Wanks Crush Jap Counter-Assault On Bougainville

By BYRON C. TAVES ALLIED HEADQUARTERS, Southwest Pacific, Dec. 13 (U.P.)—American troops have repulsed a small but sharp Japanese counter-attack on Bougainville and Australian forces have captured New Guinea, killing 100 enemy soldiers, Gen. Douglas MacArthur's communique said today.

The fight at Bougainville occurred last Thursday night 200 Japanese tried unsuccessfully to send 100 U. S. lines at the theater end of the Enmea Augusta Bay beachhead on the northern Solomons Island.

The futile attempt cost the enemy heavily, a dispatch from William F. Halsey's headquarters said, while an American patrol the same day killed 12 Japanese from a patrol of 25, losing only one man.

Australian troops on Bougainville pushed against enemy forces from positions at the mouth of the Enmea river to the north and Kalia, beyond captured Bougainville, beyond eight miles from Tunchiachen.

Battling in heavy rain and changing the enemy from dusk until dawn, the Australians pushed a mile past the Enmea river to the north.

A month's lull in fighting in the Enmea river valley 100 miles north of the Enmea river, which had been broken by bitter patrol clashes, the communique said.

Japanese were killed near Kexai, 25 miles south of the enemy coast at Bougainville, while Australian cavalry and Japanese patrols killed near Glodo, 35 miles west of Bougainville.

Australian-bomber bombers ranged on a 200-mile route from the Enmea River, all port on Bougainville, and off big explosions and fires among refineries and storage areas.

The German communique also mentioned the capture of the Enmea River, which was reported on the west bank of the Enmea, a tributary of the Enmea River, near the mouth of the Enmea River and flows to the northwest.

In the battle of the Enmea River, where the Russians announced the capture of Chertkovo, northwest of Kievograd, and the taking of other populated places, a DNR broadcast from Berlin reported that the red army had broken into the red front at several points in the past few weeks.

Another German news broadcast spoke of powerful tank-supported forces attacking Kievograd, indicating a deep thrust had been made partly holding the city.

The German thrust had been repelled by Soviet armor, which was reported as having been repelled by German anti-aircraft guns.

In the northwest of the Kievograd sector, the Germans, who admitted yesterday that the Russians had broken into the Enmea River station in Chertkovo, declared that they had captured the station in a counter-attack.

Life Prisoner Demands Trial; Gets the Chair LOUISVILLE, Ky., Dec. 13 (AP)—Federal Judge Shackelford today sentenced to life in prison H. Robinson, Jr., to die Friday, March 10, in Kentucky's electric chair for the murder of a New York woman, Mrs. Alice Speed Still, Louisville, in 1934.

The 26-year-old former Louisville, Tenn., law student won a jury trial after he obtained a writ of habeas corpus releasing him from Alcatraz prison, where he had served a life term for a 1928 murder.

There was angry talk in the senate last week from some of the southern Democrats that they were tired of being the party of the party, culminated by a suggestion from Senator Bailey, D. C., that they form their own party and seek to wield the balance of power in the senate.

Marines Bring in Prisoner

With his hands high and but scantily clad, a Japanese prisoner, one of the few taken by United States marines on Tarawa Island in the Gilberts group, is marched in. The marines took the prisoner during the fiercest fighting to capture the island. This picture made by Associated Press Photographer Frank Pilon for the still picture pool.

Specific targets were not immediately named in the eighth air force announcement, but some of the most important cities in the reich lie in the northwest territory, including Hamburg, Bremen and Emden.

It was over Bremen Saturday that the German air force sacrificed 13 of its fighters in a futile attempt to knock the American bombers from a pulverizing assault on vital docks and the center of the city.

Today's formations of Liberators and Flying Fortresses were escorted by protective fighters from a pulverizing assault on vital docks and the center of the city.

Britain's fleetless fleet of Mosquito bombers, which has been in the air for the third successive night last night in which a number of military targets were attacked, and the British bombers were reported to have been shot down by German fighters.

