Yanks Surround Aachen; Take Nancy, Maastricht

Sparkplugs of Allied Drive

LONDON, Sept. 15 (AP)—Powerful United States armies grasped the Germans' kingdom city of Aachen in the encircling ring of steel today and captured Nancy and Maastricht, strongholds at opposite ends of their 180-mile front.

The 10-mile penetration of Adolf Hitler's army was just above the German city of Trier, east of Luxembourg where a two-mile advance into the Siegfried line was announced yesterday.

This apparently moved the American past Trier, one of the strongest cities of the Siegfried line, well on the way to Wilhelm, 20 miles to the northwest, and within 10 miles of Coblenz on the Rhine. Trier is five miles from the Luxembourg border.

DRAGNET SNARES CASSIA ESCAPER

BURLEY, Sept. 15—Nabbed at 4 a. m. today, George Duback, who broke out of the Cassia county jail yesterday after pleading guilty to first degree burglary, had been the object of a 14-hour dragnet set by Burley police and officers of four neighboring counties.

The fugitive, when spotted by a patrol car on the highway three miles east of Burley, was taken to the Burley police station, where he was held until late last night at the Burley police station.

Yesterday, Sheriff Clark went to the third-floor cell block to take to the man at 1223 p. m. he found a man of about 35 years, who was locked in the kitchen and the prisoner named a short time before the back had been locked in the kitchen by Deputy Allen in order to wait his turn.

Sheriff Clark contacted Twin Falls Police and Sheriff Clark, and officers and every road in the area was blocked within a few hours. Duback, who had been in the kitchen for a long time, was taken to the jail and held until late last night at the Burley police station.

Duback, who had been using the assumed name of H. E. Foster, whose credentials he is believed to have stolen in Rock Hill, Ind., was taken to the jail and held until late last night at the Burley police station.

His record showed that he had been convicted of burglary in several other states, and that he had been in the kitchen for a long time, was taken to the jail and held until late last night at the Burley police station.

22 Die in Hurricane, \$30,000,000 Damages

BOSTON, Sept. 15 (AP)—The tropical hurricane which battered 900 miles of the Atlantic coast, littered a half dozen big cities and 11 states with debris, took 22 lives, and caused damages estimated at \$30,000,000, was expiring today somewhere off the coast of Nova Scotia.

The famous resort, Atlantic City, N. J., was worst hit but the east's three principal coastal cities, New York, Philadelphia, and Boston, were lashed by high winds. New York had the greatest loss of life—12. Norfolk, Va., New London, Conn., Providence and Nantucket, R. I., and Brockton, Mass., were other cities in the storm's path.

A United Press completion shortly after 10 o'clock reported that approximately 150 persons had been killed seriously enough for hospitalization.

Long series of weather bureau advisories which had charred the hurricane's erratic course from the Caribbean entered the U. S. when the Boston bureau announced that it was then centered off Bar Harbor, Me., and that the storm was expected to reach the Atlantic coast by the time it reached the coast.

Unofficial estimates of a compilation of the reports of scores of United States weather stations along the long stretch of affected coast indicated property damage of \$30,000,000. Atlantic City, N. J., alone sustained damages of approximately \$4,000,000 and the total damage for New Jersey was expected to reach \$10,000,000. Total damage for Connecticut was estimated at \$15,000,000. Damages in New York City and adjacent Long Island were expected to approach \$20,000,000.

The storm hit the coast of New Jersey to the north of Cape May, where it was expected to approach \$20,000,000. The storm hit the coast of New Jersey to the north of Cape May, where it was expected to approach \$20,000,000.

Double Push Hits at Two Jap Bastions

PEARL HARBOR, Sept. 15 (UP)—A big American invasion armada poured fighting men ashore on the Japanese island base of Palau, 560 miles east of the Philippines, today as Gen. Douglas MacArthur's troops stormed up into the Halmahera islands from the south in a twin offensive to clear the road back to Bataan and Corregidor.

