

Yanks Open New Italian Drive on Main Rome Road

ALLIED HEADQUARTERS, Algiers, Jan. 7 (UP)—With grenades, machineguns and small arms American troops fought over the drenched stones of San Vittore and assailed three bitterly contested strongholds in the fortified village today as the fifth army pressed its offensive all along the 10-mile front straddling the Via Cassinia to Rome.

Attacking almost along distances through the snow-covered mountains, the Americans stormed the strong defenses built by the Germans to cover the key town of Cassinia, six miles south of San Vittore. The Yanks captured the 3,500-foot peak of Monte Malto about a mile southeast of Cassinia and the miles northwest of Venevia.

Supply Line Cut
The seizure of Monte Malto under a hail of German artillery and mortar fire cut the German supply road from Cassinia to San Vittore near Venevia.

The Americans who entered San Vittore from the northeast and southwest had taken more than half the town and now were driving on three clusters of gray-tiled stone buildings where the Germans had barricaded themselves.

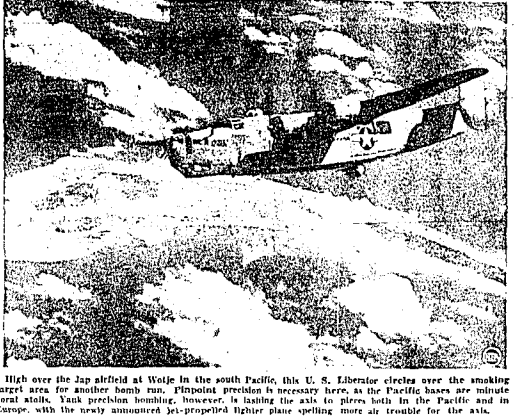

It is a mountainous fight with the Germans refusing to give them an inch.

The Yanks had to creep up the hillsides, lose rounds through the apertures and wipe out the defenders.

Moody Attack
San Vittore is about 20 miles up the road from the village of San Pietro captured by the Americans once they overtook the German and fierce battles of the Mediterranean front.

While the Americans fought on one pillbox-converted hill to another, the British on their northern leg of the 10-mile front pushed an attack at Rocca d'Ardenza, capturing 12 to 15 prisoners for a two-day fight of 126.

U. S. Precision Bombing

High over the Jap archipelago at Wolfe in the Pacific, this U. S. Liberator circles over the smoking target area for another bomb run. Precision bombing is necessary here, as the Pacific bases are minute coral atolls. Jap precision bombing, however, is taking the toll in lives both in the Pacific and in Europe, with the newly announced jet-propelled fighter plane spelling more air trouble for the axis.

Rocket Plane Yank Push on Borgen Costing Japs Heavily

WASHINGTON, Jan. 7 (UP)—The imminent prospects of new super-planes, capable of traveling between 500 and 600 miles an hour—and especially of new warplanes that may hasten victory—was raised today with the official announcement that a secret, jet-propelled allied fighter soon will be in production.

Existence of the new fighter was disclosed last night by the U. S. Army Air Corps and the Royal Air Force in a joint announcement that was an explicit declaration of range, altitude and speed.

It said that several hundred successful flights with the jet-propelled fighter had already been made and abroad, "many of them at high altitudes and extreme speed and all without a single mishap."

Spread Not Disclosed
While the announcement carefully withheld mention of exact speeds, the London Daily Mail said the new plane probably would have a horizontal speed of between 500 and 600 miles an hour. Few, it says, current propeller type planes have attained that range, although they have exceeded it in vertical dives.

The principle jet propulsion on which the new fighter works differs from the rocket principle, in that it does not rely on the combustion of solid fuel, but on the combustion of liquid fuel.

It is a jet-propelled machine is (Continued on Page 2, Column 1)

HOSPITAL EARNS APPROVED RATING

For the first time in its history, Twin Falls county general hospital has earned an approved rating from the American College of Surgeons.

