VOL. 26, NO. 106

Lindy Kidnaping Witness Arrested In Federal Theft

Archibald W. Loney, 60, who was arrested here Saturday night on charges of theft of government property, was on his way to Boise Monday in the custody of a deputy, following his arraignment Sunday before U. S. Commissioner Henry W. Tucker, Bay.

Loney, who contradicted state testimony in the Lindbergh kidnaping case, was arrested at 5:50 p. m. Saturday by a deputy sheriff on charges of stealing a car, agent of the federal bureau of investigation and Verne Rawlings, a Twin Falls city policeman, just as he was preparing to check out of the Perrine hotel. Loney was registered under the name of F. Stanley, and was leaving for Brigham City, Utah.

Loney was taken before the court at 10:30 a. m. Saturday. He was charged with stealing a 1934 Buick sedan, valued at \$10,000, from the office of the federal bureau of investigation, and with stealing a 1934 Buick sedan, valued at \$10,000, from the office of the federal bureau of investigation, and with stealing a 1934 Buick sedan, valued at \$10,000, from the office of the federal bureau of investigation.

WAR TALKS WILL COVER BIG FIELD
By JOHN A. REICHMANN
QUINCY, Ill., Aug. 16 (AP) — President Roosevelt will come here sometime this week to begin the sixth formal war time conference with Prime Minister Winston Churchill which is being held at the White House. The two leaders will cover wider fields than previously believed.

It is learned on competent authority in Washington that the American and British leaders will meet at the White House for a full day, and will discuss a wide range of subjects. It is expected that the two leaders will discuss the situation in the Pacific, the situation in the Atlantic, the situation in the Mediterranean, and the situation in the Balkans.

ANNOUNCED BY HOOVER
WASHINGTON, Aug. 16 (AP) — Director J. Edgar Hoover of the federal bureau of investigation announced today that he had arrested a man in the name of Loney, 60, who had been arrested at Twin Falls, Idaho, on charges of stealing a car, valued at \$10,000, from the office of the federal bureau of investigation.

Demonstrate for Peace

(NEA Radio-Telephone) Demonstrations for peace continue throughout Idaho as the allies press their attack in Sicily, slash at Italy by air and appeal by radio to the Italians to surrender. In this photo, which the caption indicated had escaped the German censor and had been taken in this country from Stockholm, a throng outside the royal palace in Rome is shown denouncing its loyalty to the house of Saxe but at the same time voicing its demands for peace.

Twin Falls Murderer Escapes From Prison

BOISE, Aug. 16 (AP) — William D. Hale, 32, Twin Falls city murderer, escaped from the state penitentiary last night and Gov. C. A. Bottolfsen today called a special meeting of the board of prison commissioners for this afternoon to discuss this and other recent escapes.

"I would like to see you should find out what is the reason so many of our troops are getting away," he told other members of the board. "They are leaving the prison like flies."

"If we need more guards out at the prison let's get them hired, but in any event, let's find out what is the matter."

Socialite Drowns In Swimming Pool

PHOENIX, Ariz., Aug. 16 (AP) — A socialite, Mrs. Gloria G. Barker, 37, who drowned yesterday in a swimming pool here, was a prominent member of the Phoenix social scene.

Two Holdup Men Overlook \$2,700

HOUSTON, Tex., Aug. 16 (AP) — Two holdup men took the hard way of trying to break into a filling station here today, but overlooked \$2,700 in cash and an attendant's pocket money.

Communications From Italy Cut

BERN, Aug. 16 (AP) — All telegraph and radio communications from Italy to Switzerland in Italy were cut off today. No official explanation was forthcoming immediately.

NEW YORK, Aug. 16 (AP) — Manville's seventh wedding was halted today by the arrival of a bomb.

WAR BULLETIN

LONDON, Aug. 16 (AP) — The Allies have won a tactical check in the Sicily campaign, the British press has reported. The British press has reported that the Sicily campaign is progressing well.

