LATE BULLETIN

PITTSBURGH, Sept. 3 (AP)—The possibility of a crippling strike faced the aluminum and steel industries tonight with the threat of a strike by 10,000 workers at the Aluminum Company of America's plant at Pittsburgh, Pa. The strike would be the first in the industry since 1937.

Bulgarian Front Widens As Reds Shove Reeling Germans Across Danube

LONDON, Sunday, Sept. 3 (AP)—The red army hurled the Germans across the Danube river on a 65-mile front southeast of Bucharest yesterday and reached the Bulgarian frontier with a winding 450-mile front extending inland from the Black sea coast to the big river port of Giurgiu, Moscow announced last night.

In a Balkan disaster surpassing that suffered by the axis at Stalingrad, the Germans and former pro-axis Romanians lost 418,600 men killed or captured between Aug. 20 and Aug. 31, a special Moscow communiqué announced.

The Romanian campaign casualties brought to 1,200,486 the number of axis troops killed or captured in the overall summer campaign begun in the east on June 22, the basis of Moscow announcements.

Critical Position
With Bulgaria and Hungary both in a critical position because of Romania's capitulation and the axis troops against the Russians, Budapest reported that pro-Red Romanian troops had pushed into the Hungarian-annexed Transylvania at a point less than 150 miles from the city of Budapest.

Budapest admitted a penetration of several miles into Hungarian-annexed Transylvania and said the Romanians were working with the Russians to drive the Germans out of the area.

The Romanian campaign casualties brought to 1,200,486 the number of axis troops killed or captured in the overall summer campaign begun in the east on June 22, the basis of Moscow announcements.

Finland out of War;
Nazi Army to Leave

LONDON, Sunday, Sept. 3 (AP)—Finland is getting out of the war and the Germans have agreed to withdraw from the country, Premier Risto Rytty announced last night.

We do not know what terms the Soviets will impose, but they have not demanded unconditional surrender, he said in disclosing that Russia already has been asked to grant an armistice.

Later a Helsinki dispatch which passed through the string-censorship agency reported that Finland had agreed to withdraw from the war and the Germans have agreed to withdraw from the country.

ENEMY DEFEASE CRACKS; TANKS APPROACH LYON

By GEORGE HRIA
ROME, Sept. 3 (AP)—Hard-hitting American seventh army troops drove the German army back up the Rhone valley today, capturing the town of Lyons, 14 miles to the south.

Earlier, Lt. Gen. Alexander M. Patch's 6th Army Group had thrust through the village of Beaune-la-Rolande, 20 miles south of Lyons.

The official announcement of the latest gains declared "action has been taken largely to enemy defense of road blocks and control channels."

No Nazi Stand
Nowhere in southern France was any German unit still attempting a determined stand, and even the rear guard were being driven off from the front of the line.

Nazis Free Brussels; Patriot Broadcasts Say Patton in Reich

By AUSTIN DEANER
SUPREME HEADQUARTERS, AEF, Sunday, Sept. 3 (AP)—Two American columns rolled swiftly into Belgium yesterday, capturing the seven-way road hub of Tournai within 46 miles of the capital at Brussels, and other U. S. armored forces to the southeast rolled almost to the German frontier in a week-end of sensational gains virtually ending the battle of France.

Tournai, five miles inside the little country, was taken quickly as flimsy enemy resistance was brushed aside and the Yanks sped on toward the famous Flanders battlefield.

Hitler Talk Expected

VOICES—The tensions given full widespread recognition by Hillman's arbitrary rule and fourth-rate employers appear plausible at least. What these workers dread is politico-economic regimentation that will jeopardize their jobs if they do not go along.

Here is an excerpt from a letter of a shipbuilder in Bellingham, Wash., to a state which the Democrats carried by 140,000 in 1940, and which they expect to win again:

"I work in a yard with 800 men, and I can tell you that 75 per cent will vote for Dewey. Why? Because we well know what will happen to us if Hillman, Browder and the CIO take us over. ... There is a

Others kick because the rank and file have no voice in deciding on union and individual contributions to the fourth-term fund or for other purposes. Here is a typical effusion from a shipyard worker in New Jersey:

N[ame]—If a man does not subscribe to the CIO's financial demands, he is immediately classed as not good union worker, and he is discriminated against. I have seen them do it. And it makes no difference to them whether he is the most efficient man in a plant working for the navy.

seems almost as if prohibition were here again.

Every state except Nevada, for instance, bans coin-operated machines known as "one-arm bandits," or slot machines. In the fiscal year the treasury collected \$100 million on nearly 78,000 of these devices—an income of approximately \$5,000,000.

Kansas, Mississippi and Oklahoma forbid the sale of liquor. But 18 other states of the sunflower state paid \$100 million in 1932. In Virginia the license to sell the hard stuff costs \$100 a year, state-operated saloons. But some \$600 paid the retail liquor tax.

