

PETRILO URGED TO CALL OFF BAN

NEW YORK, Feb. 24 (UP)—Record and transcription companies urged James C. Petrillo, head of the American Federation of Musicians, today to permit union musicians to make recordings under the ban on recording without union approval. Petrillo's plan for payment of royalties into a union fund for needy members.

"Pettillo's proposal is dangerous and destructive," and "a startling new kind of social philosophy," the companies in a joint letter declared. Petrillo's contention of "wholesale unemployment" among musicians, they said, is "a mere slogan to attract the sympathy of the public."

Petrillo's proposal, suggested to settle the controversy over "canned" music, provided that the companies pay a fee for each record produced in a union-controlled fund for unemployed union musicians.

"Certainly membership in a union should not entitle a member to special privileges," the companies said, "which does not employ him but happens to employ some of his fellow members."

The companies also asked Petrillo to permit musicians to "return to work" immediately and produce phonograph records and transcriptions which are nearly as good as those of both civilian and military morale.

Mrs. Heckert's Last Rites Held

HAILEY, Feb. 24.—Funeral services were held for Mrs. Lela Heckert at the Presbyterian church in Hailey today. Mrs. Heckert, 68, of Hailey, died at her home in Hailey, Idaho, Feb. 23. She was the wife of Mr. Charles Heckert, a well-known local business man. Mrs. Heckert was born in Iowa and came to Idaho with her husband. She was a member of the Presbyterian church and was very active in its work. She was also a member of the Hailey Grange. The funeral was held at 2 p. m. and was attended by a large number of friends. Burial was in the Hailey cemetery.

NOT THE SAME
Editor, Times-News:
I wish you would clear up a misunderstanding which has arisen as a result of the fact that the police have arrested a Carl Higgins, Jr., on a charge of assault with a deadly weapon.

Similarity of his name with mine has caused some embarrassment already and I'd like to point out that I am not the same person as the one arrested. I am Carl Higgins, Sr., and I don't even know him. The ages are different and since no middle initial was given, the misunderstanding arose.

I am 16 and a student at the high school.

SAYS DON'T CONDEMN THE MERCHANT SEAMAN
Editor, Times-News:
Why pick on the merchant seaman? Although you concede merchant seamen are neither communists nor pro-communists, you base your editorial on the assumption that most of them are communists and couldn't be trusted to man guns to protect the cargo of their country.

As to the wages—why not condemn the sailors or any war workers for high wages because they are needed? Why not furnish food, clothing, and \$10 a month for ALL citizens who are defending or working for the success of their country?

Why not TAKE the glycerine needed in the manufacture of ammunitions for the defense of our country, as well as the household's grease?

Why not prohibit the use of alcoholic drinks to all civilians and service men if we really wish to promote the war effort? Wouldn't an athletic coach agree this might benefit the nation physically?

42 INJURED BY TRAIN CRACK-UP

WILMINGTON, Del., Feb. 24 (UP)—Forty-two passengers were injured today in a crash which split a passenger coach into the rear end of the crack Pennsylvania railroad passenger train, "The Cavalier."

Most of the injured were members of the army and navy. All but six suffered only minor cuts and abrasions and were released from two Wilmington hospitals after treatment. Six were retained with serious injuries.

The 11-car Philadelphia section of "The Cavalier" had pulled into a siding at Wilmington when the crash occurred. The addition of two passenger coaches taken from another train.

Railroad officials said the switching engine knocked the two cars into the rear of "The Cavalier," throwing their occupants violently out of their seats and damaging the cars and the rear of the train. There were 52 persons in the two cars and the injured were all in these cars and the last car of "The Cavalier."

The vestibules of the two cars that were being added to the train were crushed inward and the last car of "The Cavalier" was split in two. The injured were the train's fireman and his conductor.

Cassia Stake to Open Farm Drive

OAKLEY, Feb. 24.—A campaign to raise funds to purchase 100 shares of the Cassia Canal company to be placed on land to be operated by membership of the Cassia stake of the L.B.S. church was inaugurated at a special welfare meeting held at the first ward.