Expanding their greatest combined offensive in the Pacific war, MacArthur and Adm. Chester W. Nimitz, commander-in-chief of the U. S. Pacific fleet, breached the coastal defenses of the island bastions under cover of shattering bombardments from sea and sky.

MacArthur led his troops ashore early Friday on Morotai island, northernmost of the Halmahera and only 250 miles south of the Philippines. At almost the same moment Nimitz's marines and army assault units were landing across the beaches of Palau.

A navy communiqué said a number of beachheads were established on Palau, a narrow chain of 26 islands, many of them mountainous, lying between the Carolines and the Philippines. Babeldaub is the principal island in the group.

By word of time differential, Nimitz's announcement said the navy's fighting back Thursday morning, Honolulu time, which would be Friday morning, Halmahera time.

The twin invasion blow threatened to break the chain of sprawling island bases established by the Japanese since the Philippines and the Marianas were taken from the United States in 1942.

The Japanese ground troops still fight with the greatest tenacity. The military quality of the islanders is not to be underestimated. The Japanese are strong of mind and stout of heart but in leadership.

They slipped weakly by military hierarchy, the hierarchy is now failing the nation. It had had neither imagination nor forethought ability to organize Japanese resistance to the American advance.

The bulk of the Japanese garrison in the Philippines was expected to have been concentrated in the southern part of the island group in Luzon, where they were expected to strike there. Instead, they were by (Continued on Page 2, Column 3)

Soviet-Pole Armies Reported Storming Into City of Warsaw

MOSCOW, Sept. 15 (AP)—Russian and Polish troops were believed storming Warsaw proper today across the broad and swift Vistula from the captured industrial suburb of Praga.

The German communiqué reported yet another German offensive with 40 divisions of up to 60,000 men in the northern sector of the eastern front—possibly in Poland. Today was the deadline for the withdrawal of seven German divisions in northern Poland. The Germans did not further intensify the locale of the offensive, which might be below the Praga, or in the Baltic state around Riga, rather than Poland.

Front dispatches said four Vistula bridges still were standing. A red reporter asserted: "The Germans are clearly on the plain of my hand the bridge across the Vistula and the outline of Warsaw."

Another Russian force 30 miles to the south was across the Vistula. The Russian communiqué reported that the outbreak occurred north of the capital city of 1,250,000. No crossing of the Vistula has been reported since Warsaw. Between Praga and the city proper, the river is 50 to 600 yards wide.

IDAHO QUOTA 810 FOR WAR PLANTS

With recruits for the country's major war plants stationed throughout Idaho, the state manpower commission, through A. J. Meeks, U. S. employment office manager, here, announced a state quota of 810 men to be sent to out-of-state plants during the current month and in October.
A. J. Meeks, state manpower director, remarked in a statement to Meeks that the figure is "very reasonable when compared with quotas of other states." For region 11, which includes Montana, Wyoming, Colorado and Utah, as well as Idaho, the total quota for the same period is 2,250.
A recent visit from Tillman to Meeks set a quota of 15 men to be recruited in this area for the Kaiser company by Friday. According to Meeks, the quota has been filled. A Kaiser company recruiter has been interviewing applicants at the employment office here.

LDS WILL SCAN WELFARE WORK

Welfare work of the LDS Church in Twin Falls will be the primary consideration at the quarterly stake conference to be held Sunday at the first ward church here.

Heading the roster of visiting church dignitaries will be John Taylor, member of the first council of 70 and the Utah state president. Church authority at Salt Lake, Elder Raymond L. Allen, of the church welfare committee and Salt Lake business man.

During the sessions the welfare budget assignment for the coming year will be discussed and for church members look to the church for aid when in need rather than to state or county dollar pockets reported. Other business will include the appointment of some new stake officers.

Kimberly, Elder, Caldwell, and the two Twin Falls wards will be represented at the sessions which get underway at 9 a. m. with the priesthood meeting. General sessions will be held at 10 a. m. and 2:30 p. m. Special meetings are scheduled for luncheon and at 8 p. m.

