Filer Boy Held in Extortion Letters to Hollywood Stars

Accused of writing extortion letters to four movie stars and a former California governor, Roger D. Barker, 19, Filer, was being held under \$5,000 bond in the Twin Falls county jail last night after his arrest Friday climaxed a nationwide search by the FBI.

U. S. Commissioner J. O. Humphrey last night issued a fugitive warrant for Barker who is the son of a Filer church janitor. The warrant will be served by a U. S. marshal from Boise, who is expected to take Barker before Commissioner Humphrey for arraignment. It was not known last night when the marshal could be expected.

Kenneth Logan, special agent in charge of the FBI office at Butte, Mont., said that the complaint, filed in Los Angeles, charges Barker with writing the letters to Humphrey, Deanna Durbin, Rosalind Russell, Jeanette Davis, and to C. L. Olson, then California's chief executive.

The letters are said to have been written over a period of a year and a half, and signed with the name of a former schoolmate of Barker, who is now in the United States armed forces.

In addition to threatening the lives of the movie stars, the letters demanded payment of sums of money ranging from \$1,000 to \$25,000.

Pending prosecution of the Filer youth, the FBI did not reveal the specific sums asked for each movie star and the California governor. The method by which payment was demanded was also withheld, but it was the steps leading to arrest of the accused youth.

Barker was arrested by an FBI agent and Deputy Sheriff Ed Hall. A native of Appleton, Mo., Barker moved to Filer about five years ago and was graduated from Filer high school in 1941. He told officers he made four trips to Los Angeles during the next year and a half, waiting in lines in cars during his stays there to meet with the movie stars. He asserted, wrote all the letters while he was in Los Angeles, it was said.

Prior school officials said Barker was a quiet youth in school—too shy to be an extracurricular activities, and was about average in scholarship.

Writer Leaps In Foxhole—Meets Cecil!

By OLEN W. CLEMENTS

GUADALCANAL, Jan. 29 (Delayed)—The air raid alerted me to the fact that I was in a foxhole.

Men piled out of their tents and mosquito nets and made dives for the foxholes. Some sleepily passed to slip on flying shells and shoes. I went with one shoe on and half a flying suit, wondering if the rain had seeped into my coat, covered by my private life.

It had. There were already four men inside—Capt. Cecil B. Smith of the 1st Marine Division, Capt. William H. Smith of the 1st Marine Division, and Capt. William H. Smith of the 1st Marine Division.

His Nickname

"Barker" was used as I slid down and squeezed between them in the mud. This is my new nickname. The bombardment boys hung on the line before we took off to bomb Wake Island Christmas evening. It was my nickname. This is the name the Americans gave Japanese because of their unscrupulous over the far end of Henderson field.

More Coming

Three more men piled in on top of us—Capt. Robert M. Grech of the 1st Marine Division, Capt. K. Thompson of the 1st Marine Division, and Capt. K. Thompson of the 1st Marine Division.

I saw three men while I was stuck on the ice. The lake was built on the spot of the lake, with the men's shirts flapping in the breeze.

Fuelage Unmanned

The wings appeared to have been sheared off at the plane had landed. The fuelage, covered by a lot of snow, did not appear to be damaged.

I saw three men while I was stuck on the ice. The lake was built on the spot of the lake, with the men's shirts flapping in the breeze.

The missing plane was last heard from on Feb. 1, when a single radio signal reported the ship down at the south end of a lake near "Boise" with crew "missing" but its members in need of food, and had an axe.

The lake is located about 150 miles from the coast.

SALE OF LIQUOR OVER BAR ASKED IN SENATE BILL

DOISE, Feb. 13 (AP)—Sale of liquor by the drink would be legalized in Idaho under terms of a bill introduced in the Idaho senate today by the judiciary and corporations committee, and sponsored by Senators Harn, R. Clark, Ambrose, R. Coover, and Thorne, R. Jerome.

Also introduced was a bill which would give the governor power to suspend the operation of any laws during periods when the legislature is not in session if necessary as a war measure.

In other action today, the house of representatives defeated a proposal to repeal the voluntary commitment law, and the senate introduced a measure urging Secretary of Agriculture Wickard to include growers of sugar beets in the federal production incentive program.