The property, to be known as the "Cassia stake welfare farm," will be operated with donated labor. This will make it possible to supply commodities sought by the general welfare committee for the general church program for the care of the needy and make for the economic security of the residents in Oakley valley.

Elder Martin G. Romney, assistant general manager of the Salt Lake City church welfare program, attended the special meeting.

Arsonist Blamed For Fire Disaster

ST. JOHNS, N. F., Feb. 24 (UP)—A judicial report today attributed to arsonists a fire which killed more than 100 Canadian and United States soldiers and girls attending a benefit service in a kitchen of Columbus inn Dec. 12.

The report said the fire started on a cupboard on the dormitory floor where toilet paper and other inflammable material was stored.

It also was disclosed that a fire recently had been discovered in a USO building, leading investigators to suspect arson, "suspecting a fire against buildings frequented by armed forces."

Mountain Climbers Break Records After Going Back For Vitamins

Of greatest value in explaining how those who work hard, think hard, and play hard need more vitamins than those who "take life slow and easy" is the report of the record-breaking Mt. Everest expedition. In the course of a century Mt. Everest has been climbed by only a few men. With this vitamin-rich food, they found that it was 20,000 feet and had no ill effects.

Not many of us climb mountains, but in these war times we're all working harder, have more on our minds, and therefore we all need more vitamins every day, to help us keep up the faster pace. An easy way to get a lot more vitamins is to eat delicious new 8 Vitamin-mineral enriched Edy's Pan Dandy. Cakes are more. No other bread has so many vitamins added.

LABOR BOARD TO HEAR RAIL FIGHT

CHICAGO, Feb. 24 (UP)—The "big five" railway brotherhoods were expected today to carry out demands to the national railway labor panel after mediation collapsed and committee representing major railroads refused to submit the dispute to arbitration.

The brotherhoods were expected to follow this procedure in view of their recent "no strike" pledge. Forthright they would have called for a strike vote, compelling the President to appoint an emergency fact-finding board.

George A. Cook, chairman of the national railway mediation board, announced that a five-day attempt had been abandoned after the failure of the major carriers and the unions to reach an agreement.

Committees representing the western carriers, eastern carriers and southern carriers sent letters to Cook declining arbitration because they did not believe the dispute could be arbitrated "in a single proceeding so that a board would have the entire picture before it."

The carriers said they were convinced the wage increases would not "in any way reduce the anti-inflation act of Oct. 2, 1942."

The "big five" unions are the Brotherhood of Railroad Trainmen, the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, the Order of Railway Conductors and the Switchmen's Union of North America.

They had asked that existing basic daily wages be increased 30 percent with a minimum increase of \$3 a day effective March 1.

Stern—And Proudest—Young Yank Trooper

Just take one look at young Sgt. Otto Lass, driver of the jeep in which President Roosevelt rode in North Africa—and you see the soldier who probably the proudest of all as result of the chief executive's journey. The President is shown riding past a group of American soldiers who snapped to "present arms" despite complete surprise at sight of him. In the rear seat is Lieut. Gen. Mark Clark, whose secret landing in Algeria from a submarine was one of the high adventures of the African Invasion. (Photo released by war department)

War Brings Largest Shift in Population Since Tract Began

The largest shift in farm population since the Twin Falls tract was developed is noted in the annual report of D. T. Bollingbrook, county agent.

"Since the outbreak of the war," writes the agent, "a great many shifts and changes have taken place on the farms in Twin Falls county. Attractive wages in defense plants, and the large number of farm boys who have entered the armed forces have created a real labor shortage. This labor shortage has been, and still is, causing many adjustments to be made."

"We are having the largest shift in our farm population since the tract was developed. There are more farm sales and a greater shift in tenants and operators of farms than we have heretofore had. Tenants who own their own farms and rented additional ground are giving up the rented land. They will operate their own farms which they can do with their own family help. Landlords in some cases have had to move back on their own farms."