Chas. Brown, Twin Falls, state president, and Counselors P. J. Schenk and Percy L. Lawrence, also from Twin Falls, will be in charge of the conference.

Likes Job

BENNY SEWARD
also enjoys his work as Times-News carrier in tickle because he gets to meet so many people. He is 15 years old and the son of Mr. and Mrs. J. B. Seward. (Staff engraving)

GLENN'S FERRY

Word has come to Mr. and Mrs. Clyde Parks that their son, Dick, hospitalized in Spokane is able to use a wheel chair now.

C. D. Walker, son of Mr. and Mrs. P. M. Walker, is now a freshman third class, stationed at Ft. Lauderdale, Fla.

Carl Phil Hall, a POW guard, has been transferred to France from England.

James Corwin is hospitalized in England. Mr. and Mrs. H. Taylor, Hammond, have received his purple heart medal.

Alvin Gilbert is recovering from powder burns and other injuries in a rest camp located in England.

Floyd Turner has been transferred to San Diego, Calif. from Paragut. He was suffering from an infected arm when he wrote.

Pet. Chester Johnson visited with his wife and family and with her mother, Mrs. A. D. Cherkett and his mother, Mrs. J. C. Sellman, after completing boot training at San Diego, Calif. with the marines.

Houston Hill, jr., seaman first class has been sent from Guilford, Miss., to Chicago, to receive training.

A G Jack Barston has been sent to Great Lakes, Ill. after studying at Pensacola.

Mrs. Robert Lawrence who had been in tuberculosis ward at Greenhurst, N. C., has had her hand sent to New York APO.

Remover boots pull shoes out of shape and cause them to wear out faster.

Arkansan Likes Job as Carrier of Times-News

By OLIVE MAY COOK
Bill Meek the lad from Arkansas, who enjoys his work as Times-News carrier, is a real live Times-News carrier. Coming to Richfield in January of this year with his friends, Mr. and Mrs. J. B. Seward, he has been on his own since March and says he likes it better all the time. He has increased his 40 per cent and for outstanding number subscribers more than in getting new subscribers. He has one of the special Times-News shirts and several cash prizes. He is 15 years old and "shows" that it is a good thing to be a carrier who makes mathematics as his favorite school subject. Even, but I thought, before interviewing him, he was a boy and girl newspaper carrier, that arithmetic was not of his baguette and not too popular. He changed his mind then because it seems to head the list.

Benny gets in for seeing and working in the city. He says he enjoys riding that fine new bicycle he has purchased with news he has earned.

He doesn't mind collecting in fact, he enjoys it. He has a lot of friends and always endeavors to get them ready. When he goes to collect he always has a check, giving him the customer. This little earnings on his part has won him a lot of friends.

He buys war stamps and bonds with a part of his earnings and would be pleased to open his own personal bank account to further his business training in a real way as a Times-News carrier, and also for his earnings in other work he does from time to time.

He has war stamps and bonds with a part of his earnings and would be pleased to open his own personal bank account to further his business training in a real way as a Times-News carrier, and also for his earnings in other work he does from time to time.

3 CONVICTED ON DRAFT VIOLATION

BOISE, Sept. 15.—Three more Americans were convicted today by a federal court of failure to report for military induction, bringing to six the number found guilty among 22 indicted by a grand jury. The three, from the Minnesota relocation center at Hunt, were ordered to appear Oct. 2 for sentencing. They are: Bob Rydman, 21, Seattle; Henry Babson, 19, Seattle; and Hiram Nease, 19, Burlington.

All testified they had requested exemption to Japan and to leave the United States.

Maximum sentence is five years in prison and \$10,000 fine.

Frederick Stanley Merrill, 21, one of eight Caucasians indicted by the grand jury, was convicted of a similar offense.

He was sentenced to three years in prison and \$10,000 fine.

