baseball. He has managed the Seattle Mariners, the Wenatchee, Wash. team and later joined the coaching staff of the Hollywood All-Stars. The past summer he played in the moving picture tribute to Lou Gehrig, "The Pride of the Yankees."

In major league baseball, Wright set a record for assists which still stands. With the Pirates he made 601 assists in one season for a mark unmatched for the past 15 years.

Now 41, "Cap" has traded his baseball glove for the navy blue and describes his induction as "more sporty" thinking than an unexcused triple play. Incidentally, Wright is credited with one of the six unassisted triple plays on major league records.

Assessor Glum—Tax Money Lags

When taxpayers began to appear for payment of their personal property taxes a few hours after they had mailed the notices on Oct. 22 County Assessor George Childs was happy. He had hopes of getting the taxes in early, thus averting the last minute rush that annually taxes the working capacity of his staff.

And he still beamed all through the next week when the taxpayers came in to pay their taxes. "They're paying their taxes earlier this year," he happily announced to the press.

Then there began a gradual falling off in the payments. The ample became a trickle; then into a worried look.

A check up today revealed that only about 900 of the approximately 1,500 taxpayers who had been sent notices had paid their assessments. Only about three weeks to go before the Dec. 20 deadline is reached. Penalties start then.

Consequently, Assessor Childs is having visions of a last-minute rush—"the same old story."

An Announcement of PUBLIC INTEREST

SODEN ELECTRIC TO CLOSE ITS DOORS

with immediate stock removal....

It is with a great deal of regret that we announce our withdrawal from business. And you may be sure that we have weighed the question at long length before making such a decision. However, the way seems clear—definitely shortened supply of merchandise in our lines, selling restrictions, labor problems, gas rationing and other merchandising perplexities make the move imperative. While our immediate stock will be removed to Wilson-Bates and Claude Brown Music Co., the latter taking over our extensive stock of records, we will maintain regular office hours in present quarters until Dec. 15th. Accounts may be settled here until that time.

To Our Service Customers:

We very definitely have not forgotten you—while we are in our present location we shall endeavor to clean up all pending service matters and we are pleased to announce that Detweiler's, Inc., will take over our full stock of parts to further fulfill your needs.

Our Sincerest Thanks!

to ALL of you for your wholehearted support and patronage which we have enjoyed in the life of our business. We are only sorry that present war-time conditions have "knocked out" a business which was enjoyable and profitable to us. It is our further hope that we have in some measure contributed to the happiness of our customers and the community life of Twin Falls and that we may in the very near future again be able to serve you.

CLOSER TIES OF CHURCHES URGED

WELAND, Dec. 10.—A plan for closer relationship and cooperation between Protestant churches of the United States and Canada was recommended here today by the interdenominational agencies which two years ago started working toward such a goal.

A committee representing the agencies proposed the creation of a North American Council of Churches in Christ in which all denominations subscribing to stated objectives of the council would be granted membership.

A proposed constitution contained in the committee report set forth the objects of a North American council of churches as follows:

To manifest the essential oneness of the cooperating churches in spirit and purpose.

To carry on work of the churches in cooperation rather than in separation.

To continue to extend the work of the interdenominational agencies affiliated with the North American Council.

To promote cooperation among churches and further the development of councils of churches in communities, states, provinces and larger territorial units.

To encourage devotional fellowship and mutual consent concerning the spiritual life and religious activities of the churches.

To maintain fellowship and cooperation with similar councils in other areas of the world.

Accident Victim Is Recovering at Burley Hospital

DECLO, Dec. 10.—Mrs. Dale Turner has returned to her home at Declo, Utah, after spending six days with her husband at the Burley Cottage hospital.

Turner was among four persons injured in an automobile collision east of Declo.

Wilbur Taylor, Malta, was driving east with his wife and four-year-old son, when his car struck the car driven by Turner, who was coming to Declo to visit friends. Taylor suffered a broken ankle, Mrs. Taylor's nose was broken and her son received lacerations in the head. Turner received chest injuries and was in a very serious condition for a time but is now improving.

Turner's three sons, Omar, Lawrence and Herb, were called to the bedside of their father. Two of the boys are in the army. A brother, Grant Turner, Utah, was here.