"This labor situation, together with the uncertainty of price ceilings, is causing many changes. Large numbers of dairy cows are going on the market. Range sheep men, as well as some alfalfa growers, have reduced their number of sheep. In farm sheep alone there will be at least 10,000 fewer ewes lambing out this spring than in recent years."

Bollingbrook reports only about 40 per cent as many cattle on feed this year as in former years, and expects the situation to be even lower. These feeding operations, he points out, ordinarily supply large quantities of bariyard manure, which helps to keep up the fertility of the land. More alfalfa ground will be plowed up than usual, it was said, and fewer cash crops which require hand labor will be grown.

Strenuous efforts The county agent stressed the importance of most strenuous efforts by local people and the government to make the production figures for 1943 as high as possible.

WENDELL COW AT TOP FOR JANUARY

Star, a grade Holstein owned by E. F. Maurer, Wendell, was the champion producer for the Gooding-Jerome Dairy herd improvement association during January.

Clarence R. Knutson, herd supervisor, has announced she yielded 1,717 pounds of milk with a butterfat content of 2.5 per cent.

Kitty, a registered Holstein owned by F. O. Massey and son, Gooding, was second with a milk yield of 2,212 pounds and 74 pounds of butterfat. In third place was Daisy, a grade Holstein owned by Ralph King and son, Wendell, with 1,514 pounds of milk and 69 pounds of butterfat.

The champion herd for the month was the Massey's with 25 registered Holsteins averaging 873 pounds of milk and 24.8 pounds of butterfat. Forty registered and grade Guernseys owned by W. D. Pales, Gooding, were second with 421 pounds of milk and 23.1 pounds of butterfat.

Among the 10-20 cow herds, Clarence Wells, registered and grade Holsteins at Gooding were the leader with 1,103 pounds of milk and 28.8 pounds of butterfat. V. W. Carlson's 12 registered Holsteins at Gooding yielded 1,155 pounds of milk and 33 pounds of butterfat for second place.

The less-than-10 cow group, Ray Harding's herd of grade Holsteins at Gooding yielded an average of 1,224 pounds of milk and 24.4 pounds of butterfat. Five registered Holsteins owned by M. D. Cook, Jr., Gooding, produced an average of 1,245 pounds of milk and 41.5 pounds of butterfat.

Knutson traded 354 cows in 38 herds. They averaged 640 pounds of milk and 25.6 pounds of butterfat. Forty-one cows produced 40 pounds or more of butterfat.

Officials Trick Gas Card Thief Into Confessing

NEW YORK, Feb. 24 (AP)—In police court, quadruplets today said milk tinkled from a radio while Louis Mongio, a veteran "trucksman" with a record of 16 arrests since 1912, sat tight-lipped before two inquisitors.

Was in the ways of police. Mongio refused to talk. Acting Capt. Richard Penney of the safe and lot squad and an assistant federal attorney were convinced he had blown open a Long Island City CPA case and stolen ration coupons for \$1,500,000 gallons of gasoline.

While the questioning continued, Lieutenant Raymond Maguire quietly left the room and went to the basement. The music played on. Mongio wouldn't talk.

Suddenly the music stopped. An announcer cut in with a bulletin there had been a "terrible slaughter" of American troops in north Africa, he said, because the army did not have enough gasoline to bring up mechanized support. The voice from the radio actually was that of Lieutenant Maguire, who had blurted out in a separate way. Mongio leaped to his feet, trembling.

"I'm a traitor!" he screamed. "I didn't realize this when I stole those stamps. I'll take you to where the stamps are. Come with me."

He did.

Abraham Schulz' Last Rites Held

JEROME, Feb. 24.—Last rites for Abraham Martin Schulz, 70, were held at St. Paul's Lutheran church with Rev. H. C. Schulze, Eldon, officiating. Interment was in Jerome cemetery under the direction of the Jerome funeral chapel.

Cranial was Herbert Duenning. A quartet and choir offered a number of musical selections.

Funeralbearers were John Kinsfater, John Ahrens, Fred Duenning, Jake Kuhn, Christ Stuehling and J. H. Walters.

