WAR BULLETIN

WASHINGTON, Jan. 28 (AP)—A German U-boat sank a ship in the Atlantic by planes from an escort carrier after a 37-hour battle in which more than 200 depth bombs were dropped by American forces. The Japanese reported that the U-boat was sunk. The action was not disclosed.

"RAF" Raid Leaves New Berlin Area In Sea of Flames

LONDON, Jan. 28 (AP)—Hundreds of RAF heavy night bombers touched off fires of fire in Berlin again last night in a possible coup de grace to the Nazi nerve center, previously described by Gen. H. H. Arnold as three quarters destroyed.

Great American bombers took over the assault on Hitler's Europe shortly after midnight, thundering out over the general area of the Nazi much-touted "Atlantic wall," and a U. S. headquarters announcement said that "a military target in northern France had been blasted."

The raid, in the same general area where mystery targets have been hit several times in the last six weeks, was the Americans' eighth this month and the second of the week.

34 Planes Lost

The British announcement disclosed that 15th heavy bomber group, which approached the operation campaign as "very strong," a statement borne out in the loss of 34 aircraft in all the night's operations.

Other RAF bombers hit Heligoland, the Nazis' military North Sea island fortress, while still others struck at unnamed targets in western Germany and northern France, and laid mines in enemy waters.

For all practical purposes, this latest attack in the campaign launched last Nov. 18 to knock Berlin from the war might be considered as a "limiting operation." It certainly was not considered here as the last actual planned assault against the German capital but was looked upon as one of the decisive thrusts.

Tonnage Not Told

The air ministry's communiqué did not announce the tonnage, but they approached the 1,500-ton average of all previous heavy attacks in this case. Berlin has now received and threatened to more than 18,000 tons of bombs in a little more than two months.

Swedish reports said the raid left great fires burning in the outer districts of Berlin where most of the capital's heavy industry is concentrated.

U. S. to Withdraw Aid to Argentina

WASHINGTON, Jan. 28 (AP)—Argentine technicians are being sent to the United States to aid in the reconstruction of the country after the war. The aid is being sent to the United States to aid in the reconstruction of the country after the war.

SPOKANE, Wash., Jan. 28 (AP)—Two soldiers from Geiger field were killed and one seriously injured when a fuel tank exploded at the airbase.

War Bond Total Here Pushed to \$1,345,655

Bond purchases totaling more than \$19,000 by local representatives of national campaign total in Twin Falls county Friday to \$1,345,655, according to announcement by R. J. Schwendman, chairman.

Total sales of E bond purchases were nearing the half-way mark, Schwendman pointed out, for \$451,016.76 of the total. The series E quota is \$909,000, and the county is \$22,100,000.

For purchases reported to date by local representatives of national campaign, \$1,345,655.33.

Schwendman urged early purchase of those planning to buy three months of treasury bonds, nominations of \$500 or more, because interest must be paid on the bonds when they are purchased at 100.

The chairman also urged participation on the part of those planning to attend the dance and floor show, which will be held at the Elks club, Ames and served war heroes, at the Elks club.

"Because of space limitation," said Schwendman, "only 60 tickets will be issued."

Tickets may be obtained by purchasing them at the Elks club, Ames and served war heroes, at the Elks club.

One bond is good for two tickets.

POINT VALUES OF PROCESSED FOODS SHARPLY REDUCED

WASHINGTON, Jan. 28 (AP)—There's no chance of processed foods being removed from rationing now, but point values will be lower beginning Sunday on the principal rationed items.

Price Administrator Chester B. Conner today announced that OPA might decide the supply of home-canned vegetables was large enough to warrant a "point holiday" for the commercial pack.

"The supply of processed food available for rationing is inadequate to meet uncontrolled demand," Conner said. "The indications are that there will be less available this year than last."

Supplies Move Slowly The vegetable point cut, ordered because supplies are moving too slowly to meet demand, will be as follows for popular staples:

PEACE PLANNING VITAL-STEPHAN

A definite peace program must be outlined before hostilities cease if this country is to avoid repeating errors which followed World War I. Kiwanian Frank L. Stephan pointed out to fellow club members at the Twin Falls Kiwanis luncheon.

He expressed the belief that a permanent peace might be achieved only through an international organization with the power to enforce its regulations—a super world-organization in which all nations must submit some of their powers, privileges and securities.

Falls Drive

President Ernest L. Gyer, in announcing the Twin Falls Kiwanis club as the official county sponsor for the present polo drive, called upon Kiwanian U. N. Terry, county chairman, for a report.

Terry outlined the county organization and announced the local sponsors for committees as follows: Ernest Jellison, for Twin Falls, sponsored by the local Junior Chamber of Commerce; Mrs. Adolph Mackach, Bull, sponsored by the Tams club; Dr. Chert A. Hess, Kimberly, Kimberly Committee; Mrs. Arthur Prior, Hamilton, Latawah club; Mrs. Grace Kingston, Castleford, Every Woman's club; and the following chairmen of local community drives: Mrs. Grover Davis, Piler; Mrs. Lulu Cochran, Maatigh; the Rev. W. P. Damsenfeldt, Clover; Mrs. A. E. Kunkel, Amsterdam; Elmo Thre, Ferguson; E. Henstock, Hollister; and Mrs. Elmer Parrott, Berge.

