# CHERBOURG PUSH TO TEST DEFENSE

By NED NORDNESS  
SOUTH HAD ADVANCED ALLIED EXPEDITIONARY FORCE.  
Tuesday, June 20 (AP)—The swift American ground advance toward Cherbourg's back-door should dislodge the next few hours whether the port—converted into one of the mightiest naval strongholds on the French coast—has been prepared with more than improved defenses against attack.

The port's concrete-emplaced long-range guns would make supporting allied naval shelling a risky undertaking. The allies would have to use the heavy batteries of capital ships and run the risk of losses from the powerful Nazi land guns.

Gains Speedy  
The American gales around are so fast they have kept fully 12 hours ahead of official reports clear through headquarters, and the fate of Cherbourg appears to be sealed.

Shelling of the prize port shows the strength of allied artillery support today, the result. Although 150-millimeter howitzers are able to pound the two main and two secondary roads of German withdrawal on the approaches to Cherbourg at ranges of 2000 to 12,000 yards, the obvious the Americans have 150-mm "long Tom" rifles or other heavy guns in order to reach Cherbourg from a point eight miles or more away.

It is known that the remnants of three German divisions are caught in the Cherbourg area, in addition to the regular garrison force at least equal in strength. Another enemy division might have been sent into the port sometime before the Americans landed it off.

Unconfirmed Reports  
There have been a few unconfirmed reports of German slipping off the west coast of the peninsula, but tangible evidence is lacking. That the Germans were attempting wholesale evacuation of the port, which German propaganda in their broadcasts have been dismissing as unimportant.

There was no indication the Germans were moving for a major counter-attack, Marshall's headquarters appears to have abandoned his Cherbourg scenario as he did his Italian troops at every trouble spot across North Africa.

Inducted Into Navy  
BOISE, June 20 (AP)—The select service system today ordered induction into the navy of the following Southern Idaho men:

Arthur J. Heib, Hobart McCann, Leo Bohler, Ross C. Tolson, Ralph A. McConis, all of Rupert; Arthur F. Haxton, Herman J. Schumann, Neil S. Burp, Paul and Victor K. Wardwood, Edred E. Bur, Burley.

# BELEEF IN TWIN FALLS STRENGTH FADES

Yesterday, amidst that optimism over the war in Europe, the beleef in the strength of the German army was so strong that it was almost unbelievable.

Then came Prime Minister Churchill's talk of early victory, turning the tide into peace.

Now, having long felt that Americans are great war-time optimists, with a great deal more enthusiasm for a winter than for blood, sweat and tears, perhaps a deeper understanding into reasons for optimism is permissible.

**Observers Incredulous**

Many observers have been incredulous at the seeming German ability to keep up the pace in the war. It was quite generally assumed that she could not possibly support a long war. The fact that she is doing the seemingly impossible is all the more reason that she cannot continue, that the present front ends the final unbearable phase to her loss.

Pilot report widespread German use of horse-drawn transport in France. That means coming and raw material shortages have seriously cut motor output, or that Germany is terribly short of motor oil, or both. If this were 1940 you could hardly find a horse and rider. The pilot was expecting to meet no sudden loss.

**U.S. Military Situation**

The number of foreigners impressed into the Atlantic wall fight may and probably will be a great deal more than that of Germany for a long time. It is not only that it is a much larger force, but it is also more experienced in fighting. The German army is a well-trained, well-equipped, and well-led force. The U.S. army is a well-trained, well-equipped, and well-led force. The German army is a well-trained, well-equipped, and well-led force. The U.S. army is a well-trained, well-equipped, and well-led force.

Before the war Germany had a population of 65 million. She had 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

The U.S. army is a well-trained, well-equipped, and well-led force.

Before the war Germany had a population of 65 million. She had 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

# HOPES SEEN FOR RED-POLE PEACE

WASHINGTON, June 20 (AP)—American officials hoped today that the recent conferences here between the Polish prime minister and President Roosevelt would result in a peace treaty to regularize its earlier rejection of the United States offer of assistance in the Polish campaign.

There has been no official reaction to the trip here of the Polish leader, Stanislaw Mikolajewski, who was expected to arrive here today. There has been a noticeable lack of news press attacks on the Polish government since the arrival of the leader a month. Earlier this spring there were several bitter Soviet denunciations of the Polish mission weekly.

