SOLONS SEEKING COMPROMISE ON MUSTER-OUT PAY

WASHINGTON, Jan. 20 (AP)—Senate and house military committees undertook today to compromise a two-billion dollar difference of opinion over discharge payments to members of the armed forces.

The house cut senate allowances by approximately one-third yesterday in a noisy session in which advocates of even higher payments were shouted down at every turn. Despite the uproar, the final house action was unanimous, Jan. 20.

When the senate previously voted discharge pay running from \$200 to \$500, the house balked at men and women with less than 60 days service and \$500 for those discharged after a longer period. It also eliminated payments for officers with more than 60 days of basic pay, (furling allowances to the rank of captain), where the senate would have paid payments throughout the rank of full colonel.

Chairman Max Baucus of the senate military committee estimated the senate's version would cost \$5,000,000 compared with \$2,000,000 for the house. The senate majority leader, Charles McNary, told reporters he thought the senate minimum allowance was "too low, but another member suggested that his name not be used at this time, said he thought "the house has a better bill."

FOR MEDINA CENTER
WASHINGTON, Jan. 20 (AP)—President Roosevelt centered at length today with President Ismael Medina of Venezuela. He had a state dinner in honor of Medina last night.

\$200,000,000 Purchase Sends Bond Total to \$327,526

SHARP BATTLE ON SUBSIDIES FOR SHIPS

WASHINGTON, Jan. 20 (AP)—Administration spokesmen today said a last-ditch fight to save President Roosevelt's \$1,000,000,000 food price stabilization program today as the opposition of senate debate was set tentatively for tomorrow.

The administration absorbed a preliminary setback yesterday when banking committee approved a bill by Senator Bankhead of Alabama, yesterday, 10 to 9, to liquidate the food subsidy system by June 1, but the measure faces a flood of amendments from the floor to cancel and modify the plan.

Democratic Leader Barkley, Ky., at the start of the debate on the legislation, it contended on disposition of the revenue bill by tomorrow, the food subsidy system would be liquidated and the food price stabilization leaders would throw their weight behind an amendment by Senator Baucus of Montana, to strike out the subsidy repeal—ending the food price stabilization program by the house two months ago—and substitute a provision to extend the food price stabilization program and other federal agencies authority to spend up to \$200,000,000 for food price stabilization in 1944.

\$2,000,000 Fire Hits Army Depot

ATLANTA, Ga., Jan. 20 (AP)—Fire of undetermined origin destroyed two buildings at the army ordnance depot at Conley, Ga., here today, and caused damage officially estimated at between \$2,000,000 and \$3,000,000.

The depot public relations officer announced that the fire was immediately begun on orders of Col. R. L. Gaudier, commanding officer of the depot, and that the fourth service command ordnance base shop and a warehouse.

Fire departments were summoned from Atlanta, Marietta, and the adjoining army service area and a fire was announced. There were no casualties.

Baby Pants Top Complaints List

WASHINGTON, Jan. 20 (AP)—The office of civilian relations is getting more complaints about the quality of wartime waterproof baby pants than any other civilian item. Austin Grimsley, civilian survey director, told a faction group 70 percent of the complaints registered in a national survey were about the quality of the material used in the pants as a substitute for rubber.

Grimsley said the last 26 per cent of the quality of elastic tape, another complaint of the survey. The Women's Relief produced only 50 per cent of the grips.

RUMML URGES U. S. FISCAL PLANNING

WASHINGTON, Jan. 20 (AP)—Banker Benjamin Ruml called upon Congress Wednesday to lay the foundation immediately for a national postwar fiscal policy which would insure full employment while maintaining or reducing taxes and balancing the budget.

The man who has led the historic legislative battle over pay-as-you-go income taxation laid emphasis on the importance of fiscal planning at the present time, as peace-time fiscal requirements and declared that government aid and cooperation with business are essential to achieve that goal.

