Allies Smash 30 Miles From Coast in Face of Bitter Counter-Attack

ALLIED SUPREME HEADQUARTERS, London, June 14 (AP)—American and British armored forces have broken through the center of the German line in Normandy, sending patrols as far as 30 miles inland, but the Germans have thrown crack "suicide divisions" into five major counter-attacks in an attempt to stem the allied advance.

Supreme headquarters revealed today that the tide of battle swung back and forth, with the hotly contested town of Montebourg, 14 miles southeast of Cherbourg, changing hands several times last night.

A dispatch from Gen. Sir Bernard L. Montgomery's 21st army group headquarters, based in Britain, said the Germans were counter-attacking vigorously along most of the front. The Americans lost ground north of Montebourg but scored slight gains to the south, while a German attack on Carment was contained.

"The enemy is bringing up all he can to halt us," a spokesman was quoted in the dispatch. "At the same time, it was said here that 'repeated and furious' German counter-attacks in the key sectors of Normandy were likely to continue until one side or the other is exhausted.

Radio Vichy broadcast a report that "German armor, shifting movements" had been observed in the Bay of Biscay near the French coast, but that the "German armor" is too early to say whether this is an attempt to break through.

The broadcast followed release of a message from Gen. Dwight D. Eisenhower, supreme allied army commander, to President Roosevelt.

APPS ADMIT SEA LOSSES IN RAID

By The Associated Press

Big guns as well as a swarm of carrier planes poured attacks on U. S.-owned Guam and other Marianas islands during the heavy day-day attack against the Japanese defenses flanking the Philippines, Tokyo radio acknowledged today.

Adm. Chester W. Nimitz, commander in the central Pacific, reported the carrier task force sank 10 Japanese ships, damaged 10 others, and destroyed 140 planes, but did not claim that surface ships bombarded the islands. Nimitz did say, either, that the body force into Japan's inner defenses had been contained on the other side.

Three Isles Hit

He and Tokyo agreed that Guam, Saipan and Tinian islands of the Marianas group, the high command's principal targets, Guam, southernmost and largest of the group, was being hit by the Japanese in the first six days of the Pacific war.

This sea action and the continuing battle for Changsha in south-central China overshadowed developments on the other front.

Chinese troops holding Changsha have broken back all Japanese assaults, the high command said last night, and a Changsha garrison offensive said the enemy had thrown some nine divisions totaling more than 200,000 men into the fight to capture the city.

Changsha is not encircled, but is hemmed in on three sides, and the official P. H. G. said, and the invaders apparently are intent on taking the city at any cost.

Chinese Attack

In Hainan, the communist-led, the Chinese counter-attacked and repulsed Japanese advancing on Wenzhou, 20 miles east of Ningbo, the key to China's coast.

SOVIET ASSAULT CRUSHING FINNS

MOSCOW, June 14 (AP)—Soviet tanks rolled up the Finnish high-ways today within 30 miles of that important port and rail junction. The army was striking at the main body of Finnish reserves. Soviet troops reported they were near Manki on the main Viipuri railroad northwest of Leningrad. The battle terrain of the Karelian isthmus is strewn liberally with machine guns, anti-aircraft and anti-tank guns, and forests which make swift movements of Russian tanks and heavy artillery difficult.

Darting Russian troops trained in the forests are reported to be clearing the way for the Red Army to be dealing with Finnish anti-tank in sweeping, flanking movements.

The capture of Sanki at a critical crossroads gave the Russians a good group on communications lines in the wooded area where the first battle was fought.

Pravda's correspondent telegraphed that the Russians were counter-attacking and that the Finnish enemy was using 40 different types of weapons on one narrow sector.

The Finnish commander reported continued Russian attacks repulsed in the western and central parts of the front. German broadcasts reported attacks along the Arctic circle between Petsamo and Murmansk and around Narva in Estonia.

