BITTER FIGHTING RAGES ON LEYTE; SHOWDOWN NEAR

By RAY GORDON
Associated Press Staff Editor

Bitterly fighting Japanese forces, disregarding the cost in lives, battled stubbornly today to hold the Limon sector on western Leyte island as other Nippon troops hastily prepared formidable mountain positions to the south for the impending showdown action with American army of liberation.

American dough boys, meeting tough resistance, further compressed their lines around Limon, Gen. Douglas MacArthur's Sunday communiqué said. A tank regiment south of the mountain town was strengthened and Japanese attempts to run in night were repulsed. Other American troops continued to battle Japanese positions in the Mt. Lobi sector of central Leyte.

General MacArthur said the Japanese have 500 planes on Leyte since invasion day. Associated Press dispatches from the front lines said desperate Japanese stand at Limon was a delaying action to permit consideration of positions in rugged terrain, centering on an escape road leading westward to Palawan, a port on Leyte's west coast.

Shedding daylight, this escape route leads and then wanders down the steep slopes of Limon, the Japanese road mileage between Cuyayan Bay on the north and Ormoc City on the south. "Should they be able to get to Ormoc, they would be in a position to break through to Manila," General MacArthur said in a broadcast to Nippon troops on Leyte, told them they "should fight the day after the Japanese surrender."

Radio Tokyo, without U.S. confirmation, claimed the sinking of two American submarines in Pacific waters.

The dark military situation in China, with the Japanese driving toward Yunnan, was also mentioned in the broadcast.

War on Cigarette Hoarders: No Empty Package, No Sales

If you want a package of cigarettes in Twin Falls from Monday on, you'd better have that old, empty package with you.

First city in the nation to take concerted action against cigarette hoarders, Twin Falls will inaugurate a "no empty package, no cigarettes" campaign Monday with cooperation of the Merchants' bureau of the Chamber of Commerce, the chamber league, the Junior Chamber of Commerce, the city administration and local businessmen.

The plan was announced Saturday evening by Ernest H. Oyer, Merchants' bureau chairman. It is modeled—just goes ahead of a more limited one being planned by St. Paul druggists—and also after the WPB regulation which formerly called for an empty tube before a new tube of toothpaste could be purchased.

The program was decided on swiftly Saturday as the OPA insisted it could take action in the cigarette crisis, and Washington officials claimed the chief factors were faulty distribution and consumer hoarding.

In Twin Falls it is designed to end hoarding of cigarettes—so that all can have a smoke. It will also stop the frequent practice of running from store to another purchasing cigarettes wherever possible, and in numbers far above consumption capacity.

Said Paul Kingston, chamber secretary: "It's a grand idea and with cooperation, everyone who smokes cigarettes should have all he needs."

Said Claude H. Detweiler, chamber president: "The idea is to stop and use all merchandise so stock is for the benefit of all."

Said Verle Koser, mayor: "It's just what is needed here. It will stop cigarette hoarding. There are enough cigarettes here for everybody if they are evenly distributed."

Said Mayor Bert Sweet: "City officials are for such a plan and urge cooperation of all concerned."

Said Mr. Oyer: "It is likely that the cigarette shortage in Twin Falls will be a thing of the past."

JOHN L. PETERS SUGGUMBS AT 69

John L. Peters, 69, once acclaimed "Onion King" of the west and a leader in the seed-growing industry in Idaho, died of double pneumonia at the Twin Falls general hospital at 12:25 p. m. yesterday after a week's illness.

Admitted to the hospital Thursday, the man who annually shipped between 100,000 and 300,000 pounds of seed from here had been in critical condition for two days prior to his death.

First at Amsterdam
The first settler in the town of Amsterdam, previously named Petersburg in his honor, he came to this county in 1912. After his return to Waupuna, Wis., his former home, in 1915 following the death of his first wife, he came back here and started a commercial onion business which has expanded to include two warehouses here and one in Kimberly. All machinery used in producing his products was designed by himself.

Born in Appleton in the Netherlands, Marcellus, he immigrated to Waupuna at the age of 16 and set himself up in business as an architect and builder-contractor. He married his second wife, Catherine Peters, in 1915 following the death of his first wife. He came back here and settled south of here. Later he married the wife who survives him, Mrs. Catherine Peters, Twin Falls, at Waupuna and returned with her to Twin Falls in 1924, when he moved to Kimberly.

Moved Here in 1927
In 1927 he moved to Twin Falls home on Addison avenue, where he went into the seed business. He was a large seed producer and shortly afterwards, though he was past his 60th year, he worked constantly to build the establishment to its present proportions, even to the extent of doing his own seed work on the warehouses.

Nationally known as a seed grower and onion marketer before the war, he has since gained international recognition by the fact that his seed is being sent to the war-torn nations of the world through lend-lease.

When his son, William J. Peters, Twin Falls, returned from the army recently they became partners in the production of onion seed.

Boosted Boy's Town
A life-long member of the Dutch Reformed church until he came to Idaho, he joined the Methodist church in Kimberly while he lived here. He held a membership in Boy's Town, the famous school for wayward youngsters, founded by Father Flanagan in Omaha, Neb. He was a member of the White Mountain club, which he contributed, he regarded it as his favorite.

