BUTTER, CHEESE RATIONING PREDICTED FOR SPRING

OPA MAPS PLAN FOR ALL FOODS

By STEERING F. GREEN
WASHINGTON, Jan. 23 (AP)—Butter and cheese probably will be rationed next spring, it was indicated today at the office of price administration.

An informed official disclosed that, although the dairy products will be rationed along with meat because of its adaptability as a meat substitute.

Butter for civilians is so scarce now that it cannot be rationed at present, explained the official, who could not be quoted by name. But when production increases in the spring and the point there is the rationing can be undertaken. Meanwhile, however, it will have to get its best to best.

TRIPOLI FALLS TO BRITISH ARMIES

(From Page One)
bels the axis dropped parachutists and the British army has taken the city. The majority of those already have been reported by General Montgomery and Araba, a spokesman said.

The big question of course was how many troops Rommel can send into Tunisia to reinforce the 70,000 or more which General von Arnim is said to have.

The estimates varied from 40,000 to 50,000, including supply service units. Rommel was reported to have lost up to 75,000 men when he was snatched in Egypt by General Montgomery and forced to retreat into Libya. At that time this figure represented 85 percent of his army.

REDS RECAPTURE MAJOR OIL CITY

(From Page One)
now have lost access to this oil with the fall of Arzew.

The Russians now probably will be able to capture the oil fields in the Makkop region in an effort to join forces with the troops holding Thapsae on the Black sea. Another column will drive on northward toward Rostov.

Rostov at the upper end of the Caucasus already is being besieged by the red army on three sides. On the north the Russians last week reported only 15 miles away after crossing the Donets river; on the east the red army yesterday took Krasnodar and on the lower Don river and were reported within 55 miles of Rostov.

One hundred miles to the southeast the red army has taken Gafk which is connected by rail with Rostov.

Now a fourth thrust to the Germans at Rostov has developed in the Voronezh sector. Another Caucasus dispatches said the Germans were making desperate efforts to hold the Russians on the north bank of the Don river. Russian tanks themselves have played a major role in the amazing red army offensive that has led to the capture of more than 200 miles between the Red Sea and the Black sea. It probably has been the most effective weapon, these dispatches said.

Twin Falls News in Brief

California Trip
Mrs. R. V. Jones and her daughter, Miss Jean H. Jones, will leave today on a trip to southern California and other points.

Visit at Boise
Eugene P. W. Davis, with Mrs. Davis and their daughter, left yesterday for Boise to visit relatives after a family reunion here at the home of Mr. and Mrs. J. C. Davis, his parents.

Returns to Air Base
Sgt. John A. Keegan has returned to the west coast army air base training center, Santa Ana, Calif., after attending the funeral of his father, Mrs. Keegan.

Here For Visit
Miss Marie Lockhart, who is taking instructor's training course at Bennett flying field, Pocatello, spent Thursday and Friday at the home of her parents, Mr. and Mrs. Lawson Lockhart.

Goes to Coast
Mrs. J. L. Peronius left Saturday for California to be with her husband who recently underwent major surgery in San Francisco and is convalescing at the home of her mother, Mrs. Lillian May Smith, here. Mr. and Mrs. Peronius will return in approximately 10 days.

Visita Parents
Mrs. R. J. Cook, jr., is visiting in Twin Falls with her parents, Mr. and Mrs. W. P. Hancy. Mrs. Cook has been employed in the quartermaster's department where Private Cook had been taking recruit training; he is now with the air troops at Camp Hale, Colo.

Hirts
Mrs. and Mrs. Charles Cunningham, Twin Falls, a boy, Friday, at the Twin Falls county general assembly and at the home of Mrs. Albert E. Estling, Hazelton, a boy, Friday, and to Mr. and Mrs. H. H. Blais, Twin Falls, a boy, Saturday, both at the T. M. Martineau home.

Ball is Graduated
Robert W. Underdorn, 23, son of Mr. and Mrs. N. A. Wheelerton, 889 Third, here, was graduated from the U. S. naval training school at Annapolis, Md., on Jan. 22, 1943. He is a member of the petty officer rating in aviation mechanics mate third class. He now awaits assignment to active duty with the fleet or at a naval aviation base.

Children's Hospital
Stephen Davis Marshall, six-month-old son of Dr. and Mrs. Joseph W. Marshall, a patient in Doernbecher's Children's hospital at Portland, Ore., where he was taken Friday by Mrs. Marshall, was killed Sunday at a Twin Falls home. The baby had stood the trip well. His condition was known here last night.

Marriage License
The following couples have received marriage licenses at the office of the county recorder: F. J. Moore, 25, Reno, and Opal Alice, 22, Jerome; Walter Burgess, 17, and Joseph W. Marshall, 18, both of Hazelton; J. J. Jerome and Marie Johnson, 18, Twin Falls; Russell L. Smith, 22, and Roberta Eubank, 18, both of Twin Falls.

Cadet in Luck
Astrid Cadet Walter Conner, son of Mr. and Mrs. Moody D. Conner, 2400 1/2 Ave., here, was reported at the Luckabuck, Tex. training center, where he is receiving advanced flying school for the first time. On his graduation he will be made a flying officer. Conner enlisted in the army in 1941. He completed the airplane mechanics course at Keesler field, Miss. and had training as co-pilot and gunner at Angelo, Tex.

HOUSE RECEIVES BIG EXPENSE BILL

(From Page One)
gaining July 1, and these regulations agree, will get under study in all probability with the next month's session, which is expected to be held in Washington, possibly under suspension of the rules Monday. The state is sought to be the near approach to the Feb. 1 payday for state employes.

Other measures introduced covered a variety of subjects, as the session concentrated on new bills and continued other action in passage of four measures in the senate and three in the house.

A second and third proposal to amend the constitution of the state were introduced today. One brought out in the senate by Sen. Price, R. Omaha, would set up a system of run-off elections in the month of September. The run-off primary would be required in all cases where no candidate did not receive a majority of the votes cast in the August primary election.

Another proposal, sponsored in the house by Rep. Anderson, R. Bonanza, would provide for indemnity by the voters of a second choice candidate for the primary election, if there were no candidate received 40 percent of the total first choice vote. The total of all first and second choice votes would be computed and the total of these two choices used to elect the winner.

Primary Repeal
Earlier in the week a bill signed by 42 representatives was introduced calling for abolition of the direct primary and return to nomination by party convention.

Repeal of the state's "little R. A. act" of 1935 was asked in a bill introduced by Reps. Anderson, R. Bonanza, and Christensen, R. Omaha. Rep. Anderson, commenting on his proposal said this law permits the regulation of business of any kind by codes drawn up by representatives of the business. It has been held unconstitutional by two attorneys general, and in his opinion should be removed from the books. It never has been used except by one industry, the bankers.

