BOTT ASKS FARM SOLDIER LEAVES

BOISE, March 18.—Gov. Bennett has "gratified" the U. S. senate approval of the service requirements for agricultural labor, but he believed, he said today, the government should go a step further and grant furloughs to farm boys in the army camps of the nation to "return home and assist with planting and harvesting."

He said the action "is vital if our nation and our independence are to be maintained during the months to come. I trust the house will treat this legislation favorably and promptly."

"I hope that local draft boards in turn will be extremely careful not to call up any men engaged in agriculture, and that those who are qualified will be given a chance to return to the farm."

"I believe it is only fair that agriculture be granted this consideration in view of the fact it has been the custom for some time to grant deferments to men in other war industries."

"I would, however, like to see the federal government go one step further and grant furloughs to farm boys already in the armed service in the continental United States. In order that they can come home to assist with planting and harvesting."

"I wish this suggestion to be considered by the War Relocation Authority and indicated subsequently that no action would be taken along this line."

GIGANTIC TANK BATTLE FLARES

From Past Post
tion action generally could be characterized now as anti-tank and anti-aircraft. The German army's Blücher tank has inflicted great losses on the German armor. Plane duels were reported from the front, but frequent, however. Both sides apparently had suffered heavily.

The "Donner" value fighting the Russians were specific in the field of the fierce fighting. The Chuguev area, 25 miles southeast of Kharkov, where as many as six waves of German counter-attacks had been reported thrust back.

Chuguev was captured by the red army Feb. 10 in the ensuing drive about Kharkov, which fell six days later but was recaptured by the German army in March.

The Russian troops set up new defense lines east of Kharkov and have been holding them there with no linking of a specific battle line except for the mention now of the Chuguev area and previous references to stiff battles about Izyum, on the bend of the Donets river to the southeast.

AMERICANS TAKE STRATEGIC GAFSA

From Past Post
that leads to the port of Odesa and the March line. Mobile French detachments cooperated.

"Many miles and heavy troops have been laid to hammer our advance," the bulletin said.

The fleeing Germans were bombed and shot up by allied armor. Fighters, in low-level attacks, destroyed a number of trucks and aliened axis gun positions.

Gains Wiped out
In northern Tunisia west of Bedjenne, as a result of heavy attacks the enemy made local gains which were later restored by counter-attacks," the communique said.

"Fighting continues."

Alflichte carried out offensive sweeps in this region during which one axis fighter was destroyed.

The British radio, in a broadcast recorded by CBS, said British troops mounted two counter-attacks against axis forces in the northern sector yesterday.

"Two enemy companies succeeded in making a dash in our line in the Tamara region in a dawn attack yesterday, but our men fought back bravely and had restored the position by nightfall," the broadcast said.

AMERICANS BLAST KISKA SUB BASE

From Page One
made on Monday since the navy in its latest communique did not specifically use the word "submarine" to describe the actions. It was apparent, however, that they were carried out in considerable force.

The Japanese have had a submarine base at Kiska for several months, it was said. The base is located at Dutch Harbor and can operate eastward against American supply ships to such bases as Dutch Harbor and the Andromeda Islands and may even strike at shipping along the Canadian and northwestern American coast.

As far as could be learned here, the enemy force is primarily a center for refueling, supply and light repairs. It apparently does not have heavy combat units. The Germans have been concentrated along the northern European coast to protect their U-boat against allied air attack.

Heavy Damages Indicated
Direct hits on the submarine base at Kiska therefore presumably would result in considerable damage to the enemy's operations.

The latest three raids reported against the Japanese Alaskan base, which were described as "the most successful attacks there this month, whereas only nine bombing raids were made against it in February."

U. S. Inspection Started on Meat

Federal inspection of meat has been started at the Independent Packing Company plant, according to an announcement by Carl Jung, proprietor, with J. D. Nason serving as the inspector.

This is the first time in Twin Falls history that a federal meat inspection has been stationed at Twin Falls. Jung was the proprietor of the plant for many years.

The inspection was started here after a long fight to get the federal government to inspect meat in this area.

Club Donates 75 Servicemen Books

Lions club members started off their book-for-servicemen drive with a bang Wednesday by bringing 75 volumes to their noon meeting at the Rogers hotel.

It was announced at the meeting that the board of directors had decided all club items awarded against Lions from March 1 to Aug. 31 shall be for the Red Cross.

A letter from Gov. C. A. Bottisen, expressing his appreciation of the Lions club campaign to collect books for the Red Cross, was read at the club.

J. J. Bohn, president of the club, said the club was proud to have a letter from the governor.

A guest of the club was Earl Hayes, son of H. G. Hayes, a member.

British Bombers Torpedo Tanker

CALICO, March 18 (AP)—Malaya-based British planes attacked an axis convoy in the Indian sea off the coast of the Italian port yesterday, torpedoing a large tanker which was on fire and believed to have been sunk. It was announced today.

Reported sunk off Cape Suez, the enemy convoy consisted of a medium-sized vessel, the tanker, destroyer and an auxiliary of Messerschmitt and Junkers planes.

Pilots accompanying the royal air force torpedo bombers were the German planes, shooting down one Messerschmitt and damaging at least six others.

Solemn Services Set for Cardinal

LONDON, March 18—An solemn requiem mass will be held Tuesday for Arthur Cardinal Hinsley, who died yesterday after a two weeks' illness. It was announced today.

Canon of his Westminster archdiocese were expected to meet after the funeral to elect a vicar capitular pending the Vatican's designation of a successor.

Many Catholics believed 41-year-old David Mathew, bishop auxiliary since 1938 and widely-known intellectual, will be named Cardinal Hinsley's successor as archbishop of Westminster. Others suggest the Most Rev. Magr. William Godfrey, apostolic delegate to Britain.

Treasury Backs 20 Per Cent Tax

WASHINGTON, March 18—Secretary of Treasury Henry Morgenthau, Jr. today said the administration is 100 per cent behind the 20 per cent withholding income tax plan approved by the house ways and means committee.

Asked at a press conference if the committee bill was satisfactory to him, Morgenthau replied: "The answer is yes." The administration is behind the committee bill 100 per cent.

The ways and means committee's plan calls for a 20 per cent withholding tax on salaries and wages beginning July 1. The withholding tax would include both the victory tax and the income tax.

BUREAUCRACY HIT IN COURT ACTION

BOISE, March 18 (AP)—The Idaho supreme court has today, in a petition which attacked "bureaucratic powers in Washington," for a rehearing in a case involving a federal contract for water from the Anderson ranch dam.

The petition was filed yesterday by J. M. Jorgensen, Leola E. Grifflin and Charles P. Kaufman, who previously appealed a review of the contract from the seventh district (Canyon county) court.

The supreme court has upheld the right of the Wilder irrigation district to sign a contract with the federal government for water from the dam.

The decision, the petitioners charged, gives "bureaucratic powers" every irrigation district, not only in Idaho but throughout the western land.

They asserted that the contract violates state constitutional and statutory provisions of water rights. In stating that they term three assignments of error, the petitioners added "the result is the violation of the admission act, that admitted Idaho into the union and vested to it control of all waters in the state."

Petrillo Refuses To Lift Radio Ban

CHICAGO, March 18 (AP)—John C. Petrillo, American Federation of Musicians (AFM), rejecting the request of congressional recording manufacturers, refused today to lift its ban on radio transmissions for "moral" purposes.