Mrs. Turner was a guest of the J. L. Stevens home. The Turners are former residents of Declo. Turner will be taken by ambulance to his home in Utah.

MEXICAN LABOR FAILURE DENIED

SAN FRANCISCO, Dec. 10.—The California unit of the American Farm Bureau Federation held a meeting today with a contention that the national organization that the government's Mexican field labor program is a failure and a dodge farmers will refuse to accept.

George Morris, chief of the federation's information department, issued a statement at Washington declaring that American farmers would not accept the agreement for importing Mexican labor. Morris said that the agreement is a failure and a dodge farmers will refuse to accept.

Morris declared the Mexican agreement as "a substitute for the domestic labor market control of the farm security administration."

He said the failure of the Mexican labor program is a failure and a dodge farmers will refuse to accept.

Joseph J. Deuel, head of the California federation's law department, replied with a statement that 4,000 Mexican laborers were employed in California this year, and as a result of their labor production efficiency in the state's best sugar industry "has been raised from 60 to 70 per cent."

"We gathered the biggest harvest in everything, including cotton, that California has ever produced," Deuel went on. "Furthermore, we are turning out 50,000 Mexican laborers in California this year."

Trio of Pre-Nuptial Courtesies Arranged In Honor of Wanda Kimes, Holiday Bride

Miss Wanda Kimes, daughter of Mr. and Mrs. John S. Kimes, who will become the bride of Robert J. Sutcliff in a California ceremony, is being honored at a series of pre-nuptial parties this week.

This evening Mrs. J. P. Johnston, Miss Marjorie Kingsbury and Miss Rosemary Sinclair will be hostesses at a dinner supper at the home of Miss Sinclair.

Christmas Theme
A Christmas motif will be followed throughout the supper and decorations. The table, centered by a bouquet of flowers, will be surrounded by the linen shower gifts. Bridge will be played by the 12 guests.

Miss Kimes was honored Wednesday at an evening of bridge given by Mrs. Charles E. Griffl and Miss Ann Pravy. The Christmas decorations were polka-dot, orange grape and red tapers.

At bridge six of the 12 guests won war stamp prizes. Out-of-town guests included Mrs. Robert Miller, Portland, Ore., and Mrs. James Sorenson, Pocatello, Idaho. Miss Kimes, mother of the bride-to-be, was also in attendance.

Mrs. John Watts and Miss Helen Jane Olin were the hostesses at a party given Tuesday at their home. The 18 guests enjoyed lunch and also presented Miss Kimes with a set of pottery. Later in the evening a cake containing tiny wedding motifs, was cut and served.

Bridalroom on Coast
Robert J. Sutcliff, bridegroom-elect, who is now attending dental school at the University of Southern California, is the son of Dr. and Mrs. Sutcliff of Twin Falls. Miss Kimes will leave for California Sunday to complete plans for her wedding.

Planners of Elks Charity Ball

Among those who were largely responsible for the success of the annual Elks Charity ball last night were, left to right, Harry Baish, general chairman, and Mrs. Baish; Alton Young, one of the committee members; and U. G. Hayes, called ruler, and Mrs. Hayes. One hundred couples attended the event. Proceeds will buy food for Christmas dinner baskets. (Staff Photo-Engraving)

Motion Pictures Taken by Harder Shown Mariners

Colored motion pictures taken by P. W. Harder on his trip to various points in the United States, were shown at a meeting of the Mariners' club Wednesday evening at the Presbyterian church parlors.

The pictures included the New York and San Francisco world fairs. Mr. Harder has one of the most interesting collections of motion pictures in Twin Falls.

Mrs. Luther Evans was in charge of the program. The program was presented by Mrs. G. L. Clark conducted the devotional period.

Hostesses were Mrs. Robert Warber, Mrs. William Kyle and Mrs. Gordon Tobin.

Christ's Fire Council Fire Theme

The gifts of the wisdom were gold, frankincense and myrror. Each gift was symbolic of the wisdom, gold symbolized Christ's kingship; frankincense, his priest-hood, and myrror, his healing power as a physician.

Three candles were lighted for this trio of treasures when the Twin Falls Camp Fire Guardians' association held a council fire Tuesday at the Camp Fire office, as a surprise event at the close of the monthly business meeting.

