

CHAPLIN INDICTED BY FEDERAL JURY

HOLLYWOOD, Feb. 11 (AP) — Charlie Chaplin dug deep today for \$1,000 bond to insure his presence in federal court for what apparently is destined to be the most lurid criminal trial in Hollywood history. His troubles began when he refused to make red-haired Joan Bar-

ry wife number four. She told her story to the federal grand jury with emphasis on the baby she claims is his, the two abortions she underwent, and her experiences with alleged peeping Toms in blue coats whom she charged with undressing her while she languished as a vagrant in Beverly Hills' model jail.

Having spent weeks listening to numerous accounts of Miss Barry's travails, the jurors threw the book at the British pantomimist who ran a pair of baggy pants, a mulatto cane and a sad smile into a multi-million dollar movie fortune.

across state lines for immoral purposes. They charged him with trying to use undue influence upon a judge who sentenced her to jail for vagrancy, and they accused him of the judge, himself, and several others with conspiring to deprive her of her civil rights.

first, on Oct. 3, 1942, "he feloniously transported and caused to be transported Joan Barry from Los Angeles to the city of New York" for immoral purposes, and that secondly he brought her back three weeks later.

counts, he could be subjected to a \$15,000 fine, 15 years in federal prison, one year in county jail, and probable deportation to England as an undesirable alien.

Issuance of the indictment late yesterday came as a stunning blow to Hollywood, which had made valiant efforts to keep its members off of the six-inch headlines, and

Chaplin and his 18-year-old bride Oona O'Neill. Miss O'Neill had supplanted the 23-year-old Miss Barry as Chaplin's drama student and had married him, shortly before Miss Barry's baby was born.

Attorney Speaks To Ruhl Kiwanis

His theme was, "you can have a just peace, or revenge, but not both." Citing historical facts which led to our present world conflict, Mr. Blandford said "several questions must be answered before there can be a lasting peace. Will Hong Kong be given back to England or to the Chinese to whom it rightfully belongs? Will Borneo, Java, Sumatra and the Dutch East Indies be al-

allowed to choose their own government, or will they be returned to the Netherlands?" Mr. Blandford briefly discussed the Atlantic Charter and its meaning.

Honoring Lincoln's birthday, Ed Manning told a few incidents from the life of Lincoln. At the close of his talk Mr. Blandford stated that

Lincoln's birthday has more meaning to him than many other dates, because "Dr. Cook, who set Booth's broken leg, was a brother of my grandmother."

During today's meeting a short bond sale was held, with a total of \$2225 subscribed. Guests of the meeting were Mr. Blandford, M. E.

BIDDLE TO PROBE PRISONER ABUSES

WASHINGTON, Feb. 11.—Attorney General Biddle today ordered an investigation of charges that prisoners at the medical center of the federal bureau of prisons at Springfield, Mo., have been subjected to brutal treatment by guards and other institutional personnel.

The investigation, Biddle said, will be conducted by James V. Bennett, director of the bureau of prisons, and a representative of the public health service. The medical center is under the joint administration of the two agencies.

Impartial observers, not connected with the government, will attend all phases of the investigation and their reports will be made public, Biddle said.

Charges of brutal treatment of prisoners were transmitted to Biddle today by Norman Thomas, socialist party leader. They were based on documents reportedly sent to his brother, Evan W. Thomas, chairman of the Senate subcommittee on the Lewis and Clark expedition, who is serving a term on charges of violating the selective service act. Biddle said he had no knowledge of the documents and did not send them to Thomas.

U. S. MENINGITIS, FEVER SHOW RISE

WASHINGTON, Feb. 11.—A record-breaking number of cases of meningitis this year, and virtually nationwide outbreak of scarlet fever affecting more persons than in any comparable period for five or six years, were reported Thursday by the U. S. public health service.

An official said in an interview the abnormal incidence of the two common infectious diseases could be attributed, in part, to wartime congestion "particularly in urban areas with more people in street cars, theaters, schools and other places."

From the beginning of the year through Feb. 5, there were 2,414 cases of meningitis reported to health departments throughout the country, compared with 1,412 for the same period last year, and higher than for any corresponding period in its records.

Throughout 1943, nearly 10,000 cases were reported in a record for a full year. The present year's cases mark a continuation of last year's outbreak, although at a much higher rate.

Scarlet fever, the situation is this:

Through Feb. 5, there were 22,431 cases reported, compared with 18,187 for the corresponding period last year—and this is the largest number for the period since 1939, when 28,192 cases were reported.

For the week ending Feb. 5, the Pacific coastal states had three times as many cases as in the same week last year.

The health service official reports indicate the disease is of a "mild" type with only slight rashes accompanying new throats, but he declared physicians should be called and cases kept isolated. He said the peak of the disease might be expected late in March.

All-Girl Cast in Play at Wendell

WENDELL, Feb. 11.—There's no shortage of male talent in the senior class at Wendell high school, but an all-girl cast is featured in their class play this year, according to Miss Lois Fletcher, drama teacher.

The play is "The Girl Who Came to Stay," a thriller mystery, tentatively set for Tuesday, Feb. 22.

This popular dramatization, which is also being produced as a motion picture under the same title, concerns seven sorority sisters and two pledges who are "out" for a week-end of carefree frivolity at a college sorority clubhouse in California's Sierra Nevada mountains. They find themselves entangled in a gruesome murder mystery, the thrilling climax of which always happens to the "other fellow."

The cast includes Norma Benson, Miss Benson, Rita Mae Hamilton, Leone Wintger, Marilyn Hansen, Zella Hansen, Marian Hovley, Donna Lancaster and Glenna Freshour.