The union's executive board upheld a proposal by Petrillo that he himself, Yuma, part of the profits from such recordings into the union treasury. Petrillo had suggested that the money be used as unemployment benefits for musicians, in return for permitting them to play for the recordings.

Australia's Premier Praises MacArthur

CANBERRA, March 18 (AP)—Amid loud applause, Premier John Curtin told the house of representatives today: "Had Gen. Douglas MacArthur been Australian born and served in the Australian army, he could have done no more for the defense of Australia than he has."

Referring to the anniversary of MacArthur's arrival, Curtin added: "MacArthur has not only been a great organizer but his presence here has been an inspiring force to this nation."

MAN, 27, QUITS IN RACE WITH HORSE

BLANDINO, Utah, March 18 (AP)—Shumway, 27-year-old Blanding miner, foot-weary from a 19-hour race has conceded defeat to his opponent—a horse.

To settle an argument of long standing, Shumway agreed to match paces with a prize-winning horse to determine if a man could cover half the distance the animal could in a 24-hour period, both without rest.

At the end of 19 hours the miner had covered 65 miles but admitted defeat when he learned the horse had traveled 135 miles.

Shumway was trailed by friends in an automobile who provided him with food and at the end of the first 10 hours he had traveled 38 miles as compared with the 78 for the horse. He tired rapidly, however, during the night.

Horsemen, who led the racer in shorts, admitted the animal was limping when the contest ended. In the last of the 24-hour grind Shumway quit.

Retrial Ordered In Burglar Case
BOISE, March 18 (AP)—Edward Hayes, convicted in Canyon county district court on second degree burglary charges, will be retried on order of the Idaho supreme court.

The tribunal yesterday reversed the decision of the district court after an appeal was brought on the basis of allegedly contradictory evidence submitted by the state.

The supreme court's opinion listed discrepancies in dates appearing in evidence by the state and added that "the conviction of a defendant may not rest on such inferences and conjectures, directly contradicting the record."

'KNOW HOW' KEPT SMALL FIRMS OUT

WASHINGTON, March 18 (AP)—A war department spokesman said today it was the lack of "know how" which has kept many small plants from getting more war contracts.

Maj. Alvin E. Hewitt, new chief of the small war plants branch of the army service of supply, said the situation was improving. "The small plants are receiving suggestions about getting contracts from army procurement officers and the smaller war plants corporate of the war production board."

Hewitt cited the case of a certain small company which formerly manufactured refrigeration equipment. The company bid several times unsuccessfully on various war orders before it proved that it was getting no contracts.

The company bid \$107 to make a t-shaped rod for busstop bar which the army obtained for 10 cents. An investigation was made at the plant. The company had planned to spray on paint. The army suggested dipping, which would save seven cents. By the time experts analyzed processes and costs the company was ready to do the job for 26 cents. It got no contracts for rods but did get some for large refrigerators.

Hospital Is Not Farm, Says Wade

BOISE, March 18 (AP)—Dr. Ralph M. Wade, superintendent of the Idaho state hospital north at Orofino, has taken pot shots at a very widespread misconception among the people of the state that the hospitals are primarily food producing organizations.

"I feel it would be worthwhile to bring to the public's attention that the state hospitals are engaged in the hospital business and not the farming business," the gardening business or the dairy business," he said in a letter to Governor Bottolfsen and H. C. Baldridge, acting director of charitable institutions. He added "our primary function is to cure as many nervous and mental cases as we possibly can."

STORES WILL AID LION BOOK DRIVE

The Lions club drive for books for service men is now getting underway, according to announcement by Jay E. Hill, chairman of the committee in charge of the campaign.

Hill said that posters will be distributed soon in stores all over the county, asking citizens to leave books there to be sent to service men.

"Send the service men your good books after you've read them," urged Hill. They can put them to much better use than they will be in just lying around the house. And send the books you like to read yourself. You can't expect a bookless islander to get excited over the adventures of Hercules at Sunningbrook Farm."

Hill urged those living outside Twin Falls to bring in their books Saturday and just leave them at any store, where they will be picked up.

Other members of the committee are Dr. G. R. Tobin, Earl E. Walker and Brock Fagin.

BILL IRON WINS LEGION ORATORY

FILED, March 18—Bill Iron, Twin Falls, won first honors in the district oratorical contest, here last night, sponsored by the American Legion.

The competition was held at Filer high school auditorium. Iron took for his topic "America Is Now at War."

Second honors went to Miss Lois McKean, Burley, for "What Are We Fighting for?" Miss Hazel Ruth Neill, Filer, received third place on the same topic.

The group then gave extemporaneous speeches on questions bearing on the constitution, subjects chosen by the Legion. Bill Iron spoke on "The English Bill of Rights in Relation to Our Constitution." Miss McKean chose "The Importance of the Three Branches of Government," and Miss Neill "The Constitution Meets the Needs of the Nation in the Global War."

The winner in this district contest will be sent with all expenses paid to the state contest at Boise April 2-3. A regional contest and national contest will follow. Prize at the national contest include scholarships of \$4,000 for first prize, \$200 second prize, \$500 third prize and \$250 fourth.

Judges were Miss Winifred Fryer and Mrs. Charles Reid, Twin Falls, and Mrs. H. E. Hammerquist, Filer.

NAZI AIR FORCE AFRICAN PUZZLE

By EDWARD W. BEATTIE
FROM THE NORTHERN TUNISIAN FRONT, March 18 (AP)—Delayed Luftwaffe fighters are challenging the growing British-American airpower in this approach, but an equal battle is one of the great puzzles as the Tunisian campaign nears a final showdown.

With several hundred fighters and bombers available for fighting the battle of Tunisia, the German air force seems to be permitted to command the air to pass to the ally without a fight.

These facts explain: Whatever the reason may be, the Luftwaffe has used air power for speciality—close army support—only about five times since the end of January and their raids against the front and rear bases are just shadows compared with the way the Wehrmacht's planes and fighters are assaulting Axis ports.

No Withdrawals
An explanation of the Luftwaffe's reluctance would be simple if the planes were not there to do the job. But as far as it can be determined, there have been no withdrawals and the Luftwaffe still possesses strong fighter forces and several hundred bombers and fighters.

The most reasonable explanation among all men who are directing the battle for the Axis is that the German campaign is well on its way to a final showdown. The Luftwaffe is saving its strength for the decisive phase of the battle, thinking he may find it difficult to get reinforcements or even replacements.

CROP REPORT TO TELL FOOD HOPE

WASHINGTON, March 18 (AP)—The federal crop reporting board will estimate prospective 1943 acreages in a report tomorrow which should give the country an idea of just how serious the food production problem is and how much more civilians may have to reduce their consumption.

The estimate will be based on reports from approximately 80,000 farmers in the country who have had years of experience acting as crop reporters.

The report will be released at a time when many farm leaders in and out of the government are protesting a serious slump in food production due to labor and machinery shortages and reported farmer dissatisfaction with government agricultural price policies.

Food production goals for 1943 set by Secretary of Agriculture Wickard call for a 12 per cent increase in the production of wheat, corn, cotton and poultry products and the same total crop acreage as in 1942.

The 1942 crop acreage reaches a record level, Mr. Wickard did not ask for a further increase in total acreage, he said, the 1942 acreage reached the limit that is practical with the labor, machinery, fertilizers and other productive resources available.

