JEROME, Jan. 18.—The annual election meeting of the North Idaho Pumping group was held at the offices of the canal board at Jerome Monday, with A. O. Varnes, Elmer, re-elected president of the district No. 3. Varnes will serve on the board for another three-year term.

Charles W. Barlow, Hazelton, also re-elected to represent district No. 3, and serve as first vice-president of the board. Other board officials are: J. E. Gaudin, Jerome, second vice-president; Charles H. Weller, Jerome, secretary; J. E. Gaudin, A. Flukeburg, Hazelton, superintendent; and H. E. Shepherd, Jerome, treasurer.

Members include John Hohnstader and Ralph Barlow, Hazelton, and Eugene W. Barlow, Hazelton.

A financial report given by Robert E. Gaudin, indicated that the company is in excellent condition. Reports were also given by Flukeburg on operation and maintenance of the company over the past year, and by Hohnstader on the losses of D. Hendry, superintendent of the canal.

"We were happy because of lack of loss of water," Gaudin explained. "This year, with a larger budget and the fact that the government is now more liberal and more men, we should be able to do considerable work in northern wood country."

# First Dentist in Twin Falls Dies

BURLEY, Jan. 18.—Dr. James M. Rogers, 74, Twin Falls' first dentist, died at 3 p. m. Monday at the Twin Falls county general hospital, where he was taken on Jan. 2 after he had suffered a hip fracture in a fall at his home in Burley. He had been in ill health for several years.

Dr. Rogers was born May 15, 1869, in Texas county, Missouri. He came to Idaho in 1887 when only 18 years of age. For a time he was employed in sawmills and on April 21, 1892 married Miss Minnie Burdett in Burley.

After studying and receiving his license as a dentist, he began practice in Bellevue, later he moved to Shoshone and from there to Twin Falls in 1904, shortly after he had founded of the townsite. He practiced in Twin Falls until 1937 when he moved to Burley, with the exception of six years in Coeur d'Alene, where the remainder of his life here.

Dr. Rogers' early practice was as a pioneer work. He drove from Shoshone to Clifton, Perry, Hagerman, Hottel and Mountain Home in a stagecoach, and later in a motor car. He also practiced at Miller during the construction of the dam there. His chief hobby was his garden and flowers. He was a member of Baptist church at Burley and the Burley O. E. Lodge.

Dr. Rogers leaves his wife, Mrs. Minnie Rogers, and seven children, Mrs. Katie Rogers and J. Edgar Rogers, at home; Myron Rogers, Burley; Mrs. G. S. Burdett and Mrs. Florence Dwyer, Twin Falls; Mrs. Mattie Rogers, Grange Park, Ore.; and Mrs. L. A. Rogers, Los Angeles, a brother, John Rogers, and a sister, Mrs. L. A. Rogers.

The body rests at the Albersson funeral home, Burley, pending funeral arrangements.

# U. S. WORK DRAFT ACTION DELAYED

WASHINGTON, Jan. 18.—The house military committee today postponed indefinitely consideration of national service legislation requested last week by President Roosevelt.

The action, Chairman May, D. K., explained after a meeting held closed doors, does not preclude future consideration of such legislation, under which the services of men and women would be subject to government call.

"We desire to hold it in abeyance for the time being pending further developments," May told reporters.

The senate military committee, he explained, already has arranged for hearings on the legislation and the house group could avail itself of information gathered by that committee if it desires to consider the bill later. Indications were, May said, that the house committee would call for hearings later to determine the need for the legislation.

# Welcome these Soldiers of Victory!

**T**HE "shock troops" of your Government's 4th War Loan Drive—a drive that must raise \$14 billion to put the punch behind the punch that may make 1944 the date of doom for the Nazis—will soon call on you to buy your personal quota of Bonds. For, of the \$14 billion that must be raised in this Drive, \$5.5 billion worth must come from individuals.

Welcome these American men and women—5 million of them—who are not only buying their share of Bonds but are giving their time to call on you, personally.

Every office, every plant, every home, every individual in America has a quota to meet. Your personal quota is *at least* one extra \$100 Bond. That's *above* your regular Bond buying.

If possible, buy your extra Bonds during this drive at the *plant or office where you work*. A volunteer Bond worker will sell you there. Otherwise, welcome him to your home when he calls. Or find one in the thousands of retail stores all over the United States. They want to find you—you must help see that they do.

If you are unable to make your purchases from a soldier of victory *be sure* to go to one of these other special War Bond stations to buy your *extra* Bonds:

## Bomber Wasn't Named for Times-News: Title too Bulky!

JEROME, Jan. 18.—First Lieut. Joe L. Barber, pilot of one of the heavy bombers participating in the Alamo Island raid, said in a recent letter to relatives in Jerome that he might have christened his new ship after the Twin Falls Times-News, but the name seemed a little lengthy.

Lieut. Barber is now stationed in England and took part in the heavy bomber raid over enemy territory which claimed lives of many U. S. airmen. Two of Barber's crewmen were responsible for shooting down five enemy planes in the big engagement according to the communiqué from the Eighth air force command received here.

Lieut. Barber was believed to have been the only Twin Falls youth to have been in that raid.