Voted Activities.
All Twin Falls theaters were reported to be working on the drive; the local Jayce organization is sponsoring the President's ball at Radio Rendezvous on Jan. 31; Kimberly will give a basketball game and dance Saturday, Jan. 29; all schools of the county are contributing by means of "time cards" and benefit games; service clubs, Granges and other organizations are likewise participating.

Terry said that last year's campaign was the most successful up to that time, but that there was every indication this year's campaign would surpass it. Following his report, Kiwanians voted a substantial donation.

The anniversary message of the International president, Donald B. Rice, was read by Kiwanian John D. Platt.

CHINESE RUSHING NEW BURMA ROAD

IN THE NORTHERN BURMA
JUNIOLE, Jan. 28 (Day) — Chinese troops led by an American-captured general are fighting against time and stubborn Japanese resistance in the drive to break a new supply route into China.

Rains start at the end of April and the monsoon begins about May 15, making the area hopeless for fighting. Knowing this, the Japanese, installed in carefully-built and cleverly-hidden dugouts and trenches, are contesting every inch of ground.

Ma, Gen. Sun Li-Jen, commander of the Chinese, who studied at Virginia Military Institute, took command on a tour of the Hukaw valley area of northern Burma where the Chinese gradually are prying the Japanese from their strongholds.

The objective now is the little village of Taipia-Dia on the Tan-Air river which is about 85 miles southwest of Leda, western terminus of the Leda road. Chinese troops are converging on this stronghold from three directions and its fall appears imminent.

Correspondents also visited the Yopang battlefield whose miles of trenches and dugouts were abandoned so quickly by the Japanese that they were still in place.

(The Allied southeast Asia command Thursday said other allied drives in northern Burma were making progress.)

Sterling Will Be Store's Manager

Lee Sterling, former Twin Falls resident, will become manager of the Western Auto Supply company store here Feb. 7. It was said by Roy Moore, present manager, who will become manager of the company's Boise store on that date.

Sterling worked in the local establishments for several years before leaving in 1938 to take the manager's position in the Western Auto store in Boise. He went to Boise, Nampa, and comes here from that place where he has been Western Auto manager.

The new manager owned his home here when he left and has possession of it during his absence.

Mr. and Mrs. Elwood Anderson, Bremerton, Wash., announce the arrival of a daughter, born Jan. 12. Mrs. Anderson was the former Miss Hazel Lott of Declo.

Mr. and Mrs. Ernest McArthur, Mount Pleasant, Utah, are here visiting Mr. McArthur's son, Chester, of Declo, and his daughter, Mrs. Alton Gardner, Burley.

Ed Lott, Bremerton, Wash., visited relatives and friends in Declo during the week. Lott was a former resident of Declo and was on his way to Declo to be inducted into the army.

Ramsey Will Drop Filer School Post

FILER, Jan. 28—Earl Ramsey, superintendent of Filer rural high school for 13 years, will resign his post to become manager of the L. M. Smith seed firm at Filer, effective July 1.

The local board of trustees was recently informed of the change when Ramsey announced that he would not be a candidate for that position next year. Several applications for the post have been turned

Snow Fun

Highlights

WASHINGTON, Jan. 28 (AP) — Here are some of the highlights of the Japanese on American and Filipino prisoners captured on Bataan and Corregidor, as revealed by the army and navy.

One was known among prisoners as the sun treatment—"being made to sit in the boiling sun all day long without cover."

Twelve thousand prisoners taken on Corregidor "were concentrated in . . . a square of concrete about 100 yards to the side" and kept there "without food for a week. There was one water spigot for the 12,000 men and a 12-inch hose to fill a canteen was the usual rule. After seven days the men received their first ration—the mess kit of rice and a can of sandies."

The Corregidor prisoners were forced to march through Manila. Weaker prisoners stumbled but "were cuffed back into the line and made to march until they dropped."

"There were virtually no water facilities at Camp O'Donnell. Prisoners stood in line for six to 10 hours to get a drink. They wore the same clothing without change for a month and a half. Col. Dye walked 30 days for his first bath and then had one gallon of water for it."

"The prisoners received meat twice in two months, and then not enough to give as many as a quarter of them a piece an inch square."

"To find men strong enough to dig graves was a problem."

"Men shrank from 200 pounds to 90. They had no buttocks. They were human skeletons."

"One dilapidated building was set aside (at O'Donnell) and called a hospital. Hundreds of men lay naked on the bare floor without covering of any kind. There was no medicine of any kind. The doctors had not even water to wash human waste from their patients."

