BERLIN AIR RAID DAMAGE IS HEAVY

By JOSEPH W. GRIGG

LONDON, March 25 (AP)—Little more than 24 hours after the fallow shells of buildings and heaps of rubble remain of Hitler's capital, once again the city was hit by a heavy air raid. The scene of countless triumphal parades, the first complete and unobscured photograph of the devastated German capital has been taken.

The great mausoleum-like chancellery, which Adolf Hitler built in 1938 to perpetuate himself, and the great chancellery building, which was the seat of the German government, were hit by bombs. The chancellery was hit by a bomb which caused it to collapse. The chancellery was hit by a bomb which caused it to collapse.

City wiped out
Berlin was wiped out as I know it. The United States office at Berlin is now in a building which I covered the last two and a half years of the war. The British office, the Russian embassy building, and many others have been destroyed.

At least 25 factories destroyed or damaged, including one of Berlin's main power plants, was reported. The main offices of 21 government departments, including the ministry of the interior, were destroyed.

The British and Potsdam railroad stations and other communications facilities were destroyed.

The photographs showed that fire had swept the city through the center of the city, destroying the main offices of the government.

DEWEY ATTACKS NEWS CENSORING

NEW YORK, March 25 (AP)—Gov. Thomas E. Dewey said last night that "the stakes in this war are far too high for it to be fought in the dark," and charged that the administration was at least partly to blame because "newspapers apparently are being denied the right to print all the news."

"Important matters repeatedly have been withheld for months until they leaked out and became the subject of such widespread gossip that they could no longer be suppressed," he told the annual meeting of the New York Press Photographers' association.

Dewey, a possible candidate for the Republican presidential nomination, noted several alleged instances of news suppression and declared that "one such incident might be charged to blunder; two such incidents begin to lay the unpleasant suspicion of administration policy."

Cites Plane Disaster
"Only now," he said, "do we learn, because it leaked out, of the shooting down of 23 transport planes and the killing of 410 American paratroopers in Sicily, eight months ago. Even after a presidential broadcast, we still know precisely nothing of what really happened at the much-heralded conference in Tehran."

Dewey said that he could understand why certain news of a military nature should be withheld, but that the "events of which I speak have not been suppressed to keep information from the enemy so much as to keep them from our own people."

Dangerous Policy

"When we find the state department requesting the British cabinet to suppress political news sent to American papers by American correspondents abroad, it begins to amount to a deliberate and dangerous policy of suppressing the news at home."

Four-Battle Vet Cuts Red Beard To Please Niece

One of nearly 300 men who grew "magnificent" beards while their ship was on its five-month "cruise" of the Aleutian islands, Robert G. Wright, Murtaugh, boasted to his biographer that he was one person who did not have his hair and curling locks off upon arrival back in the United States.

"I'm single, and I can do as I please," said the 22-year-old youth who enlisted in the navy in February, 1941, and was at Pearl Harbor when the "cruisers" of the Japs' sneak attack Dec. 7.

But the black-haired, red-bearded sailor didn't reckon on the whims of a favorite niece at Murtaugh.

Filer Woman General Eisenhower's Classmate

"LITTLE IKE" Mrs. Earl Ramsey, Filer, center, was a freshman at Abilene, Kan., high school in 1909 when the now famous Gen. Dwight D. Eisenhower, commander-in-chief of all allied forces in the European theater, was a "Little Ike," as he was called then, even though he was two inches taller than "Big Ike"—white brother, Edgar, who was also a senior—pictured at the left as he appeared in the high school annual for that year, a prized possession now of Mrs. Ramsey. At right, he is seen as he is today. (Left and center pictures, staff newspaper.)

Classmates Predicted Eisenhower for Professor (P. S., He Was a Good Cook)

FILER, March 25.—What did Dwight D. Eisenhower's classmates think he'd become?

Dr. Cecilia Curry, who wrote the class prophecy for the 1909 graduating class at Abilene, Kan., high school, remembers what she wrote about the man who's now supreme commander of all allied forces for the coming year.

"I thought she forecast him as professor of history at Yale."