Oregon State Graduate

He is the son of Dr. and Mrs. Fred A. Barber, Twin Falls, and attended school several years in Twin Falls. He graduated at Oregon State college, Corvallis, Ore., and at the time he entered the air force was an employee of the department of grazing, U. S. department of agriculture, in Oregon.

He is a nephew of Sheriff Lee S. Johnson and Mrs. Johnson, Jerome, and has two brothers in the service. Tom Barber, an submarine duty and Max Barber, in the radio division.

He was home a year ago last August and has been in service about two years.

The 28-year-old lieutenant said in a recent letter to his relatives here that he received from friends the suggestion to christen his bomber after his hometown newspaper, but that the name somehow didn't "fit."

"Why couldn't the editors have picked a shorter name for the paper?" asked Barber. So he and his crew have been discussing naming the ship, "Barber Shop" or "Barber's Clipper."

At the time he wrote the letter, Jan. 1, 1944, Lieutenant Barber said he was "two-thirds" finished with his mission assignments.

Not More Baited

"I don't think that the people back home really realize just the way we are fighting here. It isn't just to call on mission raids; they are air battles, and are fought on a greater scale than even the wildest dreamer could have imagined a few years back," he declared.

"It's a tough war and from what I've seen, the German pilots are good and they have some neat planes. The pilots and their crews have plenty of guts," he continued.

He said that he received a pass to leave the station once in a while and went in to London. Declaring in his opinion that the English girls don't look as well as the American girls, Barber said: "They are shorter, squatter and don't quite have the 'underdog' of the American girls."

REFORMS NEEDED IN IDAHO PRISONER HANDLING

Editor, Times-News:

Mr. Fred Munyon's letter in the Forum regarding the Johnston case is very justifiable. In this state, and others, is very much a joke of late years, except that it is too serious to be a joke.

We very definitely need certain reforms. Courts should give a definite sentence (no "one to 15" stuff). There should be an established and definitely followed rule of a certain percentage of time off for good behavior.

There is no need and should not be for a "parole board" as now practically meeting frequently, reviewing the cases of all the vicious criminals that came from a promiscuous or most frequently a maniacal position, accomplishing nothing constructive but rather increasing or destructing the work of enforcement officers and courts and wasting a great deal of tax money.

Paroles should be given only when new and irrefutable evidence of innocence comes up, by the legislature in its session, or if not by the governor and a board (committee) of the legislature, and only on recommendation by the court which handled the case, or possibly by a certain amount of petition by those interested most vitally by the case at the time.

Paroles if found necessary to relieve overcrowded penitentiary conditions, should be handled by the same committee and require the approval and recommendation of the warden.

There's my views.

It is said here in this land of liberty that we have a free press and free speech but I am like Roy Porter who said few weeks ago it was mostly imagination. I think that Roy is right. But here goes.

I see by your paper that Duncan McD. Johnston is free and some of your Forum writers have made comments on it. While I never have been on a jury here in Idaho I have been on them in other states before I ever saw Idaho. And the judge would tell us his charge that a man was not guilty until he was proven guilty and the proof was on the state and if there was any doubt the benefit of the doubt should go to the defendant.

If your paper printed the facts at the time of the trial I think it did. The only thing the state proved was that there was a man by the name of George O. McD. who was a live man but was now dead. This other stuff was just a side show. What a good jurymen wants is facts.

It has long been known in history that when one man comes out with a little different philosophy it is better for one man to die than for all to perish. When a man goes to homicide on the name of this or that stuff he wants to take his shoes off and step softly. For this is holy ground.

### GOES TO BOSTON

BURLEY, Jan. 18.—Melvin Chesley, son of Mr. and Mrs. A. M. Chesley, Jr., Burley, left for Boston after being home on a leave. For the past 18 months Chesley has been in the south Pacific. Mr. Chesley is accompanying his son as far as Chicago where he will go to Cranston, W. Va. for a month's stay with friends and relatives.

At the time he wrote the letter, Jan. 1, 1944, Lieutenant Barber said he was "two-thirds" finished with his mission assignments.

## U. S. STANDARD OF QUALITY LOOMING

NEW YORK, Jan. 18.—Growing interest in standards and increased regulation of quality by definition on the part of government agencies are trends of growing importance in postwar plans, industrial experts say.

Bernard L. Oser, director of the Ford research laboratory, says in the current issue of Industrial Standardization that the trend is unmistakably away from the old principle of "let the buyer beware" to a new "let the seller beware."

An increasingly important aspect of standardization now relates to the definition of identity, quality, durability, performance. Features which define what the purchaser is getting for his money," Oser says.

"The largest buyer in the country, the United States government, has established a collection of some 1,600 federal specifications which stand as a prototype of what can be done not only in the industrial field, but also in the consumer field."

Irvin D. Wolfe, vice-president of the Kaufman department store in Pittsburgh, also predicts a wide use of standards after the war.

Wolfe, who is chairman of the American Standards association committee on ultimate consumer goods, suggested that much research must be done to establish test procedures by which articles can be graded for the guidance of purchasers. He also suggested that a dictionary of trade terms be compiled so that a common understanding can exist among the manufacturer, distributor and consumer.