Program outlined

Ruml, chairman of the Federal Reserve bank of New York, laid before the House Banking and Currency committee a nine-point program and asserted that no constitutional or technical reasons why it could not be adopted now "if it makes sense" are called for.

1. Appropriations for "edificious and economic" care of worthwhile activities to accomplish national purposes "and not for spending for its own sake" or for the sole purpose of supporting participating groups.

2. Lower tax rates to the point where they will balance the budget at an agreed level of employment.

3. Standardization of taxes with use of the surplus, at times of high employment, to reduce the national debt.

4. Retention of the principle of progressive income taxes and estate taxes, but low rates on the individual income tax "to stimulate consumption and to make possible investment in new enterprise on a business basis."

5. A planned public works program "not to balance the whole economy but to help toward stabilizing the construction industry."

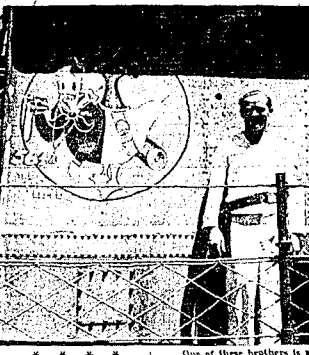

6. Revision of the social security program to balance the rates and benefits of the old age security program, and to fix unemployment insurance "so that income and outlay balance at high levels of employment."

7. Retention of the "important" excise taxes for the time being and "get rid of the rest."

8. A foreign loan program so arranged that "it will support rather than contradict fiscal policies adopted to strengthen our domestic economy."

9. Reorganization of the federal government's fiscal affairs to provide "clarity in policy, consistency in administration and cooperation between the executive and legislative branches."

Brothers Have Varied Jobs

One of these brothers is aboard a submarine chaser and the other in the air corps. Top, Pharmacist State Jack Cooper standing alongside the unique Donald Duck insignia of his sub-chaser. The insignia shows Donald Duck carrying a bomb. Jack can be seen below in "564th, the Bronx Express." Bottom, First Lieut. Robert Cooper, now at McClellan field, after receiving promotion. Both are former business and family residents. (Staff Engravings)

CURRENT BUDGET UP; INDIGENT CUT

JEROME, Jan. 20.—Increase in the current expense total but a drop in the charity and indigent aggregate are shown in the 1944 proposed budget approved by the county board of commissioners, according to County Clerk Charlotte Robertson.

The budget is subject to reductions, but not increases, as of the annual hearing starting the second Monday in February.

Current expense increase is \$3,164.85, although all will not be spent. Its estimate exceeds actual needs. As in other counties, the current fund climb is necessitated by greater costs of all materials and labor.

This being election year, the sum of \$2,500 was allowed in the budget. The cost of the election for the year 1943 was \$2,554.85, but an allowance was made for some possible increase.

The alternate years are somewhat lower. The cost of the official bonds for the year 1943 showed an allowance of \$1,083.75 for that item. The \$700 item for gravel and maintenance was allowed for the road from the Twin Falls-Arizona highway to Shoshone falls.

A considerable increase is noted in the budget for food rationing which is explained in the budget notice.

The charity and indigent budget was set up in the amount of \$13,200. The budget proposal on this item last year was \$14,500 but there was only an expenditure of \$13,200 in the amount of \$9,416.62 for the year.

In compiling the 1944 budget figures, Mrs. Robertson reported that the books for 1943 show an average of \$12,106 under last year's estimate.

A budget was set up at about \$41,000 and warrants were written for about \$41,000. Full details will be shown when the budget is advertised.

Mrs. Robertson reports the totals of fees collected as follows: Clerk-student, \$2,250.00; sheriff, \$2,100.00; probate judge \$1,500.00.

River island is the most densely populated state, with 50.5 persons per square mile.

It May Play a Tune but Court Is Not Musical

WASHINGTON, Jan. 20 (AP)—Music may have charms, but to the defunct U. S. court of customs and patent appeals, a toilet paper holder is just a toilet paper holder even if it contains a music box that plays "Whitey White and Blue."