Filer Woman Classmate, Mrs. Earl Ramsey, Filer, brought that desirable bit of information to light from her Abilene high school annual of 1909, a possession Mrs. Ramsey keeps as a prized possession because she was a classmate of the future general. She is a freshman at Abilene when Eisenhower was a popular member of the senior class.

The class prophecy, says Mrs. Ramsey, was written by Dwight Eisenhower, who was a freshman at Abilene when Eisenhower was a popular member of the senior class.

Large Gatherings Hear Evangelists

Drawing record congregations in their first appearance in Twin Falls, the Abilene evangelistic party will hold its fourth regular meeting at 8 p. m. today at the First Christian church, the Rev. Mark C. Cronenberg, pastor, announced.

This morning's services are also to be conducted by Raymond L. Albert, head of the nationally known evangelistic party, who is using as his sermon topic, "The Greatest Moment in the World."

"Little Ike," now a couple inches taller than "Big Ike," is our best historian and mathematician. President of the Abilene football, football, 97, 98; basketball, 98, 99.

Mrs. Ramsey, who was in the same history class with the now famous general, recalls that he was one of the school's best historians, never anxious to recite, but when called upon replied quickly and with correct answers.

MEN REJECTED IN 1ST DRAFT TAKEN

BOISE, March 25.—In a test case conducted by Brig. Gen. M. C. McConnell, Idaho director of selective service, 22 of 29 registrants rejected from one to three times at the Spokane induction station for psychoneurosis were accepted for army and navy service at pre-induction examinations here today.

Of the 30 sent here from Nez Perce and Latah counties which normally report to the Spokane station, only five were rejected for psychoneurosis. Lieutenant Norman A. Adkinson, executive officer of Idaho selective service declared.

"This test shows conclusively that Spokane is rejecting a large number of men who would be accepted at this induction station," the colonel asserted in making public the figures.

He issued a report showing that rejections in southern Idaho at the Pocatello and Boise stations have run only 15.33 per cent as compared with 42.1 per cent for registrants from the 10 north Idaho counties examined at Spokane.

"The south Idaho percentage is high because the Boise station examined 33 Japanese-Americans, 32 per cent of which had to be rejected because of defective vision," he said.

The report added that of the 1,881 north Idaho men examined from October through February 1943 were rejected, one-fourth of the rejections were for mental and psychoneurotic reasons, counting no man twice.

"More than 10 per cent of all the

Boy Scouts Get Contest Awards

Even Boy Scouts of Twin Falls troop were given prizes for points made in an advancement contest which began four months ago, according to Scoutmaster George E. Parks. Prizes were presented by the Piggly Wiggly chain of the Methodist church, sponsoring organization of troop 61. Awards were made following the monthly court of honor and navy service at pre-induction examinations here today.

A fulfilling event was presented to Glenn Barth, high point Scout, and hunting knives, made by J. H. Blundin, went to Johnny Rogers and Dan Mulvihill. Other prizes included Scout knives, going to Ebers Oppner and Verlyn Lovings; meat kits to Jack O'Neil, Todd Padcock, Robert Blumhagen and Stanley Barth, first-aid kits to Tom Brazee and James Munn.

A. E. Pickett is chairman of troop 61.

VESUVIUS DEATH TOLL IS NOW 26

HAPLES, March 25.—(AP)—A collapsing under the weight of dust and ashes coughed up by Mt. Vesuvius have killed 26 persons, killed military government officials announced today, bringing the total number of deaths in the current eruption to 26.

The crater began hurling out greater smoke and ash this afternoon, after a 12-hour lull, and professor Ignazio, director of the royal Italian observatory on Vesuvius, told A.M.G. officials that he could "only say that Mount Vesuvius is still abnormal."

The eruption has ceased almost entirely, but Imbro died to speculate when all danger from the previous eruption would end. The eruption has caused damage unofficially estimated at from \$5,000,000 to \$10,000,000.

Reports to A.M.G. officials told of 12 persons killed in Nocera province of Salerno, and nine at Pagan, in the same province. Two children had been killed when an underground cavern, overhanged by lava, exploded. Three other persons were killed by falling brimstone at Teramo, reports to Naples provincial.

north Idaho men examined during that period were rejected as mentally unfit; that would seem to be an unduly high percentage," the selective service executive asserted.

The total, he said, was 188 men from October through February.