Sen. Williams, R., Bingham sought repeal of the state's voluntary commitment law, as suggested in the biennial report of former director of charitable institutions Lewis Williams. This act permits anyone to enter a state mental hospital voluntarily upon payment of a nominal lodging fee.

A house mining committee brought out a bill to provide for a deputy state mine inspector or chief inspector by Mines Inspector Arthur Campbell in a recent report.

Four north Idaho senators and two southeastern Idaho senators independently introduced similar measures covering the same subject. An almost exactly similar measure has been defeated in the house earlier in this session.

Seen ...

Twin white sweaters on couple of courthouse sweater girls. Three youngsters supervising Dorothy Williams at water department addressograph. Extra activity at police station as auto race was held with the state. County member with goose following Kentucky colts. Main avenue pedestrian trying to kick top building that tipped at his ankles. ... Dip to Orpheum building second stage by the state and deposited on stairway by unexpected falling of water pipe as manna shivers. ... And couple of fellows in downtown office practicing in downtown office by using stickum tape to bind two small pencils together for further use.

CRACKDOWN HITS BAD CAR LIGHTS

If Twin Falls streets seem brighter in the future, it could be partly due to the 20-odd defective motor-vehicle lights which have been inspected and have been reported to have their motor car lights replaced by state. County and city officers.

Officers last night made good on their recent warnings concerning defective lights by issuing tickets to more than 20 motorists. While they were at it they ticked three drivers for running stop signs, and one for speeding.

The three who posted bonds for running stop signs were Mrs. Clifford McDonald, Ralph Omandes and E. O. Ryburn. Eugene Griffin posted bond for a speeding charge.

Of those issued tickets for defective lights, the 20 whom names were available last night were: Adrien Engle, 401 1/2 E. Pennington, Frank S. Yamagata, Dale Shields, Calvin McBride, Ewing Edinger, Lewis Roney, Howard McClintock, Walter Schenkel, Burton Harmon, Milton plus, Earl Willis, Cliff Emerick, H. L. Bennett, Ben Manufacturing company, Consolidated Wagon and Machine company, Anna V. Morris, and Richard R. McKee.

Last night's drive was made after a series of similar crackdowns on traffic violations.

"There has been too much running stop signs," said the chief. "Gasoline rationing and reduced use of cars does not mean that the safety rules are suspended. We have given plenty of warning. From now on it's tickets—no warnings."

Generally, heart disease has a greater percentage of deaths among doctors than among laymen.

BETTE DAVIS and her new co-star PAUL HENREID who matches her every emotion.

Keep the White Flag of Safety Flying

Now 12 days without a traffic death on our Magic Valley.

While emphasizing the alteration of the rule rather than the exception in getting big ration programs under way, the state has three at their best present sources on other rationing problems for the early part of this year.

OPA is shorting at March 1 the rationing of rationing for canned fruit and vegetables and vegetable and canned baby foods.

2. Meat (and cheese) rationing should be brought into effect by the month or so later. OPA now thinks, to give time to see how the point system works for rationing goods.

3. Rationing of canned milk, jam, jelly, fruit, butter and relishes—OPA uses its authority to ration these items—probably will not start until some time after next rationing season.

Under study is a plan to ration butter on a point basis, along with other fats and oils, including olive, margarine, salad oil, peanut oil and shortening.

Point system

Under this system, one ration point, for example, would be given for a small tin of margarine, and a large quantity of margarine or still larger quantities of other edible fats.

Butter supplies now are at a record low. Secretary of Agriculture Charles F. Brannan, in a report to a committee recommended last November that OPA take butter rationing up to a smaller rationing, and a large quantity of margarine or still larger quantities of other edible fats.

Butter supplies now are at a record low. Secretary of Agriculture Charles F. Brannan, in a report to a committee recommended last November that OPA take butter rationing up to a smaller rationing, and a large quantity of margarine or still larger quantities of other edible fats.

SNOW COLLAPSES GYM AND GARAGE

HAILEY, Jan. 23—Heavy weight of snow on the roof caused collapse of the Gannett high school gymnasium, a wooden building, but no students or teachers were in the structure at the time. Damage county officers said tonight following survey of damage caused by a near-record snowfall Thursday and Friday.

Snow on the roof also brought collapse of the Crutcher garage in Hailey, demolishing the garage and smashing six motor cars. No one was injured. The proprietors said they had no insurance covering destruction by snow.

So heavily were snow and ice packed on the Union Pacific tracks at Ketchikan that a train was derailed, necessitating the calling of a wrecker to lift it back. The train scraper was forced to go over the tracks twice in that area before the train could resume its journey after being lifted onto the rails.

Three fatalities, officers said, claimed a week in which weather phenomena presented one of the all-time freaks in this area—a snowstorm accompanied by thunder and lightning.

Rivers Overflow In Gooding Area

(From Page One)
or finds its way into the Big Wood river.

S. K. Stilton, city clerk, said he thought this flood was at least as severe as that of 20 years ago, and probably the worst.

Big Wood river, which runs approximately a half-mile north of here, was in a group today that guards patrolled bridge, but seemed to be subsiding tonight.

Charges Filed in Car-Truck Crash

A charge of reckless driving was filed in municipal court last night against George Decker, Marquette, after his car, he was driving collided with a truck at the intersection of Shoshone and Truck Ave. 132 Kimbrey road.

Policemen were apparently did not stop for the stop sign at the intersection and struck the side of the truck. Neither driver was injured, although the shock of the collision turned the truck on its side. Damage to the truck was estimated at about \$100, according to the police estimate, and about \$25 for the truck.

Decker was freed on \$50 bond.

RESULTS
MIAMI, Fla., Jan. 23—The University of Miami's pep-act drew which was held at this time each time they put a dime in a donated juke box, has sold nearly \$6,000 in bonds and stamps.

About 85 per cent of Cuba's sugar mills are owned by Americans.

Funerals

CHAS. SMITH—Funeral services for CHAS. SMITH will be held at 2:30 p. m. Monday at the Twin Falls mortuary chapel. Christian Scientists will direct the service and the L.O.O.P. lodge will officiate at the graveside rites at the Twin Falls cemetery. The body will be in state Sunday from 12 to 4 p. m. and Monday from 9 a. m. till 2:30 p. m.

FENDER DAMAGED
Driven by Allen Heath, 603 Second avenue north, and a car driven by Albert W. Lulloff, Shoshone falls, collided near the postoffice on Second west Saturday afternoon. The right rear fender of the car was damaged. No one was injured.

FLIER KILLED

SALINA, Kan., Jan. 23—One flier was killed and two others of a seven-man crew were critically injured today in the crash landing of a bomber at the Army Air Base.

SCOUTS WILL MEET
Boy Scout troop 67, the Methodist church group, will meet at 7 p. m. Monday instead of 7:30. It was announced last night by George Z. Parks, Scoutmaster.