Former Rupert Resident Weds In Nevada Rite

RUPERT, Dec. 10.—Miss Dorothy Katherine Smith, Los Angeles, and Delma Eugene Peterson, formerly of Rupert, were married in a Las Vegas ceremony Nov. 24.

Mrs. Peterson is the daughter of Mr. and Mrs. M. H. Smith, Los Angeles, and Mr. Peterson is the son of Alfred Peterson, Boise.

The bride was dressed in teal blue crepe with brown accessories.

Mrs. Peterson, a graduate of Canoga Park high school, attended the Otis Art institute in Los Angeles for two years, and at present is a student of U.C.L.A. junior college.

Mr. Peterson is a graduate of the Los Angeles high school class of 1938. On leaving Rupert he attended an agricultural school in Los Angeles, later taking a position at the Lockheed aircraft factory as parts dispatcher.

Two years ago he and Scott Brandon left for Panama on motorcycles, toured through Mexico and worked with a division of the United States engineers for the war department. He returned from Panama to join the army air corps and is now taking a cadet training course in Texas.

Mr. and Mrs. Peterson will make their home in San Antonio, Tex.

Castleford Girl Weds Californian

CASTLEFORD, Dec. 10.—Miss Evelyn Henderson, daughter of J. P. Houghlins, Castleford, and Mrs. Bertha Houghlins, San Diego, Calif., became the bride of Francis John Parker at Pacific Beach, Calif., at 2 p. m. Sunday, Nov. 29.

Rev. J. C. Van Vleet performed the ceremony.

The bride wore a light gold crepe street-length dress with brown accessories, and an orchid corsage.

Miss Almarie Houghlins, wearing a pastel blue dress with navy blue accessories, and a corsage of Hawaiian roses, accompanied the bride. Clarence Barry was best man, and later studied at San Diego college.

Mr. Parker is the son of Mr. and Mrs. John B. Parker, Graceville, Minn.

After a brief wedding journey, the couple is now at home at "Twin Falls street, Pacific Beach. Both are engaged in war work at San Diego.

Land is 700 miles away—

BUT WHICH WAY?

When you get overboard from a sinking plane or ship, you've got to know where you are. A bad guess is likely to be your last guess.

You've got to understand sun and stars and wind and drift—if you hope to endure days of thirst and hunger—fight off storms and sharks—and steer a course to safety on white land.

Practical, applied knowledge of the kind that helps men survive the sea can also be a national life-saver on dry land.

Because America's manufacturers know how, on booming war production is the biggest in the world. Because America's electric industry knows how, our war plants have available far more electric power than all the Axis countries combined—five times as much as this country had in the last war.

And seven-eighths of all this vast supply of power is provided by the electric companies under business management. They've stepped power production up and up to meet all industrial demands. They've reduced rates to a point where the average American family gets twice as much electricity for its money as it did 10 to 15 years ago.

These are the accomplishments of experienced men and women who learn their business because they learned it the American way—by growing up in it and advancing on ability. These are the results of sound business management under public regulation—the system that has made America strong.

You've got to know how to run a power-house—or a rubber boat. There's no room for inexperience in either!

TROJANS INSTALLED AS SLIGHT FAVORITES TO WHIP UCLA

USC Club Has Never Beaten "T" Formation

LOS ANGELES, Dec. 10 (AP)—"T" in the past has spelled nothing but trouble to USC's football Trojans, and Coach Jeff Cravath says he has no reason to expect anything but more of the same next Saturday.

In three years of straining, the Trojans haven't been able to win a game against the "T" formation, and they'll face a version of the attack when they go against the Bruins of University of California at Los Angeles in the Memorial stadium Saturday.

Cravath is grumbling and growling because his club has been so outplayed a slight favorite for the game.

UCLA's Formation

Claude, employs what Coach Babe Horrell calls the "T" formation, but it emulates the formation of the offensive which has caused the Trojans so much trouble.

USC's record against the "T" this year is, in truth, anything but impressive. Stanford yep it did win, so did Notre Dame, Ohio State, which also defeated the Trojans, employed it some of the time against Troy, and successfully.

Standard adopted the "T" formation three years ago, and they have beaten Troy ever since.

Cravath has organized his men three times this week against the T attack. He has been emphasizing pass defense, in which the Trojans have been woefully weak this season.