U.S. Sets Further Protest to Spain

WASHINGTON, June 14 (AP)—The United States will call for a "land-Sweden's agreement to limit substantially his ball-bearing sales to Germany," the State Department said today. The move came as the United States is moving against the Spanish situation, and the United States is using 40 different types of weapons on one narrow sector.

The United States is moving against the Spanish situation, and the United States is using 40 different types of weapons on one narrow sector.

Bricker Supporters Predict Strong GOP Chicago Backing

By The Associated Press

A prediction came today from the front of the Ohio delegation that the "he will receive between 250 and 300 votes on the first ballot, and that he will be elected."

This report, supplied by directors of the Ohio staff, said that the Ohio delegation is "growing stronger each day."

The "first ballot analysis" from the Bricker camp came as the election of a Republican to congress from the 19th Illinois district shifted the house standing in the point that for the first time in 15 years the Democrats lack an absolute majority of the house membership.

This election yesterday, of Hiram C. McMillen, supposed, gives the

Clark Holds Edge—So Far

SEN. D. WORTH CLARK

According to the latest available figures before the time Senator Clark was clinging to a margin of 188 votes over Glen Taylor, Pocatello, in the hot Democratic senatorial nomination race.

Taylor Polls 9,708 Against 9,803 With Most Precincts in

BOISE, June 14 (AP)— Sen. D. Worth Clark, D., Idaho, clung to a lead of 95 votes over Glen Taylor, Pocatello, former cowboy radio entertainer, in the Democratic senatorial nomination contest as scattered small precinct totals from yesterday's Idaho primary continued to trickle in.

James H. Hawley, Boise attorney who led during the early counting last night, dropped back in what appeared to be a firm third place. The totals with 682 of Idaho's 845 precincts reporting:

Clark, 9,803; Taylor, 9,708; Hawley, 8,893 and John Cornell, Idaho public utilities commissioner, lagged with fewer than 2,000 votes.

Gov. C. B. Delfino, former governor, Preston, attorney, for the Republican senatorial nomination with almost a two to one lead.

In the subaltern contests, W. H. Detweiler, Hazelton, Republican, Charles Gossett, Nampa, Democrat, appeared to have comfortable leads.

The strong bid for party support by Hawley and Taylor on the basis of avowed intention to support President Roosevelt, was a factor.

In the campaign, Hawley, a newcomer to state politics compared with Clark and Taylor, who are veterans, was tempted to pin an isolationist label on the conservative Clark, who has often voted against the administration.

The Democratic senate contest featured three times during the night counting. Hawley forged ahead first with a several hundred vote margin, followed by Clark and Taylor.

Shortly afterward Taylor took a slim lead while Gossett, on the next tabulation to a three vote lead for Clark. Clark later widened his margin to 200 votes and then slipped, but still maintained top position.

Victory Conceded

Both Secretary of State George C. Delfino and State Auditor Calvin Wright, conceded the victory of Gossett in the Democratic gubernatorial contest.

In the only contested congressional nomination R. L. Brainerd, editor of the Kootenai Express, held a comfortable lead over two opponents.

Senator Clark's quest for renomination, giving him more than 200 votes over his nearest Democratic rival, James H. Hawley, was unofficial but nearly complete tabulation Wednesday by the Times-Newspaper staff.

Senator Clark received a total of 1415 in the Magic Valley while Hawley gathered 1186. Taylor's vote in this section came to 1120 while John W. Cornell trailed with 229.

The Times-Newspaper tabulation shows that the senator carried all eight of the Magic Valley counties with exception of Blaine which went to Hawley and Minidoka which went to Taylor. In Blaine Cornell placed strength, getting 107 counties while Taylor carried 103. Clark won in Blaine county to 89.

The unofficial returns showed that Taylor carried Minidoka county with 220 votes against Clark's 214. Hawley received 120 in this case.