WEATHER

Twin Falls and vicinity—Cooler Sunday. Occasional snow flurries. High yesterday 34, low 22. Low Saturday morning 34.

GIRL SLASHED TO DEATH ON TRAIN

PHOENIX, Ore., Jan. 23 (AP)—A young woman was slain by the wheels of a speeding train today led to the discovery of the night-time slaying of a beautiful 21-year-old girl of Virginia City, bride of a navy ensign. Her throat had been slashed with a crude knife.

The victim of the bizarre slaying was Mrs. Martha Virginia Blaylock James, whose husband, Capt. James, had been compelled by crowded traveling conditions to take another train.

"I heard a terrible scream," said William Van Dyke, a United States master who occupied a berth on the Southern Pacific's San Francisco-bound west coast limited across the aisle from Mrs. James' lower berth.

Saw Body on Floor

Van Dyke said he drew back his curtain and saw the body of Mrs. James in the aisle with a sheet over it. He leaped from his berth. The woman was dead.

Marine Private Harold R. Williams, San Diego, who occupied the No. 13 berth above that of Mrs. James, said he pulled back his curtain in time to see a man leap from the lower berth and dash down the car.

The train was in the vicinity of Tangent, Ore. From there, a manhunt began.

Sheriff Herbert Ebbelton, of Albany, found a trail of footprints in the Tangent yard, indicating the man may have leaped off and immediately got aboard a northbound train.

Hold Suspects

Lance County Deputy Sheriff Roy Sutherland, who boarded the train at Eugene when the blond girl's body was removed, said when the case came to the attention of the FBI, he and other officers held a number of suspects in this case and were not through. He said that the man was "combed from top to bottom."

In Mrs. James' berth was found hair containing traces of a substance which robbery as a motive, Lance County Coroner Charles P. Poole also said there was nothing to indicate suicide.

Home Town Folk 'See Double' Again—It's Those Army Twins

The home town folk are seeing double again.

The Johnson twins are home on leave. If you see them individually you can't tell which twin you are seeing. But, for the time being, if you see them together you can tell them apart now because from G. Johnson received his second lieutenant's commission Jan. 16. Ivan G. Johnson, his twin brother, of Glinny Simms broadcast fame, is a sergeant but has already passed his monthly exam for officer's training and now must pass only his physical exam.

Ivan was commissioned at the eastern signal corps school, Fort Monmouth, N. J. He was immediately assigned to duty with the signal corps and will leave today for New York to be an instructor in the aircraft warning service with the first fighter command. He has been in the army for 15 months.

The new lieutenant was on the receiving end of the nationwide radio telephone call made to him by brother Ivan. Idaho and Twin Falls received plenty of publicity in that connection.

Sgt. Ivan Johnson, who will be in Twin Falls until Thursday, is stationed at Berkeley, Calif., with a coast defense unit. His job is to locate enemy aircraft.

Both are sons of Mr. and Mrs. William I. Johnson, 312 Sixth avenue north.

It's Not Done With Mirrors

It wasn't for the new difference in uniforms, 'Twin Falls' own army twin act would almost seem to be done with mirrors. That's how identical are Lieut. Ivan G. Johnson, left, and Sgt. Ivan H. Johnson, right. Ivan is also aiming for a lieutenant's bars so that even the uniform difference may be ironed out before long. (Staff Photo-Engraving)

Col. Romulo, Philippine Hero Of Bataan, Lectures Tuesday

A man who began his knighting life hating the United States—the United States that his father, Brigadier General Aranda, had been a Philippine surrenderer—but who grew up to become one of this nation's greatest supporters and to risk his life for the American flag, will be the speaker on the Town Hall program at the high school auditorium Tuesday night.

Col. Carlos P. Romulo, former publisher of a chain of newspapers in the Philippine Islands, also director of General Douglas MacArthur and the last American soldier to leave Bataan in the face of the Japanese invaders.

He ranks as one of the most famous men to visit Twin Falls in many years.

The story that Colonel Romulo will tell will be one of love for America and its ideals. For the love of these he went through all the agonies of the last days of Bataan, the Bataan Corridor. He lost health, home, family, country. He experienced the lingering horror of starvation, sickness, physical misery of many kinds. He escaped a hundred times from violent death and got away from Bataan, and later from Mindanao, in the last push to take off with the ship but on his heels, and a price on his head.

"But through it all he has kept the love of America, and a faith in democracy that puts us all to shame," says the author of this book, "I Saw the Fall of the Philippines."

General MacArthur has cited and decorated him time and again for extreme bravery.

The story that he will tell will be the story of his own life and the lives of his fellow soldiers. There will be tales of courage and heroism, of the loyalty and self-sacrifice of the men who fought with him, and of the miracles accomplished by General

IDAHO FALLS, Jan. 23 (AP)—Water stood two and one-half feet deep in some streets today and lapped at doors in an eastern section of the city as Idaho Falls bory gullies and ravines from farm lands east of here.

Water began to recede this afternoon.

Many families were forced to evacuate their homes.

In the rural sections, the situation eased today. Highways in the farm sections are still clogged with water and mud.

Crews continued busy in an effort to restore telephone and power service to all areas. There were three interruptions today than the previous two days.

GROUP TO 'SPOT' FOOD SHORTAGES

Machinery for the elimination of food shortages which may be expected to occur at times from temporary maldistribution had been set up in Twin Falls last night, with Charles Casey, general manager of Simpson and company, as chairman of the southeastern Idaho food distribution committee.

The committee was organized at a meeting at the Twin Falls Chamber of Commerce office Friday afternoon, directed by Ralph D. Wright, on Boise representative of the food distribution administration of the department of agriculture.

Other Members

Other members of the committee are John Kintner, N. J. Perenco, Homer Edwards, E. S. Harper, A. C. Smith, Lyons Smith and Claude Deweller. All are prominent in the food industry here except Deweller, who is president of the Twin Falls Chamber of Commerce.

"The objective of the food distribution administration," said Casey

GROUP TO 'SPOT' FOOD SHORTAGES

last night, "is for the food industry voluntarily to organize to identify and attempt to correct local shortages of various food commodities which are mainly the result of temporary maldistribution.

"This plan is based on the premise that relief can best be provided through dealing with a problem where it exists, and that the food distributive and manufacturing industries have an attitude of cooperation which should be utilized and organized to deal with the problem."

Reporting Center

The Chamber of Commerce office has been designated as the "complaint center" for consumers, dealers, institutions or organizations wanting to report a shortage of food. The committee will then investigate the shortage as expeditiously as possible to determine whether actual shortage of food exists.

