WASHINGTON, Sept. 18 (AP)—How much additional gasoline must be imported will get following defeat in Germany is tied to the outcome of a controversy between government agencies.

The office of price administration is standing by a policy of rationing every gallon of gasoline as soon as it becomes available.

The office of defense transportation, on the other hand, is concerned at least a substantial increase in rationing speed the rate at which auto

Upon graduation they will be advanced to radio technician, second class, and will go to active duty. The average man, recruiters point out, after completing the course, should be able to qualify as a radio technician, first class, shortly after assignment to active duty.

The key to outcome of the debate is likely to be the date after V-day that new cars roll again from assembly lines.

If production is resumed within 30 or 40 days after the fall of Germany, as has been predicted, OEC probably will be inclined to be free with gasoline.

ON THE SPORT FRONT

Some things Ye Old Sport Scribner wouldn't have known about rodeos if he hadn't made the long trek to Idaho and the Magic Valley, and other things that you, and you, and you, too, didn't until now—probably.

That you didn't put in the west—presumably the west like there was a lone "A" contained therein.

That a strictly Danmore Square ranch.

That there are hundreds of them—more than at Cheyenne, Pendleton and Madras Square, as his ex-astute one thought.

That the greatest cowboy in the world, the one who married Sally Rand. The lucky one who can't find him among the champions.

That bronc and barbed riding is just as much like a drive, a contest on form. Also that the winner isn't the only one to stick on a horse, actually all the good ones do.

That while Idaho produces the most great jockies, it did it has had but one all-around champion cowboy—Gene Rambo, from Paul.

Also, that Mulkey in 1937 and 1938 was the champion bronc rider, and that his ability in this respect the second year won him the all-around crown.

That in all the years Idaho has had only one other rodeo champion—Harry Hart, Peracelli, that 1939 year, when he won 1930 and 1931, and Everett Bowman, Milwaukee, Wis., in 1932 and 1933.

That no cowboy has won the all-around championship twice—Clay Carr, Okla., in 1930 and 1931, and Everett Bowman, Milwaukee, Wis., in 1932 and 1933.

That no cowboy has won the all-around championship twice—Clay Carr, Okla., in 1930 and 1931, and Everett Bowman, Milwaukee, Wis., in 1932 and 1933.

# BURROUGHS, BURLEY, WINS PENDLETON BRONC CROWN

Rambo, Filer Victor, All-Around Champion

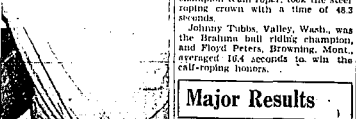

Bob Burroughs, Burley, who served as one of the judges at the Twin Falls county fair rodeo two weeks ago, let some one else do that work at the Pendleton round-up, one of the world series of rodeos, and became a performer himself with the result that he captured the bronze riding championship, according to Associated Press reports of the famous cowboy show.

Burroughs is listed 27th among the nation's top cowboy performers but his victory at Pendleton is expected to boost him much further up the list.

Gene Rambo, Shendon, Calif., who won the bulldogging championship at the Twin Falls county rodeo, captured the all-around title at Pendleton. With the championship went the Sam Jackson and John Hanley trophies.

Bomber Pettigrew, Grady, N. M., 1941 all-around champion and bulldogging titleholder for three of the last four years, won his specialty with John Hoots, present national champion team rider, took the steer roping crown with a time of 48.3 seconds.

Johnny Tubbs, Valley, Wash., was the brains bull riding champion, Floyd Peters, Brownsville, Mont., was the fastest team roping, averaging 16.4 seconds to win the all-roping honors.

## Top Cowboy

That rodeo performers who won championships was back in 1929 are all winning events, if not titles.

That two cowboys have won the all-around championship twice—Clay Carr, Okla., in 1930 and 1931, and Everett Bowman, Milwaukee, Wis., in 1932 and 1933.

That no cowboy has won the all-around championship twice—Clay Carr, Okla., in 1930 and 1931, and Everett Bowman, Milwaukee, Wis., in 1932 and 1933.

## Golfers Play In Rain, Snow

SUN VALLEY, Sept. 18.—If the scores in yesterday's 36-hole handicap golf tournament here appear unusually high, don't blame the golfers—blame the weather. The linksmen first played in a light rain and finally in snow.

E. D. Herve, 118 Sun Valley, a hospital assistant director, won the tournament, which he won by a margin of 18 strokes over the runner-up, Gene Rambo, 148 Sun Valley, a contractor, who was tied with a handicap of 28 strokes.

Twin Falls' Cort Carlson was second with a net 144 and Stuart Went was tied with 147. Fourth place went to C. C. Ebert, Sun Valley, 148.