Greatest number of votes for Clark came from Twin Falls county where he polled 474 votes. Taylor received 243. Clark just missed out on Hawley for the Twin Falls county seat.

In the Republican ledger it was found that it was all C. B. Delfino, former governor who added to the U. S. senate, in the eight counties, "Bolt" collected 4187 votes.

(Continued on Page 7, Column 1)

State Editors to Broadcast Series

PAYETTE, Ida., June 14 (AP)—The Idaho State Editorial association will open Friday a series of broadcasts over station KIDN, Boise under the general title of "Idaho Editorials." The initial program will be at 10:30 a.m.

George L. Wharton, association president and publisher of the Payette Independent Enterprise, commented:

"We believe residents of all sections of the state can better understand state problems if they have an opportunity to hear the view of representative editors from all other sections."

County's Vote Gives Detweiler Landslide

Swamping a field of five Republicans, W. H. Detweiler, Twin Falls county's Magic Valley neighbor candidate, buried his opposition in this county's unmitigated election results today.

Detweiler amassed 1,474 votes—more than nine times the total given his closest competitor, Don Whitehead, Boise, and almost three and one-half times the vote received by his closest competitor, Harvey Schwendman, Newcastle, former state commissioner of agriculture.

Runner-up Schwendman gave 447 votes. Twin Falls county's Magic Valley candidate, although this endorsement ran counter to state ranks. Calvin E. Wright, longtime state auditor, received 611 votes for the Democratic gubernatorial nomination to 477 for Charles C. Gossett, the statewide victor. George H. Kurtz, former Minidoka county leader, had 216 votes.

Mrs. Stevens, Detweiler's opponent, gave 106 votes to 257 for Mrs. Ruth Whitehead of Pocatello. The two were re-sewing in state leadership midst.

(Continued on Page 7, Column 1)

Narrow Edge for Clark

The county's Democratic vote endorsed incumbent U. S. Sen. D. Worth Clark by the narrow margin of 34 votes for Clark as against 40 for James H. Hawley.

FR Okays Delayed War Guilt Trials

WASHINGTON, June 14 (AP)—The recommendation of the secretaries of war and navy, President Roosevelt has approved legislation providing for starting the trials of the Japanese war criminals. The President announced that the President approved the legislation last night.

The President announced that the President approved the legislation last night.

U.S. Aid Reclaims Crippled Workers

DENVER, June 14 (AP)—Navy, blind and otherwise disabled men, who were lost during the week through a "hidden manpower" clinic sponsored by the Colorado state rehabilitation service and the U. S. civil service.

ENEMY FAILS TO HALT ITALY PUSH

By LYNN HEINZERLING

ROME, June 14 (AP)—Fifth army elements have swung around the heavily-defended strong point of Orbetello, 11 miles northwest of Rome, and captured the important

junction of highways No. 1 and 74 some four and a half miles beyond the town, allied headquarters announced today.

Reconnaissance elements pushed still further north.

To the east the eighth army advanced 60 miles north of Rome.

Giulio also were on the north.

The town of Latera, four miles northeast of Valentano, was gathered in by fifth army units and the advance moved on toward Gradoli.

less than two miles farther north-east. The eighth army continued to march up the Tiber valley on a broad front and armored units penetrated several miles north of Mugliano.

Joan Gets More Chaplin Support

HOLLYWOOD, June 14 (U.P.)—Charlie Chaplin today agreed to support Joan Barry and Carol Ann, the baby she claims is his until he trial of her maternity suit was

Mrs. Gertrude Betty, Joan's mother, succeeded today by Attorney A. H. Risse as the baby's temporal legal guardian, last week asked for another trial on grounds the child was destitute. Chaplin in return de-

At today's hearing, Superior Court Judge Myron Westover, approved a petition for an order for Mrs. Berry's resignation as guardian. Risse is an associate of Joseph Scott, Mrs. Berry's attorney.

MOST OF FRENCH WOMEN LIKE U. S.