"Meats will not be considered in short supply if temporary beef shortage exists while pork, poultry, lamb, mutton and other meat products are available," Casey declared. "In the case of canned goods, shortages will not be considered to exist if only particular varieties, sizes or brands are not available."

When genuine shortage is found

GROUP TO 'SPOT' FOOD SHORTAGES

to exist, the committee will take steps to relieve the lack through voluntary cooperation locally, by calling upon distributors or manufacturers to expedite movement to point of storage. If local resources are not sufficient, the facts of the case will be communicated to the state FFA office, of which James J. Keene, Jr., is the director.

Gas Certificate Deadline Jan. 31 On Farm Trucks

The Twin Falls county farm transportation committee has been asked to warn farmers in this area that they have only until Jan. 31 to obtain amended certificates of war necessity to enable them to obtain gasoline for their trucks. The warning was from Maurice H. Greene, Idaho director of the office of defense transportation committee.

"Arrangements with the office of price administration for the issuance of temporary gasoline rationing coupons on Feb. 1," a letter from Greene, "is that data on all trucks and other commercial vehicles will receive gasoline on a basis of need only through their own certificates of war necessity."

A total of 150 appeals for adjustment of certificates has been received at the local AAA office, headquarters of the county committee, Don Albin, committee secretary, stated Saturday. These are being processed as rapidly as possible. Albin stated. He said a final rural milk incensement may farmers desiring additional gasoline.

Times-News Items

A compilation of the news items of the Idaho Events... Published week days except Saturday, and on the... The Times-News Publishing Company.

BY CARRIER-PAYABLE IN ADVANCE... BY MAIL-PAYABLE IN ADVANCE... Complete news service of the Associated Press and United Press.

BILLIONS FOR VICTORY... It is every privilege and duty to decide how \$51,000,000,000 can be extracted annually out of a national income that was \$14,000,000,000 last year and may reach a peak of \$145,000,000,000 for the calendar year 1944.

The treasury course will make suggestions... Nobody yet seems to have proposed what would seem to be eminently simple, workable, and as productive as the paying ability of the nation's taxpayers can be made to stand.

There also will be agitation for a fortnightly sales tax of perhaps 10 per cent... Nobody yet seems to have proposed what would seem to be eminently simple, workable, and as productive as the paying ability of the nation's taxpayers can be made to stand.

The merits of the income tax seldom are questioned... Unquestionably the income tax had almost reached its limits until the pay-as-you-earn principle was suggested and found immediately effective.

With the two wedded and tax rates fixed at such levels as would produce the necessary revenue, this one all-inclusive tax could be substituted for the present onerous pay-after-you-earn income tax.

There would still remain estate taxes, gift taxes, customs, presumably at least some excise taxes... Perhaps this idea is not as common sense as it sounds.

NO KLONDIKE BRAVLS... The office of war information is to be commended on both the initiative and thoroughness with which its observers have investigated rumors that American troops in camp are a bunch of rumbustious, teetotalers, or what will.

Such stories played into the hands of Axis propagandists... Likewise, these rumors played into the hands of those who seek a return of national discipline.

On the basis of its first-hand canvass, the OWI offers three comforting conclusions... Drinking among troops is not excessive and common.

Light beer sold in post exchanges contributes to sobriety... No American army in history ever was so orderly.

The army, of course, is a true cross-section of civilian America... Drinking among troops is not excessive and common.

Statisticians on Axis do not necessarily mean much... This competent report will not completely dissipate the disturbing rumors.

These agree that coffee, milk, mated milk and bottled soft drinks outsell all kinds of liquor... This competent report will not completely dissipate the disturbing rumors.

These agree that coffee, milk, mated milk and bottled soft drinks outsell all kinds of liquor... This competent report will not completely dissipate the disturbing rumors.

COMMISSIONERS TO DEMAND TAX

BOISE, Jan. 23 (AP)—The Idaho county commissioners and clerks' association, determined to maintain the provisions of the present state gas tax law whereby a million dollars a year is apportioned to counties, will bring suit against the state auditor if necessary, if any action is taken to deprive them of this revenue.

Members of the association agreed on this action in a meeting adopted this afternoon in the last session of their two-day annual convention.

Officials of the association said it was the belief of the 75 delegates to the convention that because of reduced revenues from other sources, counties will be unable to operate if their apportionment of gas tax revenues is reduced.

Reclassification Asked

The commissioners recommended in a resolution that Bear Lake, Gooding, Blaine and Lincoln counties be reclassified to county commissioners' salaries. Classification is based on population and valuation.

(A bill introduced in the senate today called for reclassification as follows: Bear Lake, Blaine, Lincoln and Gooding counties. The counties now are in the fourth class.)

The group also adopted a resolution recommending legislation enabling counties to levy a tax of not more than one and a half mills for a reserve fund for public works after the war.

Another resolution asked for a change in the present law whereby they do not share in revenues from taxes on land repossessed by the state in foreclosures.

Pick Idaho Falls

Next year's meeting will be in Idaho Falls probably late next fall, President T. M. DeCoursey said.

F. L. Phillips of The Dalles, Ore., addressed the morning session on problems of the Interstate Association of Public Land Counties, including 11 western states. He is executive secretary of the organization.

Idaho County Auditors' Association meeting jointly, elected these officers today:

H. C. Allen of Puna county, president; Lillian Campbell, Gem county, vice-president; and Charlotte Huberton, Jerome county, secretary.

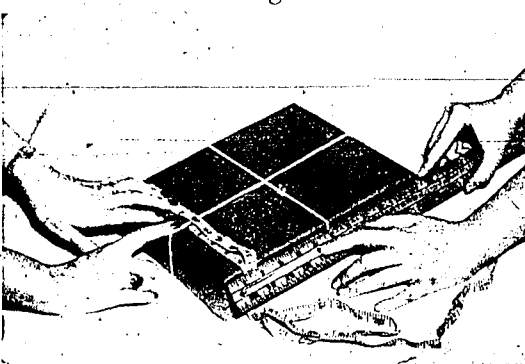

Twenty-one of the state's 44 auditors attended.

FINISHES NAVY COURSE

EDEEN, Jan. 23—Billy L. Bude, 21, son of W. H. Bude, Eden, has graduated from U. S. naval training school for aviation machinists' mates at the Navy pier in Chicago. His father has been informed. He is now awaiting assignment to active duty with the fleet or at a naval air station base.

How to Measure Packages for Overseas Men

Packages mailed to an A.P.O. (army postoffice) for overseas servicemen who have specifically asked for them may not exceed five pounds in weight, 15 inches in length, and 36 inches in length and girth combined. The photo above shows how to determine "length and girth combined." Add the length in inches (the long way) (marked above) to the distance around the parcel (the girth measurement above). This parcel is 11 1/2 inches long and 22 inches in circumference, making 23 1/2 inches "length and girth combined." (Staff Photo-Engraving)

EVACUEES INVITE CONGRESS PROBE

COODY, Wyo., Jan. 23 (AP)—Japanese evacuees at the Heart Mountain relocation center today issued an invitation to Sen. Robert R. Reynolds, D., North Carolina, to come and see for himself the luxuries of life in the Wyoming prairie.