Funeral for Wife of Soldier Monday

BURLEY, Feb. 10.—Funeral services for Dorothy Ann Peterson, 18, wife of Pvt. Harold B. Peterson, will be held at 2 p. m. Monday at the L. D. S. third ward chapel. Mrs. Peterson died Sunday evening during childbirth. Her husband arrived Wednesday from Camp Roberts, Calif. Insignia Sidney A. Larson will officiate at the funeral services and interment will be in the Burley cemetery under direction of the Burley funeral home.

Carrier Sinks Two Nazi Submarines

WASHINGTON, Feb. 11.—Sinking of two German U-boats and rescue of five others by H. M. S. Blitar, one of the first American-built escort carriers of the British navy, were announced by the British information service yesterday.

The Blitar, designed originally for a battleship and converted into an aircraft carrier, has steamed 45,000 miles in the Atlantic since the last eight months, the announcement said.

RODGERS SIGN PAIR

Head of Legion Talks in Burley

BURLEY, Feb. 11.—Twenty-four years of the American Legion's existence were outlined by M. P. Long, Idaho state commander, who gave the address of the evening at a banquet program held Wednesday night by the Burley American Legion post at the I. O. O. F. hall. More than 100 attended, including discharged veterans of this war and their guests.

Long discussed current legislation for veterans and explained what the American Legion is. Motion pictures were used in illustrating his talk.

KING, QUEEN SEE YANK FORT BASE

A U. S. BOMBER STATION IN ENGLAND, Feb. 11.—The king and queen took time out from a tour of British war industries Thursday to visit this heavy bomber base, visited the "Pew" work of the American air forces and crawled into the cockpit of a Flying Fortress to see how it worked.

The royal couple impressed officers and enlisted men alike with their knowledge of the technical side of air war and their informal with more people in street cars, theaters, schools and other places."

They were escorted around the field by Maj. Gen. James Doolittle and Col. Howard Moore, Lt. Col. The station's commander.

This is a Fortress base, but a number of Liberators were on hand for inspection by King George, who wore the uniform of an RAF air marshal.

Both displayed keen interest in United States daylight precision bombing tactics which have been employed by a German plane and Queen Elizabeth commented upon the blizzard of some of the great battles with German fighters.

KIMBERLY AND JEROME WIN TWO TOURNEY GAMES

Castleford and Buhl Eliminated in Event

JEROME, Feb. 11.—The Jerome Jaycees today had battled their way into early favoritism to win their own tournament, the 16-team outdoor event that got under way before dawn yesterday at the Jerome high school at 4 p.m. yesterday and which will continue well into Saturday night.

The Jaycees became early favorites, along with the Declo Simplota and the Mountain Hawks of Pilers, winners of the King Hill outlaws tournament, after they easily defeated their two opponents yesterday.

However, the Kimberly outlaws may have something to say about how the prize money is distributed before the tournament is over. They, too, won a pair of games, defeating Buhl, 22-10, and Burleigh, 22-14.

Two teams eliminated—Buhl and Burleigh—were eliminated in the first round of the tournament, the best game of the tournament, which was held at the Jerome high school, 22-14, and the Pilers, who came in second, 22-14, were defeated by Jerome to triumph, 28-18.

McAuliffe, Never Beaten in Ring, Retired as Titleholder

Fifth of a series by BILLY ROY, Referee and Manager

Jack McAuliffe, the "fashion plate pugilist," was the only champion in fight history who never lost a fight. He is the Dapper Dan of the ring, the most colorful and popular boxer in the world.

For 12 years McAuliffe reigned king of the lightweight and ruled with a real air. He was the actor personified.

Jack McAuliffe was born in Cork, Ireland, March 24, 1896. He spent his childhood days in Bangor, Me. It was a tough neighborhood along the water front, where McAuliffe lived. There was nothing much to do there but fight.

He fought his first fight at the age of 17 and won. He fought his last fight on New York City, 1934, defeating Bob Mace in three rounds. He retired as champion of the world.

HEYBURN, Feb. 11.—The theory of some coaches that all players are fitted for basketball received a terrific setback here last night when the Heyburn Panthers, the smallest (but the fastest) team of the six in the powerful Mini-Cassia conference clinched the championship of the loop by defeating the Declo Hornets, 41-34.

The fastest player on the Heyburn team is the center, Duane Heyburn, who has been called "the fastest" by some of the coaches. Heyburn, who is 6 feet 4 inches tall, is a power forward. He is a power forward. He is a power forward.

Although they failed to pick up but one other field goal during the first period, the Bruins did well by themselves in the second half by making 10 out of 13 tries from the foul line. They made only three

of nine tries in the first half, however.

Declo high school basketball squad triumphed over Twin Falls, 40 to 19, in the boys' gymnasium last night. The Bruins took an early 4 to 0 lead, but were throttled by the end of the first period and made only one other field goal during the game.

The Bruins victory put the Braves ahead of Pocatello for third place in the Big D conference, and left Twin Falls at the bottom of the ladder with five straight losses.

Alexander was high scorer with 16 points, followed by Olinde, Bruin center, who picked up nine points, seven of them on free throws.

RYE PRICES TAKE

SHARP LIST DROP

CHICAGO, Feb. 11 (OT) — Rye prices dropped more than a cent a bushel one time today, going to new lows since mid-January, but a mild rally late in the session cancelled part of the loss. The weakness in rye unsettled wheat and oats, although losses in the latter two grains were never large and they rallied toward the close.

Wheat closed $\frac{1}{4}$ lower to $\frac{1}{2}$ higher.
