WAGE CONTROLS MAY BE EASED

WASHINGTON, April 23 (AP)—War manpower commission officials are preparing to amend restrictions on wage increases in job transfers in order to strengthen the regulations and make them more equitable.

Several modifications are being considered and an informal discussion of a number of difficult problems involved, particularly in areas where job freeze plans have not been developed by WPMO representatives and management-labor groups.

"We are not ready to indicate the nature of the amendments," the officials said, "but they will be adequate to handle problems that have been arising since the regulations were issued last Saturday."

They said that these regulations together with the wage controls of the war labor board, had cut off 75 per cent of the average wage increase. They emphasized that any increase in earnings gained by a worker is enough to change in employment could be based on the premise that the change resulted in a better contribution to the war effort than was possible on the former job.

The new amendments, it was said would provide for a more definite formula to guide workers and employers in determining what constitutes a job transfer in the interest of the war effort.

STRIKE

SOUTH BEND, Ind., April 23 (AP)—Police wanted it understood today that they did not feel foolish searching for a doll and buggy—at least, not when a hunger strike was involved.

As for Joanne Driscoll, 3, she went to get her doll and buggy, and considered the hunger strike a closed incident. Her parents, Mr. and Mrs. LeRoy Driscoll, were willing to forget it, too.

The doll, "Angel," one foot tall with eyes that blink, turned out missing with its buggy yesterday. Joanne decided not to eat until they were returned. She went out Wednesday and most of yesterday without food.

When Joanne began to run a temperature and had to go to bed, her parents called police. Detective Joseph Lasowski combed the neighborhood and found the buggy parked outside a house a block away. Angel was inside the house, where another little girl lived.

Joanne thanked the policeman with a smile, ate some chicken noodle soup and went to sleep, with Angel safely beside her.

5 High Schools Enter Physical Fitness Event

The Magic Valley next Friday will proclaim a champion of a type new to this region's history of schoolboy athletics. He'll be the obstacle race champion and it's expected that anything like high school athletic champion of champions for the schools involved.

Too, he'll be a U. S. Army titleholder in the war-born sport because it will be over a course prescribed by the military authorities that he will gain the distinction.

The obstacle race will be held at Hagerman during an all-day sport carnival, arranged by Capt. J. C. Clancy, Clancy and Coach Harold Brown. Five schools, including Hagerman, have accepted invitations to the carnival. The others are Castleford, Bliss, Wendell and Glenns Ferry.

In addition to the obstacle race which is the feature of the army physical fitness program, there will be a baseball tournament. The games will be of three innings each.

Each school will be permitted to enter two boys in each of the four divisions of the obstacle race. The divisions are: For boys of 120 pounds and over, from 120 to 140 pounds, 140 to 160 pounds and 160 pounds and over.

The obstacle race course is 200 yards long and while a boy is negotiating it must clear a high hurdle, go over and under another hurdle, scale a eight-foot wall, wade a narrow stream, crawl under a wire, pull himself by a rope over another high obstacle.

The championship will go to the boy making the best time in his division while the champion obstacle course will be the best time for all four divisions.

Trophies and medals will be awarded in the various events. This is the first meet of its kind ever held in the Magic Valley so far as known. The winners will have to put in physical fitness programs of various types.

More such meets likely will be held by the schools, but until they do the making the fastest time in the army course at Hagerman will be the Magic Valley champion.

Reds Again Nip Champs, 1 to 0

CINCINNATI, April 23 (AP)—The Cincinnati Reds claimed their fourth straight extra-inning, one-run victory—two exhibition and two regular—over the St. Louis Cardinals yesterday at the mercy of Johnny Vander Meer.

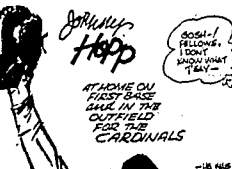

Johnny Vander Meer opened the 10th inning with a single and went to second on Mike McCormick's sacrifice. Mike Marshall singled to right and made second on the throw home, although Frey pulled up at first.