By EDWARD V. ROBERTS
Representing the Associated Press
ALLIED ADVANCE COMMAND
POST, England, June 14.—The French women will soon be the most popular of all the nations, although most of them solemnly arrange the bodies of American dead and place flowers on them.

When I rode through the French broadlands yesterday, I saw the French women in the caravans. Many French women waved and shouted greetings. Some started weeping. Other turned their backs.

We were told of the capture of French women soldiers, the discovery of women's clothing and toilet articles in German positions, indicating some had lived with Nazi soldiers.

We were told that the Germans were popular with many young French girls and that several French maternity cases, in which the fathers were admittedly German, were now receiving care from allied medical units.

But we were also told of an old Frenchman who lives beside a road over which heavy American armor flows daily. Each day, the Frenchman comes out with a shovel and picks and repairs the stretch of road before his house.

Major Nial Nial
Sgt. Kenneth Harris, Beverly Hills, Calif., told me the story about the capture of a French village.

Harris said that for two years the town faced the Nazis to work for them for five francs a day. When the Americans came, the Nazis were driven down to the beach and the invaders to the village.

The fighting for the village started the night after the rifle of a dead American and shot the Nazi commander who had been his boss "square between the eyes."

Cakes Shipped to Pocatello's USO
The Twin Falls women and one New England woman have sent five cakes to the Pocatello USO but since the Times-News have been publicity records to the project adding material received from Mrs. C. S. Bahlberg, active in Pocatello USO.

Women throughout the state are invited to send cakes to the USO but on their own. The cakes are sent by the women to the USO. The cakes are sent by the women to the USO.

What news will Gen. Eisenhower get from us?

You know now what we've heard from him.

We've heard that Eisenhower and his Americans have hurled themselves like a thunderbolt against the bristling defenses of Hitler's Wehrmacht!

We've heard that they are smashing at our foe—sparing neither steel nor sweat nor blood in one final, furious assault that marks the supreme military effort of this War!

And what news do Eisenhower and his men expect from us?

Men and women of America—what the Invasion is to our fighting men, the 5th War Loan is to us at home!

For us, as well as for them, this is the crisis—the time for tremendous, overwhelming effort! Make no mistake! The 5th War Loan will undoubtedly be the biggest, most vitally impor-

tant financial effort of this whole War!

If the 5th War Loan is to succeed, each one of us must do more than ever before—must buy double... yes, triple... the Bonds we bought last time.

Our men expect to hear that we are buying double—that we are matching their sacrifice as best we can—that the American nation, soldiers and civilians together, is making one gigantic effort to win this War!

That's the news our men expect to hear from us.

Will you personally see that they get it?

And here are 5 more reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

Back the Attack! - BUY MORE THAN BEFORE!

HEARING TESTED BY NEW METHODS

By HOWARD W. BLAKESLEE
Associated Press Feature Editor
CHICAGO, June 13 (AP)—A new method of testing hearing, which was spoken by human beings are substituted for tones made by machines, was described to the American Medical Association today.

The spoken words catch hearing troubles which the test instruments missed. The words make it possible to write better prescriptions for hearing aids.

The new method was developed independently by military forces and by the Acoustical Research Laboratory, New York, which is demonstrating the test here and offering service designed to enable any doctor to tell his patient more precisely what may be wrong with hearing.

The military forces found that the standard instrument test failed to measure a selective hearing properly in many cases. The words were substituted.

In instrument tests a person listens to a series of tones, some of which are just barely loud enough to be heard. This shows (usually) that he hears some tones much better than others, usually low better than high.

For years it was thought this test also showed what a person could hear in human speech. The scientists, both military and civilian, now say this is not correct. Each human spoken word is a mixture of tones of several of different pitches.

The human word is further complicated by the fact that the "aw" is intrinsically 700 times louder than "ee."

The first result is that some words, no matter who speaks them, are lower pitched than others, and some high. The new test employs these three kinds of words.