Couple Recovers Lost Valentine

GOODING, Feb. 24.—Mr. and Mrs. P. O. Requist have received a letter from R. R. Gentry, Hamlet, Neb., enclosing a Valentine and a 41 bill which had been addressed to Mr. and Mrs. Requist by their daughter, Mrs. Jack Madson, Denver.

Mrs. Gentry said he had found the letter from Mrs. Madson under a cabbage, apparently having fallen into it when they were mailed from Denver.

*"I'm going to have more
Fruits & Vegetables than my
Ration Book allows"*

— AND I'M GOING TO DO IT THE PATRIOTIC WAY!

That's the spirit America needs right now. Even more than you know!

Very soon, you're coming right up against the problems that directly affect your family's welfare and the Nation's strength. You'll soon find you can't buy nearly as many canned fruits and vegetables as you'd like.

Yet our government says everyone must have plenty of fruits and vegetables—every single day. You must feed your family well—to keep America strong.

Just because you can't get all you need the easy way, does that mean you're going to give up? Not a bit of it!

If we know Americans, we think you'll say, "Well, I've still got my brains and my own two hands. I'll do my part. Let's go to work!"

Why the need is so great

As the world's largest canner of fruits and vegetables, Del Monte has gladly undertaken to save every pound of fruits and vegetables possible, and still maintain Del Monte Quality.

Last year's Del Monte pack was the largest in our history. But our armed forces needed about a third of it.

We hope to preserve even more foods this year. But well over half of them is already spoken for by the Government.

Dividing the rest among the homefolks doesn't leave the plenty you're used to.

That's why, it's up to you this year—if you want all the vegetables and fruits your family will need.

Enlist now!

SOLONS WORKING AT FULL SPEED

BOISE, Feb. 24 (UP)—The Idaho legislature was on top of its calendars today and was clicking at top speed in an attempt to complete its work by end of the week.

All appropriation measures, with minor exceptions, have passed one or two houses and are expected to pass both houses and be sent to the governor today and tomorrow.

Yesterday the senate passed, 23 to 21, a bill legalizing liquor by the drink, but it may be reconsidered.

House came late in the afternoon after three and one-half hours of debate. The bill must yet be approved by the house.

Defeat School Fund

The retirement bloc in the senate aimed through by its skin of its teeth in defeating, 20 to 22, a measure appropriating \$500,000 more for common schools than was appropriated in 1941. Unanimous approval was given the regular appropriation of \$2,000,000.

Introduced in the upper chamber was a bill calling for a special study by the board of education of possible consolidation of grade and high schools, the report to be made by the next session of the legislature. The bill carried an appropriation of \$10,000 for that purpose.

Also introduced in the house was a measure appropriating \$12,000 for the operation of soldiers' home by the state.

The joint appropriations committee omitted the appropriation in its omnibus bill, with intention of abolishing the institution.

Total Savings

Killing of the extra \$500,000 appropriation for common schools brings to about \$700,000 the savings made by this legislature since the last session. Appropriations of two years ago, Rep. C. T. Waddoups, 22, Butte, chairman of the house appropriations committee, said the savings in appropriations from both general and special funds was \$700,000. He figures that it includes the \$500,000 saving.

It is probable the half-million dollars will be added to public savings as requested by the governor.

Magpie Campaign Started in Idaho

BOISE, Feb. 24 (UP)—The annual spring campaign against magpies is now underway. James O. Beck, director of the Idaho fish and game department reported today.

This year the department will pay a bounty of three cents per head up to April 15, and two cents for each head taken between April 16 and July 1.

"The higher bounty is paid on each bird because there is less possibility of nesting and hatching if the predatory birds are taken early in the spring," he explained. "Magpies are destroyed because they are injurious to many forms of wildlife, particularly game birds, pheasants, ducks and other birds."

Andrews of the Invasion Command

1943: Succeeded Eisenhower as C-in-Chief of U.S. forces in European theater of war.