Vanks of Errunning Nazi Rear Guard 14 Miles West Of Messina Escape Strait

By REIMAN MORIN
ALLIED HEADQUARTERS IN NORTH AFRICA, Aug. 16 (AP) — United States troops were overrunning the axis rear guard today in the vicinity of Milazzo, 14 miles west of Messina, and it was officially stated that the end of the Sicilian campaign "is now at hand."

The Americans, pushing up 12 and 15 miles, advanced well beyond Barcellona to within heavy artillery range of Messina and it was presumed that this means the beach was already under ground as well as aerial bombardment.

Declaration Of Open City Seen as Ruse

By JAMES F. KING
LONDON, Aug. 16 (AP) — Belief that the Italian declaration of Rome as an open city was a ruse to permit it to grow in the hands of the Germans, British officials today said.

NO FAR WEST GAS GET FOR PRESENT

WASHINGTON, Aug. 16 (AP) — Gasoline ration coupon values were cut today to three cents, and the sharply restricted eastern rationing allotments, and a government spokesman today said that the west coast and Rocky mountain areas are not being overlooked.

Two Holdup Men Overlook \$2,700

SPEEDUP NEEDED FOR '43 VICTORY

By HARRISON BALABUDNY
LONDON, Aug. 16 (AP)—Victory decisions are reached at the Roosevelt-Churchill conference in Quebec. It is apparent that the allies must move with a speed never attained before in this war if Germany is to be brought to bay in the remaining months of this year.

Though six weeks remain for fulfillment of Prime Minister Churchill's statement of plans, the move will be heavy fighting, in the Mediterranean and elsewhere before the last of autumn toll.

Half Fulfilled
The reference to the Mediterranean has been fulfilled. The second half has not been and there is doubt among those preparing operations on a scale of the African or Italian fronts that a similar offensive for western Europe can be mounted in the next six weeks.

These conditions are based on the known fact that between the time the African campaign was roughly six months elapsed, it took four months to get the Mediterranean conference to clear the axis out of Tunisia. It took one month from the fall of Tunisia to the capture of Palermo. It took nearly another month before the Sicilian offensive was opened. The Sicilian campaign had been expected by many to be over in three or four weeks, but it is taking closer to six weeks.

Italian Barrier
If the allies are forced to fight their way into Italy a further phase of the end of the Sicilian campaign would not be unexpected. Italy would continue to tie up huge quantities of shipping, thus reducing available facilities for a major drive in the west.

There's no way of proving it, but it wouldn't be surprising if Mr. Roosevelt and Churchill had the allied command to prepare plans for concentrating every available facility upon a great western offensive with the provision that such plans are to be put into effect the moment Italy is out of the war—by capitulation, which the declaration of Rome at this time is believed to foreshadow, or by arms.

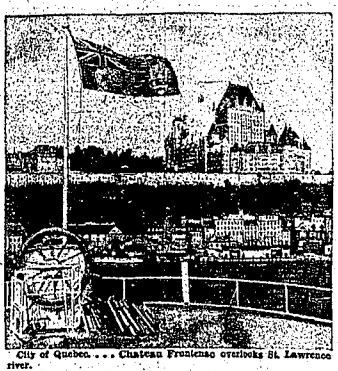

Even so it is believed it would be an almost superfluous task to accomplish and would be more in line than any other operation in the war which can be done in double or triple time a questionable, although obviously the American and British commands have not been idle in the past 18 months, although it can be assumed that many facilities are ready for the time when a huge expeditionary force starts arriving.

The Men and the Meeting Place

City of Quebec... Chateau Frontenac overlooks St. Lawrence river.

Quebec, historic Canadian city on the St. Lawrence and port of call for ocean-going vessels is the scene of initial conferences between Britain's Prime Minister Winston Churchill and Canada's Prime Minister Mackenzie King, and was announced as site of the conference between F. D. R. and Churchill.