TAYLOR IS HORNETS' BIG THREAT TONIGHT

Popular Oakley Team Opposes Bruins Here

Coach Hank Powers has been tipped off to watch Keith Taylor, the Oakley pitcher, tonight's game at Lincoln field. The halfback is reported to be a hard runner and shifty. The Rupert Pirates, who just nosed through to a 6-0 victory over the Hornets last Friday, found Taylor plenty difficult to bring down—in fact, he hit and scored on them on several occasions.

Taylor is one of the experienced players in the lineup of the Hornets, who suffered heavily from graduations last spring. The others are Don Cooper, fullback, and Donald Clark, left halfback.

Cubs, Burley Play to Tie

BURLEY, Sept. 15 (AP)—Coach Ernie Turner's junior Cubs met the regular in tonight's game at Lincoln field. The halfback is reported to be a hard runner and shifty. The Rupert Pirates, who just nosed through to a 6-0 victory over the Hornets last Friday, found Taylor plenty difficult to bring down—in fact, he hit and scored on them on several occasions.

Taylor is one of the experienced players in the lineup of the Hornets, who suffered heavily from graduations last spring. The others are Don Cooper, fullback, and Donald Clark, left halfback.

Burley kicked out in the second half and was held to a 20-0 win. The Cubs lost the game 20-0.

Big 5 Teams in Non-Loop Play

By The Associated Press
Idaho's Big Five high school football circuit resumed play tonight with the first of a series of games. The teams are the Boise State, Idaho Falls, Pocatello, and Nampa.

The first game of the series was between the Boise State and Idaho Falls. The game was a close one, with Boise State winning 14-13.

The second game was between Pocatello and Nampa. Pocatello won the game 14-13.

The third game was between the Boise State and Pocatello. The Boise State won the game 14-13.

The fourth game was between Idaho Falls and Nampa. Idaho Falls won the game 14-13.

The fifth game was between the Boise State and Nampa. The Boise State won the game 14-13.

The sixth game was between Idaho Falls and Pocatello. Idaho Falls won the game 14-13.

The seventh game was between the Boise State and Pocatello. The Boise State won the game 14-13.

The eighth game was between Idaho Falls and Nampa. Idaho Falls won the game 14-13.

The ninth game was between the Boise State and Nampa. The Boise State won the game 14-13.

The tenth game was between Idaho Falls and Pocatello. Idaho Falls won the game 14-13.

Wendell Woman Falls Antelope at 350 Yards on First Big Game Hunting Trip

WENDELL, Sept. 15 (AP)—Training received in a small rifle club here during her high school days and occasional practice since then paid off for Mrs. Martin Ritchie on her first big game hunting trip in the Lost River antelope hunt south of Challis.

A big dog that turned and peered curiously at her from what seemed a safe distance of 350 yards waited too long and Mrs. Ritchie felled it with a well-placed shot.

In the National Rifle association sponsored club here under the coaching of George Miller, where she was awarded an M. A. degree, but became more interested in archery.

At the University of California one summer she won high score in her class in archery.

Teachers at C. L. Mrs. Ritchie will leave this week to resume her teaching duties in the physical education department of the College of Idaho, Caldwell. She will have a class in archery.

Her husband, Lt. Johnny Ritchie, is now stationed in Hawaii. He is in the army medical corps.

The Wendell manhunt took the slitting position favored by most professional hunters and was reported for accurate long range shooting and killed for animal rights.

Among other noteworthy reports for women hunters was a woman named Mrs. J. H. Smith, who shot over the hood of a car, while her husband, a hunter, was in the car.

Only Twin Falls and Pocatello in the Big Five have seen action so far. The game was held at Twin Falls and Pocatello.

Tonight the Oakley Hornets will play the game at Twin Falls. The game will be held at Twin Falls.

Cincy Catcher In 135th Game

CHICAGO, Sept. 15 (AP)—Durable Ray Mueller caught his 135th consecutive game of the season for Cincinnati in the first half of a curtailed twin bill.

The second game was postponed because of rain.