A limited survey made by agricultural agents several weeks ago indicated this year's crop acreages might drop from 10 to 30 per cent below last year's.

Sources close to Secretary Wickard who requested that they not be named said they expected country's report to have considerable bearing on the future status of the governmental food program as well as manpower, farm machinery and price policies.

Attack Time in Tunisia

As the weather clears in Tunisia, allied forces are springing to action all along the 300-mile front from Mateur in the March 18. Map shows current advances and probable hours of attack. British, French and American troops will take to push the Axis out of Africa.

Chorus Girls Going out to Cheer Troops

CHICAGO, March 18 (AP)—Six Chicago chorus girls prepared to tour to leave for an extended tour of United States military bases—the first line of choruses scheduled to be sent to the front lines.

The dancers, four brunettes and two blonds and ranging in age from 19 to 25, will leave for Seattle, Wash., to join a United Service Organizations' camp show. They were selected as a first line in competition with scores of other chorus girls in all sections of the country, said Madelyn Wallace, one of the dancers.

She said their instructions didn't disclose their itinerary, but they were asked to limit their luggage to 40 pounds each; be prepared for both hot and cold climates; and make no personal plans for six or eight months.

PLANNING BOARD GATHERS FRIDAY

BOISE, March 18 (AP)—A new Idaho state planning board, named 10 days ago by Gov. C. A. Holt, will hold its first and organizational meeting tomorrow.

The governor is expected to outline for the legislature several major points for planning the state's post-war economy, including assistance to private enterprise and agriculture.

The seven-man committee, created by the legislature to study public assistance plans for Idaho, will also hold its first meeting.

PATTERSON ASKS DRAFT OF LABOR

WASHINGTON, March 18 (AP)—Undersecretary of War Robert P. Patterson, urging adoption of a civilian draft law, said today that despite the need for workers in war industries, thousands still are loafing on the streets.

He said that the nation actually already has several to compulsory by attempting to "force" men in their jobs by black-bullying them or by depriving them of "control" of their own lives.

For that reason, he added, "it is not realistic to say the alternative is between voluntary action and national selective service."

Describing the war as "a fight for existence which is far from over," Patterson said that the United States is the only one of the principal belligerents without a system of universal war service.

"If it is democratic to tap a man on the shoulder and send him to fight the war in a New Guinea jungle," he asked, "can it be undemocratic to select a man or a woman to do the same work on an airplane or stay on a farm?"

Revision Series
Broad revision of legislation to draft civilians for war industry appeared imminent to assure more workers in the older war group and also to soothe opposition of organized labor.

As congressional efforts to deal with growing manpower problems sent to the house a senate-approved bill offering voluntary farm workers from bearing arms, talk of limiting the size of the armed forces was renewed by Senator Wm. R. Dink.

"The war department is attempting to raise an army of more than 8,000,000 including the army air force, but I personally believe a force of around 5,000,000 men would be ample to do the job," Wm. said.

WHEAT BILL MAY GET QUICK OKAY

WASHINGTON, March 18 (AP)—Quick senate passage was forecast today for a house-approved bill to permit the sale of an additional 100,000,000 bushels of government-held wheat to meet a critical shortage of feed for livestock, poultry and dairy producers in deficit-feed areas.

Joining the demand for speedy action, Senator Oliver D. Lee, asserted sale of the feed wheat would make corn now used for feeding purposes available for alcohol production and avert a threatened shutdown of 100 distilleries producing alcohol for synthetic rubber and munitions.

Senator Allen, R. Va., predicted agriculture committee approval today and floor action on it no later than next week even as he and other farm state senators sought means of raising corn prices to ease release by farmers of millions of stored bushels.

"We are in the tightest, most critical agricultural period since ever had," Allen told reporters. "Administrative agencies have muffed their job and congressional action may be necessary."

"Farmers are holding their corn to feed their own stock next year because they are uncertain about production costs and rising prices in some cases and in the hope of higher prices in others."

Senator Bushfield, R. S. Dak., voiced a dissent against the sale of government wheat, although he conceded he was in the minority.

The house-approved measure would allow the disposition of the 100,000,000 bushels at corn parity rather than at 85 per cent of the parity price—the figure at which 125,000,000 bushels were sold under previous authority.

KAISER BLAMES FAULT IN STEEL

WASHINGTON, March 18 (AP)—Henry J. Kaiser, west coast shipbuilder, today attributed to faulty steel plates the break-up of the Kaiser-built tanker Schoenbrunn on Jan. 16 at a Portland, Ore., dock.

Replying to a committee of the American bureau of shipping, which reported that the ship split in two because Kaiser's workers departed from recognized fundamentals of good welded construction for the laudable purpose of speeding up production," Kaiser said.

"We do not know of any defective weld that was a contributory cause to the breaking of the Schoenbrunn," he said, "and the committee being to our attention any such defective weld nor did the break occur in any weld."

"Whatever constructive suggestions that were brought out in the report will be used to correct and improve shipbuilding construction."

Salinity dispute
BOISE, March 18 (AP)—Work was halted today on construction of the strategic Franklin Lane highway immediately west of Boise with the contractor and two Boise labor unions in a dispute over wages and hours.

Striking members of the teamsters' local and the operating engineers' local both AFL, the contractor is Quinn-Robbins company, Inc., Boise.

Shoe Ration Rule Removed For Three Specified Types

WASHINGTON, March 18 (AP)—Shoe rationing restrictions were relaxed today to permit the purchase of certain additional types of shoes without stamp 12.

Shoes not now requiring stamps are: "Safety" shoes (those used for health protection in special work) may be acquired through local ration boards by any person who has spent his stamp.

2. All sandals with open back and heels of less than 1½ inches may be sold ration-free. (Previously only sandals with uppers made of fabric, imitation leather, etc. were ration-free).

3. Certain shoes with soles made principally of rope, wood, or other non-strategic materials.

Wendell, Dietrich Ring Teams Meet

WENDELL, March 18 (AP)—Wendell and Dietrich high school boxing teams will meet in the Wendell high school gymnasium at 8 p. m. Friday.

The pairing, with the Dietrich boxer listed first in each case, are: Glegg, 97, vs. Jack Chapman, 97; Hollister, 97, vs. Jack Nelson, 97; Dale Hollabaugh, 103, vs. John Obatake, 102; Glegg, 109, vs. Don Huffaker, 111; MacArthur, 123, vs. Cliff Jacobson, 122; Hallard, 130, vs. Bob Ames, 129; Nelson, 130, vs. Dale Peterson, 130; Larson, 134, vs. Wayne Crow, 136; Wesel, 134, vs. John Stock, 138; Gamblin, 145, vs. Lee Jacobson, 147; Palmer, 148, vs. Ole Silcock, 151.

Coach Bob Gilds was hopeful today over Wendell's Friday night prospects, in spite of the fact that the Trojans have won the decision in only one of their six boxing programs this season. They defeated Shoshone and have lost twice to the Jerome team which recently dived the Dietrich crew with a count of 8 to 4, with one draw.

VILLAGERS HELD FOR REBEL HELP

AT THE FRENCH FRONTIER, March 18 (AP)—Striking at a supply source of fugitive Frenchmen holding out in the French Alps against a German labor draft, French police and German elite guards have arrested numbers of French villagers who furnished food to the fugitives.

The Vichy regime has appealed for every precaution to avoid bloodshed and the arrest of the villagers indicated that a direct attack on the insurgents, many of whom have guns and ammunition, was being delayed.