"Voice," for example, is low pitched, which means that most of its sounds are under 1000 cycles. A high, most sounds being over 1000. "Only" is medium.

Richfield Child Injured by Auto
RICHFIELD, June 14—Jimmy McCaughey, four-year-old son of Mr. and Mrs. Walter McCaughey, received minor cuts and bruises about his head and face when he was hit by a car Sunday evening.

The boy, who lives on the corner of an approaching car, was given first aid by Elmer Swatman, Richfield pharmacist.

The child's father is at a camp in Alaska.

"And They Hauled the House Away"

This apartment house, known for many years as the Cogswell apartments, Tuesday began its laborious trip on wheels from Fourth avenue east to a new location west of five points. A landmark of Twin Falls, it was wrecked when the loss was a sagbrush-covered prairie. (Staff photo-engraving)

One of Twin Falls' Earliest Landmarks Moved to New Spot

By JEAN DINKELAKHER

An early-day landmark, the Cogswell apartments, said "good-bye" to Fourth avenue east and the City hall Tuesday, and started a laborious trek to a new location beyond Five Points west, opposite the Pajon auto court.

The large wooden ten-story structure at 124-132 Fourth avenue east, one of the first apartment buildings to be erected in Twin Falls, was built right on asphalt, without an excavating and dead sage stumps were found under it when it was lifted up the other day, preparatory to being moved.

Memory is Lost
No one now living in Twin Falls seems to know where it was built, or by whom, but Mrs. J. H. Wray, 46 Sixth avenue north, one of the pioneers of Twin Falls, recalled that it was new in 1908, when she and members of her family moved into the downstairs part of the house.

The apartment house has always had a "good name," so far as apartment houses go, but one upon a time its feelings could have been hurt badly, had it been on the sensitive side. Mrs. Wray laughed in remembrance.

"The George Herblatts had upstairs. My parents, John and Mrs. W. S. Mulvey. Mr. W. S. Mulvey and I took the downstairs section of the house."

The house was owned by Mr. and Mrs. P. L. Cogswell. The new owner is J. M. Robinson, who will completely renovate and remodel it, before accepting tenants at the new location, John DeKort. Prior to supervising the moving of the structure.

Cogswells bought the building from Mrs. Agnes Russell, widow of George Cogswell. They were unable to say whether Mrs. Russell and her husband, now deceased, were the original owners.

Property Sold
The house and lots on which the apartment house has stood for so many years, were purchased a year ago by the White mortuary, and the house was sold several months ago to Robinson.

The lots will be extensively landscaped and a driveway installed, according to Mrs. Edna M. White and Hugh Phillips, of the mortuary. The building is directly west of the mortuary. Plans will begin immediately, they said.

her husband, now deceased, were the original owners.

the house and made it our first home, after we moved here in 1908 from Winston, Mo.

No Electricity
"The house wasn't wired for electricity in those early days. We were sitting outside one evening on Krumpholtz Dr. and Mrs. F. F. McAtre, also newcomers to Twin Falls.

It was getting dusk. Maybe we did look 'poor folks'—with a cow, Mrs. Herblatt's one chicken, and a few long running at will about the premises. A man came along and asked 'Is this the poor house?' I'm looking for the county poor house."

The house "adopted" them. Just came there like a stray dog or cat one day, and decided to regard the place as home. It left a "country" air to the almost-downcast location.

The building has been known as the Cogswell apartments since its purchase in 1918 by Mr. and Mrs. P. L. Cogswell. The new owner is J. M. Robinson, who will completely renovate and remodel it, before accepting tenants at the new location, John DeKort. Prior to supervising the moving of the structure.

Cogswells bought the building from Mrs. Agnes Russell, widow of George Cogswell. They were unable to say whether Mrs. Russell and her husband, now deceased, were the original owners.