This nice piece of judicial interpretation was occasioned by the filing of Thoresen, Inc., New York City, which imported the "toilet" from Switzerland.

Thoresen wanted the court to rule that the paper towels—labeled as a music box at 20 cents each and valued at a machine at 27 cents—were not a machine at 27 cents, but a toilet paper holder at 23 1/3 cents.

The court, bristling aside possible esthetic considerations, ruled sternly that "the article at bar" was designed for the bathroom, was useful only three times, and, "only when there is a decision to operate the roll."

The duty was set at 33 1/3 per cent.

Foreign observers do not like the "toilet" paper holder.

We need men's ladies', children's clothing—shoes, sweaters, suits, dresses. Bring in good, worn apparel for immediate cash!

SOVIETS STIRRED BY "PEACE" STORY

MOSCOW, Jan. 20 (AP)—The relationship between Russia and her allies, Britain and the United States, was the biggest single topic of conversation in the Soviet capital today and the subject has the whole town jittery.

Pravda's peace rumor story Monday had developed as the biggest political news in Russia since the beginning of the war, excepting perhaps the Tehran conference.

Persons who might not have attached much importance to Pravda's publication of the Cairo dispatch concerning a reported meeting of two British and two Soviet ministers, Joseph Stalin and Winston Churchill, were changed their minds. Now they see Russian news importance to it.

Foreign observers do not like the "toilet" paper holder.

WORK ACCIDENTS TOP WAR LOSSES

WASHINGTON, Jan. 20 (AP)—Individual accidents since Pearl Harbor have taken more American lives than the guns and bombs of the enemy, the Office of War Information reported today.

Accidents have killed 37,000 workers—3,000 more than untimely combat losses of the armed forces—and have disabled an additional 4,100,000 persons, or 68 times the number of fighting men wounded or missing in action, OWI said in a survey of accidents in war plants.

Huge Loss

Pointed down to production loss, OWI said, the industrial casualty figures represent a loss of 200,000 man-days a year, the equivalent of withdrawing 900,000 workers from production lines for a full year. The mishaps cost employers an average of \$32 a year for each worker on their payroll and accounted for four times more lost man-hours than did strikes.

The report cited a "second front on safety" as a solution to the industrial accident problem, asserting that safety engineering experience and good design "will do the bulk of all war accidents can be prevented."

Planning Important

Accident rates were said to have risen spectacularly in those plants where management and labor had pooled resources and used "government-industry facilities" to operate against unsafe factors.

The OWI survey was based on information obtained from various government agencies, management, individual war plants, and labor organizations.

SONS OF DOCTOR IN SEA, AIR UNITS

JEROME, Jan. 20.—First Lieut. Robert Cooper and his brother, Pharmacist State Jack Cooper, former Butte and Jerome residents, are both serving their country in highly different branches of service.

They are sons of Dr. and Mrs. G. H. Cooper, former Butte and Jerome residents. Dr. Cooper was a pioneer physician and surgeon in Jerome, both are former business and family residents. (Staff Engravings)

PUBLIC'S STRESS ON AIR LOSS HIT

WASHINGTON, Jan. 20 (AP)—Public opinion polls indicate that the American public is more concerned about the loss of aircraft than about the loss of ships, according to a survey conducted by the War Relocation Authority.

The survey, which was conducted by the War Relocation Authority, found that the American public is more concerned about the loss of aircraft than about the loss of ships. This is because the loss of aircraft is more visible and more immediate than the loss of ships.

Explanation of the delay that had been made by the returning bombers and the collection of reports difficult already has been made.

Message Made Public

The department decided, however, to make public part of the message concerning the matter. Among other things, this message indicated that the American public is more concerned about the loss of aircraft than about the loss of ships.

FR PRAISES AIMS
OF COOPERATIVES

WASHINGTON, Jan. 20 (AP)—President Roosevelt said Wednesday that he is proud of the contribution that the cooperative organizations throughout the world will make to the years of peace that lie ahead.