The hospital, which received the rating on Friday, shows that the Twin Falls institution is now one of 14 on the approved list in Idaho.

The rating comes as a culmination of steps taken by the hospital since its opening in 1937.

The hospital is now one of 14 on the approved list in Idaho.

13 GAMES IN A ROW A Big 7 Conference Fives to Be in Action

Unless the weather interferes, 13 basketball games will be played in the Magic Valley tonight—a record number for the new season. A 14th game, between King Hill and Bruneau, has been cancelled because of the prevalence of illness at the latter place.

Two Big Seven contests are on the program. These games will send the Bluffs Indians, who have four straight victories and no defeats on their record for this season, against the Tigers at Jerome, and Coach Art's Pioneers at Pocatello, where the Wildcats will endeavor to break their seven-game losing streak at the expense of the Senators.

The three other Big Seven schools are in action. The Rupert Pirates will journey to Oakley to meet the Hornets in the second of their four-game series. The Pioneers will play their lone victory of the season against the Hornets last week. This game, like the previous conference, will not count in the standings.

Reynolds at Burley. The Hornets will be the Burley Bobcats' guest. The Bobcats haven't won in only one defeat of the season. Another game which should attract interest is that between the Aqueles and the Indians' court. Malt had the Indians a surprise defeat in a previous game.

Twin Falls Bruins will entertain the Big 7 game, with Murchach leading the Bruins in a preliminary battle.

Other games on the schedule show Richfield at Dietrich, Hollister at Blackfoot, Gooding State school at Blackfoot, and the Pioneers at Burley. Three games are slated for Saturday night, Castelford playing at Kimberly, where an "outlaw" game will be played at a preliminary attraction, and Dietrich will journey to Bellevue.

King Hill Wins Third Contest

KING HILL, Jan. 7.—King Hill galloped into third victory in four games by defeating Mountain Home tonight, 24-18, here last night.

King Hill experienced little difficulty in winning, jumping into an 8-4 lead at the end of the first quarter and holding it for scoreless while rolling up eight points in the second. Each team scored eight points in the third quarter.

Robbery, King Hill's star forward, rang up six field goals, white woods, scored, got four field goals, Albano and Doering each had three field goals for Mountain Home.

King Hill's game with Bruneau, scheduled for Friday night, has been postponed.

The tabulated score:

King Hill	24	18	10	10
Mountain Home	18	10	10	10

Albano, J. J. and Carl Warner.

Bingham Grid Rules Chief

NEW YORK, Jan. 7.—William J. Bingham, graduate manager of athletics at Harvard University, in the army, has been named chairman of the football rules committee and a meeting of the group held here and called within a month to consider possible code changes.

Bingham, whose school was the first to give the gridiron sport its name, is a lieutenant colonel and stationed with the first service command in Boston. He will be asked to come some time on rules problems despite his military duties.

He succeeds the late Walter R. Oakes, Lehigh university, who died last fall.

E. C. Kricker, Ohio university, was the only newcomer named to the committee and was appointed secretary. O. Badger, the New York university president whose tenure as president of the National College Athletic Association is from the duration, said his organization would hold tournaments in the various sports feasible, and where the limitations of travel restrictions, lack of manpower and shortage of facilities can be overcome.

Hoppe Leads

RANAS CITY, Jan. 7.—William Hoppe, world's three-cushion billiard champion, and Walter Cochran, San Francisco, spent their last night, but the title was gained his lead in their 1,000-point non-title match.

"You're going to see a big battle," Hoppe said.

MAGIC VALLEY'S CAGE PROGRAM TONIGHT

Nampa, Victor Over Pocatello, Caldwell, Plays Bruins Tonight

The team that beat the Bruins who beat the Bruins will be the Bruins who beat the Bruins. The team that beat the Bruins who beat the Bruins will be the Bruins who beat the Bruins.