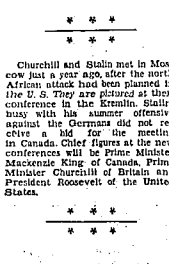

Roosevelt and Churchill have met five times previously to shape the strategy of war and the peace to follow. On the high seas in August, 1941, they drew up the Atlantic Charter. In Washington, just after Pearl Harbor, they formed the United Nations in December, 1941. In Washington again, the following June they planned the invasion of north Africa. At Casablanca in January, 1943, they called for the unconditional surrender of the axis and laid plans for the invasion of Sicily. They met in Washington in May, 1943, success in other parts of the world, and in the Pacific theater and attacks on Europe may result from this meeting.

One of the five Roosevelt-Churchill conferences: Casablanca, May, 1941.

Churchill meets Stalin in Moscow, August, 1942.

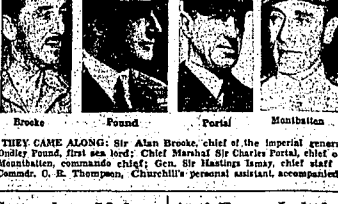

Winston Churchill

W. L. Mackenzie King

Franklin D. Roosevelt

THEY CAME ALONG: Sir Alan Brooke, chief of the Imperial general staff; Admiral of the Fleet Sir Dudley Bourn, first sea lord; Chief Marshal Sir Charles Portal, chief of air staff; Vice Admiral Lord Louis Mountbatten, commander in chief; Gen. Sir Hastings Islay, chief staff officer to minister of defense and command; G. R. Thompson, Churchill's personal assistant, accompanying the prime minister to Canada.

JOB LOSS FACING WMC VIOLATORS

WASHINGTON, Aug. 16 (AP)—The manpower commission said today that any worker changing jobs in violation of his war hiring contract—even if the transfer is at the same time as the expiration of the job and will not be permitted to work for 60 days.

Wage officials, when questioned, could refer to no law by which they could impose penalties against the worker whose job transfer is in violation of regulations.

Formerly, WMC has provided, under the contract stabilization and executive orders, that no worker could change from one essential job to another at higher wages, unless the transfer resulted in greater contribution to the war effort. The constitutionality of this was never questioned. The power stemmed from the stabilization order which held the employer and employ subject to a fine of \$10,000, imprisonment, or both, upon conviction.

The new threat is contained in the hiring-contract regulations in the executive orders. It requires employers. A general provision which empowers Chief Paul W. McNutt ordered new regulations that would allow power committees to write into local stabilization plans by Oct. 15, 1943.

Must Aid War
A new emphasis during the preceding 60-day period was engaged in an essential or locally needed activity, may be held only if such hiring would not in the employment of the worker.

The new order established a list of 140 critical occupations for which the transfer of workers in such occupations in industrial enterprises were assured of virtual complete freedom. It also was made that any man with such a critical skill who was not employed in an essential occupation would lose further claim to occupational preference for 60 days.

McNutt broadened to 60 the number of specific occupations which he terms non-transferable and added all occupations in 58 activities. Any draft-age man who fails to leave in the form of such jobs to one of an essential nature will be placed first in the list for industries, thereby insuring that the first draftees drafted would be those contributing most to the war effort.

Justice Department was under way by which authorities planned to try draftees for murder. A delinquency warrant alleging murder was filed in juvenile court. He was arrested Wednesday and the juvenile court was expected to try the case to the grand jury for indictment.

Sweeney was trying to determine how Joe Harget and other young boys in this vicinity, who were not in the military, were playing a part in his motivation for slaying James Earl Ray. Harget, 13, and kidnaping John Bushman, 9, last week.

Beer is an ideal source of quick energy, doctors agree.

ELMORE AIRBASE FLIER DECORATED

MOUNTAIN HOME, Mo., Aug. 16 (AP)—Tech. Sgt. William H. Nichols, assistant armament chief, of a bomber squadron, was awarded the air medal in the first presentation ceremony at this air base Saturday.

Cpl. Hugo P. Rush, wing commander, flew from Cowan field, Mo., to make the award.