Sen. Reynolds recently called for a senatorial investigation into reports that the Japanese are "getting things and our people aren't getting anything."

An editorial scheduled to appear in tomorrow's issue of the Heart Mountain Sentinel, the relocation center newspaper, urges that the investigation begin at the Heart Mountain camp.

"We would be glad to have Sen. Reynolds spend a month with us behind barbed wire under the watchful eye of sentries who wear the same uniforms worn by our brothers, husbands and sons in the United States forces," the editorial says.

He should be pleased to share our one-room apartments and the rationed meat half fare with him, and perhaps walk through the snow with him to our "fine bathrooms" when the temperature is 30 degrees below zero.

The editorial was written by Bill Hookawa, 28-year-old editor of the

Sentinel, An American citizen, he is a graduate of the University of Washington, former editor of the Singapore Herald and was correspondent for the Shanghai Times and Far East Review. He returned to this country shortly before Pearl Harbor, only to be evacuated to the relocation center in October, 1942.

1-Quart Per Day Ration on Liquor

BOISE, Jan. 23 (AP)—Leland W. Rawson, superintendent of the state liquor dispensary, tonight ordered further rationing of liquor sales in getting underway.

Under regulations effective Monday, sales will be limited to one quart per person per day, he said, instead of two quarts daily as at present.

The restriction is necessary, he said, because "of dwindling stocks of liquor in state warehouses and rationing programs instituted by the major distilleries."

\$727 Contributed To United Nations

Twin Falls citizens contributed a total of \$727.43 during United Nations week Jan. 14-20, according to an announcement last night by Brock Faish, chairman of the committee of the Twin Falls Junior Chamber

of Commerce, which sponsored the project.

The money was collected by voluntary contributions from theater patrons, and by donations in 30 boxes distributed over the business district.

United Nations week was sponsored nationally by the war activities committee of the motion picture industry, and proceeds will be distributed to various sectors of the national war fund for relief among civilian war victims.

This Summarizes New Rulings On Mail to Overseas Soldiers

Because of the heavy demands of military shipments on cargo space, new restrictions on the character of mail that may be sent to army personnel and civilians served by A. F. O. centers have been issued by the postoffice department, according to an announcement by Postmaster M. A. Sizemore.

The only parcels that may now be accepted for such mailing are those that contain articles being sent at the specific request of the addressee, and the request must bear the approval of the commander of the battalion (or similar units) to which the addressee belongs.

Size Restricted

And there are new restrictions governing the size of packages that may be sent under this classification. No parcel may exceed five pounds in weight, or 15 inches in length, 36 inches in length and girth combined. Postmaster Sizemore explained that "length and girth combined" means the measurement of the long way, which cannot exceed 15 inches plus the circumference measured at right angles to the length, on a regular-sized package. (See illustration.)

Individual copies of newspapers or magazines will be accepted for dispatch to A. F. O. outside the continental United States only when the subscriptions are specifically requested in writing by the addressee, or in cases where subscriptions are accepted only from publishers and must bear a label showing that the mailing conforms to the recent order of the postoffice department.

No third class matter (circulars) to be accepted, because the war department has advised the postoffice department that it will not be dispatched from points of embarkation.

There is no change in the handling of V-mail or first class mail, but the postoffice cautions that only V-mail can be sure of the fastest possible means of travel all the way. V-mail will be transmitted, either when microfilmed or in its original form, to all A. F. O. centers overseas, and transported by airplane where such facilities are available. Other airmail letters will travel by plane to points of embarkation, but the war department says no assurance can be given that these letters will be carried by plane from embarkation points to localities overseas served by V-mail.

Postmaster Sizemore said the request for articles to serve men overseas must include a general description of the article, along with the grade or rating, the complete address and the signature of the party making the request. It will be postmarked by the clerk accepting it, in order to prevent reuse, and then be returned to the sender.

Mail of any character originally addressed to individuals at army posts, camps or stations in the continental United States and received at such places after departure of the addressee for an overseas destination will be forwarded.

The restrictions of this order apply only to personnel of the army, and to contractors and civilians served through A. F. O. centers outside the continental United States. They do not apply to mail for personnel of the navy, marine corps or coast guard.

The new order does not affect mail from A. F. O. centers outside the continental United States to points within the country.

Motorist Denies Reckless Driving

A plea of not guilty to a charge of reckless driving was entered yesterday by Joseph Gasmer, Twin Falls, through his attorney, and a continuance to Jan. 29 was granted by Municipal Judge J. O. Pumpfrey at the request of defendant's counsel.

Gasmer was arrested by police Jan. 15 on a reckless driving charge, and is free on \$50 bond.

Accounting Asked For Partnership

Claiming that his partner had failed to account for five carloads of cattle, Victor McElhen has filed suit in district court against Henry Bachman, asking an accounting and dissolution of their partnership.

McElhen seeks judgment for whatever sum the court deems to be due to him in the five transactions he claims are not accounted for. The plaintiff and Bachman formed an oral partnership last Sept. 10 in the cattle business with profits to be divided equally.

Bayborn and Bayborn are attorneys for McElhen.

UNDER GASOLINE RATIONING Your Car Needs Better Care

LET US HELP YOU ON THESE VITALLY IMPORTANT CAR CONSERVATION SERVICES

Crankcase Oil Needs Changing Oftener

Fewer miles and lower speeds result in greater condensation of moisture in the crankcase. This means the oil—any oil—is likely to become contaminated more quickly. Protect your motor by having us drain and refill your crankcase at least every 2 months.

VICO Motor Oil

has been tested and proved in big Government jobs in this territory. You can always depend on the performance of this high quality motor oil. It gives your engine utmost protection.

Get Specialized Chassis Lubrication More Frequently

The right kind of lubricant helps to keep moisture out of friction points. With minimum driving, however, moisture is more likely to seep in, and stay there longer, causing rust. Avoid rust and excessive wear by getting Specialized Lubrication at least every 60 days.

Let us test your battery — free — about every 10 days. Don't take chances.

FAST CHARGING Some of our stations have Fast Chargers which can recharge your battery in 30 minutes. It can be done while your car is being lubricated.

Other Important Items that Need Frequent Attention

- Radiator —check on anti-freeze.
- Spark Plugs —clean and adjust, or replace with new ones, to save gas.
- Lights —check for safety. New bulbs if needed.
- Tires —keep correctly inflated. Rotate to distribute wear evenly. Inspect for minor cuts. Repair if needed.

All these and other check-up services are offered at your neighborhood station where you see this familiar sign...