CAGE SCORES

MAGIC VALLEY
King Hill vs. Mountain Home 24-18
STATE HIGH SCHOOL
Nampa vs. Pocatello (two overtimes)

Another Richards

That team if the Nampa Redskins. And they'll come here with a score to settle—

That score being the lopsided affair that the Bruins played last fall.

Nampa, like the Caldwell Cougars, is on a desperate swing of the Big Five circuit, which the Bulldogs opened Wednesday night by smacking over the Pocatello Indians, 25-23.

Pocatello defeated the Bruins in their opening conference game here before the Christmas holidays.

Big 5 Standing

Team	W	L
Nampa	1	0
Pocatello	2	1
Caldwell	2	1
Twin Falls	0	2
Bruneau	0	2

Note: Caldwell has defeated Nampa, and Boise and Nampa have won from Caldwell but these games did not count in the standings. The games that do will be played later.

Nampa, up to last night, owned the victory gallery over the Cougars in eight contests. However the game did not count in the conference standing, it was something of an exhibition affair.

However, the game was a conference triumph over Halliday's aggregation, won down to defeat before Pocatello last night. The score was 23-27 with the Indians winning in the second overtime.

However, the game, which came within four points of beating Caldwell, may be set to spring an upset and none could be more palpable to finality than one over the Bulldogs.

He probably will open the game with the same line that showed so well against Caldwell.

Murchach will meet Coach Stanley Mettler's Cubs in a preliminary game.

JURY WILL PROBE 'HOPKINS LETTER'

WASHINGTON, Jan. 7.—The justice department has announced a grand jury investigation of a letter which President Franklin D. Roosevelt has directed the justice department to investigate.

The letter, bearing Hopkinton name, "HOPKINS LETTER," was written by the Republican presidential nominee this year.

The letter was made public by C. Nelson Sparks, former mayor of Hopkinton, N. H., and editor of the Hopkinton Free Press, in republishing the letter, called for an investigation by the FBI.

Assistant Attorney General Tom C. Clark, in announcing that the grand jury investigation will begin next week, probably Wednesday, said Sparks had received the letter from the justice department.

Sparks wrote the justice department, Clark said, that "he would like to have it before the grand jury."

Sparks was the justice department, Clark said, that "he would like to have it before the grand jury."

AWARDS BANQUET WILL BE JAN. 21ST

Fourth annual Twin Falls community awards banquet will be held Friday, Jan. 21, at Legion hall, it was announced Thursday by the Chamber of Commerce.

The banquet will see presentation of the Chamber of Commerce awards for outstanding community service in 1943, according to Verle Moore, Jaycee co-chairman of the year.

Moore and Bill Garrett, co-chairman, announced that toastmaster at the annual civic event will be Henry Bennett.

Chief speaker will be announced soon. Moore said, and ticket sale will be started as soon as the tickets are printed. In the last three years since the community service award was inaugurated, total tickets to be sold will be limited.

The community awards, sponsored by the Jaycees, will go to recipients selected by a civic committee not connected with the Junior Chamber of Commerce. Nominees are now being made by organizations in the community committee will then offer the candidates to make final choice.

Names of winners will be kept secret until presentations are made during the banquet on Jan. 21.

Ladies of the Flirt class of the Jaycees which will serve the dinner this year.

In addition to the community awards, the national Jaycees meeting will be awarded to an outstanding young man of Twin Falls. That winner, too, will be kept a secret until he receives his medal.

YANKS IN FAVOR OF WORLD POLICE

By HILMAN MORIN
NAPLES, Jan. 7.—An overwhelming majority of American fighting men in Italy favor creation of an international police force to maintain world order and would be willing to serve in it, according to a poll taken by the U. S. Army in Italy.

What they fear far more than anything is that the majority of the poll may be lost at the peace table.

Several hundred fifth army troops, at the front and in rear areas, as well as sailors and air force personnel were questioned.