Volleke was made easy for the Philadelphi in the sixth inning when he pitched eight times on seven outs, including a single and a grand slam home run by Big Ernie Lombardi.

ELEVATOR DAMNED AT COURT HOUSE

Because inspectors condemned the 33-year-old Twin Falls county court house elevator as unsafe, the board of commissioners Friday removed it from public use at once.

Closing of the elevator to the public was the first of a series of steps in the four-story court house taken after the Associated Industries corporation, San Francisco, cancelled the liability insurance of next month.

The board of commissioners in the first item submitted an eight-point program of needed repairs for the elevator, the staff, and equity.

By action of the commissioners no one may now use the elevator except the courthouse janitors and members of the sheriff's office.

Considerable trouble has been experienced with the elevator in past months. Since a new elevator should cost at least \$7,000 or possibly more, it is probable in the near future that the commissioners will take steps to determine whether repairs can be made or if it is better to replace it and what the price would be. The board sent a letter of inquiry to the State and Federal Insurance agency.

YAKS SHOOT DOWN CITY OF AACHEN

(From Page One)

both in attack times and in World War I. In 1918, the city was the scene of a four-hour crossing of the Rhine.

The Germans, who had reported the loss of an air base closing upon the city to the southeast and north, fired a shot at an American general led the way in a leap into the heart of the city.

12 Miles From Aachen

A force of Lieut. Gen. Gortz, H. Hodges, U. S. first army, which crossed the frontier of the Dutch province of Limburg yesterday, was said by the Germans to have advanced to a point near Valenciennes, 12 miles northeast of Aachen in the course of the sweep through Maasstricht, a city of 67,000.

Aachen, under American fire from the American army, was said to be within a mile of the city from the south and southwest, was threatened with bombardment, such as topped Aachen.

Some of the American troops, two miles inside the German frontier, the Germans admitted the American troops had powerful armored forces into wedges in the "glacis" or the line of the city.

Allied armaments and dispatched sharp pointments from two to eight miles and six to ten miles wide of one of them crossed the frontier of the city, but the fortifications had been under the line toward the Rhine cities of Aachen.

Superior Firepower

Forty miles to the southeast at the German road junction town of Prum and 30 miles farther south in the course of the advance, the Germans had only rifles and machine guns in a thinly-manned defense zone to pit against the power of American tanks and tread-borne armor.

The Americans were capitalizing on their tremendous advantage in superior armor. The German armor, extending southward from Aachen, on the front axis of Hodges, Yanks had taken into the Siegfried line and others were deployed close to the German border.

These were the three great zones of penetration.

1—A nine-mile wide breach of the German border from a mile south of the German road junction town of Prum, seven miles east of the Belgian town of Aachen and 11 miles northeast of the Luxembourg town of Clervaux.

2—A two-mile deep wedge into the defense zone just northwest of Prum, seven miles east of the Belgian town of Aachen and 11 miles northeast of the Luxembourg town of Clervaux.

3—A two-mile deep wedge into the defense zone just northwest of Prum, seven miles east of the Belgian town of Aachen and 11 miles northeast of the Luxembourg town of Clervaux.

On the northern flank of the allied line the British army was mopping up the last isolated pockets of German resistance in the north in northern Belgium, near the Albert canal and the Scheldt. The Germans helped to close their own trap. In haste they blew up

Display Shows Before—After Of Range Fires

Graphically demonstrating the difference between the method of destruction resulting from range fires, an exhibit sponsored by Bureau representatives of the state fish and game department and the federal game warden, was on display in the Idaho Power company building.

The whimsical design of Dennis Heat, graphic service office, the exhibit consisted of two pictures of a range land, one with tall grasses flourishing and the other a scene of desolation and the state of game and livestock under the separate conditions indicated by cartoons.

Where the grasses grow the backstop is a scene of desolation, where the grasses grow the backstop is a scene of desolation, where the grasses grow the backstop is a scene of desolation.