The great majority of more than 5,000 fugitives were said to be holding out despite the capture of small bands forced out of their fastness by hunger.

Planes over the Savoie regions during the last two nights were believed to be allied craft attempting to drop provisions and weapons.

Planes Crash in Air; One Lands

HAMILTON FIELD, Calif., March 18 (AP)—Flight Officer Robert H. Smith, 21, son of Mrs. Ida P. Smith, Joliet, Ill., brought his plane down safely last night following a collision over Oakland in which another plane was killed, the Hamilton field public relations office announced today.

Second Lt. Jack S. Scriven, 24, Spokane, Wash., pilot of the other plane, was killed in the collision.

Women's Hostel Bombed by Nazis

LONDON, March 18 (AP)—A low-flying German raider bombed a women's hostel, killing five persons and injuring 12 in an attack before dawn today, on an East Anglian coast town.

The hostel was virtually destroyed by a direct hit. Workers hurried through the ruins to rescue the injured.

Two churches were damaged by another blast and a bomb exploded on a hospital grounds, but the building was not damaged, it was said.

A part of London had a brief alert early today. Although raiders were reported over other towns in eastern and southeastern England, enemy air activity was light.

Ellis Okayed for Liquor Shop Head

LEONARD BLISS, Twin Falls tourist camp proprietor, was endorsed for the position of manager of the liquor store here by the Twin Falls county Republican central committee at a meeting held Monday night in the tourist center room.

Jess Eastman, Bluff, county chairman, presided at the meeting, which was attended by 25 persons.

LABOR TO OFFER WAGE PROPOSALS

WASHINGTON, March 18.—Labor leaders demanding a relaxation of the government's war controls will lay their case before President Roosevelt Saturday at a meeting which conceivably may determine the war labor board's future policies.

The occasion is a periodic gathering of labor's victory committee, composed of AFL, CIO and railroad brotherhood officials who are critical of the policies which the board is administering.

New onslaughts by internal dissension, the WLB faces an onslaught from still other quarters—John L. Lewis of the United Mine Workers.

Experienced government observers believe the real crisis in the soft coal wage case will be postponed considerably beyond April 1, when the present agreement expires, but these and other informed sources believe the WLB pressing and give it a harmonious front can be as long delayed.

Postponement of the coal crisis, in the opinion of government officials who cannot be quoted, will take the form of an offer by Lewis to make any future agreement retroactive to April 1, or an order by the WLB, or the president, to that effect.

Dissension on Board. Grave dissension among WLB members over interpreting basic policy became evident in the west coast aircraft case two weeks ago. When the board met last week, the labor members declared that "dictation" by stabilization director James H. Byrnes had destroyed the board's democratic processes.

At one point in the aircraft case, Byrnes had destroyed the board's democratic processes. He had demanded that the board consider a "dictation" by the War Relocation Authority, which had demanded that the board consider a "dictation" by the War Relocation Authority, which had demanded that the board consider a "dictation" by the War Relocation Authority.

Meanwhile, the AFL has formally proposed a program to revamp the board's wage policy, including a new ceiling on cost-of-living adjustments. The board will take it up Monday and its rejection, the board votes at all generally expected.

Lewis has denounced the labor board and its formula several times, and implied he would not agree to it, but lately any observer in Washington doubted that the decision would be made here.

Price Boost for Beans Gets Okay

WASHINGTON, March 18.—The cost of dry beans is going up. The office of price administration today authorized increases of 60 cents a hundredweight for various grades of red kidney beans and five to 40 cents a hundredweight for all other dry beans.

The increases apply to price paid producers, but will be reflected in wholesale and retail prices since these are based on mark-ups. The OPA estimated the retail price on most varieties would be increased considerably less than one cent a pound and about 1 cent a pound on red kidney beans.

Producers prices were increased, the agency said, to allow for increases in the parity price for dry beans. Since the establishment of permanent ceilings.

Mayonnaise is sold in tubes, like toothpaste, in Sweden.

Movie Star Gets G-I Once-Over in Alaska

The presence of a woman on this far north army post is curiously enough, but when she is a beautiful movie star, the line forms on the right. Repose with snow country top, Marjorie Reynolds, Hollywood star, is the attraction on a visit to this post "somewhere in Alaska."

FARM LABORERS COMING IN WEEK

The 40 farm workers scheduled to arrive here this week will come about the middle of next week, it was said by Roy C. Lane, manager of the farm security administration labor camp south of town.

Another change, said Lane, is that the workers will come here from Mexico and not from Louisiana, as first announced. The workers, some of whom will be single and others with families, are being transported to the Snake Valley by the FSA. They are coming with the idea of working the year around for southern Idaho farmers, rather than as seasonal laborers.

Reported to be experienced in their home locality type of agriculture, the southerners will be taken on a tour of farms in south-central Idaho to become acquainted with farming in this territory.

Capt. Cecil Smith Won't Wear "Mae West" in Flight

WITH THE ARMY AIR FORCE IN THE SOUTH PACIFIC, March 18.—Habit for and fastidiousness are scarce among the men who fly American planes in the south Pacific but there are plenty of luck charms to take their place.

One of the most unusual is that carried by Capt. Albert Klinger, of San Antonio, Tex.—a pair of red socks in his hip pocket. "They brought me good luck when I applied for a job teaching school five years ago," said Klinger, "and I have had them on me since."

Capt. Cecil H. Smith, of Twin Falls, Idaho, refuses to wear a "Mae West" or parachute when he is flying. He said he didn't do it because the war and now that he is in command, he is afraid to start.

Reported to be experienced in their home locality type of agriculture, the southerners will be taken on a tour of farms in south-central Idaho to become acquainted with farming in this territory.

SENATOR AND AFL LEADER IN FEUD

WASHINGTON, March 18.—The seeds of a real, honest-to-gosh, smothered feud were sown at a hearing of a disaffected Senate committee yesterday.

It was a case of "hate at first sight" with President William Green of the American Federation of Labor and Roy C. Lane, manager of the farm security administration labor camp south of town.

Green and Lane met for the first time at the military affairs committee's hearing on national service legislation. It didn't take them long to discover that they had virtually nothing in common.

After the meeting, Green said, "I wouldn't care to put my case in his hands."

"Mr. Green believes in force," Lane said. "He even threatened me with force. He threatened me with political defeat in the next election—because of my attitude toward organized labor."

Green appeared before the military affairs committee in opposition to the Austin-Wadsworth bill, a bill that would authorize the government to order workers to take jobs where they could do the usual in the war effort. The direct cause of the Green-Lane dispute was Lane's charge that labor had not

Consult Soldiers, Senator Advises

WASHINGTON, March 18.—Sen. George D. Allen, R., Va., proposed today that the men now serving in the armed services be consulted before the Senate considers a proposal to establish an international military force at the end of the war.

Allen counseled against action on the resolution offered Monday by four senators until we find out what the boys who are fighting for us think about this.

"If we would just like to fight for our country, and then be told, while you are on foreign soil, that you have to stay as a soldier," Allen asked, "I believe they would think themselves the victims of a double cross."

"If we must occupy ourselves, why not clean up the Puerto Rican mess or the black allies in Washington or the black allies in the capital?"

INTENSE ASSAULT AUGURS BIG PUSH

By LOUIS F. KEMLE
United Press War Analyst

The main effort after the assault on the axis in Africa apparently is at hand. It has not already started.