Survived, other than those mentioned, include five brothers, Lambert, Peter, Waupuna; Harold, Peter, Fond du Lac, Wis.; Guy Peters, Kollister; Gerrit Peters, Twin Falls, and Peter, Twin Falls. He also had a sister, Mrs. Hettie Melander, Twin Falls; five children by his first wife, John's Peters, Shoshone Falls; Al Peters, Twin Falls; Jim Peters, Shoshone Falls; and Mrs. Ben Dellinger, San Francisco.

Surviving step-children are Jacob, Phil, Adrian, Tom, Springfield, Utah; Henry, Dick, Phil, and John, Twin Falls. He is also survived by 10 grandchildren.

Funeral services will be held at the body rests at the White mortuary.

COURT UPHOLDS LABOR CONTROL

BOISE, Nov. 15 (AP)—The Idaho legislature's 1943 labor union control act was held constitutional in a ruling by District Judge Charles E. Winstead today for the section prohibiting buying of farm products marketed by non-union operators.

The memorandum opinion which Judge Winstead said he would later sign as a formal decision will be delivered by District Attorney George Donnan, Boise, one of the state's attorneys, said he was not authorized to speak for the union but expected an appeal would be taken to the state supreme court.

Other features of the law were upheld by the district court, including a provision which required union to file with the secretary of state by Oct. 1 of each year a statement of income and expenditures and the amount of money in union treasury.

A section prohibiting labor union officials to enter farms, feedlots and other agricultural premises for collection of dues or to solicit membership and establish picket lines of such establishments were found unconstitutional.

The suit was brought by the AFL through August Thorpe, executive secretary of the state federation of labor, against Attorney General Bert H. Miller, secretary of State George Donnan, and the Idaho state prosecutor, and Donnan, Ada county sheriff.

Miller, saying he had previously issued an opinion holding the legislation unconstitutional, declined to defend the suit, and Judge Winstead in ruling said he had not criticized him for his action.

Blaine is on leave serving in the navy and his chief deputy, Fred Koelsch, filed the only brief for the state.

Curtis, who was joined in the suit, said he was joined in the suit.

Drive Will Help 'Stripped' Soviet

The Nazis pilfer and steal without any qualms of conscience, as though they were stripping not live people but gooseberry bushes.

This Hitler statement came from the pen of Jura Shrenberg, after this noted Soviet journalist had accompanied a Soviet military detachment driving out the German forces from a ravaged village after another.

Drive Underway
To help these Soviet allies, "who have been stripped like gooseberry bushes," Twin Falls schools and co-operating agencies are conducting a clothing drive for the Soviet people, who are suffering from the ravages of war.

Old women in recently liberated areas of Russia have complained bitterly that the Germans even stole the shrouds they had prepared, according to a distributor for the bureau, Russian children were just as brutally robbed.

All kinds of clothing is needed, but the garments must be clean, have the buttons attached, and have at least six months wearing quality left in them. Mrs. John E. Hayes, public relations chairman, pointed out.

Each school child has been asked to contribute four pounds of clothing to the Soviet people. Receiving booths have been set up at all of the school houses, within easy access to the various parts of the town. Individuals may contribute directly or send their contributions through the school children. Warm bedding also is needed.

Double-fold red, white and blue tags, on which donors may write names and their own addresses, are provided to be included with each item of clothing. On the outside is the message: "The friends of the Soviet Union from the people of the United States." All English writings appearing on the tag is duplicated in Russian.

The drive, which began Nov. 16, will close next Saturday, Nov. 26. Posters calling attention to the campaign were distributed in 20 downtown stores last week.

BOISE, Nov. 18 (AP)—For the second time this season, Ted Diehl's toe was a football star for the University of Idaho. Diehl kicked a 35-yard field goal to win the game for the USB Eleven.

Final Play of Grid Season Robs Solons of Tie With Glenns Ferry

GOODING, Nov. 18.—Coach Glenns Ferry's record of making a specialty of defeating class A Big Seven conference eleven remains intact today—thanks to the last play of their game with Coach Elmer Parke's improved Gooding Senators. It was that last play that gave them a 19-18 triumph over the Solons to add to their victories over Buhl and Filer, Gooding's sister conference members.

Idaho Falls Wins as Powers Awaits Return of Two Stars

What do you have to do to win a football game? That's what Coach Hank Powers probably is asking himself today after watching his Twin Falls Bruins go down to defeat, 12-6, before the Tigers of Idaho Falls. The Bruins lost after pushing the Tigers all over the field, just as they had done to Nampa and Caldwell in earlier Big Five conference games, only to come up with the short end of the score.

While Johnson, fullback, and Peterson, tackle, two of the Bruins' best defensive players, were under fire, the Bruins were unable to get a touchdown. The Bruins were unable to get a touchdown. The Bruins were unable to get a touchdown.

The government of Elva has a house of representatives called David Green, and a senate called David Green.