Sgt. Nichols was decorated for having participated in 26 operational flights in the south Pacific. On one of these flights, at which the present was being turned, his crew's a 15-17 practically was shot down under them when they encountered eight Jap zeros all by themselves. After a running fight of one hour and a half, resulting in three of their engines being shot down and the others damaged, the members of the crew, who were forced to land on the water, came safely out of Japan.

After drifting for 18 days on the two life rafts, they finally landed on an obscure island occupied by friendly natives. For 31 days they lived on the native food consisting of coconuts, bananas and fish. However, this was considerably better food than the several fish-include one very tough eel," shark pieces out of Japan which they had the life rafts, Nichols said.

Finally they were sighted by one of their comrades from Cowan field, their south Pacific island. Regularly, the sergeant had gained 70 pounds more than his normal weight. Besides the air medal, Sgt. Nichols also has been awarded the purple heart and two silver stars for action at Midway and the Solomon Islands. Nichols' home address was not announced.

Segura Sweeps Tennis Crown

WASHINGTON, Aug. 16 (AP)—Oliver Segura, a figurative shot in the arm by the latest draft non-deferable rules, civilian sports leaders made ready today for business at the same old tournaments—for the time being, anyway.

Big-time baseball and football, some form of intercollegiate football and ring bouts no worse than those of the past few months seem assured for the rest of 1934.

Except for racing, sports came through unscathed by the sweeping changes in the law, but the most noticeable exception is the fact that the sport of horse racing was not affected.

As it stands, baseball and football may stack up to the former's expectations of their backers this year, at least. The draft won't take into the ranks with a 3 to 3 lead, but before last Sept. 15, as many as 100,000 non-deferables were to fill the military quotas of the unmarried professional athletes already are in the service.

Scores of colleges have dropped out of the draft. As officers, though, the grad prospects are to do duty. The draft has opened the way for a number of college athletes to go to the service.

Other members of the famous quartet, which was a terror to national league pitching, included Willie Keeler, John McGraw and Hugh Jennings.

Keeler had served as manager of the Boston Braves, scouted for a while for the New York Yankees, and, before his retirement, managed the Toronto club, which still is a member of the International League.

The 33-year-old all-around athlete was listed in 1932 as being in the record set by Helen Stephens of Pullman, Mo., in June, 1933. She scored an individual total of 30 points. The team total was 87 1/2.

Cap Anson, of White Stockings, Was an Idol Who Never Fell

By HARRY GRAYSON
More than just competent authority, he was Captain Anson considered him the daddy of all fire baseballers.

Cap Anson was the connecting link between old modern baseball. Although the foremost strategist of his time, Anson was never referred to as a manager. He always was Cap because he was everything a real captain is supposed to be.

He had integrity, sobriety, personal purity and dignity. He most conspicuous figure, giving to professional baseball in its incipency a touch of the four qualities, had a tremendous influence on the game.

Anson held his place through three generations of ball players. A line driver hitter, he left a 20-year major league average of .329. He was under 200 in only two campaigns, and then only because he was injured by the war with the Brotherhood Players' league and managerial care. He twice hit more than 40 home runs in 79 and 82. He led the National League four times.

When Anson broke in the pitcher's circle only 45 feet from the plate, during his first 14 years, not farther than 20. Securing was much more exact yet striking out Anson was raised quite a feat even though he refused to swing until the third strike, regardless of the pitcher's count.

The captain was a big man standing six feet two, weighing 220, and liked big players. The great White Stockings of the '80s were a team of giants, and it was something to see the captain lead them on the field.

Anson broke in as a third baseman and was an accomplished catcher. His size worried against his speed, but his players preferred to see him attempt to seal a base in a pinch rather than say Billy Sunday, who was a sprinter.

The White Stockings were champions in '86, '87, '88, '89 and '90 and Anson led the team to the last five. The combination of '88 and '89 has been listed as the finest of all time.

No ball player or manager was more independent than Anson. He was a team man, relied on no one player. When Albert G. Spalding, Chicago fans raised \$50,000 for

Cap Anson... leader of the great White Stockings of the 80's.