Allied headquarters has not confirmed reports that the main effort will be the intensity of the artillery and aerial assault on the German position about the Matruh line. It is an indication that something is in the air, after days of constant and patchy activity. It was a similar bombardment that preceded the crossing of the Nile at El Alamein.

This offensive was planned to be an integral part of the Allied attack on the Axis. The British command, Gen. D. L. St. John, announced the British attack on the Axis. It was a similar bombardment that preceded the crossing of the Nile at El Alamein.

Home strategists are also confident that the main effort will be the intensity of the artillery and aerial assault on the German position about the Matruh line. It is an indication that something is in the air, after days of constant and patchy activity. It was a similar bombardment that preceded the crossing of the Nile at El Alamein.

What's Wrong With This Picture?

Nothing, only a lot of army and navy fliers at first glance would ask: "What does here?" For it shows army P-40 fighters flying low over the water to take off from a naval rail carrier. But that is the way things are done now in the Pacific. It was a joint army-navy assault.

WRECKER MOVES GUNS LIKE TOYS

CAMP BUTLER, N. C. (AP)—Several hundred soldiers, standing knee-deep in mud, heard an order: "Back there, men." The M-1 mount gun chimed in muck, once, twice, three times, and it appeared as though it would be out of action until dry weather came again.

The big death-dealer was useless, maybe. Suddenly, from over the knoll a powerful wrecker, came into sight, made an about face some feet from the mount and the business of "refuse at war" ran true. The M-1 gun, a half-ton German arm soldier's piled off the wrecker and started attaching chains and cables to the disabled soldier of destruction.

"Ready go," the commanding officer shouted, and gears started to grind. "There was traction, another shout, 'Start your motor,' and the gun mount was guided from its muddy bed, destructive as ever, ready for action.

In April? "Wherever" is Asia? Or the jungles of New Guinea?

Also "Keep 'em Moving"

Neither. It was a demonstration at Camp Butler, where the 78th "Lighting" Division, under command of Maj. Gen. Edwin P. Parker, Jr., underwent intensive training—as new actual battle conditions as possible.

The big M-1 wrecker pulled on the "Keep 'em moving" policy of the United Ordnance company, commanded by Capt. Fred V. Noel. It was dependable, powerful and exact.

At M. P. P. stood on the bank of a deep, directing and explaining tactics. The recovery was made in three minutes, and gears started to grind. "There was traction, another shout, 'Start your motor,' and the gun mount was guided from its muddy bed, destructive as ever, ready for action.

15,000,000?

Sen. Sheridan Downey (above), California Democrat, tells the senate military affairs committee in Washington that the army will have received 15,000,000 more in it by next January than 11,000,000 now mentioned. He said he was authorized to make the statement, but did not tell by whom.

ILLINOIS ASKS THIRD TERM BAN

SPRINGFIELD, Ill., March 16 (AP)—The Illinois legislature today asked completed approval of a resolution urging congress to call a constitutional amendment prohibiting any president from serving more than two consecutive terms.

Similar measures have been adopted by the Michigan, Indiana and Iowa legislatures and have been introduced in the Missouri, Colorado, and Nebraska legislative bodies.

The Illinois house favored the resolution today, 82 to 56, in a vote which generally followed party lines, although one Democrat cast his ballot with the majority. The senate accepted the proposition earlier.

Republican Controlled
Both houses in this state-like those in other states which adopted the resolution within the past 10 days—were controlled by Republicans.

The Illinois resolution provided that congress be petitioned to call a convention to consider amending the constitution to limit presidential tenure to two terms, and that other states be invited to take similar action. It points out that congress must call a convention if asked to do so by the legislature in two thirds of the states.

Democrats' Statement
The Illinois resolution did not mention President Roosevelt or a fourth term, but Rep. William V. Miller, Democratic leader in the house, said congress of the 1944 election when he stated:

"If the people of America were to vote tomorrow on the question of electing a president, he (Roosevelt) would be re-elected overwhelmingly."

SENATE PASSES MEMORIAL
DENVER, March 16 (AP)—The Colorado senate approved yesterday, 19 to 10, a memorial petitioning congress to work for a constitutional amendment that would limit any United States president's tenure to two four-year terms.

C. E. Convention Plans Completed

BURLEY, March 16.—Mrs. Lollin May, president of southern district Christian Endeavor union, has announced plans for the district convention to be held April 10 and 11 at Rupert Christian church.

"Faith is the Victory" will be the convention theme, and pre-registration is under direction of Lollin May, Burley. There will be two conference periods for the convention, one under the heading, "Let's Meet" and the other, "Let's Officers." Marvin Linchfield, Aberdeen, state president, will attend.

Plans are being made to have some of the young people from the Hunt church assist with the program. Tom Fulkerson, Burley, will speak on Saturday afternoon. Other features will include Bible study, devotionals, and a banquet.

First recorded production of nickel alloy steel in the United States was in Pittsburgh, Penn., in 1933.

Navy's New Life Raft

Designed to assure survival of seamen cast adrift after ship sinkings, this new life raft carrying complete equipment, including radio, smoke signals, food, sails and waterproof suits, is being tested to replace old-type rafts which gave only support and water. Demonstration is being conducted in the Potomac river at Washington.

ARMLESS GIRL TO GET D.D.S. DEGREE

HOUSTON, Tex., March 16 (AP)—Miss Monday night armless Margaret Ethel Jones will receive her degree as doctor of dental surgery from the Texas Dental college.

Two years ago the 26-year-old Geocelia, Ark., girl was swimming by the side of a boat when the metal mast on the vessel struck a power line. Miss Jones was clinging to a chain that was connected with the mast and which was hanging in the water.

School authorities said she worked her way through school despite her handicap.

Miss Jones said she would go to New Orleans next month to enter Tulane University. She intends to complete her work for a bachelor of arts degree, and then enter the field of public health.

"The importance of dentistry, especially preventive dentistry, for children is becoming more widely recognized each year," Miss Jones said. "My idea is that in public health work I could best use my training."

Allies to Hunt U-Boats Both With New Method and Devices

By ERNEST AGNEW

LONDON, March 16 (AP)—The allies probably will attempt to attack the U-boat menace—while First Lord of the Admiralty A. V. Alexander has warned that they will use this spring—with both new hunting methods and devices, British naval operations operated today.

The Washington conference at which the United States, Britain and Canada completed steps to counteract attacks on allied shipping was reported by these observers to be the climax to many months of coordinated planning among the allied navies.

Britain alone has more than 500 warships—mining destroyers and escorts—in her anti-submarine forces, with others constantly leaving the ways. And the RAF has concentrated its efforts for work on German submarine yards.

Statement Discouraged
While informed sources, it counted the statement by Vice-Admiral Arthur Lionel Smeaton that "the purpose of the U-boat is on the point of being solved, if it has not actually been solved already," the Admiralty has declined advances in radio location as being materially in that task.

Some of the best scientists in the United States, Britain, and Canada have been mobilized in attacking the U-boat menace.

KAISER EXPECTS NEW NAVY AWARD

JOHNSVILLE, Penn., March 16 (AP)—Henry J. Kaiser, west coast shipbuilder who has just acquired control of the Brewster Aeronautical Corporation, said after inspecting the firm's Johnsville plant that he expects to win the navy "E" award for aircraft production "in the least possible time."