Liquor by Drink

The liquor bill would cover all places serving liquor by the drink but not those serving beer of less than four per cent alcoholic content by weight.

It would provide an annual license of \$100 for each such establishment within a town of 2,000 persons or within 10 miles from such places, and \$500 for establishments in smaller communities. Also required would be a \$5,000 bond from each licensee.

Licensing of establishments other than those serving liquor by the drink or for sale would be provided for in the bill.

It would also provide for the licensing of establishments for the sale of alcoholic beverages for medicinal purposes.

BURLEY CHAPEL DEDICATION HELD

BURLEY, Feb. 13.—Members of the L. D. S. church here assisted with the dedication of the new first ward chapel at Miller avenue and Third street north.

Alma Senger, assistant to the quorum of the 12, Salt Lake City, gave a short talk, as did Bishop Earl Olmstead, first ward and President J. D. Hoggan, Burley stake.

The building is of modern modified Spanish architecture, designed by Lorenzo Young, Salt Lake City, and is built with two large ceilings.

It was built at the cost of \$25,000 from the contributions of the 800 members of the ward, and final payment on decorations and furnishings was made early this year.

Construction of the church began in 1939, under the supervision of the building committee composed of Loren Lewis, chairman, Earl Olmstead, H. C. Hall, Ephraim Nichols, and K. C. Barlow.

The main chapel seats 275 persons and by opening the recreation hall at one side many others can be accommodated. There are five large classrooms, a modern kitchen, a study room and a boy scout room. The building is heated by a hot air system and air conditioned throughout.

The chapel walls are white and the rugs and drapes are a deep rust color. Another feature is indirect lighting. The ceiling is of bleached oak. The church has a new Hammond electric organ and also a baby grand piano. Mrs. Hilda Oranga has been presiding at the organ for services.

Assisting Bishop Olmstead with the ward work are Ernest R. Bauer and Duane Bingham, counselors.

WRITER-LECTURER WILL TALK HERE

One of three subjects, "The 10 Men Who Lead in Remapping the World," Modern Biography—the Art of Making Good Repetitive or "Fun from Poetry—Revels in It or Not," will be chosen by Frank Drake Davidson, literary and international affairs commentator, when he speaks before the Town Hall at the Twin Falls high school auditorium at 8 p. m. Wednesday night.

Dr. Davidson has gained a wide reputation for his ability to speak on great personalities and world events. He gives his hearers pen-pictures of such men as Roosevelt, Churchill, Stalin, Chiang Kai-shek, Ghandi, Tolstoy, MacArthur, Tojo and others who are making the decisions of war which will affect the lives of millions now alive—and generations to come.

An Evolutionist by birth, Mr. Davidson was reared in an environment where the history, art and literature of Britain meant something vital and alive, and gave him a sense of values born of appreciation of the past and an awareness of the present. His father was engaged for years by the British government in directing restoration and rebuilding of ancient and historic cathedrals, manor houses, churches, old inns and government buildings. Mr. Davidson has lived 30 years in the Pacific northwest. A little more than eight years ago he was called upon to make his first speech in the American northwest. Since then he has accepted many invitations to address clubs and organizations in increasing numbers.

The self-starter first appeared on automobiles in 1911.

WHITELAP JAP RESISTANCE

ALLIED HEADQUARTERS IN AUSTRALIA, Sunday, Feb. 14 (AP)—The process of whitelap on the Japanese in New Guinea on the approaches to the enemy's main supply base of Salamaua and Lae is continuing, with 20 more men dropped to the some 1,000 in late in recent weeks in that sector, the allied high command reported today.

The latest casualties inflicted were against a Japanese patrol in the Wau area. That is the sector where the Japs on Jan. 30 attempted to capture an allied airfield and were repulsed. Earlier reports this week told of the Jap force, estimated to have once totaled over 2,000 men, retreating toward Mubo which is only 12 miles southwest of Salamaua.

"Our ground forces ambushed and dispersed a patrol of 60 Japanese marching to the enemy's rear guard near Wandum," the communiqué said.