PROFANE USAGE

The fuhrer's orders to the German army in East Prussia, to fight to the death in the defense of "holy German soil," are characteristic of the malformed thinking of the nazi philosophy. Nearly all of Europe was violated by the Germans before the tables of battle were turned. The soil of Poland may have seemed holy to the Polish patriots, for indeed, they loved it well. But the stupidity of the Germans considers that

But the business-as-usual CIO political action committee and the national citizens' political action committees turned out to be not quite as big as apparently some members of the CIO political action committee contributed money to candidates in primaries in only eight states. With a negligible exception, no contest was won with an anti-CIO candidate as one of the primaries in which the national organization spent its money.

What, then, in fact, it appears, they spent their money foolishly, in Massachusetts they gave Thomas H.

Then some objective observers seem to me, painted the picture of PAC in strokes too broad and too generous. It has, for example, been likened to the late Wayne B. Wheeler's anti-saloon

Dear Pot Shots: -
I know a little blond welder with eyes of clearest blue and just as true a patriot as either I or you.
However, you may never guess his name was and is a beauty operator if you could see today how she and her welding iron conduct business.
With never a thought of comfort as she welds the last, one, on a great desire to help our boys make the days repeat.
She and her pals are just as proud to be welders on the home front as the boys are on the battle line.
If you wish to see her, she is always around to serve on the battle line.

PROFANE USAGE

The foeher's orders to the German army in East Prussia, to fight to the death in the defence of "holy German soil," are characteristic of the malformed thinking of the Nazi philosophy. Nearly all of Europe has been turned into a battlefield, and the battle lines were turned. The soil of Poland may have seemed, only to the Polish patriots, for indeed, they loved it well. But the stupidity of the Germans consider that only German soil is sacrosanct. They shall have to add to the list of the victims of the Nazi war machine, the hidebound, pigskin opinion. By the very phrase they employ, we perceive that nothing short of the complete occupation of Germany will serve the just and remedial purposes of the war.

There have become somewhat impatient of German insistence upon the holy German soil and the holy Ger-

man that, preferring to employ instead, for our part, the adjective "heihali," as far more descriptive. Love of country is a virtue, and when this affection provides the screen for most misgivings, it is not so. It is has for the Germans, then nothing save the utter chastening of an arrogant and criminal people will suffice. They must be taught that those, who truly love their country do not debase her institutions by projects of conquest, and that the only consistent, beneficent and thorough enforced understanding, A country is something more, than its plains and hills and waters, its farm lands and cities and towns—it is a spiritual thing. And what has the German spirit to bring forward for the home land? Inwardly, these circumstances, such usage is foully profane.—Portland Oregonian.

LABOR STRIKE IN U. S. CONTINUES

WASHINGTON, Sept. 3.—(AP)—Leadership labor organizations have no hint today of the nation prepared to ease the strike. They say they will continue to fight for the nine-year-old strike among themselves.

All unions are fighting to break the war labor board's "little steel" wage-freezing formula and the majority of them were supporting President Roosevelt for re-election. On both evidence of antagonism toward each other was given by the American Federation of Labor, Congress of Industrial Organizations, and the United Mine Workers.

John L. Lewis' UMW, which spoke out for contemporary labor leaders, attacked the CIO, AFL and railroad brotherhoods for doing "nothing more than denounce" the "little steel" formula.

The weekly CIO news published prominently a dispatch from London stating that the British government was an "unconscious pliant" for Jack L. Bennett, who was a member of the CIO.

At separate press conferences this week that on the joint meeting sponsored by the war department, they agreed on the quality of American industrial production. The war department said that they made a compact to avoid taking politics to prevent any squabbling on that subject during the war.

Differences of opinion were voiced over remarks of International Trade Union Congress executive council members at a luncheon for the American last Saturday in London.

President H. E. Thomas of the Automobile Workers (CIO) said the ITUC representatives should be an international labor conference as early as possible so that labor could have a voice in the peace.

"Let me tell that story now," Frank I. Fulton, AFL national director of organization, said when advised of Thomas' statement. "That was not an ITUC meeting but an international labor conference. There was nothing official about the views on an international conference."

Thomas said the CIO was ready to sit at such a conference with representatives of Russia. Fulton said the AFL was not.

HAILEY, Sept. 3.—A Wood River pioneer to Gen. George H. Knigh, 87, who came west when Abraham Lincoln was President, died Aug. 28 at Hailey.

He came across the plains. Owen pulled the wagon in which he traveled. He was eight years old when he knew the Indian country, the treachery of the plains, knew the terrible life of the pioneer. He advanced toward a seemingly impossible task.

Child Narrowly Missed by Full Clip of Shells

Billings, Sept. 2.—(AP)—A 10-year-old child, Mary Nell Hesselholt, narrowly escaped instant death when a full clip of 50 caliber shells dropped from an army plane, landing less than 10 feet away from her. The plane lost the clip when the belt-holding chain broke loose.

The child, daughter of Mr. and Mrs. Gloria Hesselholt, was feeding rabbits in her yard when the accident happened. The Hesselholts live a few miles from the newly constructed bombing range.