Outstanding Power

And USC will be looking at the outstanding power on the Pasadena Saturday in the person of Bob Weaver, all-around back. Bob has won 115 passes and completed 32 of 52 passes.

If these cross-town rivals needed any added incentive to make their job easier with the work, it would be the fact the winner is regarded as a clinch for the Rose bowl. USC has been in the bowl more often than the older teams the crowdkeepers by their first names.

Redskins See Chance to Upset Bears

WASHINGTON, Dec. 10 (AP)—You can't tell what'll happen when two tough teams clash, so don't let the Washington Redskins short.

This is the attitude of the Redskins, eastern division champions of the National Football league, as they gear themselves to meet the Chicago Bears, defending champions and defending champions of the pro football world, in the playoff here Sunday.

Coach Ray Flaherty of the Redskins is tired of hearing of that 23-0 crushing win the Bears took the last time (1940) they met the Bears in a playoff. He's weary, too, of talk about the Bears being invincible; that the Redskins function only when stung. "Sammy" Smith is pitching strikes.

"We've got a big, hard-charging line, a swell passer in Blanton and good running backs in Andy Farkas and Ray Hare, and we've got some pretty fast blocking along with Flaherty's staff."

Olen (Turk) Edwards, Washington coach pointed to what he termed the best set of guards in the league—Clyde Stanger, Steve Slavinski, Dick Shuman and Clem Starns—any one of the reason, the Bears won't run through the Redskins like they have every other team in the circuit.

Whirly Takes Crack at \$15,000 Pot

NEW ORLEANS, Dec. 10 (AP)—Whirly won't put a bid of four chips on his record money winning stand here Saturday if he takes the \$15,000 added Louisiana handicap, but he should be forced by a bid of about \$10,000 to play the 20-year-old male and a quarter fair grounds mark.

"Big" Bill "Sluggo" stepped that distance in 2:03 2 1/2 in the Washington handicap at Laurel in October. If that is fact, the California champion, or his conqueror, should shatter the record of 2:04 3/4 set by Brumfield at the fair grounds in 1916.

Warren Wright's charger, carrying low weight of 120 pounds, is expected to find the medium-heavy fair grounds stretch to his liking and add about \$12,000 to his already bulging bankroll of \$48,462.

John Whinnell Eads has reported to trainer Ben Jones here and will be aboard when the haze fills of better weight horses take after Whirly.

University of Idaho basketball players want to play in southern Idaho on Dec. 23, but to date the Vandals are in a team without a financial supporter, as far as this department has been able to find.

The Vandals, who have been quite a prize to nab as a mid-western sports attraction for this winter, have come way down in their guarantee demands—but still can't get no takers.

The reason of course is that everybody in the region is afraid of the gas rationing and what effect it may have on basketball crowds.

This being said, the season and no tests yet available, it makes a hard proposition for schools or other organizations to try out.

Team Falls Brains made their first appearance of the season Friday night at Jerome—and Coach Don Knicker, who is never exactly a money man, says—well, probably have a chance to land the Bruins a defeat.

In recent seasons, gas material at the Tiger Institution hasn't been exactly what you would call plentiful. The Bruins, who usually had at least one outstanding performer on each team and enough good boys to make a good quiver.

I don't know what the situation is this year at the north side school, but I do know that the Bruins, with their coach, will be a real contender of a club.

Coach Don Knicker of the "Twin Falls" team, who is never exactly a pessimist, can't see where this year's team will win too many games.

He doesn't know where the basketball players' he points out.

Which is a very fine heard from Coach Knicker.

Closing of San Valley resort for the duration is going to spell a lot of fun for south Idaho boys who live on the fringe of the nation's greatest sports ground built to please the wealthy.

While generally speaking the Twin Falls playground entered in the mid-20s and the famous southern Idaho sportsman have always played a big part in the region's sports scene, the Twin Falls resort, which came with the resort's "round program of hunting, fishing and sports" performances.

AP All-Stars In West Have Speed, Power

BY RUSS NEWLAND
SAN FRANCISCO, Dec. 10 (AP)—Fast, charging runners and a combination of speed and power backs make up the Associated Press All-Star football all-Pacific coast football team, released today.

The cast for the 1942 all-star eleven was selected in a convention by sports writers, officials and coaches throughout the far west. Both conference players and those with independent claims were eligible.