"There is no magic in my formula for efficient and increased production," he told reporters. "It all boils down to personnel relationship, enthusiasm and cooperation. We will take what we have at our disposal."

Heavy losses were suffered last year in May and June when merchantman sinkings averaged three a day. Since then officials have been planning a coordinated effort to bring about a reduction in the number of sinkings.

Final Honors Held
For Mrs. A. Reinke

BURLEY, March 16.—Funeral services were held at 11 a.m. Tuesday at the Albertson funeral chapel for Mrs. Anna Dorothea Reinke, 64, who died at her home in Burley, Idaho, March 14, 1943, after a long illness.

Rev. W. F. Damschler officiated at the service. The body was sent to Byron, Neb., for services and interment.

Brewster and turn out the planes." Kaiser said he found the workers enthusiastic and predicted "there will be no controversy with the labor union because I am satisfied we can get along in harmony."

Bruce Earl, vice president of the local CIO United Aircraft Workers, promised "100 per cent cooperation."

Kaiser became chairman of the Brewster board in a reshuffling of the management at the annual directors' meeting in New York.

YOUR PIONEER DEPARTMENT STORE LOOKS AT

Spring in 1943 ought to be a season for Thanksgiving... because the grass will once more be green and our own fertile Magic Valley soil will again begin to nurture precious crops of food. We should be thankful that another season is passing... that still another is almost at hand... because it marks a step, nearer to the time of Victory in which each one of us will rejoice. And so though this spring finds many of us engaged in grim tasks of individual responsibility, many of our loved ones engaged in even grimmer tasks upholding the freedom of our nation... spring is still a time to be joyous. Let us make the most of it... rededicating ourselves to our various war-time tasks. This pioneer department store realizes the great responsibility it has to every citizen of Magic Valley and to that end, you'll find us working. You'll find employees, and department managers alike serving you to the best of their ability in a spring far different than we have ever known.

ZEROS

SEALY, Tex., March 17 (AP)—A south Texas father has called congratulations to his backward son.

Through school, the young man made consistently low grades.

Recently, the father received a cable from Gen. Douglas MacArthur in the south Pacific, where his son is now a flier.

Said the cable: "Your son got zeros today."

The father cabled the son: "Happy to note you are still getting zeros."

REVIEW ASKED IN WATER DECISION

DOISE, March 18 (AP)—A recent decision of the Idaho supreme court gives "bureaucratic powers at Washington" the right to control every irrigation district, not only in Idaho but throughout the western land, it was charged here.

The charges were made in the court of a rehearing by a petition of a case in which a review was sought of the Wilder irrigation district's right to sign a contract with the federal government for water from the Anderson ranch dam.

The petition, filed by J. M. Jorgensen, Lewis E. Griffith, and Charles P. Kaufman, who originally appealed the review of the contract from the seventh district (Canyon county) court, lists three assignments of error, and claims the contract upheld violates state constitutional and statutory protections of water rights.

One alleged error was that the court wrongly approved the clause in which the district authorized the secretary of the interior "to substitute for the old established water rights appurtenant to lands within the district water rights to be brought from the Salmon and Payette rivers."

Other alleged errors were: "Holding that the legislature had authorized the making of a contract whereby 'constitutional' rights to the use of water could be taken from the citizens; one right to land compensation and due process of law;" and in holding that the district had power to make a contract whereby all powers could be delegated by the district to persons residing in other irrigation districts with the right in the case of a tie vote vested in the secretary of the interior."

Admission Act Admitted
The petition said "the result is the abdication of the decision act and the admission of Idaho into the union and subordinated to it control of all waters in the state," and charged "it is the entering wedge under which authority shall be claimed to name managing officers, by bureaucratic powers, at Washington to control every irrigation district, not only in Idaho but throughout the western land."

ALBION
Mrs. C. E. Simonson has reported that the ladies of Albion working in the Red Cross room No. 2 folded 10,000 surgical bandages last week.

Miss Junonia Wymen, who graduates from the Albion normal this term, has received a contract to teach in the Delco high school. Edward Doleman has left the Albion normal to be inducted into the navy soon.

"Hobo and Company, Magicians" appeared as a lyric number in the Hooch auditorium at the Albion normal.

Mrs. Purita Nelson and daughter Meredith returned to their home after visiting in Salt Lake City. Orville Blackett, U. S. N., came from Oklahoma to visit his parents, Mr. and Mrs. Irvin Blackett.

Nellie Hephworth, U. S. N., came from Camp Patrick, to visit his father, Charlie Hephworth, and family.

J. H. Mahoney and J. P. Mahoney left for Rochester, Minn., where J. H. Mahoney will go to May's clinic.

Mrs. Myra Auten and son left for their home in Clinton, Kan. after a three weeks visit at the home of her parents, Mr. and Mrs. Curtis Alberson.

Oscar Field, Bligh, came to visit at the home of Mr. and Mrs. J. D. Chabrun.

A farewell surprise party was held for John Allen, the home of his parents, Mr. and Mrs. Wallace Averill. John expects to leave around March 22 to be inducted into the army.

Writer Tells of Exchange of Air Raids on Tunisian Front

By DANIEL DE LUCE

WITH ALLIED AIR FORCES IN MEDIANE BATTLE AREA, TUNISIA, March 7 (delayed AP)—A misperceived swarm of allied fighters and bombers and Nazi hit-and-run raiders traded dynamic punches over the battle of Mediane today.

I should have brought along my tin hat, good luck charm and medallion to watch this show. It was rough.

We were watching the air battle from the most advanced allied air base in this area—a base hidden in brown hills.

It really is a thrill to see "squads" of south African Mustangs roar off, each plane carrying a 250 or 500 pound bomb tucked for the German tanks at their retreating points, or for German infantry, which was mowing west of Mediane for another assault.

At other fields, warmed up and ready for the signal to take off, were squadrons of American Warhawks and numerous formations of RAF Kitty's.

I smile at a joke cracked by a friend standing nearby. Turn the smile frowner. Flares drove out of the wavy clouds overhead. They arrived abruptly.

The first whistle of falling bombs is smothered by the thunderous belch of anti-aircraft fire just a few feet away.

There's time for a quick look at the towers spouting from a diving Messerschmitt. Fifty yards away is a yellow mound of earth. It marks a foxhole. I run.

Bomb blasts and fire from the ground batteries combine in an inferno of noise which seems to split the eardrums.

I clasp my head to the dirt, and try to do the deep, dry, desperate clenching with my fingers.

Back-breaking Thud
Suddenly, a back-breaking thud and what seems to be a ten of lead lands on top of me. It's nothing to worry about—just another correspondent dying in and landing in the same tight territory.

"Those tracers were slipping your

breath," a voice said. It was Merrill Muller of Newsweek. "You got here just in time. They were kicking up dust in front of me."

"The ground barrage slackened. Our two dust-covered heads raised up. We took a look around. Muller's right ear was cut and bleeding badly. He also had a wrenched ankle. Bombs had blasted holes on both sides of us. To the left, about 100 feet away—one hit near an ack-ack area, causing some casualties. About the same distance to the right, a small army truck was shattered and set on fire by a direct hit which killed two soldiers.

The roar of enemy planes sounded overhead again. We went for the foxhole once more.

Ground Trembles
The ground trembled beneath us first one bomb, then another and another shook the earth.