SLAYER TO FACE UTAH GUN SQUAD

SALT LAKE CITY, June 14 (AP)—Black-headed Austin Cox prays incessantly for commutation of the death sentence that orders him to face a firing squad at dawn Monday but he has scrawled his last will and testament on the inside of a torn envelope.

Cox scribbled the will and gave it to two undisclosed Provo, Utah, men who visited him in his death row cell—a cell in which he alternately has sulked and plotted escape.

The man who stalked Oden street at the height of a pioneer celebration last July 23—a night that saw Utah's greatest mass murder—has but two avenues of escape left. The Utah prison board will commute or Oden will face a firing squad for commutation to life imprisonment.

If it turns down the appeal, Cox, 37, of 12 Mow still may await a reprieve.

Cox was convicted of shooting District Judge Lewis V. Trimmer of Oden, who granted Cox's second wife a divorce. He was accused of killing four others.

He asserts he remembers nothing of the slayings.

He chose to face a firing squad, the alternative being hanging. Oden condemned him in Utah. The firing squad will be composed of five men. One of the rifles will contain a blank shell, but none will know which.

Glenns Ferry Cafe Recently Renovated
GLENN'S FERRY, June 14—New booths and tables were installed in the Glenn's Ferry cafe this week. Paul and Jack Ojording painted and caulked the interior of the building and Mr. and Mrs. Chris Ojording, owners of the business, purchased the booths in Salt Lake City, recently.

HEALTH QUIZ

Do you have poor digestion? ☐ YES ☐ NO
Do you feel lightheaded after eating? ☐ YES ☐ NO
Do you get sour or upset easily? ☐ YES ☐ NO
Do you feel tired—listless? ☐ YES ☐ NO

Now everyone knows that to get the most out of the food you eat—you must digest it properly. But what most people don't know is that Nature must produce about two pints of the digestive juice—bile—each day to help digest your food.

If Nature fails, your food may remain undigested, lie sour and heavy within you. This is a definite cause for indigestion and it is to increase the flow of bile.

Now, Carter's Little Liver Pills start to increase this flow quickly for thousands often in as little as three minutes. When this flow increases, your digestion may improve. And, soon you'll be on the road to feeling better—which is what you're after.

Don't depend on artificial aids to temporary digestion—when Carter's, taken as directed, aids digestion after eating a meal. Get Carter's Little Liver Pills today—only 25¢. You'll be glad you did.

By Appointment To
His Majesty... Dad

If he likes a fine watch, a Patek-Philippe... the impeccable tailoring of a Burberry topcoat, then he'll prize King's Men sequence of toiletries. Exquisitely pre-

and . . .

a complete line of . . .

L'ORLE

L'Orle offers basic, essential toiletries for men . . . highlighted by a selection of scents that are masculine as the tilt of pipe in your Dad's smiling mouth. All of them are attractively packaged . . . perfect for gifts . . . sure to win his heart on his own day with a refreshing memory of your kindness with every day's use.

individually bottled or in sets

"Hickory" Cologne-Plus
The refreshing scent of the out-of-doors

They Rationed Everything

The Pilgrims knew they were ill-prepared for one of the cruellest winters that resolute men, women and children ever had to face. Foreseeing trials that would challenge their endurance, they treasured their scanty store of food and rationed every helping.

But, when a Spring and Summer of strenuous labor rewarded them with an abundant harvest, the Pilgrims were grateful—but not alone for food. They felt they were well on their way toward an established home in a new world, bright with freedom, security and a promising future for their children. America's goal has never changed. And for such a goal rationing is a small price to contribute. "Food Fights For Freedom".

In addition to supplying the armed forces with glider and bomber fuselage frames, wing parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of Rubber • Aluminum • Munitions • Medicines • B-Complex Vitamins • Hospital Diet • Baby Foods • Bread and other Bakery products • Vitamin-fortified cattle feeds • Batteries • Paper • Soap and textiles—to name a few.