The navy followed a similar operation on Sunday, when the British fleet was reported to have been shot down by German fighters.

Rommel Placed In Command of Europe Defense

LONDON, Dec. 13 (U.P.)—Marshal Erwin Rommel, the erstwhile "desert fox" whom the allies chased out of Africa, has been placed in charge of the defense of axis Europe against allied invasion no matter from what quarters they may come, reports reaching Sweden indicated today.

The repeated assignment of Rommel to command all axis land forces in southern France, northern Italy and the Balkans, but a Berlin dispatch distributed by the news agency said that Rommel had been placed in command of the defense of western Europe.

But even that number may be reduced as a result of two prospective developments still in the stage today.

Specific targets were not immediately named in the eighth air force announcement, but some of the most important cities in the reich lie in the northwest territory, including Hamburg, Bremen and Emden.

Yank Bombers Smash At Western Germany

LONDON, Dec. 13 (AP)—Strong forces of American heavy bombers thundered through conventional enemy fighter planes and flak today in a new daylight assault on one of the most heavily-bombed regions of the world—northwest Germany.

Specific targets were not immediately named in the eighth air force announcement, but some of the most important cities in the reich lie in the northwest territory, including Hamburg, Bremen and Emden.

It was over Bremen Saturday that the German air force sacrificed 13 of its fighters in a futile attempt to knock the American bombers from a pulverizing assault on vital docks and the center of the city.

Boy, 5, Rescues Friend In River

BURLEY, Dec. 13—Lester Hutchinson, 15, son of Mr. and Mrs. Clyde Hutchinson, Burley, saved the life of his friend Dave Warner, 12, of 2 p. m. Sunday in the Snake River and 12-year-old Warner, north of Burley.

Warner, son of Mr. and Mrs. Wallace Warner, Burley, was attempting to retrieve a duck about down by a third boy, removed his clothing and swam to an island in the river where his friend was floating.

Hutchinson, who had been ice skating, removed his skates, slipped and slid, diving into the icy water and pulled the Warner boy by the hair of a piece where he could be lifted out.

Sherriff Paul Clark and Deputy Sheriff Fred Clark, Burley, treated the water frozen boy to the shock hospital, where he has been treated for cold and severe shock.

This morning Sheriff Clark brought a warning to hunters and skaters along the river, pointing out how heavily Warner came to losing his life in a piece where he could be lifted out.

Magyar Bears Crisis as Fear of Balkan Invasion

LONDON, Dec. 13 (AP)—A peace or war crisis, inspired in part by fear of an expected allied invasion of the Balkans, was shaking Bulgaria today, according to reports from the country.

The promised east-west-south knockout blows against Hitler, "The next 100 days" will be as important in the history of the world as the 100 days before Waterloo, declared Lord Strachey, chief labor whip in the house of Lords, in a speech yesterday at Luton.

Official advisers today reported three fighting along the entire coast of the Morava river, which is three miles north of the Morava river, through Orinog to Guadalupe on the slopes of the Matila mountains which have risen to 8,000 feet in places.

The new limited gains by Gen. Bernard L. Montgomery's war in the face of strong enemy counterattacks.

Headquarters announced that 8,000 German prisoners have been taken in the last 24 hours, and that the German High Command considered the defense of western Europe "in the face of a strong enemy counterattack."

Hard Battle For Marshalls Seen

WASHINGTON, Dec. 13 (AP)—The Japanese were expected to have heavily reinforced garrisons in the Marshall Islands, and to have already strongly fortified bases at the Marshall Islands.

Despite the sustained American bombing attacks on the Japanese bases, enemy air strength there has increased, indicating that reinforcements have been sent.

Observers here emphasized that the Japanese were expected to have heavily reinforced garrisons in the Marshall Islands, and to have already strongly fortified bases at the Marshall Islands.

# How much does it cost to bomb Berlin ?

**SUPPOSE**, in the dusk of an English evening, 1,000 huge bombers soar over the Channel and head for Berlin.

By the time those planes return to England, their motors will have consumed 2,400,000 gallons of gasoline!