"Wow," I shouted, involuntarily, I felt a sharp blow on my hip and a burning sensation. Then I thought: "It's too bad—only a flesh wound. But, Lord! Won't this raid ever end?"

My hip kept burning. It was only a couple of minutes, but it seemed forever. I finally muttered: "I guess I've been hit. But I wasn't wounded, just blistered."

LIVESTOCK MEN FIGHT CEILINGS

WASHINGTON, March 18 (AP)—Skeptical for the nation's livestock producing industry have voted sharp opposition to an OPA proposal to place ceilings on prices of live hogs and other livestock as part of a war-time price control program.

The industry's position was presented at a hearing called by the office of price administration, which was attended by more than 100 representatives of livestock organizations. Individual farmers, and members of congress from farm states.

L. K. Galbraith, deputy OPA administrator, told the meeting that he believed the government must impose ceilings on live meat animals as a method of stabilizing living costs and of preventing inflation.

He did not indicate at what level ceilings might be set on hogs, but various possible prices have been mentioned in government discussion. They range from \$20 to \$150 per hundred pounds. Hogs have reached the \$16 level in recent weeks.

P. O. Wilson, Chicago, secretary of the National Livestock Marketing association, and chairman of the livestock group, appearing at the hearing, said the livestock industry was "unanimously opposed" to ceilings.

Now Rushed to Market
Many speakers from livestock producing "regions" called that reports that the OPA was contemplating ceilings had caused prices to drop. Because of the uncertainty of future prices and production cuts, many farmers, the speakers said, have in recent days sold many sons which otherwise could have been held for increasing production.

4-H Committee Is Named by Grange
HAGERMAN, March 18.—The Hagerman Valley Grange met with 26 members present. A committee was appointed for leadership in 4-H club as follows: Harlan Bell, Raymond Carrico and R. H. Bendorf.

The members sang: Irish songs and Mrs. Charles Blackhart gave a short sketch on the life of St. Patrick. Greeting names were played and refreshments were served. The business session was held. The next meeting will be on April 3.

CLASS B BASKETBALL TOURNAMENT DECLARED "WIDE OPEN" AFFAIR

Eight Teams Believed About Equal in Power

RUPERT, March 18 — "Your guess is as good as mine!" That was the stock answer of the experts when asked today to give their opinion as to the eventual winner of the state high school Class B basketball tournament that got underway in the local auditorium this afternoon.

The opinion seemed to prevail that the tournament was a wide open affair as equal in strength are the eight teams that will compete.

However, the two Magic Valley teams, Albion and Glenn, have had their supporters.

Albion, the district winner, lost only one game during the season and two of the ways to the Oregon Oaks. Home, who are considered the favorites, should be in the final three points when Coach Melvin Gravel got caught in a snowdrift and was unable to be present to direct his team. In their absence, the team lost to Shoshone in the district tournament.

Several players allied.

Yesterday several of the players on the Albion team were believed they would be able to "hang out of it."

Glenn, coached by Gene Conner, lacks only experience. The team has a full team with plenty of shooting ability, and should be in at least about two years from now.

The history repeats itself. Albion, the champion of district No. 6, should be in the tournament playoffs for a long time. Strong team have year after year come from the school and this year is no exception.

Former Training Camps Were Never Like This

It may look like the Sunday Afternoon Cycling club, out for an outing, but it's really just a group of the New York Giants en route from their hotel to the work-out park at Lakewood, N. J., in up-to-date 1942 style. Left to right: Babe Barna, Gus Mancuso, Dick Harrell, Carl Hubbell and Tom Sumak.

Ancient Battery to Open Giants' Season

LAKEWOOD, N. J., March 18 (AP) — There was a lot of kidding during the winter about the major leagues operating with daddling old men, but there is no kidding about the New York Giants' No. 1 battery combination being the oldest in captivity.

For the opening game next month the Giants will pitch Carl Owen Hubbell, who will be 40 years old in June, and behind the plate will have August Rodney Mancuso, who passed his 37th birthday last December.

This is a capsule commentary on the pitching and catching problems facing Manager Mel Ott in spring training.

Three in Service

He has 15 pitchers on his roster, but will not have Nat Schumacher, Ed Carpenter and Dave Koss, three stalwarts of last year's staff, because they have entered the service.

Hubbell, whose record was 11-8 a year ago, can work only about once a week. However, he may have to take the important assignments handled by Schumacher last year. Even at this early date, he is perfectly trained and ready to go before the season starts.

Lefty Cliff Melton is a question mark. He won 11 and lost five last year, but he is not sure if he will be in the team.

There are no fewer than eight freshmen in the Giants' fold and it is hard to think that a couple of them must develop into winners if the New Yorkers are to get to anywhere.

Old Rivals Get Together so Texas Sends Team to NCAA

(By NCA Service)

AUSTIN, March 18 — A couple of boys who used to concentrate on playing each other finally got together, so the University of Texas will send a team to the western regional NCAA basketball tournament at Kansas City, March 26-27.

When Long John Ward and Buck Overall performed in deep red Texas, they were unilaterally opposed to each other. Hargis played for Nacogdoches high. Overall was the hot shot of small coaching high in rural Nacogdoches county. They faced each other in county tournaments.

They during the three years they competed in high school. Coaching was, and that was something for the team boys of Nacogdoches to put up with.

In their last prep season they were assigned to guard each other, and Hargis managed to squeeze in 12 points.

Hargis came directly to Texas. Overall came to Texas to play for the University of Texas. They were last season, but shifted to Texas this year, largely because of Hargis' presence.

Long John Ward said that there was no more in their keeping at the location of opposing each other.

Let's play with the same outfit and see how they do.

They trained up, not only as basketball players, but as roommates. They shared the marine camp, and they were in the same room.

Wilson, called Jackie Wilson, pitched, with expectations early for his first season, as an ex-champion.

Change in Grid Schedule Seen

LOS ANGELES, March 18 (AP) — The Pacific Coast conference, as now constituted, is out for the duration, and the four California members, Stanford, UCLA, Southern California and California, most likely will schedule home-and-home football games next fall.

While the schedule will not be drawn until the June meeting in Portland, Ore., Southern California's manager of athletics, Arnold Eddy, points out that since inter-sectional football has become a wartime casualty, a Washington-USA game, involving 2500 miles travel, is just about out of the question.

"We believe the conference was made to continue football if possible," says Eddy, "but they want to cooperate to the fullest in the war effort, and the reduction of travel to the minimum is the No. 1 must order."

Eddy thinks the home-and-home football arrangement has fine possibilities. He believes the conference will be able to make the schedule work.

Whether the winter of the southern half of the conference might be stretched to the fall, or more to the northern calendar, Eddy said, was something to be considered later on. But unless the western conference objects it seems likely there will be a floor bowl game of one sort or another.

Favorite, 3 Seeded Ousted in Tourney

DENVER, March 18 (AP) — A favorite and three other seeded teams were expelled out of the national A. A. U. basketball tournament here in an anything-can-happen-and-did third round.

A slipstream set up by the army airman from Williams field, Chandler, Ariz., blew the lower bracket choice for the title, 20th Century Fox of Hollywood, right out of the chase, 51-50.

Washington, D. C., Bears, seeded third, also bowed out of competition in the first half of the semi-final third round game to a close.

All-American's veterans from Milwaukee, seeded first, defeated the Port of Seattle, 55-40, in the first round of the tournament.