Mr. Roosevelt's message was read to an evening session of the conference on international cooperative movements which opened Wednesday at the University of California under the sponsorship of the Cooperative League of the U. S. A.

The conference also was told that expansion of consumer-owned enterprises has placed in the hands of the people the tools to fashion their own destiny if they use them.

CASTLEFORD

Mr. Beale Morganthau has gone to America Plains to visit the home of Mr. Hill, for an indefinite time, according to the local press.

He'll Bomb Axis

Observations are contained in a reply made public by the War Relocation Authority today, to inquiries about the delay report on the Jan. 11 mission where the 13 German fighters in the air and the successful bombing of the Luftwaffe.

Explanation of the delay that had been made by the returning bombers and the collection of reports difficult already has been made.

Message Made Public

The department decided, however, to make public part of the message concerning the matter. Among other things, this message indicated that the American public is more concerned about the loss of aircraft than about the loss of ships.

KAISER ASKS FOR PEACE TIME PLANS

CHICAGO, Jan. 20.—Henry J. Kaiser, famed builder of dams and bridges, urged the head men of the nation's cities tonight to draft plans for building up school, hospital and hospital and rebuilding streets and slums when the war ends.

He reported in a speech prepared for the United States conference of mayors, that the government and industry were preparing for the post-war era, and that municipal authorities also should do so.

"There are still slums areas to be cleared," he said. "There are thousands of miles of urban streets, now wholly inadequate to carry the normal traffic of the day. Our low-price facilities are widely inadequate. Many of our schools will be antiquated when the war ends."

He also urged the highways and water transportation authorities to meet the needs of a possible 100 per cent increase in urban auto travel.

Mr. Kaiser said that power, initiative and know-how will all be available. Kaiser said that the question of the future development can be financed.

Financing Possible
He said that a relatively comfortable financial position. He said that the government could be liquidating through inspection of debt. Ancient other projects, he suggested, a sales tax would be the cost so that it will not on all.

One Reason for the 1944 "Polio" Crusade

The tragic story of the recent epidemic of infantile paralysis when it hit Chicago is graphically illustrated in this photo of a little victim and the chart showing the rise and fall of polio cases. Much credit for lessening the toll of the epidemic—the third worst in the recorded history of the disease in the United States—was in the National Foundation for Infantile Paralysis which is supported by the dime and dollar given by the American people. Many of 1943's more than 12,000 victims are still patients looking toward the 1944 March of Dimes for aid. Twin Falls county and Magic Valley "polio" campaigns are now under way. Legion Asks Vets

In House Handle

All War Matters

The Twin Falls American Legion today endorsed a resolution at its Tuesday night meeting at Legion hall which would put all matters pertaining to World War II in the hands of the World War veterans committee of the house of representatives.

Telegrams are being sent by the post, it was announced, in the interest of legislation designed to benefit veterans of the present war being discharged from military service.

The bill, "The War Department Receipts," was shown through the committee of Charles (Chick) Crabtree and E. W. Cox.

Kenneth Strider, 3rd, fifth district commander, and Dan Brannen, commander of the hall, were guests, and a number of the Legionnaires that Twin Falls is, according to be the scene of the district convention in May.

Holmes O. Lash, architect, reported on progress in construction of the Legion's new hall.

Mr. Arthur W. Francis, son of W. V. Francis, a member, was a guest at the meeting.

ALBION'S CLOSING TERMED ILLEGAL

BLACKFOOT, Ida., Jan. 20.—The Idaho board of education doesn't have the power to close Albion Normal school or to transfer its students to other institutions. J. H. Anderson of Blackfoot, president of the board, asserted today.

His statement was made in response to recent criticism by State Sen. B. S. Thorpe, R. Jerome, who charged the board with a waste of money in keeping the Normal school open this year after enrollment had dropped to 72 students.