The cost . . . of the gasoline **ALONE** . . . will be more than \$380,000.

To pay for the gasoline used on **ONE** such raid, 95,000 Americans would have to invest at least 10 percent of their next pay check in War Bonds!

You get a big kick out of reading about those 1,000-plane raids. You know that such raids, if repeated often enough, will soften up the Axis. But . . .

What are **YOU** doing to help *pay* the cost of those raids? (In addition to the gasoline they use, it costs Uncle Sam **TWO HUNDRED MILLION DOLLARS** to build 1,000 4-motored bombers . . . plus the cost of training the 10,000 men who make up their crews!)

Modern war is expensive business . . . its cost runs into fantastic figures. 30,000,000 American wage earners are now putting an average of 10 percent of each pay check into War Bonds every pay day . . . but still *it isn't enough!*

Our air raids on the Axis are increasing in frequency and intensity. When land operations really get going, the cost will be staggering.

More and more Americans must join the Pay-Roll Savings Plan . . . more than those already in the Pay-Roll Savings Plan must begin to jack up their War Bond purchases . . . must start to invest more than 10 percent!

Remember . . . War Bonds are the finest investment in the world today. You get back \$4 for every \$3 you invest. And . . . the more War Bonds you buy now, the quicker the Axis will be licked . . . and the less the war will cost in the long run.

Think it over. And every time you're tempted to put a nickel in something you don't absolutely need—put it in War Bonds instead!

### CAMP PROBE MAY DELAY EXCHANGE

WASHINGTON, Dec. 13 (UP)—The Japanese government has refused to exchange any more allied prisoners held in the Philippines and Spanish diplomats investigate conditions in the internment and detention camps for Japanese and Japanese-Americans in this country.

The Spanish diplomats represent Japan here.

The Japanese, it was said, are particularly anxious for a repatriation agreement in the Philippines and internment camps where such Japanese and Japanese-American prisoners have been held for more than two months. A 1939 settlement has been investigating the difficulties.

Any Can Apply

Any of the 10,000 internees can apply to return to Japan. It was understood that about 75 per cent of the Japanese have made such applications, or are members of families for which applications have been made. About 40 per cent of those interned at Tule lake are offering to return to Japan. The exchange will place an impediment in the way of the Spanish government.

Under the Geneva convention to the treatment of war prisoners, the Japanese government has the authority to make such an investigation as to return to Japan. The neutral power which is looking after the interests of war prisoners is the territory of another.

May Negotiate

The Spanish investigating, it was said, need not involve delay a third exchange of United Nations nationals with Japan, since their negotiations are always intricate and protracted. But Japan, it was said, has made clear that the exchange field could not be made until the report is received.

Two exchanges have been made in the past, the last being completed early this month when the Government repatriated 500 British prisoners in New York. The first exchange was made more than a year ago.

### China Bound

This double armed aviator has been flying for the U.S. Army. He is a member of the 48th Central Postal Directory, and is on his way to China.

### PEACE BOOM, TAX BOOST PREDICTED

SAINT LAKE CITY, Dec. 13 (UP)—A. J. Johnston, 46-year-old president of the United States Chamber of Commerce, today predicted that peace would bring the greatest boom in the history of the nation.

Johnston said he would like to see the war end by the end of the year.

He said that the war has brought a boom in the steel industry, but that it has also brought a boom in the automobile industry. He predicted that the war would bring a boom in the construction industry, and that it would bring a boom in the textile industry.

### FOR AIDE FOR 2 DECADES PASSES

WASHINGTON, Dec. 13 (UP)—Martin H. McIntyre, secretary to President Roosevelt throughout Mr. Roosevelt's nearly 33 years in the White House, died today at the age of 85.

McIntyre resounded to long-standing illness at the home of his daughter, Mrs. Fred Warren.

A native of La Grange, Oldham county, Ky., McIntyre had been associated with President Roosevelt more than two decades, serving as his publicity representative during the vice-presidential campaign of 1920.