Segura Sweeps Tennis Crown

WASHINGTON, Aug. 16 (AP)—Oliver Segura, a figurative shot in the arm by the latest draft non-deferable rules, civilian sports leaders made ready today for business at the same old tournaments—for the time being, anyway.

Big-time baseball and football, some form of intercollegiate football and ring bouts no worse than those of the past few months seem assured for the rest of 1934.

Except for racing, sports came through unscathed by the sweeping changes in the law, but the most noticeable exception is the fact that the sport of horse racing was not affected.

As it stands, baseball and football may stack up to the former's expectations of their backers this year, at least. The draft won't take into the ranks with a 3 to 3 lead, but before last Sept. 15, as many as 100,000 non-deferables were to fill the military quotas of the unmarried professional athletes already are in the service.

Scores of colleges have dropped out of the draft. As officers, though, the grad prospects are to do duty. The draft has opened the way for a number of college athletes to go to the service.

Other members of the famous quartet, which was a terror to national league pitching, included Willie Keeler, John McGraw and Hugh Jennings.

Keeler had served as manager of the Boston Braves, scouted for a while for the New York Yankees, and, before his retirement, managed the Toronto club, which still is a member of the International League.

The 33-year-old all-around athlete was listed in 1932 as being in the record set by Helen Stephens of Pullman, Mo., in June, 1933. She scored an individual total of 30 points. The team total was 87 1/2.

SURE WE CAN FIND THAT BREAK IN YOUR TIRE!

1. WE PREPARE THE TIRE... First we thoroughly examine the injury inside and out for hidden trouble. Then we ream out the break and cut away any broken cords much like a dentist cleans a tooth for filling.

2. THEN WE VULCANIZE IT... Rubber is cemented into the hole outside; a "vee-tion repair" is built up inside replacing the broken cords. The repair is thus welded into the tire under heat and pressure.

3. IT'LL STAND UP... Our tire men are so skilled in scientific vulcanizing that we know our repairs will last for thousands of miles—under today's conditions of slow driving.

NO MATTER WHAT'S WRONG WITH YOUR TIRE—BRING IT TO US

We're expert in patching up tires and tubes that you might think are worthless. You will be amazed to see what we can do to damaged rubber. Bring all your tire troubles to us. Come in once a week. Leave the rest to us—we'll tell you what you need when you need it, and see that you get it!

SOLONS INSPECT JACKSON REGION

JACKSON Wyo., Aug. 16 (AP)—Inspection committee, here today, for a joint investigation of the much-disputed Jackson hole national monument, presented a personal inspection tour of the scenic area today.

The step was decided upon at a meeting last night between members of the national committee and the house public lands committee and the senate committee on conservation of national parks and monuments.

Ends Wednesday.

The hearing will be concluded Wednesday, it was indicated.

Rep. Frank Barrett, R., Wyo., made the new decision. Barrett said it was planned to hold a "limited" hearing of the groups and the congressmen, who have been looking over the Jackson Hole country.

Barrett, he said, meant that no testimony will be taken and that the hearing will be held Tuesday night a mass meeting on the monument question.

Barrett, he reported, was agreed upon at the insistence of Jackson Hole residents.

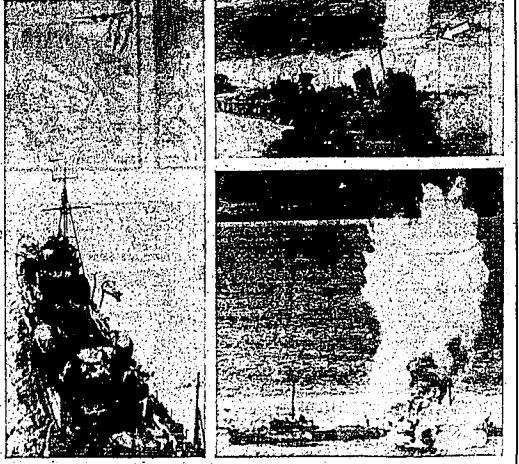

The inspection tour was expected to take up all the sides.