Four men from Latah county were rejected for psychoneurosis, one for chronic bronchial asthma and 10 were accepted in the Nez Perce group one was rejected for psychoneurosis, one for chronic bronchial asthma and one for heart trouble; with 12 accepted.

Recounting other events she remembered in the famous general's life as a boy in Abilene, Mrs. Ramsey said that he was a "very good cook and knew how to perform many household duties."

"Since his mother had no girls, she taught her six sons to do housework, and do it right," she explained.

"His mother, Mrs. David Eisenhower, was a very good housewife, still lives in her 50-year-old comfortable home on the northeast side of Abilene," Mrs. Ramsey said.

HEYBURN BOWS TO ABERDEEN: PILOTS WIN CONSOLATION

Favorites Gain State Class B Cage Crown; Glenns Ferry Downs Ucon Quintet, 59 to 39

RUPERT, March 25—A Magic Valley basketball team didn't walk off the floor here tonight with the class B state championship but the two teams that carried its colors into the big annual event did gain second and third honors to place the area in the forefront of the cage sport.

Coach Dean Croft's Heyburn Panthers, who probably form the greatest "little man's team" in the history of Idaho, went down in a consolation game to the Glenns Ferry Pilots, 59 to 39.

Coach Gene Cooper's Glenns Ferry Pilots, reversing the form that brought a first-game defeat at, overcame the highly-rated Ucon Grizzlies, 59-39, for the consolation championship and third place.

The back of the tournament, which was managed by Don Baker, principal of the Rupert high school, attracted the greatest crowd in its history, 500 to 600, who sat in the bleachers to watch the contest.

The Heyburn team, which was managed by Don Baker, principal of the Rupert high school, attracted the greatest crowd in its history, 500 to 600, who sat in the bleachers to watch the contest.

This Magic Valley quintet lost in the state crown was due to one player—Murray Satterfield, great Aberdeen center. He scored 25 points tonight to give him 82 for the tournament and an average of 27 per game for the three contests in which he played. That the district score was so high because he failed out early in the third quarter of the first contest.

The gallant little Heyburn team, whose tallest player is only five feet nine inches, played under the handicap of having its star player, Murray Satterfield, contract three hours in the first quarter in his attempt to guard the Aberdeen center. The team jumped into an 8-3 lead in the first quarter, extended their advantage to 22-12 at the half and were going away, 30-18, as the final period was reached.

Satterfield was the whole show as far as Aberdeen was concerned as he shot 10 of 12 shots, including eight points. This made Don Holmes, Heyburn forward, the second best in scoring with five field goals and two free throws.

Different Team

Glenns Ferry was a far different team on the one that lost to Aberdeen in the second game, which was a consolation game. When Friday night led to two quarters and the end of the third, there was no match for the Pilots as they took a 10-5 lead in the first quarter. They extended their advantage to 30-11 in the second. Coach Cooper sent in his substitutes in the third quarter and they had a 43-23 advantage when the period ended.

The game found Jim Strum, the Pilots' six-foot-four forward, and Joe Depp, star center, at their best. Strum scored in seven field goals for 14 points, while Depp won a 10-5 lead in the first quarter and four from the charity line to give him 24 points.

The game was rough with Ucon committing 10 fouls and Glenns Ferry 12. The Pilots overcame Ucon to 13 points, while Ucon got 11 in the first quarter.

Sophomore Wins Cross Country; 218 Participate

HUNT, March 25—Running the 12 miles in 13 minutes and 41 seconds, Ray Madsen, Rupert Pacific, coast high school, won the annual cross-country run of the Wolverine club held here Friday.

That time was the best of 31 runners, 18 of whom finished. Madsen's sophomore, ran in the junior division in which Harry Stogalski finished second. Roy Genshild finished third. Wainaina, Genshild, and Kiyosha Kato fifth.