Santa Clara, Stanford and the University of California at Los Angeles, each placed two men on the first team. California, Washington State, Southern California, Washington and University of San Francisco each landed one player on the squad.

John Sanchez, 237-pound tackle, is the first University of San Francisco player ever to make the Pro Bowl team.

There were no repeaters. Charles Taylor, 200-pound Stanford guard, who was the second all-star team in 1941, pulled the heaviest vote of any of the candidates.

The line averages 300 pounds and the backfield 170, pounds.

The 1942 all-Pacific coast teams: End—Alvin Brash, Santa Clara 185; End—John Peterson, California 190; Tackle—John Sanchez, U.S.F. 237; Tackle—Ed Stamm, Stanford 220; Guard—Charles Taylor, Stanford 200; Guard—Jack Lemelle, U.C.L.A. 185; Center—Walt Harrison, Wash. 174; Back—Baldy Knicker, U.C.L.A. 170; Back—Jesse Freitas, San Clara 172; Back—Mickey McCardle, U.S.F. 160; Back—Bob Smith, W.S.C. 155.

Second team—Nick Saurer, W.S.C. and Ralph Heavood, U.S.F.; End—Charles Franks, U.C.L.A. and Bruce Handford, Stanford; Tackle—Al Smith, Santa Clara, and Bill Peterson, Southern California; Guard—Sammy Lewis, and Tom Robin, Oregon, back.

The Sports Round-up

By HUGH FULLERTON, Jr.
NEW YORK, Dec. 10 (AP)—The Pro Bowl cost entry in the (Rose bowl) game, featuring the White team is packed. Likely will hand over a big wad of dough to some well-timed re-education. Details won't be announced until the coast conference holds its meeting this week-end, but the plan calls for Georgia to get 10,000 grand grand grand and the other coast colleges to collect their dues with the "hucky" team that gets the bowl. Did you get the contribution?

Looks like from here, so though calls for some fast thinking by Georgia and all the other colleges that have received bowl bids. And the P. G. A. is drawing up plans for a nationwide charity exhibition program for next year that will make this year's fund-raising effort look sick. Bing Crosby and Bob Hope again will be the big attractions for non-golfers.

Detroit Breaks Up Big Minor Loop System

DETROIT, Dec. 10 (AP)—The Detroit Tigers, one of baseball's foremost owners of minor league talent, are going out, off the chain store business with the sale of their top feeder club and side running property of a former extensive farm system.

Jack Zeller, Dutch Loeb, president of the Beaumont Explorers of the Texas league, had decided today that the Detroit club was liquidating its holdings in the Texas city where in a dozen years of ownership Detroit developed the greatest talent for three American league pennant winners.

Jack Zeller, Detroit's general manager, confirming Loeb's announcement, said he would be in Beaumont next Thursday to sell the franchise and dissolve the corporation.

Zeller said the Tigers already had disposed of their Winston-Salem, N. C., franchise in the Piedmont league and all other properties. If minor league baseball operates next summer, Detroit may have working agreements with several clubs. Zeller said, including possibly the dissolved franchise.

Sam Baugh Keeps His Punting Title

CHICAGO, Dec. 10 (AP)—Sammy Baugh of Washington is the National League's punting champion for the third consecutive year.

League statistics made it official today, giving Baugh the edge over Dean McAdams of Brooklyn, former Calumet, Ida., youth champion. The two finished in a tie under the league's yardage system. McAdams led out, however, on the basis of average distance per punt.

Baugh averaged 46.6 yards for 27 punts, while McAdams hit a 41.2 mark for 22 kicks. They tied for the longest punt in the season, 74 yards.

CHICAGO, Dec. 10 (AP)—John McCarthy and Ab Wright were a couple of right heavy guys to have around when Indianapolis and Chicago decided some time last winter during the 1942 American association baseball season.

McCarthy's record, released today disclosed those players topped the league in batting in McCarthy's hammering home runs for the year.

An all-time low record for the leader and Wright 110 for the Major League.

Neither was among the league's top ten hitters. McCarthy hit .261 in 144 games and Wright had a .231 mark for 143 contests.

Vandals Defeat Lewiston for 2nd Straight Win

LEWISTON, Ida., Dec. 10 (AP)—Led by Fred Quinn, center, the University of Idaho took a 40 to 31 basketball victory from Lewiston Normal last night for its second win of the season.