"The legislature of 1941 tried to move the school to Burley," Anderson asserted, "but the supreme court held the act unconstitutional."

If Albion Normal should be closed, as Senator Thorpe believes, then it is the duty of the legislature to do so and not the board's, Anderson asserted.

When their feet touched earth they were in "Shangri-la"—the forbidden land of Tibet. The novel "Lost Horizon"—and they were starting one of the strangest adventures ever to befall U. S. citizens.

They told about it today at a base-told about it like men who felt they were lucky to be alive. They had come out of Tibet on horseback in 30 days—a trip which normally takes two months. They were five of the only 19 Americans ever to visit the holy city of Lhasa. They were the only Americans since the beginning of time to visit the outpost of Lhasa, their first contact point after landing in the mountain slopes.

DECLO SETS TWO RECORDS IN BEATING KIMBERLY

Anderson's Hornets Cage 31 Field Goals

KIMBERLY, Jan. 19—Kimberly's spacious new gymnasium had two new scoring records for the 1943-44 Magic Valley basketball season stamped onto its floor last night. The new records were run up by Coach L. D. Anderson's Declo Hornets as they defeated Miss Jean Parsons' Kimberly Bulldogs, 67 to 27. Included in the 67 points, one of the marks, were 31 field goals.

CAGE SCORES

MAGIC VALLEY	Kimberly	Declo
Points	27	67
Rebounds	12	25
Field Goals	10	31
Free Throws	7	12
Assists	15	10
Steals	5	8
Blocks	3	5
Turnovers	18	10
Fouls	20	15
Time	20:00	20:00

Redskins Gain 10th Triumph

MURTAUGH, Jan. 20—Coach Ed Eddington's Shoshone Redskins gained their 10th victory without a loss here last night when they defeated the Mustangs, 41-26. The Redskins led by the way—21 at the end of the first quarter, 18-7 at the half and 25-10 after three periods.

Redskins	Mustangs
Points	26
Rebounds	15
Field Goals	10
Free Throws	8
Assists	12
Steals	4
Blocks	2
Turnovers	15
Fouls	18
Time	20:00

Bruins Defeat Filer, 29-22

Showing their top accuracy from the field this season, Coach J. Gunnar's Bruins defeated Filer, 29-22, last night.

Bruins	Filer
Points	22
Rebounds	18
Field Goals	12
Free Throws	6
Assists	10
Steals	5
Blocks	3
Turnovers	12
Fouls	15
Time	20:00

The Bruins led almost from the start and had a 4-3 advantage at the conclusion of the first quarter. The Bruins led 20-10 after three periods.

Bruins	Filer
Points	22
Rebounds	18
Field Goals	12
Free Throws	6
Assists	10
Steals	5
Blocks	3
Turnovers	12
Fouls	15

SPORTS

STRIKES SPARE!

Eight of a series by JIMMY SMITH. Klump of the Treagus. Good footwork is the basis of a smooth, well-balanced approach to the foul line. Have your feet travel in Indian style, one in front of the other.

The four-step caddy is the key to the smooth, well-balanced approach to the foul line. Have your feet travel in Indian style, one in front of the other.

Wind up in an even step on the last step. This will cause a slight dip of the front foot, with the left foot flat on the floor.

Indian style back to prevent crossing the foul line if there is too much momentum in the approach.

Perfect yourself in growing your steps so you will be able to concentrate your attention on the alley and pins.

NEXT: The straight ball.

Wendell Boxers Win Over Richfield, 6-5

WENDELL, Jan. 20—Tom Prescott made his public debut last night as Wendell high school's boxing coach and his battles came through with a 6-5 triumph in an 11-bout program with the Richfield mittmen furnishing the opposition.

All of the bouts with one exception went to a decision. The exception was in the sixth battle of the evening when Jack Nelson, Wendell, floored Budin, Richfield, twice in the first round and referee Louis Deaton, Kimberly, promptly stopped the affair and awarded Nelson a technical knockout. Nelson weighed 114 pounds to Budin's 111.