Prior to that, McIntyre was a newspaperman in Louisville, Ky., Asheville, N. C., and Washington. During the first World War he served as a special assistant to the secretary of navy on public relations.

McIntyre was employed in public relations work in Washington until he became business manager and publicity representative of Mr. Roosevelt's presidential campaign in 1922.

### Gen. Tito, War's Mystery Man, Was Once Village Blacksmith

YUGOSLAVIA, Dec. 13 (UP)—An ENGLISH VILLAGE, Dec. 13 (UP)—It was always "Gloved Brovich" back in Klatovo, for "Gloved" means "mister" and the village smith was a respected man.

Tito's first name was General. He was a Yugoslav partisan army, and Brovich has come a long way from the forge at Klatovo.

Marin, a shy, Yugoslav girl, told the story of Brovich in this village where the man lives. Standing in the doorway of her cottage, she said that she had kept her secret a long time, but now that her daughter is using the name she knew of General Brovich.

Marin is a Croatian. She came from Klatovo, which is near Zagreb where Josip Brovich was born 40 years ago.

"I remember Josip Brovich standing in overalls at the front door of his blacksmith shop chatting with neighbors," she said. "I remember now the exact time his shirt stuck in his slacks and he could see his firm muscles and hear his clear laugh. He always came out and talked to his neighbors."

"When we children called, 'good morning, Gloved Brovich,' he would shake his head and smile at us. He would say 'good morning' to the school with his eight-year-old son, who used to pull my hair."

### BOY, 15, HELD IN SLAYING OF GIRL

GILDED RAPIDS, Mich., Dec. 13 (UP)—David Pallas, 15-year-old high school student, was charged today with the slaying of a girl.

Pallas, a student at Gilded Rapids high school, was charged with the slaying of a girl, 15-year-old Patricia Winters, 15, indicated that she had been murdered after insulting an instructor with the youth.

The girl's body, buried almost beyond recognition, was found Saturday in the charred wreckage of the boy's automobile, and authorities at first believed her death accidental. Young Pallas was found in a dazed condition, suffering from a fractured neck and shoulder.

Prosecutor M. R. Bolt, Gilded Rapids, said the case was a "tragedy in the flesh of the girls' throat, bright enough to have shocked her to death."

Assistant Prosecutor Arnold Levanovsky of Kent county said the case was turned to such an extent that Young Pallas could not have lived if he had remained in the Levanovsky family.

The youth, son of Mr. and Mrs. John R. Pallas, Gilded Rapids, was charged with the slaying of Patricia Winters, 15, in a hospital under technical charges for some time.

"I am sure he will always fight for the good people," Marin said. "He was a straight man. You always knew where you stood with him. It couldn't be both ways with him. It couldn't be both ways."

### Missing Bride Returns After Amnesia; Was in Twin Falls

BOISE, Dec. 13 (UP)—After a mysterious three-day disappearance which she blamed on amnesia, Mrs. Greta Goren, 27-year-old Mrs. G. Goren, today had returned to Boise and her soldier husband.

Mrs. Goren, former secretary to John W. Davis, 1924 Democratic candidate for President and former resident of Oceanic, Long Island, N. Y., disappeared Thursday after telephoning her husband, Sgt. Joseph A. Goren, Gwynedd field, that she would meet him in 30 minutes.

When she failed to appear, a search was begun. No clues were found. Yesterday, however, Mrs. Goren called her landlady and told her she was in Twin Falls, and was taking a bus home.

On her arrival she told police that she had left the IFCO club in Boise to meet her husband Thursday, but that on the way her mind went blank.

She said she remembers getting off a bus in Twin Falls and registering at a hotel. Next day, she said, her memory returned but she added that she was bewildered and started in Twin Falls Sunday morning she went to a movie. She said she consulted a priest who told her she was all right and advised her to return home.

Sergeant Goren and Mrs. Goren were married three weeks ago in Oceanic, S. I. She had been in Boise only 11 days.