Quinn scored 16 points for the victors while Lewiston's Lewiston center, was high for the losers with 11.

The Vandals took the lead mid-way in the first half and held it for the rest of the game. At the half the university was in front 20 to 20.

DOCTOR TESTIFIES IN DAMAGE SUIT

Testifying under agreement by attorneys permitting him and two other doctors to be called for the defense before the plaintiff's case is complete, Dr. Wallace Brown is now on the stand this afternoon in district court.

Dr. Brown, Twin Falls eye specialist, is defendant in a \$25,000 damage suit brought by Mrs. E. M. Bush, who claims permanent injuries as result of a fall sustained at the specialist's office building.

Out-of-Town Doctors
The agreement to permit doctors to testify "out of order" will include two out-of-town specialists. The stipulation was made so that the doctors could return to their practices as soon as possible.

Dr. Brown, under questioning, told today of the eye testing he gave Mrs. Bush prior to the time she stumbled in walking from his waiting room into the front porch of the building. He says the doctor and given her, and the method of adjusting trial lenses, were standard procedure and testified that the long-range lens lenses were still in the test eyepiece when Mrs. Bush, 47, slipped and fell.

She Was Satisfied
Her reading test, he said, proved satisfactory and Mrs. Bush told him she was satisfied.

Dr. Brown's answer to the suit comes in Mrs. Bush fell because of her own carelessness.

Earlier, the plaintiff's counsel had asked her witnesses to testify that Mrs. Bush, 47, slipped and fell because of her own carelessness.

The air-age is one of the queerest monkeys in Idaho. A native of Madagascar, it never has been seen in daylight.

MARKETS AND FINANCE STOCKS MARKET REMAINS RAGGED

Markets at a Glance

NEW YORK, Dec. 10 (AP)— The stock market remains ragged today, with a few strong buying and selling initiatives coming in the general news budget.

While scattered favorites in industrial groups maintained a fairly firm position from the close, fluctuations were clipped from many leaders and near the close, minor leaders were widely distributed. Bulls were in the rear ranks most of the day without showing real weakness. A little profit taking was reported in some of the clunkers of Wednesday.

War developments, although hardly breaking, continued to furnish inspiration for consolidation house customers.

Extra blocks of low-priced stocks, dealings were on the slow side throughout. Transfers were around 200,000.

John-Manville was one of the few stocks to make a new year's top. Supported at \$125, it closed at \$126.50.

660,000 DETROIT WORKERS FROZEN TO WAR FACTORY JOBS

ACTION TAKEN TO HALT "PIRATING"

DETROIT, Dec. 10 (AP)—An estimated 660,000 potential war workers in the Detroit area were frozen to their jobs today by a sweeping order announced by Secretary A. Clark, Michigan director of the war manpower commission.

The order, approved by a local WABC labor-management advisory committee and covering nearly two-thirds of the area's cantilevered employed workers, lists 34 categories in which employers must not hire their jobs without specific government authorization.

Included in the order are workers at the Ford Willow Run bomber plant, the Chrysler tank arsenal, the Hudson naval arsenal and other plants throughout Wayne county and parts of Western, Oakland and Macomb counties.

The freezing action, Clark said, was approved yesterday at a meeting of the labor-management committee. It is intended primarily to prevent labor "pirating" and prevent dislocation caused by shifting of workers to high-paying jobs.

The order directs employers to "refuse to hire or collect workers from other essential industries within the area unless the applicant presents a certificate of release from his former employer or from the review unit of the U. S. employment service."

It's Other Way Around Now

Something's wrong with this picture. Here you have Elwyn H. Grant V, great grandson of the famous general of the war between the states, being honored up at Fort Riley, Kan. Directing the honoring-up process is Sgt. John Keph, whose two grandfathers took their orders from General Grant.

MARINE DIES AS HUMAN GUNSLIGHT

SACRAMENTO, Calif., Dec. 10 (AP)—Pvt. Ramon J. Maxwell, 19, Bryce, Calif., who has just returned, wounded, from Guadalcanal, told today of an unusual fellow member of the U. S. marine corps who became a human "gun sight" in a battle with Japanese snipers.