The Cardinals tripled in the fourth when Tipton slipped on Stan Musial's drive, which went for a three-run homer. The Cardinals were through the day despite his 38 years, made Whitey Kurowski and Walker Cooper strong out.

The Reds have an even dozen hits in the game, but the Cardinals' offense is still weak. The Cardinals were through the day despite his 38 years, made Whitey Kurowski and Walker Cooper strong out.

Weatherly's Blow in 9th Wins for Yankees

NEW YORK, April 23 (AP)—The New York Yankees weren't able to get their American League pennant raised because of a broken halcyon on the centerfield flap, but managed to win their opening game from the Washington Senators, 5 to 4, after 5,600 fans.

It was Roy Weatherly, the little centerfielder obtained from Cleveland to fill the vacancy left by Joe DiMaggio's entry into the army, who clinched the victory.

With the Yankees trailing by one run, the bases loaded and one out in the last of the ninth, Weatherly delivered a diamond-throw by doubling into left field for two runs and the ball game.

Big Earl Lomax of the Yankees and Early Wynn of the Senators argued a scoreless pitching duel for the first four innings of the game, but an error by Joe Gordon, trying for a double play, gave Washington a run in the fifth.

The Yankees scored twice in their half of the same inning on a walk and singles by Nick Etten, John Linnell and George Eldredge, who doubled.

Another error, this time by Birmann, enabled the Senators to tie the score—George Case getting a base on a fumble, stealing second and scoring on a single by Stan Spivey.

Gordon hits homer. Joe Gordon then smashed the season's first home run in the major league to put the Yankees ahead again, but the Senators refused to give up easily.

Mickey Vernon walked to open the ninth and after two outs, Johnnie Sauer pitched to the Senators' batter for Wynn and also pitched to score Wynn and Ellis Gandy.

DARK JUNGLES

THE STORY: Barry Filding was taken after his escape from the Quech Indian, and his faithful Mexican guide, Joe, sends him a letter that is strong enough to make the trip back to Allison Topple's plantation. He falls unconscious when Allison tells him that a letter arrived from his fiancée while he was sick, and she had answered it for him. Knowing Lisa's nature, Barry is worried.

TRIBAL SACRIFICE
CHAPTER XV
As the days passed and the fever hunt on, Barry was half wild with impatience. For hours — days sometimes — he would think and plan his escape, and he would be taken with the odd chill that preceded another attack. He had warned him of this that same afternoon Allison had read him Lisa's letter. The Quech had knocked and come in, looking taller and handsomer in his green whites. He had come over the bed with his swift, eagle-staring smile.

"You really picked yourself a stalwart mosquito, my friend!" "I'll throw it out!" Barry said irritably. "You will, but it will be slow going." Allison brought his medicine, holding up his head and tossing the tablets onto his tongue with deft motions. Barry swallowed the water she held in his lips, and smiled his thanks.

"You were right about Allison," he said to Fernando with amused camaraderie. "What about what?" Allison was gathering up trays and glasses for the servant to take out. "I told her last night, feeling all at once easy and comfortable," he wheedled. "And how did you bet?" She paused before him, her lashes almost touching her cheeks as she looked down into his face.

"I bet you wouldn't," Barry told her. "Which proves," she laughed, "that Fernando understands me better than you do." "Oh, but it wasn't quite fair," Fernando protested gallantly. "I knew you," Mr. Filding grinned. "I gambled you had the jungle in your blood, like he did. And I'm afraid you're right."

He turned to follow her with his eyes as she walked to the hall and handed over the tray to the Indian woman. Barry watched him in deepening surprise. He realized abruptly that Allison was not the only one who had changed during his absence. Fernando, too, was different. Gone was the stern, quiet, almost condescending — command in the Spaniard's eyes. A subtle warmth had crept in, a tentative friendliness. He had used the same phrases that night in the jungle in her blood — but where there had been apprehension, antagonism in his voice that night, now there was something almost like pride, and in his dark eyes...