The remaining bouts resulted in unanimous decisions of the referee and the judges. Bob Childs Goodwin, and Brown, Richfield, fought the last in which Hamilton, 145 pounds, Wendell, lost to Rogers, 145, Richfield.

The other results: Harmon, 90 pounds, Richfield, outpointed Hobday, 85, Wendell. Stetson, 100, Richfield, won from Raine, 107.

Donal Jornt, District Two, where most of the fights, includes the Selway preserve and Moose creek area which has the heaviest population of elk.

Elk killed 2,308 in 1943, compared with 2,185 the previous year.

Prey hunters were in the field because of gasoline, fire, and time shortages caused by the war. Scarcity of ammunition also kept some hunters at home. As a result of this reduction in number of hunters the percentage of hunters who obtained game was greater in 1943 than in the previous season.

By District the hunter-kills figures were:

District one—401 deer, 50 elk, 17 bear; district two—1,071 deer, 1,851 elk, three goats, 22 bear; district three—2,855 deer, 158 elk, 10 goat, 17 bear; district four—4,350 deer, 10 elk, 10 goat, 19 bear. District five—2,112 deer, 284 elk.

Approximately 100 elk antelope were killed in districts four and five during a special hunt in the Lost River country for which 100 permits were issued.

District four, which had the largest deer kill, includes Minkona and

Bob Stewart, Vandals' Center Called for Induction in Army

MOSCOW, Idaho, Jan. 20 (AP)—The University of Idaho's basketball team, which put an unexpected kink in the Washington State college Cougar's tail Saturday, has lost a key man to the army and Coach Bob Stewart said he was shuffling his lineup in preparation for two week-end battles with the Cougars.

Bob Stewart, first string center and Dale Albin, alternate guard will take over the forward spot. The coach had praise for Stewart, who was discharged from the army after receiving a wound in the explosion of a hand mine. Brown, a guard, saw some action in the last State game.

Laurel Dyer is firmly entrenched in the guard berth from which he flipped 17 points Saturday, leading Idaho's Vandals to a 40-40 win. The upset dropped Washington State from first place in the northern division, Pacific Coast conference race, but failed to restore Idaho to the cellar.

Hoppe Lengthens Cue Match Lead

DETROIT, Jan. 20 (AP)—While Hoppe, world champion, continued to sweep his Detroit meeting with Welker Cochran, former champion, through a sixth consecutive billiard match, winning 50 to 25 in 22 innings. The champion won the afternoon's block 50 to 42 in 43 innings. The day's block brought match score totals to 1550 for Hoppe and 1,400 for Cochran.

11,000 Idaho Deer Bagged

BOISE, Jan. 20—Hunters killed 11,000 deer in Idaho during the 1943 season, according to a report submitted to the fish and game commission by Herman Koppes, ranger examiner. The kill was less than it was in 1942 when 13,500 head were killed.

Elk killed 2,308 in 1943, compared with 2,185 the previous year.

Prey hunters were in the field because of gasoline, fire, and time shortages caused by the war. Scarcity of ammunition also kept some hunters at home. As a result of this reduction in number of hunters the percentage of hunters who obtained game was greater in 1943 than in the previous season.

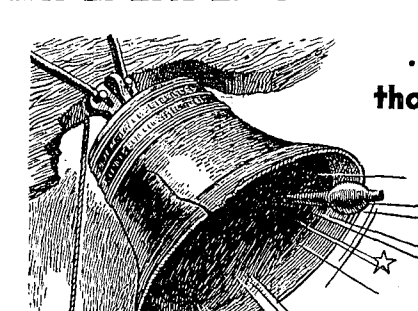

By District the hunter-kills figures were:

District one—401 deer, 50 elk, 17 bear; district two—1,071 deer, 1,851 elk, three goats, 22 bear; district three—2,855 deer, 158 elk, 10 goat, 17 bear; district four—4,350 deer, 10 elk, 10 goat, 19 bear. District five—2,112 deer, 284 elk.