In order that congressmen might get both sides of the story, each partying committee members carried along a number of speakers, both for and one resident of Jackson Hole.

Joseph C. O'Mahoney, D., Wyo., is chairman of the senate group, while the house group is headed by Rep. J. H. Pendergast, D., Mo.

The hearing was sponsored by the Jackson Hole Civic and Home Association, which has protested the creation of the 211,000-acre national monument by presidential proclamation.

B-25s Give a Jap Destroyer the Business

In an air assault which would have made the late Gen. Billy Mitchell proud, a group of the B-25 bombers based at Midway, O., attacked a Japanese destroyer in the southwest Pacific. Here one of the B-25s swoops over the enemy warship, then drops a bomb (arrow) directly on the deck. Fire and explosion mark the destroyer's dramatic fate.

Yank Warhawks With British 2 LEADERS WILL REPLY ON ROME

By NOLAN NORGAARD

est stroke of luck his secreted command, 26-year-old Col. Arthur O. Salsbery, Seattle, Mo., managed to get his airplane ashore and return safely after being hit by five 3.5-inch enemy bullets. Salsbery, who was flying a Douglas C-47 transport, was flying over the desert canyon, heading west for a new base, when he was hit by enemy transport, aircraft and shipping.

"I was hit at all like the old days in the desert," remarked Maj. James C. Hunt, D. C., who was one of the three squadrons and who has flown on nearly 100 combat missions. With a grin he added:

"The Germans throw up everything they've got at us—shells, bullets, machine guns, and all the rest of it. It wasn't such a great exaggeration at all. 3-4 veterans are being called upon to do the job of a war warrior's most hazardous job—seek out and strike and bomb enemy air bases and shipping lanes. It's a job that demands the best of us."

2,000 Vehicles Destroyed

Despite all that, the group brought in 1,000 vehicles, including 500 destroyed in the past year beyond 1,000 vehicles by blasting into Junk in Sicily. It was the first time in a dozen of railroad cars, staff trucks and other vehicles.

At the same time they had good luck in getting home when hit. The whole group considered it the greatest.

Bombing Range Area Announced

MOUNTAIN HOME, Aug. 16—The location of Elmore county lands to be used for a bombing range was announced today by Lieut. Halley, commander of the 30th Battle Brush, who is in charge of the area.

"These areas," said Lieut. Halley, "will be used for bombing practice and for training in the use of incendiary bombs. The area is located in the northwestern part of the county, near the town of Elmore. It is a good size and is well suited for the purpose."

The area is bounded by the following points: north, the town of Elmore; south, the town of Elmore; east, the town of Elmore; west, the town of Elmore.

30 Battle Brush Fire at Hailey

HAILEY, Aug. 16—A brush fire, which started in the afternoon of today, burned several hundred acres on the northern slopes of Colorado mountain near Hailey, Idaho.

The fire was reported by Taylor grading contractor at Shoshone and a crew of 30 men was sent up to fight the fire. The fire was extinguished before any damage was done to the buildings at the Shoshone camp. The fire was caused by a spark from a welding torch.

MILNER HEIGHTS

Harland Simonds left for Seattle where he is stationed with U. S. Army Air Corps. He is the son of Jack Simonds, who is recovering from a serious illness.

Mrs. E. M. Johnson returned from Anby, Ore., where she visited relatives. She is the wife of Mr. Johnson, who is in the service.

Mrs. Alice Bradshaw, Boise, spent the week-end with her parents, Mr. and Mrs. W. H. Bradshaw.

Mr. and Mrs. W. H. Bradshaw, Boise, spent the week-end with their parents, Mr. and Mrs. W. H. Bradshaw.

ALIVE PRISONERS' DEATH RATE LOW

WASHINGTON, Aug. 16 (AP)—Disease in the past year has killed only one out of every 25 alive prisoners of war in this country, as contrasted with an average rate of the fall of 1942, according to a report by the War Relocation Authority.