Barry controlled a sharp rising feeling. Why shouldn't the happy, some Fernando fall for a girl like Allison Topple? She was warm and kind and delicate. Her blondness was a perfect foil for the Spaniard's dark good looks. And if she really wanted to stay here... he looked at Fernando's laugh.

"You are looking very unhappy, my friend. I am sorry about your trip." Barry's anger swept into another. "Sorry is no name for it!" he exploded. "I want to talk to you about it. Of all the disgusting, crossing deals I ever ran into..." Allison was standing beside Fernando, smiling. "May I tell you, the best she asked."

Barry hesitated. Then he said bluntly, "Sure it is no matter."

FAITH

in our Community

EASTER SUNDAY marks the advent of the resurrection of One whose teachings were of faith in God and goodwill to man.

Easter is the advent of a renewed life, for spring is in the air, and all mankind is busy, stirring about, and partaking of the new life that comes with spring.

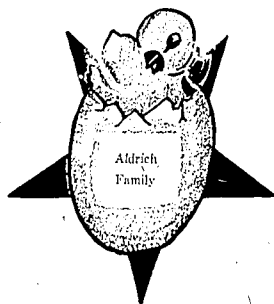

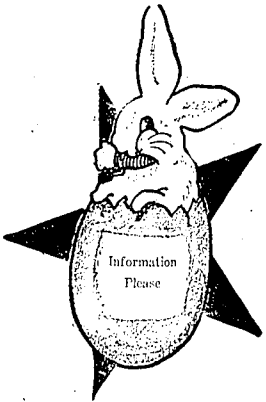

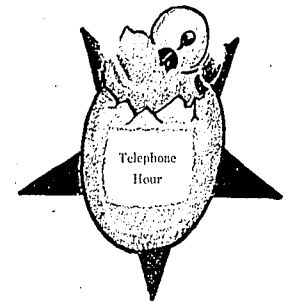

On this Easter Sunday we are pleased to review with you the beginnings, growth, and development of Radio Station KTFI, the signal of which was first heard in this community during the Christmas holidays of 1928 under the call letters of KGIQ, now changed to KTFI. The letter K stands for the western division of radio in the United States and T F I, of course, for TWIN FALLS, IDAHO. KTFI has at all times tried to serve the community to the best of its ability, and acknowledges its obligation to the merchants, business men of all commercial activities, and the public in general for the timely interest and patronage received. It is from this that our success has been achieved.

From a station of 250 watts, sharing time with another station, and with a limited field of entertainment, KTFI has become a full time, 1000 watt station, the best equipped station in Idaho carrying internationally famous commentators and world-wide United Press news, and the most outstanding programs of the NBC and BLUE networks.

Our faith in this community and in America, through an understanding of your faith, has impelled us to look forward again into the future to expand our service so that we might be able to bring to YOU, the citizens of this community, as much as it is possible to bring in the way of inspiration, entertainment, and education.

KTFI has expanded its local musical service so that, as of Easter Sunday, all music controlled and licensed by the American Society of Composers, Authors and Publishers, will be a part of its daily schedule. KTFI has developed its news service to bring the best coverage and presentation. KTFI, with its modern technical and studio equipment, expects to encourage, foster, and develop the talents of those who deserve recognition. KTFI has rejuvenated every department, adding more announcers, more continuity writers, more program personnel, more contact men, and more time-on-the-air; for as of Monday, April 26th, KTFI will be on the air from 5 a. m. until midnight.

We would be pleased for YOU, the people of this community to see the changes which have been made. We, therefore, take this opportunity to extend to you a most cordial invitation to visit our studios on Easter Sunday, when we will hold "Open House" from 10:00 a. m. to 10:00 p. m.