More Frequent BATTERY tests

... to preserve your battery's strength and prolong its life! Your battery will weaken rapidly unless you drive enough to permit the generator to charge it properly.

Here's How Idle Batteries Lose Starting Power....

LOSS IN STARTING POWER OF BATTERIES THAT STAND IDLE FOR ONE MONTH

A 6 MONTHS OLD BATTERY LOSES 25%
To charge it on 30 miles per hour... you must drive approx. 83 miles to replace lost power
and use 3 1/2 gals. of gasoline

A 12 MONTHS OLD BATTERY LOSES 50%
You must drive 170 miles to replace lost power
and use 8 gals. of gasoline

AN 18 MONTHS OLD BATTERY LOSES 75%
You must drive 158 miles to replace lost power
and use 10 1/2 gals. of gasoline

REFORMS GLAIED ON FOOD SYSTEM

WASHINGTON, Jan. 23 (UP)—Food officials disclosed today that extensive reforms are planned in the nation's food distribution system to ease economic and food price rises to consumers.

Administrator Claude R. Wickard said his order last night for drastic revision of milk marketing practices was but the "first step" in measures to conserve manpower, fuel, rubber and delivery equipment. Other economists said wide revision of local or regional basins to fit particular conditions and restrict as much as possible the flow between producer and consumer prices for milk.

Other Economists

The order, which becomes effective Feb. 1, had little direct effect on milk producers, although Wickard said it would help minimize increases to consumers. Other economists to follow will have to determine the right to the milk barn.

Three of the five points of the order directly affect the milk producer. It eliminates milk packages and bottles of less than one quart; prevents the milkman from making advance order, except on a minimum deposit of one cent on each bottle.

Milk Rates

Restaurants and hotels may continue to purchase milk at special rates for consumption on their premises. They must confine their purchases to not more than two gallons unless each delivers more than 500 quarts. They cannot return unsold milk.

Food officials said they were working on "all practical" distribution economies. The order has been taken to save on distribution of bread and other bakery products and similar economies are expected to be made for meat.

Bills Introduced

IN THE HOUSE

H. R. 62 by house appropriations committee—Appropriation for six-months operation of state government.

H. R. 63 by Weaver, R. Ada—Providing that counties and municipal corporations shall be entitled to be reimbursed the amount of all excise taxes paid on motor fuels used for county or municipal purposes.

H. R. 64 by Mitchell, D. Lewis and Taylor, R. Ada—Prohibiting sale of alcoholic liquor except under certain conditions, regulating business of selling liquor and providing a license therefor.

IN THE SENATE

S. J. M. 2 by Donah, D. Washington and Deal, R. Canyon—Proposing amendment to state constitution to provide for state-operated system of land title registration.

S. B. 49 by Henderson, D. Bannock—Amending laws relative to regulation of electric wires which cross railroad tracks.

S. B. 50 by Crea, R. Idaho and Hoffman, R. Bonneville—Amending laws relating to date of commissioners' meetings.

S. B. 51 by Williams, R. Bear Lake, Schouweiler, R. Gooding and Maxwell, R. Lincoln—Pining Bear Lake, Gooding and Lincoln counties in the third class of counties.

S. B. 52 by Price, R. Oneida—Amending the fish and game initiative to increase salaries for conservation officers and permitting general offices of the department to

Sees Action

LIEUT. RAYMOND SMITH

Nephew of Mrs. Gilbert White, Jerome, will be returning to the U. S. within a few months to recuperate from malaria. He has been with the military at Guadalcanal. (Staff Engraving)

Marines "Dished It out," Writes Jerome Officer

JEROME, Jan. 23.—You know what the marines have done on this island? An entire town has been fighting in their ranks since they landed Aug. 8 has been killed. Ang Lee, Raymond Smith, nephew of Mrs. Gilbert White, Jerome, was with the first marines to land. He is in the marine intelligence service with Maj. Gen. Alexander Vandegrift, who commanded the battle of Iwo Jima throughout the Guadalcanal fight until a few days ago when the army took over.

In a letter mailed Jan. 13, Lieutenant Smith told Mrs. White that he wanted to remain in the Solomon Islands until the job is finished. Everyone at home, he said, should be proud of any marine from his home town because the marines believe in dishing it out rather than taking it.

Lieutenant Smith has been ill of malaria and will be returned to the United States within a few months to convalesce in a coast hospital. His aunt plans to meet him in California.

The intelligence officer was formerly employed at the Jerome National bank.

moves out of the stationhouse. (Replaces S. B. 44—withdrawn).

S. B. 52 by Schouweiler, R. Gooding—Requiring all sellers of liquor or wine go to the state dispensary to furnish superintendent of dispensary with price list from states bordering Idaho and requiring list of attorneys or agents to be posted on the liquor dispensary card of files.

S. B. 54 by Hoffman, R. Bonneville and Deal, R. Canyon—Repealing laws covering incorporation of religious, social and benevolent corporations to provide that boards of directors which supervise the real estate of such groups may have any number of directors more than three.

IN THE HOUSE

H. R. 62 by house appropriations committee—Appropriation for six-months operation of state government.

H. R. 63 by Weaver, R. Ada—Providing that counties and municipal corporations shall be entitled to be reimbursed the amount of all excise taxes paid on motor fuels used for county or municipal purposes.

EDITORS FINISH ANNUAL SESSION

BOISE, Jan. 23 (UP)—Sharp discussion broke out in the last session of the Idaho Editorial Association's annual convention this afternoon when the resolutions committee presented a report, three proposed resolutions eliciting debate.

A resolution of commendation to the joint committee of the legislature for recommending repeal of the senior citizens' grant act was tabled. A resolution that small newspapers should be given the same consideration and aid by the federal government as it is proposed to give to small radio stations, in recognition of their war effort, was defeated in a strong vote, and the third resolution, to the effect that the association is opposed to abandoning the principle of direct election, was carried by a vote of 12 to 6.

Officers for next year elected are: Clarence Skjennestad, president; Jerome Taylor, Montpelier, vice-president; and those directors: W. R. Twining, Blackfoot; William F. McLaughlin, Preston; Albert M. Lee, Rupert; George Wharton, Payette; W. T. Martineau, Moscow; and L. W. Leib, Wallace.

Speakers today were Earl Murphy, secretary of the state Chamber of Commerce; David W. Evans of Seveena and Walla Advertising agency, Sall Lake; Laphene Peterson, Boise advertising man; J. E. Jones, manager of the Salt Lake branch Western Newspaper Union; and Dr. Frank C. Robinson of Moscow.

Three Killed in Railroad Blast

OSGEO, Minn., Jan. 23 (UP)—The boiler of a Great Northern railroad freight locomotive exploded today, killing three trainmen.