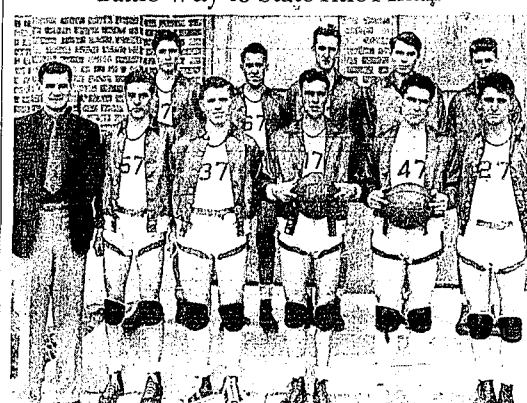

Jim Kripa, a junior, won in the senior division. His time was 14:30, more than half a minute behind that of the sophomore.

Other leaders were Jack Murakami, second; Ted Ide, third; William Matsumoto, fourth; Linda Sato, fifth; George Shima, sixth; and Frank Kawahara, seventh.

The middle ran 14 miles with Goro Rodo as winner in 9:05. Jack Hinko, Rodo's winner, John Kwon and Harry Nakamura finished in that order behind Rodo.

The eighth grade freshmen and juniors were the fastest winners.

MEMORIALS WIN

Coach Dean Croft's Heyburn Panthers didn't win the state championship but who can say that they did not form the greatest "little man's team" in the history of Idaho basketball? It took a great Aberdeen Tiger team with four six-footers to down the Panthers, whose tallest player is five feet nine inches. In the class B tournament last night, the team members, left to right: Frank Strum—Coach Dean Croft, Frank Strum, Steven Hiner, Duane Simpson, Donald Holmes, Garth Chene, back row—Glen Baker, Howard Wilson, Donald Tunstall, Paul La Rue, Ladd Hines, (Staff Engraving)

Pocatello Wins State Crown; Oakley Loses to Rexburg, 43-40

CALDWELL, March 25—Pocatello's Indians, defeated the dark horses of the Idaho class A basketball tournament, snatched a hotly-contested 28-21 championship game from the Emmett quintet here tonight.

Reboring won the consolation championship by defeating Oakley, 43 to 40, in a close, rough and tumble game, which opened the evening's play. The score seemed almost unobtainable.

Pocatello stayed ahead by a small margin up until the last quarter as the end of the first quarter they led 14-5 and increased the lead to 14-11 at the end of the second quarter. Emmett held its own during the first stanza and was behind 11-14 at the end of the period.

The final consolation bracket game was marred by 23 personal fouls. It called on Reboring players and its assistant Oakley men. One Reboring and two Oakley players left the game for fouling.

The Madison team got underway slowly and went through most of the first quarter in a slow, steady, and unexciting manner. When the period ended Oakley led 12 to 2. Webster, sharp shooting Reboring guard, hit his stride during the second quarter and Reboring took the lead, 21-18, at half time.

The teams evenly matched, held fairly even during the third period with the score standing 30-20 for Reboring at the quarter end.

Webster took scoring honors for Reboring with 13 points. Ebright, Oakley forward, piled up 17 to lead his teammates.

The tabulated score:

Reboring	43	Oakley	40
Glenns Ferry	59	Ucon	39

Reboring won 53 and lost 53. The complete season's standings of the 12 team circuit:

ON THE SPORT FRONT

It just takes a few little things in life to make you Old Sport. You can be a sportsman in a number of ways. You can be a sportsman in a number of ways. You can be a sportsman in a number of ways.

The first, a visit by Art Baum, the smallest but always interesting ex-player coach, looking very active in his new navy uniform. The other was the official call of the National Association of Basketball Coaches.

That they delighted this party was because he knew that in such these were the incentives for the student which you will now be served.

Naturally, with Art on hand sports would be the subject of any discussion. This time it was basketball and during the interchange this ancient word puffer remarked:

"What gets me is the emphasis on one-handed shooting in these parts. Why, back in the middle of the century, when they never think of shooting with one hand unless it is a place shot or a push-out."

On that one Art went off like the big man he hopes to talk on top of the other one of these days.

"That's something you can get an answer to. With me on any time, he declared."

"Nope. I'm not looking for an argument. I just want to know the why and wherefore of all this one-handed shooting on this coast."

Apprentice Norman Art didn't wait long in answering.