"Thirty-two enemy dead were found in the area. Our attack units bombed and strafed the Mubo area."

General Douglas MacArthur's communiqué also told of another three-hour air attack by an allied heavy bomber on Rabaul, Jap base on the northern tip of New Britain. This practice has been following since night of Jan. 27.

A week against Rabaul which has vital airbases and also an extensive harbor for Jap shipping.

In each case, the bomber after cruising around has managed to slip in for bombing. The communiqué also mentioned the starting of fires.

On one coast, reports of Russian advances in the Caucasus, the communiqué admitted that Russian forces had landed at Novorossiysk, Black sea naval base, were still fighting the Germans.

He said the "evacuation of Krasnodar, according to reports, will give the Germans additional forces to engage in the fighting at Novorossiysk."

German Sea Offensive

The Russians announced the capture of the island of Krim, which they have not told anything of the fighting at Novorossiysk.

On the central front, the German broadcaster added, "there appear to be indications that the enemy is preparing to launch an offensive there too at a certain locality."

All along a 400-mile front from the mouth of the Danube to the Black sea, the German broadcaster declared that German divisions were crumbling and the veteran troops of Adolf Hitler were being mauled into retreat. The noon communiqué listed 2,000 more enemy killed.

The greatest threat of fresh German disaster was the strong Russian column beating down the German line from captured Krasnodar, 70 miles north of Mariupol and 100 miles west of the Black sea. Should this column reach the sea, a half million Germans inside Turkey and the Dnieper valley would be reeled for slaughter nearly twice as disastrous as that before Stalingrad.

Marine Corps Signs Women Here Monday

The Twin Falls marine corps recruiting station Monday will begin accepting applications from women seeking admission to the corps. The station is located at 220 N. Main street, and is headed by Lt. Col. Larry Laughlin, chief recruiter.

Women may seek admission as officers or in the enlisted personnel list. The age for enlistment must be between 17 and 30 years and for enlisted personnel from 17 to 30 years.

Applications must be submitted with a recent photograph, a transcript of educational record, record of occupation since leaving school and three references from citizens of good standing. Officers candidates must also provide a photograph. Further information may be had at the recruiting station. The unit won't have a name until the War Relocation Authority members select a name except they probably won't be termed "Seafarers."

Laughlin said that the local station had been instructed to enlist an unlimited number of women. The corps is now recruiting 17-year-old boys for the corps.

Seventeen-year-olds who are seniors in high school and will graduate this term also will be being offered for officer candidates. Laughlin stated.

Divorce Given in Protracted Suit

In a divorce suit featured by the fact that part of the testimony was taken in July of 1942, a divorce was granted today by Judge J. W. Porter against Mrs. Maude Moore. The husband is now a resident of Raymond, Wash.

The hearing last July was ordered continued for corroborative testimony. When that was presented, the court awarded the divorce. Moore is a divorcee on grounds that her husband deserted her in August of 1933. The couple married Jan. 27, 1908, at Osborne, Kan. The four children are all over legal age.

Divorce Granted

Divorce was granted in district court here by Judge J. W. Porter to Vernon Schneider, who had sued Mrs. Edna Schneider on grounds of desertion, in a divorce suit filed April 5, 1933, at Garden City, Kan., and the husband claimed his wife left him four years ago with their two small daughters.

TIRE REPAIRMEN CONVENING HERE

A meeting of the repairmen and recappers from over a four-county area will be held at 2 p. m. today at the Recap Tire company office, 135 Second avenue south, according to an announcement by George Ballard, township chairman of the repairmen and recappers organization.

Ballard said the meeting today for the purpose of forming a permanent organization provided for at a recent session of repairmen and recappers held recently. Ballard was selected as temporary chairman for the district composed of Twin Falls, Gooding, Jerome and Lincoln counties.

Repairmen and recappers over the nation are forming such organizations for the purpose of representing their interests, and in order to facilitate the government's program of repairing and recapping tires. Proprietors and employees in this business will hold meetings all over the country, and in order to 25 for the purpose of hearing a radio broadcast on this subject.