**Good Impression**

Mikolajewski made an unusually good impression here with the Polish, high state department officials and newspaper correspondents. The general reaction was that he was a reasonable man who was earnest for a solution to his country's dilemma.

American officials admit that there is virtually no chance of Mikolajewski's visit here. It is a reasonable man who is earnest for a solution to his country's dilemma. ## SOLONS WORK TO CLEAR CALENDAR

WASHINGTON, June 20 (AP)—Both houses of congress continued working under pressure today to clear up legislation before the convention recess this week.

Leaders were optimistic over prospects of clearing the calendar of all bills by Monday. President Roosevelt called for a recess until Aug. 1. That would cover the period of the Democratic convention, starting July 10, as well as giving members an opportunity to visit their homes.

One of the greatest obstacles to a recess, the price control extension bill, will become a great danger last night when senate-house conferees reached an agreement on all but one phase. They wanted another conference today in an effort to complete their work and send a report to both houses for final acceptance.

The senate met at noon today to take up the independent office bill as modified by house-senate conferees. The conferees submitted the controversial McFarland amendments regarding the Tennessee valley authority to turn its funds over to the treasury and get money from congress, according to reports. The TVA report on its finances three times.

The house also arranged to meet earlier than usual to finish a number of bills. Including a bill for appropriation measures involving the continuation of the Guavale river project and the extension of the farm security administration.

Two major bills were acted on yesterday. The house passed and sent to conference the war contract termination bill. The senate adopted and sent to the White House a conference report on an appropriation bill for the expenses of the legislative and judicial departments.

The calendar still calls for house action on bills to give army commissions to women officers serving in the WAVES and to define the status of insurance companies in interstate commerce, and senate passage of the \$150,000,000 war veterans' appropriation, the \$100,000,000 war department supply bill and \$250,000,000 deficiency bill covering last-minute needs of several government agencies.

## FREIGHT RATES SOUGHT IN WEST

WASHINGTON, June 20 (AP)—Freight rate parity with the east was advocated before the interstate commerce commission today as a means of helping the west build up a powerful industry based on conversion of surplus farm commodities to plastics and other chemical products.

H. Emerson Kogler, Lincoln, Neb., deputy state attorney general, joined in arguments for extension of the motor rate basis on manufactured goods to the west and south.

Pointing to government construction plans for making industrial alcohol from grain, Kogler said there was a great potential field for similar processing of agricultural commodities. He maintained that freight rate equality would spur investment of private capital in such plants in the west.

Just as he spoke for the west, Kogler denied a desire to deprive the east of any of its manufacturing facilities by moving such plants to his area. He said the west was certainly intended to compete with our brothers in the east, but we don't want to rob them of anything they now have.

Kogler said if ICC thought the differential was too great to permit extension of the lowest eastern rates to the west that some adjustment downward in western rates, at least, should be effected. He maintained that the present difference in rates was well beyond the difference in costs indicated.

## Pilot Sons From Pacific and Italy Drop in on Same Day

BY JEAN DINKELMEYER

The dinner-conference (legendary) of Mr. and Mrs. C. W. Kevan by a strange coincidence, came home the same day on leave from the war, one from the Jap-infested southwest Pacific, the other from the mud-bogged Italian battle front.

First Lieut. William Kevan, first pilot on a C-54 flying hospital, came home completely "in the know" about Tarawa, the bombed island where his "brother" fought. Their way ashore in the blood of their fellows, and his brother, Priv. Robert Kevan, was one of those fighting marines.

Medal, Five Clusters  
First Lieut. Charles W. Kevan came home wearing the air medal with five oak leaf clusters, reminders of his bombing missions over Italy, including one over the Anzio beachhead and another over the monastery where he operated in competition to the crack-attack command of terrific anti-aircraft fire of the enemy.

They were in Utah last Saturday at the same time, one in Ogden, the other in Salt Lake City. William took his brother home by six hours. He knew that Charles, as he's known in the home town, was slated for a leave, but he didn't know he was "anywhere in this neck of the woods."