"There's three good reasons," he said. "One is that you have only one hand to shoot with. The other is that you have to coordinate two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen, twenty, twenty-one, twenty-two, twenty-three, twenty-four, twenty-five, twenty-six, twenty-seven, twenty-eight, twenty-nine, thirty, thirty-one, thirty-two, thirty-three, thirty-four, thirty-five, thirty-six, thirty-seven, thirty-eight, thirty-nine, forty, forty-one, forty-two, forty-three, forty-four, forty-five, forty-six, forty-seven, forty-eight, forty-nine, fifty, fifty-one, fifty-two, fifty-three, fifty-four, fifty-five, fifty-six, fifty-seven, fifty-eight, fifty-nine, sixty, sixty-one, sixty-two, sixty-three, sixty-four, sixty-five, sixty-six, sixty-seven, sixty-eight, sixty-nine, seventy, seventy-one, seventy-two, seventy-three, seventy-four, seventy-five, seventy-six, seventy-seven, seventy-eight, seventy-nine, eighty, eighty-one, eighty-two, eighty-three, eighty-four, eighty-five, eighty-six, eighty-seven, eighty-eight, eighty-nine, ninety, ninety-one, ninety-two, ninety-three, ninety-four, ninety-five, ninety-six, ninety-seven, ninety-eight, ninety-nine, one hundred."

Now that was a pretty good explanation, but the policy one found a better one the other day. It was given him by a six-foot-stamper, a former basketball player, who said that the reason for the one-handed shooting was that the players were afraid to shoot with both hands.

Even now in free throws that way with the right side of his body turned toward the basket. Up to the time of this writing he had scored an extra one-handed shot. He even went in free throws that way with the right side of his body turned toward the basket.

Now shouldn't that be a good enough argument for one-handed shooting?

Norm gave after putting over the old basketball envelope. The Old Sport nervously turned to the book. And to and behold, it was there for the fore again. In the book he learned that Harold Lutz from that community had been picked as one of the players on the all-Idaho semi-pro team as a result of showing in the state tournament last year.

He was the only player named from the state of Idaho. He was the only player named from the state of Idaho.

And that's something the basketball world will be seeing out of three days and as a result start beating a path to Lutz's door.

Caldwell Plays Bruins In Big 5 Grid Opener

NAMPA, March 25 (AP)—The Big Five southern Idaho high school conference readmitted Idaho Falls as a basketball member today and adopted a football schedule which matches Pocatello at Boise and Caldwell at Twin Falls on opening games Sept. 25.

L. A. Williams, Caldwell superintendent of schools and president of the conference, presided at the annual spring meeting.

Idaho Falls, a former full-fledged conference member which withdrew because of wartime sports participation will play a full conference basketball schedule but will not participate in circuit football play.

The eastern Idaho high school board the Big Five members, on the jump four last season, but the game was suspended.

The event decided to postpone its conference track contests this spring.

Williams officially awarded Nampa the Big Five basketball championship.

Attending the meeting were Principal William Gilman and Coach Jerry Dillinger, Nampa; Coach Coach Floyd Holt and Principal Kenneth Howard, Caldwell; Principal John Platt, Pocatello; Coach Hank Powers and Basketball Coach Jack Halliday, Twin Falls; Coach John Thompson, Idaho Falls; Coach J. J. Pratt, Pocatello; Principal George Wells, Pocatello; and Coach Bob Gibb, Boise.

Coaches Favor Five-Foul Rule

NEW YORK, March 25 (AP)—The National Association of Basketball Coaches agreed today that two changes should be made in the rules—(1) that each player be permitted five personal fouls and (2) that something should be done to curb the foul tender but couldn't agree on how the latter should be accomplished.

The two proposals will be presented to the national rules committee Monday. The coaches voted in a 61 majority to increase the personal fouls after it had been pointed out by several members that with the substitution of the center jump, several minutes of playing time had been added to each game but the number of fouls remained at four.

Here is a Telephone Office Gone to War!

An army in the field depends on communications as well as on its stomach. Communications are the backbone of coordination.

Telephone service at home takes many kinds of facilities and as the needs of our fighting men continue to mount, these facilities are impossible to meet.

Serious shortages are developing in many localities which prevent us from making installations promptly. We are doing our best to serve as many people as possible and regret any inconvenience that may arise if some installations are delayed. Our first obligation is to meet the needs of war, public health and safety.

Your continued understanding and cooperation are appreciated.
