

# PEACE BILL FOR SPEEDY OKAY

WASHINGTON, May 16 (UP)—The most extensive veterans' benefit bill ever before congress today moved toward passage as members began scrutinizing the estimated \$4,000,000,000 "C. bill" of rights for possible amendments.

Passage was expected soon—possibly tomorrow or Thursday.

At least one section of the legislation—the educational provision—prompted to produce a vigorous fight with members lining up behind two committees, the veterans and education.

**Accusations Made**

Both sides have accused each other of attacking states' rights during three days of debate on the so-called "C. bill."

The senate, meanwhile, went over the bill's provisions for the education of veterans.

The White House for the presidential signature that would make it law.

**Cost of Living Increases**

Cost of living increases have been a constant factor in the pension controversy. Veterans who have received a pension continuously for 10 years or more are given a 4% increase.

Artificial limbs for disabled veterans.

**Authorized for \$1,000,000**

Authorization for \$1,000,000 appropriation for Service Eye Care for blind veterans.

**Artificial Limbs for Disabled**

The senate also approved and sent to the house a measure to provide that payment of death benefits to families of veterans shall begin at the date of death as determined by the secretary of war or navy.

# Two More States Turn to FR; GOP Support Divided

By Associated Press

California and New Jersey Democrats produced the voting whereby a fourth term nomination for President Roosevelt today as Republicans of the two states divided their public airwaves between Gov. Thomas E. Dewey of New York and Gov. Earl Warren of California.

Dewey, the leading Republican prospect despite his disavowal of candidacy, apparently was assured of the support of all of New Jersey's 35 convention delegates chosen in a primary there today. Gov. Walter J. Edge said an unpledged slave would "thrust" for Dewey's nomination and 350 new delegates would be open to supporting the New York governor.

**Benches Candidates**

The acting of the California legislature in the election of their 30 delegates to Warren, who says he is not seeking any federal office, made it seem unlikely that any candidate

# Germans Reported Failing Back to Last Defenses as Yanks Push Toward Rome

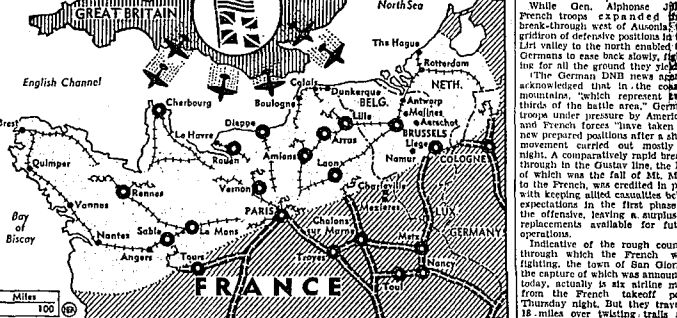

By REYNOLDS PACKARD

ALLIED HEADQUARTERS, Naples, May 16 (UP)—The allied fifth and eighth armies were smashing through the broken Gustav line from the Liri valley to the sea today, and the hard-hit but still fighting Germans were showing the first signs of withdrawing to the Adolf Hitler line.

French troops of Lieut. Gen. Mark W. Clark's fifth army, spearheading the big push through the Gustav line, have reached the German artillery positions covering it from the rear, as the whole battle line swung westward like a gate hinged on the Cassino-San Angelo archway of the Nazi defenses.

The spokesman emphasized the offensive is now only in its first stage—that of the break-through from the Liri valley below Cassino to the Gulf of Gaeta—with the first German parachute division securely holding through from the Liri to the Gulf of Gaeta.

## DEAN ADDRESSES GOODING SENIORS

**GOODING, May 16**—The Gooding high school graduates and their families heard Dean John Anderson of the College of Idaho in his commencement address. "Of Men and the Gooding," he said, "I am glad to see you here today. You have completed your high school course."

"With high-paying jobs on every hand and the patriotic desire to join up with the armed services and many other temptations in these hectic days it is easy to see that you have given up education to see the value of an education," he said. Dean Anderson extended commendations also to the teachers who have shared on the job in the all-around educational problem, and to the parents of the graduates as well for their part in seeing their children through.

**Confidence Cited**—Dean Anderson said that the best plans of men and men—be it the existing world or the future—can be made by the confidence of man that he can protect his thoughts and dreams into the future. He said that we will have peace and that when we are ready to evade again to escape the problems of the day but then there is a purpose just and good.

The class of '44 started with 81 members in its freshman year but dwindled from various causes to 48 upon the day of graduation. There were 30 girls and 18 boys, several of whom are now in the armed forces. Professional, "Continental March," was played by the high school band. The invocation was by Bishop R. L. Dixon. A corset trio, "The Three Transmitters," was played by Elden Carlsen, Billy Oakley and Merlyn Baugh and the commencement address was given by Dean Anderson.

**Band Plays**—"Fort and Personal Overture" was played by the band and Miss Nadine Wells read a poem, dedicated to Miss Gertrude Kautner, class member who was killed in an auto accident last June. Miss Myra Ann Blos and "The Boy" were played by Mrs. Montgomery Miller and Mrs. Gertrude Kautner. The class presented the class and J. W. Conner, chairman of the class board, presented the diploma. Father James Cuddy gave the benediction and the professional, "Triumphal March" was played by the band. Valedictorian, high school seniors were Miss Marilyn Churchill and Paul Alexander.

## Truck Inspection Emphasized Here

Emphasizing the need for periodic inspection of trucks, Don Janzen, chairman of the Twin Falls county farm transportation committee, said that in the face of present and anticipated wartime shortages, any farmer who now owns a truck should keep it in top-notch repair.