Approximately 100 elk antelope were killed in districts four and five during a special hunt in the Lost River country for which 100 permits were issued.

District four, which had the largest deer kill, includes Minkona and

You Get an EXTRA INDEPENDENCE DAY

... the day you buy those extra War Bonds during the

4TH WAR LOAN Campaign Jan. 18-Feb. 15

You Declare Your OWN Independence

while you help guard your country's independence when you sacrifice to buy your 4th War Loan Bonds!

It's an opportunity to really "ring the Liberty Bell" for America . . . and for you, personally! . . . opportunity to further secure your own post-war INDEPENDENCE! . . . opportunity to help make it another Independence Day for Uncle Sam!

Let's ALL declare our American and individual INDEPENDENCE by buying at least AN EXTRA \$100 War Bond during the 4th War Loan Campaign. Let's ALL help Uncle Sam to our utmost in making this campaign the knock-out blow for Victory in '44!

This appeal is published by one of the many INDEPENDENT Idaho industries who are so vitally interested in helping Idaho achieve her 24 million dollar goal of the 4th War Loan Campaign.

Cideon Planish

Copyright, 1944, Sinclair Lewis
Distributed by NEA Service, Inc.

by Sinclair Lewis

THE STORY: Dr. Cideon Planish, who gave up his position as Dean of Kinnick College to accept the editorship of Rural Education, is invited to become a Director of the Hockett Foundation. He is particularly interested when he learns that its present executives are not cabling in sufficiently on the Foundation funds. He and his wife, Penny, plan to attend its Midsummer Conference in Chicago.

The Hockett Foundation Conference convened at the Foundation Building, and there were only 10 delegates.

At the secretarial and registrative desk of Miss Hiramene Plimrock, the Planishes met their first leaders of the organizational world. They had not experienced such hand-shaking, such a conspiracy of entrancement, since their last Freshman Reception at Kinnick.

Dr. James Severance Kito shook hands with them as though he enjoyed it. He had a broad soft red face and a broad soft white hand, and his voice was wonderful, mellow, mellow, mellow, mellow.

"I feel that you and I can do great things together," said Dr. Kito, and he went to meet his wife, said Dr. Planish.

Dr. Kito held Penny's ardent paw almost permanently. He looked at her and then he looked at Dr. Planish, and he boomed, "Right, you're O.K.!"

More satisfying, even, was the meeting with the Rev. Dr. Christian Stern, of New York, Chairman of the executive board. He was a sandy-looking man in his late 30s, dry, thin and glib.

Dr. Planish bubbled, "It's most annoying, Doctor. I'm most anxious to see you from everybody such as you to New York. We all get very restless."

"Well, well, Doctor! Is that true?" said Dr. Stern.

A crew of others, less brisk about Hockett Foundation politics yet actually more famous in the hanger world in general, made an attempt they were delighted to have. The Planishes introduced to them were Maude Jenkins, M. D., who said, humbly but pretty often, that women were better doctors than men because they weren't so hostile. There was Mrs. Natan Hochberg, of New York, who was now trying to settle a horde of violently unwilling aviation workers on the wholesome farm land.

There was Mr. H. Sanderson Sanderson-Smith, born New Englander but a graduate of Columbia and therefore refined, and now resident in the hothouse hinterland of California; book-reviewer and editor of Little Magazine, and founder of leagues for nudism, Thomlin, cricket and the black mask. He and red whiskers and a merry smile, and he had been taken for a son of Bernard Shaw. He kept on saying that he did not believe in Democracy, but he said it with such antipathy that you thought he didn't mean a word of it—that's what you thought.

But they met their real treasure in Prof. George Ritz.

The Planishes and he instantly drew toward each other, since they were so much younger than the other upstarts. Dr. Planish, 37; Ritz, 31, and Penny but 28. She whispered to her two men, "Let's shake this bunch of old dudes and make out and have a cocktail."