Silver-haired, six-foot lieutenant-gen. Frank M. Andrews, once dubbed the "handsomest man in the war department," stands ready to lead the troops and armies of America in the great invasion of Europe. Andrews, 53, is a modern (G.I.) general, knows the value of coordinating air and ground efforts. As chief of the G.I. air force in 1934 he kept so busy flying he required an officer in the skies. When the world went to war, he went to the Caribbean to bring our defenses there, later called Montgomery in Egypt and Libya. Now he's ready to put into heroic action the paratroops, tanks, bombers, fighters whose organization he helped to build.

PITTSBURGH FIRE KILLS FOUR MEN

PITTSBURGH, Feb. 24 (UP)—Four men died and three others were injured when a fire broke out in a downtown rooming house today.

One of the victims was killed when, trapped by smoke and flames, he leaped from a third-floor window to the street; two were suffocated and the fourth was burned to death.

Nine men, warned by a fellow roomer who raced through a three-story building with a plumb bar, smashing doors and windows, made their way to safety.

The dead were Fred De Armit, 45, who leaped from the window; John L. Thum, 37, and William Lein, 44, suffocated; and Eli Belzent, 55, burned to death.

AIR POCKET GETS BLAME IN CRASH

LIBRION, Feb. 24 (UP)—Pan American Airways officials today blamed an air pocket for the crash of the Yankee Clipper, which 34 passengers and crewmen perished Monday night.

All but three of the 15 known survivors were out of danger. Four bodies have been recovered from the Tegu river, into which the clipper plummeted while coming in for a landing, and authorities were dragging for those of the 23 missing persons.

Among those unaccounted for were Thomas, Russian-born American stage and night club singer, and two correspondents, Ben Robertson Jr., 37, of Cleveland, C. O., assignment for the New York Herald-Tribune, and Frank J. Cuhel of Cedar Rapids, Ia., of the Mutual Broadcasting system.

Always officials here said the clipper ran into an air pocket and dived into the river while approaching its Libron base after a flight from the United States. The plane, its left wing tip sheared off, floated for about 10 minutes, then sank.

The wreckage later broke in two and the halves subsequently were found 1,600 feet apart about four miles east of the crash site. A diver reported that the four engines had been torn out of the fuselage. The upper part of the fuselage was raised yesterday.

The commander of the plane, Capt. R. O. D. Sullivan, 56, of San Francisco, N. C., told a United Press reporter at a hospital that the plane was in the midst of a thunderstorm when it suddenly went out of control, but he would not speculate on the cause of the crash.

Dentists May Be Asked to Change

CHICAGO, Feb. 24 (UP)—Paul V. McNutt, chairman of the war manpower commission, said last night that many dentists will be asked to abandon their present practices and move to new areas where "immense wartime dislocations" have made dental service scarce.

In an address before the Chicago Dental society, he said that an additional 6,500 dentists would be needed by the armed forces.

The rise of war industry boom towns and heavy demands by the armed forces have altered sharply the distribution of the country's population, he said. This in turn has created a need for relocating both doctors and dentists.

Grange Gleanings

By J. R. CRAWFORD

FAIRVIEW JUVENILE

The youngsters of Fairview (ix to 16 years of age) showed very good judgment when they cheered Mrs. Beale Harrison for their matron. Mrs. Harrison is past lecturer of Fairview and a former school teacher and knowing Mrs. Harrison we feel that if anyone can succeed with a juvenile group, Mrs. Harrison is the one to do it. For their master they chose Donnie Kramer; overseer, Keith Brandon; chaplain, Leona Morrison; lecturer, Caroline Jensen; treasurer, J. R. Crawford; Bobbie Harrison; Dorothy Chandler; Edward Le Roy Brandon; assistant steward, Albert McCauley; lady assistant, Albert Jean Kudler; Pomona, June King; Greta, Jean King; Flora, Myrna Dean Campbell, and gate keeper, Billy McCauley.

At the next meeting the new officers will be duly installed.

NORTHVIEW

Northview Grange met Friday evening with acting Master Maurice Cunningham. The Maxwells are still enjoying their vacation. Plans were made for the coming Friday night, Feb. 26, when the Grange will present the play "Mist and Sun, Well" to the public.