During normal times we need nearly 300,000 trucks yearly for replacement. Comparing this to the 20,000 trucks for the years 1942-43 and the 20,000 trucks for 1944 replacement, we see why it will be almost impossible for farmers to obtain new trucks during 1944.

"If it is known that repairs are needed before fall, now is the best time to make them. More farmers with trucks will be called upon to help their neighbors in moving crops," Janzen pointed out.

## Four Ferry Men Enter Services

**GLENNIS FERRY**, May 16—George A. Larsen, Thomas C. Harter, Vernon C. Robertson and Fred Christensen entered the armed services this week in the May quota. Mr. Christensen went to Salt Lake City for induction, while the others entered the navy at Boise.

Larsen has managed the South Side market here; Robertson was a clerk at the Union Pacific railroad company depot, and Christensen and Harter were waiters in the Soda here. All are married except Harter. Mrs. Christensen has moved from their home in town to the ranch home of her parents, Mr. and Mrs. Finley Murphy.

## SENIOR BOY WINS THESPIAN CROWN

**FILER, May 15**—Jack Williams, class of '44, Filer high school, was unanimously elected best Thespian at a meeting of Filer troupe No. 44 of the National Thespian society which was held following a dinner at the Park hotel last week.

Williams has been outstanding in dramatic activities throughout his four years of high school. He has interpreted roles in six major productions and numerous one-act plays. He has also won awards in dramatics.

His work as co-director and sound effect man on "The Eve of St. Mark" recently staged by Filer high school, was particularly outstanding according to faculty members. He is this year's acting president of the Thespian troupe.

Williams also has been active in many other fields, being one of the student council, the Wildcat staff, president of the senior class and the student council. He carried a role in the opera, "Love Pirates of Hawaii," which was staged this spring, and acted as assistant band leader during his senior year.

Under his leadership the Filer troupe has had a successful year. Among its activities of 1943-44, the Filer troupe gave \$75 to the national war fund of the Red Cross. The National Thespian society is a non-profit, non-commercial organization for high schools which was founded in 1929 by a group of teachers interested in dramatics.

The purpose of the organization is to create a more active and intelligent interest in high school dramatics.

Mr. George Warberg is sponsor of the Filer Thespian. Officers for the coming year are Charles Krich, president; George Edwards, vice-president; Alma Meyer, secretary-treasurer; and Amy Dunlap, reporter.

## Mrs. Rowcliffe Rites Conducted

Funeral services for Mrs. Eleanor Hattie Rowcliffe, 78, former Twin Falls resident, were held at the Erickson and Brown funeral home, Twin Falls, with the Rev. Stanley H. Roberts of the Presbyterian church officiating. Interment was in the Vista Hill cemetery, Twin Falls.

Mrs. Rowcliffe died Monday, May 8, at the Twin Falls hospital following a short illness.

## Food, Drug Official Explains Peanut Butter's Destruction

"Burning of 2,000 jars of condemned peanut butter at Idaho Falls, April 22, was described last week as a 'disaster' and 'an isolated instance' by P. B. Dunbar, commissioner of food and drugs, in a letter to U. S. Rep. Henry C. Dawkins, Burley, who had demanded an investigation.

"The destruction of this whole some food especially in these times is certainly most regrettable. This destruction has always taken the position that, when possible, food condemned under the provisions of the food, drug and cosmetic act should be salvaged."

**Collected Samples**—Our records show that an inspector of this administration collected representative samples from this shipment of peanut butter which was encountered at Idaho Falls in connection with routine enforcement operations. We have not been able to locate the samples having shown the condemnation to the Idaho Falls Post-Register.

"The case went to decree by the Idaho Falls Post-Register. The statute provides that, after the denaturation of misbranded foods they shall be disposed of by destruction or sale in the discretion of the court and in the case of sale shall be brought into compliance with federal and state laws prior to being disposed of."

**Found Short Weight**—Property of Seaside company, Inc., Burley, Ida., the jars were found by the inspector to average 15.66 ounces instead of the 16 ounces claimed on the labels. Polluting condemnation they were burned at the Idaho Falls city dump.

Public indignation has been expressed over the destruction in judicial letters received by the Times-News. An opinion survey conducted by the Idaho Falls Post-Register showed similar evidence of public criticism.

## POST-WAR WORK AIRED BY COUNCIL

Extension of sidewalks and increase of the number of street lights as part of the post-war improvements in Twin Falls were discussed by Mayor Bert A. Street at the Monday night meeting of the city council.

Additional lighting will be needed along Main avenue and in the residential areas which have been added to the city in recent years, he said.

After several residents had complained of heavy dust blowing from the alfalfa mill, Mayor Street received notice from the mill that the mill will close for a few days until the dust eliminators are repaired.

City employees appointed Monday night were Roy E. Lindell, as patrolman; A. O. Kempton, caretaker of Shoshone falls park and Madeleine Curtis, physical education instructor as city recreation director for the summer from the resignation of S. F. Huppelbeck as caretaker of the city garage was approved.

# We bring in a new oil well every day

Standard of California is drilling oil wells at the rate of one a day... and that doesn't count "dry holes." Every 24 hours, somewhere a crew of Standard drillmen hears the rumble of oil rising through thousands of feet of sand and stone. Every 24 hours they tap a new source of oil to pump life into the nation's weapons.

We have one regret. Standard wishes this increased supply could be sufficient for both the homefront and the warfront. But military requirements alone far outstripped production gains.

We'll keep trying. We're determined to top our own record — with the hope that it will help relieve present shortages, with the conviction that it will help bring a speedier resumption of peacetime driving pleasure.