"About 600 yards across a clearing," he said, "the Japanese had four machine gun nests almost each

other in the jungle. We had trench mortars but there was not a single object on which to aim them. Ordinarily we use a stick or a tree or some other upright object near the target to line up the mortar.

"The Japanese had us aimed until one of our men said, 'wait a minute, I'll fix it, you can sight it on me.'"

"How he crawled across that clearing without being seen or hit I never know, for the Japanese guns were chattering all the time. He got within 20 yards of those machine guns and then stood upright, his arms stretched high over his head.

"The first burst of machine gun fire cut off his arms and the sec-

ond caught him across the middle. But our gunners had sighted the mortars and we blasted those Japanese to hell."

Lieut. Ellis Now In African Fight

JEROME, Dec. 10—Mr. and Mrs. H. L. Ellis have received a letter from their son, Lieut. Le Roy E. Ellis, a flying fortress pilot.

The letter stated that Lieut. Ellis is now somewhere in Africa, he formerly was stationed in England, from where he participated in several bombing raids on Berlin and other cities.

Hunt Director of Schools Speaker At PTA Meeting

HANSEN, Dec. 10—The Excelsior P.T.A. members and guests heard a talk by Arthur Kleinrock, Hunt director of schools, Mrs. Charles P. T.A. program chairman, introduced the speaker.

Other numbers included primary pupils' hymn band, "Patriotic Song," fifth graders, and four recitations by Barbara Thonert, Sylvia Richman, Elizabeth Bradshaw, and Julia Shierard.

Girls of the upper grades and two boys presented a comic skit, "Only One Man and the Judge."

Mrs. Prior, aided by Mrs. Mary Zilly, primary teacher, arranged refreshments. During the business session the P.T.A. decided to give a hot lunch at the January meeting. Nearly \$25 was turned to the P.T.A. hot lunch fund by Mrs. Walter Miller, who aided by efforts of Mrs. Howard Hill and Mrs. Harold Fleming raised the money by soliciting subscriptions for a farm machine.

AMERICANS STILL ON PHILIPPINES

NEW YORK, Dec. 10 (AP)—The Vichy radio broadcast today a dispatch stating Tokyo reported that certain of the Philippines islands still were "held by Americans" and that Japanese marines had been landed there to end resistance.

The dispatch said Japanese naval headquarters had announced the action, adding that "violent fighting is now in progress."

The Manila radio broadcast recorded in London, also said Japanese forces had been landed on islands where Americans still were resisting and added that "in fierce fighting the Americans are being gradually forced to surrender."

Only last week the Tokyo radio admitted American and Philippine resistance had continued long after the fall of Batavia and Corregidor, but asserted that it was being cleaned up.

Tokyo broadcasts heard in New York did not mention the landings reported by Vichy and Berlin.

WAGE INCREASES GIVEN PACKERS

WASHINGTON, Dec. 10 (AP)—A war labor board panel has recommended a wage increase of \$1.50 an hour for some 54,000 workers of the four largest meat packing firms and asked that the increase be made retroactive to June 1, 1942.

The companies involved in the dispute with the packers are the Swift and company, Armour and company, Wilson and company, and Cudahy and company. Their main plants are in Chicago, although they have facilities in other cities.

The board panel also recommended a maintenance of union membership contract. The full board will take up the case at public hearings scheduled for 2 p. m. today.

Panel indicated that any wage increase granted should be spread among the 150,000 workers of the four companies. It said the increase was necessary to "correct misjudgments and inequities, to prevent a gross inequity and to aid in the effective prosecution of the war."

KIMBERLY'S GYM PROSPECT FADES

KIMBERLY, Dec. 10—Prospects for completing the \$200,000 high school auditorium-gymnasium at Kimberly as WPA project seemed remote today, as officials report it a physical impossibility to finish by Feb. 1, the day that WPA ends by presidential order.

Dean Miller, state WPA director, inspected the project yesterday, and declared that he knew of no provisions for extending the deadline. Kimberly school authorities are awaiting a meeting of regional WPA officials at Salt Lake City on Dec. 15 to learn if there are possible ways of completing the building after the deadline.

Kimberly school leaders said the school had spent \$5 per seat at the \$25,000 contribution to the project, and would hardly have the money to finish the job by private contract. All critical materials already had been purchased.