Educators Urge Solons to Vote Adequate Funds

Four Twin Falls county school officials urged delegates from other county districts to vote adequate funding Friday with the house and senate appropriations committees at Boise.

Representing Twin Falls county were Mrs. Doris Bradley, county superintendent; Edgar H. Glumsted, trustee of the Twin Falls county district; Dr. Noel Ball, trustee of district school district; and Bert Hammer, superintendent of Pler rural high school.

Mrs. Bradley said the delegates made a strong plea to the legislators to make the school situation in Idaho more effective, because of rising costs, she said, was the necessity for raising salaries in order to keep teachers who are attracted to work by the higher pay.

Lights Campaign Widens to Bikes

The police drive on lights last night had spread to bicycles, with 10 of the two-wheeled vehicles impounded at the city jail at 610.

Chief of Police Howard Gillette said the bicycles were brought in because they were not equipped with lights in front and a reflector in the rear. He pointed out that state statutes require a light in front and a reflector on the rear, and that the city also has an ordinance requiring lights and reflectors on bicycles.

It was said the bicycles would be held until nine o'clock, and then be turned over to the city for proper safeguards, and Gillette indicated that there would be a general enforcement of lighting regulations.

Municipal Judge Humphrey announced that nine motorcycles had paid fines of \$1 each for having unproper lights. They were: Archie Anderson, W. E. C. Jackson, A. Jackson, C. M. Carson, Cliff Emerick, Keith Robert, F. T. Dobbs and W. G. Shigman.

County Budget \$517,090 After Slashes of \$15,360

Slashing a total of \$15,360 off the preliminary budget as set up in January, the board of county commissioners Saturday had approved a final budget of \$517,090 for Twin Falls county in 1943.

The final budget is \$1,182 less than the final 1942 authorization, which was \$518,272. Actual expenditures for 1942, according to records of the county auditor, were \$360,702.67.

The preliminary budget for the current year had authorized \$532,450. The commissioners, however, topped off at \$517,090 from the budget for their own department (which finances a wide variety of county matters including district court and jury); reduced the treasurer's budget by \$1,100; cut off \$3,000 from the law and indigent, and sliced \$700 off the county hospital authorization.

No Protests

Approval of the final budget came after a five-day period for hearing by any citizen. Not one individual in the county appeared to protest any provisions of the budget, Chairman Ernest V. Mohr said.

As approved, the budget shows the following general classification: Total current expense (county department), \$170,515 reduced from \$188,715 in the tentative budget; total capital expense, \$346,575, reduced from \$349,555; total county hospital, \$181,925, reduced from \$182,625; poor farm and indigent, \$186,340, reduced from \$189,340; artificial light, \$28,425.

That the actual expenditures of the county in 1943 will not approach the total budgeted authorization, despite necessarily higher operating costs under wartime increase in materials and salaries, is shown by the fact that 1942 actual expenditures were \$350,702.67 under a budget of \$518,272. Further, the county fair budget of \$28,425 is included for state.

In addition to her husband, Jacob Maxwell, and Mrs. Thompson, she is survived by two daughters, Mrs. Sidney Pierce, Rigby, and Mrs. Leona Thompson, Portland, Ore.; six sons, Island Maxwell, Bannock; Max Maxwell, North Hollywood, Calif.; Clifford Maxwell, Glendale, Calif.; Virgil Maxwell, Eden; Bailey Maxwell, formerly of Twin Falls and Wendell Maxwell, formerly of Caldwell, who are now in the air corps; 18 grandchildren and two great grandchildren.

Funeral services will be held at the Eden L. D. S. church at 4 p. m. to be announced later. The Payne mortuary, Burley, will be in charge.

There! That just about covers the waterfront of personals and life—as spring draws near, we take for your whoops and hollers a ball diamond—and speaking of athletics, let me tell you, we would use you fellows at home for actions such as when the Color-Giants or Ghosts come through basketball tours. It rather bothers me to see some of our "men" minding themselves in a gym floor to furnish competition for hot shot teams. Initially, there's an Outlaw tournament going on at Jerome, under the sponsorship of the Jerome Junior Chamber of Commerce—some excitement and enthusiasm, but not quite the same skill as