The report, based on a survey of 10,000 prisoners of war in Japanese camps, shows that the death rate of prisoners of war in Japanese camps is low.

Although the number of time spanned by the Japanese prison camp deaths is not known, it is assumed to be approximately one year.

Nurse Times Higher

On the other hand, the number of American prisoners of war in Japanese camps are dying at a rate roughly equal to that of the American civilians of all ages at death rate of 100 per 1,000 per year.

Although the number of time spanned by the Japanese prison camp deaths is not known, it is assumed to be approximately one year.

Rescue From Axis-Made Ruins

The soldier is bombing Sicily now that it's precisely all in ruins, and this wrecked stone house was one of the points hit at Palma Di Monteleone. An American soldier is carrying an Italian boy out of the ruins.

160,000 CLAIMED TOLL IN HAMBURG

Translated into mortality rates, this means American army men would have died at the rate of 96 per 1,000 in Japanese prison camps.

Contrasted with this is the fact that disease took a toll of 0.7 per cent of the total number of prisoners of war in this country last year at home and abroad.

The number of American soldiers killed in the last year of the war is estimated to be 100,000. The number of American soldiers killed in the last year of the war is estimated to be 100,000.

The number of American soldiers killed in the last year of the war is estimated to be 100,000.

Practice Flights Mark CAP Drill

Three practice observation flights were the concluding feature of the civil air patrol drill at municipal airport yesterday.

The CAP plans during these maneuvers were led by Lt. Col. Durrill and Joe Donohue.

Other activities were held in military drill and discipline and ground handling of the aircraft.

Potato Forecast Slumps in Idaho

BOISE, Aug. 16 (AP)—Decline of 120,000 bushels from the July 1 forecast was predicted in the Aug. 16 potato production estimate for Idaho.

The crop of 43,250 bushels was estimated by Richard O. Ross, regional crop specialist. The report attributed the production decline to retarded development due to adverse growing weather, particularly in the lower Snake river valley area.

No Entrants yet In Trustee Race

Approximately 100 voters made candidates to file for the annual Twin Falls school district election to be held Tuesday, Sept. 14.

P. Stettler, clerk of the board. No candidates have filed to be filed for the trustee race.

Join Air Forces, Bott Asks Youth

BOISE, Aug. 16 (AP)—Asserting that the army air force program for the youth is the best way to get into the air, Gov. Bott today urged youth to join the air force.

Gov. Bott said that the air force is the best way to get into the air. He urged youth to join the air force.

DUCE'S FALL HURT U. S. WAR EFFORT

CLEVELAND, Aug. 16 (AP)—"Good news from the battlefronts is being accompanied by a decline in war production," said Gen. Leonard P. Joyce observed today.

Gen. Joyce said that the fall of the Duce's fall hurt the U. S. war effort.

Marksmen Ranks Go To Fairfield's I.V.R.

FAIRFIELD, Aug. 16—At a recent meeting of the I.V.R. the following ranks were announced: Marksmen, J. E. Packham, Nevil Brooks and Clifford Holloway; expert riflemen, Harry Durrill, Charles Packham, Albert Thurgood, and marksmen, Charles Packham, Nevil Brooks and Albert G. Purkin, Jr.

FAIRFIELD

James Whitaker, a member of the merchant marine, is spending his furlough with his parents, Mr. and Mrs. John Whitaker, 115 N. 1st St., Fairfield. He is on his way to the Pacific fleet.

Harry Durrill, Harry Durrill attended a pre-induction training course meeting at Boise on Wednesday.

Six Fliers Killed In Forest Crash

DUBOIS, Aug. 16 (AP)—Forest rangers disclosed today that six fliers were killed in the crash of their B-24 bomber against a mountain in the Washington national forest in western Wyoming.

The wreckage of the forest wreckage was found after a small forest fire. The wreckage was found after a small forest fire.