"Spontaneous," said Professor Ritz. At cocktail, Dr. Planish anxiously watched Penny watch Professor

MAJ. P. H. CARLSON
NOW IN NEW POST

PHILADELPHIA, Jan. 20.—Maj. Paul H. Carlson, a former resident of Twin Falls, recently took over a new assignment in the Philadelphia ordinance district as chief of the redistribution and salvage section. This activity, which is the newest phase of the army service forces, covers the disposal of material resulting from the termination or partial reduction of contracts.

Maj. Carlson has held several key positions with the ordinance department during his two years of service. He was originally executive assistant of the industrial division. Later he was assigned to the position of chief, production service branch, which he still maintains in addition to his new function as redistribution and salvage officer.

Maj. Carlson's other duties include supervision of protection equipment, planning, labor, C.M.P. and priorities, transportation, technical data, inspection gages, conversion engineering, and packaging.

Maj. Carlson, a native of Twin Falls, formerly resided at 428 Blue Lakes boulevard. He was graduated from the Twin Falls high school (1918) and the University of Colorado (1921) where he majored in industrial engineering. While in Denver, he was employed as branch engineer of the York corporation. He was later transferred to the main office in York, Penn., where he held the post of assistant manager, commercial sales division. Maj. Carlson entered the service on March 6, 1942, and has been connected with the ordinance department since that time.

GREEK CHAIRMAN EXPRESSES APPRECIATION

Editor, Times-News:

I am sending copies of this letter to you, to Judge President Charles Sieber, to Joe Kessler, to the radio station manager and to George Siga, because I want you to know the deep feeling of gratitude the Greek society of Idaho has for the excellent work you have done in the Twin Falls area in gathering old clothing to be sent to the suffering people of Greece.

As chairman of the Greek relief movement in Idaho I want to thank you in behalf of the organization most sincerely for your unselfish and untiring efforts in our behalf.

It was most kind of you to arrange for the sorting and packing of the clothing. If you hadn't been able to do so, I don't know what I could have done about it because on account of the gas shortage it would have been practically impossible for me to make the trip to Twin Falls, as much as I would have liked to, to see you all and thank you personally.

In conclusion, to you who were the leaders in the campaign and to all who helped in any way, may I say you have earned the name of Greek people everywhere. Furthermore you have earned the name of true Americans because it is this spirit of helpfulness to those less fortunate that makes us of Greek descent love our adopted country all the more.

GEORGE MORRIS,
Chairman Idaho Greek Relief Committee,
Weiser, Ida.

CITIZENS DONATE TO THEIR COUNTRY

Editor, Times-News:

The following is from page 12 of the 1942 Treasurers report of the United States, under title of "unconditional donations."

"From Dec. 7, 1941, the day upon which Pearl Harbor was attacked to June 30, 1942, 10,751 'Unconditional Donations' amounting to \$50,000.00 were received. Ten thousand and 751 donations do not represent the total number of donors because the donations of approximately 16,000 individuals were entered and listed as a single donation. For example, 7,000 employees of an aeronautical corporation sent in individual checks recorded as one donation. Checks and money orders some of which were made payable to Uncle Sam, 'My Country,' 'Dormer Fund,' 'United States of America' and President of the U. S. came from individuals, schools, fraternal organizations, labor organizations, groups of citizens, and employees in various corporations.

In many cases, employees donated one day's pay which was matched by the management. The largest donation by an individual amounted to \$25,000, and the smallest was one cent. Besides checks, money orders, cash, war saving stamps and bonds, there were donations of wedding rings, gold watches, diamonds, old coins and medals, and other relic-collectible articles."

The foregoing reflects the true American spirit of loyalty, sacrifice and devotion to our country, that its Christian civilization may be perpetuated forever under the banner of the stars and stripes. No slackers, dodgers, parasites, conscience objectors in that group.