The last thing that an overzealous hunter would like to see is a scene of desolation, where the grasses grow the backstop is a scene of desolation, where the grasses grow the backstop is a scene of desolation.

The exhibit, which was on display in the Idaho Power company building, was a scene of desolation, where the grasses grow the backstop is a scene of desolation, where the grasses grow the backstop is a scene of desolation.

ON PALAU ISLAND

1700 Page that passed, cut-off from the rest of the world, however, one of the toughest battles of the Pacific campaign was believed in progress, pending the final outcome of the battle for Salomon or the marine landing on Tarawa.

Barbed Wire

The troops who swarmed ashore on the island of Palau, in the war on the beaches, backed up by the machine guns, had to be reinforced machine gun positions, and the troops were larger units, probably, against the Japanese.

They Picked Him to Go Far— Radar Engineer Is Doing It

By JEAN DINKELACKER

To the average person "radar" is a magic word. Mystery and secrecy surround it. Radar equipment is "that something or other" that is helping the army to win the war.

But to T. C. (Tom) McCoy, radar equipment is no mystery. Although he is obliged to be secretive about it, radar is as commonplace to him as the instruments and machinery which you make your daily living.

Vital War Job

McCoy is project engineer for Phillips Radio and Television corporation, Philadelphia, in charge of the development of radar equipment for the army and navy. He is here for a two weeks' visit with his parents, Mr. and Mrs. Sturgeon McCoy.

McCoy, Twin Falls' own "man of science," is widely known in the east as one of America's outstanding younger men in the field of radio and television, but he would be the last person in the world to admit it. He has the modesty of the true scientist, who knows that no matter what he develops in a certain field, it is only the beginning of greater discoveries to be made more powerful controls to be utilized.

Not Surprising to Friends

His success here, surprising to Twin Falls friends, from his school days, McCoy was picked as "a boy who would go places." He's gone there—right to the top of the scientific ladder, to the research laboratories where his knowledge of science has made his contribution to the war effort one of utter value.

But McCoy doesn't spend all his hours in the realm of things scientific. Here's what he has to say about his mother.

"Science in itself is blind—only an instrument. When it goes too far, the world, the scientist himself, falls behind. Personally, I think we should spend less time on science, and more on developing and improving human relationships."

It's been four years since McCoy has visited his home town. In that time, the Heart relocation center has been established. Twin Falls has been confronted with a problem in human relationships, and adjustments, in consequence, that has been like nothing the town has ever experienced before.

It Intrigues Him

McCoy is intrigued by the implications, the possibilities, and the possibilities he could "play around longer and see what's going to happen regarding the Japanese situation."

He'd rather talk about the possibilities of the week-end economic development of southern Idaho than his work in the scientific field. McCoy has been associated with the Phillips corporation for the last 10 years, the last four of which have been spent in research.

He received his A. B. degree in physics at Stanford university, Palo Alto, Calif., and is a member of the Institute of Radio Engineers. He was graduated in 1927 and 1928 from Twin Falls high school.

That requires a bit of explaining. He went through school with the class of '27 and would have graduated that year, but he had been so far from school that he had to take the mature year of '28. He was asked about the development of television, McCoy had this to say:

"Only a few years ago, radio was something mysterious and un-understandable. Now it's just an ordinary means of communication."

Elaborate Equipment

Television is more complicated than radio, because it requires much more elaborate and costly broadcasting equipment, but great strides have been made in its development in the last 10 years.

"We're still a few years away from a television set in every home," he said, "because television broadcasting stations will have to be built up in chains before it is received at great distances. It will be used on a wide scale only in the more populated centers at first, and the initial set will cost approximately \$250 each."

Miss America

Red-haired Venus B. Hanes, Washington, D. C., the newly crowned Miss America of 1944, is the first red-haired contestant to win the title.

Van Engelens FASHION PARADE

Winter Coats

You can't top these coats for their smart simplicity or to keep you warm this winter. They're endowed with masterful tailoring, fine detail and fashioned from all wool fabrics in the high shades of the new season. Perfect for town, country or campus. See Van Engelens superb collection.