Named Fire Chief

BOISE, Aug. 16—R. L. Gillett, a resident of this community for 20 years, has been appointed chief of the fire department at St. Helena, Ore., according to word received here. Gillett worked 10 months on the fire department at St. Helena, Ore., before filing the position vacated by the former chief entering the army.

A message from the United States Treasury about

YOUR WARTIME TAX DOLLARS

THE American people have accepted the highest tax bill in the history of the country with splendid patriotism and cheerfulness. The Treasury Department of the United States feels that an explanation is due them in turn—feels that they deserve to be told why, when and how their tax dollars are vital to winning this war and the peace that will follow.

As a taxpayer, consider these facts:

Our government is currently spending 240 million dollars each day, almost all of it on war, and this figure will increase materially as the war continues. About a third of that amount is being raised through taxes. Those tax dollars are as necessary for weapons with which to defeat our enemies as are dollars raised through the sale of WAR BONDS. Hence, when you pay taxes today you are definitely and directly contributing to victory.

And, at the same time, your taxes actually help to maintain your own purchasing power *now*—and prevent disaster to your country *after the war*. Here's how:

Billions of Dangerous Dollars

Every time your cost of living advances, you are paying a tax on your income. If your cost of living should double, you would pay a tax of 50% on your salary, wages or other income. But it would be a tax that wouldn't benefit our fighting forces, our government or anyone else—except Hitler and Hirohito.

Now—to prevent such a concealed tax on your income from taking place—isn't it good sense as well as sound patriotism to pay your government taxes of 20% on *part* of your total income—or more, if necessary?

And your taxes *do* help prevent just such a price rise! How? By taking part of the billions of dangerous dollars which otherwise threaten your living standard and putting them to useful work, winning the war. Those billions of dangerous dollars, you know, represent the difference between the income the American people will receive this year and the amount of civilian goods that will be made in the same twelve months. If taxes were lower, prices would tend to rise, and your real income would be reduced by just that much.

Keeping the America He Knew

There's another reason why your high taxes help your country in wartime—and really a much more important one to you. Your tax money is helping to win the war now—but it's equally essential to winning the peace and keeping the America that boy knew before he went into the armed forces.

All the industrial power, all the inventive genius and productive capacity of this country would not bring back a busy, prosperous America that we know if a drastic deflation followed victory. And, as surely as the sun that rises in the morning will set at night, a deflation would follow an inflation brought about by failure to tax ourselves realistically now.

So, next time that tax burden seems heavy to you—think of these facts. Remember that your tax dollars are helping to pay for victory now—that they are in there fighting for your living standard now—and that they are working to keep our country's financial structure sound for that boy now in the armed service, for all your family, and for you in the years of peace to come.

SOME QUESTIONS AND ANSWERS ABOUT YOUR TAX BILL

Q. How much of my federal tax payments is being spent on war and how much on so-called "normal" expenditures?

A. About 96% of your tax payments are currently going to pay for direct war expenditures. Only one dollar in every twenty-two you pay, therefore, goes for all other federal expenses, most of which are indirectly to aid the war effort.

Q. How much of the total war bill is being paid currently out of taxes?

A. A little over one-third.

Q. Is this proportion higher or lower than in England and Canada?

A. Lower. Both Canada and Great Britain are paying approximately half of their war expenses through taxation.

Q. Is there any way other than taxes and war bonds by which the government could finance our share of the war?

A. There is. The government could borrow from the commercial banks,

which would put even greater spending power in the hands of the people—thus creating a basis for inflation.

Q. Is there any other advantage in financing as large a share of the war bill as possible through taxes?

A. Yes—and a very real one to you, the taxpayer. All the bills for the cost of the war must be paid sooner or later through taxation, but if paid currently, from taxes, there will be no interest charge to mount over the years and provide an extra burden for you to carry.

Q. So far, so good. But don't you think taxation is unfair in the way it distributes the burden for all this?

A. On the contrary, and we believe you will agree if you think it through, that taxes are the fairest, most equitable way to pay for the war. That's because Federal Income taxes are levied on *ability to pay* for something that all of us need and must have—victory now, a sound America later.