Overwhelming Yes Vote
Less than five per cent of the poll takers expressed the belief that the United States could or should continue its post-war policy to the defense of its own borders.

The poll said that as a matter of self protection the United States should accept international agreements to maintain world peace.

There was virtual unanimity even among the isolationists that it will be possible for the big four (U. S., Britain, Russia and France) to organize and operate a cooperative police force.

Such statements included: "I'm not a fighting man, but I think things in this war. It seems to me we have to keep on our toes until we win, and then we can see what we've gained but not a few years later."

Middle of Road View
The middle of the road view was expressed by Mr. Chester Graham, a Brownsville, Penn., and Pvt. Edward Vreeland, a New York City, who thought that "we could keep tabs on what's going on without necessarily making any alliances or committing ourselves too far."

Kenneth Compton, Pittsfield, Ill., said, "I was not sure of it, but I think it's a good idea. The solution for peace, said Mr. Robert Taylor, Kalamazoo, Ind., "is for the United States to handle this whole show."

As for serving in the proposed international police, most of the men returned positive answers which were qualified with "I don't mind a single American unit would have to stay abroad more than six months a year at a time."

Crop Goal Boost
Told at Session
BIOHONOR, Jan. 7.—Increased production goals for 1944 were named by state agricultural officials at a joint meeting of Blaine and Lincoln county AAA committees here Wednesday. Full attendance of both county and community AAA committees was reported by Lloyd Lusk, secretary of the Shoshone AAA office.

Outlining food goals for 1944, officials said that increased acreage in wheat, beans, dry peas, alfalfa and all other crops must be made. A small reduction will be made in potato acreage and no increase was asked in livestock goals. An increase in hogs and beef cattle would require staggering dairy feed production to too great an extent, the agriculturists said.

Meeting with the community and county committees were: Drexel Watson, a member of the state AAA committee from Boise; Andy Wall, Blaine, field man for the war production board; and Evans, Blaine, in charge of the field work in the engineering department of the AAA, and Stanton Richardson, Blaine, field man from the state war board. County AAA chairmen were William Hatcher, head of the AAA office in Blaine, and Leonard Bridge, Lincoln AAA chairman.

Lions See Tricks Of Army's "Judo"

The principles of Judo, a combination of Judo and commando tactics, were demonstrated by Sgt. Jesse L. Rainbolt at a meeting of the Twin Falls Lions Club Wednesday. Rainbolt is provost sergeant and has been stationed in Twin Falls since last February.

The guest-speaker was introduced by Program Chairman Frank Vice-President Gordon R. Tobin presided in the absence of O. J. Bohne, Lion president.

Adj. William S. Luke was a guest of his uncle, Dr. O. T. Luke.

Probate of Will Asked in Petition

Petition for probate of foreign will in the estate of Margaret L. Kuykendall, who died last July 21, has been filed in probate court by J. H. Barker.

Property involved is land lying north of Caldwell which is valued at \$7,000.

The will leaves all the property to the woman's husband, E. V. Kuykendall. She survived only two days and two daughters, Judy and Joan, also survived.

Mr. Barker said the hearing is at 10 a. m. Jan. 26. J. H. Barker is attorney for the petitioner.

OPA Consultant

HARRY VOGEL
Who has been appointed OPA consultant for Idaho. He will transmit findings to the Washington OPA office (staff photo).

Several hundred fifth army troops, at the front and in rear areas, as well as sailors and air force personnel were questioned.

Overwhelming Yes Vote
Less than five per cent of the poll takers expressed the belief that the United States could or should continue its post-war policy to the defense of its own borders.

The poll said that as a matter of self protection the United States should accept international agreements to maintain world peace.

There was virtual unanimity even among the isolationists that it will be possible for the big four (U. S., Britain, Russia and France) to organize and operate a cooperative police force.

Such statements included: "I'm not a fighting man, but I think things in this war. It seems to me we have to keep on our toes until we win, and then we can see what we've gained but not a few years later."