Both feel extremely lucky. Neither has been wounded. Lucky, too, because they are home on leave, where the people are peaceful and unclouded, and where much of the work is better than ever. Their brothers haven't been as lucky when it comes to furloughs.

Jim Charles Kevan, an air mechanic with the marines, stationed in the south Pacific, has been in service for two years, but hasn't had a furlough home. Neither has Priv. Robert Kevan, who went through the carnage of Guadalcanal and the battle of the Marshalls, and who is still unfurloughed, somewhere in the Pacific southwest.

All Enlisted  
The two lieutenants were among the first fighting-men Idahoans to enlist in December, 1941. Their two other brothers in the service also enlisted.

Their youngest brother, Dick, who was graduated from Twin Falls high school this spring, is helping "fix it out" on the home front. He's assisting his parents in the operation of a more than 200-acre farm.

"Mom's in the thick of it, too. Just help by running the tractor and doing a few odd jobs," says Mrs. Kevan. Dick says the "odd jobs" count up to about 24.

The flying hospital setup is "very efficient" if the planes can get in soon enough after battles. As soon as improved air bases are constructed, the hospital planes fly in and start hauling the wounded over to the station hospitals that dot the islands of Hawaii, Lieut. William Kevan said.

The battle of Tarawa was a "dinger," the casualties terrific. It didn't help his tail nerves any to know that his brother was in the worst of it.

He got to 14 look better at every wounded man, hoping to God it wasn't Bob. In one breath, and the next minute, hoping it would be happened to be unlikely enough to get hit by the nips," he spoke quietly.

Crews of flying hospitals really get to know the downstate "quintessence of America's fighting men." They may have an eye out, a leg out, but by damn, they don't ever when you haul them in. "Why, one guy with a broken back just added all the way back as though he didn't know what ailed him." Then he passed. "May be that's why it didn't hurt him. It was the dope that helped him out."

The fellows flying the hospital ships usually take along pineapple and grapefruit, juice—good sustenance, too—so that they won't have to eat K-rations while in the battle zone.

Lieut. Wayne Kevan clipped in with a comment on front line food. "Dehydrated stuff will be good to have," he said. "I'll be glad to eat Italian Black Market."

And speaking of foodstuffs, the Italian have learned to work the black market to a fare-you-well.

## SECRETARY SEES NAZI PEACE BID

CHICAGO, June 20 (AP)—Declaring he was no prophet, Secretary of the Treasury Henry Morgenthau Jr., yesterday said last night he believed that "the German war machine has plans for survival."

In an address prepared for delivery at a war bond rally, in Soldier Field, Morgenthau said that "when Germany decides to surrender her chair will be for a true negotiator in France, Finland, in Italy—anywhere except in Germany."

"I have no inside information," Morgenthau continued, "but it is my own guess that Germany may offer Hitler and the staff sent to better conditions over us. We won't be misled. Our terms are unconditional surrender."

Money spent by the medical department of the army alone for the needs of mercy since Pearl Harbor has reached the sum of one billion dollars, Morgenthau declared.

In addition to the cabinet member the program offered an array of radio, stage and screen talent. Jack Benny acted as master of ceremonies, while Orson Welles directed the radio show over the Blue network. Paul Whiteman conducted the 60-piece army air force band.

Two war heroes taking part in the program were Lieut. Ernest Childers, 26, and Tech Sgt. Charles E. "Commanche" Kelly, 23, both found in the congressional memorial of honor.

The good support, a 10th found in Capt. A. H. Davis on hand, but kept his tail most since it breathes through it.

The order set aside 45 per cent of July and August production to them during the last 12 months under the order, which set aside 50 per cent of the production for war uses.

The office of price administration announced dollar-and-cent price for men and women's low-cost clothing being put into production by a special war production board program during July, August and September.

Administrator Chester Bowles announced cotton house dresses will sell for \$1.45, women's cotton slips for 65 cents, men's shirts for \$1.25, men's shorts for 35 cents. Extra sizes of the house dresses will sell at \$1.60 and extra size slips at 75 cents.

BROOKLYN, June 20 (AP)—The New York Giants walloped their arch rivals, the Brooklyn Dodgers, 10 to 2, before 25,410 in a night game played at Ebbets field.