A pie auction will also be held at this time. A good turnout will be appreciated as the Grangers in the past have put in considerable time on play practice.

Ralph Hart had charge of the roll call and the members responded with interesting facts in the life of George Washington. A contest was held.

FAIRVIEW

Fairview Grange met in its new hall Friday night for the regular meeting with Master Melvin Harrison at the master's station.

For the opening number, "God Bless Our Service Boys" was sung by the Grangers. The committee reported on two sale lunches which were served by the men and the women. The men reported and turned in \$25.75 to the Grange while the women reported and turned in \$42.30. Can't imagine what the difference under the women just naturally served at the biggest sale but one of the good brothers said it might be that the women cut smaller pieces of pie.

One man tried to talk 'em down to two cups of coffee for a nickel but he said they were so silly that he had no luck at all.

Plans were discussed for the card party which is to be held March 12. Each Grange couple is asked to bring another couple. This is to be for the public and a large attendance will be appreciated.

The also program was also discussed and the Grangers who record as neither favoring nor rejecting it at this time. Due to war conditions and the scarcity of butter it was brought out that you could mix one pound of butter with one pound of oil or one can of Seagor for a larger quantity at least.

An afraid that the Grangers will have the same problem to contend with after the war. But then they say to her the problem, anyway.

May 27 will be the Grange's birthday and Fairview will be 20 years old. A committee is to be appointed and at this time the new hall will be dedicated. The hall looks very nice now. Some of the Grangers had a party on Thursday night and finished talking the upstairs hall. Luther Jones was present and explained the point rationing. For a program, Mrs. Harvey, King and her lovely side in attendance contest entertained with a dance after which they served sandwiches, cookies and coffee.

Mrs. Paul Scott Red Cross Leader

HANSEN, Feb. 24.—Mrs. Paul Scott, who has been named chairman of the Red Cross war fund drive in Hansen community, she will plan the drive according to arrangements made at the general meeting at the school house. The (UP) will be carried through March.

Gas on Stomach

When you eat too much, too fast, too soon, you get gas on your stomach. This is a common complaint, but it can be avoided by eating more slowly and in smaller quantities. The following are some suggestions to help you avoid gas on your stomach:

1. Eat slowly and in small quantities.
2. Chew your food thoroughly.
3. Avoid eating too soon after a meal.

HEAVY CUT FOR CAFE RATIONING

By JOSEPH W. GRIGG, Jr.
WASHINGTON, Feb. 23.—(U.P.)—Regulation of rationed foodstuffs for more than 300,000 hotels, restaurants and cafeterias will be slashed between 20 and 30 per cent on March 1, it was learned today.

The cut for the smallest type of eating place, such as roadside and hamburger stands, will be only 20 per cent.

Rationing authorities indicated that the results probably would be sharper meals and smaller portions on restaurants.

The law may come, it was believed, when many of the hotels will have to close down in the spring when their supplies of rationed food are exhausted.

Officials said the cut is being made to ensure that people who eat regularly in restaurants are adequately supplied with rationed food.

Some restaurants, however, are expected to be exempted from the rationing. These include hotels, restaurants, and other establishments where the food is served to a large number of people.

U.S. HOLDS 4 TO 1 EDGE IN PLANES

By RANDOLF S. KELIN
WASHINGTON, Feb. 23.—(U.P.)—American aircraft—although long on training and short on combat experience—described today as being in a "state of readiness" for every type of aerial attack.

The U.S. military has a large number of aircraft in the air, and it is believed that the U.S. has a significant advantage in the number of aircraft it can produce and maintain.

Low 600 Planes
American aircraft in use last year totaled 600. Some were shot down by anti-aircraft fire, others lost to enemy fighters. But most of the 600 planes resulted from actual combat with enemy aircraft.

McCall, in a dispatch written for the United Press, revealed that they were in a state of readiness for every type of aerial attack.

Most of the navy's air victories were scored against Japanese planes. The navy's air force is believed to be in a state of readiness for every type of aerial attack.