BOISE-PAYETTE MILL CLOSURE  
EMMETT, Ida., Dec. 13 (UP)—Approximately 150 men were laid off with the closing of the Boise-Payette lumber mill for customary winter repairs, said Carl Lyman, superintendent. The plant will reopen in February. Workers are being referred to other jobs through the U. S. employment service.

### Rites Honor Herd Group's Fieldman

GOODING, Dec. 13 (UP)—Funeral services for Clarence R. Knutson, 41, Gooding, were conducted at the Thompson chapel with Rev. W. A. Warner of the Baptist church officiating.

Mr. Knutson was born Nov. 21, 1902, in Burien county, Wis. On Nov. 8, 1922, he married Edna LaPorta. They moved to Gooding from Alameda, Calif., in 1938.

Mr. Knutson has been Dairy Herd Improvement association fieldman here since 1937. He had been in the post for the year and had been a member of the Gooding hospital for 15 days before his death at 11:30 a. m. Tuesday.

Survivors include his wife, Mrs. Leona Knutson; two children, Glenn Robert, 8, and Carol Jennie, 4; and six brothers and sisters: Gordon Knutson, Meridian; Lonis E. Knutson, Cumberland, Wis.; Robert Knutson, Ladysmith, Wis.; Carl Peterson, Winton, Minn.; Ben Knutson, Alameda, Wis.; Mrs. Doris Reese, Duluth, Minn.

Burial was in Gooding cemetery.

### School Bonds at Carey Hit \$3,248

CAREY, Dec. 13 (UP)—\$3,248.23 has been bid by the 175 Carey grade and high school students, in the third war bond drive, which began on Sept. 20, and ended Nov. 15.

The bonds, the highest ever sold in the county, were sold at \$1.05 in the high school. In the grade school, the figure was \$1.04 with a total of \$487.50.

By class and grade, the amounts are as follows: first and seventh, \$240.00; third grade, \$135.40; fourth and fifth grades, \$219.90; sixth and seventh grades, \$246.50; eighth grade, \$487.50; freshmen, \$474.00; sophomores, \$123.25; juniors, \$145.45; seniors, \$406.20.

### HAGERMAN

Emerson Pusnitz has returned from Chicago, where he attended a meeting called by Judge Preston, in regard to the local state government in respect to postwar problems. Each state was requested to send a representative and Mr. Pusnitz was chosen Idaho delegate.

Mr. Don Covens, Arlington camp, P. O., is spending a fortnight with his parents, Mr. and Mrs. Leon Covens.

Mr. and Mrs. E. L. Chaplin received a letter from their son, Pfc. Roger Chaplin, Jr., saying he had arrived at his destination somewhere in the south Pacific. He is a mechanic in the marine corps.

## How to recognize a Cat Cracker

1. Ordinary cracking methods yield a base stock gasoline of about 76 octane. Catalytic cracking yields the same amount of gasoline, but of a much higher grade. For the catalytic acts as a "molecule imprinter" — allowing only those petroleum molecules which have high engine performance value to "get by."

2. Ordinary cracking methods yield a base stock gasoline of about 76 octane. Catalytic cracking yields the same amount of gasoline, but of a much higher grade. For the catalytic acts as a "molecule imprinter" — allowing only those petroleum molecules which have high engine performance value to "get by."

3. What this increased performance will mean to our armed forces now, and to your automobile after the war, goes without saying. But to put the catalytic cracking method into operation requires a tremendous amount of plant. For example:

4. Finally, we'd like to make one more point. This 100 octane plant represents an investment of \$40,000,000. But the U.S. Treasury didn't have to put up a penny. We dug up the money ourselves without any help from Government subsidies. We're rather proud of this, of course, but the fact that we could do it is far more important than our personal feelings.

For it points up a principle that has had more to do with our country's war production record than any other influence in American life. That principle is the American system of Free Enterprise. Because of this free, competitive system every American business, large and small, has been encouraged to develop faster and as fast as its abilities would take it.

Consequently, when war came, companies like Union had already developed the "know-how," the resources and the capacity to convert to military production without a hitch. As a result, our nation has been able to do the greatest job of war production ever accomplished by any people in history. We believe that's something to think about.