Middle of Road View
The middle of the road view was expressed by Mr. Chester Graham, a Brownsville, Penn., and Pvt. Edward Vreeland, a New York City, who thought that "we could keep tabs on what's going on without necessarily making any alliances or committing ourselves too far."

Kenneth Compton, Pittsfield, Ill., said, "I was not sure of it, but I think it's a good idea. The solution for peace, said Mr. Robert Taylor, Kalamazoo, Ind., "is for the United States to handle this whole show."

As for serving in the proposed international police, most of the men returned positive answers which were qualified with "I don't mind a single American unit would have to stay abroad more than six months a year at a time."

CUTBACKS IN WAR PRODUCTION SEEN

WASHINGTON, Jan. 7.—Cutbacks in the production of small arms, bullets, non-combat pliers and anti-aircraft equipment were predicted by the office of War Information Thursday.

The decreases will be more than offset by boosts in warplanes and anti-aircraft equipment, the OVI said, and "no considerable curtailment for the purpose of resuming civilian goods production will be scheduled for 1944 until the European war ends in June or July."

Production of Temporary
"Until then, whatever resumption of civilian goods production will be subject to all time to a return to military production when required," said the OVI report. The document was the first comprehensive account of production curtailment from official sources.

Arms production in 1944 is to be the per cent greater than in 1943. This is due to a cutback, after previous decreases have estimated a total of 20 to 25 per cent.

The navy's 1944 program will be 100,000 more ships—10,000 more than in 1943, with production maintained at about the rate achieved last year.

Naval Building Set
COWI reports that the navy in the three-year 1945-47 plans to build more than 500 combat vessels, 1,000 patrol and auxiliary vessels and more than 50,000 landing craft.

Naval ships and naval planes will be delivered in 1944, with shipbuilding alone reaching the record total of \$2,000,000,000 in 1944.

Car Owners Must Sign Gas Coupons
A plan requiring that gasoline ration coupons must be endorsed is issued by Mr. C. H. Anderson, chief clerk of the Twin Falls ration board.

"Recent checks have shown that there has been considerable neglect in this feature of compliance," said Anderson.

The rules require that the license number and date of registration be written in ink on each "A" coupon. The same rule applies to "B" and "C" coupons, with exceptions.

In cases where coupons are issued for a first and last use, the first designation must be written on the coupon in the case of commercial vehicles which are not have a first designation.

Those questioned that ink must be used on the endorsement.

Ketchum Men at Shooting Scene Of Crosby Film

HAILEY, Jan. 7.—R. B. Asher, Clyde Gower, Duke Blackman and Aquilla Cutler, all of Ketchum, are on location with the Paramount Motion Picture company at June Lake, Nev., about 50 miles from Reno.

The new film Crosby picture is originally scheduled to be filmed north of Ketchum, because of the lack of snow had to be transferred, is taking shots there.

Woolmen to Study War Adjustments

BOISE, Jan. 7.—Woolgrowers at their wartime gathering in Boise, Jan. 17 and 18, have much to consider, stated H. H. Souder, president of the Idaho Wool Growers association.

In the present war effort, the sheepman has accepted his position seriously, as a provider of meat and wool, but many uncertainties and impracticalities must be met.

Through official channels are interesting. To point out constructive, practical adjustments on these issues in sound and in the patriotic duty of producers, added Souder.

Committee meetings are scheduled for the evening of Jan. 16, 17 and 18. It is expected that a good report will be delivered from all parts of the state will be in attendance for the 51st annual meeting.

Cassia AAA Meet
BUHLEY, Jan. 7.—Cassia county community AAA committees will meet all day Saturday, Jan. 8, at the court house to discuss 1944 farm production goals. H. A. Shaw, Jr., county AAA chairman, announced. Meetings will begin at 10 a. m. in the county extension office.