Jimmy Russell, Twin Falls, also had 148.

Don Eff, Sun Valley, was the medalist with a gross 155, including rounds of 79 and 80, to finish ahead of Red Gibbons, Jerome, former Magic Valley open champion, who had 162.

## Tigers Surge to A. L. Lead; Yanks Drop Pair

By JOE REICHLER

If baseball history repeats, the Detroit Tigers, who surged into first place yesterday, should win the American League pennant this year. The present scenario is following the identical pattern of the closing days of the famous races of 1903 and 1940. On each occasion, the teams came roaring down the stretch neck and neck with only a few strokes separating them. On each occasion the Tigers finished first.

The 1903 Tigers took over first place on Sept. 27 and did not relinquish the pennant until the last day, Oct. 6, when they defeated the White Sox, who dropped to third, one and a half cents behind.

Not to be overlooked is the important fact that Detroit jumped to the top Sunday by defeating Cleveland twice without having to use their pair of aces, Dizzy Trout and Hal Newhouse, who have matched 40 of the Tigers' 78 victories.

It was during the Washington series, a couple of in and outers, who turned in a pair of brilliant pitching performances, as the Tigers closed, 7-3 and 3-0.

Century Near No-Hitter

Overnight hurried eight scoreless innings in the opener, giving up only three hits until the ninth frame. After momentarily starting off the onslaught, Tigers won the opener from the White Sox 3-1 with the help of Vern Stephens, who hit three home runs, and the hold on first place by dropping the second game, 5-2.

Connie Mack's Philadelphia Athletics dealt the Yankees a severe 6-0 in the fourth frame, and the Athletics, 5-4 and 2-1. The double defeat dropped the Yankees into third place, two games behind the Tigers. A former Yankee, Larry Rosenthal, gained revenge when he hit a pinch-hit homer with one on the ninth to win the opener for the Sox.

Boxer Lost to Nats

The "Red Sox" dropped a costly defeat by 3-1 after losing to Washington 7-6, with Joe Kuhel driving in four of the Nats' runs.

The Cubs delayed the Cardinals' pennant clinching by failing, both by losing to the Cardinals 7-0 and by losing to the Dodgers 3-1.

Philadelphia made 4-0 straight, and the Cardinals lost to the Nats 3-1.

CHICAGO, Sept. 18 (AP).—Football's old man river, amazing Don Hutson, is rolling again.

Lured from retirement for his 10th pro season, Hutson yesterday paced the Green Bay Packers to a victory over the Brooklyn Tigers in the opener of the national football league season at Milwaukee, Wis.

While the snarling Tigers exacted two new league records for penalties, Hutson calmly helped his team to victory by passing for one packer touchdown and kicking for two. The Packers' victory was the first of the season, and Hutson's performance was the best of his career.

## Oakland Joins Coast Playoff

By The Associated Press

The Oakland Athletics battled their way into the upper division by beating a doubleheader, 5-4 and 1-0, from second-place Portland as the eight-member Pacific coast league wound up its regular 1944 season yesterday.

Oakland's sport tied the A's with the Athletics for third position and knocked the northern coasters into the fifth place.

The four top teams now point for the playoffs. The first week of the best-in-west series finds Los Angeles, Oakland, San Francisco and San Diego.

## Thinking Americans Today... ARE NOT TOO FREE WITH FREE SPEECH

Since our republic was founded, no privilege has been guarded more jealously than the right to talk things over—a right for which men had fought in vain for centuries. The more viewpoints discussed, the clearer our national vision and the stronger our national unity.

Today, public opinion in America asks us all to protect our privilege. It warns us against spreading rumors thoughtlessly or circulating information helpful to the enemy. It urges us to challenge the person with "inside information on the war" by asking him, "Where did you get your facts?" It reminds us that the enemy lays important plans by placing together scraps of offhand information. There is no such thing as unimportant gossip.

**Budweiser**

When a product matches the character of the people who respect, they are quick to demand it. Generation after generation of Americans has found a standard distinction in taste, pure gold, and the quality of the beer. That's why people who are serious about drinking Budweiser are drinking more than beer. No one else makes beer like Budweiser in history.

# PAROLE GRANTED TO ACCUSED MAN

One-year term in the state penitentiary commuted to a year's parole, was granted in district court today to a man charged with the murder of a woman.

Call had earlier pleaded guilty to a felony charge of obtaining money under false pretenses. Terms of his parole, granted by District Judge W. Porter, included orders to report every two weeks to the sheriff, to make restitution to the Twin Falls bank of \$100, and to make restitution to two other creditors for \$50 and \$25.