The dead were Joe Wehr, fireman; Fred Durant, engineer; and Ed McDonough, a brakeman; all of St. Cloud, Minn.

The train was coming toward Minneapolis at a speed of 25 miles an hour when the boiler exploded, derailing the train and plunging into the freight cars along the right of way.

CURTIS FAVORS PUBLIC PROBES

BOISE, Ida., Jan. 23 (UP)—Secretary of State George H. Curtis today said he was not opposed to an investigation of the Idaho state prison, adding that he would "welcome and vote for, if the opportunity arose, investigation of any public office or enterprise."

He made his statement in response to attacks based on an innocent but misleading quotation in the public press.

"In a person board meeting," said Curtis, "Gov. Bottelless made some reference to the need for investigating the walkways (last December of Duncan M. Johnston (serving life for the murder of a Salt Lake City jewelry salesman)."

"I made some offhand remark to the effect that that was not necessary for I felt that I knew and the public knew the plain facts of the escape and the circumstances attending it."

"Bless my soul, so far as the entire administration of the prison is concerned I hope they investigate it from cellar to garret."

"The men who manage the prison are doing a fair and faithful job. A legislative committee has recently made a not unfavorable report on the general conditions there. The inmates are treated in a humane manner and are as quiet as such a population is ever likely to be. Facilities are not excellent, but that is not the prison's fault. The percentage of escapes is low for penal institutions generally."

Mother 'Buys' Her Son as Big Bond Sale Soars to \$65,000

CASTLEFORD, Jan. 23.—"What'll you give for this boy?" boomed the voice of auctioneer Roy Hopkins, Buhl, as he pointed to a fine looking, smiling lad on the stand beside him at the Castleford war bond auction Friday night.

"I'll bid \$5,000 to start it alone," came a voice from the crowd of approximately 1,000 persons who crowded the high school auditorium for the auction, the band and the dance which wound up the festivities.

"Ten thousand dollars—or \$10,000,000 if I can raise that sum!" a woman shouted.

"Knocked down to Mrs. Maurice Curry at \$10,000 in war bonds," announced auctioneer Hopkins as the 11-year-old Maurice Jr., in the hand of his mother who led the youngster from the stand amid the clapping of the assemblage.

Mrs. Maurice Jr. was the first of the auction which brought the purchase of \$65,000 in war bonds to do what Maurice said it would do—beat his friendly neighbor, Buhl, which several months ago conducted an auction that won \$50,000 in war bond purchases.

And the strangest part of it all was—Buhl helped beat her own record. Buhl merchants joined with the merchants of Castleford in providing articles for the sales. A goodly portion of the 1,000 crowd was from Buhl.

Buhl Women Help

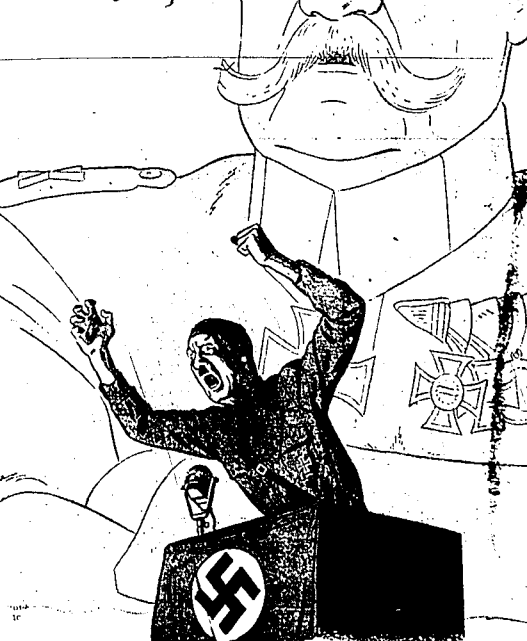

Two Buhl women assisted the women of the neighbor town in providing pies to be sold in the booth—some 50 of them which had a \$25 war bond purchase "ceiling."

During the auction and bazaar, the Castleford high school band, directed by Gustaf Fletched by Gustaf Fletched. The Rose drill team of the Fairview Grange put on the drill which was declaimed at the Idaho State Grange meeting in Twin Falls in December.

Admission to the auction was a \$1 war stamp. Music was provided by the Tom Tyndy orchestra of Fairview.

John Bick was the general chairman with Bill Hawkins as the clerk. Buhl banks and postoffice provided the bonds for sale. And the \$65,000 total set an all-time high for a single Magic Valley event.

"Don't say I didn't tell you!"

PAUL VON HINDENBURG was a professional soldier with little taste for politics—and little love for the upstart paperhanger whom he had to accept as Chancellor.

After the last war, the shrewd old Prussian put his finger on one prime reason for Germany's defeat: "America's brilliant, if pitiless, war industry had entered the service of patriotism and had not failed it. . . . They understood war."

Now history is repeating itself for Hindenburg's successor! America's war industry again is pouring out planes, tanks and guns—meeting production goals that seemed fantastic at first.

Back of this fast-growing military power is electric power—far more power than Hitler and all his henchmen have—turning the machines that turn out everything from bullets to battleships.

Behind the great bulk of this power are the electric companies under experienced business management—doing their job right around the clock and the calendar—delivering electric power in increasing, incredible quantities!

And back of it all, of course, is the American way of life at work—where free men are encouraged to invent, invest, produce, and everybody benefits—a way of life the little rabble-rousing,

The Paris Co.

SOCIAL EVENTS and CLUB NEWS

State Guard To Stage Banquet And Ball Monday

Company K of the Idaho state guard will hold its first anniversary ball at the Legion hall at 9 p. m. Monday, Jan. 25. Preceding the ball a banquet will be held for members of the guard and their wives at 7 p. m. at the I.O.O.F. hall.

Lieut. W. F. Potter, U. N. Terry, William S. Thomas and E. C. Baw-drey head the committee in charge of the banquet. Harry Benson will be principal speaker and entertainment. Gifts are expected to be given.

Special guests will be Capt. J. H. Sevier, commander of the 1st Cavalry and Mr. and Mrs. A. E. Pond, Filer. Mr. and Mrs. J. C. Baw-drey head the committee in charge of the banquet. Harry Benson will be principal speaker and entertainment. Gifts are expected to be given.

Will Be Bride

Miss Lois Pond, daughter of Mr. and Mrs. A. E. Pond, Filer. Her wedding is expected Saturday. (Staff Engraving)

Mrs. Hayes Will Outline Future Topics at Meet

The Washington P-T-A study group will meet Jan. 23, at 7:30 p. m. with Mrs. Lucille Bisher, 153 Lincoln, for a potluck dinner, program and lesson discussion.

Mrs. Merritt Shottwell, toastmaster, will introduce Mrs. J. E. Hayes, national publicity chairman and associate editor of the P-T-A magazine, who will outline and conduct an open discussion on subjects to be studied in succeeding study group meetings.