At Camp Cabanatuan "on one occasion the Japanese gave the American prisoners three chickens for 500 men, and on another occasion 50 eggs for 500 men. As a result, their propaganda later told the world that American prisoners in the Philippines were being fed on chicken and eggs."

"Men were literally worked to death. It was not unusual for 20 men to die at a work detail to be worked to death. In one instance, 75 per cent were killed that way."

"Three Americans attempted escape. They were captured, beaten, jumped upon; next day their hands were tied to their backs and they were killed by ropes, so they had to stand bent forward."

"The men were kept in this position in the blazing sun for two days. Specifically the Japanese beat them with a whip, and some Filipino unlucky enough to pass that way were compelled to beat them too. If he failed to beat them hard enough, the Japanese beat him. After two days of this one of the officers was beheaded and the other two were shot."

"The chief cause of death was starvation."

"During Colonel Dye's 31 days as a prisoner of war he received \$10 in pay from the Japanese. To get this he was forced to sign a statement saying that he had received more than \$250, with clothes, food and lodging."

In, but the board has not yet selected a successor for Ramsey.

Smith said that Ramsey would take over "active management" of the seed firm in July. Mr. Smith himself plans to go to more field work.

HOW THINGS APPEAR FROM DEGLER'S ANGLE

NEW YORK—Looking back over some developments on the so-called labor front during the last 10 years

one is conscious that this program has caused a loosening of discipline or responsibility. We saw it in the organizational riots of the GPO unions

in motors and steel and in the decline of dignity in high public office and the resort to abusive language in important speeches of the day. In defense or justification of the present situation, the speaker said that the country was in a period which were bloody, it was recalled that, in their time, the great soulless corporations had hired spies

and sluggers and even private armies but obviously this record did not justify counter-measures of the same kind of men ambitious to create a strong labor organization.

This time of the year is especially trying and this is an uncommonly trying year. Along toward Febru-

ernment and the situation certainly has not been helped by a series of

supreme court decisions which flout morals and mock government by conferring on certain groups a special privilege to violate the plain edicts of the rest of the community, and the inconveniences of winter. Many never see their homes in daylight in the depth of winter except on week-ends and their daylight hours are spent under artificial

In those early days and, indeed, down to now, the tenor of many important public speeches has been intemperate and provocative rather than constructive and this tone has

been seen in reports from the political opposition. This all has had an unsteady effect on our people, although, at first, it was enjoyable as a pleasant change from the rather bumbling talk of Presidents Harding, Coolidge and Hoover. Mr. Stimson, Coolidge and Hoover, Mr. Stimson,

the other side of the strain and on the other side of the picture of war workers squandering unaccustomed wealth is the picture of families hardly able to get by after their deductions and considering the high cost of living and quartered in mis-

son, the secretary of war, recognized this result in his statement to the military affairs committee of the senate pleading for passage of a law to permit the draft of civilian labor as a means of preventing strikes and holding workers to their tasks in

production for war. Not being in politics, however, he refrained from tracing this irresponsibility back to its original causes.

The condition certainly is unhealthy but it should be curable by dignified, conscientious and able

made in the form of angry criticism of one group or class with the idea of heartening another, a method plainly disruptive and exciting.

Leadership in this terrible time should be dignified, or government cannot command respect. It should

leadership in politics and labor. Even the present government, itself, should be able to moderate its methods and language and, although, in the union, and old monuments, be honest, patient and impartial, avoiding filppancy and stridency and all exasperations of the prejudice of class and creed. It has not been so.

The mystery was solved with the recent arrest of an aged Negro "root doctor" practicing on one of the sea islands near Beaufort, B.C. "Dr. Bug," as he is called by his grateful patients, guarantees exemption from military duties for

ANNIVERSARY OF KIWANIS MARKED

DUFFL, Jan. 23.—The 23rd birthday of Kiteaux was celebrated fittingly by the Dufl club. A large birthday cake adorned the table, with President Carlson cutting it. The celebration was the appropriate time.

Past Dist. Lieut. Governor F. A. Kallakay was the main speaker. He gave to the club the following address:

"I have a few words to say to you, and I want to say objects and objectives of the Dufl club. I have been here for many years, and among other things he told them that the Dufl club was started in Detroit in 1913, and it became international in 1915. The first Dufl club in this city was started in 1919, the first club in Idaho being at Pocatello in 1920."

Dufl club was founded in May of 1920, and they have since that time been growing and still with them, E. M. Tomlinson, Roy Fall, W. R. Hambleton, and

Harry Wright, Jim Pence and David Berenter. Buhl has furnished one governor of the Utah-Idaho district, the late J. J. Boyd, and two lieutenant governors, Olin Smith and Dr. F. A. Kallusky. At present the Buhl group numbers 34, of which six are in the military services.

In the whole organization of KKK

membership of 122,000. They also have 10,000 in the military service. Kiwanis International has been recognized by the present administration for its war efforts, particularly