Typhoid Case in Jerome Reported

BOISE, Sept. 3.—(AP)—A. J. Lull, director of local health services in the state department of public health, today cautioned labor day vacationists to take their own water supplies and avoid drinking from open fountains.

Two new cases of typhoid fever have been reported to the department, he said, one at Jerome and the other at St. Maries.

"Typhoid has the reputation of being a vacation disease, so be sure you get your water from an approved source," he warned.

DENOUNCES GRANGE HEADS' RESOLUTION
Editor, Times-News
As an American citizen presently residing in your town, I was deeply hurt to read in your paper that the Grange leaders at meeting in Portland, Oregon, had passed a resolution calling for the post-war deportability of this country of people of Japanese ancestry. It is the contention of the Grange, that such persons are incapable of being assimilated in American communities because of inherent racial and religious characteristics.

Ironically enough, on the same page was a story of Mr. Thomas H. H. Japanese-American, holder of the purple heart for two wounds received at Okinawa, and other awards of merit for gallant service rendered the country of his birth.

What angry, self-satisfied, complacent, irresponsible, super-duper patriots these leaders of the Grange have turned out to be. Their intolerance, bigoted mindings are an insult to self-respecting Americans and the ideals our soldiers are dying for.

15,000 Americans of Japanese ancestry are fighting and dying on the battlefields alongside of other fellow Americans. For what? To protect the right of freedom of speech and assembly—to protect the rights of the bigoted Grangers to pass resolutions calling for the mass deportation of these boys and their families?

What a tragic commentary on American life! 15,000 American boys of Japanese ancestry live in hot holes and shackles giving their lives and protecting the back skins of these Grange boys who have nothing better to do with their angry little lives than pass resolutions calling for the deportation of these G.I.s with Japanese faces.

If you want my succinct and concise opinion on the matter, it's the leaders of the Grange who have demonstrated that they are incapable of being assimilated in American communities because of their "inherent racial" intolerance.

P. S.—Incidentally, there is no record yet of such a resolution as the Grange adopted ever being passed or adopted in a Grange. The guy who faces the bullet, mortar and shellfire knows what he's fighting for.

C of C Thanks Volunteers at Ration Office

Twin Falls Chamber of Commerce's first honor roll of home front volunteer workers, who contributed their time from Aug. 21 to Sept. 1, in aiding war price and ration board clerks, was announced Saturday by Claude H. Detweiler.

We commend these patriotic Twin Falls residents for realizing the existing emergency, and hope that additional honor rolls will include ever-increasing lists of persons who recognize a wartime job to be done—and will fit it.

Carl N. Anderson added his thanks declaring that the group had aided materially in helping to process applications for "A" ration books, and other ration currency. He emphasized that more and more volunteers will be needed in the coming weeks.

One high school girl, Audrey Smith, and another student reporting for volunteer work, agreed to devote part of her Labor day holiday to work at the OPA office.

Honor Roll Given
The honor roll includes: Mrs. Metta Balch, Mrs. Ella Gorell, Miss Audrey Smith, Lalla Davis, Mary Jo Cahill, Mrs. W. A. P. H. Williams, Baker, Mrs. Ella Gorell, Mrs. Beulah E. Carlson, Marie A. Laidlow, Mrs. T. A. Greenhalgh.

Marine and Wife Visiting Relatives

Warrent Office Peter J. Anderson, U.S.M.C., who with Mrs. Anderson, arrived here for several days visit with Mrs. Anderson's parents, Mr. and Mrs. C. H. Eldred, is truly a veteran marine.

Anderson returned to his home in San Francisco on August 16, after 22 months in the southwest Pacific area, where he participated in the conquest for Guadalcanal and Bougainville. This is his first furlough in the 32 months, and he will report early this month at a California marine base for new assignment.

He wears the presidential unit citation with one star, the China service ribbon, the good conduct medal and the southwest Pacific campaign ribbon with 2 stars.

Mrs. Anderson, the former Doris Eldred, Twin Falls, and her husband have been at Wallace, visiting relatives and also at Portland, Me., where his mother, Mrs. Howard Spalding, resides.

Within 14 hours after the Twin Falls Chamber of Commerce launched a membership drive and "investment" campaign Friday night to raise a \$22,500 budget for 1944, approximately \$4,000 had been subscribed. Phil Hargrove, secretary-manager, announced at 2 p. m. Saturday, The \$22,500, it is estimated, will be necessary in preparing Twin Falls for an era of postwar development.

A "kick-off" dinner, attended by 50 members and guests at the Park Hotel, was the first step in the campaign. The Twin Falls Chamber of Commerce, through its president, Verle Moser, contributed \$1,000 toward the purchase of a \$20,000 industrial site, director of the Twin Falls Bank and Trust company and the Idaho National bank each subscribed \$500 in membership, and individuals and business firms contributed \$25 in membership pledges Friday night.

President Claude H. Detweiler, who presided, called attention to the fact that the major portion of the budget fund will be used to purchase a 30-acre tract east of the Union Pacific railway's powerhouse. The tract will provide the site for various small industries and businesses, he said.