Marries Today

Miss Lila Lea Lawrence, bride, who is being married today to Warren Pasch, Boise, Idaho, at the Assembly of God church. (Staff Engraving)

Elks Members Stage Welders-Riveters Ball

Elk members, their wives and friends danced Saturday evening to the music of "Welders and Riveters" at the "Welders and Riveters ball."

Dancers dressed in overall, slacks and sport clothes were admitted by the purchase of a 25c war stamp at the door.

The event was staged by Andy Carter, Victor Fillet, Pat Cockburn and A. W. Williams, dance committee.

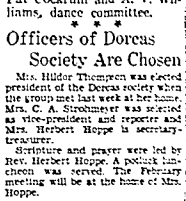

Officers of Dorcas Society Are Chosen

Mrs. Hilder Thompson was elected president of the Dorcas society when the group met last week at her home.

Mrs. C. Stromberg was elected as vice-president and reporter and Mrs. Herbert Hoppe is secretary-treasurer.

Worship and prayer were led by Rev. Herbert Hoppe. A potluck luncheon was served. The meeting will be held at the home of Mrs. Hoppe.

Marian Martin Pattern

A SMART, NEAT AFRON here's an unusually easy-to-make apron by Marian Martin. Pattern 9226. The bodice and skirt panel are in one. A second version has contrast straps and pockets.

Gem State Group Enjoys Luncheon

Mrs. Evan Tarr entertained the Gem state club at a devotional luncheon Friday afternoon at her home.

Officers for the year were installed: Mrs. W. R. Walter, installing officer; Mrs. June Kirkwood, president; Mrs. B. B. Berry, secretary; Mrs. Roseell Hamm, vice-president; Mrs. C. A. Beck, treasurer; Mrs. J. E. Weller, hostess.

Members Entertain At Winter Picnic

Ladies-Hand club entertained its business and families Friday at a winter picnic dinner at the home of Mrs. W. R. Walter.

Guests were Mrs. and Mrs. Clyde Poe, Mr. and Mrs. Charles Deppon, Mrs. and Mrs. Raymond Pyle and Richard and Lester Jockey. The remaining time was spent in playing cards.

Calendar

9226

Pattern 9226 may be ordered only in sizes small to 36. Suggested retail price 60¢. Extra large 144-146. Small size apron requires 2 yards fabric. 2 1/2 yards fabric with contrast 2 yards 1/2 inch fabric and 1/2 yard contrast.

Send your order to Times-News, Pattern Department, Twin Falls, Idaho.

Miss Lois Pond's Engagement Told At Saturday Tea

A 1:30 p. m. luncheon Saturday at the Clark hotel at 1:30 p. m. marked the engagement of her daughter, Miss Lois Ellen Pond, to Staff Sgt. Pilot Dale Fenwick, Filer, now stationed at St. Joseph, Mo., was announced.

John Flatt Will Explain Courses At P-T-A Meet

Open house and a short business meeting will be held at 7:30 p. m. Monday for the Junior-Senior P-T-A. John D. Flatt, high school principal, will explain objectives of the new semester and the changes being made in the curriculum. He will also tell of the new typographical training courses for senior and junior boys.

Mrs. Williams Is Group President

Mrs. Warren Williams was chosen as the new president of the Ladies-Hand club when the group met at the home of Mrs. Albert Osterberg.

Mrs. E. J. Dyer is vice-president; Mrs. Walter Miller, secretary; Mrs. Guy Kall and Mrs. E. J. Rayburn and Mrs. J. E. Sweet and Mrs. R. K. Anderson, alternates.

Fine Arts Group To Hear Musical Program Jan. 26

Featuring the theme, "music knows no race," the Fine Arts department of the 20th Century club will meet at 2:30 Tuesday in the American Legion auxiliary rooms.

Mrs. Mas Beamer, introduced by Mrs. William Beamer, program chairman, will give a brief talk on the music that is contributed to the world by the various countries at different periods. Mrs. Beamer, who has had broad experience in the music world, will be assisted by a group of young people including Miss Jennie Sargent, Robin Elmer, Faith Kinney, Miss Hope Blaser, Miss Mary Louise Beck, Miss Dorothy Smith, Miss Margaret and Mrs. Jean Gordon. Mrs. O. P. Doyal will also assist Mrs. Beamer.

Mrs. E. G. Hill will be general chairman of the event and Mrs. Harry Wilcox is program chairman. Mrs. William Beamer, secretary, and Mrs. John Q. Adams, Jr., vice-chairman of the group, are assisting with arrangements.

52nd Anniversary

Mr. and Mrs. J. Stoen Stewart, 1115 North 10th street, celebrated their 52nd wedding anniversary Thursday. Numerous friends gathered at the home of Mrs. Stewart.

Mr. Stewart came to Twin Falls in 1912 and has been engaged in farming and real estate. He has been confined to his home in illness since last July, but his condition is now improved.

ALBION NORMAL LOSES TWO GAMES TO AMPA NAZARENS

Chalfant Gets 57 Points in 2 Encounters

ALBION, Jan. 23.—Coach Orville Hull and his Albion Normal campers opened their 1943 season here last night and tonight—and took a pair of walkovers from the speedy Nampa Nazarens.

Chalfant was the main reason for the Panthers taking the two losses. Chalfant plunked 30 points in the two in tonight's encounter to keep the touring Nazarens in front all the way. They led 25-0 in the half and 45-0 in the second half.

Other Games on Schedule
The Albion club will play only a short circuit, other games being against College of Idaho, Caldwell, Boise Junior college, Boise State, and Idaho State.

Ferry Cagers Trim Gooding Quintet By 24 to 5 Score

GLENN'S FERRY, Jan. 23.—The Gooding high Senators went to their first game of the season and as a result departed on the short end of a 24-5 score after their cagers with Coach Gene Gooding's pilots.

Vandal Wrestlers Hit Record Low

PULLMAN, Wash., Jan. 23.—For the first time in Pacific Coast conference northern division competition, meet officials reported that the wrestling team was stopped without winning a point as the Washington State wrestlers led the Vandal team in a 2-0 score.

10,000 Fans See Triple Chicago Fight Program

CHICAGO, Jan. 23.—A heavy-hitting battle between the two champions of the world, Gene Tunney and Max Baer, was the main attraction of the triple bill at the Madison Square Garden arena last night.

SPORTS

Handicaps Cut Into Leads in Loop Bowling

That of itself, Mr. Law of averages, as applied to the handicap system, comes up with the bowling team in the Twin Falls Bowling association over the past week and lightened up the races in the two main leagues.

Other Games on Schedule
The Albion club will play only a short circuit, other games being against College of Idaho, Caldwell, Boise Junior college, Boise State, and Idaho State.