A big second inning in which the Giants scored six runs on four hits, two walks and two errors gave Harry Feldman, New York starting pitcher, a safe working margin. Feldman himself singled home a run in the third.

## Organization of Junior Ball Loop to Be Discussed Tonight

The first step toward the organization of a junior baseball league will be taken tonight when representatives of teams at Curry, Clover, Fiken, Jerome, Twin Falls and Hunt gather in the Times-News newsroom for that purpose. The meeting time has been set for 7 p.m.

The league is the idea of Gene Osterlander, the coach of the Legion juniors, who will represent Twin Falls in the proposed circuit. He has had between 20 and 40 junior baseballers working out at Jaycee park for the last month.

It is Osterlander's plan for each team to play two games each week—one a twilight weekend affair and the other on Sunday afternoon. This would mean six league contests each week for the league as a whole.

A slight admission charge will be made to the games. This money will be used to purchase baseballs and other necessary equipment.

## Bucs Last in N. L. Hitting

PITTSBURGH, June 20 (AP)—The Pirates broke loose with a barrage of homers Sunday, the Pittsburgh Pirates in a fair way to inherit the title of "hitter's wonder" that the Chicago White Sox wore so snugly back in 1906.

Still clinging to second place in the National league, the Bucs returned home—still holding last place in the National league's team batting average with .206.

Before the season opened, Manager Frank Frick looked over his roster and opined:

"There's nothing the matter with these Pirates that a few extra base knocks won't fix."

If they're going to get them, now will be a good time.

By the "now" he meant the 11-game home stand that opens Tuesday night, during which the Bucs must the champion St. Louis Cardinals four times, and both Cincinnati and New York, who are breathing down Frick's neck.

"I don't know why they do it, but only one player hitting over .300 and he's not a regular," Benavenger said. "But there they are."

Twin Falls 114. If I guess the few hits they are getting have been coming when they could do the most good. That's the only answer I can see when a team's batting average is falling fifth and still holding second place."

## Many Jack-of-All-Trades Now Playing in Two Major Leagues

NEW YORK, June 20 (AP)—Mike Ryba, former one-man ball club of the Boston Red Sox, has confined his talents exclusively to the pitching mound this year but there are at least half a dozen other major league players who have become jack-of-all-trades in a baseball uniform.

Aside from his pitching duties and occasional pinch hitting, Ryba has shown little tendency to relieve his past when he could—and did—handle any baseball task, either on the field or in the front office.

In their 1944 playbooks, Ed Cartright, Chicago White Sox, and Jimmie Foxx, Boston Red Sox, have been named as former pitchers who have become jack-of-all-trades in a baseball uniform.

## DERRICK MOVING DANGER IS CITED

Five persons were injured last year in 14 accidents that resulted from the moving of bay derricks north or parallel to Idaho Power company lines, records of the company's safety department show.

Since derricks moving accidents in 1943 resulted in two injuries, five persons were killed and six injured in 10 such accidents during the same period of 1941.

The Idaho Power company in its program to help eliminate such hazards makes a practice of posting derricks operating within a half mile of its lines with danger signs, and each year to its rural customers suggestions on the safe moving of derricks, and offers the assistance of its service men.

**Some Poles Higher**  
"In some instances where a derrick is moved towards a power line year in and year out at the same place, higher power poles are installed to provide greater clearance," J. W. Carpenter, division manager, said. "In other instances, farmers are encouraged to have more than one derrick to eliminate the hazard of moving them across the route of power lines."

Mr. Carpenter said the company's safety department recommends that farmers the following safety measures for the moving of derricks be near lines:  
"Be sure the mast of the derrick is not too high to go under power lines with ample clearance. Many an accident has been caused by a poor guess."

**Tie Boom Down**  
"Don't let the boom swing. First level the boom and then tie it down at both ends. Do not hold or touch either the chain or cable. Keep away from all metal parts."  
"Do not, under any circumstances, attempt to raise or move electric wires. Especially trained employees of the company are the only men qualified to handle electric wires. Let them do it."

"If in doubt, or if there is any question of danger, telephone or call upon the nearest Idaho Power office for assistance. Help will be extended as promptly as possible and without cost. The company, however, urges farmers desiring help to give 24 hours notice of the proposed move."