\$22.50 to \$49.50
New tweeds, fleeces and all wool coverlets and all wool crepe. In a complete range of sizes from 11 to 32.

250 Pupils for Richfield School

RICHFIELD, Sept. 15.—Richfield and surrounding area schools opened their doors Monday with 250 students enrolled in the Richfield high school and high school. New subjects offered to the 80 high school students are global geography, typing, 2, agriculture, cooking and bookkeeping. Richfield will publish a school annual this year, the first in eight years.

New teachers at Richfield are Mrs. L. Harris, Nampa; Alton Johnson, Richfield, and 8 pupils in the 1st and 2nd grades. Mrs. Nina Riley, Richfield, fourth grade; Mrs. Ada Poul, Ruper, sixth grade; Mrs. William P. Richfield, seventh grade; and Mrs. Irene St. Clair, eighth grade and music.

Mrs. Frank Bradshaw, North Richfield, is the new teacher for the 3rd and 4th grades. Twenty-four pupils are enrolled with all grades represented except the fourth and seventh.

Mrs. E. Finlayson, Shoshone, is instructor again this year for the seven Cottonwood pupils.

Children's Warm Coats

Select her fall and winter coat now from Van Engelens colorful selection. A host of styles in a complete range of sizes, 3 to 8x, 7 to 12 to 16 to 24. Your choice of all wools and mixtures, warm but light in weight for added comfort.

\$10.90 to \$19.50

Kiwians Hear Talk on Mexico

BUHL, Sept. 15.—Miss Lillian Hejmanek, just back from a summer of study in central Mexico, was the main speaker at the Kiwanis luncheon. Miss Hejmanek says that Mexico has had a noticeable change in attitude since the beginning of the war. Now they know we are definitely trying to help them instead of holding the big stick over them.

The church always had great influence in Mexico. Prior to 1930 the church owned 85 per cent of all the property in the country. In 1930 Mexico underwent a revolution, and much of the church's power was taken away. Now it seems to be slowly returning.

Miss Hejmanek also described the volcano, Paricutin, she told how the lava walls built up until a high ridge is formed. When this breaks through, lava flows the surrounding territory, swallowing up towns and destroying crops.

Miss Hejmanek, who teaches Spanish and Portuguese at the University of Illinois, took part in the university's army specialized training program. During the year she spent 2,000 soldiers on their march to the slave labor camps. She has also done considerable interpreting in government work.

Guests at Kiwanis were Roy Homberg, Cliff Dale, Gordon, Lieut. J. Jensen, Arthur Kallusky, Los Angeles, and Philip Kallusky, Milwaukee.

Children's Warm Coats

\$10.90 to \$19.50

UTILITY COATS

A fine group of coats especially chosen for their wearability. Box and fitted styles in warm, hard twist tweed, a fabric that will withstand many seasons of wear. Sizes are 14 to 32. Made on simple lines, not easily dated.

\$22.50 and \$24.50

\$24.50 to \$39.50

Fall Suit Parade

THESE SUITS take top fashion honors this fall because they're so flattering, so versatile. You can dress yours "up" or "down" with your new fall and winter accessories. See this super collection today, they're the fall fashion favorites.

\$24.50 to \$39.50

New pastels, blacks, navies, greys, pink stripes and silver blues. Sizes from 12 to 20, 18 to 24 1/2.

MANY WITH MATCHING COATS IN SIZES 12 TO 20 AT \$24.50 TO \$39.50

Sweaters galore for college and career girls. New coat styles, fitted styles, sloppy joes in warm, heavy knit. All the new, glowing fall colors, yellow, pink, red, white and many more. Sizes 34 to 46.

\$3.98 to \$7.90

Anniversary for Albion Bankers

ALBION, Sept. 15.—L. Evans and company, bankers, Albion, will observe their fortieth anniversary Sept. 15.