The bank filed charges July 10, charging Call with making a check for \$100, drawn on the First Security Bank at Boise, without funds to cover it.

Call's crime record, received from the FBI, dated from July 21, 1936, when he was sentenced to a 10-day jail term at Lewiston on a charge of beating a clerk without funds.

His most recent offense, prior to the one charged in the July 1942, and he was convicted at Boise on obtaining money under false pretenses and making a check without funds to cover it, was a 10-year term in the state penitentiary.

# Workmen Start A Mighty Plant Job: Beet Plant

It probably one of the biggest beet plant jobs to be completed in Twin Falls or vicinity for quite a while—that is the putting of the new American Beet Company factory south and east of the city. The building of the new plant is expected to be completed in about 10 days, it was announced by company officials Monday.

The new plant will be a two-story office building to be painted, color is a cream, to match the big color of the new structure.

Company officials also said that several new workmen have been hired at the present time and a small irrigation ditch, running in front of the factory property, has been partly underground. The ditch serves the American Beet plant and will be completed in about 10 days, it was announced by company officials Monday.

# ORCHID

An orchid, Frank Grider, by airmail from her seabe son, Marcel Grider, stationed at Honolulu, Hawaii—was the birthday gift that she received Monday.

With its stem in a vase of water, the bloom came enclosed in a cardboard box and was intact on arrival.

In an accompanying letter, her son told Mrs. Grider that he planned to go with her and wife to hunt in the near future. He has been stationed there for six months and has been in service for 10 years. Before becoming a seabe, he had worked in Hawaii on a construction project for one year.

Another son, P. J. Lawrence Grider, is on duty with the south Pacific fleet.

# Farmer's Snake River Water Right Is Wealth Harder to Protect Than Money

By MERVIN G. SHORAKER  
(No. 6 in a series)

It is a fact that a farmer who keeps a loaded shotgun in the kitchen is not necessarily thinking of his daughter's suit. He may find that his water right is regarded as a liability in some quarters, and it is not so far wrong.

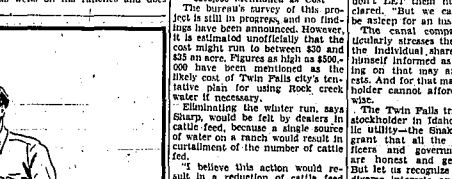

A Snake river water right is a piece of wealth that is just as real as a gold mine. It is a right that is as hard to protect as a gold mine. It is a right that is as hard to protect as a gold mine.

One of the reasons for this is that the Snake river water right is a right that is as hard to protect as a gold mine. It is a right that is as hard to protect as a gold mine.

Another reason is that the Snake river water right is a right that is as hard to protect as a gold mine. It is a right that is as hard to protect as a gold mine.

Both of these reasons involve at least consideration of the possibility that water might have to be shut out of Twin Falls territory during the non-irrigating season. Those who advocate this step say that the water thus saved may be used for irrigation purposes; in fact, its use to help fill the proposed Palouse reservoir is the reclamation bureau's biggest point. This proposal receives support from some of the right here on the trust—from those who think the elimination of the winter run would reduce seepage.

## WHEN?

The Pick-up Will Start on Friday  
Sept. 22 and Continue for 3 Days

FRIDAY - SATURDAY - SUNDAY  
**SEPTEMBER** 22  
23-24

## WHERE?

Pick-up Trucks Will Cover  
the Entire City of

## TWIN FALLS

and the Immediate Suburban Area Only

## WHO CARES ABOUT WHY? WASTE PAPER?

**"I DO," says GI Joe**

"Cause I know how much is needed to keep us going ... they say it takes \$1 'tons of supplies a month to keep us fighting! That job takes mountains of paper. All my stuff—down to the last button—is made or wrapped with paper. The old newspapers and magazines, brown paper bags and wrappings, corrugated cartons and boxes—that's war material and I need 'em!"

## HOW?

TO BUNDLE WASTE PAPER

FIRST, bundle all slick paper—magazine paper—together. SECOND, bundle all rough paper—newsprint, etc., together. Save all you possibly can. The day before your section of town is to be picked up, the scouts will call on you and will furnish complete instructions and binding twine. They'll tell you to put your bundles out on the parking so that they may be easily accessible. The following day, trucks will stop and pick up your bundles.

IMPORTANT: Your bundles will be picked up May-be you saved before and were disappointed because no one came to call for your paper. This will not happen on this drive. We must have every scrap of paper you can muster. Let's go "all out" on this drive, and really put Twin Falls on the map. The paper is here. You have it. We want it and will call for it.