Williams, seeded second, defeated the Chicago Stadium Bears, 55-40, in the first round of the tournament.

Youth Reigns at AAU Tourney

DENVER, March 18 (AP) — Youth is taking its place in the national A. A. U. basketball title this year.

War has broken apart the veteran combinations — groups of men who have played on the same team for 10 or 15 years or more in college and in the speedily independent amateur circuits — which have been counted on to furnish the show in the final.

Most of the veterans are in the army or in the navy, and there for the sake of playing one more time in the national A. A. U. tourney.

Only two teams in the eight in the quarterfinals tonight — the Bears and the Milwaukee Bears.

Williams, seeded second, defeated the Chicago Stadium Bears, 55-40, in the first round of the tournament.

Glider Girl

Copyright, 1943
By OREN ARNOLD
NEA Service, Inc.

THE STORY: Loraine Stuart had trailed Pat as he flew in the transcontinental glider flight. To do so, she had forged Captain Carr's name to an order commanding Pat to return to Elmira. Loraine calls a surprised Jimmy Carr to tell him she has arrived in Chicago. She admits that she has forged his name, passing her transgression off lightly as if it were of no importance. Shocked, worried about Pat Friday, young Jimmy Carr is in a dilemma.

FOOD FOR THOUGHT
CHAPTER XIV
Pat's lovely mouth was found with excitement. She gazed up into the pilot's eyes.
"Pat," she almost gasped, incredulously.
"I sure got it," he retorted. "It's funny as you say. Little while ago now you were comparing these signatures. Miss Pat," he held the two Army orders drawn for her to see. "They both have Jimmy Carr's name on them, and they're both correct as to form. But this one you got from Miss Stuart. It ain't Jimmy Carr's handwriting."
"But, Pat, Friday is a pal!"
"It certainly is. It rates as a fellow. When I was on the Atlanta post, he was always around the place. But who could have done it, Pat? Who would have forged Jimmy's name like that?"
Neither spoke, then, for several seconds. They just stared at one another, each already hurt in the answer, and each knew that the other knew.
"I don't like it," Ed Bryan said. "I don't like it at all! Miss Pat, you know me. I try to live and do right, and I try to be a good fellow, but—"
"Ed, this is awful!"
"Main?"
"Pat is awful. I say, it's worse than—than—than just being a good fellow or anything like that! Pat, I tell you, you got the right by forgiving him!"
"Yes, main. That Stuart woman pinned me. Then she came looking up to me pretty soon after then. She had the devil in her eye, too! But she put up all right, and said sorry, hurry. She had her hand in my hand even then, but tell you the truth, I hardly got more than a glance at it. I knew she and Captain Carr were mixed up, you see."
"Yes, of course."
"She's got a way about her, you know that."
"Hain't she, though? Ed, what are we? Well, my stars, this could get you into an embarrassing mess, yourself! Putting a place off to Chicago and back, without—but I tell you, Ed, you won't have to suffer. I'll stand up for you! I'll make Jimmy Carr see that you—"

Wind swept the airport here as Elmira was whirling at them now. This was in the black hour of morning. Mechanics had come to take charge of the plane Bryan and Pat had used, so they walked away, thinking. He would get a car to take her home.

Pat's thoughts were in a broader vein. Her first reaction had been one of biting anger, and as she thought now with big Ed Bryan breathing life against the wind, she thought back to that Chicago episode.

"Pulling a gun track," going overboard with melodrama, what a long, unending way to do it! Pat cut into her thoughts. "I don't like it," he repeated. "Be confident. If I like you, all right."
"Ed, Army regulations and routine are important. We have to be firm about them, if we are loyal at all."

THE GUMPS

By GUS EDSON

"ARRIVED SAFE AT YOUR BEAUTIFUL MOUNTAIN LODGE—REMEMBER THE GUMPS WITH ME FOR A MONTH AND MAN'S BUREAU."

DON'T KID YOURSELF! A LUCKY CHANCE TO CHANGE ITS SPOTS?

WONDERFUL! MAMA—THERE'S SOME GOOD IN EVEN THE WORST PEOPLE—ESPECIALLY ONE OF THE GUMPS—HE STANDS FOR HONESTY AND INTEGRITY!

BY THE WAY, MAMA—I SEEM TO HAVE A PERSONAL GUY—HAIN'T YOU SEEN IT?

HEN-HEN-HEN! SHARPEST NOSE I EVER MET—HAIN'T YOU SEEN IT?

DIXIE DUGAN

By McVOY and STRIEBEL

I BROUGHT THE DUGAN DAME TO TEACH YA ALL HOW I SPEAK KEREK! GET IT? I'VE GOT A GONNA HAVE A NEW SCHOOL!

BUT WHY DON'T YOU TELL ME ABOUT THIS? I SHOULDVE BROUGHT AN ADVANCEMENT BOOK!

AW, I WAS KINDA BROTHERLY—AFRAID YARD BACK, GOT BABY!

VERY WELL—I'LL START OUT WITH YOU AS AN EXAMPLE OF THE FIRST THING YOU BETTER LEARN IS TO RESPECT TO YOUR OWN THINGS—NOT TALKING AND DRINK!

—AND FURTHER—MEAN, GUY? DEN WE KIN GET IT OFF IT? DEN WE KIN GET IT OFF IT? DEN WE KIN GET IT OFF IT?

—DEN WE KIN GET IT OFF IT? DEN WE KIN GET IT OFF IT? DEN WE KIN GET IT OFF IT?

THIMBLE THEATER

I'VE GONER CALL YA HAL-HITCH!

POOR LIT, KOTTER! FIRST KOTTER, EVER HAD A NAME—HE LOOK'D OFUL, PROUD!

WELL, BLOW ME DOWN! THIS IS A LUNK!

NEVER SEE ME CLEAR! I'LL BE CLEAR FOR OF COURSE NOT!

THERE WASN'T ANY USE WHEN I DONT KNOW! I WAS DASHING!

ALLEY OOP

WHAT'S THE MATTER, DOP? I'VE GOT A GONNA HAVE A NEW SCHOOL!

LEMMIE SEE NOW, I'LL BE CLEAR FOR OF COURSE NOT!

MEET ON, NO! THAT'S AIN'T NO PARTY, LET HIM DO HIS OWN THINKING!

AW, NOW, DON'T YOU KNOW, I'VE GOT A GONNA HAVE A NEW SCHOOL!

STARRING POPEYE

The flowers that Bloom in the SPRING

(Nineteen hundred forty three styles)

In MANY INSTANCES, blueprints are taking the place of fashion patterns. Every civilian knows that these days... but what is not so widely known is the fact that your retail stores have undertaken the biggest effort in their history—to keep you supplied with fashionable, seasonable, and usable merchandise, and at the same time, comply with the multitudinous restrictions designed to win our war! This isn't '29—or anything like it! This is Spring, '43, in a year of war!

You may have good money to spend but we may not have the merchandise. We might have the merchandise, but no one to sell it to.

you! '43 is definitely a problem year.

But we're doing our best—and we daresay our stocks are as complete with spring goods, and our service as adequate as you'll find elsewhere

... possibly better. On that basis we invite you to inspect spring '43 styles in our stores—and remember, "styles," this year, include everything from a new frock to a Victory model lawn mower—don't overlook any of them!

And, please remember too, the best value in any line, in any style any of us offer is the 1943 Victory War Saving Stamp or Bond. In the long run, they'll pay you best!