The organization, chartered Aug. 29, 1904, had as its first officers D. L. Evans, president; A. L. Givens, vice-president; and J. A. Givens, cashier.

Presidents who have served the institution since Evans are Louisbury, F. E. Jenkins, D. Evans and G. E. Jensen, elected in 1932, and holding the position at the present time.

Louisbury succeeded Givens as cashier in 1907 and held the position until March, 1920. A. Whist was elected cashier at that time and was succeeded by Fred Hartung in 1920, who served as cashier for the following 10 years, resigning to accept the chairmanship of the Farmers National Bank. Buhl, a position which he now holds. Les G. Parsons assumed the position made vacant by Hartung in January, 1930, and is at present in active management of the bank.

Open House

The bankier was completely remodeled and modernized in the summer of 1930.

"Open house" will be held at the bank Sept. 16, to which the public invited.

AT THE USO Center

HAILEY USO NOTES

The last dance of the USO club in Hailey was well attended by service men, but we were short of food.

The event of last week was the USO Valley at the Sun Valley hotel. Some 65 junior hostesses were in attendance, and a large number of soldiers and sailors were present. The event was a success, and the hostesses were able to dance, but they enjoyed watching the dancers and partaking of the sandwiches, cookies and punch.

Thanks this week go to the ladies of the L. D. B. church at Hailey, who furnished the sandwiches for the dance.

Ladies of the Carey Relief Society sent cookies last week.

Mr. and Mrs. Victor Price, who have been frequent visitors to our club rooms, left for California, Victor having been honorably discharged from service. In appreciation of his service with the USO, a luncheon was given for him at the Hailey club.

Among those who earned the praise of the boys last week, is Mrs. Charles Brindley who sent a gallon of delicious ice cream.

On Thursday evening, Sept. 21, the September birthday party will be held here at the Sun Valley hotel. These parties are proving to be the high point of the social calendar each month. The boys who are celebrating during the month of September, will be the special guests on the 21st. Birthday cakes, gifts, and special features will mark the occasion.

Machinery—Class To Begin Monday

JESMON, Sept. 15.—Beginning Monday evening, Sept. 18, another course in farm machinery repair will begin. The class will be held three times weekly, Mondays, Wednesdays and Fridays from 7 to midnight. The classes will be conducted in the direction of Stanley I. Trenballe, vocational agriculture instructor, and will be conducted upon a similar basis as last year, with each farmer attending furnishing his own repair parts and welding rods. Additional tools will be furnished by the local school district, and the state board of vocational education.

Christmas Seals For G. I. Gifts

CLARENCE PERLEY, Sept. 15.—Mrs. Ruth Gwin announced that the annual Christmas seal sale for overseas packagers will be held in the post office building. These seals are for overseas gifts only, and must be placed inside the package.

Mrs. Gwin, state director for 23rd county, attended the annual Anti-Tuberculosis meeting in Boise, Dr. Newcomb, national headquarters, spoke on the importance of the control of tuberculosis. All children of the local Y. W. chapter have been vaccinated.

"The local group has cared for five chest X-rays to determine the presence of tuberculosis. It has purchased cod-liver oil and the necessary medicine for treatment of these cases. All of this is supplied from voluntary funds, which are derived from the sale of Christmas seals."

Buhl Guardsmen To Go on Range

BUHL, Sept. 15.—Co. M of the Buhl state guard held closed order drill with Lieutenant Pierce in charge. Shooting positions, rifle range safety-precautions and final phases in marksmanship were given with Staff Sergeant Quigley and Thomas in charge.

On Sunday the entire company will go to the rifle range. Each member is expected to bring his own lunch. Coffee will be furnished.

Drillmasters are Leo Lyon, John Blagie, Dwight Brandon and Jimmy Hasky.

The company will hold a military dance in the Legion hall Friday night. Tickets may be purchased from Keith Davis.

Peaches

Due to cold weather our Improved Elbertas will not be ready until September 19.
